REPUBLICAN COUN- TY CONVENTION

The Republican County Convention called to meet at Hinckley on Monday, May 13th, was duly called at about 1:15 p. m., by County chairman, T. Craig, who read the call. On motion H. P. Welsh, of Sandstone was elected chairman and J. Y. Breckenridge, of Pine City, secretary. The chair appointed the following committees, on credentials, F. E. Smith, Pine City, M. G. Scofield, Brookpark and Dr. Elmke, Willow River; On resolutions, G. W. Empey, Hinckley, O. Sobotka, Pine City and W. S. Erwin, Sandstone. An intermission of ten minutes was taken to give the committees a chance to get their reports ready.

At the end of the intermission the meeting was called to order, and the committee on credentials reported that they found thirty-septen entitled to a seat in the convention, and that where a town was represented by a partial delegation, the delegates present be entitled to cast the vote for the entire delegation. On motion the report of the committee was accepted.

The committee on resolutions then submitted the following resolution:

Be it Resolved: That, We, the Republicans of Pine County in convention assembled, do hereby reaffirm our faith in, and allegiance to, those well known principles of Progressive Republicanism, which when put into practice have invariably resulted in the greatest good to the greatest number and have brought about the highest efficiency in Government, and have produced unprecedented National prosperity.

That, while in many respects we feel that the present administration has stood for principles, and adopted and carried through policies which have benefited the country, yet, we cannot but also feel that the rapidly changing economic conditions in our land require more strenuous and more aggressive policies. Those policies which were inaugurated and were first carried out by the Republican administration preceding the present one, met with the hearty endorsement and overwhelming approbation of the Republican party and of a very large majority of the citizens of our country irrespective of party. That, we believe that a very large majority of the Republicans of the Nation, including all the so called progressive Republicans and including a large majority of the Republicans of our state still believe that the best results in government can be accomplished by the determined, strenuous and aggressive carrying out of those policies. That we believe that the present administration has not and is not carrying out these policies, but has allied itself with many elements which have been antagonistic to them and that the large majority of the Republican party, including all the so called progressive Republicans, demand that a new leader and standard bearer for the party be named, who is unquestionably in accord with the policies of progressive Republicanism, and one that has the honesty, efficiency and ability to carry out the same. For such a man, we naturally turn to the one whose name is synonymous with progressive principles, the greatest living American, Theodore Roosevelt. And your committee recommends that the delegates elected by this convention to the State and Congressional conventions, be instructed for Theodore Roosevelt for President.

After some arguing back and forth by the Taft and Roosevelt factions a vote was taken, in which 21 were in favor of the report and 16 in favor of the delegates going unanointed. After the vote H. W. Harte made a motion that the report be unanimously adopted.

Next came the election of ten delegates to attend the Republican State convention at Minneapolis that was

held yesterday, and were as follows: H. P. Webb, H. W. Harte, J. Y. Breckenridge, Chas. Heineman, Dr. Elmke, Jas. Haney, O. Sobotka, J. A. Oldenberg, Adolph Larson and Thos. Shelley, and ten delegates to attend the Congressional convention that was held at Hinckley Wednesday, as follows: M. G. Scofield, F. E. Smith, J. T. Craig, W. P. Hogan, E. B. Lindsay, Gust Anderson, C. W. Colby, J. D. Johnson, G. W. Empey and G. W. Maskey.

No further business appearing the convention on motion adjourned.

ACCUSED OF PLOT

MRS. SCOTT DURANT CHARGES ARTHUR MEEKER, CHICAGO PACKER, WITH CONSPIRACY.

BOTH LEADERS IN SOCIETY

Woman Declares Meat Magnate Utilized Service of United States Inspectors to Put Her Dairy Farm Out of Existence.

Washington, May 12.—Mrs. Scott Durand of Chicago filed a statement with Representative Nelson of Wisconsin, who is seeking an investigation into the relations of the meat packers and certain officials of the agricultural department, in which she charges Arthur Meeker, general manager of Armour & Co. of Chicago, of utilizing the services of the inspectors of the United States in an effort to put her famous Crabtree dairy farm out of business because he considered her a rival. Both Mrs. Durand and Mr. Meeker are prominent in Chicago social and club circles and the filing of Mrs. Durand's statement caused a decided sensation in Washington office.

WiT TRAPS INSPECTORS.

In addition to the statement of Mrs. Durand shows how, by her woman's wit, she trapped the government meat inspectors alleged to have been sent by Meeker to condemn her herd and how they actually inspected and passed for safe the cattle and hams which they had condemned as tuberculous on her farm. So important is the testimony offered by Mrs. Durand that she has been summoned as a witness and she will take the stand early next week.

Mrs. Durand charges that Meeker has been instrumental in carrying on "a reign of terror" against the packers, that government inspectors have condemned ten of her seventy cows which had been frequently treated by veterinarian and which had taken her five years to select; that they ordered them killed; that she sent them to the stockyards to Armour's plant and the inspectors, knowing that she had previously condemned the animals, thereupon passed them for food.

PURE MILK HER HOBBY.

Mrs. Durand has utilized her wealth to pursue but a single hobby—the production of pure milk. Crabtree's farm is located on the shore of Lake Michigan, north of Chicago.

Never before in any controversy involving the relation of government officials with the packers have charges been so serious or the personal attack on the ethical and spiritual prominence of Mrs. Scott Durand and Arthur Meeker.

Coincident with the filing of the statement it became known that the packers, alarmed at the certainty that the woman who had exposed their excesses and recommended a thorough investigation of the alleged conspiracy between the most trust and the meat inspection service, are bringing every pressure to bear on members of the house to block the inquiry. A number of members of the house have received frantic messages from packers trying to vote against it and lobbyists have been busy for a week.

The charges made by Mrs. Durand were sent direct to Representative Nelson to be used as part of his argument before the committee, on his resolution to order the investigation.

HEAVY RAIN CAUSES TERROR TO PERSONS IN FLOOD ZONE

Revenue Cutters Arrive New Orleans and Aid in Rescuing Refugees.

New Orleans, La., May 12.—Following a night of terror caused by the heaviest rainfall ever known in the city, the situation here and at other points in the Mississippi valley is the most threatening of any so far caused by the present record-breaking flood. The waves caused by the wind added terrible strain to the already weakened dike.

The revenue cutters Winona and Whidbey arrived here and proceeded to the scene of the emergency.

At New Roads the water is up to the doorsteps of the houses, but the inhabitants refuse to regard the warning of federal and state officials. Great loss of life in the flood zone is predicted.

The local brother of Blanchette and the town is flooded. A new break at Moreauville has widened the crevasses there 2,000 feet. About six inches of rain fell in four hours. In the city the streets were flooded from curb to curb, and the water was so high that it covered all over the dead zones. Many residents who had disregarded warnings to flee changed their minds when the storm burst. Men worked all night the streaming roads strengthening levees. Those who had been working all day, however, were exhausted when day broke. White men worked side by side with negroes and convicts told with business men. The wind backed up the water and added to the menace.

E. J. WILLIAMS TESTIFIES BEFORE HOUSE COMMITTEE IN ARCHBALD CASE.

ERIE CULM BANK FOR \$2,000

Witness Declares Katydil File Was Offered to the Dupont Powder Company for Small Sum—Thought Letter Would Help Deal.

Washington, May 11.—Inquiry into charges of misconduct against commerce court, were resumed by the house judiciary committee, which is determining whether impeachment proceedings shall be brought against the chief justice.

Edward J. Williams of Scranton, Pa., was the first witness. Williams admitted the reason he obtained a letter from Judge Archibald in the Erie culm bank transaction, was that he realized many railroad cases were in Judge Archibald's court, and that Captain Wayne, who controlled the coal property, was a friend.

During Williams' testimony W. P. Boiland sat next to him, but he signified no recognition passed between Boiland and Archibald.

KATYDIL OFFERED for \$2,000.

Williams began his testimony with a declaration that the Erie culm bank, known as the Katydil, was offered to him at \$2,000. The powder company at one time for \$3,000. The offer was made before he, Williams, attempted to purchase it. He said he learned of this transaction from a part owner of the bank, J. M. Robertson, only last week, which was after Williams made his statement to representatives of the house.

During Williams' testimony W. P. Boiland sat next to him, but he signified no recognition passed between Boiland and Archibald.

Thought Letter Would Help.

Why was it unnecessary for you to obtain a letter from Judge Archibald before you opened negotiations?" Williams was asked. "I think it would take some time before I could get a letter from him for fifteen years." "And to purchase a culm bank you thought it necessary to obtain his letter?" "Yes, I thought it would do good." "What made you think so?" "They were well acquainted."

"What were you doing for a living when you received this letter?" "I was a passenger agent for the Erie railroad company." "What made you think it would be advantageous to him in that trade?"

"I do not know of any other reason."

Williams knew Judge Archibald was a federal judge and did not know the railroads had litigation in his court, and you knew May was a railroad man. Was it not owing to this knowledge that you thought this letter would prove an advantage to you in making that trade?"

"I suppose it was."

Williams said as a general rule railroads are prone to hold their properties and have not been in the habit of selling or leasing even their culm banks.

Wire Pool Formed in 1898—A. J. Findley Says Prices Were Raised After Corporation Was Sure Thing.

New York, May 11.—The government turned its attention to showing how the formation of the United States Steel corporation had advanced the cause of the federal dissolution suit against that corporation that was resumed in the customs house with Henry T. Brown, the special examiner on duty after the absence of a day in Philadelphia on legal business.

The first witness called in the action of the iron age was the first witness. Mr. Findley qualified as an expert on steel prices. Replying to questions from ex-judge Findley, the witness testified that when the wire pool was formed in 1898, there was a considerable fluctuation, but at no time did prices descend to the level that existed before the so-called trust was formed.

COLONEL WINS IN MINNESOTA

Returns Give Taff 92, Roselet 32, La Follette 33, and Fuqua 30.

Minneapolis, Minn., May 12.—Hundreds of thousands of voters in Minneapolis cast their votes in the primary election to choose delegates to the national convention which meets in Minneapolis. The primaries brought out the largest vote ever recorded at a primary in Minneapolis. Full returns from the city precincts show 92 delegates to the national convention. Returns from all the 325 La Follette 33 and Fuqua 30. Returns from all the larger country towns are in, but quite a number of the smaller villages are yet to be heard from. Turnout was 40 percent, a record for this state. In fact the best returns give him one more delegate than Roosevelt has. La Follette, who is a native of the state, has asked all banks to turn in for cancellation all dormant notes that are valid, the government having decided to do all in its power to help him.

A BLESSING IN DISGUISE

Nervous Breakdown Is a Warning That You Must Heed to Avoid Something Worse.

Nervous exhaustion, or breakdown of the nerves, is more often a blessing than anything else. The nerves have rebelled and you should be thankful it is no worse than it is. Let it serve as a sharp warning to relieve the strain and to take treatment that will build up your nerves.

Dr. William's Pink Pills for Pale People are a real nerve tonic. They supply plenty of nourishing red blood to the exhausted nerves and do not excite and irritate them. Do not worry about what they may do when you take them. They have already shown they cannot do. Medicines which whip on the tired nerves do more harm than no harm at all. Dr. William's Pink Pill for Pale People not only cures but immediately gives relief to continue to strengthen the nerves until they are able to do their work once more.

Mrs. William's Pink Pills, which address is Box 130, R. F. D. No. 1, Coopersburg, Minn., says: "I was so completely worn out from overwork and nervousness that I was unable to continue at my work an hour longer. I was nearly blind; my back ached continually. My stomach was so weak that I could eat nothing but light food and even then I would have pain after eating. Gas formed on my stomach. I was full of breath and had palpitation of the heart. I was in bed for three months." At Davenport, Iowa, I was under doctor's care and received a prescription for Dr. William's Pink Pills for Pale People. When I began using the pills I had no strength at all. I could not get out of bed. I did not have to take the pills long before I felt better. I gave the pills a fair trial and was entirely cured."

Dr. William's Pink Pill for Pale People is safe to be taken from any harmful or habit-forming drugs. They have given the most gratifying results in nervous headaches, neuralgias, nervous debility, neuritis, sciatica, rheumatism, and even in partial paralysis and locomotor ataxia. Write for the free booklet, "Diseases of the Nervous System." Dr. William's Pink Pill is sold by all druggists and will be sent postpaid on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. William's Medicine Co., Schenectady, N. Y.

Milky Way Causes Glaciers.

Another suggested cause of glacial periods is that they have been due to the shifting of the milky way, such as is known to occur in the solar system. It is believed that much of the earth's heat comes from the stars. Dr. Rudolf Spitzke finds that the change of position in relation to the milky way might have given a different distribution of temperature from that existing at the present time. The stars are not only grouped in the region of the Milky Way, but many of them are of the hot test type.

Calculation.

"Going to make garden?" "I didn't," replied the man who always looks so encouraged. "I'm busy now figuring up how many tons of let there'll have to raise to pay for the spade and the rake and the rest of the outfit."

Mrs. Whalen's Soothing Syrup for Children instantly relieves children of colds, croup, asthma, colic, diarrhea, etc. It relieves pain, cures warts, etc. A bottle.

We all admire a man who says just what he thinks—about other people.

"That horrible weather"—how pleasant it really is when you are well! Garland Te helps always.

The man who steals our thunder is naturally under a cloud.

PINE COUNTY PIONEER

ED. C. GOTTRY, Editor and Prop'

Entered in the Postoffice at Pine City as Second
Class Matter

Pine City, Minnesota, May 17, '12

Mr. H. W. Harte of this place is in receipt of invitations from various parts of this Legislative district asking him to be a candidate from this county for State Representative at the election this fall. The district could not possibly pick on a man that would represent the district better than Mr. Harte, or one that will meet with such hearty approval from the majority of the Republican voters.

The article in last week's Hinckley Herald under "Mider's Column" in regard to the Titanic disaster, was the most disgraceful and disgusting we ever saw in print. It was not only disgraceful and disgusting, but sacrilegious. A stranger came into this office, picked up the paper, read the article, and asked where the writer lived. When informed that he lived about a mile west of here he said, "It was the only place he knew of that would tolerate a person that would write such rot."

GEORGE ZIEGLER.

George Ziegler, the 21 months old son of Mr. and Mrs. Ed. Ziegler, of St. Paul, died at his home, May 10th. Heart trouble was the cause of the little fellow's death. The funeral services were held from the George Kick home Sunday afternoon, Rev. Luebker officiating, with interment in Birchwood cemetery. Mrs. Ziegler was Miss Anna Kick before her marriage.

The heartfelt sympathy of a feeling public is extended to the bereaved family.

FIEND ASSAULTS AND KILLS.

BRAINERD, Minn., May 14.—Mrs. F. J. Page, residing on a farm at Ausland, eight miles from Pillager, was waylaid in the woods by an Austrian laborer as she walked home from Sunday school. The fiend cut her throat, tore the clothes from her and assaulted her. After committing the crime the assailant walked to the farmhouse and stole the biscuits Mrs. Page had been making.

The dead woman was 52 years old. She leaves a husband and a son A. J. Page of Duluth, at present switching in the yards at Brainerd. Sheriff Armstrong of Morrison county and Sheriff Reid of Crow Wing county are trailing an Austrian suspect named Tony. (Duluth News Tribune)

Deceased was a sister of O. J. Graham of this place. We extend our sympathy.

LATER

Tony Schneider, alias John Kropel, the alleged murderer and ravisher of Mrs. F. J. Page of Pillager, was caught on the streets of Crosby last evening by Mike Rai, a neighbor of the Pages who, with Sheriff Armstrong and Deputy Sheriff Claus Theoren had trailed the man to Ironotan. (Duluth Herald, 5-16.)

GRASSSTON

Miss Nancy Swanson went to Minneapolis Sunday to consult an eye specialist.

Chas. Swanson, wife and family were visiting at the Henry Latourell farm Sunday.

The Grassston correspondent has been dead to the world for a long time, so he thought he had better write again. The base ball game Sunday between the Henriette Giants and the local team was won by the latter by a score of 13 to 2.

Oscar Swan went to Minneapolis last week and purchased another auto, as he had more business than he could do with one machine.

There must be some attraction over to L. Cote's for John Starr, as he is seen going there quite often. He has a good start, as he is very friendly with the dog.

There are some farmers around here that never have anything to do but fly kites and climb trees, and then there are others that are as busy as bees all the noon hour.

Mr. Alexander who clerks at the Farmers' Store takes his noon meal at Heineman home now and this arrangement allows him more time at the noon hour.

Harry Mills and son and Mr. Lenheroth and Mr. Sauer awoke out to Rush Lake last Sunday and spent the day fishing. They report a dandy time and returned with a nice string of beauties.

Rev. Ralph, of Rush City, and Mr. Heineman will organize a debating club some time in the near future. This is a step in the right direction. Let us work together for the intellectual betterment of our little village.

Mr. Holmgreen, a real estate owner in Minneapolis, has come up to see Chas. Heineman in regard to some wild and improved lands in this vicinity. As he has quite a lot of both kinds of land he thinks he may satisfy the gentleman.

A party of young people drove up to Chengwatawa, Sunday for a day outing and in the evening attended the moving picture show at the Town Hall. There were some 16 or 17 in the party and judging from reports they surely had a splendid time.

Mr. E. J. Anderson, who rented the Hoag building for living and store purposes has his shelving nearly completed and has a large amount of glass, his stock is fresh no old shelfware or stale goods. His prices are reasonable. When in need of anything in his line give him a call.

The Board of Directors of the Farmers' store held a meeting on May 2nd and decided to accept the sum of two thousand dollars made by Mr. Hendrickson for the Erickson store building and ground, excepting a strip 10 feet wide and 100 feet deep which board reserves for the purpose of putting in a scale. This is a move in the right direction, as a scale is one of the Creek's greatest needs of for some time. By the terms of the contract Mr. Hendrickson cannot sell, lease or rent the property to outside parties for a period of five years.

TAFT GETS 10 COUNTIES.

Roosevelt Awarded 808 Delegates to State Convention, Taft Has 119 and La Follette 109.

St. Paul—Revised returns from the statewide Republican presidential convention show that Mr. Roosevelt has a clean sheet of Minnesota and the entire Minnesota delegation of 24 to the Chicago convention belongs to the man from Sagamore Hill. Taft did not carry a single district. Only 11 counties of 83 gave him pluralities and in the number of counties won he stands lower than La Follette, who was awarded 12 counties. In point of delegates to the state convention, Taft is 10 short of La Follette. Roosevelt will have 119 votes in the convention while La Follette will control 109. Mr. Roosevelt has been awarded 808 delegates.

109 of Roosevelt's district's votes went through for Roosevelt. The number of delegates each will send to the convention, omitting those uninstructed, follow:

Victor Tiedt, Argyle, Minn., driver of auto, badly bruised about the body. Warren—Two young women were killed almost instantly while two others of a party of autists are seriously injured as a result of an accident at Argyle, nine miles north of town. Seven persons were struck by a southbound Great Northern freight locomotive.

The locomotive was running about 20 miles an hour. All the occupants were thrown clear of the train.

Miss Lou Tiedt, daughter of the chauffeur, a daughter of the most prominent merchant of the village, was dead when the train crew and others rushed to give assistance. The Misses Miser, members of the most prominent families in Polk county, were visiting in Argyle.

Miss Tiedt attempted to cross the tracks ahead of the train and that the engine of the auto died when the machine reached the track. Other witnesses of the accident assert the train was hidden from view by a few trees a short distance away and that the auto driver did not notice the train in time to stop, but put on more steam in an attempt to cross safely.

Strikers Rout Workers.

Wilkesbarre, Pa., May 13.—Five hundred men and boys gathered at the Pine Ridge colliery, at Miners Mills, near here, and with clubs and stones drove away the repair men, engineers and pumpers who were repairing the damage.

While the rioters were holding their demonstration a squad of six state troopers appeared suddenly on the scene and charged into the midst of the crowd, forcing them from the colliery entrance to the roadway. Several of the rioters were pinned under arms, and they were unarmed and relieved of what weapons they carried.

When the rioters marched from the town to the colliery, they found themselves surrounded by state troopers awaiting them. The police halted the marchers and ordered them to break. A few of the leaders were taken into town and those who carried weapons were picked out and forced to give up their arms.

3 DEATHS IN THE AIR

PROMINENT AMERICAN FINANCIER DIES WITH ENGLISHMAN NEAR LONDON.

2 AVIATORS, 1 PASSENGER

Amateur Plunged to Death in St. Louis—Two Other Flyers Are Seriously Hurt in Fall at Perry, Iowa.

Aviators Killed in One Day. E. V. Fisher, English aviator, killed in London.

Victor Louis Mason, American flying master, his passenger,

Ray Wheeler, amateur aviator, killed at St. Louis.

Seriously Injured. Ralph M. Glasser, Perry, Iowa, Peter Glasser, companion of Wheeler, probably fatally.

LONDON, Eng.—Victor Louis Mason, an Englishman identified with several minor interests and at one time private secretary to the American secretary of war, General A. Alger, and to his successor, Elton Root, was killed while making a trial flight at Brooklands, where the British aviator, E. V. Fisher, also was killed, by being pitched out of the machine at a height of about 100 feet.

Fisher was about to give an exhibition and picked Mr. Mason as a passenger from among the spectators.

The two men were flying over when a witness said the machine, which was a monoplane, made an abrupt turn. It wavered a moment and then fell straight to earth. The sudden stoppage in the air threw Fisher headlong from the machine, which caught fire, and he was badly burned before being extricated. Physicians say both men died almost immediately.

It is surmised that some fault developed in the engine or the aeroplane which caused the accident, as Weather conditions were perfect.

Fisher was regarded as a daring aviator. He had met with a number of accidents, one in October last, in which he was rendered unconscious and his passenger was painfully injured.

Theodore Sowpith was also flying around the grounds with a passenger at the time and witnessed the accident. He flew in the direction of the wrecked machine and alighted close beside it. The two men tried their utmost to beat down the flames.

The witness was interrupted at this point by the prosecution, who said he had no right to mention threats without proof. The court would not allow it. All was continued.

"When you saw God with a pistol what happened?" he was asked.

"I kept saying him and wondering what he was going to do with me. Then I rose right up and put a gun to my head and said, 'I am going to shoot you anywhere with you, Mr. God,' and by that time he drew his pistol and just as he did he shot himself. He missed. I think I shot him. My God fired, naming my hip and leg and I fell. After I fell he was still shooting. I was shot four more times. Webb fired a little the first and Mr. God kept shooting. I never saw Mr. Webb any more."

Floyd Allen entered positive details to practically every charge made against him by witnesses for the prosecution.

He denied shooting at Justice Early on the outside of the court room and also that he wore a steplike or arbor.

St. Louis.—Ray Wheeler, amateur aviator, is dead, and Pete Glasser, a companion, is fatally injured as a result of a plunge into a telegraph post.

Wheeler and Glasser were thrown 30 feet from the machine. The gasoline tank exploded and set fire to the wrecks. Wheeler's skull was crushed, his right leg was broken in three places and his right arm was fractured.

Perry, Iowa.—Aviator Ralph M. Mullin was seriously injured in a flight here. When more than 100 feet from the highway he lost control.

He suffered two broken legs, a broken shoulder bone and numerous other injuries but probably will recover.

FOUGHT HIS WAY TO FREEDOM

The Emperor of Rome Admired the Courage and Pluck of Caracalla.

One of the most unique captives ever brought home to Rome by Julius Caesar was Caracalla, the early Briton. This great chieftain lost everything in fighting to drive out the Romans and was taken prisoner with his wife and children. When he reached before the Roman emperor he never showed the least fear. His arms were chained, and the emperor roared to try to frighten Caracalla, but the brave chieftain never moved as quickly. He told the monarch in the audience and said:

"You fight to gain the whole world and to make yourself my slaves. I fought to keep my own land and for freedom."

The great conqueror the chieftain finally touched the heart of the emperor, and the ruler of the Romans resolved to see if Caracalla would be as brave when facing war."

One of the greatest trials in Roman history was the great battle in the arena of the Colosseum, where the popular amphitheater where the populace gathered. He was told that if he could defeat the bold knight that would be sent against him he would be granted his freedom. Caracalla fought as never had before, for something swifter than his life was at stake—that of his wife and children. Justice seemed to have tempered the mettle of his weapon when he struck the blow that felled the emperor. Justice seemed to have tempered the mettle of his weapon when he struck the blow that felled the emperor. The result was that Caracalla and his family returned to Britain and his happiness.
