Re-election Are Popular

Town and Vil. Elections Favor Return of Old Officials Wherever They Ran

Town and village elections, held over Pine county on Tuesday, resulted very generally in the reelection of old officials. There were comparatively few contests and, even where these were staged the general disposition seemed to be to retain the men who held the offices.

The best joke of the day was pulled off by Hincley where Editor Warren of the Enterprise had been hinting to the fellows about town for a couple of weeks that he would like to be elected village treasurer since he had lost his share of the "swag" in the county printing graft.

The day wore on with occasional clouds shutting out the sun. Mr. Warren stood on the street corner and plumed himself and crowed he would eat the worm when he got around to it. The men about town passed and passed him with hardly a thought in his direction, except to admire the plumage on his breast—and then they went over to their village hall and voted.

Farm Inst'te at Pine City

Will be Held Saturday of This Week—Specializing on Dairying.

A farm institute, particularly designed to cover all dairy matters, will be held in the village of Pine City on Saturday of this week—March 16. The morning session will open at 10 a. m. in time to give everyone a chance to take it all in and still get home in time for the evening work.

County Agent W. J. Corwin and a man from the agricultural extension will be in charge and every man in the Pine City region who is interested in bettering the dairying conditions and resources of this locality is urged to attend.

These are Classed as Deserters

Following are the names and addresses of men registered in Pine county under the draft law but who have not reported to answer their questionnaires and are returned as deserters and liable to severe punishment unless they are returned as deserters and liable to severe punishment unless they are returned to the service.

Chas. W. Miller, Sturgeon Lake; Fred Oquist, Sandstone; Oscar John Carlson, Jamestown, N. Dak.; Joe Jobbouski, Sturgeon Lake; Louis Halbach, Pine City; A. R. Shade, Danbury, Wis.; Lars Bakas, Sandstone; Matt Harris, Sandstone; John Oliver Hotin, Pine City; A. F. Osborn, Hincley; John William Hornby, Henrietta; Joseph Peter Nelson, Sandstone; Yoll Nesbitt, Waukena, Sandstone; Julius Johnson, Kerriek, Ernst Schmidt, Hincley; Yarmen Jorgeson, Sandstone; Edward Maln' Sandstone; Claude E. Messer, Sandstone; Gust Aronson, Kingdale; John Abel Leonard Frajd, Lindstrom, Minn.; James H. Clark, Pokegama.

Alfred Hawkins of Sandstone, who was not to be found when the questionnaires were sent out, and whose folks there could cite no account of his whereabouts, turned up for physical examination at Pine City, last Saturday, having been "shacking" in the woods north of Duluth since late in the fall. On coming out for supplies he found the boys were being examined and took the first train for Pine county to line himself up for fight. He had been reported to the adjutant general's office at St. Paul as "not found," but this was quickly corrected by Sheriff Hawley when he turned up.

Pedersen and Rystrom File

First Men to Get Into the Legislature and Senatorial Race Filed Today.

The political pot gets another job today with the filing of L. C. Pedersen of Akov for member of the legislature from this district, including Pine and Chisago counties, and of J. A. Rystrom of North Branch for reelection to the senate.

The filing of Mr. Pedersen for the house position looks to us as though Mr. Larson would not file for the position though we do not know as to this.

Mr. Pedersen is president of the bank at Akov, is an enthusiastic booster for Pine county, a sound business man and clean man in every way. He has been a resident of the county for about 10 years and is pretty well known in all its business centers.

James Jordan Loses His Roll

The following story regarding James Jordan of Clover town, formerly of Hincley and Sandstone villages, and well known to all old timers in the county, will be of interest to everyone: James Jordan Sr. who lives on a farm near Danbury, Wis., was prey for a couple of swappers who relieved him of \$65 after he had become uncompanion from a drink they gave him. It all happened on the Soo Line train that arrived in Duluth early Tuesday morning.

The friend accompanied him to the police station where the letter told Capt. Fiskett his story. E. Falls he was bound for Thief River Falls. He paid his mileage to the conductor. Soon after a stranger picked up a conversation with him. The stranger had some land for sale. He also had a letter describing the land. But Jordan didn't want any land as that was the reason for his taking the trip. He was going to Canada to look over some land.

To start with, a committee consisting of Supt. of Schools McAllen and Messrs. Schumacher, Chadden, Lawrence and Fara was organized to work the matter up.

In the fastest game of the season, Friday evening Pine City defeated Milaca. Before a large crowd of Pine rosters our boys showed the home folks that they were invincible on the local floor. From the very beginning of the game Pine took and maintained the lead through good team work more than by stellar playing. As Milaca had defeated the locals 21-8 the week before, the playing proved a surprise to the local fans. At the end of the first half the score stood 7-12 in the proper favor.

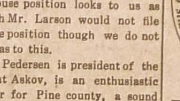

In the second half the margin was increased amidst a noisy tumult. During a short relay Milaca slipped in a couple of baskets but such success was soon "verbotten" by the Pine athletes. When the final whistle sounded and the smoke cleared away the score board registered 23-13 in favor of Pine. The local boys were well pleased with results as Milaca had won all previous games during the season.

Some lady left a pair of knit socks and a pair of mitts at the Pine Poker office for the Red Cross about a month ago. The package was misplaced and the name of the person leaving them has been forgotten. Will the one who left them kindly write or phone in your name so that they may be given credit.

Why a Book of these "A. B. A." cheques is the handiest way to carry Travel funds

American Bankers Association Cheques are readily accepted by hotels, railroad and steamship companies, and the best merchants. This makes them so convenient to use in payment of travel bills as cash or currency.

Another convenience is in the simplicity of identification. All that is necessary is the counter-signature of the owner in the presence of the person accepting the cheques.

The companies issue a wallet containing convenient denominations of \$10, \$20, \$50 and \$100, make the Cheques easy to carry. They are the safest travel or emergency "money" also.

Garrett Corrihan arrived in town, Sunday morning, from Paul Perkins' camp near Clowerton and has been receiving congratulations ever since on being alive—you remember it was reported that he was among the missing when the Tuscania was torpedoed off the coast of Ireland, a few weeks ago. Then came another report, that Garrett scented the Emerald Isle across the briny deep and swam to Cork. But all the time he was "safe in his bunk below" in the Perkins' camp at Clowerton. Another report at the time was that his son Gerald was the last man, but Gerald is a petty officer aboard the Battleship South Carolina and is safe and sound.

It is with real regret that we read an announcement from the manufacturers of this high grade ware that, owing to present conditions, they will be unable to make or furnish a further supply.

Man Best Laughter, Says Madge Kennedy

Madge Kennedy, star in Margaret Mayo's brilliant comedy, "Baby Mine," to be seen at the Family Theatre, Wednesday, Mar. 20, as the second of the Goldenrod productions, has found from the depths of her stage experience that men laugh more easily and more whole-heartedly than women.

"I could even undertake to prove from my experience behind the footlights," says Miss Kennedy, "that men have a more appreciative sense of humor."

"Generally speaking, a man will laugh where a woman only smiles. And when a woman reaches the point of laughing a large majority of the men in an audience will be emitting side-splitting whoops."

"Perhaps it is because a woman is more repressive, but as an encouragement to a good time I would rather have one jolly fat man in the first row than a dozen women. A nice fat man whose laughter is easily stirred is a great asset at the first night of a comedy or a farce. A good laughter spreads the contagion of audibly expressed merriment."

There never has been a time in our lives when it paid better to keep your harness well oiled. Leather is so high that the value of a harness is much greater than it was a couple of years ago. We will oil your harness at a low price or sell you the oil.

A Safe Test

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Pine City people.

Mrs. P. Holm, Pine City, says: "I suffered awfully from kidney and bladder complaint, some three years ago. I was all run down and miserable and my back ached and pained so much, I would have to scream. When I had been sitting down, I could hardly get up again. I had dizzy headaches and many times I fainted away because the trouble completely unnerved me. Doan's Kidney Pills soon cured me. I can't say too much for them." (Statement given September 26, 1913.)

AGAIN PRAISES DOAN'S

On October 16, 1917, Mrs. Holm said: "I have needed Doan's Kidney Pills only since I recommended them in 1913. About a year ago I began to feel lame through the small of my back and began to have these terrible pains again. Doan's Kidney Pills cured that attack just the same as they did the one I described in my statement of 1913."
