Each Person buying fifty cents worth of merchandise, is entitled to one ticket on the watch, and Each Person buying twenty five cents worth of merchandise is entitled to a ticket on the Doll.

Buy your Christmas Goods at the Pine City Bazaar and Receive a Valuable Christmas Present.

PINE CITY BAZAAR.

WASHINGTON LETTER.

From Our Regular Correspondent.

WASHINGTON, D. C., Dec. 6 '99.—

A graphic illustration of the extent and power of the protest against the seating of Roberts, the chief Roberts because of his polygamous affiliations, was given on the streets of Washington Saturday, when a truck laden with monster petitions to Congress against the seating of Roberts, was driven about the principal thoroughfares. The petitions were arranged in rolls of states, and were said to contain more than 3,000,000 names. Roberts is not to be recognized as a Member of Congress, and the roll of the House by a prominent New York daily a day or two ago, disclosed that there were only two members willing to declare that he should be seated. One of these is from Georgia and the other from Michigan. Services to protest against the seating of Roberts were held in several of the city churches on Sunday, the most notable gathering being at the First Congregational church, where speakers of national prominence took part in the exercises. The programme of the Republican managers is in the hands of Representative Taylor of Ohio, and provides for the immediate questioning of Roberts' right to take the oath when he presents himself. Speaker Henderson will recognize Mr. Taylor for this purpose, and the next step will be the presentation of a resolution providing for the appointment of a special committee to inquire into Roberts' status, the report of which when presented to the House will be approved by the members, it being clear now that more than the two thirds vote necessary for the expulsion of Roberts can be secured easily, it is necessary to resort to this extreme, but it is probable that the report of the special committee will be sufficient to end the House of the self-confessed polygamist.

Following closely upon the suggestion that there is a wide and growing field for American corn in the District of China, of which Amoy is the center, there comes from Consul Hughes at Coburg, Germany a letter to the State Department, in which he declares that there is an excellent opportunity for American beef packers to dispose of their product in that city. He suggests that the Chicago dealers establish in the cities of Germany as they have already in the cities of the United States, agencies, and make use of themselves as leaders for surrounding villages, and he states that this enterprise would be profitable from this source. The consuls with the American orders, the Consul says, is that they all desire to send their goods to a condition that can be met in Germany, where, although the merchants are honest, they do want to see the article they are buying and desire three months credit, all of which seems to be Consul Hughes to be reasonable. He points out that the power is not in their hands live exclusively on potatoes, black bread and beer. This country takes their dolls and china and they want our beef, and if the conditions pointed out by the Consul are met, there seems to be no reason why there cannot be a reciprocity of trade that would be mutually advantageous.

There are some special features of the annual report of Secretary of War, Root, which will commend themselves to the entire country, however varied may be the individual views relative to the policy of the Administration toward our insular possessions. The most important of the recommendations of the Secretary are those, which urge the appropriating by Congress of sufficient money to establish a Pacific cable, running from San Francisco to Hawaii, Wake Island and Guam to Manila, the erection of a monument to Gen. Grant at Washington, and the construction of a memorial bridge between Washington and Arlington spanning the

Potomac in a manner that shall appropriately connect the Capital city and the burial place of the Nation's dead. It is pointed out that the bridge should be of such architectural beauty and strength as to make it a fitting associate for the Washington monument, the Capitol and the Congressional Library, and be a perpetual ornament to the city. It is also suggested that Congress might well set aside a sum sufficient to construct a broad avenue connecting Arlington with Mount Vernon, thus providing easy and attractive access to the home of the Father of his country. Relative to the status of the inhabitants of Cuba, Porto Rico and the Philippines, Secretary Root places special stress upon the fact that the Treaty of Paris gave to Congress alone the right to determine the civil rights and political status of the inhabitants, and he holds that this treaty, deprives the islanders of the privileges accorded the citizens of the states and territories. But he points out that these rights are implied in the protectorate now being maintained by the United States, and that these privileges will be ultimately accorded, the extent and the nearness of which being entirely conditional upon the capacity for self-government which the inhabitants of the several islands demonstrate. The report leans toward both an educational and a property qualification as pre-requisites for voting. Of Cuba particularly, the Secretary speaks at length and declares that the purpose of the United States is not to continue the present form of government any longer than is necessary to assure the establishment of a stable government by the inhabitants of the island, whom Secretary Root seems to think may be confidently trusted with self-government in due time.

List of Letters.

Remaining unclaimed for in the post office at Pine City, Minn., for month ending Oct. 31st, 1899.

Letters of—
 Hancock, Mary
 Gentlemen.
 Aron, Archie. P. O. Office, Peter, Ess.

Persons calling for the above will please say "advertised" and give the date of this list.

MINNESOTA NEWS.

The Program.

The program for the annual meeting of the State Agricultural Society to be held in the state capital on Jan. 31, has been arranged by a committee to be as follows: Governor Lind will make an address of welcome, and he will be followed by Prof. W. M. Hays, state veterinarian, on the subject of "Breeding of the Grains."

O. M. Lord, of Minnesota City, Thos. Lewis, of Louisville, Wis., Dr. Reynolds, state veterinarian, W. E. Wood of Mankato, Professor Thomas Shaw, of the state school of agriculture, Professor John A. Craig, of the Iowa school of agriculture, W. A. Henry, director of the Wisconsin school of agriculture, and others, have been invited to address the meeting, and it is reasonably certain that they will all respond.

The program for a Monday evening will be under the auspices of the Minnesota Stock Breeders' Association, and the session to be held Wednesday will be under the direction of the Minnesota state fair.

On Thursday will be held the business meeting of the state fair association at which officers for the ensuing year will be chosen.

A Murder. James McCabe was deliberately murdered in Tom Sullivan's saloon at East Grand Street by Dick Dorsey, a saloon porter employed in the saloon. McCabe was drinking at the bar and his coat and vest were hanging on a rack. McCabe was struck at the back of the head and a glass which McCabe threw at him. Dorsey then went outside and after about five minutes returned with a cordwood stick and ran the whole length of the room striking McCabe a terrific blow on the head. The man sank to the floor and died instantly. Dorsey slipped on his coat and escaped before the dozen or more men in the room realized what had happened. He was later caught on the Dakota side while trying to board a Northern Pacific train. Dorsey is a young married man and has a young son, Fred, since childhood. He has been well known as a baseball player. McCabe was a stranger.

How We Grow. Minnesota will be found to have a population of 1,810,000. The state superintendent of State Superintendent Lewis is willing to guarantee that the figure will not fall 10,000 below that.

In 1899 there were 252,000 school children in the state and the population by the state census was 1,271,000. The school population is 265,000, and the total population on the same ratio is 1,376,000. The annual increase of population is 100,000, equivalent to an increase of 4,000 approximately in the number of inhabitants. If the present rate of population next year should be retained at 1,500,000.

According to the present apportionment Minnesota will gain two congressmen by that figure, but it is quite certain that the body will be raised at the time a congress is already rather overabundant.

It is learned on excellent authority that St. Paul and Grand Rapids are not the only cities to be dropped by the American date Western League next season according to a dispatch from Minneapolis. The plan now is to drop Minneapolis also and take in Louisville, which will make Milwaukee the grand old city and circuit to consist of Milwaukee, Chicago, Cleveland, Detroit, Indianapolis, Buffalo, Kansas City and Louisville. There is a hint about Minneapolis as the manager is why about letting Southpaw out, but this will be mooted over the league through by giving the Minneapolis manager an interesting job in the Louisville club. St. Paul's fate was settled, that is as far as baseball is concerned, when Combsy closed a season in Chicago for a lease of grounds on the South Side. The lease was signed and Combsy is now working on plans for his new park.

Incendiarism. A disastrous fire occurred in St. Peter. The Lampert Lumber Company's yard, which carries a stock valued at \$250,000, was totally destroyed, also the residence of Mrs. M. M. Stark. It was valued at \$40,000. The St. Peter furniture factory was saved by the work of the fire department.

The fire was started by a firebug, as the sheds and lumber were saturated with oil. This led to the third attack at setting fire within a month. The firebug was missing from the engine room when the alarm was turned in. It is supposed they were taken by the fire bug to delay setting water on the fire. The entire city was on a fire.

News to Write. The northern part of Minnesota is to have a new railroad. A line from Winona has been contracted to the international boundary and grading to Warrenton. The Northern railroad, died at Battle Creek, Mich.

In one day 20,000 bushels of wheat were shipped from Duluth. The continued mild weather is greatly retarding the work of the loggers. By the time one third of the winter's cut should be on their way to the mill, but at present nothing has been accomplished.

The Diamond Knitting Works, at St. Paul, burned, causing a loss of \$150,000. A calligrapher from London says that he met the profits of the Pillsbury-Walbridge Flour Mills Co. for the past year were about \$2,000,000.

Local Tidbits. Minneapolis, had his first fractured leg by a kick of a horse. Holiday mail for the soldiers in the Philippines is being received at the Minnesota postoffice, and is being sent, each of the boys will have at least a half of a letter.

Chicago. Cooper & Co.'s wholesale grocery store, at Third and Hennepin streets, St. Paul, was damaged by fire. The damage on stock and building probably reaching \$100,000.

Paul Wagner and Joseph Doyle were found guilty in the grand jury at Kenyon for selling liquor without a license. John Pennington and his partner were found guilty of selling liquor without a license. The state health department has sent its certificate regarding receipts for the month of October for \$100,000. The check was drawn for \$100,000. The receipts were \$100,000 short.

AGRICULTURAL REPORT.

Secretary Wilson Tells of the Work Done in His Department the Past Year.

Washington, Nov. 26.—The annual report of Secretary Wilson summarizes an important amount of valuable work done by the agricultural department during the past year. The report is published in the form of a book, and is the most comprehensive and successful extension of the weather bureau service since the Canadian and British reports were arranged in the western part of the year and northward. The report is a large work, and is especially well qualified to talk upon this important subject.

The experiment station work of the department has been extended to Alaska and the Hawaiian Islands, and the Philippines, so that they may be enabled to supply the United States with the tropical products of which our people are becoming more and more dependent. Experiments are being carried on in the construction of irrigation canals, the building of irrigation canals, and the laying of steel track wagon roads.

The third year of experimentation with soil banks shows that from 75 to 80 per cent of the loss of soil can be saved.

The secretary strongly recommends a more rigid inspection of our export dairy products, to counteract the injury that has resulted from the sale of adulterated milk in the past.

Regarding the distributing, the secretary says that there is no need for the department to come into competition with the sale of seedlings, but that the country, for valuable work in the collection of seeds, should be encouraged to do so.

Our growing experiments in South Carolina are successful, and have resulted in 1.500 pounds of seed (one acre) in the fall, and a valuable quality of seed has been introduced from Japan. It is superior to the domestic product, and should be introduced from Japan. It is superior to the domestic product, and should be introduced from Japan.

SOUTH AFRICAN WAR.

Situation in the Light of the Latest News from the Battlefields in the Transvaal.

London, Dec. 2.—Absence of war news causes uneasiness here. A Berlin dispatch says that Lord Roberts is unable to cross the Modder river and that his retreat is out of the question. Commandant De la Rey, who is operating near Kaffers Kop.

London, Dec. 4.—The corrected list of Modder river casualties, unconfirmed officers and men, shows 73 British and 170 Boer killed. The Boer loss is 100, and the British loss is 100.

London, Dec. 4.—From last report a little seems to have been heard from the Boers and British at Spytfontein and the Boers are still in the hands of the British. The Boers are still in the hands of the British.

London, Dec. 4.—Further details of the battle of Modder river tell of fearful fighting and slaughter of human beings. Reliable reports from Gen. Buller's army lead to the belief that Krieger has been entered. Gen. Buller has retired from Kaffers Kop and his blow up the Colenso bridge.

OTIS REVIEWS THE WAR.

Commander of the American Forces Reports on Operations in the Philippines.

Washington, Dec. 4.—The report of Gen. Otis on operations in the Philippines, which has been made public by the war department, is a volume of 273 pages, with an appendix of minor reports. The report is a chronological recapitulation of events in the islands since Gen. Otis took command. One of the most interesting features is the immense amount of detail involved in Gen. Otis' command. Gen. Otis throws some light on the operations of the war, and the matter of public policy. He says the step was taken to avoid the fighting and bloodshed that was continually leveling out the islands. He says that the natives have had a chance to see the difference between American and native methods of government, and his opinion is that they will gladly submit to the former as soon as they can be protected from the latter.

THE MARKETS.

Table with market prices for various commodities like LIVE STOCK, GRAIN, and OILS.

NEW YORK, Dec. 2. LIVE STOCK—Hogs, 4 1/2 to 5 1/2. Cattle, 3 1/2 to 4 1/2. Sheep, 2 1/2 to 3 1/2.

CHICAGO, Dec. 2. LIVE STOCK—Hogs, 4 1/2 to 5 1/2. Cattle, 3 1/2 to 4 1/2. Sheep, 2 1/2 to 3 1/2.

GRAIN—Wheat, 1 1/2 to 2 1/2. Corn, 1 1/2 to 2 1/2. Oats, 1 1/2 to 2 1/2.

OILS—Cottonseed, 1 1/2 to 2 1/2. Lard, 1 1/2 to 2 1/2.

MARKETS—Cotton, 1 1/2 to 2 1/2. Sugar, 1 1/2 to 2 1/2.

MARKETS—Cotton, 1 1/2 to 2 1/2. Sugar, 1 1/2 to 2 1/2.

MARKETS—Cotton, 1 1/2 to 2 1/2. Sugar, 1 1/2 to 2 1/2.

ONIONS IN HIGH FAVOR.

Nearly Twenty Car Loads of the Ontario Vegetable Are Used in Chicago Each Day.

Onions by the car load, in sacks, crates and farm wagons arrive in Chicago each day. From 15 to 20 car loads of the vegetable are used daily. While the Ontario or more residents of this city do not eat 20 car loads of onions each 24 hours, that amount is required for domestic and manufacturing purposes.

If the stage heroine wants to get up a good, lasting flow of tears for an evening performance she cannot do better than to pay a visit to one of the storehouses in South Water street filled to the very roof with onions. Told a funny story to a companion while you are carrying him along the top of the warehouse and he will appear to laugh till he cries. At least, large tears are sure to roll down his cheeks. He can't help it unless he has been in the onion business.

E. P. Jackson, known as the "onion king" of South Water street, can tell such stories and explain the virtues of onions in such a plausible manner that the most die-hard protester against the vegetable will agree with him that the onion is the ideal vegetable.

This year, according to Mr. Jackson, the onion crop has yielded nearly double over the last few years. The onion crop has yielded nearly double over the last few years.

- Mrs. Pennington has kindly extended an invitation to the womens Reading Club, their husbands and sweethearts, to meet with her next Wednesday evening. The club will hold an open session. Mr. Wilson will give a talk on Scotland.
- E. A. Hough loaded his household goods Wednesday, and will depart the first of the week for Perkins Iowa, where they will join Mr. and Mrs. A. J. Armstrong. The many friends of Mr. and Mrs. Hough regret their departure from here but wish them joy and happiness in their new home.
- Perhaps! If you look at the line we know you will buy "Stolen Sweets" is one of the daintiest of delicacies. Reside at Breckenridge Pharmacy.

A GRAND SUCCESS.

Miss Eleanor Miller gave an entertainment in the Court House hall on Friday evening last, which was by far the best of its kind ever given in Pine City. Her attitudes, gestures and expression were the very acme of perfection. Her rendition of "Patsy" was particularly pathetic, while the faultless imitation of the "revellie" and its echoes roused the fires and feelings of a nationalism in the breasts of many who long years ago were often called to action by its thrill. It is an excellent anything it was in her rendition of "Macbeth" which was superb. In all her efforts there was that ease of self possession which stamps her a master in the art of education.
Her audience was the best that Pine City could get together for any occasion and while all were led to expect much, none were disappointed.
The following local talent also assisted; Miss Kate Barnum, opened with an organ voluntary which was rendered with excellent effect and was well received. Miss Hattie Pennington sang a vocal selection with splendid effect and showed great ability as a singer. Mr. Simonson also sang with his usual vigor. The Mandolin club gave a few selections which added greatly to the pleasure of the evening. Altogether it was a grand success and reflects great credit upon all who took part, while the promoters have certainly earned the thanks of the community and it is to be hoped that the number of entertainments setting forth the same moral tone will be often produced in our city. The Epworth League under whose auspices the entertainment was given desire to thank all who helped to make it such a great success either by labor or by presence. They also wish to thank the County Commissioners for their kindness in lending the Court House Hall for the entertainment.
E. F. DAVIS POST, NO. 137, G. A. R., Holds it's Annual Election.
A G. A. R. man takes to a pot of beans even as a duck to hot water. To get them all together in one place and of one mind Comrades Stone and Greig prepared a banquet consisting of various side lines supporting a pot of beans. They were baked in regular old down East style and were "reeking red" when they came from the oven, and were fit food for the Gods, to be eaten in Heaven.
Comrade Netser smelled them from the far away confines of his agricultural seclusion at North Branch and was on hand with his unimpaired appetite to do justice to the occasion. In fact Jim did rather more than justice, and had it not been for a giant constitution and very elastic waist bands, he might have suffered serious disaster.
The dinner horn blew at high twelve and there were present a goodly number of the old boys, who, after satisfying the inner man to full and complete satiety proceeded to business with the following result:
Robert Craig, P. C. J. P. Davis, S. V. G. Stephen Tallum, J. V. C. J. D. Wilcox, Q. M. John R. Crawford, O. G. Thos B. Inman, O. D. H. S. Austin, Chaplain, J. F. Stone, Adj. J. E. Netser was elected delegate to the State Encampment, and Thos. B. Inman alternate.
The boys will meet again Jan. 4th, 1910, and if nothing in providence prevents there will be another banquet on beans and a few more stories fished up for the occasion. The Post is in a healthy condition, and with such able auxiliary encouragement as they get from the Ladies of the G. A. R., are quite likely to get into their new mill the coming year. A cordial invitation is extended to the old boys to be present Jan. 4th, 1910, at 12 o'clock, sharp, and if the ladies of the G. A. R. have any spare cream for the coffee and any spare time to devote to social later-change of thought, they are also invited to a seat at our New Year's bean board to partake of a soldier's welcome. If not, here stays where there will be enough for both ladies and gentlemen, but if Jim comes as he has promised to do, then the surplus is uncertain. However we will cook an extra quantity and invite the ladies, any way, and perhaps some of them will be kind enough to bring a pitcher of cream to sweeten the coffee with.
Comrade Greig will do the honors ably assisted by the fine audience.

A FORCED SALE
A clear case of must!
Beginning Monday, December 4th, 5th, 6th, 7th, 8th and 9th, 1909.
We are stuck, and we have
The moral courage to admit it.
Too Much Merchandise And Too Little Winter.
We all too wisely anticipated the wholesale advance in Merchandise, encouraged by our continued success and confidence, yes, sanguine of the future, we laid in a storeful of cold-weather wearables, and the cold weather didn't come.
We have waited long enough—we have waited and hoped for Jack Frost's arrival until it is dangerous to wait any longer; but now, like liberal and broad-minded merchants should do, we are going to take our medicine, and in no half hearted way.
The Price-Pruning Knife Has Done Its Work Well,
So that now you can buy your Dry Goods, Winter Clothing, your Winter Furnishing Goods, Ladies' Misses and Children's Jackets, Hats, Capes and Shoes, at prices that less enterprising Merchants will ask for them three months from now (when you don't need any more.)
You Want These Goods Now--We Want Your Cash Now--
And remember, when we have reduced this stock to healthier quantities—This Mid-Season Unloading Sale may cease as suddenly as it started. Bear that in mind and profit by it.
B. H. HARRIS,
In McKeon's New Brick Block.
Rush City, Minn.

New Store!
New Goods!
F. J. RYBAK'S
Elegant New Store is now open and
ready for business. He carries
a full line of

**General
Merchandise,
Boots, Shoes, Etc.**
Also Farm Produce, Flour
and Feed, Lime and
Plastering Hair.
Thinking the public for their lib-
eral patronage in the past, and so-
liciting a continuance of the same, I
remain, The People's Friend,
F. J. RYBAK
Pine City, Minn.

**Dr. Fenner's Blood and Liver Rem-
edy and Nerve Tonic.**
This famous remedy, by a famous physician,
has the virtue of being obtained from
one of America's most eminent medical au-
thorities, and has been long and success-
fully used and prescribed, in cases of debility, nerve
rheumatism, indigestion, etc. For "building up"
the system it is impossible to find a
more reliable and guaranteed to give
satisfaction, by its use.

kinds of light and heavy
draying on short no-
tice, and at prices
that are reason-
able.

GEORGE SHERWOOD,
Pine City, Minnesota.

Chronic Diarrhoea Cured.
This is to certify that I have had
chronic diarrhoea ever since the war.
I got so weak I could hardly walk or
do anything. One bottle of Cham-
berlain's Colic, Cholera and Diarrhoea
remedy cured me sound and well.
J. R. GINS, Pine City, Va.
I had chronic diarrhoea for twelve
years. Three bottles of Chamberlain's
Colic, Cholera and Diarrhoea
remedy cured me. S. L. SHAYER,
Pine City, Va.
Both Mr. Gibbs and Mr. Shayer
are prominent farmers and reside
near Pine City, Virginia. They pre-
pared the remedy from Mr. W. E.
Casper, a druggist of that place,
who is well acquainted with them
and will vouch for the truth of their
statements. For sale by J. Y.
Brookings & Co., Druggists.
