### SUNDAY SCHOOL BANQUET.

Our natural scenery in and around our little city is beautiful to look upon, and we have just cause to be proud of it, but a scene which eclipsed our natural scenery in every way, was seen by all who attended the annual Sunday school banquet of the local Methodist church, on Wednesday evening.

The guests gathered at the parsonage at about 7 o'clock and from there marched by classes to the church where each class was seated by itself. Provision was made for old and young, the small ones were seated on the platform, in their little chairs to a table especially arranged for them. Each table was decorated with carnations and smilax, this decoration blending beautifully with the spotless linen, covered with beautiful dishes and an abundance of good things to eat, surrounded with the happy faces of the jolly Sunday school folk.

The musical feature of the program was not forgotten, music by stringed instruments with piano accompaniment was splendidly rendered while the people were being seated. The pastor said grace after which all present demonstrated their appreciation of the splendid meal the ladies of the church had provided. The menu and the skill with which the banquet was served are worthy of mention, but lack of space will not permit.

After each one present had satisfied the inner man, the toastmaster, Mr. C. Southerland, with a few remarks convinced those present that the proper person had been chosen for that position. He then called on Miss Thomas who pleased the assemblage with a piano solo, Mr. Piper, the popular superintendent of the school made a short address which drew the entire school nearer to him than ever. Darwin Gray was the next speaker, and made a few remarks in his accustomed business like way. Mr. Frank Gottry then sang a solo, after which the principal speaker of the evening, Mr. Watson S. Moore of Duluth, gave a very pleasing address filled with wit and good advice. Rev. Parish then was called on and made a few remarks and closed the third annual banquet of the school with the benediction.

On account of the rain a number of people who expected to attend were unable to come, but in spite of the weather 180 guests sat down to the tables. Those who were present at the Men's banquet a few weeks ago can get some idea of the guests, if they will imagine a crowd just about twice as large.

This banquet was one at which everything went off in proper order, and one that will be remembered for many a day as the largest, most instructive and helpful gathering of its kind ever held in the city.

All who helped make this affair a success deserve the thanks of the Sunday school and the church with its many friends.

### BASE BALL

Pine City is to have two games of base ball this week. Tomorrow, Saturday, the high school team will play the high school team of North Branch. This promises to be a good fast game as both teams have played several games and won them all.

Sunday the Mora Regulars and the Barringtons of this place will cross bats on the local diamond. The Mora team is said to be a good one, and every one that knows the record of the Barringtons, knows that they have always been the strongest team in this part of the state. There will be some new faces to be seen in the local line-up but they will make good and a first class game is promised all who attend.

—Rooms for Rent—In western part of the village. For particulars inquire of Miss Susan Shearer.

### THAT MINSTREL SHOW.

The date for the presentation of the Men's Club Minstrel show has at last been set, and this wonderful organization will make its first appearance in the Immaculate Conception auditorium in the basement of the church, Wednesday evening May 21st.

The members of the organization have been practicing for the past three weeks in order to give the patrons of the show the worth of their money.

The singing has been under the direction of Prof. Southerland, which all who know the professors ability as a director, will be anxious to hear, and consists of choruses, comic and sentimental songs.

The end men have an immense number of sidesplitting original jokes, and if you fail to hear them you will regret it as long as you live. If you want to "Laf and Grow Flat" don't fail to see and hear these funny end-men.

The entertainment will be divided into two parts, first the Minstrels and then after a short intermission will come the vaudeville, this part is under the direction of L. B. McCleary, and promises to be an excellent entertainment.

The whole show will last for about three hours, and promises to be three hours of good clean entertainment.

Remember that the show is given to raise money for the school exhibition building on the fair grounds. The price of admission has been placed at the remarkably low figure of 50 and 35 cents. The reserved seats will be on sale at the drug store sometime the latter part of next week so you can have plenty of time to secure your seats.

Watch for the circulars next week as they will be worth taking care of so as to show them to your children and grand-children years in the future.

### BANNER SCHOOL SO FAR.

On Saturday evening the school on the Government road about four miles southeast of this place, taught by Mrs. Livina Richardson, gave an entertainment and basket social, the proceeds going toward the school exhibition building to be built on the Pine county fair grounds.

Quite a number from here went out, and all report having had an excellent time. The entertainment, which consisted of singing, recitations and dialogues lasted for about four hours. Each pupil taking part acquitted themselves in a very creditable manner, and showed that neither pupils nor the teacher had spared time or patience in preparing such a fine program.

After the program Gust Nelson, acted as auctioneer, which position he filled to the satisfaction of all, as will be seen when it is stated that the baskets sold for the magnificent sum of \$64.45 and this sum would have been materially increased if the baskets had not run out, as there were quite a number of them that failed to get a basket, but who were served with a luncheon at 15 cents each. In this manner the sum of over three dollars was raised.

The expenses were only two dollars, so that Mrs. Richardson turned over to Secretary Harte the magnificent sum of \$62.45.

## Chi-Namel Demonstration At the Chi-Namel Store

ON Friday and Saturday May 9 and 10

We have the sales agency for the line of all-purpose varnish, which is so far ahead of any varnish that has ever been sold in this community, that we particularly desire an early opportunity to show its good points to some member of every household in our business district.

What we want you to know about this wonderful varnish is something that cannot be told; but we can show you in a very few minutes that you get more for your money every time by using Chi-Namel Varnish for floors, woodwork, furniture, or anything about the house on which varnish is used.

This varnish is furnished in the natural color and also in a full variety of colors. It can be hammered and boiled without showing any signs of abuse. Any amateur can apply it to large surfaces and get just as smooth a finish as a professional finisher—no laps, no brush marks, no blotches to make a patchy appearance.

You will thank us for this invitation after you have come to know all about it.

Other features we want to show you are the Chi-Namel Ready-to-Use Graining Process, by which you can cover all blemishes in your old floors and make them any color you wish, and also produce the grain of oak or other woods.

Old carpets can be made into rugs and a new hardwood border will take the place of the ugly flooring at a cost of but 2c per square foot.

We will gladly explain all these features at our store if you give us the opportunity.

## It Pays to Attract the Evening Crowds

Many of the people who crowd the streets in the evening are out to make purchases for which they have no time during the day.

Dark show windows and poorly lighted store interiors fail to attract attention, much less trade. The crowds seek the well lighted streets, likewise the brilliantly lighted show windows. Few people can resist the attraction of windows illuminated with Edison Mazda Lamps. Every person that can be caused to halt and admire the pleasing effect of a well trimmed and properly lighted show window immediately becomes a prospective purchaser.

Properly illuminated stores and show windows surely will give you your share of the after-hours business. Our Lamp Man will gladly advise you as to how you can obtain the maximum effect at minimum cost.

CALIFORNIA BILL

CAUSES A BILEMIA

NOT CERTAIN WHETHER QUESTION COULD BE SUBMITTED TO HAGUE TRIBUNAL.

JAPAN GOING TO FILE PROTEST

Will Be Handed Secretary Bryan on His Return to Washington—Courts Will Be Asked for Ruling.

Washington, May 7.—The Japanese embassy has been supplied by the state department with a copy of the alien land owning bill passed by the California legislature and the ambassador will employ the time between now and Secretary Bryan's return to Washington in preparing a formal protest against the measure.

No Hope of Change. Apparently the Japanese have no hope that any word President Wilson may send after Secretary Bryan returns will influence Governor Johnson to withhold his signature from the act, so the only object of the protest will be to acquaint the American people with the Japanese contention and, if possible, to influence the executive branch of the government to endeavor to nullify the action of the California legislature.

The embassy will make known the ground of its protest in a diplomatic note to Secretary Bryan. It is well understood that to settle the question, no matter what may be the point of objection, will require the action of the United States government. No consideration must be given to the procedure to be followed in arranging for a judicial test of the California law.

For Bryan to Decide. It will be for Secretary Bryan to determine whether the United States government itself shall become a party to a suit of this character, in the capacity of an intervenor. International lawyers hint that the administration is in an exceedingly delicate position, for the reasons noted, while apparently a champion of the Japanese cause, through the secretary of state before the California legislature, probably from this point on it may be expected to support the Japanese in the diplomatic struggle about to begin.

If the department should adopt the California law, the question of the law does not violate the existing treaty with Japan, then it might feel bound to refuse to submit the issue to arbitration by the Hague tribunal. Furthermore, it is contended that the United States government probably would be unable to enforce the decree of the tribunal in case it should be adverse to California. If the American courts found that the state acted within its rights in enacting the law, no case has yet been found where the supreme court has based on the relative force of a treaty which forbids the reserved constitutional powers of a sovereign state and of a conflicting law such that, so long as the state department has nothing to object to in that direction and probably must establish a precedent in disposing of this issue.

ZINC MAGNATE HIT THRICE

Desperado Leaves Trail of Blood as He Falls From Pullman—His Loot Placed at \$1,500—Victim Tells of Terrific Battle.

Kansas City, Mo., May 5.—A lone robber who boarded the Kansas City Southern passenger No. 5, its gulf coast train, at the station here, robbed the passengers soon after the train left here, securing about \$1,500 in money and jewelry, told the Joplin millionaire, Jesse M. Short, was the real object of the bandit and the "holding up" of several other passengers was merely incidental, according to the theory of the police. After a lively duel with Mr. Short in a Pullman the robber fell from the train wounded, carrying \$1,000 of Short's money and the nearby mine owner was in his berth with three bullets in his body.

Bleeding profusely from wounds he received in a pistol battle with Short, the robber left a trail of blood as he fled from the scene of the robbery. This enabled the officers to follow his tracks until he arrived at the Blue river, almost a mile from the spot where he jumped from the train. Here the trail stopped abruptly and his pursuers expressed the belief that he continued his flight on a boat.

Bandit Rushes Aboard Train. The train was just pulling out of the station here when a tall man ran out of the darkness of the railroad yards and climbed up the steps of the observation car. He had a handkerchief over one part of his face and carried two pistols.

Oscar Allen, a negro porter, who saw him board the train, rushed out and ordered him away. The robber covered him with his pistol and said: "I am going to put over a trick here. You sit down there and be quiet. I shall see you through the chair car."

Proceeded by the frightened negro, the robber then entered the chair car, where there were about a dozen passengers, all men. "Hold up your hands," was the command with which the robber greeted them. He had recovered a steady nerve by this time and his voice no longer indicated fear. The passengers readily complied with his demand.

The Pullman car was entered next. There every one was in bed with the curtains drawn. After robbing two passengers, the robber turned to the sleeping man. When asked for money, he said: "I am going to put over a trick here. You sit down there and be quiet. I shall see you through the chair car."

Proceeded by the frightened negro, the robber then entered the chair car, where there were about a dozen passengers, all men. "Hold up your hands," was the command with which the robber greeted them. He had recovered a steady nerve by this time and his voice no longer indicated fear. The passengers readily complied with his demand.

**PINE COUNTY PIONEER**

Entered in the Postoffice at Pine City as Second Class Matter

Pine City, Minnesota, May 9, '13

Twenty Five Years Ago.

H. Brandes spent Sunday with his son Emil at Harris.

Adolph Munch of St. Paul, was in town Wednesday on business.

County treasurer, J. D. Vaughan went down to St. Paul for medical treatment Tuesday morning.

Attorneys Fayette Marsh and Van Tassel, of Stillwater transacted business before Pine county's judicial tribunal, Tuesday.

Mrs. E. H. Boobar, who has been visiting with her daughter, Mrs. A. M. Nason for the past few months started for her home at Fairhaven, Stearns county, Friday morning accompanied by her grandson Harry Nason, who will spend the summer there.

While in town last week, Mr. McNaughton, road master on the St. Paul and Duluth line brought two of the deer caught last winter by the Erickson brothers, who live four miles south of this place, and had them shipped to Duluth, where he will keep them for pets.

While in conversation with a man on the train last Saturday night he remarked to us that he had always heard that Pine county was a "sand hill" with no good farming country. We expect to have the pleasure of proving the contrary at no distant day when the gentleman will visit Pine City. He was then looking up a location and has promised to look Pine county over. If every resident of Pine county would do all they could to advertise the advantages of the county as a farming as well as manufacturing locality, there would be more of our wild lands converted into farms, and the wealth of the county would be increased materially.

**District Court.**

The adjourned term of the District court for Pine county convened in this village, Tuesday the 8th inst., Judge Crosby presiding. There were but two cases before the court, the first being, the State vs. Rohan and Tway, charged with burglary. County Attorney L. H. McKusick created quite a sensation when the case opened, by presenting his affidavit to the court in which he stated that he had been informed by one of the witnesses for the prosecution that he had been offered \$500.00 not to appear in the case, and that the said witness, one C. T. Keen, had also offered the affiant as County attorney a bribe conditioned on delaying the subpoena until Keen should get beyond the state lines, and that as Keen had not appeared in reply to the subpoena which was duly served the affiant believes he had accepted the bribe. This affidavit was introduced with a view to securing a postponement until the regular fall term, which the court granted.

Case of E. Veehoven vs. R. G. Robinson was tried and judgment rendered for the plaintiff in the sum of \$13.42.

T. P. McKusick appeared and petitioned the court for the adoption of the infant child of John McCaslin, and said petition was granted and the name of said child changed from Willard McCaslin to Willard McKusick.

Jas. H. Rohan and John R. Tway appeared in court and plead not guilty in manner and form as charged in the indictment, and entered a plea of guilty of grand larceny in the second degree, and were sentenced as follows:

Jas. H. Rohan to a fine of \$100.00 or imprisonment in the Washington county jail for ninety days. John R. Tway to a fine of \$100.00 or imprisonment in Ramsey county jail for sixty days.

**HITCHLEY.**

Jas. Morrison spent a day or two in St. Paul this week.  
Johnnie Stokholm started for the

former home in Denmark, Monday morning.

Axel Hanson went up to Cloquet the first of the week to look after the saloon in which he is interested at that place.

The work on the new railroad is progressing very slowly on account of the heavy condition of the soil which has been thoroughly saturated with rain during the past few days, but as there is no time to spare between now and the first of September when the road is to be finished, the contractors are obliged to keep their men at work.

**POTATO PLANTER**

You can plant your crop faster and better with a EUREKA PLANTER than in any other way.

**ACCURACY** The dropping mechanism of the Eureka is very simple, with a positive movement, and is unusually accurate. Frequent tests have shown it to be more than 95 per cent. correct. Some users report 97 to 99 per cent. A planter with this high average satisfies growers and entirely offsets the old time argument made to sell planters that require driver and an extra man to watch the seed dropper and supply the skips. The Eureka with one man is guaranteed to equal, if not surpass, the results obtained from any other style.

**UNIFORM DEPTH** Instead of being two feet or more ahead of the main axle, our furrow opening plow is placed directly under the axle. It is therefore, carried in a relative position with the wheels over uneven ground, absolutely insuring planting at an even depth under all conditions. Other makes of planters do not have this construction, and this feature has caused many growers to purchase the Eureka. The crops come through the ground uniformly and make an even stand.

It stood in this manner for several minutes when it raised its head and walked off until reaching the top of the hill in front of the residence of Attorney Roberts it acted the same way, upon reaching the place where it died it fell down and gave one shiver and was stone dead before Mr. Kunz could get out of the wagon. This is quite a loss to Mr. Kunz.

I came not here to talk—ahem! that's about all I know of that. I came to shy a few remarks in the sawdust ring of opportunity. There's a likely nag for you, if you seize her by the forelock at the auspicious moment. If you don't you are likely to get thrown.

Any citizen of this burg can be the real "Opportunity Kid" if he or she will bring us that lumber bill about now. What is worth doing well is worth doing today, so seize this opportunity while you may and give us an opportunity to serve you well.

Don't throw away your old safety razor blades, between them today, well wrapped, and do not delay it until tomorrow.

Price 30¢ per dozen for all safety razor blades, which include Gilletts, Flyer-Ready Gem, Auto-Strop, Enders, Keen-Kutter, and all other makes. Your blades will be returned to you in a few days, charges prepaid. Send coin or money order. No orders accepted under 30¢.

**Studebaker**

**"I've had my Studebaker 15 years—and not a cent for repairs"**

A word of just praise for a wagon that has done its work faithfully and well.

Men become attached to their Studebakers—proud of them.

Because they realize that a Studebaker is built on honor and with an experience in wagon building that dates back to 1852.

Studebaker wagons are a result of that long experience, coupled with a desire to build the best wagons, not cheap ones.

And when your dealer says "Buy a Studebaker—there's no better wagon made" he's giving you the verdict of a million farmers. He is not asking you to try an experiment.

**The Best Bargain You Ever Made**

HOW do you measure the value of a bargain? Suppose you bought an engine that did practically all of your hardest work for you, sawing, pumping, grinding, etc., and that saved so much money that it soon paid for itself. Would you call that a good bargain?

An IHC engine will do all that, and more. Having paid for itself, it works steadily year after year until, like our Clay County friend who has used an IHC engine for six years, you will say, "My IHC engine is the best bargain I ever made."

**IHC Oil and Gas Engines**

are thoroughly dependable, and unusually durable. The fine-grained, grey iron cylinders and pistons are worked together to perfect fit. Ground piston rings insure maximum power from the explosion. The fuel mixer is the most effective known. Bearings are large and carefully fitted. No part is too heavy to be efficient, yet every part is simply strong.

IHC engines are made in all styles—vertical and horizontal, portable and stationary; air and water-cooled; in sizes from 1 to 50-horse power, to operate on gas, gasoline, naphtha, distillate, kerosene or alcohol. Oil tractors, 12 to 60-horse power, for plowing, threshing, etc.; grinding, sawing, pumping and spraying outfits, complete the line.

The IHC local dealer will show you all the good points of the IHC engine. Get catalogue from him, or write
