Olof Bergman, of Cambridge, Minn, says: My back was very weak and iame and when I stooped. I would become dizey. I was obliged to get up three or four times at night to void the kidney secretions, and the passages were intensely painful. I also had rheumatte twinges in my shoulders and could hardly raise my arms. Soon after beginning the use of Doan's Kidney Pills I felt much better and continued until practically free from the trouble." 中央の中央の

Bankers and Merchants Bookkeeping Institute

126-128-130 So. 3rd St., Minneapolis, Minn.

Bookkeeping, Correspondence, Business Methods, Practical Penmanship.

Training Office is the proper conception of the Institute, not Business School or College, which implies study. Bookkeeping is work, not study, hence training. We provide standing desks, high stools, telephones, same as in 3 bank or commercial office.

Actual Bookkeeping We have adopted the Actual Bookieping System of Training, (not teaching.) This is a business-like system, whereby commercial transactions are represented by tangible orders, checks and the voices instead of being copied from a text book, or other device. The Common Sense Method.

Bankers and Merchants have for years found it difficulty to secure competent book keepers. To obviate this difficulty the Institute was organized.

Our Certificate of Competency

is a guarantee to the bankers and merchants of the northwestern states that the holder is a trustworthy, painstaking and reliable accountant. One that can and will MAKE GOOD.

You can Be a competent bookkeeper by working (not study-ing) two or three months in our TRAINING OFFICE. No classes or terms. INDIVIDUAL work and in-Pamphlet free, explaining the
