26th PINE COUNTY FAIR A DECIDED SUCCESS.

The Twenty-sixth Annual Fair of the Pine County Agricultural Society is a thing of the past and to state that it was a success is putting it mildly, the weather was ideal and as a result the attendance was the largest ever seen at any Fair in this part of the state.

The displays of vegetables, stock, poultry, fruit, culinary and ladies fancy work were exceptionally fine, and far ahead of any preceding fairs.

In the main building beginning in the northeast corner the first booth that of the Pine City Mercantile Co. which occupied two sections, and in the first section the store displayed some very nice winter clothing and dry goods. In the second section they had Caldwell's coffee in charge of a lady demonstrator from the factory at Duluth, who served hot coffee free during the three days of the Fair.

The next section was occupied by A. W. Piper, the furniture man, who had it fixed up to represent a small parlor including a player piano.

In the next section the Eastern Minnesota Power Co. had a fine display of electrical goods.

The next section was in charge of the Pine City Saw Mill Co. who had the walls made of plaster board, and displayed some of the goods that they have for sale. The next section contained two cream separators and a couple of buggies which belonged to Adam Biederman.

In the next section W. A. Sauer had on exhibition a windmill and sulky plow.

The next section was devoted to the ladies fancy work and some very nice pieces of work executed by the ladies of Pine county were here placed on exhibition, and greatly admired by all especially the fair sex.

Beginning in the southwest corner of the building the Inter-State Lumber Co. had the first section which they had arranged to show off to the best advantage the articles in the building line they handle.

The next two sections were the ones containing the display of the Smith Hardware Co. These two sections contained two ranges, the bottom of a coal stove showing how the grate was constructed, a nice buggy, several sets of harness and a cream separator and washing machine both running from power furnished by a motor.

The next section contained the curios collected by F. C. Ingleson from all parts of the globe. Those who attended the Fair and failed to visit this section missed one of the greatest displays in the building and something they may never have another opportunity to see.

The next section contained the Secretary's office, the telephone booth and the stairs leading up to Breckenridge's rest room in the dome in the center of the building.

The next two sections contained the Brookpark and Hineckley displays of vegetables and fruit, both of which were very good.

One building that attracted considerable attention, was the new school exhibition building which contained the work of the school children of the county. One part that is deserving of special mention was the displays of Manual Training and Domestic Science by the Hineckley school.

Electric lights had been strung all over the grounds and along the walk from the waters edge to the Fair grounds, which when lighted in the evening presented a very pleasing effect and made it light enough to see where one was going without a lantern as it has always been here-to-fore.

The ferry in charge of Fred Ingleson and his corps of assistants are entitled to a great deal of credit for the manner in which they handled the vast

throng of people who took this means of going to and from the Fair grounds.

The Fair was opened formerly by Secretary Harte at 2 o'clock Tuesday afternoon who introduced Governor Eberhart who spoke for about an hour. He confined his remarks mostly to the children, but touched for a few moments on the public utility question.

After the Governors speech the slack wire performer, dog show, trapeze performer and Happy Jack gave free exhibitions in front of the grand stand.

The races were then pulled off the first being the farmer's running race best two in three half mile heats in which two horses were entered a sorrel pony from Rush City, named Dolly, and Ed Peter's gray gelding named Pat. Dolly winning the race in two straight heats. Time 1 minute and 1 minute and second.

The next was the five mile motorcycle race in which there were three entries, Sheldon, of Rush City, Brownie Gray of this place and H. Carlson of Sturgeon Lake. Sheldon had a twin cylinder machine and won easily over the others who had single cylinders. Brownie second. Sheldon's time 7 minutes and 15 seconds.

The big race that was to have taken place between John Rundquist's horse Ono Donna, and P. W. McAllen's horse Watson, was not pulled off on account of the failure of Mr. Rundquist to show up. So as not to disappoint the crowd that was present Mr. McAllen was prevailed upon to let his two horses Watson and Little Tom race, mile heats best two in three. Watson winning two straight heats. Time 2:34 and 2:46.

Each evening there were fireworks and the free attractions in front of the grand stand.

Each forenoon of the two last days was devoted to the judging of the exhibits.

Wednesday afternoon's program was first a speech by Harry Lund, of Minneapolis, followed by the free attractions in front of the grand stand.

Then came the farmers running race half mile heats best two in three, in which two horses were entered, Dolly by Hummel of Rush City, and Bob by Fred Seymour of Brookpark, Dolly winning the race in two straight heats. Time 58 seconds and 1 minute flat.

Next came the motorcycle race best two in three two mile heats in which there were two entries Sheldon on his twin cylinder and Brownie on his single. Sheldon winning easily in 2:18 and 2:12.

The next race was the free-for-all trot or pace, in which three horses were entered Beale Barlow by Frank Smith of Princeton, Watson by P. W. McAllen of this place and Ono Donna by John Rundquist of Graston, this race was mile heats best two in three. After the first heat the judges disqualified the driver of Ono Donna, and although he came under the wire in the lead he was given third place and another driver ordered on account of crooked work on the back stretch. In the next two heats Ono Donna won in 2:18 and 2:18, Watson taking second.

Thursday afternoon's program was as follows: Speeches by W. T. Coe, of Minneapolis, and J. Adam Bede who arrived home from his Chautauqua trip through the south on Wednesday afternoon.

After the speeches the free entertainments in front of the grand stand were pulled off. After which George Knight of Rush City, exhibited his Shetland pony Billy, which is the second smallest horse in the world.

Then followed the races, the first being the farmers running race, half mile heats best two in three, for which there were two horses entered Hummel of Rush City, mare Dolly and Joe Heraj's of Heron, mare Gyp. Dolly winning in two straight heats. Time, 58 seconds and 1 minute.

The next race was a free-for-all trot or pace, in which two horses were entered.

The Latest Attractions

Things beautiful are always attractive. And the most attractive of beautiful things are those in which light plays an important part. This is why electric signs are so attractive. They are, however, more than beautiful—they are useful. They are the picture pages in the history of the world of successful business—their stories are read by everybody.

Ask of the evening stroller—"What sights attract you most?" And ninety-nine out of a hundred reply "The wonderful electric signs."

These signs are Edison Mazda Signs; Signs that are not only beautiful beyond the dreams of lovers of the beautiful, but are also the most effective of the after hours' business getters.

Our Edison Mazda Sign Man will be more than pleased to equip your place of business with one of the latest attractions.

THREE ARE BLAMED FOR TRAIN WRECK

CORONER'S REPORT ON LAST NEW HAVEN ACCIDENT PLAYS EMPLOYEES.

DOESN'T BLAME MANAGEMENT

Complaint Have Happened If Rules Had Been Obeyed—Conductor, Flagman and Engine Chief Are Held.

New Haven, Sept. 17.—Three employees of the New York, New Haven & Hartford road held by coroner this morning as being primarily responsible for the disastrous wreck at New Haven on September 24 when the White Mountain express, the first of the second section of the standing Bar Harbor express, exacting a toll of 21 lives: The coroner's finding was filed after he had conducted a private inquiry.

Those Held Responsible. The three held responsible are Alvin B. Miller, engineer of the "White Mountain" express, and Bruce C. Adams and Charles H. Murray, conductor and flagman, respectively, of the Bar Harbor train.

The coroner neither blames nor absolves the New Haven road. He finds the signals were in perfect order and "whenever the signals are obsolete or not, the accident would have been prevented if the company's rules had not been violated."

Engineer Miller was arrested on a bench warrant and pleaded not guilty before the superior court.

Bench warrants have been issued for Adams and Murray. It is said they will be brought into court today.

In his finding the coroner says of Engineer Miller:

"The lives of a large number of people were in his care and he was in duty bound to take no chance and incur no risk. Engineer Miller was aware the late train was ahead and it was imperative and his duty to have had his train under perfect control, ready to stop at a signal of danger."

Miller approached the north signal, set at danger, just north of the wreck, at a reckless rate of speed."

Says of Other Conductor. Regarding Conductor Adams of the Bar Harbor express, Coroner Mix says:

"It was clearly his duty (after the train had been stopped) to get away from danger at once and clear his duty to have left a competent flagman behind and at once proceed."

Of Flagman Murray of the Bar Harbor express, the coroner says:

"It is claimed that he did not have time to go back the required distance before being called in by a signal given by the engineer. It is claimed he could place his torpedoes and light his fuse. From all the testimony, I find directly to the contrary. He did not go out immediately when the train came to a stop. He did not endeavor to go back the required distance, and he did not set his torpedoes nor light his fuse."

Parson Marries 91-Couple. Boston, Mass., Sept. 17.—The Rev. J. W. Goding, pastor, will perform his 91st wedding when he marries his 91st bride, Mrs. Christina, to Rev. Francis E. Wilbur, Canton, Mass. The bride, who is a Yassar graduate, will be attended by six young women from her college.

The bridegroom is a graduate of Rutgers college and son of Professor Wilbur of his department of chemistry.

Widow Only Entitled to Money. Boston, Mass., Sept. 17.—Only the widow is entitled to compensation under the workmen's compensation act for the death of the husband and father, according to a decision handed down by the full bench of the state supreme court. By this ruling, children, except where their only parent is deceased, are not to receive compensation.

Three Murdered in Memphis. Memphis, Tenn., Sept. 16.—Charged with murdering his wife's father, mother and 16-year-old brother, D. E. Baxter, 25 years of age, a telephone line man, is being sought by the police today in this city. Baxter and his wife had been separated several months. Yesterday, it is alleged, Baxter went to the home of his wife's father, Henry Smith, where Mrs. Baxter had been staying, and opened fire on the family with a shotgun. Smith, his wife and son, Oscar, were killed almost instantly.

1,000 Quarters Argentine Reef. New York, Sept. 17.—One thousand quarters of Argentine reef, the first shipment ever brought from the United States, have just been unloaded from the steamer "Albatross." Most of the American reef companies had representatives of the reef to look over the stock, which was taken to dealers in this city. Philadelphia Bulletin.

LIVE NEWS BRIEFLY TOLD

Troops were withdrawn from duty at New Lexington, order having been restored following a riot, precipitated by Jeremiah Crowley.

Great Britain retained the Harmsworth motor cup when the Maple Leaf won the deciding race at Cowes, England. Ankle deep, the American contender, was second.

The population of Kansas is 1,655,621, a gain of 16,325 over 1912, according to official figures announced by the state board of agriculture. In 1912 the state lost 17,351 over the census figure of 1911.

Edward Lucas of Bowling Green, Ky., was acquitted of the murder of his employer, Superintendent J. W. Harlan, of the White Stone quarries. Lucas charged Harlan with attempting to break up his home.

Two persons were killed and six injured, two of them probably fatally, near Ashon, Idaho, when the Yellowstone Flyer of the Oregon Short Line struck a vehicle carrying a party of young people from a dance.

Plans tentatively adopted for an army aviation center, which include buildings costing about \$180,000, are being considered at Washington by the chief of the quartermaster corps of the army.

The navy yard at New Orleans, now closed, is the best site along the Gulf of Mexico for an army concentration camp, says Maj. Samuel Keababiah of the coast artillery corps, who made a special investigation and reported the results to officials at Washington.

Postmaster General Buelchman has under consideration the abandonment of the present practice of forwarding magazines by fast freight. Under a proposed plan the completion of the treasury has authority to return to the former method of handling periodical publications by mail trains.

Gen. Shambaugh, Inspector of Louisville, Ky., highest surviving officer of the Civil war, who is ill, has recovered completely. In proof it is cited that General Shambaugh, although ninety-one years old, sat up until four o'clock in the morning reading a book in which he had become interested.

President Wilson's "seven sisters" anticorporation laws he put through the New Jersey legislature while governor, are held responsible for a big decrease in fees received from corporations organized in that state. The total for 1915 corporations was \$47,700, against \$21,000 for 150 corporations in August, 1912.

State Geologist R. C. Allen of Michigan has made public an appraisal which he has just completed, tending to show that the valuation of upper peninsula iron mines has decreased \$2,880,000 since 1911. The decrease in valuation, said Mr. Allen, was largely due to the low price—five to ten cents—paid for iron ore in 1912 and the increased production since 1911.

William Murphy, seventeen years old, confessed that he was one of a band of burglars that are suspected of having robbed a bank in 1912 and the residence section of St. Louis, Mo. He said \$10,000 worth of loot was disposed of in Chicago. Four other persons were arrested on statements made by Murphy.

The will of Alfred Pope of Farmington, Conn., who was identified with the famous contract in Cleveland and Chicago, was offered for probate. It provides for charities; the testator had supported four-fifths of the expenses of the independent political organizations that he had chosen him as their standard bearer in the mayoralty campaign.

The recent attack of the old throat trouble, due to the wound inflicted on August 19, 1910, by James J. Gallagher, who died about three months ago in an insane asylum, is that he was about to leave this city for a brief vacation in Europe, had entirely disappeared, according to Mr. Adams, who expected to return and enter the campaign with his old-time vigor.

Mayor Gaynor's sudden death completely overrode the municipal political situation. It removes from the field a candidate for mayor who was expected to cut heavily into the vote of the incumbent, John Purroy Mitchell, and leaves only the tickets nominated by the Democrats and the Nationalists. The former is headed by Edward E. McCall, former chairman of the public service commission.

Mayor Gaynor was placed at the head of the independent ticket after the late Mayor Richard J. Murphy. Tammany hall had refused him a renomination.

William J. Gaynor was born at Westchester, Oneida county, New York, in 1873.

Body of Woman to United States. Liverpool, Sept. 15.—All plans for the funeral of the body of the late William J. Gaynor in New York were completed here today by the United States consul. The Baltic arrived here Friday night with the body of the dead American on board. Arrangements were made with the consul here to transfer the remains to the Luskiana, which will be chartered at New York next Thursday. The Luskiana sailed Saturday with Mayor Gaynor's body aboard.

Official honors were paid to the memory of the late Mr. Gaynor here. That the news hall, he was appropriately decorated, and it was the resting place of Mayor Gaynor's body until the Luskiana sailed.

Rufus W. Gaynor, son of the late executive, was overcome by his father's death and has been suffering in a mental anguish for nearly 48 hours.

Swedish Baptists Go to St. Paul Next. Duluth, Minn., Sept. 15.—The next annual meeting of the general conference of the Swedish Baptists of the United States and Canada will be held at St. Paul, Minn.

Woman Gets Life Sentence. Milton, Ga., Sept. 15.—Mrs. Edna Gooch was found guilty here of the murder of her husband and his accomplice. The jury recommended a life sentence. Judge Hammond sentenced the woman to life imprisonment.

Recover Body From Lake. Chicago, Sept. 15.—The body of a well-dressed man, about forty-five years old, with head bashed, teeth knocked out and leg broken, was recovered from the lake here, by the police. The body had been in the water about two weeks.

U. S. Diplomat Recalled. Washington, Sept. 15.—Post-Whelan, secretary of the American embassy in Rome, was recalled to Washington to assist charges of irregularity filed at the state department.

Warship Suffers Mishap. Norfolk, Va., Sept. 15.—An accident in the boiler room of the battleship Nebraska delayed temporarily the tar-boat practice of the Atlantic fleet. No one was injured. The Nebraska will come here for repairs.

GAYNOR DIES AT SEA

SON OF NEW YORK'S MAYOR SENDS NEWS OF DEATH ON LINER BY WIRELESS.

HEART TROUBLE IS BLAMED

Gotham's Executive Succumbs on Deck of Steamer "Bath"—Was on Short Vacation—Death Completely Changes Political Situation.

New York, Sept. 15.—In a wireless dispatch received here, Rufus W. Gaynor gives the full details of the sudden death of his father, Mayor William J. Gaynor, on board the Baltic steamer. The dispatch follows:

"My father, Mayor Gaynor, died on the Baltic at seven minutes to one o'clock Wednesday afternoon.

"Death was due to heart trouble. He was sitting in a deck chair when the end came. A deck steward had been with him but a few moments before his death and had taken his order for lunch. The mayor had marked the menu to indicate the dishes he desired. I was on the boat deck."

"I went below at lunch call to tell father that his lunch was ready. He had been taking his meals in one of the state rooms. He was seated in his chair, apparently asleep. I shook him gently, but he did not respond."

"His trained nurse, who had been with him ten minutes previously, was summoned, and the ship's surgeon, Doctor Hopper, was called. The mayor was given a hypodermic injection and artificial respiration was resorted to. But it was quickly apparent that he was beyond aid."

"His mangled body was taken in charge by the ship's officers. It was embalmed and placed in a sealed casket.

"Health Showed Improvement. During the voyage his health had steadily improved. He had been on his feet for several days. On behalf of my mother, my family and myself, I wish to express publicly my deep gratitude to Captain Hanson and his officers for their kindness, courtesy and affable thoughtfulness."

"I wish to acknowledge my debt to the passengers for their courteousness and consideration of all matters respecting the mayor's desire for privacy."

"RUFUS W. GAYNOR." By the death of Mayor Gaynor, a Republican becomes chief executive of New York city. President Adolph L. Kilne of the board of aldermen succeeds to the office.

Murphy Shocked Over Death. When Tammany leader Charles F. Murphy, whom Mayor Gaynor two weeks ago announced as a "political cork," heard of the city executive's death, he said:

"I am very much shocked to know he went away from here very much run down in health. All I can say is I regret Mayor Gaynor's death."

Mrs. Gaynor was notified immediately of her husband's death. She was deeply grieved, but bore up bravely.

Mayor Gaynor left New York at a time when the city was seething in the strangest municipal political campaigns in its history. The day before his departure he was notified on the city hall steps by representatives of independent political organizations that they had chosen him as their standard bearer in the mayoralty campaign.

The recent attack of the old throat trouble, due to the wound inflicted on August 19, 1910, by James J. Gallagher, who died about three months ago in an insane asylum, is that he was about to leave this city for a brief vacation in Europe, had entirely disappeared, according to Mr. Adams, who expected to return and enter the campaign with his old-time vigor.

WATSON IN DENIAL

EX-REPRESENTATIVE FROM INDIANA REPUDIATES MULHALL CONFESSION.

NEVER EMPLOYED BY N. A. M.

Former Lawmaker Declares That He Never Worked for Association While in Congress, or After He Left Body—Lobbyist Gave No Fund.

Washington, Sept. 15.—Vigorous denial of Col. Mulhall's charges was made before the house lobby investigating committee by former Representative James E. Watson of Indiana, whose name appears hundreds of times in Mulhall's correspondence.

"At no time while I was in congress," he said, "was I ever in the employ of the National Association of Manufacturers, nor was I the lobbyist or lawyer for it."

Entering an emphatical denial of Mulhall's statement that he had certain members put on and off house committees while Cannon was speaker, Watson said:

"I never made up any committee of the house and I never intruded my opinion upon Speaker Cannon unless he asked for it."

Watson told of his experience with Mulhall and in the political campaign of 1908 when he was running for governor and said that Mulhall never turned over a dollar to his backers.

Mulhall had said in his letters that he raised \$22,000 for Watson consisting of subscriptions from friends.

No N. A. M. Campaign Fund. Watson said he never discussed any legislative matters with the National Association of Manufacturers or its representatives except measures referred to injunctions and the tariff commission program. He admitted that he had been employed by the tariff commission of the association to get a tariff commission amendment to the Payne tariff bill, but this was after his term in congress had expired.

Mulhall denied specifically Watson's charge that Mulhall gave him money in December, 1908.

"While I was whip of the house six years," said Watson, "I never knew of any member of the house who was corrupted or could be corrupted."

TWO KIDNAPERS ARE TAKEN

Couple Captured in Chicago After Seizing Girl—Chauffeur Causes Arrest of Pair.

Chicago, Sept. 15.—Shrieking and struggling, while her panic-stricken schoolmates screamed for help and a policeman ran, firing his revolver, in a vain chase, Marguerite Carmen De Reputynce Bouche, nine years old, was kidnaped in open day from the steps of the Holy Name cathedral school and carried off by a man and woman in a taxicab.

They might have got entirely away with their victim, had it not been for the taxicab driver, chauffeur J. M. De Reputynce of Montreal, Canada, the father of Carmen, and Mrs. Laura Sullivan of Schenectady, a housekeeper. They were put in jail on charge of kidnaping and the child was returned to her stepfather and mother, Albert Bouche and his wife, Flora, of St. West Washington place.

De Reputynce claims that he was acting entirely within his rights. He and the present Mrs. Bouche separated some time ago, and she took the child with her.

Lamar Case Up to Courts. Attorney General McReynolds Considered He Has Done His Part by Causing Arrest.

Washington, Sept. 15.—The case of David Lamar, "the Wolf of Wall Street," arrested here at the instance of Attorney General McReynolds, will be left entirely to the hands of the local courts, according to statements made by department of justice officials. The government having successfully completed its side of the case in causing the arrest of the man who boasted before the senate lobby committee that he posed as Representative A. Mitchell (of Pennsylvania), now will allow the case to rest entirely with the local authorities.

Upon the supreme court of the District of Columbia will fall the brunt of the long fight against extradition which Lamar is expected to make when he is brought before Commissioner Taylor on September 17.

General Buckner Has Recovered. Louisville, Ky., Sept. 15.—Gen. Stephen D. Buckner, who has been recovering from the effects of a long illness, has recovered completely. In proof of this, he has been seen reading a book in which he had become interested.

Recover Body From Lake. Chicago, Sept. 15.—The body of a well-dressed man, about forty-five years old, with head bashed, teeth knocked out and leg broken, was recovered from the lake here, by the police. The body had been in the water about two weeks.

U. S. Diplomat Recalled. Washington, Sept. 15.—Post-Whelan, secretary of the American embassy in Rome, was recalled to Washington to assist charges of irregularity filed at the state department.

Warship Suffers Mishap. Norfolk, Va., Sept. 15.—An accident in the boiler room of the battleship Nebraska delayed temporarily the tar-boat practice of the Atlantic fleet. No one was injured. The Nebraska will come here for repairs.

H. L. BELKNAP

H. L. Belknap is the chief inspector of the interstate commerce commission. Mr. Belknap was one of the principal witnesses at the inquiry into the cause of the New Haven railroad wreck.

\$71,900 IN CASH STOLEN FROM SAFE IN EXPRESS CAR

Packages From Banks in New York to Southern Houses Riddled While in Transit—Bandits Get \$15,000.

Savannah, Ga., Sept. 15.—Cash to the amount of \$71,900, in transit by express from New York banks to southern financial houses, has been stolen.

Of this sum, \$50,000 was shipped by the Chase National bank to the Savannah Bank and Trust company. This was stolen from a portable safe on an Atlantic Coast Line train between New York and Savannah.

Another package containing \$21,900, consigned to banks in Caldoza and Brunswick, also was robbed on the same train.

The seals on the \$50,000 package seemed undisturbed when the robbery was discovered here.

Express company officials here refused to talk. W. F. McCauley, president of the Savannah Bank and Trust company, confirms the loss of the \$50,000, and says it was shipped out from New York on train No. 48 of the Atlantic Coast line, and should have reached here safely.

Chicago, Sept. 15.—Four auto bandits pointed on Warrington McAvoy, eleven-year-old messenger for the Garfield Park State Savings bank, during the busiest part of the day on one of the busiest corners on the West side, seized a satchel containing nearly \$15,000 in money and checks and escaped. The robbery was swiftly executed without the display of a weapon.

GRAND JURY TO PROBE CASE

Charges Against Prince Stanislaus Sulkowski to Be Investigated by Government at Los Angeles.

Los Angeles, Cal., Sept. 15.—Coincident with the arrival from Washington of a warrant for the deportation of Mrs. Clara Melcher, a Vienna landress, whose charges against Prince Stanislaus Sulkowski, Austrian nobleman and former general officer on his trail, it was announced that a United States grand jury investigation of the case would begin here. Prince Sulkowski is now in Japan with his bride, a Los Angeles heiress. Her parents, Mr. and Mrs. August Press, admitted they had been served with grand jury subpoenas. The warrant for Mrs. Melcher's deportation will not be executed pending results of the grand jury inquiry.

HARRY THAW SAVED BY WRIT

Judge Aldrich of U. S. Court Makes Issue Returnable at Littleton, Conn.

Concord, N. H., Sept. 15.—A writ of habeas corpus for Harry H. Thaw was issued here by Judge Aldrich of the United States court. It is returnable at Littleton. A transcript of this habeas was placed on file.

An indictment has also been issued restraining all persons from interfering with the service of this process or interfering with the custody of Thaw.

It is apparent that Judge Aldrich does not intend to interfere with the progress of the case by the state authorities. It is also apparent that Thaw will have his person legally determined in this state and that there will be no undue haste in the settlement of the case.

STATE NEWS IN BRIEF

STATE BUSHEL TAX ADDS TO REVENUE

AFFECTS 240,427.302 BUSHELS OF GRAIN IN VARIOUS ELEVATORS.

INTERESTING FACTS SHOWN

1,507 Elevators in Minnesota and Nine Counties Without Any—Polk County Has Most, 63.

St. Paul—Minnesota's special grain tax, usually known as the busel tax, will bring \$40,427,302 bushels of grain under taxation this year. This is a great increase over the quantity so listed last year, the revenue of \$35,030.65, but this year's lists will produce \$47,418.88.

Purpose of Tax.
The busel tax was devised as a means of taxing grain in public elevators. It was apparent to the taxing officials that to impose a personal property tax on all grain in elevators May 1 was unjust for only those who had grain in elevators on that day would be taxed and others would escape.

The old method also interfered with the grain trade as many refused to ship grain to terminal points or even Minnesota points until they knew the tax was safe from the collector. The elevator men themselves were in hot water all the time, because they objected to paying any tax on the grain stored with them and also objected to divulging the names of the owners. Often as a matter of fact they could not give the information as to ownership because of the transfer of elevator receipts in the ordinary course of business.

The Basis of It.
So the special grain tax was devised on the basis that all grain passing through a public elevator should pay a tax, but the rate should be so small as not to prove burdensome. The statutory rate was fixed at one-fourth of a mill for wheat and flax and one-eighth of a mill for coarse grains.

The figures of the tax commission show that 135,922,541 bushels of wheat and flax and 101,505,541 bushels of coarse grains will come under the provisions of the busel tax this year. These figures naturally bear no relation whatever to the grain yield of Minnesota, as much of it is used at home and much goes direct to mill to be ground into flour and feed and does not get to an elevator at all.

There are 1,507 elevators in the state which the tax commission has under its special jurisdiction and one of the curious facts of their distribution is that there are nine counties in the state of Minnesota without public elevators. Another curious fact is that Hennepin county does not lead in the number of elevators for Polk county with sixty-three stands alone in this respect, while Ironville has one more than Hennepin.

I. O. O. F. HOLDS CONVENTION

Delegates to Big Meeting Represent 2,121,921 Members Throughout United States.

Minneapolis—On the same ground over twenty-nine years ago delegates to the session of the Sovereign Grand Lodge, I. O. O. F., met in Minneapolis to represent a membership of 505,871, grand lodge members of same pouring into Minneapolis to assemble and legislate for 2,121,921 members, including 476,552 who are enrolled in the affiliated order of the Rebekahs.

When Chairman F. H. Castner of the executive committee stepped on the stage of the unique theater at 10.40 a. m., where Grand Sire C. A. Keller of San Antonio, Tex., sat, and introduced Governor A. O. Eberhart and Mayor W. G. Nye, he opened the most important annual the Old Fellows ever held, from the standpoint of attendance and representation.

Winona Library is Robbed.
Winona—Burglars attempted to make a haul at the public library here and also at the Y. M. C. A. Little of any value was secured. The library vault lock was damaged by the use of chemicals and an axe that it cannot be opened until an expert is secured.

Beldy Hold Up a Saloon.

Crookston, Minn., Sept. 12.—Two highwaymen forced their way in the saloon of Bert Cochran here to line up against the wall with their hands above their heads while they demanded that the bartender turn over all the money he had in the cash register. The robbers got \$75. The robbers, who were armed, entered from the front and rear of the saloon. The customers, aside from being told not to interfere, were unharmed. The highwaymen escaped.

ALFALFA EXHIBIT IN FIELD

Farmers Show Products From Field and Home and Serve a Big Dinner.

Peru Falls.—The farmers of Star Lake township in Ottertail county, believe in giving a good setting to their promotional interests, as shown by the fact that no less than 100 families assembled in alfalfa field last week to hold the second annual exhibit of the Lake Side Farmers' society. A big picnic dinner was a part of the day's program.

Prizes were awarded for farm products and articles of home manufacture, including corn, potatoes, vegetables, grains, both in sheaf and threshed, some livestock, bread, pastry, canned fruits and vegetables, butter, needles and notions by the girls and woodwork exhibited by the boys.

The program for the day was furnished by the county agricultural agent, F. Johnson, F. Johnson, and the supervisor of county agents, Frank E. Palmer of Morris. Mr. Johnson points out the importance of early selection of seed corn and the value of the work of the farmers' clubs. Mr. Johnson told the farmers that they must go into the fields before killing frosts and select good type of ears from strong thirty stalks, hanging them up for curing the same day, or better the same half day, that selection is made if good seed is expected to be had for next year's planting. The corn may be selected by carrying a sack over one's shoulder, taking two or three rows at a time, or by the use of a long sled or steeple board with a box that will hold four or five bushels which may be drawn by a horse or a tractor. The sled and the string and the corn tree methods of arranging corn for drying were demonstrated.

Johnson told those present that if every farmer in Ottertail county would plant ten acres of alfalfa, supplying the conditions required for its successful growing, the product in a year would buy a silo, furnish any farmer with the means to start in raising pure bred or improved livestock, buy an automobile for the family, or it would put a washing machine in the home with a gasoline engine attached to it and put running water in the house.

ELWELL ROAD LAW CASE ON

Supreme Court Eventually May Get Test Case Litigation Started by County Commissioners.

Minneapolis.—A test of the Elwell road law has been begun by the board of county commissioners following a conference with members of the State and Commerce association, and the case eventually may be taken to the supreme court.

Contracts are constructed under the law the state pays one-half of the cost, the county one-fourth and the remainder is assessed against the land.

The test will be made on the Rockford road between Osseo and Rockford. Property owners along the road refuse to pay the assessment. They declare the law unconstitutional.

To begin a test case, the county commissioners today voted to pay one-half of the expense of construction, thus assuming the burden that the Elwell law places on the property owners.

Alcis Caswell, representing the Civic and Commerce association, said the association, through a taxpayer, would at once ask for an injunction to restrain the commissioners from paying more than one-fourth of the total expense of the road. The case may then go to the district and supreme courts.

TRIAL OF AUTOIST BEGINS

State at Red Wing Said to Have Declined Settlement on Basis of Jury Verdict.

Red Wing.—Ralph H. Babcock of Minneapolis must stand trial for manslaughter in the second degree for running over and killing Mrs. Alfred Anderson with his auto. It was reported that he had agreed to make a settlement of \$5,000 with the Anderson family and would plead guilty if the insurance were given he would escape a prison sentence by paying a fine of \$1,000.

But County Attorney Thomas Mohm would not sanction the disposition of the case in this way. It will be difficult to secure a jury owing to the publicity given the case last June.

MOVEMENT TO START OCT. 13

Better Farming and Good Roads School of Instruction to Move Across Southern Minnesota.

Mankato.—The Better Farming and Good Roads School of Instruction, which is to move across southern Minnesota in charge of Secretary John E. Deets of the Southern Minnesota Better Development board, has a great deal of interest in the southern tier of counties, through which it is to pass. It will start at Caladonia, Oct. 13, and close at St. James Oct. 17, after having gone as far west as Pipestone and Luyine. Mr. Deets is receiving reports that show how much interest is being aroused.

At Austin, the County Agents' association and the Farmers' Grain association are cooperating with the Commercial club in arranging plans for the entertainment of the party, which will comprise several automobile loads. A company of Austin men will meet the expedition at Preston and pilot it into Austin, and a similar courtesy will be extended by Albert Lee autoists. The Albert Lee Commercial club is making extensive plans, and Fuda, which is on the route, but is not marked as a stop, has a special request that the party take dinner there Oct. 17, which is the date that the boosters are scheduled to pass through.

Secretary Deets has received communications from Professor Lewis, the well-known agronomist, and D. A. Wallace, editor of the Farmer, stating that they will join the party making the trip. Twin City papers are to be represented.

The tour will embrace thirteen counties, and some good talkers will address the farmers at the various towns on the itinerary. Mr. Deets will speak on the different phases of farming. Letters have been sent to commercial clubs and others interested along the route, urging that they stir up interest.

Secretary Deets spoke at St. Charles today, at the county fair, on the subject of better farming and better development. On Thursday he will address the farmers at the Elwell road, and on Friday at Westbrook. He will speak at Winona, Sept. 18; Farmington, Sept. 19; Northfield, Sept. 27, and Arlington, Sept. 28. He will appear at all of the principal fairs.

SWEDISH BAPTISTS ADJOURN

Business Session of General Conference at Duluth Ends and Selects Next Year's Pastors.

Duluth.—The next annual meeting of the general conference of the Swedish Baptists of the United States and Canada will be held at St. Paul, Minn. Reports from Bethel academy, St. Paul, show that it reduced its debt \$1,000 and met current expenses for the past year and that its financial condition is excellent.

The conference continued throughout last week, the program being mostly devotional and social. Several reports on missions were submitted, however.

Saturday saw the windup of all the business before the conference and Sunday was the last day of the meeting. On Sunday ministers in attendance preached at various points throughout the city.

PANTHER SEEN BY CHILDREN

Fugitive From Circus Sighted by School Children Near Bemidji, Minnesota.

Bemidji.—The panther which took French leave of a circus at Crookston four weeks ago and of which it was feared that Paul Gauthier, the year-old daughter of an Eskimo farmer, had fallen a victim until the child was found after a four days' search, was now frightened clear out of the Swanson Lake school, four miles east of Bemidji.

The panther, with a rabbit in its mouth, ran across the road in front of a dozen girls and boys and disappeared in a cornfield on the farm of J. E. Swenson.

Glady Johnson, 16 years old; Celia Hantz, 14 years, and Marvin Hecker, 9 years, were among the children who reported seeing the beast.

Road Convention in October.

Winona.—In order to get better acquainted the speakers at the American road congress at Detroit, who are to be brought directly from there to Winona, the dates for the good roads convention here have been set. It will be held Oct. 6 and 7. Delegates will attend from states along the black and yellow trail between Chicago and Yellowstone Park.

Fire Truck and Car Collide.

Winona.—Responding very quickly to an alarm on the Bowler side, a Winona's auto fire truck and a street car collided, wrecking the two conveyances and possibly fatally injuring one of two firemen who are now in the hospital. Chief Norron, on the seat with the driver, was hurled through a window of the car had forehead, but the heavy rubber hat he was wearing saved him. The driver, John Monahan, fell to the street while Herman Hertz, was crushed between the car and the auto.

TO TELL A MUSHROOM

One Versed in Science May Determine New Species.

Best Method is to Learn Each Edible Species Carefully From Some Good Authority—Never Eat One Unless Known.

After L. M. DEWINGTONS. "Eat one and if it kills you it is poisonous. If it does not make you sick it is edible. There are many rules for determining them yet all really center down to this—the only infallible one yet given. Those familiar with only the common mushroom say to avoid all which have white gills and a hollow stem; yet many edible ones are by this rule discarded.

All with milky juice are to be avoided. Is another too comprehensive rule. Equally fallacious is the general statement that a membranous sheath at the base of the stem or a warty cap is a hopeless ban. It is simply a reason for distrust, as are the other signs.

The idea that if a silver spoon left in the dish remains unharmed they were edible, has also been too sadly demonstrated as false. The safest method is to learn each edible species carefully from some good authority for mushrooms.

Almost every mushroom lover knows one or two of the more common species for a certainty. But let him not be tempted into trying a new sort

Toad Stool (Fly Amanita) Often Mistaken for Mushroom. The Small Corky Patches on the Lower Cut Always Show the Toad Stool.

Just from a rough description given by someone else. The one versed in science may determine new species by analysis. Others can only verify by personal help from unquestioned authority. And even then, it takes sharp observation to be certain. Some slight variation may require transfer to an objectional class.

All molds, putrified balls and fairy caps, so far known, are harmless. But just here the caution against taking this a sweeping statement must be made. There yet may be discovered some rare species in any of the groups which is poisonous. So we can only go back to the former injunction to never eat a mushroom unless it is known to be harmless.

Increasing Scarcity of Fur-Bearing Animals Creates Continuous Demand for Their Pelts.

On account of the increasing scarcity of fur-bearing animals considerable interest is being manifested in the muskrat.

The furs are used largely by fur dressers and dyers, and are made to closely imitate the most costly furs, thus creating a continuous demand for the pelt.

Owners of marsh lands have already made trapping of muskrats profitable, converting otherwise useless lands into income producing investments. Many lease the trapping privileges to those who make a business of trapping.

Feeding Hens. Sometimes I think we get a little wild about proper ratios for hens. My grandfather ferrets his hens half an ear of corn a day all the year round for nothing else and he used to get a lot of eggs. Of course his hens had the run of the farm. Every day in the week I pass four times every day a good full of Columbia Wyandottes, which have been fed just plain shelled corn for months, and yet those hens lay to beat the band and their hatchlings are twelve and thirteen chicks from fifteen eggs.—S. C. M.

Chickens Clean Plums. It is a full of Columbia Wyandottes, which have been fed just plain shelled corn for months, and yet those hens lay to beat the band and their hatchlings are twelve and thirteen chicks from fifteen eggs.—S. C. M.

Deer Sour Food. Don't let food become sour. Sweep up and destroy what the fowls do not eat after being fed.

NOTES FOR SQUAB BREEDERS

Many Important Little Hints That Will Prove Interesting and Instructive in Pigeon Loft.

By L. M. DEWINGTONS. In order that you can be taken out and cleaned, the foot of each nest should be movable.

Bandwidth should not be used in the nest as it harbors lice. Never add new birds to stock already started, if you can possibly help it.

After seven or eight years' breeding, the usefulness of the bird is ended. For want of the proper experience the parent stock are apt to be more or less careless and negligent.

After giving the feed it is best to leave the loft, as pigeons are apt to forget their young if they are waked while feeding.

It is estimated that a pigeon of the average size will need an ounce of food a day, together with plenty of grit, and a bowl of clean water.

Where a loss of appetite and indigestion of the bird is noticed a good remedy is to feed a little hempseed, add precipitated chalk to the drinking water and keep a good supply of grit and salt-catch within reach. It will help greatly if the bird is isolated for a day or so.

Squabs cannot see until about eight days old.

A good weight for dressed squab is eight pounds at the dozen. The eggs hatch on the eighteenth day of incubation.

In stocking the loft allow two nests for each pair of breeders. As a rule the breeding season extends from March until September. The first egg is generally laid about two weeks after the nest is made.

The market prices for dressed squabs are best during January, February and March.

The Homer is a strong well-built bird, of good size, thrives in confinement, is an earnest breeder and a careful feeder.

SELECTING THE SEED BEETS

Greatest Care Must Be Exercised in Picking Out Only Perfect and Typical Type of Plants.

The all important thing in beet growing is good seed. In selecting mother beet—that is, beets from which seed is to be grown—the greatest care must be taken to pick out only perfect and typical types. They must conform to many requirements. They must not be too large or the sugar contents will be too low. They must not be too small, since small beets are not profitable.

It must have a divided tap root or large side roots since the richest part of the beet is in the lower part of the root. It follows that a mother beet must not be slim with a long, slowly tapering root that grows deeply into the ground, as such roots are sure to break in harvesting, leaving the best part below ground.

The beets must grow widely and be ground as the part that grows above must be cut off and entirely in topping.

American View. "So you don't approve of those London snufftriggers?" "I don't know much about them," replied Miss Cayenne, "but I can't help feeling that a woman who can't subdue a few men without the use of dynamite is something of a failure."

Nothing to Show. "A doctor says this man live long." "How about this women?" "Oh, life probably seems long to them in this diaphanous age."

What She Wanted. She walked into the public library and sweetly said: "I would like 'The Red Boat,' please." The librarian diligently searched the catalogue and came back with: "I don't think we have such a book." "Flushing a bit," she said sweetly: "May the title be 'The Scarlet Yacht'?" Again he looked up. With the same result. Then, with her pretty fingers she dived into her bag, consulted a slip of paper, and said: "Oh, I beg pardon, I meant the 'Rubiyat'—Glasgow Weekly Herald."

American View. "So you don't approve of those London snufftriggers?" "I don't know much about them," replied Miss Cayenne, "but I can't help feeling that a woman who can't subdue a few men without the use of dynamite is something of a failure."

PINE COUNTY PIONEER

ED. C. GOTTRY, Editor and Prop.

Entered in the Postoffice at Pine City as Second Class Matter

Pine City, Minnesota, Sept. 19, '13

Twenty Five Years Ago.

The following items are taken from the files of the Pioneer printed 25 years ago.

The appearance of the band on the streets last Saturday evening seemed a good deal like old times. The boys have not been doing much practicing since the Fourth, but they have commenced again, and are now prepared for engagements.

Frank L. Evans, of St. Paul, and Gus A. Griswold, of Stevens Point, arrived on Monday's early morning train, and remained a couple of days, the guests of Walter Gottry, their old time friend and schoolmate. The boys spent considerable time fishing.

Mr. H. D. Forner, civil engineer for the St. Paul & Duluth railroad company, has been examining the Snake river railroad bridge, with the view to making some improvements the company are now contemplating. It is rumored that the company proposes to improve the bridge at this place, the Grindstone river bridge at Hinckley, and the St. Louis river bridge at Thompson.

HINCKLEY.

H. P. Roble, of Rush City, was in town on business Thursday. H. P. has considerable insurance from this place placed in his companies.

Dr. Mary Scott this week received a new patent adjustable operating chair for her office, which is not only an ornament but a very useful piece of furniture.

Wm. Craig is rushing work on the new village hall as rapidly as possible. He has a large crew of men at work, and under his supervision they are doing good work. The building is now assuming shape, and when completed will be an ornament to the village which we may well feel proud of.

Frank Kelly of Duluth, a cousin of M. J. Durkan of this village, passed through town on Thursday's north bound limited, accompanied by his bride. He having been married the day before at Watertown, Wis. Mr. Kelly's many friends in Hinckley, tender their hearty congratulations.

Next Sunday will be confirmation Sunday at the Catholic church in this village. The services will be conducted by Bishop Sinenbush. The music will be in charge of Prof. A. J. Houle of Pine City, assisted by his sister, Miss Adele Houle of Ironwood, Mich., and will doubtless prove very interesting.

Walter Scott has been on the sick list for the past few days, and his smiling face is missed from Thos. Brennan's store. For some time he was threatened with typhoid fever but he has now recovered sufficiently so that no fears of that disease are entertained. His many friends hope to see him around again in a day or two.

Dan McLaren sold the balance of his property just opposite the school house, this week, to H. C. Bartlett, who, we understand, acted as agent for another party. Property in that part of town is getting to be quite valuable. With the school house, village hall and Presbyterian church, all on this street, it will present the finest appearance of any street in the town.

FLAG RAISING.

Last Saturday Mr. Daley the junior partner of the firm that had the contract for installing our water works, presented the Village with a large American flag for the flag-pole on the top of the water tank, and Mr. Doure, the Chief Engineer of St. Paul, who drew the plans raised the same in the presence of the Village President, Council and a large number of our citizens. All of whom are thankful to the gentlemen not only for the flag but for the splendid water works system they put in.

PRESBYTERIAN NOTES.

Regular preaching services next Sunday at 11 o'clock a. m. and 7:30 p. m. Sunday school at 9:45. Notice the change of the hours of the evening services from 8 o'clock to 7:30.

ANOTHER BRACE OF WEDDINGS

Cupid, the sweet god of kisses
Oh! aims more wild than true.
Yet in spite of all his misdeeds
He always seems to bag a few.

Shenky-Bukacek

At the Presbyterian church, Pine City, on Tuesday, Sept. 16th, 1913, Mr. Joseph Shenky was wedded to Miss Beatrice Bukacek, Rev. F. L. McKean performing the ceremony. The couple were attended by Bonhumil and Beale Bukacek, brother and sister of the bride, and a little four-year old Miss from Hopkins acted as flower girl. A number of friends of the contracting parties were present, among those from abroad being Dr. and Mrs. Blake of Hopkins.

The bride is a daughter of Mr. and Mrs. Jos. Bukacek, who reside near Pine City, and the groom is a prosperous farmer of Hopkins, at which point Mr. and Mrs. Shenky will make their future home.

The best wishes of a large circle of friends follow them.

Kendig-Squires

On Wednesday, Sept. 17th, 1913, at 3:30 p. m., at the home of the bride's father, Ray Squires, Mr. Ernest A. Kendig and Miss Rosabelle Squires were united in marriage, Rev. F. L. McKean performing the ceremony.

Only relatives and a few intimate friends of the couple were present. A number of handsome and useful gifts were presented the couple, and a supper was served after the ceremony. Mr. and Mrs. Kendig will leave for their future home at Muscatine, Iowa, Tuesday, whither the best wishes of many friends follow them.

Card of Thanks.

We wish to express our thanks to the many kind friends and neighbors who assisted us in our late bereavement, and especially to Mr. and Mrs. A. H. Lambert, who so kindly took our mother to their home, and from which the funeral was held.
MR. AND MRS. JOHN BENNETT.

Sheriff's Sale of Real Estate Under Judgment of Foreclosure.

STATE OF MINNESOTA, District Court
County of Pine, Judicial
District.
Griggs-Cooper & Co., a corporation, Plaintiff.

A. W. Heald and Clara M. Heald, his wife, Defendants.
NOTICE IS HEREBY GIVEN, That under and by virtue of a Judgment and Decree entered in the above entitled action on the 13th day of April, 1913, a certified transcript of which has been delivered to me, the undersigned, Sheriff of said Pine County, will be sold at public auction, to the highest bidder, on Saturday the 1st day of November, 1913, at ten o'clock in the forenoon, the front door of the Court House in the Village of Pine City in said County, in separate parcels, the premises and real estate described in said Judgment and Decree, to wit: All those tracts or parcels of land lying and being in the County of Pine and State of Minnesota, described as follows, to-wit:

The Northwest Quarter of the Northwest Quarter (NW 1/4 NW 1/4) of Section Six (6) and the West Half of the Northwest Quarter (W 1/2 NW 1/4) of Section Eighteen (18) in Township Forty-one (41) Range Eighteen (18), the East Half of the Northwest Quarter (E 1/2 NW 1/4) of the Southwest Quarter of the Northwest Quarter (NW 1/4 NW 1/4) of Section Twenty (20) and the West Half of the Southwest Quarter (W 1/2 SW 1/4) and the Southwest Quarter of the Southwest Quarter (SW 1/4 SW 1/4) of Section Twenty (20) in Township Forty One (41) Range Twenty (20) in the County of Pine and State of Minnesota, to satisfy the amount adjudged to be due by the Defendants A. W. Heald and Clara M. Heald, his wife, to the Plaintiff Griggs-Cooper & Co., a corporation, together with the costs and expenses of such sale.

Dated September 15th, 1913.
R. J. HAWLEY,
Sheriff of Pine County, Minnesota.
ROBERT WILCOX,
Plaintiff's Attorney,
Pine City, Minnesota.
Sept. 15-20 Oct. 31-17-14

Citation for Hearing on Petition for Determination of Descent of Land.

Estate of Maria Grimm.
STATE OF MINNESOTA, In Probate
County of Pine.
In the Matter of the Estate of Maria Grimm, Decedent.

The State of Minnesota to all persons interested in the determination of the descent of the real estate of said decedent: The petition of Emma D. Glasgow having been filed in this court, representing that said decedent died more than five years prior to the filing thereof, leaving one child, real estate in said petition described, and that no will or deed has been proved nor administration of her estate granted in this state, and praying that the descent of said real estate be determined by this court:

Therefore, You, And Each of You, are hereby cited and required to show cause, if any you have, before this court, at the Probate Court Rooms in the Court House in the Village of Pine City in the County of Pine, State of Minnesota, on the 28th day of September 1913, at ten o'clock a. m., why said petition should not be granted.

Witness, the Judge of said court, and the seal of said Court, this 28th day of September 1913.

(SEAL) ROBERT WILCOX,
Judge of Probate.
Sept. 25-19-14.

The big show starts tomorrow

OUR ANNUAL Fall Stove Show, which opens tomorrow, will be a regular three-ring circus. No peanuts or red lemonade; no clowns or trapeze performers; but so many interesting new things on display in our stove department that you'll hardly know where to look first.

We do not claim, like Barnum, that this is "the greatest show on earth," but we do say, in all sincerity, that it is a show of the greatest stoves on earth.

Estate Stoves & Ranges

have been pleasing the public for almost three-quarters of a century, and have won universal recognition as the best built, longest wearing, and most scientifically constructed stoves in America. They have always led in improvements, and this year, more than ever before, they mark a great advance in stove building.

Special Attraction Estate Hot Stove

—The Stove with a "Little Furnace" in It.

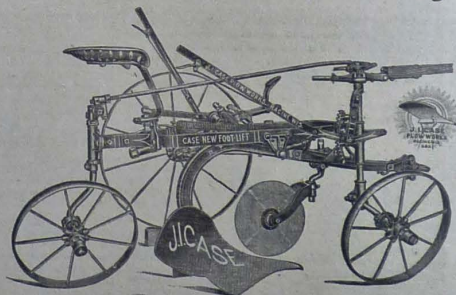

A BRAND new idea in heating stove construction. Famous Estate Oak body, with a furnace built inside the fire chamber—a feature which gives the Estate Hot Stove practically double the heating power of any ordinary soft-coal stove.

You're invited to see the whole show at our store. Come soon, whether you're ready to buy or not; we want you to know why you should "Own an Estate."

J. I. CASE New Foot Lift Sulky and Gang Plows

THE J. I. Case New Foot Lift Sulky and Two and Three-bottom gangs are companion plows, the principle of construction and adjustment of each being identical. The gangs are built heavier in proportion to stand the strain to which they are subjected.

EVEN DEPTH OF FURROW.—One of the main things to be considered in judging a job of plowing is the evenness of the depth of the furrow standpoint. Shallow plowing in the crop production deep in another is not conducive to even crops. With a plow being considerable play, it is obvious that good results could not be secured in this respect. To meet this, on J. I. Case plows the Spring Pressure Lock was devised. As shown

by the cut, this spring is strong enough to lock the plow in the ground, to force it into a depression, and to rebound when a raised place is struck, so that one depth is always maintained. This is an exclusive feature covered by patent.

SQUARES SAVED.—In plowing, conditions are often met where the best of shares will be broken unless some mechanical contrivance on the plow serves as a buffer. The rebound in the Spring Pressure Lock is the buffer on J. I. Case plows. If a rock or root is struck, the plow jumps enough to go over the obstruction or if breaking. In case the point passes over, the spring forces the plow into the ground immediately, without leaving a rough, unplowed spot.

—Mr. Wilcox is employed at the depot during the absence of Joe O'Brien.

—James Clark departed for St. Paul Monday, to attend the state University.

MONDAY MORNING'S BLAZE

On Monday morning at about 5:00 our citizens were aroused from their slumbers by the fire alarm, and upon investigation it was found that the M. C. Dean residence in the western part of the village, was on fire.

The origin of the fire as given by Mrs. Rebecca Sandberg, who was housekeeper for Mr. Dean for a great number of years, in fact almost all the time since she had been in the state, is as follows: She got up and built the fire preparatory to getting breakfast, Mr. Dean having gone down town to open up the H. Schultz saloon where he tends bar, and usually went home to his breakfast about 7 o'clock. The fire was not burning to suit her, and in some unaccountable manner she got hold of the gasoline instead of the kerosene can and poured some on to the smouldering fire, the can exploded setting fire to her clothing and the kitchen. She ran out of the house and screamed for help, the three Corrigan boys, who were sleeping in the house jumped from the second story window in their night clothing and threw water over her extinguishing the flames, but her right side and hair were burned so badly, that she died from her injuries and the flames she breathed the same afternoon at 2 o'clock.

The fire department turned out promptly and had a chance to test the new water works, which proved a decided success, and enabled the firemen to put out the fire before the walls burned, and also save the barn and surrounding property.

The loss is a blow to Mr. Dean, for beside losing his house on which there was but a small insurance, he also lost over a hundred and thirty dollars in cash and all his household goods, as the flames spread so rapidly that nothing could be saved.

Dies From Burns Received at the M. C. Dean Fire.

At the Dean Fire on Monday Mrs. Rebecca Sandberg was burned so badly that she passed away at noon the same day.

Miss Rebecca Sharpe was born at Dahlstrand, Sweden, September 22nd 1847, and would have been 66 years of age Monday.

She was married in Sweden to Mr. Sandberg, who only lived a little over a year. She came to America with her infant daughter 34 years ago, and to Pine county a few years later settling at Hinckley, where she resided for about 20 years, coming here 7 years ago and has made this place her home ever since.

She leaves one child, Mrs. John Bennett, of La Crosse, Wis., a sister in California, three sisters and a brother in the old country, beside numerous friends to mourn her sudden death.

"Becky" as she was familiarly called was a kind hearted old lady, one that always had a pleasant word and smile for every one, and will be greatly missed by her friends and neighbors.

The funeral was held from the A. H. Lambert residence Wednesday afternoon at 2 o'clock, and the body laid to rest in Birchwood cemetery Rev. F. L. McKean officiating.

HENRIETTE.

Quite a number of new silos have been put up this fall 'round this city, which the farmers are busy filling now.

Mr. and Mrs. Chase and family are now located in their pretty new home.

The revival meetings which were held at the M. E. church last week were well attended.

Geo. Trotter has been busy grubbing on the Chas. Peterson farm east of town.

Axel Berglin is at Duluth now at a hospital being treated for one of his ears, it is feared he will remain deaf.

Harry Lataurell fell and broke his arm last Sunday.

The Ladies Aid had a very successful meeting with Mrs. Sullivan last Thursday. A large crowd was present and a good time was had by all.

Mr. and Mrs. Peter Berglin spent Sunday with their children at Pine City.

H. F. Reichardt received the sad message last Friday morning stating his aged father had passed away. Mr. Reichardt left the same afternoon to be present at the funeral. Miss Martha Berglin is assisting Mrs. Reichardt during his absence. The young couple have the sympathy of their many friends here.

Fred Kauman has a telephone installed last week.

Miss Axtell who teaches south of this city spent Sunday with her parents at Pine City.

Women's Opinions

When a woman suffering from some form of feminine disorder is told that an operation is necessary, it of course frightens her.

The very thought of the hospital operating table and the surgeon's knife strikes terror to her heart, and no wonder. It is quite true that some of these troubles may reach a stage where an operation is the only resource, but thousands of women have avoided the necessity of an operation by taking Lydia E. Pinkham's Vegetable Compound. This fact is attested by the grateful letters they write to us after their health has been restored.

These Two Women Prove Our Claim.

Cary, Maine—"I feel it a duty to care to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten both sides and was very nervous. I could not sleep then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would see my better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, my good appetite was fast and I could do all my usual work."

Now answer this question if you can. Why should a woman submit to a surgical operation without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health.

Write LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL LETTER) Your letter will be opened, read and answered by a woman and held in strict confidence.

PRIEST ADMITS DEED

DISMEMBERED BODY OF GIRL FOUND IN RIVER AT NEW YORK IDENTIFIED.

VICTIM SLAIN WHILE ASLEEP

Pastor Asserts, According to the Police, That He Cut Body Into Nine Parts—Pillow Slip Caused Arrest of Alleged Murderer.

New York, Sept. 15.—Rev. Father Hans Schmidt, curate of St. Joseph's Roman Catholic church in West One Hundred and Twenty-fifth street, confessed the murder of Anna Amuller, wife of whose dismembered body parts were found in the Hudson river and are now in the Hoboken morgue.

"I killed her because I loved her so much," he said. "She was so beautiful, so good, I could not let her live without me. I had made up my mind that she and I could live together. I was a priest and must remain with my church. I could not let her go away from me."

Sobbing into this confession of his crime, the priest was locked up in a cell in the Tombs prison, where, instead of collapsing, as might have been expected, he calmly went to sleep.

"Pillow Slip Fatal to Priest. The solution of this, the most baffling murder mystery of the season, was brought about by tracing the pillow slip in which the upper section of the dismembered torso had been wrapped.

At police headquarters Schmidt was subjected to a severe grilling by Inspector Faurot. The inspector, when this was over, said:

"Schmidt had admitted to us that he rented the flat and took the girl for more than two years. He was infatuated with her. At midnight, on August 31, he said, he quietly let himself into the flat with his own key. Mrs. Amuller was asleep in bed, but he crept over to her side. He had a large butcher knife in his hand. He cut her throat before she could make an outcry. He believed he had killed her and carried her into the bathroom."

The autopsy had shown that the girl was dismembered while still alive and the absence of blood in her veins had given rise to the belief that the person, who had cut her in pieces had drained her blood vessels so that in disposing of the body there would be no trail to follow.

Buy Paper to Wrap Up Body. "He said he went to a neighboring store and bought a quantity of brown wrapping paper and then wrapped up each part separately.

The next day—September 1—Schmidt said he took part of the body out of the flat. He boarded an Eighth avenue car, rode down to One Hundred and Twenty-fifth street, took a cross-town car to the Fort Lee ferry. There he boarded a boat and when in midstream threw the bundle into the water. He did this time until he had disposed of the last vestige of the body."

The police searched the rooms of Father Schmidt in the parish house and found a marriage license issued to "Anna Amuller and Hans Schmidt." The address given was a number in East One Hundred and Fifty-ninth street and the police declare that it is fictitious. The license was issued on February 26, 1913.

STEAMERS CRASH IN RIVER The John Greer and the Marion, Both Heavily Loaded, Collide at Wells Street Bridge.

Chicago, Sept. 13.—Traffic over the Wells street bridge was tied up for nearly an hour here when the steamer John Greer of Duluth, Minn., and the Marion, both loaded heavily, collided inside the draw and nearly pushed the bridge off its pier.

The passenger steamer City of St. Haven, which was passing out at the time, and a police boat narrowly escaped being caught in the jam. Both the John Greer and the Marion were damaged, but were able to continue under their own steam.

ISLANDS SINK WITH PEOPLE Several Hundred Persons Perish When Earthquake Submerges Falcon and Hope.

San Francisco, Cal., Sept. 13.—Falcon and Hope islands of the Friendly or Tonga group in the South Pacific have disappeared from view. With them several hundred natives and a few white men also have disappeared.

News to this effect was brought to San Francisco by Capt. J. H. Trask of the steamer Tacoma, which arrived from Sydney, via Pago Pago and Honolulu.

Erie Road Fined \$20,000. Buffalo, N. Y., Sept. 13.—The Erie railroad entered a plea of guilty to an indictment charging failure to observe its freight traffic as required by the interstate commerce law, and was fined \$20,000 by Federal Judge John R. Hazel. The indictment was based on the company's failure to observe tariffs covering various charges on shipments of anthracite coal.

Young Bride a Suicide. Louisville, Ky., Sept. 13.—A boy and girl romance had a tragic end here when Mrs. Tillie Tharp, twenty, who married Leonard Tharp, eighteen, six months ago, shot and killed herself.

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First—The indisputable evidence that it is harmless; Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food; Third—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrup, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. B. Hainland Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory." Dr. William Belmont, of Cleveland, Ohio, says: "Four Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place." Dr. J. H. Tall, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent." Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's." Dr. Wm. J. McCran, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home." Dr. J. H. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by its presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy." Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

GENUINE CASTORIA ALWAYS Bears the Signature of

Chas. H. Fletcher The Kind You Have Always Bought In Use For Over 30 Years. THE CENTAUR COMPANY, NEW YORK CITY.

What Can Be Done About This? "Here's an item observed Rivers, who was looking over the newspaper, to the effect that the king of Sweden raises prize dogs on his farm."

"I suppose he uses them," suggested Brooks, "to drive his Stockholm." After which the rattle of the typewriters broke out again with great violence.—Stray Stories.

Criticism. "Books fall from the publishers' presses like autumn leaves." "Yes, and some of them are fully as dry."

Noway is to have one of the world's greatest hydroelectric plants, developing 216,000 horsepower.

THE BEST TREATMENT FOR ITCHING SCALPS, DANDRUFF AND FALLING HAIR

To allay itching and irritation of the scalp, prevent dandruff, itching and falling hair, remove crusts, scales and dandruff, and promote the growth and beauty of the hair, the following special treatment is most effective, agreeable and economical. On retiring, comb the hair out straight all around, then begin at the side and make a parting, gently rubbing Ointment into the parting with a bit of soft flannel held over the end of the finger. Avoid additional partings about half an inch apart until the whole scalp has been treated, the purpose being to get the Cuticura Ointment on the scalp skin rather than on the hair. It is well to place a light covering over the hair to protect the pillow from possible stain. The next morning, shampoo with Cuticura Soap and hot water. Shampoo alone may be used as often as agreeable, but once or twice a month is generally sufficient for this special treatment for women's hair.

The Substitute. "Do you ever indulge in pictorial amusements?" "No, these high down ways are too much for me. I amuse myself principally with a little fishing party."

Everything Relative. Judge: "This summer seems to be much cooler than last." Marjorie: "You must remember, dear, that you're not wearing so many clothes."—Judge.

At Last. "I have just taken a parting look at Mrs. Gadder with her yesterday." "Did she look natural?" "No, her chin was wavy."

Italy's 1912 olive crop was 679,389 tons.

An apartment isn't the only place in which marriage is a flat failure.

The New Name. "What is an autocracy?" "I guess it is a government by auto-mobilists."

Predisposed. "Dobbs says his wife drove him to drink." "It is my opinion that he naturally gravitated in that direction."

For Sunburn, Insect Bites, Itchy Poison or any other skin inflammation, use Tyree's Antiseptic Powder and get quick relief. 25c at drug stores. Sample sent free by J. S. Tyree, Washington, D. C.—Advt.

Perfectly Safe. "Better lap up that spilt milk," said the first cat. "If the mischievous mess you'll catch fish."

"Not me," said the second feline. "The woman I live with blames everything on her husband."—Louisville Courier-Journal.

Well, Why Not? Mrs. Eise—"I understand your daughter, Jessie, has changed her name to 'Jessical'."

Mrs. Wye—"Yes." Mrs. Eise—"Well, I wish she hadn't. She's put the crazy notion into my girl Bessie's head to call herself 'Bessical'."—Boston Transcript.

Society is judged by some of the misdeeds that manage to break in.

Its Admonitions. "What's the plant in Wall street?" "Mostly green suckers."

Foley Kidney Pills Succeed because they are a good honest medicine that cannot help but heal kidney and bladder ailments and urinary irregularities, if they are once taken into the system. Try them now for positive and permanent help.
