JUNE WEDDINGS.

PETSCHEL-HUNT.

Wednesday morning at 10 o'clock occurred the marriage of Louise Petschel to Leo O. Hunt of St. Paul. The ceremony was solemnized at the immaculate Conception church, Rev. Fr. Leo officiating, and was attended only by the immediate relatives of the contracting parties. The bridal couple was attended by Anna and Adolph and Anna Petschel sister and brother of the bride.

The bride wore a gown of white silk trimmed with white marquisette, wore a spray of lilies of the valley in her hair and carried a shower bouquet of white roses. The bridesmaid wore an embroidered dress of white and carried a bouquet of pink roses.

A reception was held at the home of the brides parents immediately after the ceremony, which was attended by the relatives of the two families and a few invited guests.

Mr. and Mrs. Hunt were the recipients of many beautiful and useful gifts.

The bride is well known to a great many of our readers, having lived in this vicinity since early girlhood. She has a vast host of friends both in town and in the rural vicinity southwest of here who wish her the best in this life.

The groom is a resident of St. Paul and is a fine young fellow whose friends are those who know him.

The happy couple will be at home to their friends after July 1st on Randolph near Snelling in St. Paul.

The out of town guests in attendance were: Mrs. Francis Hunt, Misses Amelia and Laura Hunt, F. J. Hunt, Mrs. Clem Lagermeyer and son, Robt. Farrell, Emil Johnson and Anna Scheiderbauer of St. Paul, Mrs. Ostrtag of Minneapolis, Mrs. Joe Bach of Groveland Park, and Mayme Kester, of Mendota.

NELSON-LARSON.

Wednesday afternoon at the Chas. Nelson home near Rock Creek, occurred the marriage of Leonard Larson to Miss Anna Nelson. The ceremony was witnessed by about fifty invited guests. A reception was held at the home following the ceremony.

The bride is well known in this place having made this her home for several years. She is an exceptionally fine young lady who will be a willing and cheerful helpmeet.

The groom has a wide acquaintance in this vicinity having been employed as a clerk at Challeens store for a number of years. His friends are those who know him.

They will be at home to their friends in the house formerly occupied by C. Bredehoff.

MCCARTHY-BRENNAN.

James Brennan and Miss Mary McCarthy were married Wednesday morning at six o'clock mass in St. Patrick's church. Miss Mary Frey and James Mullins acted as bridesmaid and best man. The young couple left for Duluth on the noon passenger. Hineckley Herald.

The groom is well known in this place, having made this his home for about a year at one time. During that period he made numerous warm friends who extend congratulations.

NAVAL MILITIA BOYS TAKE FIRST LAKE TRIP.

Last Saturday afternoon about 35 of the members of the 3rd division of the M. N. M. took the limited for Duluth on their first short cruise. Upon reaching Duluth they were immediately taken aboard the Gopher. After mess they were shown about the boat, instructed in arranging their hammocks and given some general ideas about ship discipline. At 11:30 they weighed anchor and started for Bark Bay about 60 miles down the south shore. About 12 o'clock the boys took to their hammocks but very few got to sleep.

Sunday morning after mess the brass work was polished and the ship put in order. The boys were then given some boat drill which was very interesting. The balance of the day was spent in various ways and about 2:30 the boat put back to Duluth, arriving there at 7 o'clock. The boys were put ashore a little before eight and had the evening to themselves. The trip was thoroughly enjoyed by all regardless of the fact that a few of the fellows received a fine coat of sunburn.

The big cruise will start from Duluth August 7th and the squadron will rendezvous at Thunder Bay off Alpena, Mich. From there they go to Milwaukee and will anchor off this place for about 6 days. The daylight hours will be taken up with the different maneuvers an in the evening the Perry Centennial will be celebrated. Half of the crew will have shore leave on alternate nights. From Milwaukee the squadron goes to Green Bay for 2 or three days. There will be at least nine ships in the squadron among them the Dubuque, Don Juan, Yanita, Essex, Dorothea and Gopher. From Green Bay the boat returns to Duluth, the trip covering 14 or 15 days.

Any men or boys recruiting before August 1st may go on this trip. This is a great opportunity to see part of this country's great inland bodies of water and is an opportunity a healthy young American can't afford to miss. The trip will be one filled with many new things and one will learn things that will be of lasting benefit. Any who wish to join and get in on this trip should see Lieut. Robert Wilcox and arrange matters as soon as possible.

A. E. Stevens who went down to meet Mrs. Stevens in St. Paul returned Thursday accompanied by Mrs. Stevens' brother, Ed. Thorson of St. Paul.

Chas. Heinsman, the land man, has 40 or 50 acres of hay stumpage in Deer Valley for rent. Call on or address, Chas. Heinsman, P. O. box 55, Rock Creek, Minn.

E. J. Anderson and wife returned Sunday from Canby, where they were called to attend the funeral of Mr. Anderson's father, who died at that place the middle of last week.

Anton Uden shipped a car of household goods to Northwestern Canada the first of the week where the family will make their future home. They have been living on a farm near Greeley.

Sunday Chas. Heinsman and wife took an early trip out to their son, E. J.'s, at Deer Valley, where they picked strawberries until noon. After dinner, His Honor, our Justice of the Peace had to his himself to the home of comrade S. Burton where at 2 o'clock p. m. he joined Mr. Jesse Burton and Miss Ellen Anderson in the holy bonds of wedlock. Quite a number of the relatives and friends of the contracting parties witnessed the ceremony. After the ceremony a wedding dinner was served. The presents were numerous and beautiful but space will not permit us to give them and the donors. The Pioneer extends congratulations.

Besides Ajax defying the lightning there are the fans on the beach defying the sunshine.

Crown people as a rule do not believe fairy tales, unless they are printed in seed catalogues.

Still, if a baldheaded man does not mind being joked about it, why are there so many topees?

What the Parkland school of wizards should now seek to evolve is a hairy eating ultimate consumer.

Another tradition is exploded. The majority of sweet girl graduates nowadays can cook acceptably.

Surely it is a gay world in which nobody can propose universal peace without raising a universal snarl.

Too bad the "swat the fly" slogan was not being flaunted when Noah took up his residence in the ark.

Another thing besides motorcycle races that there's no use trying to get all worked up over is fly swatting.

Unless cattle cease to disappear we fear that man's canine teeth will begin to fall out presently from lack of use.

If amateur barefoot dancers could only see their feet as others see them, there would be a speedy ending to the fad.

Chicago is planning to make itself a noiseless city. But the Windy City will never be content to lead the quiet life.

Why does your neighbor's dog with a passion for scratching up plants choose the geraniums and spare the dandelions?

Anybody who has been educated up to the cabinet standard will know how badly the orioles and thrushes sing these mornings.

A catcher has been suspended for throwing dirt in an umpire's face. If only mud slinging could be similarly penalized in the bigger game of life.

A new boat in New York had an sponsors fifty red-headed school girls. The boat must have been launched with tin enough to last two ordinary lifetimes for vessels.

A man who won't take part in a parade with a tank or a banner in his hands, when he gets a chance to do it, is evidently not in sympathy with the modern idea of publicity.

It is to be noted that the Russian woman who was arrested in New York for an improper dance has returned to Europe with a poor opinion of American standards of art.

A hunter of big game in Africa captured a crocodile which had just swallowed a buck. Evidently our fish stories are lame beside the thrillers that come from the jungles.

The announcement of a government surgeon that dirty money is not dangerous on account of having been given is a relief. For we all had made up our minds to take the chance.

A minister in Philadelphia was rebuked for adding to his clerical occupation the side issue of raising money for sale. He was rebuked because the latter business was not in good odor in the ministry.

Concerning the report that a Chicago man slapped his wife with a beefsteak, it certainly seems improbable that he would resort to so costly an implement of domestic discipline.

The press dispatch stating that a famous aviator has died a natural death makes one wonder what is a natural death for an aviator.

If people were sensible those thick of the chiropractors who would be thrown out of every hospital and school footlocker have their use.

A Chicagoan was done out of \$100 by two Englishmen on a "wire thing" game. This record-breaking happening was naturally given happy-go-lucky.

DEAD AND HURT IN DEBRIS

Owing to the Manner in Which Electric Trains Telescoped, Work of Extricating Dead and Hurt Made Difficult by Wreckage.

Vallejo, Cal., June 20.—Twelve people were killed and twenty-five were injured, several fatally, in a head-on collision between two interurban electric trains of the San Francisco, Napa & Calistoga Electric line, one mile north of here. The trains, traveling at high speed, came together with a terrific crash and telescoped. In an instant the two trains were reduced to a high heap of wreckage. Passengers were heaped about and buried beneath the pile of splintered wood and twisted steel.

Debris from the Rescue Difficult.

The in-bound train was in charge of William Lauder, motorman, and H. E. Catton, conductor. James Houg was at the motor of the out-bound train with C. Richards as conductor.

The work of extricating the passengers, scores dead and others severely injured, was begun at once. Owing to the manner in which both trains telescoped it was extremely difficult to extricate some of the unfortunate men and women, who were buried deep in the wreckage.

Mistaken Signals Caused Crash.

The train from Vallejo to Napa consisting of two engines and a passenger car, was crowded with passengers from the steamer Monticello from San Francisco, besides a number of passengers from this city. The car from Napa was well filled with passengers, a number of whom were coming to Vallejo to take the boat to San Francisco.

The crash came on a straight stretch of track at One Mile House. Mistaken signals are said to have been responsible for the wreck. Officials of the company announce an investigation to try to lay the blame as soon as all the injured are accounted for.

It was not until the trains were within a few hundred feet of each other that the motor men realized that a collision could not be averted. Airbrakes were applied but the momentum was too great.

Two Coaches Telescoped.

There was a crash that sent passengers from their seats beneath a shower of splintered glass. The force of the impact telescoped the first two front coaches. Passengers in these two front cars were the most severely hurt and it was from these cars that most of the dead were taken.

The other cars were tossed from the track and piled high one over the other. Beneath this heap of wreckage lay the passengers. Mingled groans and cries added to the horror of the situation.

The track for many yards around was strewn with debris. Those who were not more seriously injured quickly went to the assistance of their less fortunate traveling companions and joined in the work of extricating the wounded.

MINNESOTA STATE NEWS

COURT TELLS JURY TO PROBE RATES

JUDGE JOHNSON IS PUSHING RAILROAD FAKE CASES.

LIKELY RETURN INDICTMENTS

Special Attorneys Appointed to Probe Hearing of Goodhue County—First Instructions Disregarded.

Red Wing.—The grand jury Goodhue county, which has been in recess two weeks or more, or since its failure to return indictments against railway companies operating in the county and alleged to be violating the state law of 1907, providing that no more than 2 cents a mile shall be charged passengers, reassembled shortly before noon here Monday. Judge Albert Johnson again instructed the jury to return indictments if the evidence placed before them warranted.

Representing the State.
To represent the interests of the state before the jury the court appointed Senator Roekke of Zumbrota and Senator Schaller of Hastings. This action was taken to preclude the danger of complications should the county attorneys appear for the state, county attorneys as well as other officials having been enjoined by the federal court pending the consideration of the case by the United States supreme court.

Judge Johnson, in charging the jury, repeated in the instructions he gave them at their original session and in addition said:
"The findings of any other court outside of this state have no bearing on this case. The matter has not been before the state courts at all. On the contrary, an effort has been made to keep it out of such courts. If you find that any of the state laws violated in this county, it is your duty to return indictments. It is the duty of this court to bring before you not only the minor violations of law, but the larger violations as well, on the theory that we should not simply punish the small criminals and let the big ones go unpunished."
The Original Charge.
In his original charge to the jury Judge Johnson said: "It is unlawful for railroad companies to charge more than 2 cents a mile in this state. A violation of this law in a felony has been committed. There are violations daily and right under the noses of the officials of the county and state. If you find a law which is worth enforcing, the statutes are as clear as sunshine. If the railway companies have violated the law, it is your duty to return an indictment."
Among officials and attorneys around the court house, there is an impression that the jury will hardly fail to indict this time.

RAILROADS AGREE TO TERMS

Long War is Ended and 2-Cent Fare Will Come Soon.

St. Paul.—At a meeting with the State Railroad and Warehouse commission railroad presidents and attorneys agreed to establish, as soon as possible, the state rates held valid by the Supreme Court of the United States, thus ending all talk of further litigation on the part of the roads.
The rates include the two-cent passenger fare law and the commodity and freight schedule. President Carl H. Gray of the Great Northern assures the state officials there will be no further delay.
Railroads agree to pay refunds due shippers for overcharges during the long period in which the state rates were enjoined. This will amount to approximately \$3,000,000.

Lakefield Has Building Boom.

Lakefield.—Lakefield is having a building boom this year. Over \$75,000 for new business blocks is being expended, which makes the main streets look like a new village. In the residential section many new dwellings and improvements are also being made.

Leap Out of Window is Fatal.

Mississippi, June 25.—A fellow traveler of the St. Paul, who jumped from a window in her room in Etzel hospital died a few hours later.

Clue to St. Paul Murderer.

St. Paul.—Blowers of the police of a bundle of blood-stained handkerchiefs and towels and a pair of white socks with blood are the most promising leads in the investigation of the murder of Mrs. Josephine C. 1300 Farrington avenue. The clothes were found under a pile of clothing in a basket, and the police believe they were hidden there by the murderer after the body had been committed. The water looked as if it had been used to wash away blood stains.

Taft to Be at University.

Minneapolis.—Professor William Howard Taft of Yale university will conduct a lecture course in this city on the history of the University of Minnesota next June. The invitation to the former president of the United States to come to Minnesota and give a course of lectures was extended soon after he became the president of the Yale law school faculty. The details have not been arranged, but it is probably that they will take at least one week.

MINNESOTA ROADS ACCEDE TELLS OF SURGERY'S ABUSE

NEEDLESS AND MISERABLY EXECUTED OPERATIONS SCORED.

Physician Pleads for Higher Training as Requisite for Work of a Profession.
Minneapolis.—Famous surgeon from every part of the United States, crowding the university chapel, were told that "ill-advised, miserably executed and unnecessary operations" were "the crying shame" of present-day surgery.

The speaker declared it a question with the various practitioners of the commercial value of the patient, not the patient's welfare, and said the time had come when stringent restrictions should be placed on the class to be permitted to do surgery, with a systematic education and long training under competent directors.

Dr. William D. Haggard of Nash ville, Tenn., was the speaker. He addressed the section on surgery of the American Medical association on "The Requirements of the Surgeon."
Dr. Haggard deplored the fact that a pilot of a lumber saw must first serve an apprenticeship in the office of a surgeon. The great middle class is the chief sufferer from the "furore" to do surgery, and the ordinary practitioner is the principal offender, according to Dr. Haggard, who deprecated the "commercial spirit" that has seized its hold on all its practitioners as well as its patients.
The speaker outlined a movement of the ultimate purpose of which may be the drastic restriction of surgery to those who, measured by the highest standards, are qualified not only by education and experience, but morally to perform the work of surgery.
A national organization of surgeons, representing and covering the entire continent, devoted to the betterment of the profession, was outlined.
Before being licensed, Dr. Haggard would require a surgeon to spend four years in a medical school, one or two years as hospital interne, post-graduate work in surgical colleges, a given number of years in general medical practice, apprenticeship under a skilled surgeon, and finally, completion and licensure under legal requirements.

MINNESOTA LABOR MEN ELECT

Officers Chosen and Duties Selected as City for the Next Convention.

St. Cloud, Minn.—E. G. Hall of Minneapolis was re-elected president of the Minnesota Federation of Labor at the annual convention here. Other officers were elected as follows: Vice presidents—First District, H. W. Libby, Winona; third district, Louis Hollmenger, Red Wing; fourth district, W. C. Belaire and John Kincaid, St. Paul; fifth district, N. C. O'Connor and J. C. Mulholland, Minneapolis; sixth district, P. T. Brown, Brainerd; seventh district, Paul Scherer, St. Cloud; eighth district, S. S. McDonald, Duluth; ninth district, Albert Hurst, East Grand Forks; W. E. McEwan of Duluth was re-elected secretary-treasurer.

LEGISLATORS APPEALED TO

League Asks Additional Funds to Push Better Farming Cause.

Austin.—The final session of the Minnesota Better Development league was marked by the adoption of resolutions asking the legislators at its special session to make provision for aiding at least fifteen more counties of the state, to the extent of \$1,000 each, in maintaining county agricultural agents. The league also went on record as favoring the employment of a paid secretary to devote all of his time to the work of organization and necessary publicity.

The boards of commissioners in the several counties of the league were called monthly with the commission on the maintenance of the work for the present year, and as much as may be needed hereafter. The legislature is asked to enact legislation whereby state credit can be used to aid the counties on a plan similar to that recommended by former senator Bourne of the federal aid to post roads, or to loan the revenue derived from school taxes to the counties at a low interest rate.

Life Term For Boy Murderer.

Rocheater.—Life imprisonment in the St. Cloud reformatory was the sentence imposed by Judge Snow upon Henry Schmidt, 16 years old, found guilty of murder in the second degree for shooting and killing his aunt. A motion for a new trial on the ground that the evidence did not sustain the verdict was denied.

Lake City Wife Deserts.

Lake City.—Charles Andrews, a blacksmith, was arrested Wednesday evening, charged with wife desertion. The charges were preferred by R. E. Nelson, sheriff of Webster City, in Andrews' home, held by the Washburn authorities pending the securing of extradition papers from Governor Eberhart. He is said to have a wife and child at Webster City.

Foot Catches; is Killed.

Winona, Minn., June 21.—Charles Perkins, 63 years old, was killed, and four others hurt on a hand car on Tuesday, as they were being towed by a train from a village on their way to work, when a Burlington southbound passenger train, traveling at a high speed, bore them down from behind. The men were bridge carpenters. Perkins was slightly deaf and when the train rounded a curve several rods behind, he was the first of the men to shout and the train stopped. A second train, Perkins jumped, but his foot caught

QUICKSILVER BAD ON TEETH

Fumes of Mercury Produce Salivation and Minors Seldom Live More Than Two Years.

Quicksilver miners follow the most unhealthy trade in the world. The fumes of the mercury produce constant salivation and the system becomes permeated with the metal; the teeth of the unfortunate men drop out, they lose their appetite, become emaciated and, as a rule, seldom live longer than two years.

Children of mine, employed by the miners, frequently develop the blanches and dentures of the teeth. But phosphorus, used so largely in the manufacture of lighter matches, affects a very large number of persons, women, girls and children greatly predisposed to the disease.

People who work in soda factories are affected by the teeth becoming soft and translucent; they break off close to the gum.

Dr. Hesse of Leipzig states that bakers are likely to suffer from decayed teeth on account of the flour entering the mouth during work collecting on and around the teeth, where it decomposes and generates an acid destructive to dentures.

Libby's Luncheon Delicacies

Dried Meat, sliced, water, Hickey, soaked and with a choice flavor that you will remember.

Vienna Sausage—just right for Red Hats, or to serve cold. We suggest you try them served like this: Cut eye-bread in thin slices, spread with creamed butter and remove crusts. Cut a Libby's Vienna Sausage in half, lengthwise, and lay on the bread. Place on the top of the sausage a few thin slices of Libby's Midget Pickles. Cover with the other slice of bread and press lightly together. Arrange on plate and serve garnished with a few parsley sprigs.

Libby, McNeill & Libby Chicago

IS IT RIGHT TO ADVERTISE COCA COLA?

Men who play the wily game of politics discovered that the best way to distract the attention of the public from their own shortcomings is to attack upon someone else.

It is a well-known fact that the class of a surgeon, the great middle class is the chief sufferer from the "furore" to do surgery, and the ordinary practitioner is the principal offender, according to Dr. Haggard, who deprecated the "commercial spirit" that has seized its hold on all its practitioners as well as its patients.

A Legal Opinion.

"A cat sits on my back fence every night, and he yowls and growls and yowls. Now, I don't want to have any trouble with Neighbor Jones, but this thing has gone far enough, and I want you to tell me what to do."

The young lawyer looked as solemn as an old, sick owl, and said not a word.

"I have a right to shoot the cat, haven't I?"

"I would hardly say that," replied your Coke Blackstone. "The cat does not belong to you, as I understand it."

"No, but the fence does."

"That," concluded the light of law, "I think it safe to say you have a perfect right to tear down the fence."

A Modified Sort.

"Do you believe that thinking men take any mental attitude toward riveting girls?" "Yes, a semi-mental one."

His Mental Status.

"That young reformer who is running for office promises some sweeping reforms." "With the vacuum system?"

Red Tape in France.

A curious little monument to French red tape is to be seen at the Petit Palais. The clock in the building has marked the same hour for the last 13 years, although it is in perfect repair. The explanation borders on the ridiculous.

At the close of the Paris exhibition 13 years ago a buyout of an official stopped the clock for no other reason than that the exhibition was closing its gates. Since then it has remained stationary, for the simple reason that it does not appear on the list of clocks which the official clock winder to the municipal council has to attend to, and until some particularly energetic member of the council attends to the matter the present state of affairs is likely to continue.

Convict Made Pets of Mice.

An interesting story of a convict and his two pet mice is told in the report of Captain Hanson, the prison commissioner of London.

Captain Hanson said the convict, who was imprisoned at Parkhurst, had two pet mice, but was ordered to another prison, so he was unable to take his mice. Captain Hanson promised to have them cared for and himself went to the cell for the mice.

"Never shall I forget the parting scene," continued the officer. "The inmate took each of the mice, calling them by name, kissed them, and then put them in a little box and lined with flannel, and with them a piece of bread and a piece of cheese he had saved."

A HIDDEN DANGER

It is a duty of the kidneys to rid the blood of uric acid, an irritating poison that is constantly forming inside.

When the kidneys fail, uric acid causes rheumatic attacks, headaches, dizziness, general weakness, urinary troubles, weak eyes, dropsy or heart disease.

Doan's Kidney Pills help the kidneys fight uric acid—bringing new strength to weak kidneys and relief from backache and urinary ills.

A Montana Case.
Mrs. R. B. Adams, 1201 High Avenue, Great Falls, Mont., writes: "I was in my 40th year when I was afflicted with uric acid. My symptoms just here on my feet, my back, my head, my eyes, my ears, my nose, my throat, my chest, my stomach, and my bowels. I had been given the best medical treatment, but it did not do me any good. I was cured by Doan's Kidney Pills. I have since cured my child completely." (Signed) Mrs. Barbara Prim, Jan. 30, 1912.

STUDENT LOOKED UP THE WORD "TANGO."

A student looked up the word "tango" in a Latin dictionary. This is what he found: "to take in hand, carry off, to be contiguous to, to strike, beat, smear."

A poor excuse is better than none, and many a poor maid regards a husband as a poor excuse.

Redwood Falls Builds Roadway.

Redwood Falls—"Good roads day" proved a red letter day for Redwood Falls. The contractors who have the new concrete bridge in process of construction across the canyon of Redwood river pulled out the old bridge and effectively shut off all persons living west from entering the city. But the business interests across to the occasion. Under the auspices of the Auto mobile club nearly a hundred men, including bankers, lawyers and merchants clad in overalls, with pick, spade and dynamite, went to work to construct a new road through forest, hills and granite ledges. The blasting of the ledges became the signal for a crowd to rush in and clear away the debris. At nightfall three deep ledges had been cleared to a width of twenty feet, and the entire roadway made passable for both teams and automobiles.

The Best Bargain You Ever Made

HOW do you measure the value of a bargain? Suppose you bought an engine that did practically all of your hardest work for you, sawing, pumping, grinding, etc., and that saved so much money that it soon paid for itself. Would you call that a good bargain?

An IHC engine will do all that, and more. Having paid for itself, it works steadily year after year until, like our Clay County friend who has used an IHC engine for six years, you will say, "My IHC engine is the best bargain I ever made."

IHC Oil and Gas Engines

are thoroughly dependable, and unusually durable. The fine-grained, grey iron cylinders and pistons are worked together to a perfect fit. Ground piston rings insure maximum power from the explosion. The fuel mixer is the most effective known. Bearings are large and carefully fitted. No part is too heavy to be efficient, yet every part is amply strong.

IHC engines are made in all styles—vertical and horizontal; portable and stationary; air and water-cooled; in sizes from 1 to 50-horse power, to operate on gas, gasoline, naphtha, distillate, kerosene or alcohol. Oil tractors, 12 to 60-horse power, for plowing, threshing, etc.; grinding, sawing, pumping and spraying outfits, complete the line.

The IHC local dealer will show you all the good points of the IHC engine. Get catalogue from him, or write

County Commissioners Meet in Regular Session

Auditor's Office, Pine City, Minn.,
June 9, 1913.

The county board met pursuant to adjournment, all members being present.

Minutes of last meeting read and approved.

Applications for license to sell liquors were read and disposed of as follows:

T. J. Buselmeier, Beroun, granted. Voting aye, Johnson, Bullis and Degerstrom; no, Hammers.

G. A. Buebring, Denham, granted. Voting aye, Johnson, Bullis and Degerstrom. Voting no, Hammers.

John Hoberg, Cornell, denied.

In the matter of the petition for the formation of a new school district out of part of the territory of school districts 54 and 21, it was ordered, on motion, that the same be granted, and the new district be known as district No. 97.

Petitions of C. Voss and John Stoffel to be set off with their lands from district No. 3 to district No. 9 was denied.

A petition for a new school district out of a part of district No. 1 was presented, and the 14th day of July, 1913, was set as the day of hearing on the same.

Bids for road work were received and opened. The bid of P. J. MacAdam for the work on State road No. 1 was the lowest and that contract was awarded to him for \$1,193.

The work on state road No. 20 was awarded to Henry Kuhlman for \$984.

The following resolutions were unanimously adopted:

Whereas, the Northern Minnesota Development Association at their convention at Hinckley appointed a committee of five to call a meeting at Duluth July 1st, to endeavor to arouse public opinion to the possibilities of getting cut-over lands cleared, with the idea of interesting large companies to undertake the work, and

Whereas, Pine county has approximately 800,000 acres of land of which the timber has been cut and which it is necessary to interest such companies; therefore, be it

Resolved, by the county commissioners of Pine county, that we earnestly endorse the Duluth meeting and hereby pledge our moral support to the undertaking.

It was ordered by resolution that the sum of \$200 be appropriated from the general revenue fund of the county to the Northern Minnesota Develop-

ment Association, the vote on this resolution being, ayes, Degerstrom, Bullis and Hammers, Commissioner Johnson voting no.

It was ordered on motion that the sum of \$50 be appropriated to defray the expense of the meeting of school officers to be held at Sandstone June 14th.

On motion, the board of audit was instructed to notify the two banks at Pine City and the two banks at Hinckley to furnish additional depository bonds in the sum of \$2,000 each, and the two banks at Sandstone \$5,000 each.

Ordered on motion that the county surveyor be instructed to survey six miles of State road No. 9, in the town of Bruno, and also to complete a survey of the county road-running through the towns of Pine City, Royalton and Pokegama, and to file his plats and reports of same with the county auditor.

The following resolution was adopted:

Whereas, a county road was located by this Board on the 3rd day of March, 1913, which said road runs through the towns of Pine City, Royalton and Pokegama, which said road is set forth and described in the order filed in the office of the county auditor, said order being recorded in County Road Record A, page 101,

Be it resolved, by this Board, that in the matter of the assessment of damages caused by the laying out of said road, we do hereby assess and determine that the benefits and advantages of said road are in all cases equal to the damages, and we hereby direct the county auditor to attach a copy of this resolution of the original order establishing said road, and to record the same as a part of the original record of said road

The county auditor was directed to advertise for bids for work on State roads as follows: On State road No. 1, in the town of Pokegama, on State road No. 2, for an off-take ditch at Wolf lake, for work on State road in Windemere and in Kerrick, and for a bridge over Mission creek.

Resolutions appropriating moneys from the county road and bridge fund were adopted as follows:

Town of Hinckley, \$200.
Town of Mission Creek, \$300.
Town of Dell Grove, \$200.

Applications for tax abatement were presented and disposed of as follows: Anton Vlasak, recommended to Tax Commission.

W. P. Gottry, same.

J. D. Wilcox, same.

Bernard Nelson, referred to county attorney.

Hans Simons, referred to Commis-

sioner Degerstrom.

Severin Klososky, same.

P. Okeson, referred to Commissioner Hammers.

Julius Berndt, denied.

T. T. Beveridge, denied.

J. B. Sowers, denied.

The committee appointed to select a manager for the county exhibit at the State Fair reported that they had engaged Albert Jumer of Pine City for this position.

Ordered that the report be accepted and Albert Jumer be appointed to have full charge of said exhibit.

Few Keep Perfect Time.	
One very peculiar idea which prevails about a watch or clock is that when it is being regulated and the hands are moved forward or back to set it, if a little too much is gained the timepiece will continue to gain or lose, whichever the case may be. Simply moving past a certain hour often seems to start the timepiece to running either faster or slower, as the case may be. But few clocks keep perfect time. Atmospheric and magnetic conditions seem to interfere in most instances.	
Can't Take the Picture Seriously.	
The picture of a man holding a large fish does not necessarily prove that he is telling the truth. Photographers nowadays are too expert in grafting the picture of a fish taken at close range onto the end of a line held by a man whose picture was taken at a considerable distance.	

Something New.

"Running for office, I see."
 "Yep."
 "Forced into it by your friends, eh?"
 "Nope."
 "Answered the party call, then?"
 "Nix. I'm after the office solely for the salary attached, and if I'm elected I'll try to get all my relations jobs."
 "Well, on the frankness of that statement I propose to vote for you."

The Truth.

"Jaggs told a story about being held up the other night on his way home. Do you think there was any truth in it?"
 "Certainly there was. I saw the whole thing myself, and his friends on the job had their hands full holding him up, too."

Objected to the Odor.

Bacon—I see that garlic came from Asia and has been used since the earliest times. It formed part of the diet of the Israelites in Egypt.
 Egbert—Do you suppose that accounts for their being driven out of Egypt?

Home.

Home is a place where men can swear and do other things that were it anywhere else he would be run in for disturbing the peace.—Florida Times-Union.

SMALL DOSES.

The Nurse—The doctor just brought you this new baby brother.
 Freddy—That kid is so small it must have been brought by a homeopathic doctor.

The Oft Told Tale.

It would not be kind to wish one's friends untold agonies, but one cannot help wishing that one only had to hear their agonies told once.
