is the selection of material best suited to their individual requirements. Lumber is generally conceeded the best all around material that can be used. Its use insures a sanitary, healthful abode and with it a home can be planned to come within the reach of all sizes of purses—subject to future day expansion as your family increases. There are many advantages we have discovered in our years of experience with lumber which we believe would be extremely interesting to you—all of which can be had for the asking. At present our stock is well assorted and we can supply all sized bills without delay. Come in, look us over and let us tell you how you can utilize lumber to the best advantage. We want also to show you the differance in lumber and why grades determine price. This is worth knowing.

There is no doubt about this fact. Why! during the last 30 years we have published in the newspapers of this country volumes of letters from women who have been relieved of all their suffering by the timely aid of this grand old medicine. Letters like the following, true, genuine and honest expressions of gratitude coming from grateful hearts. Surely you can believe these women.
