NO. 13.

CORRESPONDENCE

Gleaned for our Readers From All Sections of the County.

ROCK CREEK.

The annual Town election has come and gone.

Edna Peterson, of Pine City, spent Sunday in this place.

John Doran expects to leave for the Pacific coast this week.

John R. Clements is spending the week with his parents at this place.

Rev. John Grimmatt delivered a lecture Monday evening on "The Use of Tobacco, and How to Stop the Use of It." And as a result several of our young men are seriously thinking of quitting the weed.

At the town election on Tuesday, the following officers were elected: Chairman, J. S. Foster; Supervisors, John Walton and A. J. Anderson;

Clerk, C. H. Enos; Assessor, I. L. Westcott; Justice of Peace, John H. Walton; Constable, Geo. Walton; for bonding the town \$5, and adding 46. Everything passed off nicely with the exception of a little while in the afternoon, when a little excitement was raised upon the reading of the reports, caused by a couple of dissenting spirits who seem to have an idea that a town election is not properly conducted unless they are present to raise a disturbance, still on the whole the election was just as well conducted as in any town in the state.

Considerable comment has been caused by the statements recently made from the pulpit and elsewhere, that this place is known as a "Tough hole" etc. Now we consider this as a wholly unwarranted attack on Rock Creek, and we should like to ask what is the reason the people of Rush City are constantly holding up this place as the Sodom of modern times. Are the people of Rush City or any other town, better than we are, and if so in what respect? We have stood this long enough, and it is about time to call a halt. The writer was in one of the neighboring towns not long ago, and he was repeatedly insulted by such remarks as "Hello Rock Creek! Rock Creek gets anything on tick." We will not say any more at this time and trust we will not be obliged to refer to this matter again, as it is a very painful subject to us who are trying to build up this place.

BROOK PARK.

Clarence Carpenter left Tuesday for his home in Dodge Centre.

Spring is here, and the voice of the turtle will soon be heard in the land.

Elmer Hill expects to start soon for Missouri, where he will make his future home.

Mr. Seicho started Thursday with his family for Roscoe. He expects to drive through.

Mr. Seymour has purchased a place on the Jarvis Bay road, and will move his family out at once.

Mr. Soure will again start the saw mill in the near future, he has a fine lot of logs in the yard and expects to get them out as soon as possible.

Rev. W. H. Davenport, of this place, is having wonderful success in evangelistic meetings at St. Thomas, North Dakota. Let the good work go on.

Some of our neighbors are rejoicing that they got their ice-houses filled just in time, while others will have to keep as cool as possible and wait until another winter for ice.

Our town election is over, some of our citizens had evidently put up a "slate," which was hotly contested. Nevertheless the major portion of it was carried and elected, while some have been defeated either in office or in seeing their man elected. It is thought that after this the smoke has cleared away all will join hands to make our township affairs run as smoothly as usual.

Joe Lord and Wilber Pierce had

an experience Tuesday evening that ended in some excitement and a little fire. They had gathered a gallon of pine pitch and put it, or a portion of it, on the stove to boil down, but instead it boiled over, and the entire mass caught on fire. In trying to extinguish the flames Wilber was badly burned about the hands. Dr. Kelsey was called and dressed the burn. The fire was put out with but little damage to the house.

HINKLEY HAPPENINGS.

R. A. Crawford on Thursday moved into the house which he recently purchased from Byron Mitchell.

Angus Gunn, of Sandstone, who has again been victorious in the local campaign in the city of rocks, was in town Wednesday evening.

Lumbermen are coming out of the woods and the forests heretofore will soon be depopulated again. Report says that we are to have a saw-mill of our own soon.

Henry Coffin, ex-alderman from the second ward, returned from a pleasure trip to St. Paul Wednesday morning. He came home to attend the grand ratification held that day.

In the township election the result was as follows: A. D. Leonard, chairman; A. C. Holm and Otto Will, supervisors; J. J. Palsom, clerk; O. C. Cox, treasurer; H. H. Scott, assessor.

Geo. H. Markham, the Brook Park real estate boomer, was a visitor in this ballwick last Wednesday morning. He was en route home from a business trip to the northern part of the state.

It's all over now, and the white-winged dove of peace (and pieces) again reigns in the classic precincts of Hinkley. With the passing of the recent election, a long drawn-out contest, which has dragged its weary length over a period of eight years or more, has been brought to a close, and John T. Craig and his forces have finally triumphed.

The election in the village was a hot affair from beginning to end, the principal parties to the contest being Messrs. Craig and W. H. Nowark, candidates for the office of village president. Craig struck a Star Pointer gait, and won by eleven lengths. Grissinger for councilman had no opposition. Collins and Hawley ran a tie for the treasurer-ship. Altogether the contest was without any bitter strife, and the people are again ready to take up the even tenor of their ways, and go on their way rejoicing. The vote stood:

President—J. T. Craig, 34; W. H. Nowark, 23.

Councilmen—Wm. Grissinger, 59; E. L. Stephan, 30; J. Stanchfield, 31; Geo. J. Morast, 28; Dennis Brennan, 26.

Recorder—S. W. Anderson, 34; Nels Parsons, 26.

Treasurer—M. S. Collins, 30; R. H. Hawley, 30.

Justices—J. M. Currie, 35; Nels Parsons, 35; H. W. Miller, 24.

Constable—Chas. Peterson, 35; D. W. Freeman 25.

WEST POKEGAMA.

Mr. John Peterson was a Pine City caller, Friday.

Mrs. Wm. Peters was in the County Seat, one day last week.

A caucus was held at Mr. Asmus' place, for the purpose of selecting candidates for town officers.

A letter is advertised in the Pine Piker for A. Rolland, in this settlement. It behooves every settler to take a home paper.

Mr. Wm. Peters and son Eddie took a trip down to Mapleton, visiting friends and relatives. They expect to be absent about a week.

Mr. Cummins, from Minneapolis, is here, looking for a suitable farm. He was accompanied by another gentleman. They are the guests of Mr. A. Hansen.

If then findest thyself ill, consider whether too much meat or drink occasioned it. Then take Rocky Mountain tea. For sale by J. Y. Breckenridge, druggist.

A HOWL FROM HUSTLETOWN.

Meadow Lawn a pig! does possess, But who it is you cannot guess. Some say: 'tis he who pursued the bear, But it's likely they're mistaken there. Should we attempt to prophesy, Should say 'twas he who, the matrimonial snare caught in,

Beats and horses are his rhymes. With Kilgore, Holler, Smith mixed 'tween the lines. Meadow Lawn's a favored spot, and poets there may dwell. But Hustletown has Hustlers that beat them all to—

There is Potato Kruze, whose name he'll not deny.

He's bound to live at Hustletown, not hog or die.

Mr. Kruse is an enterprising man. For thrashing beans he invented the latest plan.

There's Chas. Glanville by name—no he never dug there.

On the logs of Kilgore—but he's dug lots of earth.

He is a well-digger by trade, And many a well in his life he has made.

There is James Netser, a Hustler good and true.

To Hustletown he soon will bid adieu. But of all the Hustlers we ever knew, Frank Slicker is the dandy of the crew.

An escort to the battle he has been, But rivers to cross and the ice being thin, The ladies declare Mr. Slicker fell in.

There is Wilcox, who left us some time ago. He now heads the Donkey Lumber Co.

He out the logs both great and small, Yes, he takes them, tops and all.

Then there's our girls, so beautiful and fair; Meadow Lawn with them can never compare. Their beauty's local and here repeat. They are stumpy beauties, saying nothing of their feet.

Then here's a health to all Hustlers, who make the wild woods ring. Who had logs in the winter time, and blow them in in spring.

HUSTLING BEROUN.

Beroun, six miles north of Pine City, on the St. Paul and Duluth R. R. is the postoffice and village point for a country that is being rapidly developed and quickly settled. In 1887 6,000 acres were sold in this vicinity and there will be a big immigration this spring. A dozen families are expected this week and for the season it is confidently believed that the population will increase fifty per cent.

Two years ago Joseph Chalupsky came to Pine County on business and after looking it over and seeing the clover and timothy growing spontaneously, concluded to come here and go into the stock business. He bought 800 acres of land, 160 of which he platted and has sold fifty lots.

He also started a mercantile house, and in real estate business has 30,000 acres on his lists. He is a native of Bohemia—came to this country in 1870, and from New Prague here in 1896, as many more of the citizens of this belt of country did. Mr. Chalupsky is a prominent man in more ways than one as he is Supreme President of the Catholic Union, which has 13,000 members, and he is Supreme Treasurer of the Catholic Workmen.

E. Warlick also came here two years ago. He owns a farm with eighty acres of splendid meadow, two miles from town and he has a general store therein and ships wood and produce. He came here from St. Paul, where he was noted as a cabinet-maker and builder and is putting substantial buildings on his place.

Mr. and Mrs. Warlick have just adopted a bright lad of ten years from Chicago. Frank was an orphan, but says he has a father and mother now, and he "takes hold" with true Chicago vim.

Beroun has a railway station, two stores, a hotel, postoffice, blacksmith shop, public school and Roman Catholic church.

C. H. Furman, mine host, is also a real estate man and has just returned from Washington state.

John Schalk is the blacksmith and postmaster and he hardly knows a word of English.

Joseph Chalupsky has handled over 2,000 cords of wood up to date, and his lumber yard will be well patronized, this and following months.

The Beroun railway station is admirably conducted by Horace Wilcox, a member of a pioneer family of Pine County. He was brought to this region in 1869, and was born in Surinse, over in Chicago County.

For sixteen years he has been a disciple of Morse, and for fourteen, an agent at points on the St. Paul and Duluth.

Mr. Wilcox has had quite an official record as deputy county clerk,

and in clerical duty in the county treasurer's office; also as justice of the peace in Chisago county, and as postmaster at Kerriek, Pine county, his further proved ability. He owns forty acres four miles east of Beroun and a residence and lots in the village, and is one of the best known and highly esteemed agents on the line. The timber lands and meadow lands in this region are cheaper than they will be six months from now. More Anon. J. C.

TAKE CARE OF THE

DIME

And the dollar will take care of itself. We commend that proverb to you as a purchaser. It is the little foxes that spoil the grapes; the little leaks that sink the ship; the little extravagances that dribble away the earnings.

Save That Dime!

and you are on the highway to comfort. Don't desire the dollars and despise the dime. You can't have the dollar without the dime, any more than you can have the pound without the ounce, or the yard without the inch.

We Will Help You Save a Dime!

On every dollar you spend in trade. This is no empty boast. We think that we will give the goods that equal any others, and will sell them 50¢ dime on the dollar less than any other merchant.

HOW CAN YOU MAKE MONEY EASIER THAN THAT?

Are you too prejudiced to want to give us a trial, and see if we can save you money? We can do it. We want you to remember that every other dollar that you lay out at any other store is a clear loss to you!

STATE WITHIN A STATE.

A Slav Community in the Duchy of Silesia-Altenburg.

Although the Altenburgers now speak the German language, they cling to ancient racial customs.

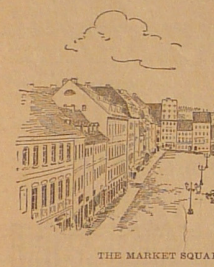

(Special Berlin Letter.)

Years ago I once stood in front of a bookstore on the Rue Madeleine, Paris and looked like a throng of people beside me, at the display of photographs in the show window. There were the "Royals" of the day, the celebrities of the hour, the successful politicians, the most enticing dances at the Folies Bergeres, the noted actors and actresses, all at so many francs each—their likenesses in canvas.

AN ALTENBURGER BEAUTY.

There were also views of scenery of the Alps and Apennines and in exotic countries. There were, besides, pictures of Turks, of Samoans, of Circassians in their native costumes, and among them all there was also a few which showed people of a different type than the rest, people who looked excited, to judge by their faces and their expressions, yet in clothes that had a queer air, to say the least. It

amused me to listen to the comments of these blase Parisians about these last-mentioned pictures. "They're funny" and some. "No, they're a wild tribe from the Caucasus," said another. "You're mistaken, monsieur, those are natives of Hilaria," said a third. And so the guessing went on. None of them guessed aright. None knew the truth. I said nothing, though I did know. For these pictures showed types perfectly familiar to me, since I had once been in the little country they hail from. The pictures are not those of Turks, nor of anything like them. They were, on the contrary, the faithful reproduction of the features and costumes of small people domiciled in the very heart of Germany—a duchy of about 400 English square miles, called Saxe-Altenburg, highly civilized at this present day, though it is inhabited by an alien race which has preserved many odd customs as well as their peculiar dress.

Curious Altenburg! Its population is purely Slav, as much Slav as it is that the dire oppression of centuries ago by the Poles and Hussites, yet 500 years of German domination has driven out the Slav tongue once universally spoken there. The soil of the little land is exceptionally fertile, so much so that all the dire oppression of centuries ago by the Poles and Hussites, yet 500 years of German domination has driven out the Slav tongue once universally spoken there. WOLF VON SCHEIBRAND. Mrs. Beson—George, what makes you so quiet when you're out in company? You are as dumb as a stone when you are with me. Mrs. Beson—My dear, I do talk when I am out alone. I was quiet this evening because I thought it would be just the thing for one family to monopolize the conversation—Washington Post.

Not Losing Time. "Did you win out on your walkin' job?" "No, I did not," replied Mr. Erastus Winkler's friend.

"No, indeed," was the answer. "Walkin' out to slow how me. I picked de cake up an' ran."—Washington Star.

How One United States Senator Makes Lots of Money.

Memories of Some of the Great Men of Long Ago—True Story of the Famous Dog Fight at Gilead.

(Special Washington Letter.)

There are many valuable acquaintances have much to do with success or failure. At the base of all life structures there must be the foundations of money and circumstances of a favorable nature frequently bring out qualities which might otherwise be not only latent, but dormant.

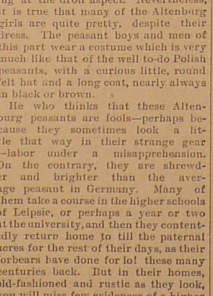

There is a man in this city who has become wealthy mainly because of his association with a distinguished member of the senate. He is a man of shrewd business ability, and being now well started in life, is fully equipped to manage his affairs with great success. When he first came to Washington from a little town in the interior of his state, he engaged in some real estate work with the senator at Gilead. He was careful and successful. It soon became apparent to the senator that the man could be trusted, and so for many years he handled the property of the senator in his own name, and has invested his own money with that on his single, so that he has both grown richer and richer year by year.

It is not generally known that the senator is a wealthy man, because the big transactions in real estate have been carried on in the name of the agent. But the senator is several times a millionaire, and the real estate work is worth more than half a million. Twelve or more years ago the agent bought a square mile of acreage property in the District of Columbia, subdivided it and sold lots long time to government clerks and others, and in the mean time the senator had been speculating. To-day there is a cable car line, and also two electric cars, through the property. On a half acre of it he originally had the real estate dealer has erected a chateau which is one of the notable pieces of architecture in the national capital. The senator and his friends are growing old together, and it is said that during the many years of their association, there has not been his single, so that he has both grown richer and richer year by year.

The Dog Fight in Gilead.

Ex-Congressman Dougherty, of Florida, was recently in the city and made an interesting reminiscence. He said: "When I was a member of the house of representatives our debates were sometimes so exciting as to be almost dangerous. When Pettibone, of Tennessee, wanted to fight with me I merely laughed at him and told him that these wrangles in the house of representatives reminded me of the great dog fight in Gilead. You must understand that Gilead is a great place for meetings in Florida, and about five years ago at one of the big meetings there was a dog fight, in which all other events date in that section since that time. The citizens there will tell you that this, that and the other thing occurred the year after, or the year before, the dog fight at Gilead. All the dogs go to church in that country, and so did my little 20-pound bulldog.

When I went to the big meeting, as I entered the hall where the dogs were lying around, and one big fellow collared my dog. A lot of fellows rushed up and began kicking those dogs to make them get on. They might as well have kicked against a stone wall. Before we could get them apart the 20 or 30 other dogs lying out about the floor had jumped on one hand in the fight, and for awhile there

was the liveliest dog fight that ever took place in this world of a century. I finally got my dog loose and took him away and tied him up to keep him from getting into another row. When I got back I found that all the men were fighting, too, so I rushed in to try to make peace, but before I knew what had happened I was knocked out three or four times. There was a relief then you ever saw in that church for awhile, and when it was over there were more banged-up men and several fainting scenes. I never saw any other dogs, in any direction than you ever saw. I tell you, the dog fight at Gilead was a tremendous affair, and I always think of it when the house gets to wrangle; only that makes me sorry to think they don't chaw each other's ears more than they do."

Memories of Famous Men.

"I have seen all of the statesmen of 'twopenny days," says Herman Shugart, of Michigan. "I have lived long in the land, and an hale and hearty to-day. I have it in temperate in all things. Narrow Escape.

Salvatore Daddario, the four-year-old son of an Italian laborer at St. Paul, had a narrow escape from drowning. According to the father's story, the child was pushed over the bank into the Mississippi River by Angelo Musci, a nine-year-old son of a neighbor. The child was saved from being carried beneath the ice by Sando Catini, another lad who rushed into the river and seized the child's clothing. The infant was taken home and resuscitated, but is severely ill.

Trees for Schools.

The state forestry association offers to send a small package of box elder seeds to any teacher or pupil of any public school in the state who will send 3 cents to pay postage. The Tree Planter, which gives full directions how to plant them, will be sent for an additional 3 cents. The object of the offer is to encourage the planting of trees. Address H. W. Barrett, executive secretary Minnesota State Forestry association, Brown Valley, Minn.

Officers Elected.

At the grand encampment of the state L. O. F. E. election of officers resulted in the elevation of the following: E. L. Hanson, grand chief; M. C. Kelsey, grand secretary; M. C. Kelsey, grand treasurer; M. C. Kelsey, grand high priest; S. W. Burgess, grand high priest; J. D. Two, Minnesota grand representative; S. E. Perrel, Minnesota grand representative; W. Ware, Winnebago City, grand treasurer.

For the Cubans.

A shipment of 15 tons of provisions left Minneapolis, with Cuba as the destination. This amount was made up by the commission men of Minneapolis. Some time ago the commission men passed resolutions expressing sympathy for the Cuban revolution and sent them to congress; now they have shown their feeling in a more substantial form. The car was made up of beans, peas and rice. Many along the rugged banks of the Hudson.

Necro Carriage.

The third of the big mortar-carriages which are being built for Uncle Sam by the American Holt and Derrick company of West St. Paul, has been shipped to Portland, Ore. The immense machine was loaded at the dock, and was taken upon a specially constructed flat car, while an additional car was used for the fittings, equipments, etc.

Death Exposed.

Carl Huhn, a medical student at the state university, died at his home in Minneapolis from blood poisoning. The incident which had such a terrible result occurred Feb. 23. Mr. Huhn and his classmates were holding a post mortem on the body of a man named Jarvis, who had died in the hospital. Mr. Huhn picked one of his fingers with an instrument that was being used.

Statement of Fees and Taxes.

Insurance Commissioner Deaht has filed with the secretary of state the statement of fees and taxes collected by his department during February. The fees amounted to \$6,347.20 and the taxes to \$50,011.02. The taxes represent the business office in Minnesota during the year by stock, fire and marine companies, and is at the rate of 3 per cent per annum.

News in Brief.

Some unknown brute took cowardly revenge upon James Madigan of St. Paul by driving two five-inch nails in the back of his left fore foot of each of his two horses.

State Superintendent Pendergast has announced the semi-annual apportionment of state funds for public school purposes at the rate of 80 cents per pupil.

Levin Johnson, a farmer near Red Lake Falls, attempted suicide by jumping into a well. He repeated and resorted to his head above water until rescued.

Willie Howard, a 13-year-old colored boy, broke through the ice on the Mississippi river at St. Paul. But for the heroism of one of his companions, Harry Clark, also colored, he would have drowned.

Fred Peterson, aged 17 years, living near Tyler, was killed by the accidental discharge of a revolver in the hands of his 15-year-old sister.

Martin Wenzel, living near Breckenridge, burned a straw stack. About noon his 6-year-old daughter was playing around the stack and her dress caught fire, burning her terribly about the lower limbs and waist. She lived for twelve hours, suffering terrible agony.

The Red Wing city council decided to submit a proposition to vote \$10,000 bonds for the creation of an armory and city hall combined.

The drainage of the Red river valley, the plan of which had its origin in construction, is to receive its first fulfillment in Polk county. The press room of the Duluth Evening Herald was damaged by fire to the extent of \$3,000. Dogs of Charles Dabehnstein, of Pleasant Valley, killed a woman that was not a valley, killed a woman that was one of the largest ever seen in that section. The fight between the cat and the mouse, lasting for nearly an hour. It is believed that the killing of the cat explains the sheep depredations in Pleasant Valley for several weeks past. The contract has been let for the scaffold on which John Hoshik is to be executed at Minneapolis. The contract was let to a contractor named Smith for \$88 and includes for the preparation of the timbers and lumber outside of the prison, everything to be made ready and set up at the proper time. February was four degrees warmer than the average February for thirty-three years. The mean temperature was about the same as the of last year, falling 19 degrees above zero. SEVEN PERSONS DROWNED.

The Scientist Speedwell Cruised in a Gale on the Florida Coast.

Key West, Fla., March 4.—The schooner or speedwell named the Florida, which was on a voyage to Key West, was struck by a gale Thursday while off Maricao, 15 miles from Key West. The vessel was wrecked. Among the victims were three children of Capt. Collier, and the entire Nichols family, consisting of father, mother, grand-mother and three children. The family of Nichols was from Bridgeport, Conn. The Nichols family is said to have been well to do. A small boat was kept for a month or two at a small hotel kept by Capt. Collier, at Marao, and they were on their way home.

FOUND DEAD IN BED.

Sudden Call Comes to the Mayor of Jacksonville, Ill.

Springfield, Ill., March 5.—Andrew Holly, mayor of Jacksonville, Ill., was found dead in bed at the Nichols hotel here at 4:30. He had been in bed for a week or more. He had been ill for some time. He was found by a neighbor who came to the hotel Sunday morning and in the evening left an early call to return home. When he could not be awakened, Clerk Barry of the Mayor's office called to the Nichols hotel, where he was found. He was found in bed, and in his night shirt, dead. It is supposed heart disease was the cause. His neighbors of the family were notified by wire and are here to accompany the remains home in the evening.

END OF INDIAN HEAD.

Famous Indian River Landscape

Wood Tip with Dynamic.

New York, March 5.—Indian Head, the principal promontory in the Hudson river palisades, was blown up yesterday. The cliff rose 200 feet from the water's edge. This was done to furnish crushed stone for roadways.

Indian Head got its name because observers fancied that it had the appearance of an aboriginal chief brooding over the departure of his race and the encroachments of civilization. The spot has always been famous as one of the most beautiful along the rugged banks of the Hudson.

ASPXYLATED.

Aged Couple Found Dead in Their Home in Menard, O.

Ashtabula, O., March 8.—At an early hour Monday morning Mrs. and Mrs. Austin Alexander, an aged couple residing at Menard, near here, were found dead in their home by a washwoman who called at the house. Receiving no response to her tapping she looked through the window and saw the dead bodies of the aged couple lying on the floor. Death having been caused by asphyxiation caused by escaping gas from a hard coal stove. Both had been dead several hours.

FATAL SHOTS FOR TWO.

Charles W. Wood Kills Irene Breider and Himself.

Ottawa, Ill., March 5.—Charles W. Wood, of Chicago, shot and killed Irene Breider and then fatally wounded himself here just after Friday midnight in the town of Mendon. The assault was made on a road near Mendon. The man died an hour later at the Lyburn hospital. Jealousy probably caused the tragedy. A letter found in the woman's apartment indicated that the couple had agreed to die.

Four Drowned at Cincinnati.

Cincinnati, March 4.—As the Boston steamed out from her wharf Thursday night for Louisville eight colored rowboats were blown from the river. Four were rescued and four were drowned. The dead are: Millard Danck, Louis Jackson, Louis Miller and William Van Dike, of Louisville. They leave families. The gang plank broke. Ten other rowboats were starting on to the plank when it broke.

Out in Two.

Burlington, Ia., March 7.—Lieut. Frank Kalkie, of the United States army, commandant at the Iowa Wesleyan university at Mt. Pleasant, attempted to board a train at here at 2:50 in the morning, missed his footing and was completely cut in two at the waist. He leaves a wife and two children at Mount Pleasant.

More Trouble for Spain.

London, March 8.—A dispatch to the Daily Mail from Hong Kong says that a fresh rebellion has broken out in the Philippines and that Spanish soldiers have been killed. No further details are known at Hong Kong.

THE LAND OF CHRIST.

Under this title, the Passenger department of the Chicago, Burlington & Northern Railroad has issued a splendid series of views made by the half-tone process from photographs taken in the Holy Land. The subjects embrace people, scenery and cities, as they exist today in that famous country. The work is published in sixteen parts, each containing from twelve to fifteen views. Each picture is fully explained by descriptive reading matter. A sample part will be sent to any address on receipt of ten cents in postage, and the complete set will be forwarded, postpaid, on receipt of 95 cents. Postage stamps will not be received for the full set, but remittance must be made to the undersigned by draft, postal or express money order, or registered letter. This is a rare chance to secure more than two hundred views of the Land of Christ for less than one dollar.

Mrs. J. H. H. H. H.,
Vincennes, Wis.

From the Winnesconne, (Wis.) Local. "Another cure by Dr. Fenner's Medicines. It was very much like my neighbor, Mrs. C. (a bad case of skin eruption heretofore reported as cured by Dr. Fenner's Blood and Liver Tonic), only the doctors called my disease Erysipelas for a number of years and it was afterwards pronounced by doctors to be Salt Rheum. At the age of 16 I was afflicted with it, and at the age of 29 I was told I could hardly walk. I found no relief until I commenced taking Dr. Fenner's Blood and Liver Tonic and Nerve Tonic, and in three months I was enjoying good health after suffering more than 22 years. A number of cures equally as wonderful by Dr. Fenner's Remedies will appear in this paper later."
