Pay Your Taxes Now

The Last Half of Real Estate Taxes Must Be Paid Before Nov. 1

The time for paying for the last half of real estate taxes is at hand. A 10 per cent penalty will attach if this is not paid before November 1. You can borrow the money for a year and not have it cost you any more than the county will tax you for two months—for on January 1st other costs will begin to attach. So don't let it slip by. Pay up before November 1.

From 80 to 85 per cent of the first half, due June 1st, was paid before it became delinquent.

County Commissioners Will Meet

The board of County Commissioners will meet in the court house next Monday afternoon at 1 o'clock. If you have anything coming up, remember the date. The Beroun ditch that would drain into Cross lake will be up for consideration.

He Won, But Lost

Copies of Seattle papers received here tell of the fight of Attorney Saunders, formerly of Hineckley and Pine City and county attorney of Pine County, to collect damages for a lady from Bay St. Louis, Miss., against a train robber in the Seattle courts for causing the death of her son.

Mr. Saunders secured judgment for \$25,000 and attached a safety deposit box, in which it was thought the robber had concealed his wealth. But the box was empty.

Game Preserve in Kanabec Co.

Game Warden Jackson was in northern Kanabec county about a week ago, posting notices for the game preserve that we understand is almost sure to be established in the two northern tiers of townships in that county when Game Commissioner Avery meets the residents of that region there next Wednesday.

The preserve will protect all kinds of birds and game animals within it for five years.

The settlers here petitioned for the preserve, claiming that it was unsafe for any one to travel there, or even for children to go to school during the hunting season.

It is said that there were 172 hunters camped, last fall, within a radius of five miles of Warman post office.

Died From Bullet Wound

The hosts of friends of the R. E. Carlsons here were shocked Monday morning when it began to be known that word had been received of the death, at 4 o'clock that morning, of Mr. Carlson's brother Wendell in the hospital at Northfield where he had lain since his accidental wounding by a bullet from a 22 calibre rifle while out shooting near that city on Monday afternoon of last week.

It had been understood here that the young man's injury was not of a greatly serious nature and people looked for his gradual recovery. It develops, however, that the muzzle of the gun was only a couple of feet from his back when it was accidentally discharged and the bullet perforated the bowels and was never removed. From the first, we understand, the chances were against his recovery. His suffering was intense.

The body was brought to Rush City on Monday and the funeral will be held there this afternoon at 1:30 o'clock from the home and at 2 from the Swedish Lutheran church, which many from here will attend.

Wendell Carlson was the second and youngest son of Mr. and Mrs. J. C. Carlson of Rush City. He was 19 years of age and was taking his second year's work at Carlton col-

lege at the time of his death. He was a solid young man of real, genuine characteristics and gave promise of becoming a highly respected and influential man. He was an extremely likable young man and genuine regret is felt at his death by all who knew him.

Will Finish Rooms in Sch. House

At a meeting of the school board, held Thursday evening in Treasurer Hurley's office, it was decided to put the cement floor in the one room remaining unfinished in the basement of the new building and to furnish flooring for the two rooms still unfinished on the other floors, which will be laid by Prof. Schimmel and his pupils of the manual training class. Only one of these rooms is required at present.

The chemical laboratory—but the board had an experience with frozen water pipes in them last winter and figures that it will shut off a repetition by putting them in proper shape. The plasterers of the village have also been requested to put in sealed bids at the board meeting next Wednesday evening on putting in the cement floor mentioned above and plastering all three rooms.

Messrs. Madden, Glasgow and Wilcox were named as a committee to confer with Supt. McAdam, in securing some necessary equipment of the domestic science department.

Straw Stack Fell on Him

Clarence Holler suffered a broken leg and other possible injuries when a shed, on which straw was being thrown from the Spraul & Hoag separator, caved in on him at the John O'Reilly place, 6 miles west of town yesterday. He had just stepped into the shed when it fell in on him. His right leg was broken just above the knee. He was accompanied to the University hospital at Minneapolis today by his brother, Irene.

Burglars Are Caught

Those Who Burgled in Pine City Couple of Weeks Ago Are Landed

Carl Lee of this place and a pal who gave the name of Mike Finnity held up a saloon at Carlton last Saturday night and secured \$90, after which they jumped an ore train in an endeavor to get away but were captured at Duluth.

Finnity "covered" the bartender who promptly grabbed the gun and grasped with the robber when Lee pressed his gun to the bartender's head and threatened to blow his brains out, which ended the row. They took \$90 from the cash register.

A. M. Challen noted the account of the escapade and arrest in the Duluth Sunday morning papers and took the train for that city. He obtained permission to see Finnity and found him wearing one of the sweaters taken from the Challen store here two weeks ago. Of course that fixed the guilt for the burglars here at that time.

Mr. Challen is to be congratulated on his success in locating the culprits of the local raid. He secured the watch, diamond ring and some old coins and jewelry that had been taken from his safe.

It developed from an express receipt found on Lee that these men were only two of a gang of five, of whom one was a woman. They had scattered their "bag" through all the pawn shops of the Zenith city.

Lee is only about 19 years of age but this is his second experience with the hand of the law. His folks here are highly respected citizens and on all hands there is sympathy for the relatives of this wily boy.

Pokegama News

How a Horse Affects a Watch

Railroad engineers carry such high grade, sensitive watches that unless regulated to show the bumping, jolting and swaying they get in the engine cab they don't see perfect time at all.

The thing probably wouldn't affect a poor watch because poor watches don't run in their action and don't keep time for as long periods of circumstances as will how. The same thing is true of watches carried on horseback.

If you need a good watch and then it needs regulation in the general conditions under which you live and work.

"South Bend" Watch is subject to the most accurate regulation and is made by the most expert watchmaker, so it runs true watch before you see a "South Bend" watch for the best timekeeper in any city who can show you a "South Bend" watch you are sure to get the best timekeeper in any city who can show you a "South Bend" watch you are sure to get the best timekeeper in any city.

Kryzer-Vacek Wedding

Wm. Kryzer, son of Mr. and Mrs. Frank Kryzer, living south-east of town, and Miss Barbara Vacek, daughter of Frank Vacek and wife, were married by Father Leo in the Catholic church at this place at 10 o'clock Monday forenoon.

They were accompanied by Miss Josephine Vacek and Edward Kryzer, sister and brother of the contracting parties, as bridesmaid and best man, and the church held a goodly company of relatives and friends of the contracting parties who were gathered to wish them well.

After the service a wedding breakfast was served at the home of the bride's parents, where the numerous wedding gifts were displayed, and the happy couple took the south limited from Pine City for the Twin cities where they are visiting for a week or two, after which they will make their home on Mr. Kryzer's place, alongside of the home farm.

Among those from outside who were present at the ceremony were: Mr. and Mrs. John Lachowitz of St. Paul, and Mesdames Jos. Pojar of St. Paul and Jos. Kopaček of Minneapolis.

The young couple have the best wishes of their hosts of friends, including The Pine Pucker, for a long and happy life.

Guptill Celebrate Golden Wed.

Mr. and Mrs. M. O. Guptill entertained nearly fifty old time friends at their home Elmwood Farm, east of town, Monday afternoon, in honor of their golden wedding anniversary. They would have liked to invite many more had they had accommodations for a larger crowd, but practically all who were invited attended and extend their congratulations besides enjoying the very pleasant social gathering which was contributed to by their neighbors and old friends from this place, Pine City and Hinckley. A sumptuous banquet was served and

the guests presented Mr. and Mrs. Guptill with a purse of golden coins and numerous gifts to remind them of the happy event, the presentation being made by Elder Barnes Messrs. Harle and Greig of Pine City also made happy talks.

Creamery Changes Hands

The creamery here has been turned over to the Moose Lake Creamery Company who will take charge the latter part of this week. Martin Larson of that firm was here with Messrs. John A. Lund and Lorin of Grandy, former owners, on Monday to close the deal. Either Mr. Larson or his brother will move down at once to make their home here and give the business their personal attention. The Larson brothers feel that this should be one of the very best creamery locations in this part of the state and will do what they can to prove their opinion is correct.

Andrew Ness has traded the old Keene place, on the Government road, with F. A. Wiley for the latter's fine farm just south of Pine City. Mr. Wiley is expected to put a fence onto his new place and Mr. Ness we understand, will move onto the old Wiley place in the near future. At the same time Chas. Nelson, as previously told in The Pucker, will move onto the Breckenridge farm in Meadow Lawn, which he purchased.

The house on the old Berea place, a couple of miles northwest of town, was completely destroyed by fire last Thursday afternoon. The E. M. Johnsons, who lived on the place, lost all the family furniture etc. on which they had spent of insurance. It is not known how the fire started. The place belongs to an Iowa man and we are not informed as to whether he will build again or not.

Purdy Bros. threshed for Frank Skaltky, three miles east of town, Monday, and he reports that his oats weighed out 90 bu. per acre for the 22 acres he had. Anton Pavak threshed Tuesday and John Pavak

today. There are still several who have not threshed out east of town but, with the Purdy and Kublen & Rana machines operating there, they will clean up soon if they have good weather.

Eleven hundred bushels of potatoes were marketed here Monday. The only fault has been the number of small ones. At first the warehouse had no sorting machine but this defect has been corrected and the small potatoes are easily picked out.

The C. J. Houde auction, Tuesday afternoon, drew a good crowd and things sold in good shape. Mr. Houde moved into Pine City yesterday and we understand that Mr. Blanchard, who has purchased the place, will move on in ten days or two weeks.

Word from D. H. Bargman, who removed last week from Meadow Lawn to Princeton, Neb., says that they arrived there safe and sound. He adds that it is a little dry there, that everybody is sowing wheat and that he never saw better corn.

Graston Kraft and bride, of Graston, arrived Monday for a visit at the home of her niece, Mrs. Adolph Strohkirsch. They were recently married at International Falls.

Misses Anna Ploub and Emma Pulkraab left, Monday, for the Twin cities to work after being home all summer. Miss Mary Ploub went down Tuesday.

Victor Peterson arrived from St. Paul yesterday for a couple of weeks' visit at the home of his brother, G. E., a couple of miles northwest of town.

Strohkirsch Bros. will unload apples and pears from the car on Monday and Tuesday next. Be on hand to get what you want.

Fred Aumaus, who has been confined to his home north of town the past three weeks, is improving somewhat.

E. E. Larson of St. Paul spent Sunday at the home of his sister, Mrs. Hanscome.

ROCK CREEK NEWS DEPARTMENT

Potatoes Coming in Fast

The town is crowded from morning to night with farmers hauling in potatoes. At 6 o'clock in the morning the lines are beginning to form and some don't get started home before 9 p. m. Nearly a hundred loads a day are coming in and they average nearly 50 bushels to the load. These buyers are in the field to date—Barringer for the Hindley Produce Co., A. P. Erickson for Begez and John Sommer for the Rush City Merc. Co., while it is expected that Wat of Rush City will begin buying for another firm soon. Sandy Tate reports as good a yield as we have heard of herabouts, though there are doubtless others as good and maybe some better. He reports 1200 bushels from 6 acres of Round Whites, Burkanis and Triumphs—only 150 bu. of the latter. In general people are getting about 100 bu. per acre. The price has been climbing steadily since the market opened. It is said that a light slump is coming soon but good judges look for much better prices than the market affords now, later in the fall. It will be a surprise to most of our readers to know that fancy southern potatoes are selling for about 15 cents a bushel over Minnesota potatoes on the Chicago market, because they are sorted as to size and with defective ones culled. This sorting business is most all done by machinery and the 15c represents a gross margin of profit to the producer.

er she was taken last Sunday morning. Details are lacking at this time but will be given next week.

Evangelist Wood and party, who are holding revival meetings in the Methodist church here, are having good meetings. There is an increase of interest from night to night and those interested feel sure that soon the church will be crowded to the doors. They have fine music, violin and aluminum harp, also chorusing, solo and congregational singing. All are invited to attend.

Ward Peterson of Spirit Lake Ia., an uncle of Mrs. Glenn McNeil, and Walter and Orrie Hasbrook of Superior, Ia., arrived last Thursday to look over the Creek country with a view to locating. They were all greatly pleased. The two former returned home Monday while Orrie Hasbrook remained until yesterday and expects to come back with his family as soon as he can find a suitable farm to rent.

The Methodist ladies' aid was entertained at the home of Mrs. Harry Mills, northeast of town, last Friday afternoon. There was a good attendance and an excellent lunch was served. The aid decided to give a social soon at the Felix Wilson home. Watch for announcement. The November meeting will be held at the home of Mrs. Thos. Gill.

A dozen of our young folks journeyed last evening in the Becklund and Richard Lindstrom cars—the latter driven by Jess Mills since Richard could not get to the home of Miss Loren Langman, about a miles east of Rush City, where an enjoyable dance was in progress.

Word from Rush City is that George Poehman has been indicted by the Chicago county grand jury for selling liquors without a license. There are rumors of other indictments but at this time we are neither able to affirm nor deny them.

The Chianpans have leased their farm, a couple of miles east of town, to Fred and Arthur Pepin and will hold an auction on the 26th and later move to Duluth.

The Farmer's club has about \$30 subscribed toward the horse sheds and the Woodmen have something in their treasury for the same purpose. We ought to have the sheds before long if we are to build them before spring.

Adolph Bjork shipped 1100 pounds of honey to the Minneapolis market this morning. He is our chief apiarist and says that on a good year his 40 hives of bees will make twice as much.

Mrs. Yoch of Superior, Ia., arrived at the home of her sister, Mrs. G. C. Schmidt, yesterday from Watkon, where she visited her son, and will remain here a week or more.

Ever Johnson and wife were at St. Paul Tuesday, Mrs. Johnson stopping off at Forest Lake on their return for a day's visit at the Oscar Anderson home.

Richard Berglund, east of town, is getting about again after a short but telling illness. He lost 14 pounds in three days—and that's going some.

Services will be held in the West Rock Lutheran church at 10:30 next Sunday morning and in the Pine Grove church at 7:30 in the evening.

John Erickson & Son will unload apples and pears from the car tomorrow and Saturday. Be on hand to get what you want.

The modern Woodmen will give a dance in their hall, Oct. 23. Elegant weather and potatoes.
