## LOSES RIGHT ARM

Pine County Boy Injured While Working on State Fair Grounds at Hamline.

The acquaintances of Walter Ondenthal will be pained to learn of the serious accident which befell him at Hamline Monday evening. He is a son of Martin Ondenthal, who resides six miles from here on the Brainerd road.

An account of the accident was in Tuesday's Pioneer Press, as follows:

"Ondenthal, twenty-three years old and living at Pine City, lost his right arm while working at the state fair grounds shortly after 7 o'clock last evening.

"Ondenthal was learning to run an engine used to operate the derrick at the live stock amphitheater which is in the course of construction. He caught his arm in the fly wheel. He was jerked from his feet and his arm so mangled before the engine could be stopped that it was necessary to amputate the arm.

"Ondenthal was taken to St. Joseph's Hospital, where the operation was performed.

## North Branch Loses Game

Last Sunday afternoon a ball game was played between North Branch and Pine City. That is, the second teams from these two towns clashed. The riot started peacefully and ended the same way. Pine City won and we are forever happy until we lose, and then we'll call it an off day. At the close of the decisive ninth the score stood 8 to 5, and Dosey's cutters were elated over their success. The Branchites, however, will heal the wound by their bunting eye and then they'll take another fall at the Pine City boys.

Our elongated friend, Pete Edin, imagined he was attending a school picnic and chewed gum for the locate until his opponents couldn't see the ball. His receivers were Arthur—otherwise known as Red—Hoffman and Francis Harley; the latter also has a front name also. Both teams put up a fair specimen of what baseball really is, and well give a tabulated score were it not for the fact that our sporting editor had a bad attack of "lumbitis," which prevented his presence, probably.

Mrs. James Carroll went to St. Paul yesterday morning to visit.

## WILL SCREAM

Citizens of Pine City Have Decided to Celebrate July Fourth in Grand Style—Big Money Subscribed.

The mass meeting held in the village had Saturday evening, for the purpose of arranging for a Fourth of July celebration, proved a big success. It was a strictly harmonious meeting and enough enthusiasm was created at that time to at least last until the smoke clears away on or about July 5th. The eagle will scream as never before, nearly \$300 having already been subscribed for that purpose.

Major Dosey acted as temporary chairman and H. Wickstrom was the secretary. After the purpose of the meeting had been formally explained a committee of five was appointed to act as a general committee as follows: Douglas Greeley, Jas. Hurley, Wm. Lambert, A. Cranton and Otto Kowalek. D. Greeley was appointed chairman and Wm. Lambert, secretary of this committee, and Jas. Hurley was the unanimous choice for treasurer. The appointment of the following committees was then confirmed:

Advertising and Printing—W. P. Gottry, J. Y. Breckenridge John Huber.

Reception—Julius Dosey, F. A. Hodge, Ernest Dosey, W. J. Gottry, Breckenridge, Mrs. E. C. Dosey, Mrs. Hurley, Mr. and Mrs. H. H. Mekusick, Mr. and Mrs. R. C. Saunders, Mrs. Wm. Lambert, Mrs. Peter Engel, Mr. and Mrs. F. J. Rybak and Mrs. John Huber, Math. Prichard, John Steel.

Parade—D. A. Payne, John Wilcox, W. P. Gottry, Ben Hurley, Sportsmen—John Peter Engel, Mrs. Hurley, M. B. Hurley, Dr. A. Lyons.

Speaking—J. Y. Breckenridge, F. A. Wiley, J. J. Madden.

Fire Works—Robt. Derr, J. Y. Breckenridge, Robt. Wilcox.

Music—I. H. Claggett, E. Dosey, Carl Brandes.

The committee appropriated \$25 to be used by the advertising committee, and the publicity agitators have already lifted the spots from the long green in order that the rest of the country will know that Pine City will be a splendid place in which to celebrate our Natal Day.

The general committee will meet at the village hall tomorrow (Saturday) evening at which time it is expected that all sub-committees will report.

## JUNE WEDDINGS.

Two of Our Popular Young Couples Are Joined in Wedlock—Bigler-Heywood Nuptials at Rush City.

## ERICKSON—WHITE.

Last Sunday evening at half past eight o'clock occurred the marriage of Miss Theresa A. Erickson to Gilbert W. White. The wedding was a quiet home affair and was witnessed only by the immediate family. Miss Lottie Burhite, of Minneapolis, and Artemus Buttrick, now of Duluth, stood up with the principals. Rev. J. J. Parish, of the M. E. church, tied the nuptial knot.

The bride and groom are well known and highly respected by a large circle of acquaintances. The former is the only daughter of Mr. and Mrs. Chas. Erickson. She has taught school in various parts of the county, and just previous to her marriage was employed as clerk at the court house. The groom was station agent at this place for a number of years, but now has a position as traveling auditor for the N. P. Ry. Co.

Mr. and Mrs. White will make their home at Wadena, Minn. They have the best wishes of all their friends.

## BIGLER—HEYWOOD.

A pretty wedding was that held in the Church of the Sacred Heart at Rush City Tuesday morning. It was there and then that Miss G. Kahler Bigler and John Heywood spoke the words that made them man and wife. The ceremony occurred at 9 o'clock and Rev. Fr. Kennedy was the officiating clergyman. The bride looked entrancing in a beautiful gown of crepe du chene. The bridesmaid was Miss Mayme McLaughlin, a cousin of the groom, and she was attired in a dress of dotted Swiss. Both carried pink and white roses. The groomsmen was Frank Heywood, brother of the groom. Miss Agnes Hurley played the wedding march and Miss Bessie Lamberts rendered a vocal selection.

After the wedding the bridal party came to Pine City and repaired to the home of the groom's parents where a wedding breakfast was served to relatives and a few intimate friends. The rooms presented a fine appearance, decorated as they were, with peonies, snow balls and ferns. Many beautiful and valuable presents were tendered the couple.

The bride has held the position of book keeper at the "Big Store" for a number of years past. She is an accomplished young lady of a literary turn of mind. The groom is now employed as baggage master at the N. P. Ry. He was formerly an employee at the "Big Store" where he met the young lady of his choice. They are highly esteemed by their many acquaintances who wish them much joy and a pleasant journey o'er the sea of matrimony.

Mr. and Mrs. Heywood left for the home of the bride's parents at Chippewa Falls, Wis., on the "limited" Tuesday afternoon to spend their honeymoon. Mrs. Heywood will return to her duties in the "Big Store" upon their return.

They will return in about two weeks, and be at home after July first in the Ardmore residence.

## DIES IN OREGON.

Word was received this week from T. A. Bartlett, of Bartlett, Oregon, announcing the death of his father, Darwin, which occurred Monday, May 28th 1906. Mr. Bartlett was born in Maine, and was 84 years old the 12th day of last March. He was one of the pioneers of Pine County, coming here when this country was the home of the "noble red man" and started the farm at the head of Pokegama lake, which still bears his name. He left here with his son for Oregon about four years ago. The funeral was held from his home in Bartlett, Oregon on Decoration Day.

The general committee will meet at the village hall tomorrow (Saturday) evening at which time it is expected that all sub-committees will report.

Frank Hanson was up from Rush City Sunday.

## DROWNED IN CREEK

A Bohemian Boy Loses His Life While Swimming in Pokegama Creek—Accident Occurs Near Beroun.

James Lomax, 18 years old, lost his life Sunday afternoon while attempting to swim in the swollen waters of Pokegama creek. He was a step-son of Jos. Krofta, who resides three miles west of Beroun.

The lad left his home between 12 and one o'clock Sunday, informing his mother that he was going out to catch minnows. His intentions were probably all right, but the temptation to take a dip in the deep was too great, and he and five companions went to a point on the creek about a mile and a half from the Krafft residence. There the fatal took place. The victim's companions were younger than he was, and they warned him not to go out where it was too deep but he got out where the current is swift and the water deep. He sank a couple of times and was carried down stream.

Frank Kozaek, one of the party of boys, ran and informed his father and then ran on to break the news to the Krofta folks. Joseph Kozaek found the body hanging to a snag, about a hundred yards from where the boy first went down.

Besides a step-father, he is survived by a mother, three sisters, two brothers and two step-brothers. The funeral was held at Beroun Wednesday morning, Rev. Fr. Koerner, of this place, officiating.

## A POPULAR SPORT.

Pine City has got the launch fever and it's got it good at that. The immense amount of water about here makes the sport delightful, and it is natural that the fashion of being a launch owner should prevail.

Up to date, there are 19 gasoline launches in these hereabouts, and the proprietors of the crafts are: P. W. McAllen, two; H. W. Harte, Goldberg & Anderson of Cambridge; Robt. Harle, R. P. Allen, F. E. Smith, Jon. Wilke, H. J. Rath, D. Greeley, Peter Engel and Abe Swanson, M. B. Hurley and M. J. Hurley, Pokegama Sanatorium, J. H. Huber, L. P. Strandhen, Henry Hoefner, J. J. Folsom, J. A. Peterson, W. P. Gotttry.

Others of the more important boats are: McGrath's tug, appropriately named—"The Dirty Bess," and Inman's passenger steamer, "Nyarca;" and J. T. Miller will soon have a gasoline boat at sea that has every appearance of a flyer. L. H. Claggett's sail boat, "Flyer," the Pokegama Sanatorium sail boat, and the Tuxedo sail boat, all, are deserving of mention. Mr. Zastrow's catamaran is also capable of keeping up with the procession, it being a gasoline passenger boat of quite large capacity. Now, if the "Tuxedo Bell" was only in commission with its reliable gait and robust whistle, we could rest by testifying that we feel at home with her plying up and down stream. But, perhaps the "big boat" has served its purpose as there is a likely aggregation of craft to take

Added to this list are a few "fishing smacks," canoes, and any number of small row-boats, and if the summer season is not one round of delight on the water ways of Pine City it is because the denizens of the burg do not take advantage of their rare surroundings.

## SKELETON FOUND.

While down on the St. Croix near Sunrise Sunday, the 3d inst., Jerry Collins and Alex Wyman ran across the skeleton of a man. The discovery was made on a small island in the middle of the river, and it is presumed that the remains are those of some unfortunate log driver who was drowned some years ago. The skeleton laid on the Wisconsin side of the river and the authorities of that state were notified.

Aug. Wickstrom was at Beroun Saturday.

# PACKING HOUSES ARE CLEANING UP

PRESIDENT SENDS REPORT TO  
CHAIRMAN OF HOUSE  
COMMITTEE.

Confidential Agent of Executive Tells  
of Improvements Being Made in the  
Workrooms of the Big Plants at  
the Stockyards.

Washington, June 9.—In response to a request from the house committee on agriculture, the president has sent over Friday forward to Representative Wadsworth, the chairman of the committee, the report made to him by a committee of the department of agriculture regarding conditions in the Chicago meat packing houses. A communication from the president, a letter from the president, in which he points out that there is no conflict in substance between the Neill-Reynolds report and that of the agricultural department experts.

The president quotes a letter received from the most competent and trustworthy witness in Chicago to the effect that the packing houses, prior to the Neill report, were manifesting almost "a unanimous haste to clean up, repair and even to plan for future changes." New toilet rooms are being provided, with additional dressing rooms, and clean towels. The report says that "the haste towards reform would have been imminent if it were not so nearly tragic."

Following is the text of the letter of the president to Chairman Wadsworth:

#### Text of President's Letter.

"In accordance with your request I send you herewith the two reports of inspection by the committee appointed by the department of agriculture of April 5 and 12. This committee had authority to make such investigation as the secretary that I desired that such a commission should be appointed in order to make the investigation. Subsequent complaints to me and the consideration of complaints already made showed that the charges were not only against the packing houses, but also to a certain extent reflected upon the action of the government inspectors, and I came to the conclusion that it was best to have an investigation by qualified individuals who could be charged with bias in any way interested in the matter."

"Some of the ground traversed by Messrs. Neill and Reynolds is not touched upon in the report of the committee of the agricultural department, but inasmuch as the same is common by the reports of the two investigating committees, there is no conflict in substance as to the important matters."

"To show the immediate and extraordinary change in the betterment which the result of their investigation is already bringing about in the condition of the packing houses in Chicago, it is only necessary to instance the following portions of a letter received from a most competent and trustworthy witness in Chicago:

#### Acknowledgment of Packingtown.

"On Monday I took a tour of all the big packing houses going first to Libby's, then to Swift's."

"Tuesday, all the morning discussed changes that ought to be made, and caught a glimpse of the awakening at Armour's, the afternoon, the arrival of the press with the completed report."

"Wednesday I rested and contemplated the 'awakening of Packingtown.' It is miraculous. Thursday did Neison Morris, with the superintendent. • • • Neison Morris has done much for the town, and the next time the next meeting of party arrives the will have still more new lavatories, toilet rooms, dressing rooms, etc. Cupidors everywhere, and signs prohibiting spitting. In most, the awakening seems to come by degrees. The result. There was an absolute indication that the 'still small voice' was at work also."

#### Notices Improvements.

"On every hand was indication of an almost humorous haste to clean up, repair and even to plan for future changes. Brand new toilet rooms, new dressing rooms, new towels, etc., etc."

"Swift's and Armour's were both so cleaned up that I was compelled to close them on their way, by expressing my pleasure at the changes. The managers were very apologetic when they had to give out and light, that is to have dressing rooms, etc. I asked for showers and lockers for the eating workers at Armour's, and got a promise that they would put them in."

"The cleaning and stuffing room, ship beef and beef extract at Armour's seemed really quite good. In all of these rooms the girls work."

"At Libby's the girls are to be put into a blue calico uniform, which they will be given half price for. The coats, which they say are temporary, and that when the building is remodeled they will have them in a better place."

"The haste towards reform would have been amazing if it were not so nearly trifling."

"I tried to win my way on the ground that loss of foreign trade would mean hardship for the workers in my neighborhood, and I meant my I do share this fear, but I cannot see the wisdom of my own indications of and saying that the final indications of me are for I want the changes to be radical and permanent, even though we all have to suffer for the present."

# THE FOUR CONTINENTS.

## Handsome Groups of Sculpture Which Adorn New York Custom House.

New York.—The new custom house, which is being erected on Battery park, in this city, is adorned with four groups of sculpture by Daniel Chester French, representing the continents of Europe, Asia, Africa and America.

The groups are carved of American marble from the quarry of Tennessee, which is said to be the finest in the world.

French, who was born in Boston, Mass., in 1850, is the only American in his work than any of our other living sculptors. He was largely self-educated, and did not study in Europe until after he had made his reputation in this country by his "Minuteman," which he designed for the town of Concord in 1873.

The four groups of the continents presented are characterized equally by

and on the other by a don. In the background we glimpse a mysterious figure suggesting the unknown future possibilities of Africa.

Europe is a royal figure, proud self-confident, holding a spear in one hand as befits the reigning queen of the world in commerce, art and literature. Her left arm is resting upon a book supported by a globe, and her right hand grasps the prow of a ship, emblematic of the commercial importance of maritime commerce. Her robes are decorated with reliefs from the Parthenon and her robes are embroidered with the arms of many nations. Upon her head she wears the crown of the city and behind her is the Roman inscription "Eiusmodi sunt omnes." In her left hand she holds a lily.

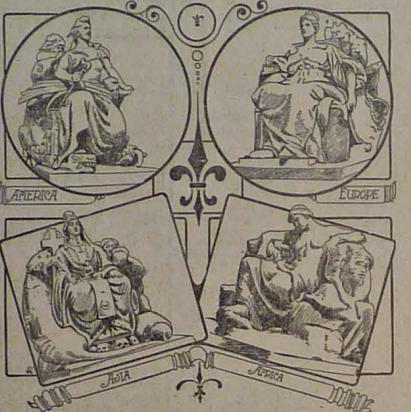

Asia is a woman holding a shield with the arms of the entire continent.

She is a stately figure, holding a spear in one hand and a bow in the other, with a quiver of arrows at her side.

Africa is a woman holding a spear in one hand and a bow in the other, with a quiver of arrows at her side.

America is a woman holding a shield with the arms of the United States.

The four groups of the continents presented are characterized equally by

FOUR GROUPS WHICH ADORN NEW YORK CUSTOM HOUSE.

boldness and effectiveness of outline and carefulness in the execution of the symbols of dominion.

America is represented by a figure full of activity, looking steadfastly forward, alert and ready for action, seated upon a rock with the torch of Liberty in her right hand and the American eagle by her side. Behind her is a lion, holding a spear in its right paw.

Europe is a woman holding a spear in one hand and a bow in the other, with a quiver of arrows at her side.

Asia is a woman holding a spear in one hand and a bow in the other, with a quiver of arrows at her side.

Africa is a woman holding a spear in one hand and a bow in the other, with a quiver of arrows at her side.

The fourth of the groups represents Asia, the mysterious mother of all great religions of the world, with the passive and inscrutable face of the east.

In her lap is the image of Buddha, the Lion of Asia, over which is wreathed a serpent and from her right shoulder shimmers the golden cross of Christianity.

Her right hand holds the Sacred Lotus, around which is wreathed a serpent and from her left hand hangs a scroll on which is pictured the Buddhist Wheel of Life.

Both hands are held protecting over the figure of Progress, who, in motion, and holds in his left hand a mace, a symbol of the power of the mutual aid which, in the country more than in any other, science and industry have given each other.

In marked contrast to the alert attitude of America is the sleeping figure of Asia, the kind of dreamer who is not an ethological portrait, but has a suggestion of the negro in the features, attitude and the modeling of the hands and feet. The reclining figure of the dark continent is supported on the one side by the ancient and weather-worn Sphinx,

laid crown on it and poring over scroll, while at her feet is a scroll of the crowns of the nations which are scattered.

The retiring Justice was 70 years old when he became a member of the bar in January, 1881. Previous to that year he had been United States judge for the Eastern district of Michigan, from 1875 until 1890.

Announcement:

To the Voters of Kandace, Chicago,

At the solicitation of many of the

representative citizens of this legislative

district, but more especially at the

earliest request of many of the voters

of Kandace—my home country, I hereby

announce my candidacy for the nomi-

nation, at the coming republican

primaries, as one of the representa-

If nominated and elected I shall en-

favor of and shall advocate and vote

for the so called reciprocal demurrage

the poorer classes bear more than

their share of the burdens of taxation.

I believe that Knute Nelson has

vote for his re-election.

Relief is Possible

It is possible to obtain relief from  
chronic indigestion and dyspepsia by  
the use of KOROR for Dyspepsia.  
Some of the most hopeless cases of  
long standing have had relief by  
simply taking the food to which you eat  
and exercising a corrective influence,  
building up the efficiency of the di-  
gestive organs. The study is to be  
done in the kitchen, and that is made  
that keeps up your vitality, health and  
strength. Koror digests what you eat  
and takes away the waste products of  
the body in condition to do the work  
nature demands of it—gives you relief  
from digestive disorders, and puts you  
in shape to do your best, and feed  
heavily. Sold at L. E. Breckenridge's

How to Break Up a Cold  
It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days time. The first symptoms of a cold are a dry, hard cough, a profuse watery discharge from the nose and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour upon the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. A North Dakota newspaper is sending postals to the fraternity warning against certain tramp printers that are going the rounds. A newspaper office makes a mistake when it has any dealing with such specimens as these. It has been our experience that a printer who is good for anything will always have employment and that the average "tourist" printer is either an incompetent, a sot or a crook. Many of them have all of these characteristics.—Anoka Herald.

Watch for the foot race between P. W. McAllen and Wm. Lambert. The big attraction is billed to occur on the Fourth of July, and will be a handicap affair; Lambert agreeing to carry enough to make up for McAllen's greater weight.

The little children took their different parts very nicely, and the older and more seasoned participants did credit to the school and program.

At a meeting of the Bohemian Workmen Sunday afternoon John Stochl, John Fisher and Frank Karas were delegated to represent the lodge at the Flag Day meeting which will be held in St. Paul Sunday, the 24th inst. The occasion will be one of the big days in the history of the lodge.

J. A. Peterson is right in line with a new gasoline launch. The boat arrived Tuesday evening and was launched Wednesday afternoon. It is twenty-two and a half feet long, has a beam five feet and eight inches, and is impelled by a five and half horse power engine. The boat is roomy and is nicely finished. It was built at the Moore boat works, Wayzata, Minn.

Contractor Ardner has the Volney building about ready for the plasterers. The building is a two-story, steel sheeted one and very imposing, adding much to the appearance of the block. A brand new cement sidewalk is now completed in front of the residence properties of L. H. McKusick and F. J. Rybak and the good work is being continued east in front of the Wm. Rice and Wm. Tierney residences. This will be the most complete string of cement walks in the

village, making an almost continuous line of cement from McKusick's southwest corner lot to the Pat Conner block and thence north to the Pioneer office. This place is gaining much praise for its beauty—excellent sidewalks, beautiful shade trees and well appointed residences, and for its splendid watering places. The town is a delightful place to live and the cement sidewalks are playing their part to perfection.

The much talked of grand opening of the Island Hotel and Summer Resort will be held at Pokegama lake to-morrow (Saturday) evening. Every body in Pine City and vicinity has a standing invitation to be present. Boats will be at the dock, and passengers will be transported free to and from the resort.

Bert Barnum and Wm. Sweeney went to Pokegama lake Monday, remaining over night and returning Tuesday. But that isn't all! They have a both matured fish story which they both heartily endorse—under our oath! The story is so simple that even Sunday school scholars are not prohibited from believing it. The gents caught a pile of fish at the mouth of the lake, so many in fact that they tired after counting 17 cormups, 6 fine wall eyes and 58 perch. They brought home about forty pounds, part of which they fed to the neighbors.

With a big hurrah and a brass band, the Jacobson delegations from Lac Qui Parle, Yellow Medicine, Lyon, Renyville, Chippewa and Redwood counties passed through this place on Monday's "united" bound for Duluth to attend the republican convention. One of the cars had a large banner on either side on which was inscribed, "Jacobson for Governor." The party included about fifty of Mr. Jacobson's fellowtownsmen from Madison, and the band accompanying them was the Madison Cornet band. While at the depot here the band tooted some of its "Hurrab" campaign music.

Frank Cort, who has a position at Duluth, spent a couple of days last week with his parents-on-the Brundt road. He left Monday for St. Paul to visit.
