The Past Election And Its Results.

The political crisis in this country has passed and National affairs have gone into the hands of the Democratic party.

Wilson, the Democratic candidate, carried state after state, where the Republicans had been favorites, and at the last report, would have about 438 electoral votes. States, which in former years had stood for the Republican party first, last and all the time, went strongly Democratic.

The Republican state ticket went through without a hitch from the governor down. Eberhart, for governor, won out over all opponents by a large majority.

C. B. Miller received the largest number of votes from this district and will go to Congress for another term. Henry Rines and Adolph Larson go to the State Legislature from this district.

Much interest had been manifested over the county ticket and the campaign carried on was one of the most strenuous in the history of this county. It is all over with now though and local affairs will assume a natural trend.

The fight for the county treasurer-ship and the superintendency of schools created much interest, and it was very uncertain up to the last minute, as to the real outcome.

Lack of time and space make it impossible for us to give the returns by precincts, but we will give the total number of votes received by the candidates in the county. This report was secured yesterday (Thursday) afternoon.

WOODROW WILSON'S PRESIDENTIAL

NEW JERSEY GOVERNOR LEADS HIS PARTY TO VICTORY AFTER TWENTY YEARS OF DEFEAT—OPONENTS CONCEDE ELECTION BY OVER 300 ELECTORAL VOTES.

IT LOOKS LIKE A CLEAN SWEEP FOR DEMOCRATS

Democrats Carry Many Rock-Ribbed Republican States—Taft and Roosevelt Congratulate Democratic Champion on His Election—President Warns the Country Against Third Party—Roosevelt Says Progressives Will Continue Fight.

New York, Nov. 6.—With the election of Woodrow Wilson to the presidency and Thomas R. Marshall to the vice presidency assured by the earlier returns the reports indicate that the electoral vote of the Democratic candidates pass the 300 mark.

The size of the popular majority given the Democratic national ticket in the states outside of Illinois might give electoral votes to either Taft or Roosevelt were matters of conjecture. Illinois may go to Roosevelt.

It was certain, however, that Illinois would give an overwhelming majority to Roosevelt, while the race in Pennsylvania was so close as to bring all three candidates within range of success.

Early returns gave Governor Wilson and Governor Marshall the solid South and the states of Connecticut, Delaware, Kentucky, Maine, Maryland, Massachusetts, New York, West Virginia, Indiana and Missouri.

As the time advanced and returns from the West began to come in, these earlier estimates were confirmed and Montana, New Jersey and New Mexico were added to those that seemed certain for the Democratic candidates.

While scattering returns from San Francisco and Los Angeles made it probable that California might join the Wilson-Marshall column.

Rhode Island Doubtful. Rhode Island also became a doubtful state on the returns near midnight and based on the later votes reported, it seemed not wholly impossible that its five electoral votes would go to Wilson.

The early returns gave an apparent lead in electoral votes to Taft in New Hampshire.

Philadelphia, Pa. 6.—Returns from 2,874 election districts out of 6,734 in Pennsylvania give Taft 149,538; Wilson, 174,918; Roosevelt, 179,203.

The missing districts in Philadelphia are expected to add materially to Roosevelt's strength in this city.

In the state the Roosevelt stronghold, however, remains to be heard from and the returns in hand indicate that Roosevelt has probably carried the state.

Vermont. White River Junction, Nov. 6.—President Taft was the winner in Vermont yesterday by a plurality of 924 over Colonel Roosevelt. Mr. Taft received a total of 23,247 votes; Colonel Roosevelt, 22,223; and Governor Wilson, 15,297. Governor Fletcher, Republican, had a plurality of 6,000 in September.

Massachusetts. Boston, Nov. 6.—Massachusetts, nominally a Republican state, gave substantial majorities yesterday to Governor Woodrow Wilson of New Jersey and Governor Eugene N. Foss, Democratic candidate, respectively, for president and governor. It was the first time that Massachusetts had given a Republican for president. President Taft and Colonel Roosevelt, Republican and

Progressive candidates, respectively, ran about even.

Taft Issued Statement. Cincinnati, Ohio, Nov. 6.—President Taft at 11 o'clock last night conceded the election of Governor Wilson. He issued the following statement from his brother's home here:

"The returns insure the election of Governor Wilson to the presidency. This means an early change in the economic policy of the government in reference to the tariff. If this change can be made without halting prosperity, I sincerely hope it may be.

Third Party Vote a Warning. "The vote for Mr. Roosevelt, the third party candidate and for Mr. Debs, the Socialist candidate, is a warning that their propaganda in favor of fundamental changes in our constitutional representative government has formidable support.

"While the experiment of a change in the tariff is being carried out by the Democratic administration it behooves Republicans to gather again to the party standard and pledge anew their faith in their party's principles and to organize again to defend the constitutional government handed down to us by our fathers. We must make clear to the young

men of the country, who have been weaned away from sound principles of government by promise of reforms impossible of accomplishment, by mere legislation, that patriotism and common sense require them to return to a support of our constitution without compromising our principles. We must convince and win back former Republicans and we must reinforce our ranks with constitution-loving Democrats.

Taft in Favor of Progress. "We favor every step of progress toward more perfect equality of opportunity and the ridding society of injustice. But we know that all progress worth making is possible with our present form of government and that to sacrifice that which is of the highest value in our governmental structure for untried and impossible reforms is the wildest folly. We must face the danger with a clear knowledge of what it is.

Party Is Equal to Task. "The Republican party is equal to the task. It has had no nobler cause. Let us close ranks and march for

ward to do battle for the right and the true."

President Taft last night sent telegrams to Governor Wilson and Chairman Hillis of the Republican national committee.

Here are the messages: "Cincinnati, Ohio, Nov. 6. 'Hon. Woodrow Wilson, Princeton, N. J. 'I cordially congratulate you on your election and extend to you my best wishes for a successful administration. (Signed) WM. H. TAFT."

"Cincinnati, O., Nov. 5. 'Hon. Chas. D. Hillis, chairman national committee, Times building, New York. 'You have conducted a most difficult campaign in the face of unusual obstacles. I congratulate you heartily upon the fight you have waged and I am deeply grateful to you for it. (Signed) WM. H. TAFT."

Roosevelt Wires Wilson. Oyster Bay, Nov. 6.—Shortly before midnight Colonel Roosevelt made the following statement:

"The American people, by a great plurality, have decided in favor of Mr. Wilson and the Democratic party. Like all good citizens, I accept the result

HIS EXCELLENCY, THE PRESIDENT-ELECT.

men of the country, who have been weaned away from sound principles of government by promise of reforms impossible of accomplishment, by mere legislation, that patriotism and common sense require them to return to a support of our constitution without compromising our principles. We must convince and win back former Republicans and we must reinforce our ranks with constitution-loving Democrats.

with entire good humor and contentment. As for the Progressive cause, I can only repeat what I have already so many times said: the fate of the leader for the time being is of little consequence, but the cause itself must in the end triumph, for its triumph is essential to the well being of the American people.

(Signed) "Theodore Roosevelt." At the same time he issued his statement, Colonel Roosevelt sent the following telegram to Governor Wilson:

"The American people by a great plurality have conferred upon you the highest honor in their gift. I congratulate you thereon.

(Signed) "Theodore Roosevelt." Governor Wilson is calm. Princeton, Nov. 6.—Governor Wilson sat with a party of friends around a brilliantly illuminated dinner table as the election returns began to come in earlier than was anticipated.

The first results the governor got were favorable and his comment was: "That's very encouraging."

The returns that continued to come in from Massachusetts, Connecticut and New York all favored Governor Wilson, and the party about the dinner table showed its pleasure.

The governor was not over-confident. When asked for the returns from New York city he smiled.

"I'm supposed to carry the city by 2 to 1 in order to win the state," he said, as he continued his dinner leisurely.

Responding later to a telegram from Democratic National Chairman McCoombs, asserting that Governor Wilson unquestionably was elected, the Democratic candidate sent a dispatch as follows:

"I deeply appreciate your telegram and wish to extend to you and the members of the campaign committee my warm congratulations on the part you have played in the organization and conduct of a campaign fought out upon essential issues.

"A great cause has triumphed. Every Democrat, every progressive, every man of whatever alliance, must now lead his full force and enthusiasm to the fulfillment of the people's hope, the establishment of the people's right to just justice and progress may go hand in hand."

Democrat Senate Doubtful. New York, Nov. 6.—Indications contained in early and incomplete returns are that the Democrats will make gains in the United States senate, but whether these gains will be sufficient to change the political complexion of the senate is undetermined.

It appears likely that a Democrat will succeed a Republican, and while Progressive leaders in Colorado would not concede it, there appeared from the Wilson gains, indicated in early returns, a possibility that two Democratic senators will be returned from the state.

Debs Fails to Cast His Vote. Terre Haute, Ind., Nov. 6.—Eugene V. Debs, Socialist nominee for president, did not vote. Owing to his extensive campaign tour he was unable to be at home during the presidential period. He spent the day quietly at home where he received congratulations on his fifty-seventh birthday anniversary.

BURKE FOR CABINET. N. D. Governor in Line for Office of Secretary of Interior.

Fargo, N. D., Nov. 6.—The election of Wilson as president of the United States is generally thought in North Dakota to mean the selection of a Democratic cabinet, preferably a secretary of the interior. Burke was three times elected governor of North Dakota despite an overwhelming victory of the Republicans for the rest of the state office.

He was boomed for the presidency early last summer and given the delegation from this state to place him in a position for the vice presidential nomination. At Baltimore the excellencies of the occasion were such that it was deemed best to name

Marshall as secretary of the interior. An understanding was reported to have been reached at that time by which Burke would be named for a cabinet position, preferably secretary of the interior. This position is of more interest to Western people than any other place in the cabinet and Burke is regarded as a better fitted man than for any of the other places.

TURKS AGAIN DEFEATED. Fighting More Desperate Than Battle of Lule-Burges.

Sofia, Nov. 6.—The Turks have suffered another severe defeat between Serrai and Thesoria. The losses on both sides for exceeded those in the battle of Lule-Burges. The fighting in this battle lasted ten days and the Turks offered desperate resistance.

Greeks Lose Heavily. Athens.—In the fighting at Yenidje, 14 miles west of Salonika, which the Greek forces recently captured, the Greeks lost six officers and 154 men killed and 33 officers and 737 men wounded.

New Hotel Burns. Benildj, Minn., Nov. 6.—Fire believed to have been caused by a guest dropping a lighted match down the paper duct in the lobby of the interior of the new and modern three-story brick Rex hotel. The walls are still standing, but the flames are not under control and the loss will be not less than \$15,000. There is little wind and the flames expect to keep the fire from spreading. The fire began shortly after 8 a. m. The building is owned by the Duluth Brewing company and the hotel has been operated by Lyman & Co.

Heiloom Is Found By Add. Milwaukee.—The only known heiloom ever advertised for in Milwaukee has been found. The doll has been an heirloom in the family of Mrs. Charles Brichka for 40 years. Mrs. Brichka's little niece, Anna MacWick, of Milwaukee, Delrae, Minn., lost the doll in the street many years ago.

Mules Do Harrowing Alone. Blundale, Delaware.—Colonel Benson, a prominent farmer and a great lover of animals, has succeeded in training a pair of mules to plow or harrow a field without a driver, and watches his prize team do the work. Col. Benson a few years ago had a team of mules with which he scratched ground, which were so obedient except the traces and which he guided by straight directions. This year he has gone one better than ever before.

Favors Leberg Lookout Ship. London, England.—A new permanent iceberg lookout ship in mid Atlantic is suggested by the British Board of Trade as a sequel to the report of Lord Alverstone in the Titanic disaster, and the plan is being considered by the advisory committee of the board of trade. If the proposals are carried out, the vessel will be stationed in the Gulf of Atlantic trade and she will cruise along the boundaries of the ice region. She will then be in a position to warn shipping liners by her powerful equipment.

THOMAS R. MARSHALL.

and Vermont, but the Taft pluralities were not nearly approached to the very few hundred votes in each state and seemed likely to be wiped out entirely.

The vote in Utah, as reflected in the dispatches up to midnight, gave indications that that state might be carried for Taft.

Pennsylvania Vote Close. The vote in Pennsylvania was amazingly close, the returns from more than a thousand precincts, amounting over 185,000 votes, giving each of the three leading presidential candidates more than 50,000 votes. President Taft's lead in Philadelphia districts was offset by the heavy vote polled by Roosevelt and Wilson in other parts of the state. Many surprises were shown in the returns.

New York Assembly Democratic. The New York state assembly seemed to be overwhelmingly Democratic.

In Illinois indications were that Judge Dunne, the Democratic candidate for governor, had won, notwithstanding

"Boy Wizard of Finance." New York—Wall street has just awakened to the fact that another boy wizard of finance has developed in the midst—in the person of Ira G. Knobel who has obtained control of the Manhattan Life Insurance company at 60 Broadway. Mr. Knobel, at 16 years of age, owns the capital stock of a company with 168,000,000 of outstanding insurance contracts, \$10,000,000 company and total assets of \$25,000,000. Mr. Knobel has rivaled the coup of Thomas Fortune Ryan in his insurance deals.

Butter Output Increases. St. Paul.—The Minnesota state dairy and food commission is now compiling figures on the production of butter in the state, and finds that the increase for 1911 is heavy. It is expected that the compilation will show an increase much greater than that of 1910. Stearns county, which was credited with a better production, showed 5,000,000 pounds in 1910, shows a production of over 4,000,000 pounds for 1911. In 1910 the farmers of Stearns county received \$54,371 for their butter fat.

Quicker service and smaller means is the demand. Good dinners are still expensive, but less expensive. The dinner of today is an interest in the program and not the program itself.

GOVERNOR A. O. EBERHART IS RE-ELECTED

Wilson Carries State By a Safe Margin.

Entire Republican State Ticket Has Been Elected—James Manahan Is Also a Sure Winner.

Minneapolis, Nov. 6.—Minnesota appears to have been carried by Woodrow Wilson in a three-cornered fight for the presidency, with Roosevelt a close second and the result still in doubt.

Governor Eberhart has been re-elected by a plurality ranging from 40,000 to 50,000.

The entire Republican state ticket has been elected from United States Senator Knute Nelson down, by majorities greater than those accorded the governor.

The fact that the polls closed so late in Minnesota resulted in meagre returns until a late hour. Ramon County was apparently carried by Wilson for the presidency while Hennepin county went for Wilson with Taft a close second and Roosevelt third.

Republican Victory Complete. The victory for the Republican state ticket is complete. State Chairman Smith stated there was no doubt of Eberhart's election by at least 40,000 votes. It would possibly amount to more than that. He claimed the election of all of the Republican state candidates, including the railroad and warehouse commissioners.

In every instance it was made evident that the strength of Roosevelt was a personal strength and not strength gained by the third party organization.

In Congressional Districts. In the different congressional districts in Minnesota the winners have attained their places easily.

In the First, Sidney Anderson is an easy winner over his Democratic opponent, Clinton Robinson in the Second W. S. Hammond, Democrat, wins by a handsome majority over F. E. Ellsworth, author of the resolution which made a third party ticket in Minnesota possible. In the Third, C. R. Davis wins by about 5,000 majority over his Democratic opponent, F. L. Grotzback.

The Victory of F. C. Stevens. The victory of F. C. Stevens in the Fourth district was one of the unexpected results. Mr. Stevens was facing a bitter fight and the Democrats had named a strong man. The complete defeat of Hugh T. Halbert in the Ramsey county answer to the third party ticket, placed in the field after the primary nominations were made.

In Hennepin county, the victory of George R. Smith was expected but its completeness was more than had been anticipated in view of the three-cornered fight made against him.

In the Sixth district, C. A. Lindberg is an easy winner over his Democratic opponent, Dr. Gilligan and A. J. Volstead was elected without opposition in the Seventh.

Clarence B. Miller, Republican was an easy winner over John Johnson in the Eighth, or Duluth district, while Halvor Steenerson wins by a reduced majority in the Ninth.

On the Republican state ticket, Knute Nelson and James Manahan, candidates for United States senator and congressman at large, respectively, win by the largest majorities.

It was not possible to completely estimate their majorities but it is

tion to the candidacy of Mr. Collins, Governor Eberhart met the opposition of P. M. Ringdal, Democratic candidate, who made a clean and an aggressive campaign. Still another opponent was E. E. Loback, Prohibition candidate, who has polled a good vote and David Morgan, the Socialist-Labor candidate.

In spite of this opposition, Governor Eberhart has come through with a clean plurality and the state administration will remain for another two years as it is.

How Twin Cities Treated Eberhart. Governor Eberhart carried both St. Paul and Minneapolis, but by majorities less than those given him two years ago.

Returns on justices of the supreme court are difficult to obtain. Calvin B. Brown appears to have been elected chief justice. His nearest opponent is C. W. Stanton of Bemidji. Returns from the northern part of the state, where Stanton is strongest, may change the result.

Justice Holt in the Lead. For associate justice, Justice Holt of Minneapolis has been elected, leading

prognosis gave Taft 17,501; Wilson, 20,856; Roosevelt, 20,314. These precincts were outside of Minneapolis and St. Paul. 152 precincts outside of Minneapolis and St. Paul gave Eberhart 11,396; Ringdal, 9,438; Collins, 1,865.

The strength which President Taft developed above conclusively what might have been done for the president had the national committee commenced its fight earlier.

The revival of Taft sentiment came late, but it was marked all along the line. Republicans voted freely for Woodrow Wilson and in Minnesota, as in other states, turned the tide to the Democratic candidate through lack of confidence in the chance of their own candidate to win.

On of the most vigorous fights for the president was made in Hennepin county. In this county, Wilson and Taft ran close, showing the results of the fight put up by Taft's organization under the direction of E. H. Carpenter. The failure of Roosevelt to negotiate more than third place shows in marked contrast to what happened here during the primaries.

Court Rules Are Revived. Washington, Nov. 5.—Revolutionary changes in procedure in equity cases in federal courts throughout the United States are effected in revised rules promulgated by the supreme court of the United States. The object is to reduce the cost of litigation and eliminate delays. The new rules were announced by Chief Justice White from the bench. One of the tasks undertaken by him when he was appointed chief justice was to reform procedure in the courts. He first revised the rules of the supreme court itself.

THE STATE WINNERS.

not known now, but enough has been known to indicate that it will be safely Republican.

While Governor Eberhart's majority is less than that given Senator Nelson and Mr. Manahan, it is greater in proportion. The governor had a strenuous struggle in the primaries and was opposed as bitterly in the election.

The third party named a candidate against him in the person of F. V. Collins, running as a Roosevelt Progresive. The strong vote polled by Roosevelt secured a larger vote for Collins than he would otherwise have received, but even with the aid, his vote is comparatively small. In addition

TURKS ARE HOSTILE

MASSAGE OF CHRISTIANS BELIEVED POSSIBLE IF BULGARIANS SHOULD ENTER CITY.

ARROGANTLY BOAST IT.

Porte Resolves No Reply to the Appeal of Powers for Mediation—Destination is Certain.

London, Nov. 6.—A Constantinople dispatch to the Chronicle which was received by an indirect route, declares that the situation in the Turkish capital is grave. The hostility to Europeans is increasing and displayed arrogantly. Some of the workmen's guilds, the dispatches say, boast that they have taken a sacred vow to massacre every Christian should the Bulgarians enter the city.

The prospect that a considerable portion of the defeated Turkish army will be able to reform behind the lines of Thessaly, the last fortification before Constantinople is not altogether excluded, but whether the Turks will be able to make their way through resistance to the Bulgarian advance is a question which permits of doubt.

In the struggle with the allies the Turks lost more than half their artillery. In fact the Servians alone claim to have captured no less than 300 guns. This will certainly militate against any prolonged stand at Thessaly.

In a circular note to Turkish ambassadors abroad the Turkish government maintains that although earlier warlike advances are not despatched, the note insists that Turkey still is able to maintain prolonged warfare.

No Reply to Note. Up to the present hour there is no sign that anything has come of the Porte's appeal to the powers for mediation. To repeat what has been said little doubt that when they are received they will embody a declaration to consider the idea of proposing armistices. Apparently Bulgaria is in no mood to negotiate peace at the present time.

Although fighting still is proceeding on the Thessaly-Serai and correspondents are sending reports of Bulgarian and Turkish successes in that neighborhood, it is evident that the fighting merely is an extensive re-guard action to cover the movement of the Turks toward Constantinople.

The fall of Adrianople is expected daily. The occupation of Suk, on the railway between Saloniki and Kuleli Burgas is the last link of the chain wholly cutting off the Turkish armies which have been fighting the great battles in the east of the country and to the west.

UNIVERSITY ON STRIKE.

North Dakotans Refuse to Go to School on Election Day.

Grand Forks, N. D., Nov. 6.—Because President McVey of the University of North Dakota ordered regular classes on election day, 200 students held a mass meeting and decided to call a strike. Plans were laid for the day and the walk-out was conducted in regular strikers' fashion.

President McVey stood by his guns and sessions were held despite the fact that it was election day.

Classes were deserted when orders for the strike were being formed.

Mules Do Harrowing Alone.

Ellendale, Del., Nov. 6.—Col. Benson, a prominent farmer and a great lover of animals, has succeeded in training a pair of mules to plow or harrow a field without a driver, and now sits beneath the shade of a tree and watches his prize team do the work. Col. Benson a few years ago acquired a team of mules with which he scratched ground, which were no harness except the traces and which he guided by shouted directions. This year he has gone one better.

"Boy Wizard of Finance."

New York, Nov. 6.—Wall street has awakened to the fact that another "boy wizard of finance" has developed in its midst—the person of Ira C. Kringsel, who has obtained control of the Manhattan Life Insurance company at 60 Broadway. Mr. Kringsel, 23 years of age, owns the capital stock of a company with \$63,000 of outstanding insurance contracts, \$100,000 company and total assets of \$25,000,000. Mr. Kringsel has received the coup of Thomas Fortune Hays in his insurance deal.

DREADED ATAXIA

What Active Treatment With Dr. Williams' Pink Pills Accomplished in a Recent Case.

Mr. Francis M. Poole, a harness maker, of Garvin, Lyon Co., Minn., says: "My illness started in 1902, with sharp pains all through my limbs. At first I thought it was rheumatism, but the pains kept getting more and more severe and I grew steadily weaker. Later a numbness came over my legs. It gradually extended up my legs to my hips and waist. By this time I had lost all control of my legs. Next my bladder and bowels were affected and I lost all control of them. At this stage of the disease I was perfectly helpless and from November, 1905, to April, 1906, I was confined to the bed. My memory was so affected that I thought I would lose my mind. I looked just like a dead person. My lips and fingers were blue, shooting pains and could get relief only from the use of morphine."

"I was treated by five St. Paul doctors. All of them pronounced my case locomotor ataxia. One said I could not live a year and another told me I would die in a few days. I was finally able to go to the country. I was kept on with the treatment. The bluish color left my lips and my eyes became brighter, when I took the pills a long time and the next spring in May I could walk around. In June I went to work although still weak. I kept on gaining and am now working without the return of a symptom of my former trouble and without a day's rest. Dr. Williams' Pink Pills for Pale People absolutely cured me and I was all better in less than a year of my wonderful recovery."

Those who are interested in the treatment which cured this case should have our booklet, "Diseases of the Nervous System," which will be sent to every nervous sufferer free of charge. Dr. Williams' Pink Pills for Pale People are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box. Six boxes for \$2.50 by the Dr. Williams' Medicine Co., Schuylkill, Pa., U.S.A.

Clever Eye of Collector.

Here is a rare specimen of business humor, received the other day by a London firm. It ran:

"Our cashier felt unconscious at his desk this morning. Up to this time I, as a p. m., we have been unable to get a word out of him except your names. May we say to him, with a view to his immediate recovery, that we have your order and think that is what he has on his mind?"

A CLEVERMAN'S TESTIMONY.

The Rev. Edmund Heston of Wigton, Pa., suffered from Dropsy for 4 years. His limbs and feet were swollen and puffed. He had heart distressing, was dizzy and exhausted at the least exertion. Hands and feet were cold and he had such a dragging sensation across the loins that it was difficult to move.

After using a box of Dods' Kidney Pills the swelling disappeared and he felt himself again. He says he has been benefited and blessed by the use of Dods' Kidney Pills. Several months later he wrote: "I have not changed my faith in your remedy since the above statement was authorized. Correspond with Rev. E. Heston about this wonderful remedy."

Dods' Kidney Pills, 50¢ per box at your dealer or Dods' Medicine Co., Buffalo, N. Y. Write for Household Hints, also music of National Anthem (English and German words) and recipes for dainty dishes. All sent free. Adv.

Long-Felt Want.

Man (entering store)—A card in your window says: "Boy wanted over sixteen years."

Proprietor—Yes, sir; have you one? Man—No, I just dropped in to ask you if you weren't discouraged, that's all.

Suitable Attire.

"How were the sailors dressed who were left on the desert islands?" "In maroon suits, of course."

A strong appeal has been made to the women and children of the farm. Advance notices have been sent out along the route and school superintendents have declared a holiday on the date the train passes through each county. The extension department has had men in the districts during the last three weeks and preparations for attracting all families of the county have been made to bring the entire population into the town visited.

Two hours will be spent in each town and the visitors show through the train. Lectures will be given on various topics of interest to farmers while the women in charge of the domestic car demonstrations will show a model kitchen and give lectures on the science of cooking, canning and other matters of interest to housewives. The train will carry improved machinery used on the farm and in the home and results of experience and scientific investigation in every department of farm life will be made public.

The train is made up of a baggage car with storage for stock and a stock car of automobile type, enabling attendants to load out stock at stopping points, a farm machinery car, carrying latest devices for simplifying farm work and a poultry car showing the latest devices for care of poultry. Snow Stops the Harvest.
Fergus Falls.—The recent cold wave and accompanying snow days have put a stop to the harvest in North Dakota has put a stop to the harvest of labor, according to Amund Nelson, a prominent business man in this city, who has been in North Dakota. The harvest season in the Dakotas, he says, are storming the railroads and demanding return to the Twin City and Eastern points. The roads stop of the snow, which has increased their train equipment from five to fifteen coaches.

Department of the school and exhibit all the various kinds of plants and cultivated in Minnesota.

The domestic car will be fitted up as a model farm kitchen and all sorts of canned goods and preserving done by the housewife will be shown. GRAIN RECEIPT RECORD.
1,000,000 Bushels a Day in Minneapolis Since Sept. 1.

Minneapolis.—The month that closed made new commercial history for Minneapolis, for in the fifty-six days since the crop year opened Sept. 1, a sustained movement of unprecedented volume held up grain receipts to 1,000,000 bushels a day, and total receipts up to and including today are 1,038,410 bushels. No such continued heavy receipts were ever recorded here nor during the entire history of the Northwest. This compares with the first six days after Sept. 1.

Bank clearings in October totaled \$147,532,282, the second largest month's results in the history of the city. A year ago in the crop year period, ending Oct. 31, the grain receipts were 4,963,290 bushels. The increase this year is 9,576,250 bushels. A year ago in October, the bank clearings were \$132,274,558.75. The increase this year was \$25,457,723.38. Conspicuous gains in grain receipts were: Oats, 4,481,000 bushels, compared with 1,947,000; rye, 2,080,000 bushels, compared with 780,000; wheat, 32,450,000 bushels, compared with 27,661,610. There were 9,210,000 bushels of barley received, 2,365,780 bushels of flaxseed and 450,920 bushels of corn.

FARMER'S BODY FOUND.
Knife Wound in Arm Found is Cause of Death.

Duluth.—Hugo Przyto, who is a farmer, was arrested on suspicion of having murdered Matt Kemp, whose body was found in the road at Midway, near here, where he had been stabbed to death. Kemp, who was a farmer living in Midway, was driving from Duluth and when his horse and wagon reached home alone with the bottom of the wagon box covered with blood a search was made. He had been stabbed in the arm, from which he bled to death. At an autopsy it was found that the point of a knife was broken off in Kemp's arm.

Head Shaving Planned.
Minneapolis.—In spite of the fact that old China is now a republic and sweating of queues is done away with, officers of the immigration and Chinese inspection bureau learned that a newly born Chinese baby, the son of Moy Quai, N.Y., proprietor of the Joy Ying Low restaurant, may have his head shaved and prepare for a queue, just like his father had it done in far away China years ago. The head shaving will take place in about a month and until that time the little slant eyed American will be without a name.

Policeman Shoots a Prisoner.
St. Paul.—Batista Michelrod was shot and probably fatally wounded by a policeman today. Michelrod was shot by Policeman Albert Kreszkowski, when he tried to escape from the patrolman who had arrested him on a charge of disorderly conduct.

Steamer Has Hard Voyage.
Duluth, Minn.—Active Captain Edward Muth of the steamer Otterway which is in port with the largest cargo, 2,900 tons of package freight, ever brought west says that after he had rounded the head of the harbor he had never encountered so wet a sea. "The chief trouble was that the screw would go out of the water and spin," said Captain Muth. "I've had to fill all the compartments to hold the stern down, and we were wheeling 20 feet in the stern, but the wheel would go out."

HALLOWEEN PARTY SHOOT BOY

HALLOWEEN CELEBRATORS CAN TRY REAL RIFLES.

Lad Had Tried to Disperse Crowd of Youngsters Near Own Home.

St. Paul.—Frank Schlinkert, fifteen years old, 239 Chatsworth street, St. Paul, is in a critical condition in a hospital as the result of a wound received in the left breast when he and some friends were trying to drive seven or eight Halloween revelers away from the Schlinkert home where they were creating a disturbance.

Young Schlinkert and several of his friends were spending the evening in a little hut they had built at a clubhouse at Victoria and St. Anthony streets, and the former was outside when he noticed the other "gang" was in front of his house.

"Come on, fellows," he is said to have called to his chums, "here's the gang over at the house. Let's go and clean 'em up."

Schlinkert and his friends started on the run toward the former's home. As they neared it, the "gangsters" opened fire with 22 calibre rifles. His hands, crying, "boys, I'm a parent sent the night at the bedside in the hospital."

The boys who did the shooting escaped. Friends of the wounded boy said that they were a strange crowd that had probably come to their neighborhood to play Halloween pranks. Street car conductors had before this reported that a gang of boys was shooting up the neighborhood and endangering passengers on the cars.

GREATER TAX FAVORED

State Commission Advises Voters to Adopt Increase.

St. Paul.—The Minnesota state tax commission has come to the conclusion that the proposed law to be voted upon at the coming election increasing the railroad gross earnings tax from 4 to 6 per cent is justified by the facts. The election will take place next Tuesday, and the office force of the commission has been busily engaged in going out information calculated to help the voters.

The commission says that if all the roads were assessed and taxed the same as other property, the taxes for 1912 would amount to more than \$50,000,000. This is more than \$1,000,000 in excess of the gross earnings for the last year as reported by the railroads.

Compete With Parcel Post.
Minneapolis.—While the Minneapolis officials of the railway mail service are making preparations for starting the parcel post service in this territory, the express companies it is reported, are planning a coup on the government by greatly reducing their rates on all goods coming into competition with the new mail law. According to a report which reached officials of the Minneapolis postoffice, the express companies plan to put their new rates into effect prior to Jan. 1, the date the new parcel post law becomes effective.

Greeks Go Home to Fight.
Brainerd.—Ten Greeks, members of an extra gang working at Clippers, on their Minnesota & International railway have drawn their wages and with their hoarded earnings have started for New York to embark for old regiment and fight against Turkey. General Manager W. H. Gonnell of the railway is assured that if this martial spirit pervades his railway will soon be bereft of most of its extra gangs. The defeat of Turkey will probably stem the tide, however.

Rural Church Betterment.
Rochester, Minn.—The very novel country life commission, which has been fostered by District Superintendent J. C. Craig of the Winona district of the Methodist church, was formally launched at Rochester, when the ministers and laymen of the denomination gathered in this city for the purpose of electing officers and adopting a constitution.

Paralysis Fatal to Lawyer.
Austin Minn.—LaFayette French who was a well known attorney of southern Minnesota and prominent citizen of this city, died at his Chatham street residence from the effects of a paralytic stroke which he suffered Monday evening. LaFayette French was born Nov. 9, 1848, on a farm near Loraine township, Minn.

Mayorality Candidate Withdraws.
Minneapolis.—Alderman Charles D. Gould has just withdrawn as an active candidate from the mayorality race. The contest is now between Wallace G. Nye, nominated at the primaries with Mr. Gould, and Thomas Van Lear, socialist, nominated by petition.

Federal Term Cut Short.
Manitowish.—The October term of the United States court lasted only a few moments. All cases on the civil calendar were continued until the next term. When at Johnston, Waterville was arraigned on the charge of having in his possession bogus Spanish coins, and pleaded not guilty to the charge of having made the coins and also to the charge of owning them for illegal purposes. His case is continuing until the 10th term. He was released on \$100 bond.

BABY'S HAPPINESS DEPENDS ON HEALTH

When your baby is cross and fretful instead of the happy, laughing life dear you are accustomed to, in all probability the digestion has become disarranged. Give it a mild laxative, the fruit irritability, and bring back the happy content of babyhood.

The mother should make sure that the laxative used contains no opiate or narcotic drug. A mild, pleasant, harmless laxative like Dr. Caldwell's Syrup Pepsin is ideal for children because of its natural composition and gentle action. A small dose of Syrup Pepsin at bedtime will bring easy, certain relief next morning, and with no distressful griping or other discomfort. You can get Dr. Caldwell's Syrup Pepsin at any drug store. Your name and address on a postal to Dr. W. V. Caldwell, 203 West St., Monticello, Ill., will bring a free trial bottle by return mail. Adv.

Was Not Guilty.
"Mordred Judson," roared Colonel White, who had been arrested in the middle of the night by a suspicious noise in his poultry house, "is that you in there, you black thief?"

"No, sah," humbly replied a frightened voice. "Dis is mah cousin, Ink Judson, dat looks so much like me and steals everything he kin lay his dogwags hands on. Ah's at home dis minute, sah, a-sleepin' de sleep 'o de jail!"—Puck.

Fable for Borrowers.
An Arab went to his neighbor and said: "Lend me your rope."

"How can I?" said the neighbor. "Why can't you?"

"Because I want to use the rope myself."

"For what purpose?" the other persisted.

"I want to tie up five cubic feet of water with it!"

"How on earth," mused the would-be borrower, "can you tie up water with a rope?"

"My friend," said the neighbor, "Allah is great and he permits me to do strange things with a rope when we don't want to lead it!"—Boston Evening Transcript.

So Like Strangers.
Nell—Bob Brown and Dolly Smith are engaged.

She—Indeed? I thought they were better acquainted.

Accepts the Ribcuke.
A resident of an English city has made himself a marked man by his habit of saying "ribcuke" instead of "O" when he calls a telephone number. The telephone operator usually corrects him, when he says "three double eight" by saying "Three double O." The other might be called up central and "ribcuke" and the girl replied: "ribcuke." He accepted "ribcuke" the "quiet ribcuke"—Springfield Republican.

Contrary Causes.
"Why did Jinks break up housekeeping?"

"Because his wife broke down."
