OFFICIAL CANVASS

The Result of the Official Count Discloses Nothing New—Twenty Ladies Vote—Fifteen for Public Ownership.

In the official returns made by the county board nothing new and startling is brought to light. It was found that twenty ladies voted for one man, viz. For superintendent of schools. It also demonstrated that woman suffrage has not become established in this county and is not a success unless a woman aspirant is in the field.

The public ownership candidates for congress, Geo. F. Peterson, managed to secure out fifteen of his fellow believers. This, however, did not put down Bede's flattering endorsement of 857 votes as against 243 for E. L. Millar.

The result of the official count follows: State Senator—Nelson, 551, Johnson, 399, Stone, 160. Although Nelson carried Pine county, Johnson in the counties, having carried both Chisago and Kanabec. The vote of the candidates over the district is Johnson, 2424; Nelson, 1206; Stone, 462.

Representative—Henry P. Webb, 883; Henry Rimes, 498; C. F. Serline, 368. The count of the district shows Webb and Rimes the victors with votes of 2636 and 2183 respectively. Mr. Serline's vote was 1931.

Auditor—Rep., Sandwick, 668; Craggett, 404. Dem., Hamlin, 258; Lambert, 152.

Attorney—Scott, 483; McKusick, 456; Roberts, 258.

Treasurer—Perkins, 992.

Reg. of Deeds—J. H. Wandel, 990.

Sheriff—Hawley, Dem., 360.

Judge of Probate—Wilcox, Dem., 354.

Supt. Schools—Blankenship, 1,008.

Coroner—Wiseman, 955.

Surveyor—John H. Mullen, 970.

Commissioner, 1st Dist.—J. S. Foster, 129.

Commissioner, 3rd Dist.—A. Parish, 343.

The following towns contributed the public ownership vote: Dell Grove, 3; Kettle River No. 1, 5; Kerrick, 3; Norman, 1; Sandstone, 3; Finlayson Vill, 1.

Reminds Us of a Story.

Some of the insurgents who recently waged a crusade against Congressman Bede and who got gloriously trounced are consoling themselves by saying, "Well, if we did not win out, we gave Adam a good scare and made him feel mighty uncomfortable for a while."

This reminds us of the two boys living on adjoining lots who had frequent scraps, and one of whom was always getting the worst of it. Finally, one day after they had had a fistfight, the defeated one, while wiping the blood of his nose came up to the fence separating the two premises, and shouted to his victorious antagonist who was on the other side, "Well, even if I can't lick you, I can at least look through the fence and make mouths at your sister."

So, the disgruntled insurgents, even though they could not defeat J. Adam Bede, console themselves by saying that they did succeed in making him feel "uncomfortable." What a gross satisfaction that must be. What a noble and manly thing it must be to make a man feel "uncomfortable."—Duluth Tribune.

A. W. Tuttle, representing the Monarch Co., at Smith's hardware store this week, is not only a good demonstrator and salesman, but has impressed the writer of his being somewhat of a wag. We were busily engaged in putting some of the hot bleach and coffee where it would do the most good when he volunteered the information that there had been six farmers in town that day. He went further by stating that five of these had chosen their housekeepers' hearts by purchasing Monarch ranges, while the last one was resting uneasily in the calaboose. Mr. Tuttle expects to be in Nebraska next week, but the sale of Monarch ranges will go on just the same at Smith's.

COURT PROCEEDINGS

Several Jury Cases Disposed of—Mrs. L. M. Barry Recovers \$152.75 for Damage to Millinery Stock.

The regular September term of the district court terminated yesterday afternoon after being in session since Tuesday. Judge Crosby presided.

The case of Ferdinand Zastrow vs. J. W. Neuhauer resulted in a verdict for the plaintiff in the sum of \$22.48. Mr. Zastrow sued for \$25.

A case against F. L. Denny, of Sandstone, was dismissed.

A verdict was returned in favor of Mrs. L. M. Barry in her suit to recover damages wrought her stock of millinery at Sandstone. The building in which the stock was contained belonged to E. L. Denny. Mrs. Barry brought suit for \$275 and the verdict awards her \$152.75.

Carl Helm won his suit against Henry Schmebl. The plaintiff sued for \$100 and interest and recovers \$107 by the verdict rendered.

On motion of the defendant the court granted the dismissal of the personal injury suit of Frank D. Hyatt vs. P. S. Murray, William G'Brien and Fred Luchinger.

Always Appropriate.

Some poet or other mentions a young man as being one in which a particular time's fancy lights turns to thoughts of love," but all seasons are appropriate for the intelligent people of this thriving northern city to turn to thoughts of a first-class range, and they instinctively head for F. E. Smith's hardware store and allow the company's agent to show them the wonderful "Monarch Malleable Iron and Steel Range," made at Beaver Dam, Wis. This range has the only duplex or double draft made on any stove, a handsome polished malleable top which turns blue after heating, and is guaranteed not to crack, warp or break, and never requires polish; a large, practical, non-bleed flush top reservoir on right side, or portable reservoir on left side, a ventilator in the oven, effectually preventing rust, an enclosed ash pan, with door of ash pit independent of pan. Call and see this wonderful range and receive your choice of a \$7.50 set of cooking utensils or a 59-piece dinner set with every range sold this week. Call and get a cup of drip coffee, and biscuit baked in the Monarch oven, almost like a pie; and remember that this range took two gold medals and the highest award at the Portland Exhibition last fall.

Pure Seed Contest.

The Pure Seed Contest proved to be one of the most interesting of the big tent at the Pine county fair.

County Supt. R. H. Blankenship was in charge of the display, and Prof. Bull, of the State Agricultural School, awarded the prizes in behalf of the state. The prizes in each of the classes consisted of \$5.00 for first, \$3.00 for second, and \$2.00 for third. The following were winners:

NOTES OF THE FAIR

Some of the Things The Pioneer Observed While Mingling With the Crowd at the Pine County Fair.

The weather man was very unfair on the first two days.

Rock Creek won the ball game from a nine of Pine City juveniles—11 to 9.

The Guthrie family seemed to especially please those in the head banded row.

The Rush Lake band and the Mc Kay brothers, of Hinckley, discouraged the music for the dance Friday night.

D. Gresley, the genial secretary, has been busy the past week making out orders for the successful exhibitors.

Saturday was an ideal fair day but the inclement weather of the two preceding days put a damper on the attendance.

Robt. Derr presents an inspiring figure in the judges' stand. The megaphone operators also tendered their share of inspiration.

The Hinckley band boys stopped off here Friday en route from an engagement at the Chicago county fair. They were the guests of the association at the grounds.

School teachers and school attendants were there in all their glory on Saturday. Saturday was children's day—which probably accounts for the uncovering of Old Sol.

The principal attractions in the big tent were the hardware exhibits by Messrs. F. E. Smith and J. LaPage, and an excellent display made by the Pine City Mercantile Co.

The horses and cattle attracted a great deal of attention. A fact which shows that the average Pine countyite is interested in one of the best of the diversified vocations of this particular section.

Wilson Hovey had the pulps on all orders in the poultry exhibits. Messrs. Ziegler, Zimmerman and Knutson each had entries that were first-class in every respect. Ponds of Linwood Point, also had a good showing of blooded toms.

Horse racing was almost prohibitive Friday on account of the wet condition of the track. A number of fairly good running races were pulled off Saturday afternoon.

The trotting race between horses owned by Joe Neuhauer, M. A. Soderbeck and J. M. Collins resulted, from first to last, in the order given.

President Breckenridge opened

the exercises Friday by a short address, which was followed by Attorney R. C. Saunders. Mr. Saunders introduced the speaker of the day, U. S. Senator Moses E. Clapp, who gave no set speech, but talked interestingly throughout, though briefly on account of the threatening weather.

"Don LITTLE Cherman Band," attired in nobby suits and plumed caps, kept the erowds in good humor with old country rag-time and other favorite selections. Rush Lake is to be congratulated for making so good a musical exhibit and the band boys returned home with the "premium" and the well wishes of the association.

The comparatively large crowd of Saturday greeted Congressman Bede's speech with much applause. His effort was along political lines and a little agricultural and stock breeding. He naturally denounced his defamers of the recent political battle, and gave rise to his feelings of gratitude towards his many loyal friends in this, his home county.

The fine arts departments were never better. The floral hall was constantly the center of attraction. Paintings by Mrs. L. H. McKusick, Wm. Poole and Fred Jumer received meritorious comment, and the burnt wood work called forth words of praise. Pine noodle work, essays, etc., were the source of many bouquets. The horticultural display in the same building was very good.

The live stock pens were not all filled, but this did not detract from the attention paid this department of the fair. J. A. Profit, of Mission Creek, had on exhibition a boar which weighed 590 pounds. It is two years old; when five months old it weighed 290 pounds. Mr. Profit also exhibited a pig 2 months old which tipped the scales at 90 pounds. A large herd of sheep filled one of the pens.

Lee Webster had charge of the Hinckley exhibit. The exhibit was attractive and consisted of seven-foot clover, ten-foot corn and ears, perfectly bleached coffee, yellow plants, sun flower heads, some six plants, sun flower heads, some six and seven agricultural prizes. It was a showing such as any community might be proud of inasmuch as the exhibit was not prepared until "at the eleventh hour."

DYNAMITE BLAST FATAL TO SEVEN

LATEST REPORT FROM JELICO, TENN., DISASTER LOWERS FIRST ESTIMATE.

Property Loss May Exceed \$500,000.—Work of Rehabilitating Town in Progress.—Mayor of Stricken City Issues Statement.

Jellico, Tenn., Sept. 24.—Revised estimates of the dead in consequence of the terrible dynamite explosion at this place, show only seven fatalities instead of 22, as was at first believed. Five of those reported dead are still lying, but are believed to be fatally injured. The known dead are: John Cook, Joe Sellers, Walter Rodgers, Geo. Abitia, Jay Reynolds, John G. Gordon, colored, and a Syrian, whose name has not been learned.

The list of injured numbers fully 100 and about 20 of these are so severely wounded that some of them may die. The property loss is conservatively estimated at less than half a million dollars and may exceed that figure.

Citizens of the town have begun heroically the work of rehabilitation and it is now believed they will be able to cope with the situation without the necessity of outside aid.

Aid Offered Stricken Town.—Mayor R. B. Baird, of Jellico, Tenn., has received many letters and also telegrams from all parts of the country, volunteering aid to the stricken town. It being impossible to respond to these inquiries singly, Mayor Baird has asked the press to circulate this general statement in response to offers for aid.

Jellico, Tenn., Sept. 22.—To the Public: It is impossible to describe in words the havoc wrought by this explosion. Buildings of all kinds are smashed. Many of them are totally wrecked. There are very few windows in the whole town left, and on Main street the roofs are torn and stocks of goods are left exposed to the weather. Nothing like a careful estimate has been made of the property loss.

"Up to this time eight to ten persons are reported dead. There were 100 to 200 injured by falling walls, or timber and by flying debris, but a small per cent of the injured are serious. The people are behaving well and the work of cleaning up the town and getting ready for business has actually begun."

"We feel grateful for the offers of assistance which are coming in from all parts of the country, and to express our appreciation of the sympathy which we can handle the situation without outside help, and if we can, we prefer to do so. The National bank had to suspend operations for one day, but it is running again as usual, but without any front to its office, and its whole building is a very dilapidated state. The mercantile houses are cleaning up and arranging their stocks, and in a few days will be doing business as usual."

BISHOP WOULD FIGHT SULTAN Declares World Has No Need for Turkish and Russian Rulers.

Interprising, Mich., Sept. 24.—Bishop C. C. McCabe, of Philadelphia, who is presiding over the session in progress here of the Detroit M. E. conference, on a sermon Sunday in the First M. E. church on "Religious Liberty," said that he would like to see war declared against the sultan of Turkey. He told of the persecutions and outrages practiced on Christians in Turkey, and of ill treatment accorded Jews in Russia and then caused almost general applause.

THE NEWS IN BRIEF.

KILLED IN A RAILWAY WRECK

A PASSENGER TRAIN ON M. & ST. L. ROAD COLLIDES WITH SWITCH ENGINE.

Five Men Killed Outright and Three Others are Fatally Injured. More than a Score are More or Less Bruised.

New Prague, Minn., Sept. 25.—The Minneapolis & St. Louis Passenger Train No. 2, which left Minneapolis at 8:30 Monday morning ran into a switch engine at New Prague shortly before noon and as a result five persons are dead and twenty-five others seriously injured.

The dead are: Elford D. De Marais, Minneapolis, traveling salesman for Wyman, Partridge & Co. Frank Brown, St. Paul, traveling salesman for Foot-Schultz Shoe company.

George E. Klinkert, St. Paul, traveling agent Galtman Shoe company. Arthur Kilmier, Albert Lee, fireman.

Frank Wrabeck, a small boy who was riding on the switch engine was killed. The other fatalities occurred in the smother.

The dead and injured were cared for by the people of New Prague, who responded at once to the cries of assistance that were heard throughout the town. Most of the dead and injured are from Minneapolis people, there being a large number of Twin City travelers among the passengers who were on their way to points in Southern Minnesota and Iowa.

The wreck occurred at 11:20 a. m. The passenger train was fifteen minutes late and was running at a high rate of speed. Rounding a curve near the center of the town, Engineer W. C. Prescott saw the switch engine on the main track just ahead of him. Seeing that a collision was unavoidable, he and Engineer Elmer Adams jumped from the cab and escaped serious injury.

The engines came together with a crash that was heard throughout the town. Both engines and the mail coach and smoker of the passenger train were demolished. The mail and baggage coaches which were immediately behind the engine, were pushed into the smoker, telescoping with it and crushing the passengers in the smoker against the rear end of the car. It was in the smoker that four men met death. C. J. Tierney of St. Paul, the conductor in charge of the train, was painfully hurt and H. D. Mathews, express messenger, had his face cut and leg injured. The engineer and fireman escaped injury, but Engineer Thomas McDonald of the switch engine was seriously injured.

The passenger train was made up of seven coaches. The mail and baggage coaches followed the engine and then came the smoker and the other four coaches. The smoker was completely demolished and the fifty or more passengers received only severe bruises.

Mr. De Marais, who was a traveling salesman for Wyman, Partridge & Co., was sixty-five years old and was a veteran of the Civil war. He leaves a wife and five children. T. S. De Marais of Duluth, L. G. De Marais of St. Paul, T. De Marais of Minneapolis, Mrs. F. W. Moore of Grandville, and Luella De Marais of Minneapolis. He has worked for Wyman, Partridge & Co. continually for eighteen years, his regular run being from New Prague to New Ulm.

The two Motriuchs and O. L. Peterson who were among the injured were able to return to Minneapolis last evening on a Minneapolis & St. Louis train.

McClintock is nominated in the second, but his majority is cut down to 1,200. Bede wins out nicely in the Eighth with a majority of nearly 4,000. Stevens wins over Rogers by a vote of 9,142 to 5,646 in Ramsey county and also in the surrounding in the other two counties. In Minneapolis the count is not completed, but Frank M. Nye has a lead of 1,000 over Rogers. H. Hall are running about even and W. D. Washburn far behind.

Timber Sale.

Duluth.—Over a million feet of timber will be offered at the annual sale of state timber which the state board of lands will hold here on Sept. 24. A complete list of the timber was ready for distribution yesterday.

Most of the timber is in the east and St. Louis county. The amount is not much more than last year's sale. Last year the total sale of state timber was sold at high prices. The amount last year was a record. A complete list of the timber was ready for distribution yesterday.

Mother and Tet Burned.

Montevideo, Wis., Sept. 24.—A two-year-old baby in her arms and her clothing enveloped in flames. Mrs. R. H. Ackley rushed out of her home screaming for help. Neighbors quickly ran to the woman and took the child out of her arms. The flames were quickly extinguished. Mrs. Ackley was severely burned.

Mrs. Ackley was preparing to clean some clothes and had placed a pan containing water and gasoline on top of the stove to heat. After the pan had been heated for some time Mrs. Ackley lifted the stove lid to replenish the fire. Instantly there was an explosion and the fire spread to the room.

Minneapolis.—By order of members of the park board the smallest of the three bears at Minnehaha Park was shot yesterday morning. The bear had been sick for some time and all hope of curing it of its malady had been given up.

The fate of the other animals in the zoo at Minnehaha will remain undecided until after the conference between the park board and the Minneapolis Humane society is held tomorrow. It is generally believed that the decision will be in favor of disposing of the remaining bears and all of the smaller bears and abandonment of the zoo. Most of the members of the humane society prefer to retain the deer, elk and buffalo, and it is believed that this will be found to be practicable.

Although the bear which had been playing on the floor, fled to the yard. It is thought she will recover.

Burglars and Strays.

Crookston.—It is now believed that the gang of burglars and safecrackers who have been operating in this part of the state go from town to town by means of a railroad trolley which they have in possession of in some manner. This gang completely threw off the scent of the bloodhounds which have been used in a number of instances in an attempt to trace the robbers. Two men who were seen in Mentor just before the robbery of the later going down the railroad tracks on a trolley which looked as if it might have been homemade. Chicago, E. C. of this place states that it is his opinion that the robbers have a contrivance of this sort which can be taken apart and set up again with little trouble, and that they thus go back and forth on the railroad with little fear of pursuit.

News Notes.

St. Paul.—The tourist business to the north end of the island, which has been in operation in this part of the state for some time, is now being operated by a railroad trolley which they have in possession of in some manner. This gang completely threw off the scent of the bloodhounds which have been used in a number of instances in an attempt to trace the robbers. Two men who were seen in Mentor just before the robbery of the later going down the railroad tracks on a trolley which looked as if it might have been homemade. Chicago, E. AROUND THE BASES

"Cap" Anson's Story of His 1886 Champions.

Capt. Anson, in his book entitled "A Ball Player's Career," published in 1900, says:

"The team that brought the pennant back to Chicago in 1885 and 1886 was in my estimation, not only the strongest team that I ever had under my management, but, taken all in all, one of the strongest teams that have ever been gotten together in the history of the league, the position of left field, which was still being played by Darryl, being its only weak spot. The fact, however, that Dal was a terrific batter made up for a great many of his shortcomings in the field. Behind him but were Flint and Kelley, both of whom were widely and favorably known. The outfield was, to say the least, equal to that of any of the other

clubs. The pitcher was a good ball player, and during that season showed signs of developing into a star of the largest caliber. When DuPont dropped the reins, under the influence of President Johnson, the board of directors of the club chose Stahl for Donora's post.

Many critics thought then and still think that a great ball player was sacrificed in putting Stahl at the head of the Washington club, for he has never been a winner, and the burden of carrying a loser all the time is more than any man can do and play high class ball at the same time. Stahl is today a good ball player.

"JAKE" STAHL.

Manager and Captain of the Washington Baseball Team.

Stahl Threatens to Retire from Baseball.

Jake Stahl, manager and captain of the Washington club of the American league, says that with the end of this season he will retire from the leadership of the Senators and even may go so far as to retire from the game altogether. This information he has just imparted to a close personal friend in Chicago in a letter.

The poor showing of the Washington club has worried Stahl a great deal, and he has told friends from time to time of his dissatisfaction and desire to get away from the duties of manager at least. It is stated authoritatively, however, that Stahl can have the job of manager of the club another season if he will take the job of playing the Senators.

Stahl succeeded Pat Donora as manager of the Senators in 1906, and has been at the head of the playing end of the club for two seasons. Preceding Donora Tom Loftus was manager of the Senators.

Stahl had joined the Washington club under the management of Donora and during that season showed signs of developing into a star of the largest caliber. When DuPont dropped the reins, under the influence of President Johnson, the board of directors of the club chose Stahl for Donora's post.

Many critics thought then and still think that a great ball player was sacrificed in putting Stahl at the head of the Washington club, for he has never been a winner, and the burden of carrying a loser all the time is more than any man can do and play high class ball at the same time. PINE COUNTY PIONEER.

ED. C. GOTTRY, Editor and Prop.

Entered in the Post Office at Pine City as Second Class Matter.

PINE CITY, MINN., Sept. 28, 1906

The Appeal to "Treason" is still circulating a full quota of anarchistic material.

It is a lonesome fact that Angus Hay is not here to lend a hand in the present campaign.

The picture gallery of newspaperdom has reached its finale so far as the primary election is concerned.

The state fair is a great institution of learning and pleasure. Let the county effort be a primary none the less important.

A. L. COLS was the father of many meritorious bills during his terms in the legislature. What did our present governor do during his incumbency?

A DETROIT physician has discovered that he can revive the dead. A lot of delinquent subscribers to newspapers and anti-advertisers are in need of his treatment.

GLENWOOD's resolutionists must have tumbled into the booze joints a bit too recklessly of late. The Press says, "Thompson's water wagon is getting lots of rest these days."

POLITICAL bosses are not all dead. We have special thoughts of Wm. J. Bryan vs. one Sullivan. It is enough to think that they think only of their own personal well beings.

We are pleased to place upon our exchange list the Pine County Pioneer, one of the leading papers of Pine county and this district, says Brew Wilcox, in the Ogilvie Sentinel.

Hox J. ADAM BIRD is vindicated if the opposition ever saw anything with his record worth opposing. The people were with him, are with him and will always be with him—

and the Duluth News-Tribune is heading his way. Our Congressman should have a fullness of satisfaction—the antidote was too much for the poison.

HAD it not been for Jupiter Plusius' over generosity in the way of showers the Pine county fair would have been an unprecedented success. As it was, all it lacked was attendance.

PINE CITY is forging to the front at a rapid pace. Providing the railroad business continues progressing we will need a switching engine here continually and a few more side tracks.

BIRD carried every county in the district excepting Aitkin and possibly Lake. We feel satisfied that Bird would feel thoroughly satisfied were it not for his lying defamers' insinuations.

FURSTON and Wood have been appointed commander of the American Army and governor general, respectively, for the riots that are now occurring in Cuba. It really does seem that Cuba is in dire need of a guardian such as Uncle Sam is.

It would be a great justice to Mr. Bird were the Duluth Tribune sent to every reading voter in the Eighth District. It shows up some of the inglorious and low down campaign tactics practised by Mr. Millar during his recent efforts to gain publicity.

DURING his speech at the county fair Tuesday Hon. Moses E. Clapp suggested that the fair be held a week prior to the state fair. The suggestion has met with popular favor, and there is no doubt but what the fair of 1907 will be held during the month of August.

A district may be judged by the congressman it keeps—and if the Eighth Minnesota doesn't want to be considered a joke, a man who takes his duties seriously will occupy a seat in the house of representatives next session—Sister Mary in News and Comment—Duluth News-Tribune—the day before primary election. Yes, indeed, we came within 4,000

votes of sending a real huge joke from our district. The good people of the Eighth district think that to have and to hold is very good policy, and that's a reason why the Tribune's candidate was downed by the Pine county candidate.

Don't let the centralizing plants get the better of your judgment. Pass them up, regardless of the smiling countenances and luring words of agents. Your home creamery is worth more to you and yours, worth more to your home town, and, therefore, worth more in the enhancement of your properties here than you could ever hope to derive from the "good will" of some foreign concern.

- MALLEABLE IRON TOP.** Malleable iron is manufactured under such an intense heat and pressure that the usual expansion and contraction caused by an ordinary fire has no effect upon it whatsoever.
- SOLID CONSTRUCTION.** Malleable angles, RIVETED firmly to the steel with Norway Iron Rivets, make all seams solid. Fo. bolts are used or stove putty to fall out of the joints after short use.
- DUPLICATE DRAET.** A damper in front and one in the back give perfect circulation. No unburned coal thrown away with ashes. It's a wonder-worker.
- IMPROVED OVEN.** An arrangement of flues that permits baking with an ordinary cooking fire. All dust or gas excluded.

Visitors are not importuned to buy—but we are confident we can show you how to make your stove-money go fartherest.

Come in and sample the excellent cooking done on the Monarch. Coffee and biscuits served free.

She prepares the coffee and bakes the biscuits on and in a Monarch range and, after partaking of the luncheon, guests have naught but words of praise for the merits of the stove and the good work of its manipulator. The demonstration and special sale will continue until tomorrow evening. Go and be convinced of the stove's merits.

A DANGEROUS PRACTICE.

Burning On Paint Makes Insurance Void.

It seems that considerable danger to property exists in the practice of burning of old paint before repainting.

"It is undoubtedly true that when a house has been painted over and again there comes to be an accumulation of paint in bunches.

The Gazette and Courier quotes certain old patrons to the effect that accumulations of paint are unnecessary.

"Many of the old householders say that if care is taken at all these points it is absolutely unnecessary to have paint burned off.

Painters rarely adulterate white lead themselves and they very seldom use ready prepared paints—the most frequent causes of paint trouble.

A fight between two hunters and an infuriated lioness is reported from British East Africa.

While the men stood at the edge of the thicket the brute pounced on Mr. Goldfish and threw him to the ground.

Maddened by the wound, the animal turned its attention to Mr. Lucas, whose horse it felled and then pinned the rider to the ground, inflicting lacerations on his face and hitting the right arm.

A wooden-legged candidate for the town council of Glasgow, Eng., urged his fellow artisans to vote for him on the ground that a wooden leg is the one article which is a pleasant variety among the wooden heads there now.

No one would buy a sailboat with sails that could not be reefed. There is always that possibility of a little too much wind that makes the cautious man afraid to go afloat. The thinking man, whose stomach sometimes goes back on him, provides for his back by keeping a bottle of Kodol for dyspepsia within reach. Kodol digests what you eat and restores the stomach to the condition to properly perform its functions. Sold by Breckenridge's Pharmacy.

Lots of big fish in the sea. But lots more of them caught too, if better tackle was used. None better than Breckenridge's, and Drugg Store.

In these days of rush and hurry, courtesy is often forgotten. In the mad pell-mell rush of our little things, we do not defend that we rather remained unkind. A hastily eaten meal and its resultant indigestion causes us actual or financial loss. The wise man or woman is the one who relieves little ills of this sort by a dose of Kodol for dyspepsia. It digests what you eat and puts your stomach back into shape. Sold by Breckenridge's Pharmacy.

Not only should the outside of the body be cleaned, but occasional use of a laxative or cathartic cleanses the bowels and clears the system of effete matter.
