PINE CITY

On Sunday afternoon the Pine City base ball team drove by auto to Rush City and met the team from that place on a diamond as slippery as greased glass and the out field a lake.

With the luck they played in and the assistance of Bob Marshall, the colored hired catcher, with his tricky plays, defeated them by the score of 7 to 3. The Barringtons had a patched up team, Ed. Brennan failing to show up, Clark Pennington, who only went down as a spectator, having injured his left hand in the game with Cloquet the Sunday before was put on the initial sack, and played a good game, but did not dare to hit the ball for fear the jar would further injure his hand. A look at the line up will show the crippled condition of the team, but even in their crippled condition, if luck had broke even the score would have been decidedly different.

It seems that the Barringtons play in hard luck this season when they are pitted against weak teams, as the only games they have lost this season was the one with Grantsburg and Sunday. When a team that can defeat such teams as the Minnesota Transfer, Flor de Knispela, Grasston and Cloquet twice and then lose to two such teams as Grantsburg and Rush City, it is surely hard luck.

The Barringtons made 11 hits got 3 bases on balls and had one man hit by a pitched ball and could only get three scores. While Rush City got 7 hits 1 pass to 1st one man hit by a pitched ball and made five scores.

Next Sunday afternoon the Rush City ball tossers will meet the Barrington on the diamond on the north side of the river. This promises to be a good fast game, as both teams will put up the fight of the season, the Barringtons to humble the victors of Sunday, and Rush City to show they are the champions of this vicinity.

If you enjoy seeing good ball played be sure and see the game at the ball park Sunday afternoon.

The box score, game by innings and the summary of Sunday's game is as follows:

### THE RECEPTION

AND BALL A SUCCESS

Wednesday evening the Pine County Fair Association held their Grand Reception and Ball, in the new large exhibition building on the Fair grounds on the north side of the river. Aside from three or four couple from Hinckley, two or three from Henriette, C. W. Colby and wife, of Sandstone, E. Lindsley, of Willow River, a few couple from Rock Creek and Rush City, the large crowd that were in attendance, were from Pine City and vicinity.

The large new building was very nicely decorated with bunting and flags and lighted with large Rochester lamps, the Power Co. being unable to get the wire in time to light with electricity, and presented a very fine appearance.

At about 8:30 the crowd began to gather and by 9:30 the large floor space was nicely filled with the happy dancers.

The music furnished by Schmidt's Fair Association held their Grand Reception and Ball, in the new large exhibition building on the Fair grounds on the north side of the river. Aside from three or four couple from Hinckley, two or three from Henriette, C. W. Colby and wife, of Sandstone, E. Lindsley, of Willow River, a few couple from Rock Creek and Rush City, the large crowd that were in attendance, were from Pine City and vicinity.

In the northwest corner of the building J. J. Madden had a lunch counter, ice cream and lemonade stand and reports having done a fair business.

Great credit is due J. Y. Breckenridge and his corps of assistants in making it the success it proved to be. Secretary Harte of the Fair Association, is also deserving of much praise for the part he took in the arrangements, and for his efforts and zeal in getting such a fine building for the association.

It is estimated that there were upwards of 400 people in attendance and the Association will clear a neat little sum which will be used in helping to defray the expense of building the beautiful new exhibition building.

All those present report having had the time of their lives, voting the Reception and Ball a grand success.

### M. YOUNGBAUER ANSWERS CALL.

On Monday morning Aug. 19th at 6:00 occurred the death of Mathias Youngbauer. Death resulted from blood poisoning in a wound received the fore part of June.

Deceased was 44 years of age at the time of his death. He was born in Bohemia and in '89 was married to Mary Bauer. He was the father of ten children, two of whom are dead. Shortly after his marriage he came to this country with his wife and made his home at St. Paul.

After leaving St. Paul he moved his family to this place and made his home in the southwestern part of town. Eighteen years ago he moved onto a farm five miles west of here on Mission Creek.

The fore part of June Mr. Youngbauer cut his knee on a scythe, in jumping from a wagon to the ground. The wound was quite serious and had not healed completely. In a runaway which occurred a couple of weeks ago he was thrown violently from a buggy and the old wound torn open. Blood poison set in and death was the ultimate result.

The funeral was held Thursday morning from the Catholic church, Fr. Leo officiating. The remains were laid at rest in Calvary cemetery.

Beside the members of his own immediate family, deceased leaves two brothers, James who resides southwest of here and Joseph, of Idaho.

The heartfelt sympathy of a host of friends is extended to the sorrowing family.

—Attend the Pine County Fair, on Sept. 16-17-18.

## STORM CAUSES RUI

### RAILROAD TRACKS INUNDED, SCORES HURT IN AND ABOUT NILES, MICH.

### BIG \$1,000,000 DAM BREAKS

#### Three Men Are Struck by Lightning—Fourteen Inches of Rain is Recorded—Worst Electrical Storm for Years.

Niles, Mich., Aug. 19.—A phenomenal heavy cloudburst, confined in a radius of three miles of this city, caused the death of two persons, injuries to many others, washed out seven railway bridges, destroyed miles of railroad tracks, stopped street car traffic in Niles and other towns, held up all trains of the Big Four and the Michigan Central and did hundreds of thousands of dollars damage.

Fourteen inches of rain fell in Niles and the neighborhood. The following were killed by lightning: Otto Seaver, thirty-four years old; farmer near Niles. Billwoch, seventy years old; farmer near Niles.

Seaver and Billwoch were putting up a house on the outskirts of Niles. They took refuge in the rear of the unfinished house and were there struck by a bolt of lightning that killed them, strangely marked and mutilated by the electric current, were found by a searching party. One of the bodies was on top of the other.

Struck by Lightning. Charles W. Hushover, a railroad official from South Bend, was driving near here in an automobile with three expert linemen when the entire party was struck by lightning. Hushover and the three linemen were severely injured and rendered unconscious.

Abraham Harrod of Niles was also struck by lightning and rendered unconscious while he was driving his machine on the highway on the road to South Bend.

The million-dollar dam of the Chapin Power company on the St. Joseph river, which was erected recently by Chicago capitalists for the purpose of supplying electric power to South Bend, Mishawaka, Elkhart and St. Joseph, threatened to break and hundreds of men with sand bags are working to save it.

Other hundreds of workmen are striving desperately to keep the city of Niles, which supplies power for the electric lighting and traction companies.

Railroad Bridges Destroyed. All the bridges of the Big Four and Michigan Central railroads for a distance of three miles east and west of this city have been destroyed by the cloudburst, and scores of freight cars have been swept into the St. Joseph river. The Michigan Central railroad yards, covering six acres, are under water.

The dam of the Central Flour company at Niles burst, and the mill and other buildings for half a mile around were flooded.

Nine cars full of animals and effects belonging to the Tiger Bill cirque, which was to appear at Benton Harbor, is stalled in three feet of water near here.

Interurban street car service between Niles and St. Joseph and other lines is entirely stopped. Great damage has been done to telephone and telegraph wires.

Worst Storm in Years. A fierce electrical storm and cloudburst in years broke over northern Indiana and southern Michigan and caused heavy damage to power plants and electric railways. Trolley service between South Bend and St. Joe is entirely suspended because of washouts and cannot be repaired within a week.

Cumberland, Md., Aug. 19.—A Baltimore & Ohio passenger train struck an outlying party of six on the Western Maryland railway extension one mile west of Frostburg station, near the Borden water station.

## DARROW NOT GUILTY

### WELL KNOWN LABOR ATTORNEY ACQUITTED OF BRIBERY CHARGE IN LOS ANGELES.

### JURY WENT OUT 25 MINUTES

#### Alleged That Chicagoan Attempted to Bribe Man Drawn for Jury Service—Court Room in Uproar When Verdict is Returned.

Los Angeles, Cal., Aug. 19.—Clarence S. Darrow, the well-known Chicago lawyer, was found not guilty of the charge of bribing a juror in the McNamara case. The jury was out just a minute and a half.

Only one ballot was taken and each juror voted not guilty. Although warned against a demonstration by the judge, there was a spontaneous outburst of applause when Freeman M. R. Williams, in response to the court's query, stated that the jury had found a verdict of not guilty.

Judge instructs the jury. Asserting that the evidence developed in the case of Clarence S. Darrow, Chicago labor attorney, on trial here for bribery, does not support the allegation that a juror alleged in the first count of the indictment against him, Judge George Hutton began reading his instructions to the jury. The instructions of the court to the jury lasted over an hour, and were regarded as favorable to the defendant. After telling the jurors that they were to consider but the least severe of the counts on the indictment, Judge Hutton proceeded to instruct them as regards the law in the case.

There should not be a conviction, he said, on the unsupported testimony of an accomplice, but that such testimony must be corroborated by other testimony which itself must connect the defendant with the commission of a crime. Even though the jurors believed the testimony of the accomplice, he said, that was not sufficient.

Darrow's Character Big Factor. The evidence in the case, the court said, had clearly demonstrated that Darrow's previous character was in fact to be regarded as a substantive fact tending to show the defendant's innocence.

Regarding the mass of collateral evidence formed the Motion Picture Patents company, a New Jersey corporation, to control the machines and apparatus used in the moving picture business and determine who shall be allowed to engage in manufacturing such apparatus. #### Action Begun at Philadelphia for the Dissolution of Combines Controlling Patents.

Philadelphia, Aug. 17.—The federal government attacked the moving-picture trust in a civil suit filed here for the dissolution of the Motion Picture Patents company and the General Film company. Ten prominent moving picture film concerns are accused of conspiring to monopolize the business, even to the extent of increasing or decreasing the number of motion picture theaters in which they have no proprietary interest.

The defendants named in the suit are the Motion Picture Patents company, General Film company, Vitaphone company, Thomas A. Edison, Inc.; Essanay Film Manufacturing company, Kalem company, George Kleine, Paramount Pictures, Famous Lasker, Pathé Freres, F. N. Selig, Vitaphone and Armat company, and Frank L. Dyer, Henry N. Marvin, A. J. Kennedy, William Fox, Samuel Lumsden, J. A. Best, Albert E. Smith and George Spoor.

It is charged that the defendants in 1909 formed the Motion Picture Patents company, a New Jersey corporation, to control the machines and apparatus used in the moving picture business and determine who shall be allowed to engage in manufacturing such apparatus. ### DISTRICT ATTORNEY THWARTS ATTEMPT OF POLICE TO SECURE PRISONER.

### ROSE IS CORROBORATED

#### Material Witness Tells Same Story—Do Not Know Whether He Gave Money to "Murder Crew."

New York, N. Y.—Persistent efforts of the police to wrest Sam Scheps from the custody of Assistant District Attorney Rubin during his trip from Hot Springs have come to naught. Scheps is now a prisoner on a technical charge in the West Side jail under surveillance of men from the district attorney's office, who have orders to allow no one to command him, and to prevent him from communicating with Mr. Whitman himself.

Scheps will go before the grand jury immediately and is expected to corroborate in every essential detail upon which Police Lieutenant Charles Becker was indicted for Rosenthal's assassination.

Scheps, who though a police detective, is attached to the district attorney's office, did not answer the telegram which had been wired to Mr. Whitman, who was then in Manchester, N. H.

From Buffalo, on Saturday, Thomas sent a night letter to Dougherty, saying:

"I leave Buffalo 12:05 a. m. Aug. 19: due 9:25 a. m. via New York Central. At Hot Springs Scheps consented to waive extradition provided he be taken into custody at Hot Springs. This agreement entered into with Scheps by Whitman and Rubin. Scheps now accompanied by his own counsel, Belmont and Dwyer, is in the quarters of the district attorney's office, where he is being guarded by five headquarters detectives, headed by Detective Haggerty, boarded it and demanded Scheps as their prisoner."

"I will order the instant arrest of any officer who attempts to take Scheps to police headquarters. Mr. Whitman told Haggerty, 'and you can present my compliments to your commissioner.'"

Whitman Holds Scheps. Mr. Whitman explained to the detective that the district attorney of the county he was thoroughly familiar with the evidence against Scheps as an alleged accomplice of the murder and that he was in a position to arrest him on such a charge, this being the one the police have made against him.

"Scheps has come a voluntary witness into the state on a pledge from me that he is protected and I intend to protect him," declared the district attorney.

Scheps was arraigned and held on a technical charge of vagrancy. His fellow prisoners in the West Side jail are "Bugs" Wobber and Harry Vallon, with whom he exchanged greetings in the prison.

"I'm going to stick by your fellow Scheps when he is held. I'll hold a cell window across the court yard of the prison."

On the trip from Albany, Mr. Whitman had a long conference with the witness behind station doors and obtained from him, he said, a story which was fully strengthened by his presence against Becker and other prisoners, seven in all, whom he expects the grand jury will indict.

"He has corroborated everything in Jack Rose's story that Rose said he would," said Mr. Whitman.

(Amount to be paid \$5.00 by Miss Edith Robinson.)

I hereby announce myself to the voters of Pine County as a candidate for the office of County Superintendent of Schools. I hold a First Grade State Certificate, have had considerable training at the State Normal and have taught in the rural and semi-graded schools of Pine County for fourteen years. I feel that my close association (as a teacher) with the people in different parts of the county has given me an insight into the conditions and needs of the rural schools and I believe that the principal need at the present time is for agricultural training and a thorough mastery of the common branches. I also believe in co-operation of rural and high schools, and if elected will endeavor to give you a good administration and to help you to make each dollar spent bring a dollar's worth of good results.

Yours for Education,  
EDITH M. ROBINSON.

**FRANK JULIUS GOLZ.**

Last week we were called upon to chronicle the death of Frank Golz, which occurred Friday morning, Aug. 16th at about 6:00.

Frank Julius Golz was born in Elling, Germany, March 1st 1859. He came to the United States in 1884, teaching at Baltimore and Chicago before coming to St. Paul. Previous to his coming to this place he was employed on a farm near St. Paul. In March 1890 he married Mrs. Louise Stolton. Of this union two children were born, Richard, now of Duluth, and George, of this place.

The funeral was held at 2:00 p. m. Monday afternoon from the home, Rev's. Luebker and Parish officiating. Interment was made in Birchwood cemetery.

Mrs. Steve Lepinsky, a daughter of Mrs. Golz, her husband and children, were down from Duluth for the funeral. Richard, who is employed at Duluth, was also down.

We join with the numerous friends of the family in extending our sympathy.

**CARD OF THANKS.**

We wish to thank the many kind neighbors and friends who so willingly assisted us in the sickness and death of our husband and father. We also wish to express our appreciation for the beautiful floral offerings.

**DONT WANT DAM RESTORED.**

Pine City Residents Protest Rebuilding of Structure in Snake River.

Fearing that the state drainage board is preparing to restore the Chengwatana dam in Snake river, two miles east of Pine City, a delegation of citizens from Pine County called on the drainage board today to protest. The dam was ordered out by the state Supreme Court a year ago because it was built without proper legal proceedings having been taken.

Removal of the dam has caused Pokenama and Cross lakes to be lowered eight or nine feet, and has left two sanitariums, two large summer hotels and some private residences isolated from the beach.

The delegation was told that the drainage board has no authority to restore the dam, and that a survey is being made for information to be included in the annual report. (Pioneer Press, Aug. 20th, 1912)
