GARDENERS TAKE WARNING. LAND AGENT DISAPPOINTS.

A Crop of Cabbage Maggots Promised for This Year.

Entomologist Washburn of the state experiment station was called to Edina Mills yesterday, at the request of several market gardeners, who are much alarmed at finding in the soil near the roots of last year's cabbage plants, which were left standing in the field, very many pupae of the cabbage maggot fly. These pupae have passed the winter in this stage, and will, if nothing is done to prevent, give rise to hosts of flies when the new crop is planted. The pupa is the resting stage of the fly, and comes after the maggot stage. They were particularly numerous near or upon the underground part of the stalks in fields that have not been tilled and plowed last fall, where the old leaves, still hanging on the stalks, may have helped in a measure to protect the pupae from the rigors of the winter.

If all market gardeners in this locality would co-operate in plowing and deep plowing in the fall, plowing a second time in the spring just before planting, they would, by turning under many pupae so deeply that the flies could not emerge, lessen the number on hand to attack new cabbage plants. It would seem, in view of the common prevalence of the fly, that it is a bad plan to leave old stalks, with their leaves, standing through the winter. It was noted yesterday that in fields that had been plowed deeply last fall that there are but few of the pupae of the cabbage fly, and it is suggested by the entomologist that fields which are not so treated in the fall, should be plowed and deeply plowed as soon as possible this spring. The following suggestions also meet the approval of practical growers:

Force early varieties in hot beds, and have them attain a good size at as early a date as possible, then plant in rich soil. The theory is that they will get ahead of the flies, or outgrow the insects, or be too vigorous to be badly injured. It seems to be a question among a few of the gardeners as to whether it pays to raise any at all, which brings the best prices. The general favorite of the early varieties appears to be the Early Jersey Wakefield, or its close ally, the Washington. The flat varieties were all badly affected last summer with the fly. Of the later cabbages the Holland apparently does the best, and perhaps on account of its thick, strong stalk, is not much troubled with the fly. Very few pupae were found upon the Holland on yesterday's trip. Some gardeners are abandoning the raising of cabbowers, since it is particularly attractive to the fly. Other ways to raise it, for even if a considerable number are lost, the remainder can be sold at a sufficiently high price to make it profitable.

It should be borne in mind that the cabbage maggot fly, being so common, what like a small horse fly, can travel on the wing considerable distances, and cooperation among neighboring gardeners in any effort against the fly is imperative. If one grower takes the precautions suggested above, and his neighbor does not, the work of the first goes for naught.

When setting out young plants, fleshy ground tobacco placed on the soil about the stem, but not necessarily in direct contact with it, repels the application once or twice, would prove most successful; or burn some and send some early to Wisconsin to a gift of sand; or ashes of wood ashes are said they should not be applied too profusely, or so, or like other used in the same way on the ground tobacco. These should be applied immediately upon setting out, and the eggs are laid, to be of any use. Each gardener must decide for himself, which, if any of the above, is most available in his own individual case. The above remedies are a treatise, and observations are all given in the March Annual Report of the entomologist.

MARRIED FIFTY YEARS AGO. A VERY QUIET ELECTION.

Mr. and Mrs. E. L. Seavey Enjoy the Distinction of a Golden Wedding Celebration. Both Principals Hale and Hearty.

Not often is it man's good fortune to enjoy the companionship of the lady of his choice for a term of fifty years, but that is the case of Mr. E. L. Seavey of this village who was wedded to Rebecca A. Munson at Crawford, Maine, April the 4th, 1855 Tuesday, the 4th day of this month, therefore, the golden wedding of Mr. and Mrs. Seavey was celebrated at their home in this village. Four children and two grand children were present to join in the festivities of the occasion and to greet and congratulate the happy couple on their longevous double blessedness.

After their marriage in 1855 Mr. Mrs. Seavey moved to Osceola, Wis., and after residing there for a number of years they went to Taylors Falls and from there they moved to this place in 1890. Mr. Seavey followed sea-monging in the capacity of pilot and captain for many years on the Mississippi, St. Croix, Red and Snake rivers. Both Mr. and Mrs. Seavey are active and enjoying the best of health. Their children are, S. D. Seavey, Superior, Gustav Seavey, Deer River, Mrs. A. T. Knight, Taylors Falls; Mrs. C. E. Williams, Mora, and Mrs. C. W. Schumacher, Pembino, S. Dak. All of the foregoing were present with the exception of Mrs. Schumacher. They presented Mr. Seavey with an elegant gold headed cane, and Mrs. Seavey was tendered two beautiful gold pins and a gold perfume bottle.

The annual village election held last Tuesday was a very quiet affair, so very quiet, in fact, that one not informed would be inclined to believe that an election in Pine City was more on the order of a Quaker meeting than a real live municipal contest. And that is very good; for we are a peace loving people and not apt to quarrel when diplomacy can be employed.

Four sets of tickets were in the field, three of which were headed by the mayor, E. E. Smith, and the fourth set contained the name of Ed. Madden as its head.

Only 137 votes were cast of which Smith received 85 and Madden 72 making the rather close majority of 13 for Smith. For councilors—Math. Prochaska received 132; Aug. Carlson, 128; John Atkinson, 141; Aug. Larson, 140; J. J. Madden, 135. Frank Poferi was re-elected village recorder by a vote of 132 over Otto Becker whose name was placed on a ticket unbeknown to him.

The treasurership "re-went" to Geo. Klek, the old reliable, who has handled the coin of the village for many years to the entire satisfaction of everybody concerned. Otto Kowalks was elected to find out the valuation of the people's property and to assess them accordingly. Both the above named gentlemen were elected by the entire cast of 137 ballots. R. A. Hunt was elected justice of the peace for a term of two years and Alf. Rice was re-elected to the position of street commissioner, both of whom received 154 votes.

We open the Soda Season at our 20th Century Soda Fountain on Saturday, APRIL 8th, 1905

Tell your friends and bring your children. We will try and give you all a good drink FREE on that day.

Would like to have ALL our friends from the country, far and near, come in, look over our store and get a drink from the fountain of health on our opening day.

Children in the village please come in the forenoon. Ladies in the city especially invited in the evening. Come one and all and bring your friends. Be our guests. Remember the time and place.

BRECKENRIDGE'S PHARMACY, PINE CITY, MINN.

Flour, Feed, Seeds.

We carry a full line of these, and we positively guarantee our GOLDEN LINK FLOUR to be first-class, and will please the hard to please, and we can at all times fill your orders for Feed and Seeds. Our motto on seeds is—The best is the cheapest.

COAL! COAL! COAL! COAL! We carry a stock of hard and soft Coal, and are prepared to fill all orders for same.

We want your LIVE STOCK and PRODUCE of all Kinds.

LUMBER.

If you want to buy Lumber, Lath, Shingles, or anything in the building line, let us figure with you. Our Stock is complete and our prices attractive.

P. W. McALLEN, PINE CITY.

The Better the Flour the More it Produces

It is practical economy to pay twenty cents more for a sack of Pine City Flour for it will make forty cents worth of bread more than a lower grade. Quality and Quantity produced should be considered, and not price. No other flour on the market will produce more loaves to the bag than Pine City Flour, yet it costs no more than the other grades producing a lesser amount.

Try It!

Let this be a warning to all who wish to buy land, never to rely on agents but to see for themselves what they are getting before they make the least move. Mr. Ruzicka is an agent who looks only for himself and not for the welfare of the community.

The land in that country is entirely different from what he wrote it to be. However it is not all the same throughout the whole of Alberta. In some places the land is pretty good. In the Wetasikwa and Milet the land is very good, the soil is heavy and yields good crops.

I returned to Wetasikwa and will rent a farm and in the meantime will locate a good homestead. With best regards, I am,

Yours respectfully,
Arvo Ruzicky.

Miss Lillian Parkine went to Minneapolis, Wednesday, for a short visit.

Read the Pioneer and get all the News.

Whereas it has pleased Almighty God to remove from this world of suffering and sorrow to the Great unknown land, Lizzie, the beloved daughter of our brother and sister Sparing; Therefore be it Resolved, by Pine City Lodge, No. 126 D. O. U. W., that to her beloved parents we tender our heart felt sympathy in this dark hour of their sorrow. Be it further Resolved, that these resolutions be spread upon the records of this Lodge and published in the local newspapers and the A. O. U. W. Guide, and that a copy thereof be furnished the family of the deceased.

MARGARET L. O'BRIEN,
ELIZABETH DOWRY,
LAURA STRAIN,
Committee.

Dr. VanDusen was called to Pine City, Wednesday evening on account of the illness of the 43,000 couch horse owned by the Pine City Stock Co.

Pine Co. Pioneer.

W. F. GOTTLIEB, Publisher.
PINE CITY, MINN.

It is said that there are no fewer than 11,000 rooms in the various hotels in Rome, and many of them never receive a single guest.

Sweden and Norway are the only countries where practically every grown man can read and write. Bavaria comes next in this respect.

The Dominion board of immigration estimates that 148,000 immigrants will come to Canada from Great Britain, the continent and the United States during 1915 with a view to locating in the west.

An average of 35 prisoners annually are flogged at the whipping post in Delaware. In England, 25 out of some 11,000 criminals who felt the law's severity, only nine were sentenced to be whipped.

It is stated that Mr. Church and Charles Cleveland, of Chester, N. S., have discovered the long lost and much sought for process of winning copper. A sample of the hardened copper has been received which seems to be as hard as steel, a pen-knife failing to make any impression on it.

Skunk farms are revolutionizing the fur market. Thirty years ago to call a man a skunk meant that he was as bad as foul a creature as was known on earth. But Mister Skunk is now a diligent article of commerce, and the women are wearing him on their lovely necks. He is convertible into all kinds of precious furs.

The will of Catherine McGowan, of fessed for probate in the orphan's court, Baltimore, provides that Messrs. Patrick O'Mara, George Hibbits, John Hibbits, Thomas Hibbits, Peter Thurn and George McGowan shall be asked to serve as her executors, and that they be paid \$3 apiece for so acting. The will leaves several sums to religious and charitable purposes.

There are no Negro millionaires in New York, nor probably in any other city, but there are many Negroes there who are worth upward of \$100,000. The five richest men of the African race are James C. Thomas, William H. Smith, James Brown, Dr. J. P. Morgan and L. S. Williams. All these men are above the \$100,000 mark. There are in this city a large number of Negro women of independent means.

Whitley and Noble counties, Indiana, have produced at least 50,000 bushels of onions, which at the present price per bushel at the railroad, and they are at present selling at 65 cents; the acreage in 1915 will be double the 1914 acreage. It takes 500 bushels in an ordinary year per acre and 800 bushels good yield. There is much land in this state that is specially adapted to raising onions.

That law does not make a county seat in Dakota was demonstrated when the Watrous county courthouse was stolen—records, building and all—to be sequestered in the town of Selby, where it still remains under guard. In the case of Watrous county the Watrous county do not know whether to transact their business at Bangor, the legal seat of government, or at Selby, where the records and buildings are.

The system practiced for obtaining rubies in the mining districts in Burma is of the most primitive description, says the Search Light. The mining shafts are simply holes about two feet square, sunk into the earth up to fifty or sixty feet. The shoring up of the walls of the shaft is most crude, the sides being supported by posts at the corners. The branches of small trees secured carefully against the sides by means of stout sticks.

Col. William Cornell Greene, well known as a successful miningologist and president of the Green Consolidated Copper Co., is of distinguished colonial and revolutionary ancestry. He was born in Westchester county, N. Y., in 1851, and at the age of 18 entered business in New York City. Three years later he went to the far west, and for many years engaged in mining and cattle raising. He located valuable copper mines and amassed wealth. He is the largest landowner in the State, owning 1,700,000 acres, with 100,000 cattle.

Distention makes first as a wheat crop, having exported one-third of the total amount of wheat exported in the United States by water or rail, second to cottonseed products, third in total bread stuffs, and fourth in live stock. The total value of her exports to foreign countries last year amounted to \$14,977,848, a gain over last year of \$4,876,890. The total number of vessels entering and clearing the port for 1914 was 1,497, representing tonnage of 14,625,000 tons, as against 1,249 vessels with a tonnage of 2,549,905 for 1913.

Capt. F. Shattuck, of the United States coast and survey, who just returned to Norfolk, Va., from coasting the South Pacific exploring, brought with him a company of thirty men, and a vessel and party exploring of his kind ever seen in this country. It is a genuine dead turtle, or tortoise, from one of the Galapagos group of islands, which lie in the South Pacific. The tortoise was presented to Capt. Shattuck by the governor of one of the islands. It weighed over two tons across the back, which about 75 pounds, and it probably 300 years old.

MINE EXPLOSION COSTS MANY LIVES

DISASTER DUE TO ACCUMULATED GAS OCCURS IN COAL SHAFT AT ZEIGLER, ILL.

Fifteen Bodies Have Been Recovered and It Is Believed the Death List Will Number Thirty-Four—Eight Are Injured.

Zeigler, Ill., April 4.—Two explosions one following almost instantly upon the other, so that they appeared to have been simultaneous, killed 34 men and injured eight in Joseph Leiter's mine here Monday morning. The first explosion was in the air shaft, followed by the greater upheaval in the main shaft. Fifteen bodies have been recovered.

Four manholes of the shaft shift, ten on each of four cages, had gone to the bottom. They were there when the explosion took place. Superintendent Huri declared the dead numbered 34 and may be the total. The majority of the dead are Greeks and Lithuanians who went by names. Besides the 34 dead, three taken out have fatal injuries and may be the total. The death list will number thirty-four—eight are injured.

In the effort to recover the entombed men five rescuers were overcome by afterdamp. All the rescuers were let down by hand. In two instances the men above were unable to get up. The explosion was heard 12 miles away and crowds rushed to the mine mouth by the flames, smoke, and scintillating gases arising from the mine. Women and children, relatives of the entombed men, crowded about the mine, crying and begging their loved ones, but not until night were the rescuers able to secure any of the bodies.

Accumulated Gas Cause. The belief is that the gas which accumulated over Sunday, owing to it being by W. D. Ryan, secretary of the United Mine Workers of America, to the fact that the miners did not have but 200 feet of air in the shaft, and that the mine was full of it.

A cage was resting at the mouth of the shaft to allow a force of mechanics to enter the mine. J. L. Wood, of Cleveland, O., was in charge of the cage when the explosion occurred. He was killed outright. The flames, leaping out of the shaft, burned several others who were in the cage. An overcoat worn by one of these workmen was torn from his back and carried to the top of the shaft, 100 feet away. A six foot cage was blown 500 feet from the bottom of the shaft to the tipple. A miraculous escape from death was experienced by a workman on the air shaft. The concussion of the explosion sent him into the air, and he fell outside the shaft, 75 yards away. Besides a few slight bruises he was not injured.

Death by Asphyxiation. All the bodies found, except two, show no marks of injury, indicating death by asphyxiation. All but four of these found worked in the shaft by numbers. Rescuers who accompanied by an undertaker, arrived in Zeigler. These represent only part of the known dead. The bodies of the dead are so numerous that they cannot be at once identified.

The various unions of Duquoin and adjoining cities offered their assistance in rescuing the bodies. One union, but received a reply that, in view of the feeling between Joseph Leiter and the unions, it would not be accepted.

Both the main and air shafts are badly wrecked. All bodies are being brought out by way of the air shaft. It is impossible to get up to what extent the mine is wrecked below. Employees at Zeigler say that the larger fan, upon which the circulation of air mainly depends, was not broken in operation since Friday, and this permitted the accumulation of gas.

BLOWN TO PIECES.

Three Men Meet a Horrible Fate Through Explosion in a Dynamite Factory.

Bay City, Mich., April 4.—A small tank used for the storage of nitroglycerine exploded in the dynamite manufacturing plant of H. H. Thomas & Co. north of this city, Monday. Three men, Moses Island, an Indian, 40 years old; George Godfrey, of Kawawago, 34, and George Dillbeck, aged 31, of Auburn, were in a building that covers the tank. They were blown to pieces. The cause of the explosion is a mystery. The monetary loss does not exceed \$150.

Death Ends the Prosecution.

Lockhart, Ark., April 4.—S. M. Nixon, prominent politician and lawyer, died Monday morning of apoplexy, induced by nervous strain. His trial for the charge of murdering H. W. Malone and Capt. J. L. Vandy at Lockhart in a street fight a year ago was set for Monday. On the docket were two writs for \$50,000 each. He left the widow of the dead man, growing out of the killing.

Corleto Goes to Prison.

New York, N. Y., April 4.—Frank Corleto, the former convict who shot Oliver Wood, Methodist church, who killed Oliver with Miss Julia Brown, was sentenced to the State Prison for a term of four years for abandoning his wife and abandoning her.

GIVEN A HIGH HONOR.

Theodore P. Shontz Is Chosen to Head the New Panama Canal Commission.

Washington, April 3.—Theodore P. Shontz, of Chicago, president of the Toledo, St. Louis & Western railroad, will accept the chairmanship of the new isthmian canal commission. After a long conference at the war department Saturday with Judge Charles R. Magoon and Col. Clarence Edwards, both of whom will be his colleagues on the new commission, in company with the latter he called upon the president at the white house and discussed the appointment. It is understood that the president will fix his salary at a large figure to compensate him, as far as possible, for the financial sacrifice he probably is making in leaving his position. Mr. Shontz was born in Crawford county, Pennsylvania, and has been in the railroad business since 1881. He has been successively general superintendent, general manager and president of the Toledo, St. Louis & Western railroad.

Washington, April 4.—The personnel of the new isthmian canal commission is as follows: Theodore P. Shontz, chairman; Charles E. Magoon, governor of canal zone; John F. Wallace, chief engineer; Rear Admiral M. T. Endicott, U. S. N.; Brig. Gen. Peter C. Hains, U. S. A.; retired, Col. Oswald M. Ernst, corps engineer; U. S. A.; Benjamin H. Harrod, chief engineer; and the chief engineer, the additional compensation of \$17,500, to the governor of the zone the additional compensation of \$10,000. The head of each department is allowed the use of a furnished house upon the isthmus, and his traveling expenses, when traveling on the business of the commission, the total of \$10,000. The salaries and allowances under the former commission amounted to \$120,000.

ELECTION IN MICHIGAN.

Republican Candidates on the State Ticket Victorious by About 75,000 Majority.

Detroit, Mich., April 4.—Judge Joseph B. Moore, of Lapeer, the republican candidate, was on Monday re-elected to the state supreme court by a majority of about 75,000. The republican candidates for regents of the state university, Arthur Hill, of Saginaw, and Dr. W. H. Sawyer, of Hillsdale, and the republican candidate for member of the state board of education, W. J. McKone, of Calhoun, were also elected by the same majority.

In the Twenty-eighth judicial circuit, Judge C. G. Gendron, of Cadillac, who was beaten for the nomination in the republican nomination convention, was elected on an independent ticket. Gustave H. Bennett, was elected mayor of Greater Bay City. The first chief executive of the consolidated cities of Bay City and West Bay City. In Flint, D. D. Aikin, republican, and at Sault Ste. Marie, J. P. Quinlan, republican, defeated the present democratic mayors. One of the surprises in the west was the defeat of Judge Howard Wiest for reelection as chief justice of that state. Judge Wiest presided at the trials of the members of the state military board who were implicated in the military operations of the late of the Spanish war. He was beaten by Judge Quincy A. Smith, who defended Eli R. Sutton, one of the members of the military board.

BANK IS CLOSED.

Defalcation by Employees of Nearly \$100,000 Causes Trouble to Lorain, O., Institution.

Lorain, O., April 1.—As the result of an aggregate defalcation of almost \$100,000 by three employees, the Citizens' savings bank, the oldest concern in the city, closed its doors. The defalcation was reached by the directors after a long session Thursday night. At the usual time for opening the doors of the bank Friday morning there were no depositors on hand ready to draw their money should the opportunity present itself. The crowd was made up for the most part of foreigners. Posted upon the door a notice which read: "This bank closed for business. The affairs of the bank have been placed in the hands of T. F. Fancher as assignee."

President Honecker of the bank stated Friday that the defalcating employees had possessed to turn everything of value they were allowed to the bank. Mr. Honecker declared he believed that the defalcating employees would receive every cent of their money. From authoritative sources it is learned that the exact sum of the defalcation is \$97,000. To offset this the three defalcating employees carried indemnity bonds in favor of the bank aggregating \$40,000. In addition they have turned over real estate and other property to the bank to the value of \$12,000, leaving the net loss to the institution \$45,000.

Betrayed His Trust.

Boston, April 1.—Charged with the larceny of \$5,000 from the estate of which he has been trustee for over 20 years, Charles M. Reed, a lawyer, 60 years old, was arrested Friday and held at the city prison in default of \$10,000 bail.

Simplex Tunnel Opened.

Rome, April 3.—The Simplex tunnel, the longest in the world, was inaugurated Monday morning, when from the Swiss to the Italian side the train passed through, meeting at the center.

Died Suddenly.

Bloomington, Ill., April 1.—Dr. H. C. Newberry, 74 years president of the Ill. state normal school, died suddenly Friday. He was 77 years old.

FIGHTING.

MORE BLOODSHED IN CITY OF WARSAW

POLICE BREAK UP A SOCIALIST DEMONSTRATION AND FIRE INTO CROWD.

As Result of Fusillade Four Men Are Killed and Forty Wounded—Bomb Thrown in Street at Lodz Tears Off Feet of Official.

Warsaw, April 3.—A serious conflict occurred at 7:30 o'clock Sunday in Lodz street, where a Jewish socialist society, known as the Bund had organized a demonstration. The police which came to disperse the gathering fired into the crowd, killing four persons and wounding 40 others. The trouble began when, under the pretext of holding a memorial meeting for a late Jewish socialist leader, a crowd of over 1,000, mostly Jews, carrying red flags, marched into Lodz street and was met by a mixed police and military patrol of 20 men. The police declare the socialists fired revolvers at them, the leaders inciting the mob to attack the patrol, which fired several volleys into the crowd. Four men were killed and 40 wounded. The crowd removed all but nine of the wounded, two of the streets, wounding several others to the hospital. It is expected that two or more of the wounded will die. The dead and wounded were all Jews. The police made many arrests. Other dignitaries are reported to have occurred. The streets had been patrolled throughout the day, the authorities having anticipated trouble.

Unpleasant in Warsaw. Conditions here are causing much uneasiness and nervousness. Hand-printed proclamations have been found in the streets, warning of a general strike, walking near government buildings and other places, as bombs would be thrown in these quarters. Several parents have been severely wounded in the defense of the school strike have been warned by letter to withdraw their children, as the school buildings would be blown.

Injured by Bomb.

Lodz, Russian Poland, April 3.—Police Commissioner Szabolovitz, of the Second district, was injured by a bomb which was thrown at him in the street.

The police commissioner had been summoned by telephone to the police office of the chief of police and started on foot, followed by a policeman. The former followed at the corner of Konstantynow and Zolotna streets a poorly clad man carrying a basket. As Szabolovitz approached the man suddenly hurled a bomb, which exploded with terrific force, wounding the commissioner's feet and severely wounding his hand. The crowd was made up for the most part of foreigners. Posted upon the door a notice which read: "This bank closed for business. The affairs of the bank have been placed in the hands of T. F. Fancher as assignee."

Lodz, April 4.—The would-be assassin of Police Commissioner Szabolovitz, of the second district (who was seriously injured Saturday afternoon by a bomb which was thrown at him in the street), is dead. He never regained consciousness after being cut down by the policeman who arrested him.

New Trial Refused.

Cambridge, Mass., April 4.—The court for a new trial for Charles L. Tucker, convicted of the murder of Mabel Parris, refused to grant a new trial. Judge J. Sherman and Henry N. Shattuck, who presided at the trial, Mabel Parris was stabbed to death in her home in Weston March 21, 1914. Tucker was arrested and a jury in the Middlesex superior criminal court returned a verdict of murder in the first degree.

Death of a Jurist.

Tulsa, Okla., April 3.—Judge Charles B. Garney died at his home at Tulsa, Okla., following over many months. An ulcerous growth on his cheek bone and complications resulting therefrom caused his death. Garney was one of the three judges of the Twelfth judicial circuit, and one of the best known lawyers in northern Illinois.

Former Supervisor Sentenced.

Milwaukee, April 3.—The supervisor Jacob Garney was Saturday sentenced to a year in the house of correction. He was convicted of accepting a bribe in connection with the electric lighting contract.

TAKES FIRST STEP TO CLOSE THE WAR

PRESIDENT TAKES VACATION

Will Be Absent from Washington for Several Weeks—To Hunt Game in Colorado.

Washington, April 3.—President Roosevelt left Washington this morning on a long trip to the west and southwest. He will be absent from the capital for nearly two months. One of the chief objects of the trip, which the president long has had in mind, is the reunion of his Rough Rider regiment of Spanish-American war, which is to take place at San Antonio, Tex., next Friday, and which an elaborate programme of exercises has been arranged. There will be a number of brief stops en route to San Antonio, where the president will make addresses. Leaving San Antonio, there will be a brief stop and address at Fort Worth, which will terminate the public part of the trip, following which the president is to go hunting in the Panhandle of Texas and later in Colorado. All arrangements have been made whereby the president will keep in touch with public affairs both during his railroad ride and while hunting, so that he will be enabled to pass on all matters requiring his attention. The president is looking forward with keen pleasure to his long vacation.

AN IOWA TRAGEDY.

Farmer Suspected of Murder and Feared to Kill His Two Daughters and Himself.

Des Moines, Ia., April 3.—Michael Nelson, a farmer living near Poplar, Iowa, was arrested Saturday morning, aged 10 and 12, and then committed suicide. The murder was discovered when county officers summoned by the neighbors broke open the door of the house. The two girls were found in bed, each with a bullet hole through the head. They had been murdered apparently as they slept. On the floor lay the body of Nelson, his rifle at his feet. Nelson has been suspected by the authorities of the murder of Francis Richardson, a wealthy banker, who disappeared seven years ago and whose body has never been recovered. An effort was being made to learn where the body could be found, but the insurance company of a spiritualist, and it is believed that Nelson, fearful that the blame might be laid at his door, killed his daughters and himself rather than face the charge.

Fire Kills 1,000 Chickens.

Chicago, April 1.—By the burning of George Willard's poultry house, Ninety-eight street and Erie avenue, 1,000 chickens were killed. The building, a three-story frame structure, was destroyed in a few minutes, and none of the fowls got out. Willard declared the loss was \$2,500.

Special Session October 10.

Washington, March 31.—Senator who called on President Roosevelt Thursday, to consult with him as to the probable time of the reassembling of congress were informed that it is likely that a special session will be called for October 16.

Enormous Immigration.

New York, April 1.—Immigration to this country through the port of New York for the month of March reached unprecedented figures, the total arrivals numbering 97,000. Last year for the same month the arrivals were only 47,877.

RUSSIA NAMES NEGATIVE CONDITIONS UPON WHICH PEACE MAY BE CONCLUDED.

Leaves Japan to Decide Whether She Can Accept Them—President Roosevelt Has Not Been Asked to Assist in Ending Hostilities.

St. Petersburg, March 30.—It is announced that a step in the direction of peace actually has been taken. Russia has indirectly made known to Japan the negative conditions upon which peace may be concluded, namely no ceasing of territory and no indemnity leaving Japan to determine upon the negotiations. The Russian government has not yet weakly yielded to the position Japan has two alternatives, either to decline absolutely to open negotiations on such a basis or indicate her own attitude. If the negotiations are opened Russia probably will be prepared to make broad concessions on collateral issues.

Not Yet Asked.

Washington, March 30.—Neither Russia nor Japan has asked President Roosevelt to assist them in ending the war. So far as the Washington government is aware Emperor Nicholas has not yet weakened in his position. The Russian government Russia thus avoids the attitude of suing for peace or actually submitting proposals. Having been applied to in this position Japan has two alternatives, either to decline absolutely to open negotiations on such a basis or indicate her own attitude. If the negotiations are opened Russia probably will be prepared to make broad concessions on collateral issues.

Japan Not Accepted.

London, March 31.—Baron Hayashi, the Japanese minister, declared that he had no information in regard to the announcement that Russia had indicated by a made known to Japan the negative conditions upon which peace might be concluded, namely no cessation of territory and no indemnity leaving Japan to determine upon the negotiations. The Japanese government could be begun upon that basis, but he said unreservedly that the terms then mentioned could not even be considered, and added: "The Russian government an indemnity are the only points negotiable, as Japan ante bellum demands have already been secured by Japan."

Peace Negotiations.

Washington, April 1.—M. J. Jusserand, the French ambassador, is of the opinion that peace is not in immediate prospect. He expressed himself in a visit to President Roosevelt Friday, to bid him good-bye before the president goes on his southern western trip, and said that both combatants are in a position to be bent on continuing hostilities for a satisfactory adjustment of their disputes. He added that he did not talk with the president on the subject of mediation, and he did not believe that the Washington government had yet considered itself officially in any movement looking to a cessation of the war. It was learned, however, that the prospects of peace were discussed at length.

A New Proposal.

St. Petersburg, April 1.—According to the peace reports circulated on the Bourse Saturday Russia will cede the southern portion of the island of Sakhalin, in the Kuril Islands, to the east coast of Asia, under a Russian treaty of amity, to Japan, and agree that Manchuria and Korea are permanently outside a Russian sphere of influence, and the eastern Chinese railroad will be turned over to Japan for concession to China or an international syndicate upon a consideration of \$125,000,000, which Japan will accept in lieu of indemnity.

Indiana Bank Closed.

Lafayette, Ind., April 4.—The doors of the Bank of Lafayette were closed Monday. In a statement the officials of the Bank of Lafayette declared that assets of \$200,000 and the liabilities at \$100,000, S. F. Kyle, vice president of the bank, said the depositors will lose nothing.

Heavy Damages Awarded.

Lima, O., April 4.—A jury in the common pleas court awarded Joseph Hicks \$25,800 for the loss of both arms. Hicks was a lineman in the employ of the Lima Traction Light company three years ago when both arms were burned off at the shoulder by a live wire.

Four Killed.

Branchville, S. C., April 3.—As a result of a serious wreck on this division of the Southern railway Sunday, a few miles below Branchville, near a small lumber station called Hadham, four persons are dead.

Robbed of Big Sum.

Tills, April 3.—As the station master at Kilsbuck was awarded Joseph Hicks \$25,800 for the loss of both arms. Hicks was a lineman in the employ of the Lima Traction Light company three years ago when both arms were burned off at the shoulder by a live wire.

Portland Ore. Price Fixed.

Portland, Ore., April 3.—City seats has been fixed as the general admission price to the Lewis and Clark exposition. Commemorative books will be sold at reduced rates.

LEGISLATIVE DOINGS.

BILL FIXING PAY OF INSURANCE COMMISSIONER IS CONSIDERED.

SENATE BUSY WITH CODE.

The House Takes Its Last Vacation Before Adjournment Which Comes on April 18.

St. Paul, March 30.—Yesterday was a cold day in the house. Five bills awaiting a change or amend the primary election system were considered as a special order and after a spirited debate of more than two hours a vote was forced by opponents of the various measures and all without dissent, were recently introduced and will be out of circulation by at least two years. First in order was Representative Lund's bill, which was a straight vote of sentiment in the sense of the primary election measure provided in plain language for the extension of the primary method of nominations to the nomination of candidates for state office. The roll call revealed about two votes against it so Representative Hider had to be satisfied with a bill of complicated structure which provided for the primary system as applied to the election of delegates to the state convention. Mr. Hider's bill was amended by amendment and tried to state it off by offering a motion to have the bill referred to the committee on education. Following came the bill offered by Representative Ole Peterson. That gentleman has been busy by making his legislative program for the year. Representative Sob took the same action with his bill, but Representative Barrett made a fair fight because the measure, which merely provided for legal safeguards about the caucus. This measure was framed by R. C. Johnson, a date for governor, but it appeared to the members that it did not include the proper action in all respects. It was amended to give affirmative action, as compared with the case against it. The author wanted to reconsider in the afternoon, but the house was in a savage mood and it went the way of the others. This action means that no legislation of this character can be had this year.

Omnibus Bill. Chairman Roberts of the house appropriations committee, introduced the regular omnibus bill, which bill, and as might have been expected, carried much opposition. It has been looked for by the various interests interested. The bill provides for the state treasury is urged as the reason for increasing the tax levy. Among the items marked enlargement would necessitate an increase in the tax levy. Among the items carried by the bill were: State university, \$150,000; Home for wives and widows of 100,000; Maintenance of same, per year, 10,000; Maintenance of soldiers' home, 10,000; Park, Wisconsin National Park, 20,000; State Park, 20,000; To be drainage, 20,000; Anna asylum, 20,000; State asylum, 20,000; George Falls asylum, 20,000; Potosi asylum, 20,000; St. Peter asylum, 20,000; St. Cloud reform, 20,000; Governor's contingent fund, 11,250; Governor's office, 20,000; Auditor's office, 20,000; State commission, 20,000; Supreme court, 2,750; Publication of reports, 2,750; Publication Minnesota Reports, 2,750; In addition the bill provides for the Glenwood hot bathery and \$50,000 is appropriated for the high school administration building at St. Cloud reform. For the high school \$25,000 is appropriated and each of the presidents of the state normal schools is allowed an increase of \$200 annually.

First Veto. One of the bills of interest is the veto of the Horton bill by Gov. Johnson. The bill provided that the state commission should have charge of the state capital for the next two years. The governor has always heretofore retained the state capital and in his veto message Gov. Johnson said that the bill was "a measure which would be disastrous to him as a reflection on his ability or his honor." The dispute has somewhat subsided, but the governor has each side claiming that the other was in the wrong. The veto is the first of the kind since the veto power was granted to the governor and laid on the table for future action.

Senator Peterson's bill providing for the holding of a constitutional convention has been agreed to by the house, but the other will doubtless be come law.

Another important bill named by the governor is the bill to amend the act, which allows the house to make a bill in that it imposes twice as high a tax.

The Stone Hill railway bill has been killed in the house. The bill did not appear to be popular with the members of the house and the bill was not reported. The railway would doubtless charge the state with the cost of the line, and the bill was not reported by the legislative committee, was declared unconstitutional and laid on the table for future action.

The committee on appropriations has decided that it is worth while to appropriate \$100,000 for the improvement of the state capital during the next year. The appropriation is \$100,000.

Unconstitutional. The house judiciary committee has declared unconstitutional the bill which would amend the act which allows the house to make a bill in that it imposes twice as high a tax.

The house judiciary committee has recommended favorably the bill which would amend the act which allows the house to make a bill in that it imposes twice as high a tax.

More than a hundred bills calling for appropriations for the improvement of the state capital during the next year. The appropriation is \$100,000.

The house judiciary committee has recommended favorably the bill which would amend the act which allows the house to make a bill in that it imposes twice as high a tax.

WASHINGTON LETTER.

DATE OF INAUGURATION CEREMONIES SHOULD BE CHANGED.

EARLY MARCH INCIDENT.

St. Paul, April 1.—Both houses of the legislature adjourned on Friday until Monday morning and the members will resume their duties on Monday. The determination to take no more vacations will be a surprise to many who thought that he has executed such order, when in fact he has not.

No More Vacations. The legislature adjourned on Friday until Monday morning and the members will resume their duties on Monday. The determination to take no more vacations will be a surprise to many who thought that he has executed such order, when in fact he has not.

Observing the details of a public ceremony. Senator Tate accompanied the senate to the east front of the capitol and sat through the administering of the oath and the speech of the retiring chief. As he walked back to the senate chamber he complained to a fellow senator of feeling chilly and experiencing a sharp pain in his chest. Four days afterwards he was dead, a victim, as many believe, of inauguration-day weather.

The most interesting event of the legislative week was the plan of control of the state capital in the hands of the state auditor. The bill, which was introduced by Representative Johnson, in both houses, was a measure to give the state auditor the control of the state capital for the next two years. The bill was introduced by Representative Johnson, in both houses, was a measure to give the state auditor the control of the state capital for the next two years.

At last there is evidence that possibly some action will be taken in favor of university and the state normal schools. The bill, which was introduced by Representative Johnson, in both houses, was a measure to give the state auditor the control of the state capital for the next two years.

The senate has passed the Crown bill. The bill, which was introduced by Representative Johnson, in both houses, was a measure to give the state auditor the control of the state capital for the next two years.

Passenger Fares. The bill, which was introduced by Representative Johnson, in both houses, was a measure to give the state auditor the control of the state capital for the next two years.

The house has asked for a committee on the subject of providing for wide open law. The bill, which was introduced by Representative Johnson, in both houses, was a measure to give the state auditor the control of the state capital for the next two years.

Representative Burgo made a head. The bill, which was introduced by Representative Johnson, in both houses, was a measure to give the state auditor the control of the state capital for the next two years.

The house bill providing that the state auditor may lease mineral lands. The bill, which was introduced by Representative Johnson, in both houses, was a measure to give the state auditor the control of the state capital for the next two years.

The house committee on agriculture has recommended favorably the bill which would amend the act which allows the house to make a bill in that it imposes twice as high a tax.

MINNESOTA NEWS.

RAILWAY TAXES.

Minnesota receives from the thirty-three railroads operating in the state as gross earnings for the year 1904, \$1,181,184.48, as against \$1,171,637.67 for the previous year, a decrease of \$9,546.81. The gross earnings of the companies for last year amounted to \$64,590,903.05, and for the year before, \$60,850,130.53, a falling off of \$3,740,772.52.

The Great Northern had the largest gross earnings of any of the companies in the state. Its total income aggregated \$17,323,141.87, but its earnings for 1904 were \$17,837,831.07. Its taxes for last year amounted to \$319,094.35, against \$334,105.11.

The Northern Pacific comes second to the Great Northern. Its earnings amounted \$11,253,757.23, as compared with \$11,401,432.60. Its taxes for last year amounted to \$337,618.72, and for 1903 \$348,943.08.

The third on the list is the Chicago, Milwaukee & St. Paul. Its earnings, instead of falling off, like the most of the roads in the state, showed an increase. Last year it took in \$9,212,038.19, and the year before \$9,033,642. Its taxes last year were \$276,421.15, as compared with \$271,009.77.

State Fair Attractions. To make the amusement side of the state fair complete in its character, the history of the institution, was the key note of the discussion of the board of managers at a meeting held at the state fair grounds on Saturday, April 30. The board heard propositions from various brewers men, and amusement bureaus and though little was actually decided upon excepting to be given to the fair grounds in the near future, attractions which shall eclipse anything ever seen before at a Minnesota state fair. It is certain that the fireworks spectacles of the evening will be the largest and most magnificent yet produced.

Liberal, the famous band leader, led the band, and was forthwith engaged to bring his great military band to Minnesota for fair week. This insurance high-class music by a band of international reputation.

Boys Own Watch Back. While returning from St. Paul, Dr. J. A. Johnson, who is in charge of the Great Northern yards in St. Cloud, in tending to take a short cut home, he hardly had gone a hundred feet, when he was struck by a gang of six men who first held him up and then relieved him of a gold watch and of about \$5 or \$10 in money. The victim was anxious for the return of the watch that he offered the thieves some money which they had overlooked for the return of the ticker. The proposition was accepted and the watch was returned to him, although he is out of pocket about \$15 as a result of his experience.

Will Harness Taylor's Falls. "More power to ye," is the greeting of the Minneapolis General Electric company to the manufacturers of the Twin Cities in a project of magnificent proportions that has just been undertaken. The project is to harness the power of the St. Croix river, now to be taken from its bed in hand by the Minneapolis water works, and to be sold to the St. Anthony in performing the industrial labor of Minneapolis and St. Paul which in the long period of his service has finally outgrown his capacity. Three million dollars will be spent in harnessing the power of the St. Croix river.

Many Nickels. Fifty-five million nickels and then some have been contributed by passengers on the street cars of St. Paul and Minneapolis last year to make up the \$2,500,000 for the collections from that source in the company's report for 1904. This report which was given out contains the number of nickels in regard to the financial affairs of the city of St. Paul and the operation of the system.

Food Articles. The examination of food articles by the state dairy and food department during the past year has covered 133 samples, of which 95 were classed as legal and 38 as illegal. Ten out of forty-one samples of vinegar were below standard in acetic acid, and eight samples of catnip out of twenty-two were found colored artificially. Only two samples of maple syrup out of eight were found pure, the rest being mixed with cane sugar or glucose.

News Notes. 800 earnings for the third week in March made a surprising increase, showing a gain equal to 50 per cent. The police raided the Presbyterian church, Minneapolis, and stole about \$10. The police think boys in the neighborhood committed the theft. Harry S. Mitchell, of Minneapolis, is the successful one among the Minnesota candidates for the Cecil Rhodes scholarship at Oxford.

John Henry Jones, a fourteen-year-old Danish lad, who shot and killed his companion, Peter Thompson, was arrested and charged with manslaughter in the second degree. The police are trying to solve the mystery surrounding what is supposed to have been a crime committed upon the person of Mrs. Emma Schmitt, aged 60, on Saturday night last. A small, dark, round, unobscured form was found on the tracks of the Great Northern a mile west of St. Cloud by a farmer. Her head was covered with bad contusions.

The lookout at White Hart burned and his prisoners narrowly escaped. Mrs. W. Brown of Duluth with a yawn, and the yawn, like some animals, refused to come off, breaking her jaw.

THE NEWS IN BRIEF.

For the Week Ending April 4.

The recent massacre at Batu, Russian Caucasus, cost 2,000 lives. David Copenhaver, of Boston, Ia., while cutting down a big tree was crushed to death.

Ralph Voorhes, of New Jersey, has donated \$100,000 to the American Tract society. President Palma's message to the seventh Cuban congress is decidedly optimistic in spirit.

New York's records for the last week show that 128 persons died from the mysterious epidemic of meningitis. Barnard Science hall, at Denison university, at Grandville, Ia., was burned to the ground, entailing a loss of nearly \$100,000.

Rear Admiral Robley D. Evans, known as "Fighting Bob," assumed command of the North Atlantic fleet at Pensacola, Fla. Henry Wianand, of Sioux City, Ia., who killed his wife in Denver January 17, was found guilty of murder in the second degree.

Oxford won the sixty-second annual boat race between the universities of Oxford and Cambridge, defeating the latter by three to four lengths. Frank B. Rowland, law student in the University of Michigan from Harlan, Ia., was drowned at Ann Arbor while canoeing on the Huron river.

The greed of steel rail makers in sacrificing quality to speed and killed by railway men with being a fruitful source of accidents on American roads. Edward Hines, of Chicago, has closed a lumber deal with N. Lullington & Co., of Marinette, Wis., for 70,000,000 of all grades. The consideration is \$1,500,000.

The home of W. J. Thompson, ten miles south of Charlotte, Va., was destroyed by fire. Mr. Thompson and her two children were burned to death. Montague White, professor of oratory at Beloit college, was accidentally drowned in Rock river, at Beloit, Wis., and a student named Roy Andrews had a narrow escape.

The fourth continental congress of the Daughters of the American Revolution will be held in their Memorial hall in Washington, D. C., beginning April 17. In a saloon bar at Mannington, Ky., Isaac C. White shot and killed young man named Kirby. It is said Dunning acted in self-defense, Kirby firing the first shot.

Two men were killed in an accident on the Wabeno branch of the Chicago & Northwestern railroad near Onomo, Wis., caused by the breaking down of a freight car in the middle of a train. The Tennessee derby, at a mile and one-sixteenth, and worth nearly \$100,000, was won at Memphis, Tenn., by the length. John Smulski was second, two lengths in front of Jack Lory, third. Time, 1:58.

Alonso J. Whitman was released from jail at Buffalo, N. Y., for \$100,000 bail. Whitman was recently acquitted on a charge of grand larceny, but several counts of the indictment still stand against him. Mrs. Caroline Job, who was mysteriously attacked and mutilated by an unknown person in her room at a sanitarium in Ottawa, Kan., a week ago, died of the wound in her arm. She received a blow with an ax.

The federal grand jury in Washington returned indictments against William G. Crawford, Attorney General, and George E. Lorenz on a charge of conspiracy in connection with the purchase of straps for mail pouches. Frank J. Bell, a prominent attorney at Dallas, Tex., and grand chancellor of the Knights of Pythias of Texas, was shot and fatally injured during a quarrel by R. R. Parker, clerk of the district court, Bell died at a local hospital.

A practical American protector now prevails in Santo Domingo, despite the action of the United States senate. The motus vivendi by which American agents take charge of the customs houses, has become operative.

PINE COUNTY PIONEER.

ED. C. GOTTREY, Editor and Prop.

Entered in the Post Office at Pine City as Second Class Matter.

PINE CITY, MINN., April 7, 1905.

A State Census.

A bill has passed the senate and gone to the house which undoubtedly will be ratified by that body, providing for taking the state census. The United States take a census of the nation every ten years, and the state every two years also, but the state enumerates five years after the national enumeration, so that every five years the growth and progress of the state is learned and read.

The bill that has passed the senate establishes a census bureau under the supervision of the secretary of state, who is allowed \$500 for his official work and authorized to employ an assistant superintendent at a salary of \$1800 per year. He is empowered to employ enumerators, giving preference to old soldiers and sailors who may apply and are deemed able to do the work. The enumeration is to begin June 1st and be completed on or before July 1st, and the completed returns of all are sent to the census bureau by July 15th. In cities having 5,000 inhabitants or over the enumerators are paid \$2 for every 100 inhabitants; in cities, villages and towns of less than 5,000 persons, \$2.25 for every 100 persons will be paid, and in other districts, excepting those sparsely settled, a fee of 21 cents for every person enumerated will be paid. In districts where out-fence people reside, the enumerator will be paid \$2 to \$3 per day and pay his own expenses. The various enumerators will be specially enjoined to record the names of the soldiers and sailors of the great rebellion and the Spanish war of 1898. The work of the enumerators is to give the ages, color, sex, occupation, parentage and how long a resident of the state.—Glencoe Register.

We read now and then a case where a noble legislator in the heat of an argument trenchantly rebuffs his brother legislator with a sharp and insulting retort. An apology is generally in order, the senate accepts the apology and a yard or so of red tape closes the deal. An umpire should be appointed to judge these little personal and political spats and the offender should be fined the necessary amount just as baseball rowdies are released from their pocket money. Thus, perhaps, could some satisfaction be felt by the onlookers of those Gatonians and Alphasians.

X-CONGRESSMAN EDDY, would be governor, and at the present time editor of the popular Sank Center Herald, takes this stand in regard to the Horton bill which passed in the Senate over the veto of the Governor.

Governor Johnson has vetoed the Horton bill. His friends are commending and his opponents condemning his action. All we care to say is, if we had been in his place we would have taken the same action.

It seems very probable that most any governor would have vetoed that self-same bill inasmuch as the bill provides that he loose the jurisdiction over the capital building, a duty or privilege that has been handed down from his precedents in office from term to term.

The Chicago County Courier of last week was devoted almost exclusively to a general boom of Lindstrom and Chicago county. The edition was a dandy, containing sixteen pages with enough information pertaining to Chicago's past, present and future, to give almost anyone the moving van fever via the Courier route. Mr. Victor, the publisher, and his corps of able assistants have reason to take pride in their magnificent showing and should receive magnificent support in their efforts for Lindstrom.

ERBERT BEAN, we are informed, has leased the North Branch Review, Ellbert, though but a young man, is no spry child in the newspaper field and will give the readers of the Review excellent returns for their money.

The rural free delivery carriers are beginning to bring in some wonderful mail stories. Their reports should have the effect of bounding the most road movement.—Duluth News Tribune.

That naughty Castro boy down in Venezuela didn't leave Uncle Samuel with a cent when he showed his layers of teeth.

Wasn't the railroad legislators got a hold of that 21 cent rate bill that would make it take him 1/25 of a dollar at least?

Random Selections from our Think Cabinet. And Other Things.

Addicks is still in Delaware. But is he still? *

We have not even heard a purr from Hinesley since election. Such a sudden quietness nearly exhausts our breathing apparatus. *

That horrid Oiler with his chloroform proposition has received about enough free advertising for the present. Now let him bang. *

If you can't look a ten dollar bill in the eyes, it's because you haven't got the right kind of an eye. Better employ an optician and get a bank account. *

And now there is a telephone fight on at New Ulm. Koch's case goes to Mankato, and just to even things a bit this new contention should be deported to St. Peter. *

Every town will have the very best amateur base ball team in the country at an early date. And knackers should be barred from rooting at the games. *

Hardware dealers or any other dealers in Russia are prohibited from selling revolvers. Different spirit in this country. Those grand dukes over in that country should follow the examples set by other peaceful and happy nations and give the people a voice. The people will never be happy till they get it. *

John D., the rocky oil king, is the muchest abused mortal in the universe—bar none. He should donate a few of his pennies to the printer men. They'll grasp the long green whether it is polluted with Standard Oil "microbes" or aired in a Sunday school class room, and then John could get a milder article of roast. *

A new set of village duds will now occupy the throne room of the town hall in our city of Pine; the voters so blinded Tuesday. The pound master has not yet been appointed, and the dog catcher's position is to let. We should get busy and make Pine City hum with the roar of "boom" this year as the councilors are all tip-top cannon crackers. *

Carrie Nation and a few of her fanatics down at Wichita, Kan. have been jailed for breaking up a lot of saloon property. This thing of destroying property is a mighty poor method of advancing the temperance cause and those in favor of temperance should petition that discordant, hatchet wielding Nation to go way back and sit down. *

Here are two spasmodic dreadfulations from the pen of a devoted hood carrier of our native state, who pays five cents purr for their insertion. Please close your eyes and read.

SPASM I.
That awful name of Pine
Loud agents it did keep poor.
And if those lines—they do not rhyme
'Tis because they was it Clover.

SPASM II.
They are wont to call me Clover
So that when I pine no more,
They can sit me west with Rover,
And keep wolfie at the door.

Notes.
From this time until the season of 1905 opens, we will reduce the price of breeding with the Imported Percheron stallion, of the Pine City Horse Co., one third. Parties wishing service can call at the farm of S. B. Wells.

A wonderful spring tonic. Drives out all winter impurities, gives you strength, health and happiness. That's what Hollister's Rocky Mountain Tea will do. 35 cents. Tea or Tablets. Breckenridge Pharmacy.

Night Prowling Thieves.

Croup and Whooping Cough come like a thief in the night, stealing in to fasten the fangs of mortal disease upon the children as they peacefully sleep in their little beds. Kennedy's Laxative Honey and Tar, the new discovery for Coughs and Colds, will drive out these death-dealing demons before the doctor can arrive. It protects the liver and health of the little ones. Contains no opiates. Keep it handy. Sold by J. Y. Breckenridge.

A Tried and True Friend.

One Minute cough cure contains not an atom of any harmful drug, and it has been curing coughs, colds, croup and whooping cough so long that it has proven itself to be a tried and true friend to the many who use it. Sold by J. Y. Breckenridge.

Cascadia Blood and Rheumatic Cure.

It makes no difference whether you are suffering from inflammatory, acute, chronic, nervous or muscular, or any other form of rheumatism, or whether every part of your body is aching and every joint is out of shape, Cascadia Blood and Rheumatic Cure will positively give instant relief and effect a permanent cure. It cleans the system of all impurities, purifies the blood, and restores the patient speedily to health. Sold by L. E. Breckenridge.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for the grippe," say Moore Bros., Eldon, Ia. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but that this medicine is the best that can be procured for coughs and colds, whether it be a child of an adult that is afflicted. It always cures and cures quickly. Sold by L. E. Breckenridge.

Why in time don't you knock that awful cough and sore throat? H. W. Barker's cough, catarrh and consumption remedy will do it every time. Nothing like it. At L. E. Breckenridge's drug store. Manufactured at Sparta, Wis.

The Right Name is DeWitt.

DeWitt's Witch Hazel Salve cures, soothes and heals cuts, burns, boils, piles and all skin diseases. K. E. Zickfoote, Adolph W. Va. says: "My little daughter had white swelling so bad that piece after piece of bone worked out of her leg. DeWitt's Witch Hazel Salve cured her." It is the most wonderful healing salve in the world. Beware of counterfeits. Sold by J. Y. Breckenridge.

Forget About Your Stomach.

If your digestion is bad the vital organs of your body are not fed and nourished as they should be. They grow weak and invite disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion and all stomach troubles. You forget you have a stomach from the very day you begin taking it. This is because it gets a rest—recuperates and gradually grows so strong and healthy that it troubles you no more. Sold by J. Y. Breckenridge.

A Night Attack.

Last night the little daughter of Mrs. Brown, as she sweetly and peacefully slept in her little bed near the window, was attacked by a death dealing demon known as Croup Whooping Cough, and but for the timely use of Kennedy's Laxative Honey and Tar, which she always keeps handy, the life of the little one might not have been saved. Kennedy's Laxative Honey and Tar is different from all the other old time cough syrups and is best for children because it acts on the bowels, is harmless, safe and certain. Contains no opiates. Sold by J. Y. Breckenridge.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is therefore a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with the greatest success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by L. E. Breckenridge.

WE have been in Pine City just a year and wish to thank our friends for their Patronage and Encouragement. We propose to stay and make more Friends and Customers. The weather is now getting pleasant and it is a very good time for you to come in and have your

PHOTOGRAPH TAKEN.

Come in and let's talk it over. We can do your work in either standard, Sepia or Novelty Platin, Carbon and Silver Sheet; in fact anything you want from a Brick Red to an Elegant Platinum, or the finest Calodia Carbon or Artiat's Proof. Also outside work and the making of life-sized Enlargements in Carbon, Bromide, Grayon, Sepia, Pastel and Oilette; the best for the money in the world.

A. D. SEELEY, PHOTOGRAPHER, PINE CITY.

Wan a Name of Fame.

DeWitt's Little Early Risers, the famous little pills, have been made famous by their certain yet harmless and gentle action on the bowels and liver. They have no equal for biliousness, constipation, etc. They do not weaken the stomach, gripe, or make you feel sick. Once used always preferred. They strengthen. Sold by J. Y. Breckenridge.

Pine County, Minnesota, Drainage Bonds.

Notice is hereby given that sealed bids will be received at the office of the County Auditor of Pine County by the Board of County Commissioners of said county, on the 22nd day of April, 1905, at one o'clock p. m., for the purchase of \$250,000 of drainage bonds of Pine County, Minn., to be issued under provision of Chapter 220, Laws of 1901, as amended, and sealed to be used for the cost of constructing of draining ditch No. 10, six seven years and last term. The rate not to exceed six per cent. per annum (no table attached).

Each bid must be accompanied by a certified check on a National or State bank, payable to the Treasurer of Pine County for \$500 for the faithful performance of the bid should the bonds be awarded to the bidder. No bid will be received after the above date and time to receive any and all bids.

CHARLES GLENN,
County Auditor.

Mar 24 to Apr 7.

TAX JUDGMENT SALE.

Premises to a Real Estate Tax Judgment of the District Court, in the County of Pine, State of Minnesota, entered the 22nd day of March, A. D. 1905, in proceedings for enforcing payment of Taxes and Penalties upon Real Estate in the County of Pine, State of Minnesota, remaining delinquent on the 1st Monday of January, 1905, and of the Statute in such case made and provided, I shall, on the 20th DAY OF MAY, A. D. 1905, at 10 o'clock in the forenoon, at the Court-house in the Village of Pine City, and County of Pine, Minnesota, sell the lands which are charged with taxes, penalties and costs in said judgment, and on which taxes shall not have been previously paid.

[SEAL] Auditor Pine County, Minn.
D. GREBLEY,
Judge of Probate.

Apr 7-21.

Order for Re. Pine Application for Appointment of Administrator.

STATE OF MINNESOTA, In Probate County of Pine.

Special Term, March 24th, 1905.

In the Matter of the Estate of Peter Nelson, deceased:

On reading and filing the petition of Christine Nelson of the County of Pine representing said estate of Peter Nelson, late of the County of Pine in the State of Minnesota, at the City of Duluth, Minn., at the County of Pine, State of Minnesota, at the time of his death, leaving goods, chattels and estate within this County, and that the said petitioner is the surviving wife of said deceased, and praying that administration of said estate be to her granted.

It is Ordered, that said petition be heard before said Court, on Monday, the 17th day of April, A. D. 1905, at 10 o'clock a. m., at the Probate Office, in the Court House, in the Village of Pine City in said County.

Orders of Probate. That notice thereof be given to the heirs of said deceased and to all persons interested, by publishing said notice once in each week for three successive weeks prior to said day of hearing, in the Pine County Pioneer, a weekly newspaper printed and published at Pine City in said County.

Dated at Pine City, this 24th day of March 1905.

By the COURT,
ROBERT WILCOX,
Judge of Probate.

Mar 24-Apr 11.

Notice of First Meeting of Creditors.

In the District Court of the United States for the Fifth Division, District of Minnesota.

IN THE MATTER OF J. In Bankruptcy.

Alfred B. Carman, Debtor.

To the creditors of Alfred B. Carman, of Sandstone, in the County of Pine, and District of Minnesota, is hereby given, that on the 8th day of March, A. D. 1905, the said Alfred B. Carman was duly adjudicated bankrupt, and that the first meeting of his creditors will be held at Room 404 Palladio Building in the City of Duluth, on the 15th day of April, A. D. 1905, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the books and papers of such other business as may properly come before said meeting.

March 1905.

Wayland W. Sanford,
Referee in Bankruptcy.

Mar 17-Apr 14.

Order for Hearing Proof of Will.

STATE OF MINNESOTA, In Probate County of Pine.

Special Term March 24th, 1905.

In the Matter of the Estate of Charles Henningson, deceased:

Whereas, An instrument in writing, purporting to be the last testament of Charles Henningson deceased, late of said County, has been delivered to the Court;

And Whereas, Adolph Kalm has filed therein his petition, representing, among other things, that Charles Henningson died, in said County on the 15th day of February, 1905, and that the said instrument is the executor named said said will and testament, and praying that the said instrument may be admitted to probate, and that its testamentary be in and effect thereon.

It is Ordered, that the proofs of said instrument be heard before said Court, on Monday, the 17th day of April, A. D. 1905, at 10 o'clock in the forenoon, when all persons interested in the said instrument, including the executor named therein, are to appear and prove the validity of said instrument.

And it is Further Ordered, That notice of the time and place of said hearing be given to all persons interested, by publishing this order once in each week, for three successive weeks prior to said day of hearing, in the Pine County Pioneer, a weekly newspaper printed and published at Pine City in said County.

Dated at Pine City, the 24th day of March, A. D. 1905.

By the COURT,
ROBERT WILCOX,
Judge of Probate.

Mar 24-Apr 21.

News of the Week.

Chips Picked up Around Town and Vicinity.

Cabs and baby carriages at the Big Store.

Tom Spring, of Duluth, was in town Tuesday.

A nice line of matting, just received at the Big Store.

Miss Theresa Erickson, of the Rush City Post, Sundayed at home.

Atty. L. H. McKusick transacted business in Rush City, Saturday last.

Wm. Baselmeyer, of Rutledge, visited with relatives in this village Monday.

Prof. A. B. Hartley spent a couple of days in St. Paul the latter part of last week.

Miss Marie Barnum went to Sturgeon Lake Saturday to commence a three-months term of school.

Louis Zavitovsky returned to St. Paul Sunday p. m. after a few days visit with his wife and relatives in this place.

J. M. Oehler, secretary for the Northwestern Trust Co., St. Paul, transacted legal business at the court house Wednesday.

Geo. Reis, of St. Paul, was a Pine City visitor on Saturday, coming up with plans and specifications for the Jas. Hurley hotel building.

Henry Glasgow departed for Cloquet Tuesday to assume charge of his duties as foreman for the Northern Lumber Co's boom at that place.

Mrs. Daniel Payne has accepted a position as clerk with the Pine City Merc. Co., assuming the vacancy made by the resignation of Miss Lillian Lambert.

John Goodspeed, the interesting hand-book pencil-pusher of Brookpark, is in the village to remain indefinitely. He is now making his home with the Poole family on "Kickers' hill."

Emil Hoeller, Ben Hurley and W. A. Lambert are camping at "Helen Blazes" this week where the former is holding forth as a Chief, who guarantees first-class "grub." We have not learned the particular vocations of the others.

Mrs. Hans Drews and family departed for North Branch Tuesday to visit with friends for a few days prior to going to St. Paul where they will make their future home.

Mr. Drews is still employed at the Hurley harness shop, where he will remain indefinitely.

Wm. Spearling, who has been at work on the Northern Pacific railroad in Kansas for the past two years, came home on Thursday afternoon to be present at the funeral of his sister, Miss Lizzie. Will says that he has a good position as fireman with the company. He returned to the field of his labors on Wednesday. His many friends in this place are glad to know that he is doing so well.

An exchange truthfully says: Every person not already clearly informed on the subject, should know that the proper way to discontinue a newspaper is to settle all arrearages on subscription. This is not only the legitimate way, but it is the honest and manly way. No one who desires to do the square thing will refuse to accept a paper at the post office unless all arrearages of subscription have been paid in full, and very few people do.

The teachers and pupils of the public schools of this place have been enjoying their annual spring vacation this week. The several teachers are spending their holidays in various places as follows: Miss Follansbee, Duluth; Miss Constantine, Red Wing; Miss Sweet, St. Paul; Miss Day, Cleveland, Minn.; Miss Lally, Minneapolis. The Misses McKusick, Barnum and Brackett, and Prof. Hartley are spending their holidays at their homes in this place.

Mrs. John Anderson died last Saturday evening at her home one mile north of Rock Creek. She had been a sufferer from that dread disease consumption for about a year. Had she lived she would have been twenty-five years of age on the 23rd day of July, 1905. Her maiden name was Miss Emma Peterson and she was married to Mr. Anderson five years ago last fall. A husband and four children are left to mourn her demise. The funeral was held at West Rock Tuesday, Rev. Rydell officiating, and interment in the West Rock cemetery.

The celebrated Gordon hat, for sale only at the Big Store.

Robt. Harie departed for St. Paul Tuesday to visit a day or two.

Melzer Brackett is expected home from Allen Junction tomorrow.

Miss Anna Dosey is engaged as clerk at Breckenridge's Pharmacy.

M. B. Hurley was in St. Paul, on business Tuesday and Wednesday.

The Catholic ladies aid society met with Miss Susan Shearer Tuesday afternoon.

Mrs. F. C. Laird, of Skibo, was the guest of Mrs. H. W. Harie Monday and Tuesday.

L. H. Kuderling, proprietor of the Beaufort hotel, Minneapolis, was in town Wednesday.

W. F. Anderson, the Rush City druggist was in town a few hours Wednesday.

Miss Elizabeth Pangerl has accepted a position in the confectionery store of A. Cranion.

Editor Warren of the Hinckley Enterprise transacted business at the county seat Wednesday.

Rudolph Baselmeyer came down from Hinckley, Saturday, to visit over Sunday with his parents.

Mesdames Arnold Grant and John Jamer visited in Minnetonka a few days the first of the week.

C. W. White, traveling auditor for the N. P. Ry. Co., spent Saturday and Sunday in this village.

Freel Shaw, of Banning, spent Saturday and Sunday with his uncle, A. Blanchard, of this place.

Miss Rose Cranion was the guest of Rush City relatives this week. She will return home tomorrow.

For Sale—Six good milk cows for sale cheap for cash only. Inquire of A. B. Chalupsky, Beroun, Minn.

A. F. Brackett arrived here Monday from Allen Junction where he has been employed during the past winter.

The ladies of the M. E. church gave a very good program and luncheon at the church last Friday evening.

Miss Lillian Lambert has accepted a clerkship in the county auditor's office, where she will be employed temporarily.

Mrs. A. Lahody and sister have returned from the city with their new spring stock and will have a spring opening Saturday.

Dr. J. L. Brunet, dentist, will be in Pine City at the Wilcox house, Wednesday and Thursday, April 12 and 13. Teeth examined free.

Mrs. McLaren, who has been spending the past winter with her daughter, Mrs. H. W. Harie, left for her home in Fairchild, Wis., Monday.

Fred Spearling and nephew, Al. Spearling, departed for Carleton Tuesday afternoon. The former will have charge of a grading gang at that place.

The ice is about all out of the river and lakes and in a short time the sound of the steam boat's whistle and the exhaust of gasoline launches will be heard.

C. E. Williams, of Mora, made the PROXIMA a pleasant call, while in town on Wednesday morning. Mr. Williams has not been in Pine City but twice in thirteen years. Prior to that time he was here quite often.

J. E. Norstrom, while in the village Tuesday, informed us that the ice in Pokegama lake is now a thing of the past and navigation is now open. The gasoline dealers will now rejoice with the advent of the gasoline launches.

Business was unusually brisk in the matrimonial line in the Judge of Probate's office this week. Frank Zalesky and Josie Duke, of Willow River, were united in marriage by Judge Wilcox Tuesday, and Wednesday Edward Fredrickson and Karolina Seaburg, of Nickerson, went through the same "ordinal" before the Judge.

Edward Kendall, our local boat builder, has acquired quite a reputation. He has just finished a hand-dome. He is just finished a hand-dome. He is just finished a hand-dome.

Some flat bottomed hunting boat for Louis H. Rambo, a cashier in a bank at Montgomery, Alabama. The boat is fourteen feet long by four feet wide and is pointed at both ends. It is built of red cedar and is a beauty. He will ship it to its destination in a few days.

YOU ARE INVITED

to call at our Store in the Rybak Block

and inspect the most complete line of Seeds of all kinds that ever was brought into Pine City.

You will find us glad to see you whether you want to buy or not.

RETAIL DEPARTMENT, PINE CITY MILL & ELECTRIC CO.

"Bill" H. Hanson, a lawyer, scholar and school teacher from St. Paul, has prevailed among us during the past week. He is a polished impromptu and after dinner toast artist and interests his auditors by his versatility.

Leonard Henderson received a beautiful 20th century dictionary, Thursday morning, from the St. Paul Globe Co. The volume was tendered him as a reward for gaining first prize in the short story contest contained in the children's department of the "Globe," last Sunday. The subject of his story was "My little brown hen." Leonard is eleven years of age and is in the 4th grade in school. The story was very good and merited a prize.

The engagement of Miss Myrtle Ballantyne, daughter of Mrs. Agnes D. Ballantyne, of Minneapolis, to Clarence S. Nixon of this city, is announced. Miss Ballantyne lived in this city for a while some years ago, and Mr. Nixon is a salesman for the Payne & Nixon empanny—Duluth Herald. Miss Ballantyne is quite well and favorably known in Pine City where she has visited with friends a number of times.

Henry Spahr and men started excavating for the remodeling of the building occupied by the First State Bank of Pine County, Wednesday afternoon, and a large brick building will result in place of the present structure. An additional story, making the building two stories high, will be built, and ten feet will be added to the rear of the building. It has been decided to make a large basement running the entire length and width of the structure. The building, when completed, will be one of the best blocks in the village and will add greatly to the appearance of the street upon which it is located.

BASE BALL MEETING. A meeting will be held in the office of Dr. A. Lyons in the Hurley block Sunday afternoon at 2 o'clock. All base ball enthusiasts or those interested in the game, past, present or future, are respectfully urged to be present.

FOOT-WEAR H. BORCHERS SELLS SHOES.

Best line of Stylish, Durable and Hand-some Foot-Wear in town. Call and be convinced.

H. BORCHERS, - PINE CITY, MINN.

Going for the Doctor

Through the storm and darkness while the suffering one at home is in danger, perhaps of death, is a terrible trip. Why not have a good, sure family remedy in the house? One that has proven a life savior in thousands of cases during the last forty years.

Watkins' Vegetable Anodyne Liniment.

Think what a world of terror and anxiety was saved this man.

DISPENSES WITH DOCTORS.

Watkins' Vegetable Anodyne Liniment is a sure, safe, and reliable remedy for all kinds of rheumatism, neuralgia, sciatica, and all other forms of nerve pain. It is a great relief in cases of neuralgia, sciatica, and all other forms of nerve pain. It is a great relief in cases of neuralgia, sciatica, and all other forms of nerve pain.

Made only by The J. R. Watkins Medical Company, WINONA, MINN., U.S.A.

For sale by our traveling salesmen who have call on you before they leave. Drop him a line and he will look you up and give you a chance for a trial of Watkins' Anodyne.

Daily except Sunday. All others daily. Through tickets to all points in the United States. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.

"I used Theford's Black-Draught for liver and kidney complaints and found nothing to equal it."—WILLIAM COFFMAN, Marblehead, Ill.

Agents: A. M. GLEASON, G. P. A., St. Paul, Minn.; H. D. BEAGLE, Agent.

A LITTLE TOO PRECOCIOUS

Small Miss Was Somewhat In Advance of the Necessary Requirements.

Anon. Phelps Stokes, Jr., the secretary of the Yale corporation, takes a profound interest in children, says the New York Tribune. Talking with an undergraduate, he said the other day:

"Children should be modest, shy, quiet. That type of child is apt to turn out better in the college than the clever, talkative, precocious type. It is apt to have a broader, nobler character. The talkative and precocious type is apt to be shallow. For my part, I should hesitate to promise much for the future of so precocious a youngster as one in Quincy Adams that I heard of last week."

This Quincy Adams child, a little girl of seven or eight years, stood one day before a closed gate.

"A gentleman passed slowly. The little girl raised her eyes and said: 'Will you please open this gate for me?'"

"The gentleman did so. Then he said kindly: 'Why, my child, couldn't you open the gate for yourself?'"

"Because," said the little girl, "the hands are not dry yet. Look at your hands."

WILD WITH ECZEMA.

And Other Itching, Burning, Scaly Eruptions, with Loss of Hair—Speedily Cured by Cuticura.

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle; dry, with a hand rub, and apply Cuticura Ointment freely, to allay itching, irritation, and inflammation, and soothe and heal, and, lastly, take Cuticura Head-Liniment to cleanse the blood. A single course of Cuticura, with Cuticura Pills to cool and soothe the system, will cure the most torturing, distressing, itching, scaly and humid humors, with loss of hair, when all else fails.

Too many people blame heredity for their personal afflictions.

Very Low Homeseeker's Rates to the South—April 4 to 18.

On the first and third Tuesdays to April round-trip Homeseeker's tickets will be on sale at unusually low rates from Chicago, St. Louis, Cairo, Paducah, Evansville, Louisville and Cincinnati to many points on the Nashville, Chattanooga & St. Louis Railway to Tampa, North Alabama and Georgia. Limit 21 days. Stopovers allowed on N. C. & St. L. Railway going and returning.

A splendid opportunity to make a profitable trip. For further information write to W. L. DANLEY, G. P. A., N. C. & St. L. Railway, Nashville, Tenn.

It's an ailment that blows anybody good, but you—N. Y. Times.

Stop Suffering Like That!

Why don't you use Pusheck's Kuro and be well. It is the best medicine for Rheumatism, Pain, Weakness, Migraine, Indigestion, Catarrh, Headache, Nerve Disease. This is the best remedy ever offered to the public no other like it; it cures when everything else has failed. Most Druggists keep it, price, 31¢ per bottle for that price to any address by Dr. Pusheck, Chicago.

International Courtships.

Our war office has at last decided to arm the neutrals. The new guns, it is said, are to be read out in two years and we understand that a public message has been sent to all the other powers requesting them not to give arms to the neutrals.—London Punch.

The Substitute.

Mrs. Duffy—My husband writes the loveliest verses for me. I have written Mrs. Duffy—No, but he writes me the most beautiful checks.—Detroit Free Press.

Unfortunately, there are men in this world who complain bitterly at having to pay 15 cents a glass for whisky, but who seem to be perfectly willing to pay 15 cents a glass for whisky.—Boston Globe.

A GREAT MEDICINE

BRINGS HEALTH TO THREE MEMBERS OF SAME FAMILY.

Cures a Wife's Debility After Malaria, a Husband's Rheumatism, a Daughter's Nervous Irritation.

"I have recommended Dr. Williams' Pink Pills to many people," said Mrs. Gossett, "because I have seen such good results, time after time, right in my own family. There are three of us who have no doubt about the value of the pills. We do not need to take anybody's word on the subject for our own experience has taught us how well they deserve praise."

"It was just about one year ago that I first read about Dr. Williams' Pink Pills, and bought my first box. I was at that time all run down, weak, nervous and without ambition. I had been doctoring all summer for malaria and stomach trouble. Everybody thought I was going into consumption, as my mother had died of that disease."

"Thanks to Dr. Williams' Pink Pills, I am now alive and hearty. I began to improve so soon as I began to take them, and when I had taken three boxes I was well woman. Ever since then I have kept so well and am able to care for my home and six children without help. Dr. Williams' Pink Pills explain it."

"My oldest girl's health began to fail when she was about fourteen. She was nervous, complained of sharp pains in her head, would get drowsy sick and have to leave the school room to get fresh air to revive her. I gave some pills to her. She took only a few boxes, but they cured her troubles, and caused her to develop into a perfect picture of health. Then my husband took them for rheumatism and found that they were just what he needed. So you see we have all got great good from using them, and that is why we recommend them to others."

Mrs. Minnie B. Gossett lives at Chirchville, Tuscarawas Co., Ohio, and is well known, as she has resided in the same neighborhood for more than thirteen years. Her story shows that a medicine which restores blood, strength and the nerves strong, overcomes a variety of diseases and should be found in every household. Dr. Williams' Pink Pills are sold by all druggists and everywhere. They have cured anæmia, and all forms of weakness, also the most stubborn cases of dyspepsia and rheumatism. They are indispensable for growing girls.

THE DAIRY

MILKING UTENSILS. The Thorough Manner in Which They Should be Cleaned to Destroy Polluting Germs.

In bulletin 211 of the Michigan Agricultural College, on the care and handling of milk, milking utensils are discussed, and the bulletin says on this point: Perhaps one of the most common sources of trouble, although it is not usually admitted, is the polluted condition of the utensils which are employed in the care of milk. Even in this civilized country, with its accumulation of knowledge, there are many milk producers who do not yet appreciate the fact that in order to have good milk it is essential to have clean utensils. From 500,000 to 50,000,000 of

Some of the trouble with bad flavor in butter comes from hay dust in the stable. Before cows are milked hay is thrown down and the air is filled with a fine dust. Much of this dust was formerly in the highway. It was blown by the wind over the hayfield before the grass was cut. This dust in the milk does not produce the bad flavor, but it is known to be the abiding place of countless myriads of bacteria and much hay contains mold. We say hay is moldy, but we simply mean that minute plants have multiplied in countless millions on the hay and have produced spores which are the cause of the catarrh. Whenever such hay is thrown down these spores are thrown by millions into the air. They fall by thousands into the milk vessels and later make their presence manifest in the milk, cream and butter.

HAY DUST IN THE STABLE.

A Fruitful Source of Bad Flavor in Butter—Precautions Which Should be Taken.

Some of the trouble with bad flavor in butter comes from hay dust in the stable. Before cows are milked hay is thrown down and the air is filled with a fine dust. Much of this dust was formerly in the highway. It was blown by the wind over the hayfield before the grass was cut. This dust in the milk does not produce the bad flavor, but it is known to be the abiding place of countless myriads of bacteria and much hay contains mold. We say hay is moldy, but we simply mean that minute plants have multiplied in countless millions on the hay and have produced spores which are the cause of the catarrh. Whenever such hay is thrown down these spores are thrown by millions into the air. They fall by thousands into the milk vessels and later make their presence manifest in the milk, cream and butter.

The hay is not the only source of trouble. Bedding under cows frequently contains a very large amount of dust from the same cause. Such bedding should not be stirred up before the cows are milked, or if stirred up the stable should be aired before milking takes place.

A MODEL CREAMERY.

How One Cooperative Establishment in Pennsylvania Has Provided for the Needs of the Business.

Western dairy farmers who contemplate the erection of a new creamery or remodeling their old establishment will be interested in the above diagram. It shows the ground plan of a cooperative creamery located in Franklin county, Pa. Members of this association are largely in the practice of the cooperativeness of their creamery. It will be seen that the arrangement is complete in detail, so essential to a dairy plant that has the modern conveniences. The Franklin county creamery receives 5,000 to 6,000 pounds of milk per day. The manager and two men do all the work at the factory. There is an ice house, 34x26, adjacent to the creamery, and in this are generally stored about 20 tons of ice per year.

PROTEIN VALUE OF ALFALFA

Experiments Show That Latter Contains a Fraction Over Eighteen Per Cent of the Former.

There is no food product grown on the farm which supplies protein at so low a cost as alfalfa. This, too, is obtained by enriching rather than depleting the soil, for alfalfa, like other crops, is a nitrogen-absorbing crop. Its deep-reaching roots, extending eight to twelve to forty feet below the surface, bring up fertilizing elements from the subsoil and place them where other crops may feed upon them. Experiment shows that alfalfa contains a fraction over 18 per cent of crude protein. Young alfalfa cut five months after seeding contained the lowest per cent of protein and that cut after one-third of the blossoms had appeared contained the highest per cent. There is a very decided decline in protein from the time the first blossoms appear until the seeds form. There is much more profit in three early cuttings of alfalfa than in two over-ripe cuttings. The leaves are especially rich in protein and deficient in fiber, containing twice as much crude protein and one-fourth to one-half as much fiber as the stems.

How to Get Good Cows.

Every dairyman should rear his own herd. It is next to impossible to buy the best cows. Their owners know their value and will not part with them.

DEHORNING YOUNG CALVES

Is Easily and Quickly Done and the Operation Causes Little Pain—How to Use the Caustic.

Calves two to five days old are easily and quickly dehorned and the operation causes little pain, says the Farm and Home. Procure a stick of caustic potash and roll a strip of strong paper around one end to prevent the caustic from being burned. Slightly moisten the other end and rub the tip of the horn firmly for a half minute, or until the potash has made a slight impression on the center of the horn.

The horns should be treated in the same way two to four times at intervals of about five minutes. If, during the interval of five minutes after one or more applications a little blood appears in the center of the horn it will then be only necessary to give another very slight rubbing with the potash.

The points to be carefully observed are, not to moisten the stick too much or the caustic will spread on the skin around the horn and destroy the flesh. For the same reason keep the calf from getting wet for a few days after the operation. Be very careful to rub the center of the horn and not around the sides of it. The operation should not be attempted on a calf over eight or nine days of age. The caustic when hot in use must be kept in an air-tight bottle.

HOW TWO BEAUTIFUL WOMEN ESCAPED PELVIC CATARRH BY AID OF PE-RU-NA.

Female Weakness Is Usually Pelvic Catarrh. Pe-ru-na Cures Catarrh Wherever Located.

Mrs. Mable Bradford, 13 Church street, Burlington, Vt., Secretary Whittier Oratorio Society, writes:

"Pe-ru-na is certainly a wonderful medicine for the ills of women. I have heard it spoken of in the highest praise by many, and certainly my experience is well worthy of a good word."

"I began to have severe pains across my back about a year ago, brought on by a cold and each subsequent month brought me pain and distress."

"Your remedy was prescribed, and the way it acted upon my system was almost too good to be true. I certainly have regained my health and strength, and I no longer suffer periodical pains and extreme lassitude."

Mable Bradford.

Mrs. Lizzie Redding, 3134 N. Clifton Place, St. Louis, Mo., writes:

"I found after trying many different medicines to restore me to health, that Pe-ru-na was the only thing which could be depended upon. I began taking it when I was in a decline, induced by female weakness and overworked nerves."

"I began to feel stronger during the first week I took Pe-ru-na and my health improved daily until now I am in perfect health and enjoy life as I never did before."

Lizzie Redding.

Thousands of Women Cured Every Year by Correspondence—This is What Dr. Hartman Proposes to Do For You Without Charge.

Pe-ru-na produces clean, mucous membranes, the basis of facial symmetry and a perfect complexion.

The women who have not been slow to discover that a course of Pe-ru-na will do more toward restoring youthful beauty than all the doctors know to science.

Many a girl has regained her faded beauty; many a matron has lengthened the days of her comely appearance by using Pe-ru-na.

Pe-ru-na, a Natural Beautifier.

Pe-ru-na produces clean, mucous membranes, the basis of facial symmetry and a perfect complexion.

Treelley News.

Miss Annie Swanson has gone to Rush City to work.
Our teacher, Mr. Brown, spent Sunday in Pine City.
Carlos Johnson, of St. Paul, is visiting at David Andersons.
Adolph Drews moved to the Schwerman place last Tuesday.
Miss Nancy Magnuson, of Rock Creek, visited friends here last week.
Last Friday was Herman Smith's 23rd birthday, and the young people of the neighborhood surprised him. Everyone of them were there and had a good time.

As Heralded from Meadow Lawn.

Mrs. L. L. Furhmann Sundayed at home.
N. Lahart departed for Duluth Saturday.
School closed last Friday for a two weeks vacation.
Orson Scofield and son Oren drove over to Heaths Sunday.
Mrs. Lard and daughter Louise, of Pine City, are visiting at the Clyne home.
Miss Lizze Hamlin returned to her school Monday after two weeks vacation.

W. E. Lahart, of Sandstone, spent Sunday with his parents, Mr. and Mrs. Lahart.
Aca Scofield left for Flandreau, S. Dak., Sunday, to attend the funeral of his brother George.

Die-d-George Scofield, third son of Mr. and Mrs. Wm. Scofield of Flandreau, S. Dak., died Friday afternoon. The cause of his death was cancer. He was twenty years and two months of age at the time of his death. His life was bright and happy until two years ago when it was found necessary to amputate his right leg. He was able to be around with the use of crutches until last Christmas, and since then he had been confined to his bed. He leaves a devoted father and mother, two sisters and six brothers to mourn his loss. The sympathy of the entire community is extended to the bereaved family.

The best of everything in the building line is found at the Big Store.

West Rock Items.

Miss Jennie Eng has returned to Rush Point after spending the winter at home.
Pastor Rydell is at home again after a ten day's visit with old friends in Hector, Ortonville and other parts of the state.
Services were held in both of the churches here last Sunday. Rev. Werner, of Rush City, filled the pulpit in the Lutheran, and Rev. Rydell in the M. E.

The funeral of Mrs. John Anderson, of the East side was held at the M. E. church last Tuesday at one o'clock p. m. Our sympathy is extended to the bereaved.

The scholars and friends of School District No. 12 gave the teachers, Mr. Rideout and Miss Anderson, a very pleasant surprise last Friday evening. As a token of their appreciation and good will they presented each teacher with a beautiful gold watch chain, and we can assure you that both the gifts, and the spirits which prompted them were greatly enjoyed and appreciated by the recipients.

News From Birch Creek.

We are sorry to report the illness of Mrs. Jonas Paulson.
We send our thanks to Senator Felson for the vegetable samples just received.
We are having dreary weather up here now. There has been a drizzly rain for three days.

Miss Della Foster is teaching school up here now as is also Miss Agnes Chmelik. They arrived Saturday April 1.
We are pained to be obliged to chronicle the sad demise of Mrs. A. Larson, a bride of but five months. She died Monday evening at 6 o'clock of heart failure.

Messrs. Johnson & Franzar expect to start their saw mill running soon. Then watch the health and breakfast food companies gather around the saw dust pile.
The Young Peoples society of this place held an entertainment in the Swedish Lutheran church last Saturday evening. All those attending report having had a good time.

Business Men's Meeting.

At the request of all, I hereby call a meeting on Monday evening, April 10th, 1905, 8 p. m. at the office of the Pine City State Bank for the purpose of talking over and arranging of, if possible, business matters for the best interests of the village and of everybody, in business of any kind, in it. It is hoped that every business man in this place will be present. Remember the place and hour. Respectfully,
J. Y. BRECKENRIDGE.

Some Facts About Easter.

Only nine times in two and a quarter centuries has Easter fallen as late as it does this year. Only five times in this period has it come later in the spring than it does during 1905, and it is never possible for it to fall more than two days later than April 23, and only twice does it come on this day of the month. During this period it comes three times on April 24th, and four times on the 23rd. This year Easter Sunday will be celebrated on April 23rd. This is the latest date since 1886, when it came on April 25th, the latest date possible.—St. Paul Trade.

Paste This in Your Hat.

Let the following article, from an exchange, form an acquaintance with your think tank. Ten years ago a farmer put his initials on a silver dollar and went to town to spend it. Before the year was out, he got the dollar back for poultry and spent it again. Four times in six years that dollar came home to him for products, and three other times he heard of it in the pockets of his neighbors. The last time he got it in exchange, four years ago, he sent it to Chicago mail order house that has amassed \$1,000,000 selling third rate goods at first rate prices. He has not seen that dollar since and never will. That dollar will never pay any more school tax, or road tax for him; never help build up a town or community never bless or brighten the home of his neighbors. He sent it entirely out of the circle of usefulness to him."

Council Proceedings.

The Common Council met at the recorder's office at 8 o'clock, p. m. The meeting was called to order by the president. Members present, F. E. Smith, Pres; F. J. Rybak, R. L. Wiseman, C. H. Laing and John Stohli. Councilmen; and Frank Poferi, Recorder. The minutes of the meeting of March 6th were read and on motion approved. The following claims against the village were added, and on motion were ordered paid and the recorder was instructed to issue orders for the several specified amounts, to-wit:—

- E. E. Baron health officer salary year ending April 1st 1905..... \$ 50.00
- R. C. Schaefer salary as Village Atty..... 75.00
- City salary year ending April 1st 1905..... 75.00
- Pine City Mill & saw stand rights..... 5.00
- F. A. Johnson case of fire engine..... 5.00
- John Griffith man's claim..... 40.00
- F. Poferi recorder's salary stationery, and stamps..... 10.50
- Mr. T. Cook claim of T. Poferi blacksmith repairs..... 1.50

The recorder's financial statement and treasurer's financial statement were audited by the Board of Audit and were found correct. Recorder Poferi reported that he had seen M. E. Wegscheider regarding the Village dumping ground and on motion said site was designated as the Village dumping ground.
No further business appearing Council on motion adjourned until April 11th.

FRANK POFERI,
Recorder.

Principles for Consumption.
It has long been known by the natives of South America that the juice of the fruit of the ripe pineapple being of such an invigorating quality, will thoroughly destroy the germs of malaria, consumption and jaundice. A preparation known as Syron of Pineapple Juice (formed) prepared by Messrs. Wroth & Co., contains these essential qualities. It is sold by L. E. Breckenridge for 50 cents.

The Very Best Remedy for Bowel Trouble. No Family Has Affliction To Be Without It.
My regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as one of the very best remedies for bowel troubles; says Mr. J. W. Haskin, editor of the "Register," Orlinda, Ga. "I make this statement after having used the medicine in my family for several years. I am sure without it, no family can afford to be without it." Be sure to get the original bottle. It is certain to be successful sooner or later. For sale by L. E. Breckenridge.

Rheumatic Pains Quickly Relieved.
The excruciating pains characteristic of rheumatism and neuralgia are quickly relieved by applying Chamberlain's Pain Balm. The great pain relieving power of the ointment has been the surprise and delight of thousands of sufferers. The quick relief from pain which it affords is alone worth many times its cost. For sale by L. E. Breckenridge.
