ORNAMENTAL LIGHTING.

The article given below is taken from a circular on street lighting and should be given careful attention. Considerable work has already been done along this line by business houses of Pine City. Among those which have recently installed exterior lights are Leader, Cranton's, Breckenridge's Pharmacy, Inter-State Lumber Co. and the Creamery.

Ornamental street lighting has always paid—some towns no larger than Pine City expend large sums to improve White Ways.

It is a well known fact that the crowd follows the light—in towns where ornamental lighting is introduced, the streets upon which it is located, immediately become the most popular.

Make PINE CITY the ELECTRIC CITY. We will help. We have a proposition for dealers for summer lighting at a rate which makes it possible for you to illuminate the exterior of your building at a moderate cost, and concentrated effort on the part of property owners in the down-town districts, will make this one of the most talked of and popular villages in this section—each individual will benefit by making his place of business popular to pedestrians, automobilists, etc., during the summer months.

This is not a one-sided proposition—we stand our share of the burden and by co-operation with you, hope to make a bigger, brighter and more popular PINE CITY.

We are no farther away than your telephone.

Yours very truly,
EASTERN MINNESOTA POWER CO.

The above is a copy of a communication which came through our mail several days ago, and which we think is worthy of the consideration of the business men of this town. It is just such a letter as was sent to every business man in town.

A number of the local places of business have already had the exterior lights installed, among them Crantons, the Leader, Breckenridge's Pharmacy, the Inter State Lumber Co., and the Creamery.

Join the procession and make this a brighter and prettier town. You can if you will.

A COMMUNICATION.

The following is the copy of a letter received by Sec. Harte from one of the teachers of this county, which tells of the interest taken by the pupils of this one particular district in the erection of the school exhibition building on the fair grounds. At the request of Mr. Harte no names have been mentioned.

"Mr. H. W. Harte,
Sec. Pine Co. Fair Association,
Pine City, Minn.

Dear Sir:—
Enclosed you will find ten dollars (\$10.00) which the children of this district contribute towards the School Exhibit Building.

I think you will appreciate the offering more when I tell you that much of the money was earned by the children in various ways. Pennies and nickels were earned by washing dishes, sweeping porches, turning separators, running on errands etc., and one industrious little girl brought fifty cents received for picking up stones in a field. Another girl, (a big one this time) received a quarter for getting up early one morning.

Hoping this small amount is enough for some good,
I am,
Respectfully yours,

—WANTED—Reliable, capable girl for general housework on farm, 21 miles from Duluth. Good wages. Address box 48 Wrenthall, Minn.

NEW MACHINE SHOP.

The fore part of this week representatives of the Smith Hardware Co. went down to the twin cities to purchase the machinery for their new machine shop, which they will install in the building now occupied by L. L. Fisher as a harness shop, three doors north of Hotel Agnes.

The shop will be in charge of Peter Daley, who has had charge of the E. W. Splittstofer shop for the past few months and is a machinist of a number of years experience and first-class workman. The shop will be equipped with all of the latest pattern of machinery, and a full and complete supply of furnishings of all kinds for automobiles and motor boats.

Mr. Daley is an expert in the automobile line, and those owning cars in this vicinity will find it to their advantage if any thing goes wrong with their car to have him look it over, as he has made this branch of the machine business a special study. He is also a gasoline engine expert and prepared to do any and all kinds of work done in a machine shop.

The Smith Hardware Co. are business men, and do everything on business principles, and we have been assured by them that this branch of their business will be run in the same business like manner that have in the last few years that they have been doing business here, made them the largest and best hardware firm in northeastern Minnesota.

We wish them success in their new enterprise, and know that they will be able to furnish the goods with the aid of Mr. Daley.

THE COMMENCEMENT EXERCISES.

Last Saturday evening the annual commencement exercises were held at Staki's hall, when the seniors of the local high school and those finishing the normal received their diplomas.

A large crowd was in attendance and enjoyed the excellent program to the fullest measure. The program consisted of vocal and instrumental selections, readings and essays each of which was splendidly rendered.

Following the exercises the Juniors entertained the graduates and their relatives, the faculty, school board and those who took part in the program. A dainty luncheon was served.

DEATH OF MRS. ANDERSON.

Mrs. Anna Matilda Anderson died at her home east of this place Friday morning after a long illness, but was confined to her bed for but a brief period.

Mrs. Anderson was born in Sweden in 1867 and was therefore fifty-six years of age. She was married to August Anderson in the old country in 1881 and to this union five children were born, three girls and two boys, all of whom with the husband survive her, and were present at the time of her death.

She came to America with her husband two years after they were married and settled in Grantburg, Wis., where they lived until seventeen years ago, when they came to Pine County, and settled on the farm where she has since made her home, and where she has made many friends who will miss her sadly.

The funeral was held from the Free Mission church Tuesday afternoon June 3rd, 1913 at 2 o'clock, and the body laid to rest in the Milbourn cemetery, Rev. Carl Strom, of St. Paul, officiating.

The Pioneer joins in extending its sympathy to the bereaved ones.

CARD OF THANKS.

We wish in this manner to express our heartfelt thanks to the many kind friends and neighbors who so kindly and willingly assisted us during the illness and death of our beloved wife and mother.

Don't be Deceived On Lumber Prices

There's a big difference in buying just lumber and in buying the kind of lumber we sell. Your contractor or carpenter will tell you that some lumber can be nailed right into a house without a plane ever touching it. That means the saving of hand labor. Of course, the lumber dealer has to charge a little more for this smoothly finished lumber, but in the end it really means a big saving to you. Right here is where a lot of mistakes are made when lumber is bought solely on price—without regard to quality. True, 15 to 20 years ago lumber sold for from 10 to 25 per cent cheaper, but you do yourself and pocketbook a great injustice when you compare that lumber with the 50 to 75 per cent greater values you really get today. *Come in and see the difference.

PINE COUNTY PIONEER

ED. C. GOTTRY, Editor and Prop.

Entered in the Postoffice at Pine City as Second Class Matter

Pine City, Minnesota, June 6, '13

Twenty Five Years Ago.

Will Hurley of Hinckley, was in town Monday afternoon.

Mrs. Cox of Hinckley was in town for a day or two the first of the week.

George Klick went down to Rush City on business Wednesday of this week.

Pine City will unite with Hinckley in observing the "Glorious Fourth" this year.

Miss Rilla Hoeller arrived in Pine City Wednesday, where she will visit for a few days.

Harry Parker of Sandstone was in town on Wednesday, and found time to call at the Pioneer office.

A letter was received this week from Ed. Murphy announcing his arrival in Great Falls, Montana.

Tommy Eagan, who is traveling for a bottling firm of St. Paul, made Pine City patrons a call on Wednesday.

Miss Lena Brandes left for St. Paul, on Monday. Where she will spend a few days visiting with relatives and friends.

Miss Sarah Vaughan, who has been visiting her brother J. D. Vaughan, returned to her home at North Branch, Tuesday.

E. E. Lambert, in the interests of W. J. Dwyer & Bro., of St. Paul, was in town Wednesday, visiting with his brother A. H. of this place, and spent a few minutes calling at the Pioneer office, and consequently the news of Pine County will be read in another St. Paul home.

Chas. L. Heywood, who left this place about a year ago was in town on business Sunday and Monday morning and called at the Pioneer office Sunday afternoon. Mr. Heywood now fills the responsible position of shipping clerk in a wholesale spice house at Minneapolis and is doing well, but he hasn't forgotten Pine City and says he hopes to be able to return here and make this place his home. He was accompanied by his eldest son who has been working in a dry goods house the past winter and spring, and who remained in town for a few days visiting with relatives. The Pioneer is pleased to note Mr. Heywood's success, and wishes him prosperity for the future.

The novelty of a complete exhibit of Women's Work will be introduced this season by the Minneapolis Exposition. As first thought it might seem that there is nothing in such an exhibit but "fancy work," but when it is considered that over 2,000 patents, many of them on machinery of the most complicated character, that in the U. S. alone more than fifteen hundred books have been written by women within the past four years and that many large manufacturing and mercantile concerns are conducted by ladies it will be apparent that there are great capabilities in this display. Everything wishing to exhibit are invited to correspond with Mrs. E. R. Holbrook, the Superintendent, care of the Exposition.

HINCKLEY.

Leavitt Reynolds went down to St. Paul the first part of the week on business.

Axel Hanson of the firm of Smith & Co., and John R. Stanchfield went up to Cloquet Friday of last week, to purchase lumber for the new saloon.

Saturday last, about four o'clock in the afternoon, Daniel Donohue's oldest boy, about nine years of age, while playing in the filling room of the saw mill got his clothes caught in the shaft of the mill, and was whirled around and around at a tremendous speed, his feet striking the floor at every revolution. Ed. Mitchell who was working close by having heard his cries, and seeing the condition he was in, immediately ran and had the arm wrench broken. Having been carried home, Drs. Scott and Pappin were immediately summoned, and upon investigation they found that his leg above the knee was badly fractured and broken, and his arm was broken up near the shoulder. Having set the limbs the

doctors gave it as their opinion that he would come out all right. At the last account he was doing nicely.

Tuesday of this week active operations were begun looking to the celebration of the 4th of July, our national holiday, in Hinckley this year. M. J. Durkan made out a subscription paper and placed it in the hands of Geo. W. Booth, our efficient Village Marshall, who took it around and served it to our citizens, and as a result succeeded in raising the sum of one hundred and thirty dollars it is the intention of our citizens to make it the best celebration that was ever held on the line of the St. Paul and Duluth railroad. The Pine City Cornet Band has already been engaged to furnish the music, and it is the intention to have John W. Willis, or some other eloquent speaker to deliver the oration. There is to be ball playing and horse racing and a variety of other games, besides a large bowery is to be built in which dancing will be kept up both night and day. A cordial welcome is extended to the citizens of sister towns to come and help us celebrate.

FOURTH OF JULY.

At the Mass Meeting held in the Town hall Monday evening it was decided to turn the celebration over to the Fire Department.

The Department held their regular meeting Tuesday evening and appointed the several committees. Those that were appointed got busy at once, and at the special meeting, held last evening made a report, that the band had been secured, arrangements made for the advertising, and everything arranged for making this the biggest and best celebration ever held in north-eastern Minnesota.

One of the features will be a bowery dance all afternoon and evening on the north side of the Town hall.

Watch these columns for further particulars.

Fresh bakery goods received fresh every day at Fisher's Flour and Feed Store.

Deere Automatic Cultivator Horse Lift

If you want to interest a man, show him how he can save time and labor. Show him how he can make one motion take the place of three.

We wish to explain how, by a simple pressure of the thumb, you can accomplish with one motion what formerly took three separate and hard operations.

To make the matter plain, find out how a common Cultivator works. When you get to the end of the row, you raise one rig, then you raise the other rig, then you balance the cultivator—three motions, not counting the times you shift the lines from one hand to the other. Don't forget that all these operations must be done every time you start a new row. Figure out how much of these motions you make during a seasons cultivating, and then think how much time and labor they cost you.

The Deere Automatic does away with all this work. The operator takes hold of the lever, presses his thumb against the latch and lets loose of the lever. That's All. The Horses raise the rigs and balance the Cultivator.

Telescoping Steel Axles can be adjusted from forty to fifty four inch. Will Cultivate Corn planted thirty-six inches very nicely.

Dust Proof, Self Ignite Wheel Boxes, does not require you to take off wheels to Oil the Cultivator.

There are many other features too numerous to go into detail but we will be more than pleased to show you these features as compared to any other Cultivator on the market.

Look over some other makes of Cultivators and then come in and let us show you the difference and we are sure you

Will take Home a JOHN DEERE "Quick-Shift or "Pivot-Wheel" CULTIVATOR

"Columbia" The Reproducer of the
World's Best Music

The old tin horn can voice of the ordinary talking machine is like the screech of a peacock compared with the beautiful melody of the canary beside the New Columbia.

It has the new wooden sounding chamber, giving it the Rich, Resonant tones of the violin. Come in and let us demonstrate its superior merits. Sold on easy payments.

Let us place one in your home and it is yours before you know it.
