SALE OF STATE LANDS.

On Thursday last Theo. Nelson, of St. Paul, came up to this place with his wife and son, where he offered for sale 1,680 acres of state land and succeeded in disposing of 720 acres. This leaves only 1,000 acres of state lands to be sold in Pine county. Mr. Nelson is manager of the state land sales department of State Auditor S. G. Iverson's office, and says this was one of the best sales he has ever made in the state. The prices paid ranged from six to nine dollars per acre.

Besides the bidders from Minneapolis and Winthrop, Minn., Danbury and St. Croix Falls, Wisconsin.

Mr. Nelson brought his wife and son with him, thinking that while he was conducting the sale they could go out on the lake for a boating and fishing trip, but the wind was blowing a gale, so they had to content themselves in viewing our beautiful village and enjoying the pure, balmy air that was a change from the smoky atmosphere of the Sault Ste. Marie.

While in town Mr. Nelson did not forget to call on THE PIONEER foreman. He said if he possibly could he would bring his family and spend the Fourth of July with us.

Call again, Mr. Nelson, as you will always find the latch-string at THE PIONEER hanging on the outside.

N. P. OFFERS PRIZE CUP.

The following letter from A. M. Cleland, General Passenger Agent of the Northern Pacific Railway, was just received by Sec. Harte, of the Pine County Agricultural Society—

Mr. H. W. Harte, Secy.,
Pine Co. Agricultural Society,
Pine City, Minn.

Dear Sir:—I take pleasure in advising that the Northern Pacific Railway Company will offer at the Pine County Fair, September 16-18, a \$50 prize cup for the best dairy cow, pure bred. We will also offer a cash prize of \$5 for the best cow, one year or older; and a similar cash prize of \$5 for the best 5 hands of tobacco.

The silver cup for the best dairy cow is to be competed for each year and to become the permanent property of the person winning it three times. The winner's name will be engraved upon the cup each year.

Yours truly,
A. M. CLELAND,
G. P. A.

CECIL BURGER DEAD.

The following letter received by Nels B. Sherwood, of Rock Creek, will be read with sorrow by the many friends of Mr. Burger, who will remember him as one of the Burger Bros., who was associated with Frank Webber in the saw mill at this place about eighteen or twenty years ago, and who also ran a farm about a mile south of the Rock Creek station.

Mr. Burger was a quiet, unassuming gentleman, one who made friends no matter where he went. About fourteen years ago he removed west with his brother, A. C. Burger, who sent the sad news of his death.

APLEGATE, Oregon.
Dear Cousin:—This will convey to you the sad news of Cecil's death. He died at Granite Pass, Oregon, May 19th, 1913. He was taken with a paralytic stroke at 10 o'clock a. m., and died at 7:45 that evening.

He was thirty miles from where I live, and was dead before I could reach there.

With best regards from all of us I will close.
Your Cousin,
A. C. BURGER.

THE PIONEER extends its sympathy to the bereaved ones.

THE GLORIOUS FOURTH.

Pine City will have the biggest and best celebration ever, this year. The celebration is in the hands of the Firemen, and they are making plans that far surpass any ever made in the history of Pine City. Various committees have been appointed and a number of excellent attractions have already been secured for the day. It is probable that there will be a circus here that day, and this in itself will be a strong drawing card.

A platform will be erected north of the village hall and a bowery dance conducted during the afternoon and evening.

Sports of the usual 4th of July kind will be held during the afternoon, and these will be the center of considerable attention.

You really can't afford to stay away, and if you do you will regret it as long as you live. Make your plans now, and don't let anything interfere on that day of enjoyment.

Don't be Deceived On Lumber Prices

There's a big difference in buying just lumber and in buying the kind of lumber we sell. Your contractor or carpenter will tell you that some lumber can be nailed right into a house without a plane ever touching it. That means the saving of hand labor. Of course, the lumber dealer has to charge a little more for this smoothly finished lumber, but in the end it really means a big saving to you. Right here is where a lot of mistakes are made when lumber is bought solely on price—without regard to quality. True, 15 to 20 years ago lumber sold for from 10 to 25 per cent cheaper, but you do yourself and pocketbook a great injustice when you compare that lumber with the 50 to 75 per cent greater values you really get today. Come in and see the difference.

STATE NEWS IN BRIEF

GOODHUE COUNTY'S AFTER RAIL HEADS

NEW ATTACK ON ROADS UNDER 2-CENT FARE LAW OF 1907.

JUDGE SAYS IT IS VALID

Charges Grand Jury Declared to Be Invalid According to It.

Paul Reppert, How-ever.

led Wine—Judge Anderson of the Goodhue county district court charged the grand jury it might indict the president of every railroad entering the county under a law passed by the legislature of 1907, which made it a felony for railroads to charge more than 2 cents a mile for carrying passengers.

The Penalty.

The law makes it a criminal offense, punishable by a maximum term of five years in the penitentiary, a fine of \$5,000, or both. The bill was introduced by Senator Schaller, but on account of the railroads' case pending at that time and until the present day, no effort was made to enforce it.

The question of the right of the state to make rates and the 2-cent fare law are in litigation, but the law making it a felony to charge more than a given rate has never been attacked. As a matter of fact, it has remained a dead letter on the legislative records.

Class Declared Invalid.

Paul—The penalty clause of the 1907 passenger rate and freight rate law was declared invalid in the case in which Attorney General E. J. Young was arrested for contempt in attempting to enforce the laws in the state courts after the railroads had secured injunctions against them in the federal courts. Mr. Young explained when told of Judge Johnson's action.

Mr. Young, then attorney general, was arrested for contempt of court in 1907 for attempting to enforce the two-cent fare and commodity freight laws, but had been enjoined from doing so by the federal courts. The case went to the United States supreme court, which sustained the injunction against the state officers and declared that the penalties of the Minnesota laws were too high. The 1909 freight rate law without the severe penalty of the 1907 law. The rate cases in the federal courts began after the injunction restraining the attorney general from enforcing them through the state courts had been sustained and the cases were pending in the United States supreme court and a decision is expected soon.

VACCINE FOR RHEUMATISM

First Experiments by Physicians at Ferguson Falls State Hospital Successful.

Ferguson Falls—The newly discovered vaccine for rheumatism is being tried out at the state insane hospital in this city, and physicians in charge say the results thus far have been very satisfactory.

The vaccine is developed on the same principle as the typhoid vaccine. Unlike this vaccine, however, which makes the patient immune by giving him a mild form of the disease, the typhoid and rheumatism vaccines develop resistant qualities in the patient without harmful effects on any kind. This is due to the fact that the bacteria introduced into the blood in these last named vaccines is sterilized before being injected, which is not the case with the smallpox vaccine. The sterilized bacteria seem to produce the same resistant qualities that are produced by the living bacteria in vaccination for smallpox.

The vaccination for typhoid fever, which was begun last year, is being carried forward on a large scale.

Grand Forks Man President.

St. Paul—W. A. Collins of Grand Forks, N. D., was elected president of the Northwestern Launderers' association, and James Nankivell of the Standard Laundry, St. Paul, was re-elected secretary. Charles J. Latta of Duluth and O. M. Tiffany of Aberdeen, S. D., were elected first and second vice presidents, respectively. These officers, with Judge James Shoemaker, compose the executive committee.

First District Bankers Meet.

Albert Lea—The convention of the first district group of bankers was held last week and the attendance was a record-breaker, as 132 registered, while others were in attendance. The program was a full one, and the delegates were kept busy. A novel feature was a jenny lunch at Albert Lea college. The 1914 meeting will be held at Lake City, R. D. Cant, E. F. Cook, Rochester, vice president and A. S. Kennedy, Plainview, secretary-treasurer.

CHOR TO TOUR SCANDINAVIA

Concert Tour in the United States and Norway Will Begin in the Near Future.

Northfield—The St. Olaf choir, which is to tour the Scandinavian countries this summer, announced through its manager, Paul G. Schmidt, a partial list of concert dates as follows:

July 4, Bergen upon arrival of the Christianiafjord.

July 9, Christiania, in the new auditorium of the university.

July 10, Drammen.

July 11, Christiania, in St. Olaf's church.

The choir will then go by rail to Frederiksberg in Valderia, where a concert will be given on the 12th. On the 13th in the afternoon it will be at Østervik, and in the evening at Lillehammer, where it will also spend the 14th, when it is to appear at Hamar. On July 15, a day run is to be made by rail from Hamar to Trondheim. At Trondheim, concerts will be given in the cathedral, in the evenings of the 16th and 18th, and an excursion will be made on the 17th to Stenker and Levaer.

Boat Is Chartered.

After the concert at Trondheim the party will embark on a chartered boat for a two weeks' tour along the Norwegian coast. On this boat there will be room for about thirty tourists besides the fifty members of the choir. A stop will be made on the 19th at Christiansand, and on the 20th at Stavanger, where it is to be made at Veblungspass and Molde. On the 21st a trip will be taken into the beautiful Geirangerfjord, and on the 22nd, a return concert will be given. The dates for the remaining trip down the Norwegian coast and for the towns in the Scandinavian countries will be announced later.

On the way to New York stops are to be made for concerts at Minneapolis, Bethlehem church, St. Paul, Auditorium; Menominee, Wis., June 16; East Chicago, June 17; Mount Horeb and Madison, June 18; Roughton; June 19, Beloit; June 20, Milwaukee; June 21, Chicago. From Chicago to New York a special train over the Nickel Plate is to be used with a five-hour stop on Sunday afternoon at Niagara Falls, after which its trip will be continued to New York.

The farewell American concert will be given in the Brooklyn Academy of Music concert hall on the evening of the 23d.

WANT MORE HOGS IN STATE

Breeders' Association of the State in Convention for Farmer Pork Producers.

Manhato.—The Minnesota Swine Breeders' association at its meeting at University Farm, last February, adopted the general policy of holding each year one or more live stock meetings out of the Twin Cities. This action resulted from the general feeling of the members that there were more effective in reaching the farmer pork producer if such sessions were held in the country.

Manhato, Minn., held by J. C. Gerlich, secured the first meeting. In order to secure the greatest benefit a practical program was arranged. The program for the two days follows:

Friday, June 5.

1:30 p. m.—"Market Requirements," D. A. Gammitz, St. Paul. 2 p. m.—"Judging Demonstration," S. M. Kelly, St. Paul. 7:30 p. m.—"Banquet, Elks' cafe."

Saturday, June 7.

9 a. m.—"Swine Houses and Shelters," W. D. Bergman, University Farm. 10 a. m.—"Marketing," W. J. Green, Fargo. 11 a. m.—"The Breeding Herd," S. McKelvie, St. Lincoln, Neb.; W. N. Shanks, Worthington. 11 a. m.—"Marketing Pure-Bred Hogs," H. O. Toller, White Ing. 10 a. m.—"Fatening Market Hogs," F. W. Peck, University farm. 3 p. m.—"Heat Demonstration," T. G. Paterson, University farm.

Man and Young Girl Elope.

Mohead—Warrants have been issued for the arrest of Emil Sperry, 32 years of age, and Della Robinson, about 15 years of age, who are alleged to have eloped from a farm near Mohead, Minn., on Saturday night. The girl is a dependent and was out on leave from the state school at Owatonna. Sperry has been clerking in a store at Averill. Saturday night the girl is said to have returned as usual but when called the next morning it was discovered she had disappeared, evidently through a window from which had been removed the screen.

4,500 Mill Hands Strike.

Duluth—Mill hands totaling 4,500 men on strike and taking the state in the organization of a local mill workers' union, the five lumber mills in West Duluth and West end are still shut down, including the compromise with the strikers' executive committee which was instructed to "stick for a raise of ten per cent in the wages of mill workers." It was decided to organize a local mill workers' union. It is possible this may become identified with the Industrial Workers of the World.

WILL CONTINUE CANAL FIGHT

Legislative Commission Decides to Appeal From Decision on Super-Louis-Mississippi Waterway.

St. Paul—Minnesota will continue her fight for a ship canal to connect Lake Superior with the Mississippi river. This was decided upon at a meeting of the commission appointed by the recent legislature to push the project, in the governor's office.

On May 14 the local board of United States army engineers reported against the feasibility of the project, holding the expense was not warranted owing to the existence of low cut-off rates between St. Paul and Duluth with which a canal could not compete at a profit.

From this decision the commission decided to take an appeal to the general board of the United States engineers at Washington and a formal notification of the action of the commission was ordered transmitted to U. S. Marshall secretary of war at Washington. The board of engineers must set a date for a hearing and the entire matter will be reviewed by them before final action is taken.

The Minnesota commission is composed of Governor Eberhart and Judge J. H. Mills, chairman of the Board of Railroad and Waterway commission. Senator George H. Sullivan of Stillwater has been the moving spirit in pushing the project and introduced the resolution in the legislature authorizing the appointment of the commission.

If funds are available, a number of witnesses will be sent to Washington, where the hearings be had there, to testify as to the commercial value of such a canal.

It has been twenty years since the first proposal was made for this canal. In 1894 army engineers surveyed two routes, one by the way of Dum River and the other by the Duluth and St. Croix rivers. They reported favorably on the latter route and estimated the cost of a canal eighty feet wide at \$7,000,000. Another report was made recommending the same course and estimating the cost at \$8,012,500. Both reports, however, advised against the construction of the waterway because of the factor of railroad competition.

NORTHERN DEVELOPERS MEET

Approximately 300 Delegates Attend Meeting at Hinckley—Important Discussions.

Hinckley—The Northern Development association, embracing all the counties in the northern part of the state, held a two-day session here last week with a number of excellent speakers present, besides the officers of the organization.

Nearly 300 delegates attended from the various counties.

W. B. Mackintosh, secretary of the organization, accomplished a great deal for the association during his term of office. This was especially evident when the roster of delegates was compared with that at the former meeting of the association, held here two years ago. At that time there were only 40 members present, and the fact that there were nearly eight times that number present last week speaks volumes for the work accomplished by the association's officers in the past two years.

Contrary to the original plan, the movement for a second state fair in northern Minnesota was not pressed to the top of the convention.

The association called for an entire change in the policy of the state immigration board and commissioners and recommended a public domain department. It also called for an agricultural soil classification and appointed a committee to confer with the state development commission regarding the formation of a state league. Baudette was selected for the next summer convention.

YOUNG BOY HANGS HIMSELF

Body Bumps Against Father of Lad Who Goes to Feed Chickens.

Minneapolis—When Henry John son went out to feed his chickens at his home 315 Thirtieth avenue N., he found the body of his 16-year-old son, Harold Johnson, swinging by a rope from a tree.

Why the son took his own life has not been learned by his grief-stricken father. Leaving a party of country who had come to visit him, and who were laughing and singing in the front of the house, the young man stepped into the back yard and hanged himself.

South Haven Striking.

South Haven—South Haven's boat week under the auspices of the Commercial club drew large crowds and was pronounced a success. Prof. J. H. Hovey, in a public domain trial case addressed a large crowd of farmers Tuesday afternoon on dairying. That his talk was appreciated is shown by the throng that surrounded him after the meeting, asking questions and seeking special information. Governor Eberhart cases Friday.

REGULATING RATES AND THE RIGHT TO CONTROL FARE

CONTROL BY THE STATE WITHIN BORDERS HELD PARAMOUNT—RATES ARE CONFISCATORY AND UNCONSTITUTIONAL

G. N. & N. P. TARIFFS VALID BY DECISION JUST MADE

State May Raise St. Louis Rates When Road Shows Profit Increases—Justice Hughes Writes the Opinion Ending Long Legal Battle.

Washington, June 11.—The state of Minnesota won a substantial victory in the supreme court when in the Minnesota state rate case Justice Hughes, in a 5-4 decision, held that the rates of the Minneapolis and St. Louis railroad were confiscatory and unconstitutional, but that the rates of the Northern Pacific and Great Northern were valid.

The decision was a victory for the state on the interstate commerce question, but a defeat on the question of the portion affecting the Minneapolis and St. Louis.

SAW HOPE FOR THE BEAR

Birthday Gift Had Every Possibility of Being Received as One of the Family.

Page, a true little southerner, is lavishly endowed with the traditional family spirit. His sense of family indeed, is so strong that he regards any one or anything belonging to his own household as in some mysterious but very real way superior to all the rest of the world.

Page has a dog whom he loves very dearly, and it grieved him much when, not long since, Jockey declined to have anything to do with the stuffed bear that came as a birthday gift. Presently, however, he became normally cheerful and began to play happily. A visitor sympathetically inquired if Jockey had decided to adopt the new bear as his friend.

"Not yet," Page made smiling answer. "But he's only a dog, and he doesn't think a quick as we do. I think the bear is only paying a call here. But just as soon as he knows that the bear is one of the family he'll take him all right."

RASH ON FACE FOR 2 YEARS

Sloux Falls, S. D.—"My trouble of skin disease started merely as a rash on my face, but it grew and grew and kept getting worse until large scabs would form, feater and break. This was just on the one side of my face, but it soon scattered to the other side. I suffered a great deal, especially at night, on account of its itching and burning. I could scratch it and of course that brought it very much. This rash was on my face for about two years, sometimes breaking out into worse and forming larger scabs. I had more from sleeping day or night for a couple of months. My face looked discolored and I was almost ashamed to be seen by my friends. My friend asked me to try Cuticura Soap and Cuticura Ointment. I would bathe my face with hot water and a lot of Cuticura Soap, then I would put on the Cuticura Ointment. In less than two days' time, the soreness and inflammation had almost entirely disappeared, and in four weeks' time you could not see a mark of the rash. Now my face is without a spot of any kind. I also use them for my scalp and hair. They cured me completely." (Signed) Miss Peggy Hutchins, Feb. 5, 1912.

Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. L, Boston." Ad.

THOSE RHEUMATIC TWINGES

Much of the rheumatism that comes in damp, changing weather is the work of uric acid crystals. Needs couldn't cut, but he had to try the Doan's Kidney Pills, which help sick kidneys.

An Oregon Case
John H. O'Connell, of Astoria, Ore., writes: "The kidney trouble I suffered from for several years was cured by Doan's Kidney Pills. My kidneys were very weak and I was unable to do any work. I had backache and aching in my joints. I had tried many other remedies, but they did me no good. I then bought a box of Doan's Kidney Pills and after taking them for a few days I began to feel better. After a few more boxes I was completely cured. I can now do my work as usual and I feel like a new man." Doan's Kidney Pills, 45¢ a box. Sold everywhere.

PINE COUNTY PIONEER

ED. C. GOTTRY, Editor and Prop.

Entered in the Postoffice at Pine City as Second Class Matter

Pine City, Minnesota, June 13, '13

Twenty Five Years Ago.

Ed. St. John of Marine transacted business in this place Tuesday morning.

Mrs. Thomas Rice returned Tuesday from a visit of a few days to Minneapolis.

Miss Bertha Liebau, who has been in St. Paul for the past few months, returned home on Wednesday morning's train.

H. P. Robie, of Rush City, says he wouldn't "go ten miles to attend another National Convention." He's seen the elephant and is satisfied.

Philip Provencher, who has been away to school for the past year returned on Wednesday to spend his three month's vacation with his folks.

Mrs. A. S. Gottry, of Stevens Point, Wis., arrived in Pine City with her son on the early morning train Sunday, and will visit with her sons for a few weeks.

Assistant Chief Engineer Forneri and assistants are kept quite busy these times looking after the work on the St. Paul & Duluth Short line in this vicinity.

It is hard telling whether Billy O'Brien is a resident of Hinckley or Pine City. He seems to be in Pine City about as much as he is in Hinckley.

F. J. Steinmetz and Rob Breckenridge returned on Tuesday from an exploring and cruising expedition, and by their looks it agrees with them to be in the woods.

Mrs. O. Wilcox went down to Harris Saturday having been summoned by a telegram announcing the illness of her sister Mrs. J. W. Browning. She was preceded by her father, Barney Clover, on the previous Thursday.

Chas. Erickson who recently went out to Spokane Falls, Washington Territory writes his brother in this village that he does not like the country as well as he did this. He says that he never saw such a poor country in all his life, and he has traveled quite extensively.

J. J. Warner spent a couple of days in St. Paul this week attending the state encampment of the Minnesota Division Sons of Veterans, and reports having had a pleasant time. The order is increasing very rapidly in this state. There are now in the neighborhood of twelve thousand.

Last Friday evening a few of our young people enjoyed a hop in Hurley's hall. The affair was impromptu, and was gotten up on the spur of the moment. There were but few there, but those who did participate enjoyed themselves immensely. The music given by the Pine City orchestra gave good satisfaction. In fact it is claimed by those who attended that it was the best ever given in the village barring alone the Savier orchestra of Minneapolis.

Mrs. Daniel Leary, of Belgrade, Stearns county, arrived in town on Monday morning on a visit of a week with her parents, Judge and Mrs. E. Venbornen. Mr. Leary has accepted a position as station agent at Weyerhaeuser, Wis., on the "Soo" road and will move there in a few days. This is Mrs. Leary's first visit since her marriage last December, and her friends will welcome her back again.

The case of the county commissioners of Pine county vs. Don L. Willard et al., for the recovery of \$876.16 and interest from 1887, which is the amount Mr. Willard was short in his accounts when county treasurer, and which was decided in favor of the county in the district court, will be argued in the supreme court this month. There is little doubt but that the decision of the lower court will be affirmed.

HINCKLEY
J. C. Miller of Pine City, was in town Thursday, putting on new trousers and doing other work in his line.

Mrs. S. S. McClure of Stillwater, spent a day or two in the latter part of last week in Hinckley, in company with other Stillwater friends, the guests of Mrs. Geo. W. Booth.

Last Wednesday night the worst storm that has ever visited Hinckley swept over this place. Some of our citizens feared a cyclone and began looking for an underground retreat.

The Hinckley gun club are practicing pigeon shooting almost every day and propose to do some fine work on the Fourth of July. The shooting will be a very interesting feature of the celebration to those who are interested in such sport.

An outline drawing has been received by our village council for the proposed village hall, but others are expected soon, and then the council will make their selection and procure specifications. The plans now on hand are for a hall which would cost about \$3,000.

One evening last week a party of pugilists came to Hinckley to give a fistic exhibition. They rented Hurley's hall and advertised their show, but the attendance was decidedly light, and consequently the exhibition didn't amount to much. They will doubtless give Hinckley a wide berth in the future.

—Wednesday evening] at about a quarter after six a kerosene stove in the residence of Attorney Ottocar Sobotka exploded. An alarm was turned in but by the time they reached the scene the flames had been smothered, not before, however, doing considerable damage to the kitchen and burning Mr. Sobotka quite badly.

—The members of the local division of the M. N. M. drilled in their white duck suits, last Friday evening. They presented quite a respectable appearance in spite of the fact that some of the trousers were a trifle long.

—L. L. Fisher was quite busy the fore part of the week, moving his harness shop fixtures into the old Glasgow Building opposite Piper's furniture store. The Smith Hardware people will use the building formerly occupied by the harness shop as a supply room.

—Work on the pipe laying for the water works is progressing very rapidly and it won't be a great while before Pine City can boast of a first-class water system. The steel for the water tower has arrived and is already on the grounds. Work on the tower will commence within a day or so.

—Part Fishel W. Wyandott eggs \$1.50 per 15, Parcel Post prepaid list and 2nd zone.

Day Old Chickens—White Wyandotts 15c each, S. C. Brown and White Leghorns and Barred Rocks 10c, Mixed bloods 8c, Cash with order. Safe delivery guaranteed. Mrs. Wm. Lewis, Henriette Minn. (p6-2)

Deere Automatic Cultivator
Horse Lift

If you want to interest a man, show him how he can save time and labor. Show him how he can make one motion take the place of three.

We wish to explain how, by a simple pressure of the thumb, you can accomplish with one motion what formerly took three separate and hard operations.

To make the matter plain, find out how a common Cultivator works. When you get to the end of the row, you raise one rig, then you raise the other rig, then you balance the cultivator—three motions, not counting that all these operations must be done every time you start a new row. Figure out how many of these motions you make during a seasons cultivating, and then think how much time and labor they cost you.

The Deere Automatic does away with all this work. The operator takes hold of the lever, presses his thumb against the latch and lets loose of the lever. That's All. The Horses raise the rigs and balance the Cultivator.

Telescoping Steel Axles can be adjusted from forty to fifty four inch. Will Cultivate Corn planted thirty-six inches very nicely.

Dust Proof, Self Oiling Wheel Boxes, does not require you to take off wheels to Oil the Cultivator.

There are many other features too numerous to go into detail but we will be more than pleased to show you these features as compared to any other Cultivator on the market.

Look over some other makes of Cultivators and then come in and let us show you the difference and we are sure you

Electrically Welded
FENCE can be trusted

"Pittsburgh Perfect"
Wire Fencing is best all through.

THE BEST WIRE
The wire is drawn from a special quality of open heart material—tough, pliable, strong, long lived wire possible to manufacture. It is the finest fencing heavily galvanized by our own new and perfect process, the wire is positively moisture-proof. The fact that

All Stay Wires and Line Wires are Electrically Welded
not only eliminates the weakening and moisture-gathering wraps, clamps and ties, but practically transforms the fence into one piece of perforated steel.

No Waste Wire
There is no waste wire to make useless weight; instead, heavier wire is used and all the weight is fence. Stay wires being of the same size as line wires, the

—Mrs. P. S. Daley and children came up from St. Paul Wednesday and will make this their home. Mr. Daley has been here for some six or eight weeks.

—Mrs. J. Adam Bede went to St. Paul Tuesday afternoon to attend the graduating exercises at the College of Agriculture. Miss Retta finishes this year.

—The Lutheran Ladies' Aid will meet with Mrs. Adam Biedermann on next Wednesday afternoon. A 10-cent lunch will be served. All are cordially invited.

—Royal Chapman came from Minneapolis yesterday afternoon and will spend a week with his brother James, who is doing some work on his farm on Cross lake.

—P. Dailey returned to this place last Friday after several days at his home in St. Paul. He is very busy at present getting the machinery in shape at the new Smith machine shop. He will move his family up here within a few weeks.

—Through the efforts of Secretary Harle, the State Dairymen's Association will offer a prize silver cup for the best herd of dairy cattle. The cup will be like the one offered last year. Herds that have already won a cup cannot compete.

All The Big Guns

Are talking about our underfed and underpaid workmen. When did they first get hep?
Conditions are pretty bad in some parts of the effete East but the high cost of living will be materially reduced when every one gets wise to the fact that it pays to buy the best. There is no economy in mere cheapness.
This firm carries only dependable lumber—the kind that can be guaranteed unconditionally. You are safe in ordering anything of my boss because he's a good loser and won't let you get stung. He gets stung himself sometimes but you can't lose out. So please get "hep." He's got a full line of screen doors and windows too.

ROCK CREEK

Mr. and Mrs. Shogren and daughter took a drive to Rush City on business Friday.

Mr. Morrow and family, with Mrs. Dugan, drove up to the county seat last week, on business.

Chas. Peterson made a business trip to Rush City Wednesday morning, returning the same day.

Beginning Sunday, June 13, services in the M. E. church will be changed to 1:30 o'clock. Sunday school at 2:30.

Mr. and Mrs. Soprel were surprised one day this week by the arrival of Mrs. Soprel's father, whose visit was entirely unexpected.

Mrs. Stark, of Deer Valley, who accompanied her husband to Minneapolis, returned Friday to stay with her parents until Mr. Stark returns from Idaho.

Several horse dealers camped at Rock Creek Thursday and Friday with a lot of horses which they had for sale. They left Saturday morning for Graustauburg.

The father of George Lenroot, who resides at Marine, died last week. The sympathy of the entire community is with the bereaved wife and children. Mr. Lenroot's family have been at Marine about two weeks.

Chas. Heineman, the land man, an agent for Mr. Flynn, of Rush City, sold three forty-acre tracts in Deer Valley. The parties who bought the land are workmen from Chicago.

Deer Valley will soon have a large settlement of that class of people.

Mr. Cadd took a business trip to Minneapolis the fore part of the week to lay in another supply of goods for his harness store. He is crowded with work and feels happy as manager of the Rock Creek ball team. He is not quite as happy under certain circumstances.

The Ladies Aid social given by Mrs. VanDyke Friday evening was a great success, both socially and financially. Rev. Lambert and wife were present and made the acquaintance of the members of his new charge. Mr. Lambert is also pastor of the M. E. churches at Rush City and North Branch.

CARD OF THANKS.—We wish to express our heartfelt thanks to the numerous kind friends and neighbors who so kindly and willingly assisted us during the illness of our beloved son and brother. We also appreciate the beautiful flowers which were sent by the friends of our dear departed son and brother.

MR. AND MRS. ALEXANDER AND FAMILY.

RESOLUTIONS.

Whereas the Divine Ruler has taken from our midst Eugene O. Alander, who was a much esteemed brother and laborer in our Woodman camp at Rock Creek,

RESOLVED, that his decease leaves a vacancy in our camp which is deeply felt by all members.

RESOLVED, that the bereaved relatives be tendered the sincere sympathy of our M. W. A. camp over the loss of a true and devoted friend and neighbor. And may they feel that their loss is overruled by him who doeth all things well.

RESOLVED, that a copy of these resolutions be sent to the bereaved family, a copy spread upon the minutes of the Camp and a copy published in the Pine County Pioneer.

Studebaker

"Studebaker wagons certainly last a long time"

"I have had this wagon twenty-two years, and during that time it cost me only \$6.00 for repairs, and that was for setting two tires."

"And after twenty-two years of daily use in good and bad weather and over all kinds of roads, I will put this wagon against any new wagon of another make that you can buy today."

"Studebaker wagons are built of air-dried lumber and tested iron and steel. Even the paint and varnish are subjected to a laboratory test to insure wearing qualities."

"No wagon made is subjected to as many tests or is more carefully made than a Studebaker. You can buy them of Studebaker dealers everywhere."

"Don't listen to the dealer who wants to sell you a cheap wagon, represented to be just as good as a Studebaker."

Farm wagons, trucks, dump wagons and carts, delivery wagons, buggies, surreys, depot wagons and harness of all kinds of the same high standard as the Studebaker vehicles.

The Best Bargain You Ever Made

HOW do you measure the value of a bargain? Suppose you bought an engine that did practically all of your hardest work for you, saving, pumping, grinding, etc., and that saved so much money that it soon paid for itself. Would you call that a good bargain?

An IHC engine will do all that, and more. Having paid for itself, it works steadily year after year until, like our Clay County friend who has used an IHC engine for six years, you will say, "My IHC engine is the best bargain I ever made."

IHC Oil and Gas Engines

are thoroughly dependable, and unusually durable. The fine-grained, grey iron cylinders and pistons are worked together to a perfect fit. Ground piston rings insure maximum power from the explosion. The fuel mixer is the most effective known. Bearings are large and carefully fitted. No part is too heavy to be efficient, yet every part is amply strong.

IHC engines are made in all styles—vertical and horizontal; portable and stationary; air and water-cooled; in sizes from 1 to 50-horse power, to operate on gas, gasoline, naphtha, distillate, kerosene or alcohol. Oil tractors, 12 to 60-horse power, for plowing, threshing, etc.; grinding, sawing, pumping and spraying outfits, complete the line.

The IHC local dealer will show you all the good points of the IHC engine. Get catalogue from him, or write

MEMORIAL DAY OBSERVED.

Decoration day exercises were held in this place last Friday afternoon. The parade which left the G. A. R. hall at 1:30 was headed by the members of the 3rd Division of the Minnesota Naval Militia. A number of school children followed the autos carrying the old soldiers and these children decorated the last resting place of those who have answered "taps" and gone on to be reviewed by the Great Commander.

At 2:45 the regular exercises were held in Robinson park with Mr. Randall of Duluth as speaker. A large crowd listened with interest to Mr. Randall and to the program rendered by the children of the grades.
