PINE COUNTY AGRICULTURAL FAIR NOTES.

Come and spend a day or two at the Fair. We will try to do the best of our ability to please you. We want to see you attend the Fair, and try to make it a success by your presence.

We have added new and attractive features, increased the amount of prizes in many cases, and in several instances added new ones, and have done everything in our power to present attractions that will be of interest to the public Sept. 16, 17, 18.

The exhibits of hogs, sheep and cattle at the Fair will be the best ever.

Our grandstand is large and roomy, and all can be comfortably seated.

Our aim is to provide a fine line of exhibits and interesting entertainments.

If you are interested in any branches of industry don't fail to attend the Fair.

This is everybody's Fair. Come and meet your old friends and mingle with jolly throngs.

The programme of amusements will include the latest novelties and attractions of the day.

The many and varied attractions will be offered this year for your pleasure and amusement.

We expect to provide for a good programme of free entertainment of a very high character.

We expect a fine showing of farm products and stock, equal to, if not exceeding any heretofore.

Excellent brass band music will contribute to the visitors pleasure and entertainment each day.

The exhibition of horses, cattle, sheep, swine, poultry etc. will be well worth a trip to the fair to see.

The management of the Pine County fair have a promise of an exhibit from seven towns so far. We want every town in the county. When you come to the fair and see an exhibit from your town you will be proud that it is represented.

Remember that all the entries must be made at the County Fair by 12 o'clock noon, Sept. 16th. We want to start the Fair with every exhibit in its place.

If you haven't got a premium list of the Pine County Fair, write to Secty. Harte, Pine City, who will be glad to send you one.

H. W. HARTE, Secty.

W. G. CALDERWOOD COMING.

Sunday evening in the local Presbyterian church at 8 o'clock, W. G. Calderwood, one of the greatest Prohibition logicians of the Republic will give the address of the evening at the union temperance service.

All people, whether interested in the cause or not should hear him. He is a man with a reputation, gained by his apt way of delivering a message.

ARE YOU GOING TO THE CHISAGO COUNTY FAIR?

The Chisago County Fair to be held at Rush City Sept. 10, 11, and 12, will be better this year than ever before. The society has built new buildings for live stock and will be in better shape than ever to take care of the dairy exhibits for which the N. P., R. R. Co. and the State Dairyman's Association are giving magnificent cups.

The free attractions will be better than in the past and the horse races, for which liberal purses are offered, will be worth going miles to see. There will be some of the fastest horses in the country at this fair.

Remember the dates, Sept. 10, 11, and 12, and make all your arrangements so as to put in at least one day at the Chisago County Fair.

STATE NEWS IN BRIEF

ROSEAU COUNTY IS HIT BY TORNADO

LATE REPORTS SHOW THAT DAMAGE IS FAR GREATER THAN SUPPOSED.

TWO DEAD AND TWO DYING

Four Others Seriously Hurt and Property Loss May Be More Than \$100,000 When All Is Known.

Thief River Falls.—Late reports from the section of Roseau county visited by a tornado and severe wind-storm increase the list of dead to two, with two persons lying at the point of death and four seriously injured, besides a score of persons who received cuts and bruises and other minor injuries.

The storm, it has been learned, traveled a path two miles wide and twenty miles long. Originating six miles north of the village of Greenbush, in Roseau county, it swept in a northeasterly direction, visiting the villages of Leo, Hoag, Malung and Roseau.

The storm-swift district is remote from telegraph and telephone service and inland from the railroad, and it will be several days before a complete list of dead and injured in available and the extent of the property damage may be determined.

The Property Damage.—The known property damage is \$25,300. This will be increased as late returns come in, it is estimated.

The dead are: Eleven-year-old son of A. F. Anderson, farmer, near Leo, killed by lightning; twelve-year-old daughter of John Zalinski, of Malung, killed by lightning in presence of mother and young brother.

The fatally injured are: Theodore Zabinak, farmer, near Leo, hurled against pile of wood by tornado and internally injured; recovery doubtful.

Joseph Setzegeor, laborer on Zabinak farm near Leo, internally injured, may die.

The seriously injured are: Three-year-old son of A. F. Anderson, near Leo, leg crushed by falling timbers; Mrs. John Zalinski, of Malung, unconscious from lightning bolt; suffering from shock of seeing daughter killed.

Thomas Monkmann, Russian, three ribs fractured, internally injured, expected to recover. Mrs. Thomas Monkmann, Russian, cut and bruised when house was demolished.

Doctors in the towns and villages of the stricken district declare they are fully able to handle the situation, although aid was offered from many of the neighboring cities.

Several detachments of men have proffered their services to the farmers who suffered the greatest losses to aid them to clear away the debris and rebuild their dwellings.

Tornado Hits Jenkins, Minn.—Eize River.—A tornado visited the town of Jenkins, seven miles south of here, causing damage to the extent of \$15,000.

SUE FOR \$174,000 DAMAGES

Beaudette Claims Railway Company Should Pay Fire Losses of \$174,000—Move of Defense.

Beaudette.—Sarah E. Orr, a Beaudette stockkeeper, demands \$174,000 for herself and eight others from the Canadian Northern Railway company for damages alleged to have been caused by the fire which destroyed Beaudette and Spooner in October, 1910.

All of the persons associated with Mrs. Orr in her demand for damages had property in Beaudette at the time of the conflagration and it is this that is involved in the present proceedings.

It is alleged by Mrs. Orr that the railroad company was responsible for the fire and therefore should pay for property consumed.

The first move on the part of the defense was to request Judge C. W. Stanton of the district court here to issue an order transferring the damage suit to the federal court. The request was denied. The defense now has made its second move which is, despite the action of Judge Stanton, a plea to Judge Willard of the federal court in Minneapolis that the case be given jurisdiction in the United States court.

Body Was Not Stolen.—Grand Rapids.—The parents of 12-year-old Ruby Campbell, who was found dead in bed at Cohasset a short time ago, this week stated that the case still contains the remains to be examined, declaring they were informed the body had been stolen and sent to a medical college. They wanted Co...

STATE ELKS CLOSE SESSION

Elect Officers, Choose Little Falls for 1914 Convention and Adjourn.

Willmar.—At the business session of the Minnesota State Elks association, held at Little Falls, Minn., last night, J. J. Hubbe, of St. Cloud, was elected president; R. F. Eldridge, St. Paul, (re-elected) and Henry M. Lawrence, Minneapolis, treasurer. Little Falls was chosen for the 1914 meeting, to be held in June instead of August, at a date to be determined by the president and the convention city.

It was resolved to hold a two-days' convention next year instead of three. A committee, consisting of J. C. Naito, Stillwater, W. W. Koons, St. Paul and R. J. Angus, Fergus Falls, was appointed to revise the by-laws and constitution and report to next convention.

The sum of \$180 was appropriated as a contingent fund to be used by the officers in endeavoring to start state lodges to join the association. A proposition to select a permanent place for the state conventions was discussed and will be considered at the next session.

The retiring president, Dr. H. P. Rawson, of Minneapolis, suggested several changes in his annual address, recommending a more uniform per capita tax on all lodges and an earlier date for the state convention. His recommendations were referred to a committee.

TO DROP RECALL PETITION

International Falls Alderman Reverses Attitude and Will Be Left Undisturbed.

International Falls.—The petition of R. S. McDonald for the vacation of First street from Second avenue to the river was turned down by unanimous vote of the council. The motion to reject was made by Alderman Hitts.

This move unquestionably disposed of the petition to recall Alderman Hitts for this recall on the ground that if the street were closed, half of International Falls' river frontage would be given over to corporate interests.

The necessary number of signers was secured, but the recall petition was not filed with the city clerk, as it was understood Hitts would move to reconsider.

INSURANCE MONEY TIED UP

Accident Agents as Well as Police in Effort to Stop McAlpine Murder Mystery.

Duluth.—Various agencies of the accident insurance companies with which John McAlpine, the wealthy lumberman who was found murdered in the basement of his home, carried policies aggregating \$140,000, have taken up the investigation of the mystery. It is said the accident insurance agents will delve into the mystery from every angle, working independently of the police to a large extent but cooperating with them when special agencies need.

It is understood that a well known detective agency will be enlisted.

This far no move has been made in the probate court looking toward a settlement of the estate, said to run into many hundreds of thousands of dollars. It is stated that Mr. McAlpine left no will.

MODEL TOWN BEING BUILT

Contract for 170 New Buildings Costing \$500,000 Let by Steel Corporation.

Duluth.—Work has begun on the model town which will be constructed by the United States Steel corporation for the use of the men who will be employed in the new steel plant. The contract for 170 new buildings for \$500,000, these buildings will be for \$800,000. These buildings will be divided into detached dwellings, apartments and will be the first unit of the model town that will be built at Gary.

All at least fifty of the remainder in the spring. Housing conditions are already a serious problem in the vicinity of the large steel plant, and in spite of the large amount of building done by private investors, the company has been able to find quarters for but a small fraction of its employees.

Teachers' Institute at Litchfield.—Litchfield.—Dr. J. S. Young of the State university has charge of the teachers' institute which opened here for a week. He will be assisted by Miss Plapp and Miss Annie Gustafson, county superintendent of schools.

Most interest is being taken in a revival at the Christian church conducted by Rev. C. H. Osgood of Minneapolis. He is assisted in the work by Miss Myrtle Oliver, a member of the faculty of the St. Cloud normal school.

Kellogg to Receive Degrees.—New York, Aug. 26.—Among those who will receive degrees from McGill university Tuesday are Frank H. Kellogg of St. Paul. Former President Taft and other eminent men will also be given degrees.

Governor's Company Gets Work

Manitota.—The Northern Pacific Railway company has awarded to the Widal company of this city, of the Governor A. O. Eberhart is one of the principal members, a contract for the substructure of a \$200,000 bridge across the Clear Water river near Leveaux, Minn. This bridge will be 140 feet long, and it is estimated that seven months will be required to complete the pier and substructure. A crew of sixty-five men and a steam cranes will be employed.

POSSE SHOOT TWO MEN

Pitched Battle on Highway Follows Alleged Attack on Marshal.

Waconia.—A posse summoned by Marshal Edward Raddie of this place fought a battle with two men who were the subject of an attempt to shoot the officer. Both strangers were wounded. They were taken to the village lockup and later to the county jail of Carver county at Chaska. They gave their names as Albert and George Johnson.

Albert Johnson was the man who shot at Marshal Raddie. The marshal, unarmed, was running to cover when he had a building in the village streets, when he tripped and fell just as the man drew a shotgun. The other said to have been staged, passing harmlessly over his body.

The Johnsons, it is said, travel in a gray faculty with a wagon and feat, pitching a camp wherever they desire. About a month ago they stopped at Waconia and made themselves obnoxious to the villagers. The marshal ordered them away and told them not to come back. At that time, it is said, the men made threats against Raddie. When the marshal saw the same men in Waconia yesterday he again ordered them from the village.

The men went to their wagon and each returned with a shotgun. The marshal started for cover when one man fired. The fall saved Raddie's life. Louis Zeman, clerk in the Waconia drug store, witnessed the affair. After the shot had been fired at Raddie, Zeman thought he could not hold the man who fired it, but when he started toward him he found himself covered by a shotgun man. The other man in the village because of a picnic.

The strangers made tracks for their wagon, whipped up their horses and drove away. Marshal Raddie obtained a posse, consisting of his brother Fred, Frank Kutter, Peter Weindler and Walter Kusrow, all of them armed, and started after the fugitives in an automobile.

The fleeing men were overtaken two miles out. A dozen other shots were exchanged and both men were wounded. The man styling himself George Johnson was shot in the back and the other man was wounded in the arm. Neither is thought to be fatally injured.

PROGRESSIVES ARE TO MEET

Will Discuss Plans for Next Year's Political Battle in Minnesota.

St. Paul.—A conference of Progressives from all parts of the state will probably be held in St. Paul during the night of Part week. H. T. Halbert, state chairman, has suggested Wednesday, September 3, as a tentative date. He has written members of the state central committee regarding the matter.

Practically all of those heard from so far favor the meeting, saying they would be in St. Paul next week anyway. One or two were opposed to Mr. Halbert's plan of having a "breakfast conference." Some favored an evening meeting.

Plans for organizing the state for next year's campaign will be discussed.

Found Dying on Tracks.

St. Paul.—Found lying on the tracks of the Minnesota & St. Louis railroad at Green Isle, Minn., thirty-five miles from Minneapolis, John Henry of Lake Geneva, Wis., was picked up by the engineer of a train due in Minneapolis at 9:15 p. m. and before the train reached the city. The train was run full speed by Minneapolis and the injured man was attended by a physician, but his injuries proved too serious for the long ride.

Teachers' Institute at Litchfield.—Litchfield.—Dr. J. S. Young of the State university has charge of the teachers' institute which opened here for a week. He will be assisted by Miss Plapp and Miss Annie Gustafson, county superintendent of schools.

Most interest is being taken in a revival at the Christian church conducted by Rev. C. H. Osgood of Minneapolis. He is assisted in the work by Miss Myrtle Oliver, a member of the faculty of the St. Cloud normal school.

Lincoln on the Rights of Labor

I AM glad a system of labor prevails under which laborers can strike when they want to—where they are not obliged to work under all circumstances; and are not tied down and obliged to labor whether you pay them for it or not. I like the system which lets a man "quit" where he wants to, and I wish it might prevail everywhere.

I do not believe in a law to prevent a man getting rich; that would do more harm than good. So, while we do not propose any war upon Capital, we do wish to allow the humblest an equal chance to get rich with everybody else.

I want every man to have a chance to better himself, and that is the true system. I am not ashamed to confess that twenty-five years ago I was a hired laborer.

From a speech at New Haven, Conn.

MOTHER SO POORLY

Could Hardly Care for Children - Finds Health in Lydia E. Pinkham's Vegetable Compound.

Bovina Center, N.Y.—"For six years I have not had as good health as I have now. I was very young when my first baby was born and my health was very bad after that. I was not regular and I had pains in my head and was so poorly that I could hardly take care of my two children. I doctored with several doctors but no better. They told me there was no help without an operation. I have used Lydia E. Pinkham's Vegetable Compound and it has helped me wonderfully. I do most of my own work and take care of my children. I recommend your remedies to all suffering women."

Mrs. Wladislaw Turry, Bovina Center, N.Y.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for women's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham, Medford, N.Y. (confidential Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

First Parade in 1882. Knights of Labor of New York inaugurated the March, as a Celebration of the Day, in the Eastern Metropolis That Year.

UNLIKE other holidays that are observed by the American people, Labor day did not have its beginning in the commemoration of any great event in the world's history and for that reason there is considerable doubt as to who was responsible for its birth.

There are many who lay claim to being the originators of Labor's national holiday, and there have been many chronological tables prepared in support of each one's claim. Authorities, however, are almost unanimously agreed that the celebration has now become one of the national holidays was given its first impulse by the Knights of Labor in New York in 1882.

Those who took part in this first movement did not, they say, at that time dream that what to them was merely an outburst of the toilers of the metropolis would in the not distant future assume world-wide proportions.

It is a coincidence that the men who laid the foundations for Labor day selected the first Monday in September except for the fact that at that time of the year most of the industrial institutions of the country are either about to resume operations or have done so, and with a year of steady work and good wages as the prospect the toilers felt more in a mood to jubilate.

The first celebration in New York took the form which has been accepted one for years, namely, a parade of the union forces of the city. Following this another feature, speeches by leading labor orators, was also found on the program.

Following the New York outing in 1882, the same organization, encouraged by the success of the first affair, held another one two years later. The wage-workers in other parts of the country started celebrations of the same kind.

In 1885 the American Federation of Labor went on record as favoring a day of this kind and instructed the delegates to work among their constituents to secure as early as possible legislative approval of it. This gave the movement its real start.

To Colorado belongs the credit of first putting the stamp of executive approval on the movement.

In 1887, the bill which had passed both houses unanimously received official sanction. Following closely after came New Jersey, on April 8 of the same year, while New York fell in same year.

The trade unionists of Pennsylvania observed the holiday some years before 1887, the bill which had passed both houses unanimously received official sanction. Following closely after came New Jersey, on April 8 of the same year, while New York fell in same year, while New York fell in same year.

Every state in the North except Louisiana and Mississippi in 1897 and Louisiana has adopted a law setting this day apart.

The bill which had passed both houses unanimously received official sanction. Following closely after came New Jersey, on April 8 of the same year, while New York fell in same year, while New York fell in same year.

These are some of the things which we have accomplished, and it is fitting that we should take a moment to celebrate our triumphs, rejoice over our gains, and gather renewed strength and cheer for future battles.

But these achievements are small compared to one now becoming more and more apparent. We are conquering our selfishness, and awakening public opinion, awakening the justice of the people, and for greater means, more unions and better conditions of labor.

Along the Line of March. From a Newspaper Sketch.

Mother so poorly. Lydia E. Pinkham's Vegetable Compound. "I was not regular and I had pains in my head and was so poorly that I could hardly take care of my two children. I doctored with several doctors but no better. They told me there was no help without an operation. I have used Lydia E. Pinkham's Vegetable Compound and it has helped me wonderfully. I do most of my own work and take care of my children. I recommend your remedies to all suffering women."

Mother's darling, age four, was not to be like other boys and learn to be naughty and slangy words. He was so ill that he could not play with the other boys in the neighborhood for fear his sensitive nature might be shocked at the language they used. One day, while mother was busy, he slipped over into the next street and played for half an hour with a crowd of other boys. In that half hour he took a complete course in modern language.

An his return mother said: "Where has my precious baby?" "You should worry and get a wrinkle," he cheerfully replied. "Dearest, tell mother where you warned each other's language!"

"Aw, good night, sir!" came sweetly from the Cupid bow mouth. "Then mother commenced to weep. He realized that her angel child was just a boy after all."

Identified Himself. The whirling motor car struck a bump, and one of the occupants of the car seat, a lady possessed of considerable temerity, executed a neat 1/4 turn giddy parabola in the atmosphere and alighted by the roadside like a polypus falling from a hot stove.

"I don't believe I have broken any bones," she stated, in reply to the inquiries of the omniscient bystander. "But there is a lump on this bank!"

"Lump—nothing!" snarled a smothered voice. "Use the admirable habit of arrest your good-bureny Journeys, if I live!"—Judge.

MILITIA BOYS RETURN

The members of the local division of the Naval Militia returned to their homes here last Saturday afternoon after a sixteen days cruise on the Great Lakes. While away they visited at Mackinac Island, Milwaukee, and Chicago. At the latter place they took part in the Perry Centennial, and saw Perry's flagship the Niagara. A number of unpleasant things occurred on the trip and the grub question was a vital one, but the fellows have about recovered and can now sleep past 5:30 with no fear of being rolled out of their "hammiks."

Endurance Counts Most

WHEN your sheds are full of machines and one or two are crowded out into the open, which is it that invariably stands outside with the sun and the wind beating on it every day, drying and warping the wood, or with rain rusting the iron? It's the wagon. Other machines are stored away, dry and covered, yet many of them work for short seasons only. The wagon works the year around, is always under the strain of heavy burdens, always getting rough treatment. It can't stand the strain of such a life for many years unless, like I.H.C. wagons—

Weber Columbus **New Bettendorf Steel King**

It has built into it the utmost of endurance, toughness, and sturdiness. I.H.C. wagons are built of wood of very best quality, every bit as good as they look. Look them over, you don't find any cross grained, knotty, split, or faulty timber. Every stick—oak and hickory for the wheels, yellow or bay poplar for box sides and long leaf yellow pine for bottoms, is selected from first grade lumber and carefully inspected. Every stick is toughened and seasoned by two or three years of air-drying.

All steel and iron parts are chosen with the same end in view—greatest durability and longest life. Experts test and verify every part. Before the wagon is ready for you it must pass many thorough inspections. The timber, metal, shaping and fitting, painting, every detail must be just right.

Buy one now, watch its steady service on your farm, and mark this—your future reliance will be on the I.H.C. wagon. That future order is our ultimate aim. Columbus and Weber wagons have wood grates; New Bettendorf and Steel King have steel grates. See them at the dealer's. Get catalogues from him, or, write the

Ten Commandments

For Mail Order House Patrons.

1. You shall sell your farm products for cash whenever you can, but not to us. We do not buy from you.
2. You shall believe our statements and buy all you need from us because we want to be good to you, although we are not personally acquainted with you.
3. You shall send the money in advance to give us the chance to get the goods from the factory with your money; meanwhile you will have to wait patiently a few weeks because that is our business method.
4. You shall apply to your nearest city to aid you in building good roads so you may conveniently get the goods from the depot that you buy from us, for we do not build country roads.
5. You shall buy church bells and interior church fixtures from us and forward the money in advance, for that is our business method, and you shall collect from the business men in your vicinity as much money as you can for the benefit of your churches, as it is against our rules to donate money for building country churches.
6. You shall buy your tools from us and be your own mechanic, in order to drive the mechanics from your vicinity, for we wish it so.
7. You shall induce your neighbor to buy everything from us, as we have room for more money—the less money they are left in the community, the sooner we can put your local merchant out of business and charge you any price we please.
8. You shall look often at the beautiful pictures in our catalogues so your wishes will increase, and so you will send in a big order, although you are not in immediate need of the goods, otherwise you might have some money left to buy necessary goods of your local merchant.
9. You shall have the mechanics who repair the goods you buy from us, book the bill, so you can send the money for his labor to us for new goods, otherwise he will not notice our influence.
10. You shall, in case of accident, sickness or need, apply to your local dealer for aid and credit, as we do not know you.

A week ago last Wednesday evening a very pretty wedding took place at the residence of James Morrow at 7:30 and Carl Carlson were joined in the holy bonds of wedlock by Rev. Landerson on the organ and her brother John on the violin, played the wedding march when the bride and groom marched from the house to the lawn where the ceremony took place. Miss Eva Morrow, a sister of the bride, acted as bridesmaid and Mr. Peter Carlson as groomsmen. The young couple received many beautiful and useful presents. The guests numbered about 200, those from abroad were Chas. Morrow, Delta, Iowa, Mrs. Lyons and daughter, Finlayson. The happy young couple will make their home at Finlayson, after a short wedding trip.

Thirty Day Free Trial Offer

Yes! I mean exactly what I say. Every DIABOLD dealer is instructed to sell you a machine on this basis, that is, if after you have had a machine 30 days you are not thoroughly satisfied with your purchase in every particular, you may return the machine to him and he will gladly refund your money.

If You do Not Find That There is no Separator on the Market That skims closer (milk may be hot or cold), That is so easy to turn at same capacity, That is made of better material in any detail, That shows more perfect workmanship, That is easier to clean, That is more convenient to handle, That the cost of repairs is less, That gives you the quality at our price, Return the machine to him and he has our instructions to refund your money to you.

If we did not believe in our machine; if we did not absolutely know that we were offering you a proposition that never before was equaled in a cream separator, we could not afford to make this proposition.
