

WETS VICTORIOUS BY MAJORITY OF 9,000

COUNTY CASTS 70,000 VOTES, THE LARGEST NUMBER IN ITS HISTORY—COUNTRY DISTRICTS WET.

CHARGES OF WHOLESALE FRAUDS MADE BY "DRYS"

Anti-Saloon League Head Declares a Municipality Never Before Experienced Such Illegal Voting—No More Option Elections for Three Years.

Minneapolis, Oct. 5.—Hennepin voters have declared against local prohibition by a majority of about 9,000.

Hennepin cast nearly 70,000 votes, more than the most vivid imagination conceived prior to election day. Of the 13 city wards, the wet won the first, second, third, fourth, fifth, sixth, seventh, eighth, ninth, tenth, eleventh, twelfth, thirteenth, fourteenth, fifteenth, sixteenth, seventeenth, eighteenth, nineteenth, twentieth, twenty-first, twenty-second, twenty-third, twenty-fourth, twenty-fifth, twenty-sixth, twenty-seventh, twenty-eighth, twenty-ninth, thirtieth, thirty-first, thirty-second, thirty-third, thirty-fourth, thirty-fifth, thirty-sixth, thirty-seventh, thirty-eighth, thirty-ninth, fortieth, forty-first, forty-second, forty-third, forty-fourth, forty-fifth, forty-sixth, forty-seventh, forty-eighth, forty-ninth, fiftieth, fifty-first, fifty-second, fifty-third, fifty-fourth, fifty-fifth, fifty-sixth, fifty-seventh, fifty-eighth, fifty-ninth, sixtieth, sixty-first, sixty-second, sixty-third, sixty-fourth, sixty-fifth, sixty-sixth, sixty-seventh, sixty-eighth, sixty-ninth, seventieth, seventy-first, seventy-second, seventy-third, seventy-fourth, seventy-fifth, seventy-sixth, seventy-seventh, seventy-eighth, seventy-ninth, eightieth, eighty-first, eighty-second, eighty-third, eighty-fourth, eighty-fifth, eighty-sixth, eighty-seventh, eighty-eighth, eighty-ninth, ninetieth, ninety-first, ninety-second, ninety-third, ninety-fourth, ninety-fifth, ninety-sixth, ninety-seventh, ninety-eighth, ninety-ninth, one hundredth.

Dr. George B. Safford, president of the Anti-Saloon League, makes charge that the election was a wholesale fraud, and that the voters were misled by the sale of the polls at the police station. He declares that the voters were misled by the sale of the polls at the police station.

The four wards which voted dry were the Second, Seventh, Eighth and Thirteenth. The Second went dry by a few hundred, the Seventh by inches, the Eighth by only a fair majority, considering its size, and the Thirteenth proved dryest of all.

Third Ward Wet, 3 to 1.

The first ward was about as wet as a ward could be. The third voted wet better than the first. The fourth placed up nearly 2,000 wet votes and the fifth about a thousand.

The sixth, thirteenth, all wards, did its little best with 700 majority for the wets out of about 2,000 votes cast. The ninth was a little better than a thousand wet. The tenth quite close to a thousand wet.

The eleventh went wet by about 300 and the twelfth gave the wets a substantial majority. The country indicates itself of wet preference by about 500.

Last fall at the general election a grand total of 61,937 votes were cast in city and county, excluding the female vote, there being 1,113 of these cast. There were registered and eligible to vote at that time 100,000 males and 2,165 females.

As women were not permitted the privilege of the ballot, the male vote can be properly compared only with the male vote of last fall, considered a high figure.

Like Lee-Hammond Contest.

The election returns followed closely by the returns of the Lee-Hammond contest of last fall when liquor was the principal issue between the two candidates. There were 42,327 votes cast in Hennepin county, 20,000 for the wets and 22,327 for the dries.

Mr. Hammond had 5,500 more than Mr. Lee. In that election Mr. Lee lost every ward but the eighth and ninth wards. He lost the Second and Seventh, carried by the dries by small majorities, by narrow margins.

Unless one should cite a rural portion of Hennepin county it could not be said that any particular section went dry away from the liquor business. Of course, the dries were surprised at some of the wards they lost, but those that were lost were wards they figured their own losses.

The version of this incident sent to the Exchange Telegraph Co., from Copenhagen, says that the British ship was on fire when it was wrecked on the shore after it was fired on by a British submarine.

Fraud Charges Numerous.

Nothing approaching riots or general disorder marked the battle at the polls. There were no reports of charges of fraud. Three brewery employees were arrested at Severn Court for violation of the corrupt practices act in that they were alleged to have paid out wet hand bills. Several men were taken from the polling place in the public court, station, outside the Nicollet hotel, the Nineteenth precinct of the Fourth ward, always a hotbed of lawlessness, in which the faces of whatever reform is pending count on getting the worst of it. Other such arrests were made. These men were released, no charges being made against them.

Unregistered Voters Cast Ballot.

That which marked the election more than anything outside of the emphatic protest against adoption of prohibition was the number of unregistered voters who cast their ballots.

Dr. Safford makes claim that these voters were largely imported for the occasion or reporters. It is contended, however, that they were drawn from the voters of Hennepin county as never before, creating an interest which brought to the polls men who apparently have neglected the duty of citizenship for years.

Line Breeding Defined.

Professor Thomas Shedd, in his book, "Animal Breeding," says line breeding may be defined as the process of breeding within the narrow limits of one family, or of a limited number of families, possessed of similar types. As usually conducted, no animals are interbred.

Every farmer should raise hogs.

HUDSON MAXIM

NEW PORTRAIT OF HUDSON MAXIM OF BROOKLYN, ONE OF THE MOST DISTINGUISHED MEMBERS OF THE ARMY ADVISORY BOARD. MR. MAXIM WAS BORN IN MAINE IN 1853 AND TOOK UP THE ORDNANCE AND EXPLOSIVE BUSINESS IN 1888. HE WAS ONE OF THE FIRST TO MAKE SMOKELESS POWDER IN THE UNITED STATES AND IS THE INVENTOR OF MAXIMITE AND STABILITE, EXPLOSIVES USED BY THE AMERICAN ARMY.

RUSSIANS RECAPTURE TOWNS

GERMAN PRISONERS TELL OF EXHAUSTION OF TROOPS.

Slave Subject Teuton Trench to Destructive Artillery Fire and Regain Sector.

Petrograd, via London, Oct. 5.—The following official communication from general headquarters was issued:

"Near Divina, the Germans at noon opened a half of fire against the sector of one of our regiments in the vicinity of the village of Chichobro, the railway and Svante lake. The Germans employed guns of very large caliber including some eight-inch guns. They fired a violent fire which reached forward and occupied part of our trenches. We in turn subjected the trenches and enemy who reached them to a destructive fire from our artillery, and our troops advanced in a vigorous and successful manner."

"At many of the fronts of the River Madozki and its tributary, the Dniepr, there was a stubborn fighting. The village of Borova in the Kodany region were carried by assault by our troops. We captured prisoners and quick fires. The Germans were dislodged at the point of the bayonet from the villages of Telaki and Kozlay and between the villages of Kozlay and Kozlay."

"Reports from commanding officers show that German prisoners, despite warnings and threats of punishment from their chiefs, are giving information more frequently of the exhaustion of their troops and of the decreasing popularity of the war."

GERMAN STEAMER TORPEDOED

Attacked in Baltic by British Submarine—Ten of Crew Already Landed.

London, Oct. 5.—The German steamer Sylvia, of Rostock, has been torpedoed in the Baltic by a British submarine. The ship was carrying a dispatch to Reuters Telegram Co. Ten of the crew have been landed, and the remainder are on the way to Samsun.

The version of this incident sent to the Exchange Telegraph Co., from Copenhagen, says that the British ship was on fire when it was wrecked on the shore after it was fired on by a British submarine.

Fraud Charges Numerous.

Nothing approaching riots or general disorder marked the battle at the polls. There were no reports of charges of fraud. COUNTRIES WITH BLACK GUARDIANSHIP BY ALLIES IN FRANCE

BERNARD SCORES GAINS AGAINST BOTH BRITISH AND FRENCH BY VIOLENT AND REPEATED COUNTER-ATTACKS.

HIGHLY PRIZED BRITISH CAPTURES ARE RETAKEN

Newly Constructed French Trenches West of Sochez Levelled by Kaiser's Big Guns—British Mortars Shell Zebrugg Without Effect, Berlin Reports.

London, Oct. 5.—A dispatch to the Times from Bucharest says: Premier Bratianu received a deputation of the opposition leaders who asked for an immediate mobilization in order to prevent Rumania being surrounded by enemies. M. Bratianu replied that mobilization was needless as the crown council of last year nothing had intervened to make Rumania change her attitude."

London, Oct. 5.—Violent and repeated counter-attacks by the Germans delivered in a persistent effort to re-establish themselves in the wets captured from them by the Allies in Artois were heavy today, scoring gains against both the British and the French. Recovery of the lost ground serves to strengthen perceptibly the German line on both sides of the great protecting Lens which has its apex at Arras.

Against a British front after a heavy bombardment which began in the afternoon and continued with great fire throughout the night and well into the morning, the Germans commenced a series of terrific attacks, charging across the open with great prodigality in line.

Germans Regain Works.

After bitter fighting had hand character in which the losses on both sides were heavy, the British resistance was all that the traditions of the battles of the lost fortnight could muster. The Germans succeeded in establishing themselves in the great part of the Hohenzollern redoubt which with the Wilhelm II works, were the main strong points of the British front.

Field Marshal Sir John French, in making the official report to the British cabinet, declares that the British are holding their own on the whole of the front.

Level French Trenches.

To the south, west of Sochez, where the Germans were repulsed, the heights that command an unbroken view of the German line, the Germans by persistently hammering with artillery and trench mortars, succeeded in leveling the French trenches, leveled that hostile works and following through with hand and machine gun attacks which gave them a foothold at the highly important crossroads, the Germans are up in the air as to the extent of illegal voting, if there was any.

Though the majority of them were inclined to believe that the entire majority attained by the wets is not fraudulent, all are determined to make thorough investigation, and other arrests are promised, in addition to 10 arrests already made.

NICOLLET COUNTY GOES WET

Rejects Prohibition by Majority of 833—Vote Carried by 1,000 to 1,833.

St. Peter, Minn., Oct. 5.—With all returns in, Nicollet county went wet by a majority of 833. Out of 19 precincts in the county, the dries carried only four. North and South Nicollet, as dry, returned a wet majority of 15 votes. The city of St. Peter, with a total vote of 414, gave the wets a majority of 244.

The voting all over the county was much heavier than in the last general election.

Arizona Militia at Mines.

Clifton, Ariz., Oct. 5.—Forty-eight militiamen from the Arizona National Guard are camped on the copper grounds here to aid Sheriff J. G. Cash, if necessary, to preserve order among copper miners who recently went on strike. With the miners offered to meet officials of the mine company in another effort to settle their differences, Sheriff Cash and other county officials declared that every effort would be made to conclude negotiations, whereby the strike in this district soon would return to work.

Strikers Fight, Says Employer.

Cleveland, Oct. 5.—Victory for striking machinists was indicated when A. L. Garford, president of the Cleveland Automatic Machine Co., openly expressed the cause of the workers. "The men are perfectly right in wanting a share of the profits we are making from increased business," was Mr. Garford's comment. The strikers came to the plant of a conference with leaders, in which it was said Mr. Garford volunteered to grant an increase of 10 per cent.

Milk Biscuits.

Mix one-half teaspoonful of salt with milk essence. Stir in half a pound of softening butter, and last mixed, add one heaping teaspoonful of baking powder and about three eggs. Bake in a soft dough. Handle as little as possible. Roll out into a sheet as thick as a lady's finger and bake in a buttered pan.

Vanilla Cake.

Beat a quarter of a pound of butter to a cream, add half a pound of sugar.

Simple Cure for Cold.

Put one-half teaspoonful of baking soda in a cup with one-half teaspoonful of water, stir well, and add one-half cup of hot water. Drink hot and cover up well in bed.

JAMES WHITCOMB RILEY

Signal honor will be paid to James Whitcomb Riley, the Hoosier poet, on Thursday, October 7, which has been proclaimed a legal holiday by the governor of Indiana. There will be special exercises in all the schools of the state, and in Indianapolis a great banquet will be given in honor of the poet by the citizens of that city.

ALLIES LOSE 130,000 TROOPS

FRENCH KILLED AND WOUNDED IN DRIVE, 120,000.

German Casualties in France Less Than One-Fifth of This Total, Says Berlin.

Berlin, via Amsterdam, Oct. 5.—The Allies lost 130,000 men killed, wounded and prisoners in the first week of the new offensive, according to reports said to have been laid before the German general staff. Of this total the French are said to have lost 130,000 and the British 60,000. The German losses are said to be less than one-fifth of this total.

The general staff attributed the temporary successes of the Allies to surprise attacks at certain portions at the front and to the use of gas bombs. It was stated that though the Allies surprised attacks at certain portions at the front and to the use of gas bombs. It was stated that though the Allies surprised attacks at certain portions at the front and to the use of gas bombs.

Mr. Daniels said, however, that the report made to him by Naval Secretary McBride, who returned from England last week after investigating the progress of the war, had convinced him that fast warships of great tonnage were absolutely essential to a well balanced arm toward which his recommendations will tend.

He refused to say how many submarines Congress will be asked to provide, but he intimated his opinion that the submarines will be recognized by important additions.

Secretary Daniels expects to have his estimates ready by October 15. The need of increasing the number of midshipmen at the naval academy was touched on at the conference.

To Confer With Board.

President Wilson will confer on Wednesday with the Advisory Board, headed by Thomas A. Edison, as has been announced by congressional leaders that a \$500,000 program of defense mobilization will be through Congress—provided that program takes a new course. The group of congressmen who have benefited Congress bills because of the huge profits they gave to the armor plate and powder trusts would give up their plan for government plants for the manufacture of armor and powder.

U. S. NAVY IN BIG WAR GAME

Every Available Vessel Ordered Into Place for Atlantic Coast—Red Fleet Moves East.

Washington, Oct. 5.—Navy authorities expect to be the most important war game ever played in time of peace by the American navy. The fleet will be divided into two main groups, the Atlantic coast fleet, and the Pacific coast fleet. The Atlantic coast fleet will be divided into two main groups, the Atlantic coast fleet, and the Pacific coast fleet.

The purpose of the game is to develop the tactics of the fleet, and to test the fleet's ability to fight a major battle. The game will be played in the Atlantic Ocean, and will involve the fleet's ability to fight a major battle.

PRESIDENT SEES NEED FOR SPEEDY BATTLE CRUISERS

DECIDES AT CONFERENCE NAVAL PROGRAM FOR CONGRESS SHALL INCLUDE ADDITION OF FAST WARSHIPS.

\$500,000,000 ASSURED FOR DEFENSE PROGRAM

Congressional Leaders Who Heretofore Have Fought Defense Bills Because of Profits to Armor Plate "Trust" to Support Plans for Manufacture.

Washington, Oct. 5.—President Wilson, Secretary Daniels and Chairman of the House Naval Committee, decided at a conference at the White House that the naval program for the coming session of Congress shall include the addition of fast battle cruisers to the American fleet. The program has now some support.

The conference on naval estimates lasted more than an hour. Afterward Secretary Daniels said the program had not been completed and he was not ready to make any announcement to what increases he would recommend to Congress.

Fast Ships Essential.

Mr. Daniels said, however, that the report made to him by Naval Secretary McBride, who returned from England last week after investigating the progress of the war, had convinced him that fast warships of great tonnage were absolutely essential to a well balanced arm toward which his recommendations will tend.

He refused to say how many submarines Congress will be asked to provide, but he intimated his opinion that the submarines will be recognized by important additions.

Secretary Daniels expects to have his estimates ready by October 15. The need of increasing the number of midshipmen at the naval academy was touched on at the conference.

PINE CITY MILLING COMPANY

BEROUN NEWS DEPARTMENT

This Department will Appear Regularly in The Pine Poker. Readers will find the Beroun News in it.

The Lahart auction at Meadow Lawn, last Monday, did not draw many from this locality owing to the muddy roads. We understand that there was not a very large crowd but that those present were good bidders and everything sold at very satisfactory prices for everyone concerned. The Laharts have not sold their farm yet and will probably remain on it, until spring at least. Everyone hopes that when they do sell they will get a good price for they were early settlers there, have worked hard to build up the Lawn country and deserve it. When they do sell, they expect to settle at Pine City.

Invitations have been issued by Mr. and Mrs. M. O. Gupitil for a quiet celebration of their Golden Wedding anniversary at their home, Elmwood Farm, east of town, next Monday afternoon, Oct. 11. The Gupitils have lived here more than a score of years and everyone in the community joins in wishing them a joyous time—and many happy returns of the anniversary.

Strohkirsch Bros. have torn down the old ice house near the horse sheds, north of the store and expected to begin work today on a 30x70 machinery warehouse on the cleared-off ground. Frank Hora was scheduled for chief engineer on the job. They will put up a new 20x20 ice house at their residence on the west side to supply demands in that line.

H. G. Richardson and wife, of Florence, N. M., spent parts of Tuesday and yesterday at the home of his brother, G. L. 3 miles north of town, while on a tour including Chicago, the Twin cities and San Francisco. Mr. Richardson is county attorney in his own region.

Fred Petelik went to St. Paul yesterday on a trade deal by which we understand he might exchange

his farm east of town for a residence in the city. The Peteliks have lived out east of town for nearly half a dozen years and old friends here would hate to see them move.

Jacob Tone left from Pine City, Tuesday, for his home at Chicago, but his son is staying for a time at the Karhan home east of town. Mr. Tone is greatly in love with this region and friends of the family would be glad to see them back here to live.

The beautiful sunshine of Tuesday attracted great attention. The old timers held a council of war in front of the stores and it was generally agreed that they remembered seeing the sun shine just as bright about twenty three years ago.

Mrs. John Lachowitz, came up from St. Paul, yesterday for a visit of a week or two at the home of her parents, the Wenzel Kryzers, east of town. Mr. Lachowitz is expected Saturday for a few days.

Jos. Kozisek is expected up from St. Paul, Sunday, for a couple of days' visit at the home of his wife's parents, the Jos. Chalapskys, Mrs. Kozisek, who has been here a few weeks, intends returning with him.

Misses Rose and Mary Poboda left Monday for St. Paul where they are employed. Miss Mary has been home for some time while Rose was only two or three weeks.

Chas. Gass has the roof on his new house, 31 miles northeast. He has been greatly retarded in his building operations by the wet weather of late.

Adolph Strohkirsch has about finished considerable improvements and changes on the interior of his house on the west side.

J. W. Kryzer is making some improvements on the interior of his barn.

Rock Creek News Department

Wherein is published the news of the Rock Creek region. It is intended to help Rock Creek in every way and collect your aid.

Rock Creek is to put on metropolitan airs by night as well as day. Four electric street lights are to be installed on main street—probably two on each side of the track or one at the depot and one on one side and two on the other side of the track. The money has been all subscribed—\$8 per month. The Woodmen put in \$1 a month and the business houses contributed most of the balance. Though some others have helped. This will be a fine thing for the town and the people who come here for business and pleasure.

Revival services will be held in the Methodist church for two weeks, beginning next Sunday evening. We understand that the revivalist will be Rev. Wood and that his wife and daughter and Mr. Brooks will assist. The workers will stay about at the homes of members and interested ones.

About 60 young folks enjoyed a pleasant private dance in the Woodman hall, last Saturday evening, music being furnished by Edw. Brant, violin, and Miss Elfin Lund, piano. Lunch was served in the Johnson store and a delightful time had by all present.

Will Hughes arrived from Washington recently and is staying with his brother, Bascom, who lives on the old Russell place, south of town. Bascom expects to sell out this month and move to Washington state, whether his folks went about 2 or 3 years ago.

Potatoes began coming in Tuesday and yesterday fairly well but rain has interfered with digging, as well as hauling. There are lots of small ones in the white stock this year. Last year buyers found fault because there were too many over sized ones.

Owing to the absence of Pastor Westerlund there will be no services in either the Pine Grove or West Rock Lutheran churches next Sunday but on Sunday, the 17th, services will be held as usual as he is expected home on the 14th.

Mrs. Greene McNiel is improving so as to be able to get about after her recent fall on the steps at the Erickson store.

How about those horse sheds? These are the days when their

need is beginning to be felt. Rock Creek people want the reputation of taking care of their dumb animals. Don't they?

Chas. Merriott has leased the Bassett farm and expects to move on about Nov. 1, when, we understand, Felix Wilson will move to his own place near Rush City.

Elwood Doran was brought home from the hospital last Friday and is recovering from the effects of his recent injury in fine shape, all are glad to know.

Hjalmar Anderson returned to his home at Forest Lake, Monday, after a few days' visit at the home of his aunt, Mrs. Berglund, east of town.

Edw. Brant left today for a couple of days' absence at Duluth.

Ants That Strike.
Certain kinds of black ants have little yellow fellows who go on strike, and the blacks try to force them back to work by cutting off their food supply. If that does not succeed they will attack the strikers in force or make a raid and get another gang of yellows into the colony. But the newcomers, as a rule, join the strikers. The strike ends by the yellows escaping and founding a colony for themselves, or they give in and settle down to work again.

Hard on the Father.
A little girl three years old who is very fond of music has a father who cannot distinguish one tune from another. However, she is always trying him to sing. He was trying his best to please her by a hymn one day and flattered himself that he was doing very well. Suddenly the little tyrant turned upon him and demanded: "Why don't you sing, daddy? You're only making a noise."

Still Anchored.
The sick man had not come out of a long delirium. "Where am I?" he said feebly as he felt the loving hands making him comfortable. "Where am I?" "In heaven!" "No, dear," said his devoted wife. "I am still with you." Chicago Herald.

It Might Be Worse.
"Post—I feel I haven't written any thing that will live." "Friend—Look on the bright side of it. Be thankful that you are alive to spite what you have written."—London Opinion.

Pine City, Minnesota

Greeley News

Miss Ellen Aarnold of St. Paul spent the week end with Margaret Heller here.

B. W. Beaver and wife of Rock Creek visited at the Beecher home Thursday last.

John Vetter, one of our creamery men, visited his parents at Harris the last of last week.

Mrs. Jas. Hurley and Miss Be. Lambert of Pine City visited at school Friday afternoon.

Andrew Dahlin of Savaze, Minn. visited at his home here from Wednesday to Saturday of last week.

Misses Anna, Minnie and Amelia Strelow, who came up from Minneapolis to attend the wedding of their brother, returned early this week to resume their work at the Flour city.

Happily Married a Greeley

A pretty wedding was celebrated at the home of Alfred Walberg Wednesday, Sept. 29th when his sister Miss Maybel Walberg, became the bride of Henry Strelow.

The bride was attended by her sister, Miss Anna, who wore white embroidered voile and carried pink carnations. The bride wore white satin trimmed with shadow lace and crystal, and carried a shower bouquet of white roses and lilies of the valley.

The groom was attended by August Walberg and Albert Strelow.

The young couple were the recipients of many gifts of cut glass, silver and other things too numerous to mention.

Mr. and Mrs. Strelow left Sunday for Hibbing, where Mr. Strelow is employed in the mines. Our glad wishes attend them.

Bids Wanted on Coal for County

Bids will be received by the Board of County Commissioners of the county for the furnishing of coal for use at the Court House and at the County Poor farm as follows:

For use at the Poor Farm one car load of 20 tons of Poshon or smokeless coal, to be delivered on board at Hinkley, Minnesota, not later than November 10th, 1915.

For use at the Court House, 20 tons, or as much as may be needed, of Youghiogheny or White Ash split coal, same to be screened and delivered in bulk at court house as needed.

Bids to be sealed and delivered to the County Auditor not later than noon on October 18, 1915.

The Board reserves the right to reject any or all bids.

By order of the County Board.

W. H. Hamlin

County Auditor.

Dated at Pine City, Minn., this 30th day of September, A. D. 1915.
