BASE BALL AT PRINCETON.

Pine City Does up the Princeton
Nine by a Score of 18 to 1.

According to arrangements, the
base ball boys left here on Thursday
morning for Princeton. Jerry
Conner and J. D. Wilcox, jr. fixed up
a wagon, and putting four horses
on it, started with fourteen base
ball cans at about 10 o'clock a.m.
for Princeton, where they arrived in
the evening at about 7 o'clock. On
their arrival they found Adam Biederman,
who had also gone by team, and James Hurley and Otto
Kowalski, who had gone over by train,
waiting them, and the boys then took in the town.

At five o'clock in the morning the
players hired from West Superior
arrived, and of course had to waken
up the whole of the house. The first
thing that your reporter heard was
Louis Kline asking where Will got
his way, as he wanted a bed. On
being shown where Will slept he was
provided with a bed with a couple of
the other boys.

In the morning the boys took in
the whole of the town, and at 11:30
repaired to the hotel, where dinner
was ready for the ball boys, so that
they would have time to change
their clothes and get over to the
grounds in time for the game, which
was to be called at 1:30. The boys
arrived on the grounds at about 1
o'clock, and at once proceeded to
warm up. After spending a quarter of
an hour on the diamond, the boys
gave way to the Princeton aggregation,
who proceeded to pound it in practice
for when the game commenced it was
impossible for them to see it. After
wrangling for about half an hour
about an umpire, Pine City wanting
two, one from Princeton, and one
from Pine City, but Princeton only
wanting one, and that one from
Princeton, which Pine City would
not have that way, at about two
o'clock the game was called. Princeton
giving in, and Mr. Jesmer, of
Princeton and Miss Hurley, of Pine
City acting as umpires.

Shephard the first man up for
Pine City, made a nice two-bagger,
O'Donnell got out on a fly to Harris,
W. Lambert then made a fine
single. Shephard going to third, E.
Lambert cracked out a two-bagger,
blazing in Shephard and W. Lambert,
Gerard got out on first, and Patterson
gave the pine-skin a swipe
that was good for two sacks, scoring
Rob Lambert. Louis Kline got out on
a high foul, which Swartz took in
good shape. This ended the first
inning.

Morgan, the first man up for
Princeton, made a scratch hit, and
made first base; Chasman fanned
the air, Swartz of West Superior
got out on a fly to E. Lambert. Claggett
made a scratch hit and made first
base, but he was the only man
who saw first base during the innin
Shephard going out on a fly to third
and O'Donnell getting out trying to
make first on a bunt.

Will Hurley, who was the first man
up for Pine City, got out on a fly
base of second base; Brooks made a
nice single, which was the only man
who saw first base during the innin
Shephard going out on a fly to third
and O'Donnell getting out trying to
make first on a bunt.

The next three men for Princeton
Burke, Crum and Malaney, fanned
the air.

W. Lambert, the first one to bat
for Pine City, made a nice high fly
to the left fielder, which was pulled
in by Malaney. R. Lambert got out
on a pop-up foul, and Gerard fanned
the air.

In the third inning, Morgan, of
Princeton, made a nice single, but was
put out by a pretty play from
Elliott to Lambert; the next two
men up fanned the air, and still
Princeton had a goose-neck.

Patterson began the fire works for
Pine City, in the first half of the

fourth by starting out with a two-
bagger; Kilne started out with another
sealing Patterson; Hurley
got next to the ball for a couple of
sucks, scoring Kilne. Brooks then
came up and made a pretty single,
Hurley going to third, the two coming
home on Shephard's triple, O'Donnell
singling bring in Shephard with
a nice single, who stole second
and made third on W. Lambert's out
from Harris to Claggett; Rob Lambert
got out on a fly to Chasman, and Gerard
on an easy one from Maloney to
Claggett, making five runs
for the inning.

Swartz, of Superior, went out on
an easy one from Shephard to Lambert;
Claggett sent a slow one to Patterson,
who threw him out at first easily, Maloney striking at the
air.

In the fifth for Pine City, Kline
made a two-bagger, Patterson going
out on a foul pop-up, as did Hurley,
and Brooks on a hot one to Chas-

man. Princeton opened with Harris at
the bat, who fanned the air, as did
Cram, Malaney going out from
Shephard to R. Lambert.

Shephard began the first half of
the sixth for Pine City, and got a
couple of sacks for a starter; O'Donnell
going out on a bunt which he
could not possibly beat out, and
Shephard going to third; W. Lambert
got out on a fly caught off of
third base, but R. Lambert hit for a
base, scoring Shephard and Gerard
for single, sending Lambert to second,
who came in on a two-bagger by
Patterson; Kilne then came to bat,
and getting one just where he
wanted it, sent a liner down to
Chasman, who had not time to get
out of the way, and held on to the
ball—it was one of the hottest balls
that Chasman ever caught, or in
fact anyone else, as it went so fast
that none of the spectators could see
it.

In this inning Princeton made the
only score they got, and it was done
in this way. Murray made a nice fly
which fell in O'Donnell's hands, but
he let it slip through, took third on
Morgan's out from Patterson to R.
Lambert. Chasman fanned and
Swartz's single scored Murray. Claggett
going out by beating the air
three times.

The 7th Hurley made a single and
got second on a hit of Brooks to the
short stop, who threw him out at
first, stole third, and scored on
Shephard's out from Crant to Claggett,
O'Donnell getting out on a fly to Harris.

In the seventh inning Malaney got
out on a high foul, and Harris
and Cram went out in one-two-three
order.

W. Lambert got a two-bagger in
the eighth, and got to third on R.
Lambert's out from Morgan to Claggett,
who had gone in to play short stop,
and Cram to center field. Gerard
got out on easy ones to third, and
Patterson fanned the air.

Malaney and Murray struck out
and Morgan went out on an easy
one from Patterson to R. Lambert.

In the ninth Kilne was the first
man to bat for Pine City, and got
out on a fly to Lambert. Chasman
then made a scratch hit, and scored
on a two-bagger by O'Donnell and Will
Harris, who got him out easily at
first. This ended the Princeton ag-
gregation's first inning.

Will Hurley, who was the first man
up for Pine City, got out on a fly
base of second base; Brooks made a
nice single, which was the only man
who saw first base during the innin
Shephard going out on a fly to third
and O'Donnell getting out trying to
make first on a bunt.

The next three men for Princeton
Burke, Crum and Malaney, fanned
the air.

W. Lambert, the first one to bat
for Pine City, made a nice high fly
to the left fielder, which was pulled
in by Malaney. R. Lambert got out
on a pop-up foul, and Gerard fanned
the air.

In the third inning, Morgan, of
Princeton, made a nice single, but was
put out by a pretty play from
Elliott to Lambert; the next two
men up fanned the air, and still
Princeton had a goose-neck.

Patterson began the fire works for
Pine City, in the first half of the

fourth by starting out with a dia-
blogger; Kilne started out with another
sealing Patterson; Hurley
got next to the ball for a couple of
sucks, scoring Kilne. Brooks then
came up and made a pretty single,
Hurley going to third, the two coming
home on Shephard's triple, O'Donnell
singling bring in Shephard with
a nice single, who stole second
and made third on W. Lambert's out
from Harris to Claggett; Rob Lambert
got out on a fly to Chasman, and Gerard
on an easy one from Maloney to
Claggett, making five runs
for the inning.

The feature of the game was the
all-around good playing of the Pine
City team, especially the battery
work of Patterson and Kilne, and
Rob Lambert's work at first and
with the stick, losing the ball far
over the right field fence.

The second game of the series was
to have been played in Pine City on
Wednesday, but on Monday morning
Ed Claggett, manager of the Prince-
ton team, sent word that they could
not come. The only reason he gave
was that the boys could not come
but as there were only two from
Princeton and the rest hired, they
might have hired two more, and
came if they wanted to play very
bad. But they were out-classed,
and knew it, and did not dare
to meet the Pine City aggregation
on their own ground, for fear of a
shut-out.

RUSH CITY VS. PINE CITY.

On Tuesday afternoon after being
disappointed in getting the Prince-
ton team, the base ball fans
made up their minds that they would
have a game any way, and accordingly
sent for the Rush City ball toppers,
who responded, arriving here at 1:30
Wednesday afternoon. The game
was called at three o'clock and for
about two hours those who were in
attendance witnessed one of the
finest games that has been played
here this season. When the two
teams took the field it looked like a
walk-away for the locals, but the
Rush Cityites showed that they knew
something of the National game, by
shutting the locals out for two innin-
ings, and keeping in the lead up to
the fifth inning. The following is
the score:

Rush City 3 1 0 0 1 0 0 1 0 6

Pine City 0 0 2 0 2 2 3 5 x 11

If Princeton wants to run up
against a hard proposition they want
to tackle the Rush City ball team,
and they will find "foemen worthy of
their steel."

Died—On Wednesday morning, Sept. 21, 1885, the infant child of Mr. and Mrs. Paul Pangorf, of cholera diathesis, aged thirteen months and two days. The funeral was held on Thursday morning at 10 o'clock from St. Mary's Catholic church.

The sympathy of the whole community is extended to the bereaved parents.

—A. Swanson is now nicely located in the south window of H. N. Welch's hardware store in the Hurley block, on Fourth street, three doors from the corner of Third avenue and is prepared to do all kinds of jeweler's repairing, and everything done by a first-class watch maker and jeweler. He also keeps in stock a fine line of watches, clocks, chains, rings and spectacles. When in need of anything in his line, be sure and give him a call.

Rev. Dr. Forbes lectured at Taylor Falls, one night this week. When he went to the church the doorkeeper, who did not know the Dr., held back and made him pay 25¢ to get in. The Dr. paid it cheerfully, of course, but he says it was the first time that he ever had to pay to hear himself speak. The lecture was probably a better one than usual and the Dr. got the worth of his money.—*White Bear Lake.*

WASHINGTON LETTER.

From Our Regular Correspondent.

WASHINGTON D. C., Sept. 19, 1898.

Now that the Peace commissioners are well on their way to Paris, President McKinley will complete the Commission to investigate the conduct of the war and will get it to work at the earliest possible moment. He thinks the Commission can do all of its work in Washington, calling such witnesses as were in positions which enabled them to possess useful information; and he told one of the Commissioners that every communication sent or received by the War Department would be made accessible to the Commission, and that the whole power of the government would be used to assist the Commissioners in getting at everything they desired to know. The only desire that President McKinley has in the matter is to show the people of the country just how the war was conducted, and to at the same time discover the things in our present system that should be changed in order to get the best results. He wishes nobody to be shielded and nobody to be persecuted.

The gentlemen who have consented to serve on the Commission, are so well known that no one would question their report when it is made.

The words of such men as those always carries conviction to the public. President Cannon, of Johns Hopkins University; Hon. Charles Denby, for more than thirteen years United States Minister to China; Col. James A. Sexton, the newly-elected Commander-in-Chief of the G. A. R.; Gen. Granville M. Dodge, who gained military fame in the Civil War; Dr. W. W. Keen, whose achievements have placed him in the front ranks of the medical profession, not only of the United States, but of the world; and Capt. Evan P. Howell, formerly editor of the Atlanta Constitution. The lack of legal authority to compel witnesses to testify, is not regarded as a serious drawback to the Commission. Few witnesses called are likely to decline to testify, when they know that the President wishes them to tell everything they know.

The sessions of the Peace Commission, to meet in Paris, Oct. 1, are to be held in the famous "Salles des Ambassadeurs," the French Government having rendered the use of

that department, in which have been enacted numerous international diplomatic dramas, where the meeting place of the Peace Commission was first anbombed. Just previous to the departure of the American Commissioners from Washington, Hon. Wm. R. Day, who heads the Commission, tendered his resignation as Secretary of State, which was accepted by the President, who then officially announced the appointment of Col. John Hay, recently Ambassador to Great Britain, to be Secretary of State. At the same time Hon. John Bassett Moore, who accompanies the Commissioners as adviser, tendered his resignation as First Assistant Secretary of State, and was accepted. Secretary Hay, who will be in Washington in a few days will choose Mr. Moore's successor. The instructions given our representatives on the Peace Commission will be a well-kept secret. Surprises have been plentiful, but there are no facts before the public. President McKinley says the policy of this government in the negotiations of the treaty of peace with Spain will be recognized as thoroughly American when it becomes known, and that it will be endorsed by our people as a whole. More than that he does not deem it prudent to say at this time.

The sensational mongers hardly give a chance to spread their imagination on the stories of such a serious situation at Manila that more American troops were needed, before this sensation was punctured by an official report from Gen. Otis, who is in command of our troops over there during the absence of Gen. Merritt, who is on his way to Paris to place the information in his possession before American Peace Commissioners, saying that no more troops were needed, and that the situation was satisfactory from an American point of view.

Maj. Gen. James H. Wilson, who commanded a corps in the Porto Rican campaign, and who is now at his Delaware home on furlough, said when asked for his views of the war: "I have nothing to complain of. I am very much like the grave digger who, when asked while digging a grave, who had died and what was wrong, replied: There ain't nothing wrong; everybody is satisfied."

Major General Smith, who commands a corps in the Porto Rican campaign, and who is now at his Delaware home on furlough, said when asked for his views of the war: "I have nothing to complain of. I am very much like the grave digger who, when asked while digging a grave, who had died and what was wrong, replied: There ain't nothing wrong; everybody is satisfied."

Postmaster General Smith, who

will deliver an address at the Omaha Exposition on Pennsylvania day, has accepted invitations to deliver political speeches at Topeka, and Wichita, Kansas on the 7th and 8th of October, and has under consideration, invitations to make other speeches in Nebraska and Ohio. He will accept as many of the invitations as he can.

There is already evidence that the democrats, in their anxiety to make political capital, have overdone the spreading of the War Department's stories so ridiculously false as to carry their own refutation. It will not be the first time that democratic campaign stories have turned out to be do-scamangs.

MATRIMONIAL GUESSES.

Speculations on the popularity of the Month of June Among Brides.

June, the month of roses, is also the great matrimonial month in New York. The board of health statistics for the past year show this for the number of marriages entered in June is larger than that of any other month. November passes it easily, but January, February, March, April, May and July enter the race, but June carries off the palm.

Therefore entitled to add orange blossoms to its beautiful robes of roses. The fewest marriages take place in August, says the Sun.

Nature is all-a-nimale in June. The summer girl is in her glory. Seaside and mountain wear new garbs of joy. Vacations begin. We do draw hats and hats this summer are more comfortable and feel freer, happier and more healthy than ever before. The gladness of the opening summer thrills us and it is only the proper caper that, under the circumstances, the love to which our young men's facies turned in spring should now blossom into matrimony.

The falling off of marriages in August is due to the fact that the summer months are spent away from home after the gay cut-down season, as the increased number of marriages in November is probably due to the fore-mentioned wisdom which prompts him to marry in time to save the Christmas gift she would have to make his wife

if she were still only his best girl.

ONLY ONE OF HIS KIND.

South Dakota Farmer Whose Husband Surprised a Railway Claim Agent.

A cow belonging to a farmer residing near Carthage, we regret we cannot call his name, says the Madison (S. D.) Leader, strayed on to the Northwestern railroad track and was run down and killed by a train. The farmer decided his cow had trespassed on the company's property, and had reward her just deserts, so he gave the section man a dollar to hurry her and said more about it. The master was reported to headquarters in the regular course of business and soon afterward an officer of the company called on the farmer.

"You had a cow killed on the track a few days ago, didn't you?" "Yes, sir," timidly replied the farmer, thinking he was up against a soulless corporation in a suit for trespass. "Well, how did it happen?" "I'm sure I don't know; the cow got out of the pasture and got onto the track and was killed; I went to the station and paid the section man a dollar to hurry her and the company isn't anything out." "How much was the cow worth?" "Oh, sir, was just a good fair cow, worth about \$25."

The agent departed and the farmer went on worrying about a trespass suit that he was sure would be brought against him. A few days later he received a telegram from headquarters, and upon opening it with a trembling hand he discovered not a summons, but a suit in trespass, but a check for \$25 for the loss of his cow and an annual pass over the road, the letter stating that he was the only man that had ever had a cow killed on the road that did not swear she was a registered thoroughbred worth \$150.

WHY THE EYES TIRED.

It is because the Muscle of Accommodation soon becomes weary.

People speak about their eyes being tired, meaning that the retina or seeing part of the eye is fatigued, but such is not the case, it is the eye muscle which gets tired, declares the Philadelphia Ledger. The fatigue is in the inner and outer muscles attached to the eyelid and the muscle of accommodation which surrounds the lens of the eye. When a near object is to be looked at this muscle relaxes and allows the lens to thicken, increasing its refractory power. The inner and outer muscles are used in covering the eye on objects to be looked at, the inner one being especially strong when a near object is looked at. It is in the three minutes mentioned that the fatigue is felt and relief is secured temporarily by closing the eyes or gazing at far-distant objects.

The usual indication of strain is a redness of the rim of the eyelid, the inner and outer surfaces being sore and raw. Sometimes this weariness indicates the need of glasses rightly adapted to the person

son and in other cases the strain may be to massage the eye and its surroundings as far as may be with the hand wet in cold water.

THE MURPHYS SLIGHTED.

But it was not because the little girl was Negligent of her duty.

A letter carrier was telling of a funny experience he had one day shortly after being recruited in the postal service, says the Louisville Commercial. "I was carrying a route in the suburbs when a little freckled girl stopped me and cried:

"Anything for the Murphys?" "No, there is not." "Anything for Jane Murphy?" "Nothing." "Anything for Ann Murphy?" "No." "Anything for Bob Murphy?" "No, not a bit." "Anything for Terry Murphy?" "No, nor for Pat Murphy, nor Dennis Murphy, nor for Mary Murphy—dead." "Any unknown, native, foreign, civilized or uncivilized savage or barbarian, male or female, who is not naturalized or otherwise?" I responded, becoming weary of the questions.

"The little girl looked at me in astonishment and said: 'Please to look and see if there is anything for Clarence Murphy.' "

WON FAME; LOST HEALTH.

The Great Artist Munkres' Breakdown Said to Have Been Caused by Overwork.

Munkres' great picture, "Ever Home," was a great success the cause of the incident which caused him to break down under the strain of the work. His wife lately told a friend that the great painter forgot everything else in his desire to finish the picture and to make it worthy of his name. He neglected the simplest and most imperative rules of health. He had no regular meals.

He had lived in the studio and rarely had a bath or fresh air. The mental strain was therefore, as its more immediate origin, a physical one, and his system had no power of resistance. The artist was deaf to all remonstrances, and he worked on under these conditions until he had finished the work. But one thing remained—to paint his signature at the foot of it. He had just finished the signature when he fell prostrate, and from that moment he has never recovered the use of his facilities.
