THE PROPER WAY

The Trade Journal Makes Favorable Comment Upon the Manner a Pine City Business Man Advertises.

The St. Paul Trade Journal, of this week, contains an article which is of more than passing interest. In the first place it criticizes the A. W. Piper advertisement which occupies space on the last page of the Pioneer, and then comments as follows: "We are reproducing a furniture ad this week for the purpose of showing our readers how one man goes after cashouse competition. Mr. Piper, 'the furniture man' of Pine City, Minn., has evidently reached the logical and sensible conclusion that the proper way to meet this competition is to furnish as good goods for as little prices as can be had from the catalogues. And then to make known this fact to the public with good advertising in which he uses as attractive pictures as do the most order houses.

"Mr. Piper gets right down to business, cutting out all manner of frills and frazzles, and huris cold, indisputable, convincing facts at the public gaze in such a manner that they cannot be dodged nor evaded in any way. Then he clinches his arguments by saying that the chairs he offers may be seen at his store—in other words, he writes a strong and plain proof conclusively that he can 'make good'."

Training School Announcement.

Mora, Minn., May 25th, 1907.
A four weeks' training school for teachers of Kanabec and Pine counties will be held at Mora, beginning Monday, July 1st, at 10 o'clock a. m. and closing Saturday, July 27.

The conductor will be Prof. F. J. Sperry and the instructors Prof. A. W. Newman, Miss Kate Kraus and Miss Florence Perry. These have been chosen from the men and women best acquainted with the different phases of school work in the state and are thus best fitted to assist the teachers who desire better training.

Non-progressive teachers are of the past; only those who are ambitious to improve will be considered. A third grade certificate will not be granted to any person in Kanabec or Pine counties, who has not attended a summer training school.

Come prepared to work. Bring all the text and reference books you have. With a corps of four competent instructors, we shall be able to give instruction in first grade subjects. Plan to be on hand at the opening and to remain the entire four weeks.

State teachers' examinations will be held on July 29th, 30th and 31st.

For a list of boarding places write to Chas. Morgan, Mora, or M. H. Benschmidt, Pine City.

Assuring you that we will do all in our power to make your stay in Mora both pleasant and profitable, we are

Yours Respectfully,
Chas. Morgan, Sup. Kanabec county
M. H. Benschmidt, Sup. Pine county

Will Construct Electric Road.

S. A. Carlisle, of Wyoming, this state, was in town on business Wednesday and yesterday. He is secretary for the newly incorporated Co. which will build the "Arrow Line" between the Twin Cities and Duluth and Superior. The incorporation is capitalized at \$7,000,000 and is known as the Twin City and Lake Superior Ry. Co. It will be an electric line, and the "third rail" system will be used. The distance between terminals will be shortened by about 50 miles, and speedy transit will be attained.

TRANSACT MUCH BUSINESS

The Honorable Village Fathers Do a Record Breaking Amount of Business During Their Recent Session.

The Common Council of this Village met at the recorder's office at 8:45 a. m. At a regular meeting. The meeting was called to order by the president. Members present councilors J. M. Collins, H. Wickstrom, E. L. Wilcox, M. Prochaska, Recorder E. Stull, and President J. Dosey.

On motion the minutes of the last meeting were approved as read.

On motion the bond of J. D. Wilcox as Village Marshall, in the sum of \$200.00 with Peter Engel and Arnold Granton as sureties, was approved as read and recorded.

On motion the report of Justice J. Atkinson for the month of May, was approved. Receipts \$6.00.

On motion the following resolution was presented: Resolved by the Common Council of the Village of Pine City in the State of Minnesota, that the license for the sale of intoxicating liquors be fixed at Five Hundred Dollars (\$500.00) for the ensuing year. On roll call the following councilors voted aye, J. M. Collins, H. Wickstrom, E. L. Wilcox, M. Prochaska and Recorder E. Stull. There being no ayes the resolution was adopted.

The following applications for the sale of intoxicating liquors were read.

To the Common Council of the Village of Pine City, County of Pine, and State of Minnesota. We the undersigned, Peter Engel, Louis Steinplatz, Charles Stekl and R. M. Grater make application for license to be granted to them to sell intoxicating liquors for a period of one year from the 1st day of July A. D. 1907, until the 30th, day of June 1908. The places where said business is to be conducted is designated as follows: Peter Engel—in the one story solid brick building, situated on lots four and five in block nineteen, original Townsite of Pine City.

Louis Steinplatz—On the first floor of the two story solid brick building situate on the south-east corner of lot seven (7), block eighteen (18), of the original Townsite of Pine City.

Charles Stekl—On the first floor of the west half of the two story, double frame building, situate on lots one (1) and two (2) block twenty-three (23), original Townsite of Pine City.

R. M. Grater—On the first floor of the southwest corner of Hotel Agnes, a double two story brick building, situate on lot six in block nine of the original Townsite of Pine City.

Said applicants pray that such license be granted to them pursuant to the ordinances of said Village of Pine City, and the statutes of said State of Minnesota, in such case made and provided.

Dated at Pine City, Minnesota, the 3rd day of June A. D. 1907.

Signed: Peter Engel, Louis Steinplatz, Charles Stekl and R. M. Grater.

Said applications were ordered published and on motion June 29th, was set as the day for the hearing and determining said applications.

On motion a street light was ordered to be placed at the corner of 9th street and 5th avenue.

On motion the street light at the north end of 6th street be removed to the boat landing at the dock, to remain there during the boating season and in the winter be replaced in the end of 6th street.

On motion the following resolution was adopted: Resolved, That the re-arrangement of block fourteen, of the Village of Pine City, Minnesota, and called "Camps' Re-Arrangement of Block Fourteen," is hereby accepted and approved according to the plan thereof on file and recorded in the office of the Registrar of Deeds in and for the County of Pine and State of Minnesota.

On motion a cement sidewalk was ordered to be laid eight feet in width, commencing at the southeast corner of block eighteen thence

A SAD BEREAVEMENT

Jennie Jelinek, Only Child of Mr. and Mrs. John Jelinek, Succumbs After a Lingerling Illness.

It is with the deepest feeling of sympathy for the bereaved that we are called upon this week to chronicle the sad demise of the only child of Mr. and Mrs. John Jelinek. Jennie was the light of the household, the one upon whom the fond parents cherished their every feeling of pride and hope. But now that she has finished the good fight, solace can be had in knowing that everything possible was done to save her young life and to alleviate her sufferings.

Jennie Jelinek was born in Chicago on the 1st day of July, 1894. Three years ago she came to this place with her parents, and attended the public school until she was compelled to give up her studies last January on account of her illness. Last summer she was taken sick and went to Chicago for treatment, returning home much improved. Her last illness, however, was pronounced incurable and she died last Friday night at 9:50 o'clock. She was conscious up to the last and passed away without a struggle. The cause of her death was tuberculosis which was aggravated by liver trouble.

The funeral was held from the family residence Monday morning at 10 o'clock, Rev. J. J. Parish, of the M. E. church, officiating. The flowers were very many, varied and beautiful. Six girls dressed in white acted as honorary pall bearers. They were, Agnes Connors, Rose Cranton, Julia Dosey, Josephine Jumer, Julia Rybak and Katharine Hurley. The pall bearers were, Frank Kodym, John Breckenridge, Ernest Borchers, Marion Jones, Bruce Wickstrom and Wm. McKusick. The remains were interred in Birdwood cemetery.

Opening a Success.

The Island Hotel and Summer Resort was formally opened for the season last Saturday, and that attractive place on Pokonnet lake was the rendezvous for a large number of people. A splendid supper was served after which the floors were cleared and dancing was begun. Stumme's orchestra furnished the music. All present testified to a real good time, and all agree that the Wilkes are past masters in the art of entertaining. Their beautiful homelike resort on the lake is bound to grow in popularity.

Will Serve Meals.

The Ladies Aid society of the Presbyterian church will serve dinner and supper on 4th of July. It has not been decided where the meals will be served.

continuing north and bordering on the east side of lots 7, 8, 9, 10, 11 and 12, of block eighteen, thence crossing second avenue on sixth street to the southeast corner of block ten, thence running north bordering on the east side of lots 10, 11, 12, 13, 14, 15, 16, 17, 18 and 19 of block ten, said walk to be finished on or before the 1st, day of August A. D. 1907.

On motion the appointment of Benet H. Dosey as deputy recorder by Recorder E. Stull, was approved.

On motion the following claims against the Village were allowed and the recorder was directed to issue warrants for the payment of the specified amounts, to-wit:

P. A. Johnson, care of engine 2 months	\$ 10.00
E. Stull, recorder's salary for May	10.00
J. D. Wilcox, Marshall's salary for May	30.00
H. Lewis, 16 days as street foreman	25.15
H. Lewis, 7 days service on streets	10.25
Joe Simonsen, six days work on streets	10.00
W. Pater, 25 "	11.25
J. C. Mill & Elevator Co. for gas for May	60.00
J. D. Wilcox, 10 days work with team	20.00
P. Connor, 45 "	12.50
Ed. Price, 30 "	7.50
H. W. Potholick, case of diphtheria and buying drug	5.00
C. H. Westman Lumber Co. lumber	37.45
Midland Lumber Co. lumber	60.00
Grand claims allowed	\$ 441.85

Upon motion the Council adjourned to meet in special meeting, Saturday June 29th 1907, at 8 o'clock p. m. E. H. Dosey, Deputy Rec.

100 PER CENT PURE

We Don't Keep Paint, —We Sell it.

Paint is physical insurance. It prevents decay. Property that isn't painted soon runs down, the wood decays and its value shrinks. The way man uses paint and keeps the wood pores closed and his property increases in value.

There is nothing that makes a house look well kept as does the use of good paint. It is economy to paint if you use the right kind, but as it costs as much for labor to put on poor paint as it does to put on good paint, you should investigate the paint you buy and know that it is pure, honest paint. You won't have any trouble if you use **FORKMAN, FORD & COMPANY'S PAINT**, for that is **100 PER CENT PURE**, and won't fade, peel or chalk off.

It is made of pure white lead, pure oxide of zinc, pure turpentine drier and pure Old Process linseed oil. The lead covers the surface, fills the pores, and zinc hardens the combination, makes the paint stay on and holds the color fast. The linseed oil is a preservative of the wood, while the turpentine drier takes out the moisture and leaves a hard, glossy surface that the sun, rain or snow does not affect any more than it does glass.

Let us tell you more about this pure paint before you buy.

Are You Onto A GOOD THING

You Will Be When You Get Onto The Superior Quality Of Our Stock Of Lumber.

It's funny the way some people buy lumber. They think only about the 'price,' and never think of the 'quality.' When we sell lumber and building material we think of both. We are selling the very best of each. We believe first, in giving our customers the very best material that money will buy, and then in making the price as low as possible for that kind. And yet you can't find lower prices than ours. Now—if you're "onto a good thing," don't forget to see us next time you need anything in our line.

Order your Coal from us. A big stock always on hand.

PINE CITY. — MINN.

Steps to Fortune.

A modest, unassuming young business man, to his great surprise, was recently promoted to a position very much in advance of what he had then occupied. He did not understand when, or where, or how he had prepared himself for such unexpected promotion. His friends, however, and those who had been watching his career knew that, unconsciously, he had been preparing for his promotion ever since he took a job as an errand boy in an office. Indeed, if he had had the position to which he has been advanced in mind from the outset, and if every step he took had been directed toward it, he could not have adopted a more effective means for the attainment of his end. As a boy, this young employee did not wait to be told things, or to do this or that when it was obvious that it should be done. He found out all he could for a penny, or for nothing, by keeping his eyes and ears open, and by being constantly on the alert to increase his knowledge; and he always did whatever he saw needed to be done, without waiting for orders. He did everything that was given him to do as well as he possibly could do it. He did not wait for big opportunities, but found his chance in every little thing that came his way. In every act he performed he found a chance to be prompt, businesslike and polite. In every letter he wrote he found an opportunity for self-expression, and in doing his work he found a chance to express himself in the clearest and purest English. He found an opportunity for neatness and order in filing away papers and in keeping the office clean and tidy. These remarks, the *New York Weekly*, are a few of the steps which led to his rapid promotion, although when he was taking them he was not conscious that he was laying the foundation of his career broad and deep.

Our Immigrants.

No migration in history is comparable to the great hordes that have crossed the Atlantic during the past 20 years to enter our territory, says National Geographic Magazine. In 1906, 1,025,429 immigrants were admitted, in 1906, 1,107,735, and in the present year the total will exceed the record of 1906 by many thousands. Since June 30, 1906, 6,000,000 have been admitted, of whom probably 5,000,000 have settled permanently in the United States. The report of Mr. Sargent for 1906, recently issued, contains much interesting information about the character and qualifications of the immigrants. Perhaps the most striking fact is that less than five per cent of the newcomers have 14 years or passed the age of 15. Of the arrivals in 1906, 919,555 ranged in age from 14 to 44, 126,273 were less than 14 years of age, and only 50,507 had reached or passed the age of 45. More than two-thirds of the immigrants were males, the females being 74,428 men and boys, and 236,272 women and girls. About 23 per cent of the total number were illiterate, which is a very large proportion when we consider that only 62 per cent of the total white population of the United States and only 45 per cent of the native-born whites in 1900 were illiterate.

The Chinese migration to the United States, Sir Chensung Liancheng, is a graduate of Andover and Yale. He is a devotee of baseball, and often attends the game. A good player himself, he often is the chief figure in a most unique picture, when playing, his skirts tucked up, with his two small boys and their little friends. Tennis, too, has been a great favorite with the minister, while he is also very much devoted to horseback riding and bicycle riding. These last two accomplishments are rather rare among orientals.

Sables are becoming very rare, and, on account of the great demand for them, have risen considerably in price during the last few years. A coat that about two years ago would have cost \$70.00 would now be worth at least \$100.00. The expense of Russian possessions of the most beautiful sable coats in existence; it is made from the most splendid sables procurable and is valued at anything between \$100.00 and \$400.00. Queen Maud of Norway, is another queen consort who is lucky enough to possess magnificent sables.

Gen. Kuroki is such a little, unpretentious man, much distinguished only for his size, in his footstep, that people expecting to see a great warrior are said to be expressing disappointment when they see him. He doesn't come up to their ideal. It is frequently said that he is becoming more and more like the Great Eastern Babylon, intending to make that city the capital of the vast empire he had envisaged. It is very true that Gen. Kuroki, and they laughed at him.

TRY TO PROVE PLOT OF WESTERN ENEMIES

EFFORT OF DEFENSE IN CROSS-EXAMINATION OF HARRY ORCHARD.

He is Strong in Denial—Won't Admit Outrages as Planned by Mine Owners or That He Beats of Non-Existent Crimes.

Boise, Idaho, June 11.—Into the further cross-examination, Dr. Harry Orchard Monday counsel for William D. Hayward repeatedly threw the suggestion of a great counter conspiracy formulated and carried out by the enemies of the Western Federation of Miners, and indicated a determination to construct their main line of defense on that field.

The carried Orchard by slow steps and through the minutest details, from the dynamiting of the Independence station down to the attempt on the life of Fred Bradley and his family, and in addition to a series of particularly attacks on the credibility of the witness and the general probability of his stories, and preparing the way for their own testimony to rebuttal, they sought to show that Orchard has a mania for boasting of the commission of crimes non-existent except in his own mind and that he is testifying under the control and suggestion of Detective McParland.

"They began by making it clear that, as far as the knowledge of his own knowledge, Hayward, Moyer and Pettibone had nothing to do with the inspiration, planning and execution of the various crimes, and that he is testifying under the control and suggestion of Detective McParland.

Orchard denied that the mine owners or railway men had any part in the Independence station outrage; denied that he had a mania for confessing uncommitted crimes, and denied that he is under the influence of McParland. He showed some spirit in answering many of Attorney Richardson's questions, but he firmly held to all of his first stories and was calm and certain throughout the long, trying examination.

Two more times were brought home to Orchard Monday; he confessed that he burned a cheese factory in Ontario to get \$500 insurance, and he confessed that he began his life of crime by selling cheese at short weight. Counsel for the state let the examination take its course without a single serious objection, which was a close private signified their entire satisfaction. Orchard has been on the stand five days and has fully two more to serve.

Steve Adams, the tenant of Alda county jail and a close cell neighbor of Hayward, Moyer and Pettibone. He is for the present uncommunicative, and his custodians say that he is sane and will refuse to say a word when he is called to the stand.

Cling to His Story.—Harry Orchard, chief witness for the state against William D. Hayward, on trial for the murder of ex-Gov. Frank Steiengren, Saturday continued under cross-examination which along the line of his main recital carried through the first attempt on the life of former Gov. Peabody of Colorado, and the killing of Detective Gregory at Denver.

Attorney Richardson, for the defense, led the witness through every detail of both crimes, seeking to involve the state in serious contradictions. Some discrepancies were developed, but in the main the witness adhered stoutly to his original testimony, and warily avoided serious contradictions. He was calm and collected, and on several occasions offered to correct counsel for the defense.

Richardson, after leaving the Gregory matter, digressed for a moment to lay the foundation for a showing that Hinkley, before he was in the Idaho "bull pen" and Orchard, because he was driven out of Idaho and forced to sell his interest in the Hercules mine, which later became very valuable, had a deep-seated private grudge against Steiengren. At several points the defense laid the foundation for the controversy of Orchard's testimony when his side is reached.

Court adjourned for the day at 11:45. Orchard will sit on the stand and under cross-examination.

Met Pettibone in 1904. Orchard said that he had not become acquainted with Pettibone until 1904, the early part of the year. He had roomed over Pettibone's store for awhile.

AMERICAN HORSES LEAD

SEVERAL TAKE PRIZES IN THE BIG LONDON SHOW.

Palotta Hackney Stallion Wins First Award and Champion Cup—Victory for Kentucky Hack.

London, June 8.—The first international horse show held in England, an exhibition of horses similar in many respects to the Madison Square arena here, with the added interest that the competitors come from many countries, was opened at Olympia Friday and will continue for a week.

The morning events saw not only American horses in the ring, Sir Humphrey, a hackney stallion, the property of F. Paist, of Milwaukee, and he carried everything before him, taking the first prize in the class for hackney stallions four years old and over, foaled in or before 1903, and standing over 12.3 hands. Sir Humphrey won the champion gold cup presented by Sir John Kerr for the best hackney stallion in the exhibition.

The American horses gave a good account of themselves in the afternoon. Poetry of Motion, owned by Laurance Jones of Louisville, Ky., took the first prize for ladies' hackney under 14.2 and not exceeding 15.2 hands, ridden by a lady, beating in the final contest the champion stallion of Alfred Vanderbilt and Walter Winans, an American resident of England.

In the competition for the best pair of horses with carriage and appointments Walter Winans took first and second prizes. Mr. Vanderbilt was third.

In the class for trotters, judged on style, not pedigree or records, Mr. Mackay secured both first and second prizes. Mr. Winans got third prize.

JAP LEADER THREATENS WAR.

Tani Urges Appeal to Arms—Plan of the Progressives.

Tokio, June 10.—Vicecount Tani, leader of the opposition in the house of peers, and head of the defunct Kumamoto in the Satsuma rebellion, is reported to have said against the American question:

"The persecution of the Japanese in San Francisco is a most wicked act. Should diplomacy fail to bring about a satisfactory solution the only way open to us is an appeal to arms. Our mind is firmly made up. It is certain that America will yield, for its people are radically commercial in their sentiments."

Washington, June 10.—That the Japanese of the Pacific coast and the progressives, a political party of Japan, have entered into an alliance which has the character of an international conspiracy, with the overthrow of the present ministry in Japan and the annulment of the clause in the immigration bill excluding Japanese coolie labor from continental United States as the ultimate object, was learned authoritatively here Sunday.

The preliminary steps in this scheme, it is said, will be to induce the Tokyo government to recall Vicecount Adams, Japanese ambassador to the United States, and to demand an apology and perhaps an indemnity from this government for the alleged acts of violence against Japanese subjects residing in San Francisco.

With this end in view, representatives of the faction hostile to the Salton ministry have been in Washington to consult with the Japanese ambassador and the state department officials regarding the objectionable clause in the immigration bill, the object of which is to exclude Chinese and anti-American demonstrations in Japan and to force Foreign Minister Hayashi, if possible, to demand indemnity and an apology on account of the disturbances in San Francisco.

SAW NEGRO SOLDIERS SHOOT.

Blawillie Woman Thinks She Could Identify One of Them.

Washington, June 7.—Mrs. Emma Leahy, proprietor of the Leahy hotel in Brownville, Tex., told the senate committee on military affairs Thursday that she believed she could identify one of the former negro soldiers as a member of the group that shot the town. After hearing firing at the garrison and seeing the dashes of guns she said that she saw 16 men in khaki uniforms in the Cowan valley shooting into the Cowan house.

She was in a window of her hotel, about 10 to 15 yards, and two of the men looked up while she was watching them. Just at that moment several shots were fired by members of the group, and she saw the two men distinctly. One was very black and the other a mulatto. The latter had large spots on his face and she is unable to recall his name, but she should see him again. The description of this man tallies with the appearance of a soldier of company C, who was one of the men involved in the trouble with Mr. Tait, a customs inspector. A subpoena was issued for him at the beginning of the senate investigation, but he has not been found.

"NATURE TEACHES BEASTS TO KNOW THEIR FRIENDS."

Coriolanus, Act II, Scene 1.

30 DEAD, MANY HURT IN TERRIFIC STORM.

WIND AND CLOUDBURST RUIN VILLAGES IN KENTUCKY AND ILLINOIS.

Cincinnati, June 8.—An investigation of the relations of the railroad and the post office department by direct order of President Roosevelt, which has already caused a saving to the government of more than \$2,000,000, is declared to be now under way, in an article in the *Times-Star*.

The article says: "Thirty-two post office inspectors of the United States are at work on a case of alleged conspiracy of certain of the railroads with the post office department of the United States."

"Four of these inspectors were in Cincinnati Thursday. They are not all QM here and, in fact, none of them may be here at this moment, but they are likely to reappear any day and are to be reinforced when they do return. That they held a conference with post office inspector in charge, Holmes, at Cincinnati, is also known."

"What railroads are involved in the alleged conspiracy has not yet been ascertained, but the facts are known but the evidence is not at hand."

"The order to investigate is said to have come out from the White House direct."

"The inquiry has been going on for months, in fact, since last December. The post office division has charge of the disbursement of \$90,000,000 annually, and enough has been learned in the investigation to save the United States \$1,000,000 a year. The money goes to all the sources of mail receipts, but the alleged conspiracy, from whatever department, is said to be a central company that has been operating here, in connection with the payments for the handling of the mails."

"The inspectors who were in Cincinnati were D. W. Peters, of New York; E. H. Kilian, of Indianapolis; A. B. Britton, of Chattanooga, and C. A. Cliser, of Augusta, Ga."

AERONAUT DROWNS IN RIVER.

Becomes Entangled in the Ropes of His Parachute.

Granite Falls, Minn., June 10.—Entangled in the ropes of his parachute John Puopura, an aeronaut of Ulen, N. Y., met death Saturday by drowning in the Minnesota river near this point. Puopura, who was employed by a central company that has been operating here, ascended at six o'clock. The wind carried the balloon up the river and when he had traveled about a half mile, the aeronaut detached the parachute. His arms and legs became entangled in the ropes and when the parachute struck the water Puopura was unable to save himself and was drowned. The body has been recovered.

ROOT IS GOING TO MEXICO.

Secretary of State Accepts Invitation from Sister Republic.

Washington, June 10.—Ambassador Root, of Mexico, Sunday presented to Secretary of State Root an autograph inviting Mr. Root to come to Mexico as the guest of the Mexican republic. Mr. Root has accepted the invitation, and President Diaz through Ambassador Root that he will visit Mexico in the latter part of the summer.

Secretary Root's visit to Mexico will be in furtherance of his policy of encouraging friendly relations with all Central and South American republics.

Knox Willing to Run.—New York, June 7.—United States Senator Philander C. Knox, of Pennsylvania, Thursday night announced his willingness to become a candidate for the presidency in 1908 should the federal party see fit to nominate him. Senator Knox's position was made known in expressing his appreciation of the action Thursday of the House of Representatives in electing him. His wife was staying, and shot her. She is not expected to live.

SCENT A BIG CONSPIRACY.

CERTAIN RAILROADS AND POST OFFICE INVOLVED.

Inspectors Said to Be Making Investigation on the Order of President Roosevelt.

Cincinnati, June 8.—An investigation of the relations of the railroad and the post office department by direct order of President Roosevelt, which has already caused a saving to the government of more than \$2,000,000, is declared to be now under way, in an article in the *Times-Star*.

The article says: "Thirty-two post office inspectors of the United States are at work on a case of alleged conspiracy of certain of the railroads with the post office department of the United States."

"Four of these inspectors were in Cincinnati Thursday. They are not all QM here and, in fact, none of them may be here at this moment, but they are likely to reappear any day and are to be reinforced when they do return. That they held a conference with post office inspector in charge, Holmes, at Cincinnati, is also known."

"What railroads are involved in the alleged conspiracy has not yet been ascertained, but the facts are known but the evidence is not at hand."

"The order to investigate is said to have come out from the White House direct."

"The inquiry has been going on for months, in fact, since last December. The post office division has charge of the disbursement of \$90,000,000 annually, and enough has been learned in the investigation to save the United States \$1,000,000 a year. "The inspectors who were in Cincinnati were D. W. Peters, of New York; E. H. Kilian, of Indianapolis; A. B. Britton, of Chattanooga, and C. A. Cliser, of Augusta, Ga."

STRIKES AT CHILD LABOR.

It is a matter for congratulation that there is such a steady increase of interest in the southern states in everything pertaining to children.

This has already markedly shown itself, and I hope will still more markedly show itself in the future, in warring against the employment of child labor in factories. The factory is a very poor place indeed for a child, indeed, personally I think the factory a poor place for a woman—certainly for a married woman, or for an unmarried woman for more than a very few years.

As regards children, it is an essential to look after their physical and their mental training. We cannot afford to let children grow up ignorant; and if they are ignorant at school they cannot, while young, also work hard outside without detriment, physical, mental and moral."

Asks Law to Injure Workers.—In speaking on the labor problem in the present used the need of additional state and national legislation to secure proper compensation to working men suffering from accidents and to their families. He said:

"It is neither just, expedient, nor humane it is revolting to judgment and sentiment alike, that the financial burden of accidents occurring because of the necessary exigencies of their daily occupation should be thrust upon those sufferers who are least able to bear it, and that such remedy as is their should only be obtained by litigation which now burdens our courts."

The national government should be a model employer. It should demand the highest quality of service from its employees and should care for them properly when injured.

Rhodius Declared Inane.—Lebanon, Ind., June 8.—Judge Artman Friday declared George Rhodius, of Indianapolis, to be inane and appointed James M. Berryhill, of that city, as his guardian. Rhodius owns a real estate in Indianapolis, \$300,000. On January 21 Rhodius was married at Louisville in the office of a justice of the peace to Elma Darr, a keeper of a resort in Indianapolis. It was charged that the Darr woman kidnapped Rhodius.

Respite for Wife Murderer.—Columbus, O., June 7.—Gov. Harris Thursday afternoon granted a respite until June 11 to James Carroll, the wife murderer, who was to have been electrocuted Thursday night.

PINE COUNTY PIONEER.

ED. C. GOTTRY, Editor and Prop.

Entered in the Post Office at Pine City as Second Class Matter.

PINE CITY MINN. June 14, 1907

The fellow with the set gun has gone out of style, but the fool who rocks the boat just to hear the ladies scream will soon occupy the center of the stage.

The Sandstone Courier rightfully says: "Pine City is getting a wide reputation as a summer resort. This year they will have better accommodations than ever, so it is an ideal place to spend an outing."

The mutilation of shade trees by telephone companies in stringing their wires along the country roads is a serious cause for complaint on the part of many farmers along the lines of telephone which are becoming so numerous in our country. The telephone companies should respect the rights of others, and are certainly liable to the party injured for damage done to the trees and other property.

MAYOR BECKER of Milwaukee, the "Boy Mayor" of the "Beer City," turned down an offer, made him by a theatrical manager, of \$1500 a week to play the title role in the play—"The Man of the Hour," but it is a notable fact that he did not turn the job down until after he had all the advertising that could be landed out of the job. Milwaukee's boy mayor may be young but he could give some of the older politicians cards and spades and then beat them at the game of politics.

The weather conditions of the past few weeks, which have proven so discouraging to the farmers of the country, have had a decidedly bullish effect on the prices of all cereals. The more recent returns from the southwestern states are to the effect that the unfavorable conditions, while still continuing, are not of as serious a nature as was at first supposed and there is now a possibility of a crop somewhere near the average in some of the southwestern states. The conditions in the great spring wheat belts of the Red River Valley still continue unfavorable, but with fair conditions prevailing from now on there may get to be a fair crop. Prices will surely be panicky during the next few months and there is quite certain to be an upward tendency, especially in view of the fact that there has been an outflowing of gold to France during the past few weeks reducing the gold supply of the United States to a very marked degree.

FROM THE INN, POKEGAMA, ST. 223.

Dr. Knapp was a Sunday guest. W. P. Gottry was a Saturday evening visitor.

A ray of sunshine brightened our lonely way for a few minutes Tuesday.

P. W. McAllen is now spending his spare time at his summer home, "Kable Kill Kare."

Mr. and Mrs. F. E. Smith and daughter, Mrs. Paul Perkins, were guests at The Inn Saturday and Sunday.

Mrs. E. M. Richards, of Excelsior, mother of Mrs. Slocomb, arrived last week and will spend the summer here.

Inn at the Wilke opening last Saturday evening.

The launch "Ruth G" founded at this port Sunday evening, and Pilot Art. Olsen, Engineer Wm. Gottry and crew—Wm. Kibbee—spent a few hours here.

Ralph B. Sandham, of Omaha, A. L. Foster, of Harlan, Iowa, are here enjoying life. Mr. Sandham has purchased a lot in the vicinity of St. Elmo, and will build a cottage next summer.

Commodore Nickerson Perkins' launch, "Penny Ante," was in port Sunday evening, and the Commodore, A. E. Arndt, E. Hoeller, R. J. Hawley and James Hurley partook of supper at The Inn.

Congressman J. Adam Bede and wife, and J. B. Sutphin, of Duluth, arrived on the steamer, Fritz, Sunday afternoon. They returned to Pine City in the evening in the launch, Penny Ante.

Launch pilots should keep well to the eastern shore of the lake to avoid the sandbar which reaches out into the lake in front of The Inn. Several launches have struck bottom on the bar during the past week.

Navigation in the river has been seriously impeded of late by the numerous deadheads in the river. There is also considerable complaint from boatmen on account of the unnecessary closing of booms across the channel.

The steamer Fritz is now in commission and her visits at various points on the lake are a great convenience to the natives. When you hear the boat whistle your telephone call up here, you know she's going to stop at your dock.

Card of Thanks

We wish to express our heartfelt thanks for the sympathy extended to us in our late bereavement. Also for the many offerings of beautiful flowers; and all the kindness shown our late loving daughter during her illness.

Pine County Business will receive prompt Attention.

There is a good deal of "Tommy rot" being published nowadays about the interests of the "common people" being jeopardized by the soulless corporations. We would like to see a corporation of some kind come into our midst and open a factory that would employ a few dozen men and we would vote to exempt them from any form of taxation for several years too. There can be no such thing as enmity between capital and labor; they are interdependent and the man who has the most to say about the warfare of the classes against the masses is the man who is doing it for his own personal benefit. The investment of capital in a community, whether by a corporation or an individual, is a positive benefit to the community and should be encouraged rather than discouraged.

WANTED A reliable man to take care of our trade with the farmers in this country. A good business assured.

PINE CITY MERCANTILE COMPANY

News of the Week.

Chips Picked up Around Town and Vicinity.

Prof. Havorka and wife were here from Beroun yesterday.

Mrs. M. S. Watt, of Rush City, spent Sunday in this place.

John Stekl returned Wednesday from a business trip to Duluth.

Attorney L. H. McKusick made a business trip to Hinckley yesterday.

Miss Leona Skjod returned to Rush City Saturday after a weeks visit in this place.

Messrs. Wm. Kibbee and John H. Haber went to Minneapolis Tuesday on business.

Mrs. J. D. Vaughan and son, Edgar, returned from St. Paul Tuesday afternoon.

A carload of sandstone arrived Tuesday from Banning. It will be used in the construction of the Rybak residence.

Miss Nellie Greeley, who has been attending the Stillwater high school, returned home Wednesday to remain for the summer.

Frank Hurley, who has been keeping time for a railway construction crew in the northern part of the state, returned home Saturday.

Guy Hendricks has completely recovered from his recent attack of scarlet fever and the quarantine has been raised from the Hendricks home.

Miss Irene Nalbach, of Great Falls, Montana, was a guest at the Pennington home several days this week. She is on her way to the Jamestown Exposition.

Mrs. E. E. Barnum and daughter, Kate, will start tomorrow on a trip to Michigan and others place east. They will be absent from home until about the 1st of December.

A pavillion, 30x40 feet, will be constructed on the picnic grounds south of the Fritzen sanatorium. Excursions by moon light, and dancing parties will be in order as soon as the structure is completed.

The PIONEER cub ran onto a very rare bit of news just before going to press. Wm. McKusick is putting in his time and developing muscle for next year's foot ball team by working for P. W. McAllen. If this isn't rare news we'll eat it.

While cutting meat in his butcher shop Tuesday Frank Kodym met with a painful and very distressing accident. A butcher knife which he was using accidentally slipped and cut a deep gash in the fingers of his right hand. The doctor found it necessary to take several stitches.

Tuesday's daily papers contained an account of the death of Attorney Stone, of Nicollet county, which occurred very suddenly Monday evening. He was the father of Miss Marian Stone, a former music teacher of this place, and her friends will sympathize with her in her sad bereavement.

A most hearty reception was accorded Robt. Harte and his fair bride as they left the "limited" upon their return to make their home at this place Wednesday. A worthy aggregation of their intimate friends gathered on the depot platform, and the aggregation was plumb loaded with rice and more rice. The sharp ring of cow bells and the shouts and laughter of the fun-makers also added to the mirth, and if Mr. and Mrs. Harte don't remember their glad some (?) return home we miss our guess. They intended arriving home on the quietus but a little birdie at Duluth—from whence they came—gave the word which resulted in the strenuous rice-throwing bee.

A. J. Armstrong, Gen'l Agent for the Northwestern Nat'l Life Insurance Co., stopped off here Tuesday, and while in town made us a friendly call. Mr. Armstrong carries credentials showing that his company wrote \$1,720,496 in the state of Minnesota during 1906, which gives them a very large increase over the previous year, and a record of writing more business than any other company in the state with one exception, and that is another well known Western company, the Northwestern of Milwaukee. This is certainly a very commendable showing for the Northwestern National, and the results thus attained, go to prove that they are receiving a liberal patronage from the people of their home state, to which they are entitled.

D. H. Russell was here from Sandstone Wednesday.

Miss Kate Brackett went to St. Paul Tuesday to visit.

Mrs. Anna Pofert spent a few days in St. Paul this week.

Mr. and Mrs. Henry Buirge became the fond parents of a baby boy Tuesday.

Miss Aylina Grimm returned home Tuesday from a visit with her sister at Cloquet.

Miss Grace Dane, of Janesville, arrived Wednesday to visit with Mr. H. W. Froehlich.

The infant child of Mr. and Mrs. Jos. Petschel has been quite ill with pneumonia during the past week.

Messrs. Fred and Albert Spearing came down from Short Line Park and spent Sunday with their families.

Miss Amy Forbes, of Worthington, arrived here Wednesday afternoon from Duluth and is the guest of friends.

Children's Day will be observed at the Presbyterian church next Sabbath morning and evening. All are invited.

John Faulkner went to Minneapolis Monday to receive medical treatment at Asbury hospital. He was accompanied by Dr. Froehlich.

Courier, Sandstone.—Saxon Bede departed Tuesday for Battle Creek, Mich., where he will enter the sanatorium to see if he can improve his health.

Mesdames M. Kara and M. Jelinek returned to their homes in Chicago Wednesday. They were here to attend the funeral of their niece, Jennie Jelinek.

The Misses Sadie Pennington, Annie Dosey and Mamie Stochl arrived Wednesday from Duluth where they were just graduated from the state Normal school.

J. E. Bucka, of St. Paul, spent a few days visiting with his old friend Ted Wietmann, who resides about four miles north of here on Cross lake. Mr. Bucka will return home to his home tomorrow.

Mrs. J. LaPage returned home last week from an extended visit with relatives and friends in Wisconsin. She was accompanied home from New Richmond, Wis., by her nephew, Master LeMoyn Patterson.

John Stochl, sr., lost his balance while standing on a chair painting in the kitchen of his home Tuesday, and, in the fall that resulted, struck his head against a window sill. He suffered a scalp wound which necessitated two stitches.

The school board has acquiesced to the wishes of the tennis club in permitting the use of a corner of the school grounds for a tennis court. The members of the club are naturally highly gratified and will put the grounds in good shape and keep them in that condition.

On Wednesday Judge Atkinson discharged the case of Pearl Chaffee vs. Mollie Trippler, which was brought into the municipal court for airing. Chaffee alleged that the defendant had allowed a cow to trespass upon some property and that the critter did some damage to his crops. The case was dismissed for lack of evidence.

The Rock Creek ball team was taken into camp by the Pine City Harringtons Sunday afternoon. It proved a rousing game as the score indicates, the score at the conclusion of the melee being 18 to 10. Breckenridge started to twirl for the locals and stayed five innings after which Kowalke was pitted against the Rock Creek sluggers. In the 7th inning a fly was knocked toward Breckenridge who had been retired to the field, and after recovering the ball, returned it to the aluminum. His effort, however, will cost him the use of his right arm for some time to come as he broke one of the bones in the arm. He at first thought that the arm was merely thrown out of joint but upon being examined found that a small bone near the elbow had snapped. This is hard luck for the reason that Breck was one of the star players on the team and his absence will be sorely missed. The locals go to Sandstone next Sunday to play a return game with the team of that place.

Popular Specials.

Dr. Benj. Swartout will arrive here on the noon train Thursday, June 20th, to remain one week. Office in the Rybak block.

F. J. Hallin, Eyesight specialist, will be at Hotel Agnes Saturday June 22, until 4 p. m. Have your eyes fitted with glasses.

SMALL DEPOSITS

MANY of our most influential citizens began their business careers by opening small accounts in a bank and consistently depositing thereafter such sums as they could save. All large accounts have grown from small ones and the bank is really of more help to the small than the large depositor. A growing bank account is a most valuable asset. It makes its owner acquainted with business men, business methods and establishes a valuable credit.

You can open an account with this bank by depositing one dollar. We will furnish you with a nice pass book and lend you our aid in accumulating a fortune.

PINE CITY STATE BANK— D. Greeley, Cashier

John Jelinek Clothing House

Is now stocked with **SPRING SUITS For MEN and BOYS** ALSO **Pants, Hats etc.** Come and look over our stock before making your purchases.

Suits Made to Order A SPECIALTY.

Best Material Latest Style Fit Guaranteed Prices Reasonable. Acorn brand Clothing and McKibbin's Hats are the ones that satisfy.

Clover and Timothy Seed

All high grade. No dirty or light-weight grain. And the largest stock in Pine county.

Seed Wheat, Oats and Barley

All straight grade; bought from the best seed houses in the Northwest.

Seed Corn

Minnesota grown. Not raised in Pine county, but by Northrup, King & Co., a firm that thoroughly understands the raising and curing of seed corn.

When you buy seeds don't overlook the largest and most complete stock in Northern Minnesota. It will pay you to see it.

A CONCRETE MILK HOUSE. Any Farmer May Make One at Small Expense.

A house for keeping milk cool in the summer and storing fruit and vegetables in the winter may be constructed out of concrete from floor to roof...

Home-Made Concrete Milk House.

long bolts extending from the sides of frame into the concrete walls. The roof was made of concrete by using circle rafters, the ends of which rested on top of the side walls.

WHERE HOLSTEINS ORIGINATED. Brief History of This Type of Dairy Animal.

The cattle known in America as Holstein-Friesians belong to the short horn, lowland race, native to the low lying, fertile lands of Europe bordering on the North Sea...

DAIRY NOTES.

Never use rusty or dirty litter. We are often inclined to mistake lack of "sumption" for "hard luck". Keep the stable and dairy room in good condition, fresh air, dry and clean.

FEEDING THE DAIRY CALF.

Careful Attention Needed to Produce a Strong, Profitable Cow.

One of the most delicate operations, and one that requires the closest and most careful attention on the part of the dairyman or the breeder of dairy cattle, is the feeding of the dairy calf.

The cow should be well fed when she is calving. That is, before the calf is born, so that the calf may be well nourished and the cow return a good margin over the expense of feed and care.

As soon as the calf is born, it should have all the oats and bran it will eat as well as bright clover hay. There is nothing that will take the place of oats for young calves raised for the dairy.

HOW RECORDS HELP.

Farmer Can More Intelligently Determine From Which Cows to Breed. If a dairy farmer has at his command carefully kept statistics concerning the yields of his cows, he is in a much better position to decide from which cows it is advisable that he should rear than the farmer who has not that definite information.

AN OLD EDITOR.

Found \$2000 Worth of Food.

The editor of a paper out in Okla. said: "Yes, it is true when I got hold of 'Grain-Nut' food it was worth more than a \$2000 doctor bill to me for it made me a well man. I have gained 25 pounds in weight, my strength has returned, tenfold my reports an invitation to get back to me, and that is an absolute essential, for I am an editor and have been for 35 years."

"My pen shall always be ready to speak a good word for this powerful nutritive food. I had of course often heard the advertisements regarding 'Grain-Nut', but never thought to apply the food to my own use, until, in my extremity and sickness the thought came to me that it might fit my case. The statements in regard to the food are absolutely correct, as I have proven in my own case. One very fortunate thing about the food is that while it is the most scientifically made and highly nourishing, concentrated food I have ever known, it has no deleterious taste that it wins and holds friends."

CHOICE OF TWO EVILS.

Request That Was by No Means a Compliment for Papa.

A New York scientist, the father of a large and growing family, has his troubles. One evening his youngest was holding forth in her best style. The mother could do nothing with the child, so the man of science went to the rescue.

"I think I can quiet little Flora," he said. "There's no use humming to her to fast a little way. What she wants is real music. The fact that I used to sing in the Glee club at Yale and sang well too, may make a difference."

ECZEMA COVERED BABY.

Worst Case Doctors Ever Saw—Suffered Untold Misery—Perfect Cure by Cuticura Remedies. "My son, who is now twenty-two years of age, when four months old began to have eczema on his face, spreading quite rapidly until it was nearly covered. The eczema was something terrible, and the doctors said it was the worst case they ever saw."

PAT SET ONLY ONE LIMIT.

Would Quit When He Was Done With All Things Earthly.

A rich man out in the suburbs who owns a large place has among the many people employed to keep it in shape an Irishman of whom he is particularly fond on account of his unconscious wit.

The Human Shield.

The advent of Decoration day caused Admiral Dewey, at a recent dinner, to praise the bravery of the American troops during the civil war. "Both sides alike were brave," he said. "North and south, soldiers and sailors. And the bravery of the raw recruit was a thing to be seen to be believed."

Chappens and Improves Coal.

Consul General W. R. Holloway, of Halifax, says that the Canadian commercial agent at Manchester, England, reports an invention at that place for depriving soft coal of its most objectionable feature by abstracting the oils said to produce smoke, and calling the resulting article "coalite," which is something like coke in appearance and which can be furnished at one-third the present cost of coal.
