MORE LETTERS SHOWING LE SUEUR'S CONNECTION WITH THE I. W. W. GANG

Secretary of Nonpartisan League Answers Haywood's Request to Defend Accused I. W. W. - Charges Government With Making War on "Workers."

The letters printed below are a second installment of the correspondence which passed between Arthur LeSueur and Wm. D. Haywood, convicted leader of the I. W. W. Haywood, with 95 fellow officers of the I. W. W., was found guilty of interfering with the prosecution of the war and violation of the espionage act...

Arthur LeSueur is secretary of the Non-Partisan League. These letters are part of the exhibits introduced in evidence by the Government during the I. W. W. trial. They were identified by Haywood.

This correspondence is published for the information of the people and explains the stand taken by the Public Safety Commission, pertaining to certain dangerous and unpatriotic activities within the State of Minnesota.

(Note the Date.) June 13, 1917.

Dear LeSueur, On June 5th between forty and fifty members of the I. W. W., led by Scott, numbering in all 135, returned to register at Rockford, Illinois...

As the case now stands, it is, I believe, merely a misdemeanor, though they have one man, George Cully, under arrest charged with conspiracy, and of course there is no telling how serious the other cases may develop.

Let me hear from you soon. With best wishes, I am, Yours for Industrial Freedom, WM. D. HAYWOOD, Gen. Sec'y Treas.

(Note the Date.) June 20th, 1917. 2282 Commonwealth Ave., St. Paul, Minn.

W. D. Haywood, 164 West Washington St., Chicago, Ill.

Dear Fellowworker: Your letter written on the 13th of June caught me this minute at St. Paul. It was delayed in Fort Scott. I sure would have enjoyed taking a stick in those cases and I hope I have not thru failure to receive your letter, prevented the boys from having real counsel in the cases.

Of course, other arrangements have been made by this time. I will be at the address given above. I have resigned from the school and will get mail addressed here more promptly.

I hope things are moving along well with you. I look for trouble on the Minnesota Range when they begin prosecutions of the "Slackers" as they call them, for there is a bunch of real scoundrels there. Many of them left their native land to escape military conscription and will not lightly forego their personal liberty here.

Being interested in iron as much as it is interested in men, the Government will be put up against a hard game to play in case of a strike, and there is no telling what would develop.

I hope that the Department of Justice will realize that having enough registered for all purposes it had better quit and aid the government in the prosecution of the war, rather than make war at home on these workers, but they may decide to go thru. There is no power on earth so prone to blunder as ignorance in authority.

Fraternally, ARTHUR LESUEUR

Receipts since last report: Member-ship dues for 1918, \$1; Renewals \$6; Donation, a friend, \$1.00; Pockegema Farmer's Club \$97.75.

The work room at the village hall will be open from 2:15 P. M. on Friday, Oct. 25th. All ladies are requested to be present.

Christmas packages for men abroad - To make it possible for every soldier in France to receive at least one Christmas package...

Writes From France

Dated somewhere in France, Sept. 20, 1918. To the Red Cross workers, of Pine Co., Pine City, Minn.

Dear friends - Just a line to let you know the boys over here appreciate the work you are doing for us very much. Words cannot express our gratefulness to you for the work this splendid organization is doing for our boys over here. I'll take this opportunity to thank you most heartily for the Red Cross kit bag which was presented to me at my departure last February. I assure you all it comes in mighty useful, as a soldier's equipment along this line is rather limited.

I note with great interest the splendid support "Good Old Pine County" is rendering toward the winning of this great struggle for Democracy.

France is a great country. We have a splendid climate, the most beautiful work I ever experienced. There is some of the most marvellous scenery here. There are several historical ancient castles not far from here. I like my life in France very much. The Pine County boys who are in the service don't know what they are missing over here.

You will perhaps remember me as being one of Sturgeon Lake's representatives who left Feb. 23, 1918. There are only two Pine County boys in our regiment. The 31 Engineers of which I am a member is a half-way operating regiment. The boys are sure very busy at present.

Most close as the Bugler will soon be sent out. From a Pine Co. "Sammy" in France. Regards to all, L. W. Street Co. A. S. Enger. P. O. 215, A. E. F.

P. S. Please publish this as it's perfectly admissible. L. W. S.

Sideglints on the Terrible Fire

Latest reports from the fire swept region of Carlton and other counties north of us indicate that the death loss is greater than was reported in this paper a week ago. Up to date there have been about 1000 bodies recovered in all.

Only three deaths have been reported in Pine County - Mrs. Ray Fairchild whose death was reported in The Pioneering two weeks ago, and her baby and whooping coughed at three weeks ago at a hard fight for life. Mr. Fairchild carried the infant through the flame from their home 5 miles east of Brunc, to town.

C. H. Epper of St. Paul, who owns a partially improved farm 3 miles from Brook Park, has offered in free of charge to any homeless fire sufferer, for one or two years. He has two boys in the army. Doubtless others would be willing to assist some other homeless family in the same way.

The North Branch Review offers the following very sensible comment: "The Home Guard will probably gain more recognition as a necessary organization with some of the citizens here after the services they have rendered in the fire district. In an emergency of this kind the Home Guard is indispensable, and no other body of men could so readily be pressed into service. They should receive due recognition and support from every citizen in the community. What the Review says of its own Home Guard is equally true of those in every other locality."

Pine County Should Have One of the Two Representatives

It has been customary for Pine and Chicago counties to each have one representative from this the 6th Legislative district which the 6th Legislative district which is followed on an equal county elects its own representative separately.

I wish to express my appreciation for the splendid vote accorded me at the primaries and hope my friends will remember me again in the general election Nov. 5.

VOTE FOR PHILADELPHIA DIAMOND GRID BATTERY

Guaranteed 18 Months Manufacturer's Guarantee

ELIAS NORDGREN

Candidate for re-election to the office of REPRESENTATIVE For the 6th Legislative District, Chicago and Pine Counties General Election Tuesday, Nov. 6, 1918

My dear Voter - I am born and reared in a farm, educated in common schools. I am qualified to legislate on matters of agriculture having worked on common farms and farms in the woods, as well as on the city streets and in the store. I have had a wide experience as a merchant, the manager of a large business, and as a legislator. I have been a member of the last session of the legislature, by being placed on several of the most important committees, and through my efforts several measures of interest have been introduced and passed through the lower house of the state legislature.

My present conviction is that a program of well selected general legislative proposals should be a condition of having the people's welfare in mind. I am a native born citizen of this state, and I am proud to be a representative of this state.

Our accounts and records are kept according to methods approved by the United States government, and the public may learn at any time the status of how we are conducting our business.

We want the people to know the facts about our business. We believe that the more our patrons know about our business the greater will be their confidence in us.

We want the people to know the facts about our business. We believe that the more our patrons know about our business the greater will be their confidence in us.

We want the people to know the facts about our business. We believe that the more our patrons know about our business the greater will be their confidence in us.

FIRE SUFFERERS TO HAVE RELIEF OFFICER CAMPS FOR CIVILIANS

Rehabilitation By Every Government Means Promised Fire Districts of Minnesota.

ASKS AID FROM PEOPLE MANY MEN ELIGIBLE

Contributions of Half Million Dollars Are Needed at Once—Homes, Food, Clothing, Book and Fuel Are Pledged—Fires' Fearful Toll.

PLANS OF RECONSTRUCTION. Plans for the rehabilitation of the fire-stricken districts of northern Minnesota, as so far worked out with the backing of state, federal and local officials, are as follows: Immediate supplying of food and clothing to survivors and feed for animals.

Financing and government supervision for rebuilding settlements. Supplying labor for the rebuilding and reconstruction of the districts.

Making complete survey of livestock situation and preparing to restock district and supply food for cattle and horses. Helping banks in burned towns to weather the situation and resume for business.

Rebuilding of factories burned in Cluquet and homes needed in Duluth. Policing of burned district by Guardsmen and Motor Reserve Corps to recover property, prevent further fire and relieve distress of survivors.

St. Paul, Oct. 13.—This is the message of Governor J. A. Burnquist to the people of the fire-stricken district of northern Minnesota: "Keep a stiff upper lip. The state of Minnesota is going to see you through. Don't be discouraged at the tasks ahead of you or give up fight because you have lost homes and improvements. The relief organization is in splendid shape and will supply those who need it with food, clothing and feed for livestock. It will help you with seed and with new livestock in the spring, and it will see you through until you are on your feet."

Preparatory to the work of reconstruction, surveys are being made of parts of the forest fire district, under the direction of state and private agencies. When the work is completed the Minnesota Public Safety Commission will know just what the state must do. Preliminary reports compiled at the capital indicate that: Twenty-nine towns have been destroyed.

Seventy homes of 12,000 square miles are gone. Eight hundred and fifty bodies recovered or located. More than 12,000 persons made homeless. Property valued at \$75,000,000 to \$100,000,000 burned.

Practically all the farms and 50 per cent of other livestock in the district was destroyed. Some of the state's most valuable hardwood timber areas were devastated. Telephone and telegraph lines suffered approximately \$500,000 damage. State bridges in all burned sections were destroyed.

Early movement back to the farms and burned areas and the cultivation of burned areas will prevent growth of underbrush and save millions of dollars.

To See Sufferers Through. "We are going to see the people through," said the governor in his report to the capital. "All we have lost homes and possessions through the fires will receive help as they need it. We must take care to restore their towns and their farms. The plans and the organizations under way will give them all needed help. Liberal Contributions Asked.

"Liberal contributions are needed for relief from every county and community in the state. W. A. McDougall, chairman of our general relief committee, who handled the relief organizations last year, said: "The relief committee has received \$500,000 in the last 10 days. We have \$250,000 in all in the treasury. We will be able to draw on this in all. I want to say that the relief work could not have been made out at all without the Motor Reserve Corps."

His Extra Session of the Legislature is closed. The Public Safety Commission has been organized. The relief committee will issue its regular session to see that these needs are met.

Army Reads Telegraphers. Washington, Oct. 13.—The Signal Corps today 150 hours telegraphers for service in France. Men who are telegraphers in the army are given preference in the war department. The Signal Corps is now in the process of organizing its units. The Signal Corps is now in the process of organizing its units.

U. S. NURSES IN ENGLAND ON THEIR WAY TO PERSHING

These American nurses have just landed in England and are on their way to Pershing to take care of the wounded and sick of General Pershing's army.

RAID AMERICAN LINES NAVAL PROGRAM FORBIDS PEACE TALK

Enemy Airmen Drop Several Bombs Near Hospital. Nurses Carry Patients to Dugouts and All of Them Escape Injury. Congress is Asked to Appropriate \$600,000,000 to Carry Out Plans.

With the American Army Northwest of Verdun, Oct. 23.—German aviators, in retaliation for the destruction wrought by American bombing planes within the enemy lines recently, raided the American front and back areas on an outbuilding. The damage done by the Germans began in the Argonne and on the Meuse.

Four bombs were dropped near the American hospital in the neighborhood of Rancourt, one of the bombs having reached an outbuilding. The damage done by the Germans began in the Argonne and on the Meuse.

A Red Cross nurse, Margery Sayer of Buffalo, N. Y., was blown from her bed but was not injured. All the patients were taken to dugouts, none of them being injured.

RUSSIAN PEOPLE SUFFERING American Red Cross Workers Report Thousands Starving. Stockholm, Oct. 23.—The last of the American Red Cross workers in this city left for Petrograd on a four-day trip by train from Petrograd.

Major Wardwell and his assistants have been sent to Russia to organize supplies sent to Russia for prisoners and children who are public works and facing starvation. Food conditions are rapidly growing worse in Petrograd and Moscow.

SHORE LEAVE IS ABOLISHED Rule Will Prevent Neutral Crews Securing Information. New York, Oct. 23.—An order prohibiting shore leave for neutral crews on this port was put into effect by immigration authorities.

PERSHING THANKS FARMERS Supply Fighting Men and Also Increase Their Crops. New York, Oct. 23.—Senator Pershing has sent a letter of appreciation to the farmers of America, who he says have not only supplied the army with food but have increased their crops.

PUSHING ENEMY TOWARD MEUSE

Allies Launch Triple Attack on Hunding Line, Threatening to Disorganize Retreat.

REACH SCHELDT RIVER

North of Tournai the British Army Along Stream for Five Miles and Are Rapidly Gaining Western Bank.

London, Oct. 23.—Several counter-attacks by the Germans to retake the bridgehead established by the British east of the Lys river failed, with severe losses to the Germans, says an official statement issued on British operations in Flanders.

London, Oct. 23.—The fall of Valenciennes to Field Marshal Haig's forces is imminent. Despite the desperate resistance of the Germans, the British have entered the city on the west, while the enemy they have made a deep thrust into the great Ranfontaine forest and are moving in the direction of the Scheldt.

The Czechoslovak troops fighting with the French recaptured the village of Tournai, which had temporarily fallen into the hands of the enemy. Chantilly and Grandpuil, north of Laon, also have been captured, according to the Paris war office.

London, Oct. 23.—On the northern end of the front in France and Belgium the German lines are driving into the German lines from west of Ghent, in the line of the Scheldt and two of the important points on the Tournai and Valenciennes are almost within the grasp of the British.

German resistance is stiffening between Tournai and Valenciennes, but the British are driving into the German lines from west of Ghent, in the line of the Scheldt and two of the important points on the Tournai and Valenciennes are almost within the grasp of the British.

North of Tournai, the British are driving into the German lines from west of Ghent, in the line of the Scheldt and two of the important points on the Tournai and Valenciennes are almost within the grasp of the British.

French forces continue their progress toward the junction of the Oise and the Sere eastward to the Voulers. On the extreme left they have taken the town of the Sere and the Germans are being driven back.

General Goursat's men, however, have defeated all enemy attacks. The British are driving into the German lines from west of Ghent, in the line of the Scheldt and two of the important points on the Tournai and Valenciennes are almost within the grasp of the British.

DISLIKES TO ADMIT DEFEAT Germany Plans Pacific Agitations in Allied Lands. Paris, Oct. 23.—The Germans are hoping for a discontinuation of the armistice to substitute General Pershing for Marshal Foch as the military leader who will state the terms, the Pott Journal says.

HEAVY BRITISH CASUALTIES Losses for the Week Ending Oct. 22 Total 37,150. London, Oct. 23.—British casualties reported for the week ending Oct. 22 numbered 37,150, compared to 25,710 for the week ending Oct. 15.

ABANDON ALL COAST GUARDS Those Used for Defense Reported Left by Enemy. London, Oct. 23.—Field Marshal Haig reports that the Germans abandoned all their coast defense guns in the Channel and the coast of France.

EARTHQUAKES IN QUETZALMA Many People Reported Killed and Property Destroyed. Panama, Oct. 23.—There have been severe earthquakes in Guatemala and El Salvador, with a total of 150 persons reported killed and 100,000 injured.

Determined to Have Peace. Washington, Oct. 23.—(Journalist) Donald G. Quinn, who was caught trying to escape from the Jura Alp camp, was sentenced to 10 months in the Federal reformatory.

Cardinal Gibbons Honored. Baltimore, Oct. 23.—Cardinal Gibbons was the recipient of testimonials from Great Britain, France and Italy on his 80th birthday.

COULD ANYTHING BE SIMPLER? Yet Probably Many Who have Suddenly Disappointed From Mule Never Saw Things That Way.

A young soldier was watching the efforts of his fellow privates to ride a mule. One of them got on its back for two seconds. At last the looker-on approached and drawled: "I say, let me show you how it's done."

The youth, then, up to the mule, swung himself on the animal's back, wrapped his legs beneath its body and took a firm hold on the reins. The mule made a slight effort to dislodge him, but the man stood firm. Another slightly more strenuous effort by the mule also failed. Then, laying his ears back and taking a deep breath, the mule shot his heels into the air at an angle of 65 degrees, and the young man, who had been clinging to the ground, flew slowly across to his feet, screeching his face into a mule, and said: "Now, that's the way, boys! When you see a mule, go to 'tch you up, just get off."

No Change Desired. A company of colored soldiers was marching along a country road on which some recruits were employed. "Thinking he would have some fun with one of the convicts a trooper inquired: 'Hey, boy, how 'bout you change?' 'No, no change, I know I don't want no change. I knows 'tch you see a mule, go to 'tch you up, just get off.'

Bringing Drums Up to Date. The Assistant of Boston says he saw an unusual performance of "Roses and Juliet" at a town in the middle West. The players introduced a game of cards in the balcony scene. "When the breeze blows on a man's hat, he blames the hat, not the shape of his head."

Describe German Crimes. Two Little Depictes Newspaper in French Chamber. Paris, Oct. 23.—The Chamber of Deputies enthusiastically welcomed Depictes Delory and Raghobom of Little, returning to their seats after years in the hands of the Germans. "And an impressive silence, M. Delory said."

It is impossible to denounce all the German crimes, but the most abominable was the carrying off of women and girls of 19 and 16 by enemy soldiers. They were returned, submitted to medical examination and their being obliged to work under French machine gun fire for the German army.

ORGANIZATION IS NEEDED

In handling the vast work to be done in the burned-over tracts north of us—the relief of the living, the recovery of the dead and the rehabilitation of the land—the one great necessity to successful effort is organization. Organization—that those who need relief may get it and those not in need may not prey upon the credulous; that the vast store of public sympathy and effort that will go to the sufferers may be made use of and not wasted through misapplication.

The money to be spent should be put into one fund, private gratuities should be curtailed and, better, discontinued, and authority in the use of men, money or materials should be recognized and respected. If any of these funds or any of this authority are proven to be inefficient or untrustworthy, let's supersede them—but let's do it without tearing the whole organization to pieces.

The people can do anything when they combine their attention and efforts on a certain thing or they can worse that nullify the efforts of each other when they go out single handed, each one bent on carrying out his own personal wishes in his own peculiar way.

If you hear of cases of want and suffering from out somewhere that have not been cared for, don't rush in yourself or rush to some other individual to supply the need. Phone to Mr. Morish or J. J. Folsom at Hinckley and let the matter be handled in the regular way. It will be handled just as quickly and will very likely prevent duplication and unnecessary effort.

If you know of someone who is breaking the law in the setting of fires, in stealing or in any other way, phone U. S. Atty. General, Sheriff Hawley or Chairman McMillan of the county safety commission.

If you know of a place where Red Cross workers are needed, handle it through Dr. Stephan of Hinckley, chairman of the county Red Cross and let him take the matter up with local branches. He and the local chairman are in authority and in best touch with where to get the help and who to take with the least hardship on anyone.

Let us each try to do our share for the organization that the greatest good may be accomplished in this work for suffering humanity.

LONG LIVE THE CZECHS!

The Czecho-Slovak nation is as good as free. Their declaration of independence has been signed and their flag hoisted and their armies are in the field. These things of themselves might avail their oppressed people little, but the allies are behind them and have guaranteed their freedom. The Czecho-Slovak nation is in fact free today though its people at home are still largely bound-about and held by the power of their oppressor, and their national sufferings are not yet over.

That this little nation, oppressed almost beyond belief, is now marching to national victory and self-government, is a matter of joy to the American. It means the coming of human justice to a race that fought on through centuries of defeat and death to its final "place in the sun."

Long live the national government of the Czechs—a kindly, square and reasonable race—who are as much entitled to "life, liberty and the pursuit of happiness" as any nation on earth.

NO BOLSHEVIK FOR US

If it weren't that we are convinced on our own judgment of the efficacy of curtailing the liquor traffic by prohibitory laws, the action of the new Nationalist party, which is the old unorganized Prohibition organization reorganized so as to fool people, would drive us into the columns of the wets.

The cheap "National" leadership of Dave Coates is enough to sicken anyone who knows the man. He used to work the workingmen of Seattle, Spokane and Astoria, then he farmed the farmers of North Dakota and Minnesota and now he is lalapsing with the new Nationalist party under the new "Nationalist" name. Dave is a Socialist and always was a socialist, fat, stupid, well fed and well clothed "walking delegate"—probably a "good fellow" and a man

of considerable ability, but politically a roustabout.

Dave gives as a great reason why people should not vote for Knute Nelson for U. S. senator the "argument" that Theodore Roosevelt, who opposes the Nonpartisan League, supports Nelson. Dave appeals to people's prejudices instead of their judgement—and Dave is one of the top-notch leaders of the new Nationalist-Prohi party.

Still, we have some men even in Pine City who would rather follow Dave Coates' ilk to Bohalchek Socialist than support President Wilson and Governor Burnquist to a win-the-war and law-and-order conclusion. Personally, they are good fellows and mean well but politically they are one-eyed—and that eye is kept closed.

Don't forget to vote the "little pink ballot" when you vote on Nov. 5—and be sure to vote "yes" if you believe in prohibition for Minnesota. They tell us that the brewers and the liquor interests are not making a fight against statewide prohibition—don't you believe it. They are not making one of the old "whop-ar-up" campaigns for they don't want to wake anybody up. They are all crooning a good-night lullaby to put us to sleep—and if we go to sleep prohibition is lost in Minnesota. If 600,000 votes are cast in this state on Nov. 5 and 299,999 are in favor of prohibition and only 1 vote against it, prohibition is lost, for every voter who does not cast the "little pink ballot" is counted as voting against it. And so you see why the brewers and the liquor men are not making a fight—that's the game for them. If there are 600,000 votes cast, we need 300,001 to win—299,999 won't be enough. Don't let them sing you to sleep!

The government is deprecating the holding of great gatherings to bid a public "goodbye" to the boys who go to the front owing to the chance of accidents at the railway stations, of which there have been some, hence the practice is being curtailed here. But, the interest, the friendship, the admiration and good will of everybody goes to and with the Boys, just the same. No-body forgets their going, nor do we, nor those they leave here, even though we do not gather in crowds to shout our acknowledgments. When Cincinnati led his plow to lead the Romans to victory against their ancient enemies, no crowds gathered to say "goodbye" to him, but the name of Cincinnati has come ringing down through 2500 years of time. So may it be with our Boys who are going to fight for world-liberty and world-peace.

The pro-Germans, the I. W. W.s, the anarchists, socialists, well-to-do nonpartisans, radical prohibitionists and one-eyed cranks of all kinds are yelling like a lot of Indians in opposition to the re-election of Senator Knute Nelson and Governor Burnquist, whose chief faults are that they have made enemies in the cause of our Country and our Boys at the front.

The editor of this paper is a Republican but believes in supporting the present government, the Democratic administration, during the war. We ask patriotic Democrats to vote for Senator Knute Nelson and Governor Burnquist on Nov. 5 for the same reason. Patriotic men of all parties must unite behind patriotic officials, these days.

It looks to us as though some people, not of the ones in authority, are playing personal or class politics in connection with the fire relief work.

Presbyterian Church Notes

God willing, the pastor will occupy the pulpit on next Sunday, Oct. 27th, for the regular services at 11 a. m. and 7:30. The Spanish influenza prevented his holding services on last Sunday but his condition is greatly improved at this writing.

One week from next Sunday, Nov. 3rd, the Commission of the Lord's Supper will be celebrated in the morning service. All members of the church service and congregation are urged to be present.

Catholic Church Notes

The new iron fences along the front of the cemetery was completed Monday and the Calvary ground will be closed in the latter part of this week. The first of next, it is hoped, Father Leo wishes to thank all those who aided in these improvements and says that he has fully attended to the iron posts around the neck and back of the cemetery next spring.

Church next Sunday will be at 8 a. m. at Beroun and 10:30 here, according to the new time—mark that, new time.

If you like good reading ask us about our special magazines with offer.

IS COX CLEAN CRAZY?

The Minneapolis Tribune on Sunday last quoted State Forester Cox as charging certain state senators who voted against giving him (his department) all the money that he thought he wanted for reforestation and fire protection, with direct responsibility for the death toll in the recently fire-swept region north of us. We presume that The Tribune quoted Mr. Cox correctly. If Mr. Cox did make that statement, he has merely again "gone off at half cock." It is an unfortunate way for Mr. Cox has.

Mr. Cox is said to be an excellent man at fire control and reforestation and is deeply interested in his work. But he is like a great many enthusiastic specialists who are spending public funds—the sky is the limit of opportunity in their work and the sky should be the limit, in their opinion, of the funds they are given to spend. Mr. Cox sees opportunity for fire everywhere and, with his long training to fight against a chance of fire wherever it exists, he is just like a bird dog that sees a covey of prairie chickens—he wants a bunch of good hunters to help him get them, no matter whether those hunters believe that they can afford to spend the ammunition or not.

Mr. Cox asked the last legislature to give his department \$200,000 for the 2-year period, to be expended in salaries and office expenses and in providing fire brakes, trails, etc., and in fire control.

Several of the leaders in the legislature, who faced the necessity of appropriating \$5,440,758 for the care of our state insane and inmates of other state charitable and correctional institutions and \$10,822,073 for educational purposes, besides other vast sums, were holding their breath and working day and night to keep the state tax rate from going out of sight. They did not feel warranted in allowing Mr. Cox what he asked, but they did give his department \$100,000 for its purposes. Mr. Cox "went off at half cock" and broke into the daily press with accusations and warnings of all kinds. Was he then laying the foundation for his present attack? Mr. Cox seemed to think that the people sent the legislature down to St. Paul merely to do for his department what he told them to.

Of course, Mr. Cox probably argues that if he had had the \$200,000 that he asked the legislature for, the fires that destroyed Cloquet, Moose Lake and other towns would never have occurred. If so, he is mistaken. In the first place, those fires were not in the section where his operations are largely carried on—the northern part of the state. Secondly, those fires have much of the appearance of having been set and his department could not have guarded against that. Third, those fires, driven by a terrific gale, were on that night of Oct. 19, absolutely beyond human power to control and it would be the utmost childishness for Mr. Cox to contend that one of his fire brakes would do what the broad expanse of Moose lake failed to accomplish. If the legislature had given Mr. Cox \$5,000,000 to spend as he saw fit—with probably \$5,000 a year for himself—he could not have prevented that loss of life in the Carlton county tornado of fire on Oct. 12. And we believe that he knows that.

If Mr. Cox was so anxious to save lives, and thought that money would do it, why did he turn a cold shoulder on the proposition offered by a certain senator of the last legislature to raise a portion of the money that Mr. Cox wanted through a fire tax on the timber lands held by millionaire lumbermen in the northern part of the state, which lands were chiefly benefitted by the work of his office.

Is Mr. Cox really "on the square" in what he says? We do not doubt his personal integrity one bit but we think he is terribly self-willed and biased in his opinions. Maybe he is more than that.

Notice, Farmers

Don't forget the auction sale at Rush City, Oct. 25. Horses, cows, a lot of good machinery and household furniture. A. S. Weller, Prop. Duxbury and Hall auctioneers.

MADE W.A.S. FLEASER—Farm for Sale

30 acre farm, 3 miles east of Rock Creek, sec. 36, all under cultivation. Good house, good buildings. Inquire of Otto Swanson, Rush City, R. 2, telephone 10687.

Do You Think There is No Competition?

If anyone thinks there is no competition amongst the big packers he ought to go through a day's work with Swift & Company.

Let him begin at the pens when the live stock comes in; let him try to buy a nice bunch of fat steers quietly and at his own price without somebody's bidding against him.

Let him realize the scrupulous care taken at the plant that not one thing is lost or wasted in order that costs may be held to a minimum.

Let him go up into the office where market reports are coming in—and reports of what other concerns are doing.

Let him watch the director of the Swift Refrigerator Plant manuevering it over the face of the country like a fleet of battleships at sea.

Let him take a trip with a Swift & Company salesman and try to sell a few orders of meat.

Let him stay at a branch house for an hour or two and see the retail meat dealers drive their bargains to the last penny as they shop around amongst the packers' branch houses, the wholesale dealers, and the local packing plants.

And then, when the day is over, let him have half an hour in the accounting department, where he can see for himself on what small profits the business is done. (Less than 5 cents on each dollar of sales.)

If he still thinks there is no competition in the meat business it will be because he wants to think so.

Swift & Company, U. S. A.

Costs Less

SHAKOPEE

SANICO

Pipeless Furnace

It costs less installed than the war-time increase of a steam or hot water system. It keeps all the rooms in the house warm—and the cellar cool. The insulated circulation around the water jacket surrounding the heating unit gives complete air circulation with minimum loss of heat—burns soft coal or wood as efficiently as hard coal or coke—supplies house with moist heated air from the register.

Lasts A Lifetime

It is easily installed in old or new houses; eliminates smoke, dust and ashes from living rooms; is made of rust-proof Aramco iron in one of the best plants in the country. Lasts a lifetime with ordinary usage.

Come in and let us show you this furnace of comfort and economy. It will prove a valuable investment. Best made--costs least on the long run

Pine City News

On account of leaving town, 8-room bungalow with a garage for sale, just north of Albert Hagala's John Sobotka. 8-3p.

Buy now save money at Prochaska's. Prices are now advancing on tobacco, cigars, all patent medicines, toilet preparations.

Edna Challen is home from his studies at Collegeville during the absence of Miss Chrenk of the Challen Co. stars.

Word from G. H. Laine says that they are all at Portland, Oregon, and getting settled, friends of the family are pleased to hear.

Miss Lillian Lambert returned, Oct. 12, from a two-day visit at the home of her brother Hiram at Ely where a little daughter was born on Oct. 2.

C. F. Jackson was up from St. Paul, being accompanied by Bert Gowen of the Milton Dairy and Mr. Magnus who were week-end guests at the Jackson home.

Help to prevent Spanish Influenza by use of preventatives. Hot water bottles, atomizers, mouth washes and throat gargles at Prochaska's pharmacy.

Grandma Piper had the misfortune to fall head first, Tuesday, down the cellar stairs at the home of her son, A. W. Fortunately she did not suffer a broken bone but was badly shaken up.

The party who took the four rolls of barb wire from my premises is known. If it is returned nothing will be said, otherwise prosecution will follow.—J. I. Shambur, R. 1, Pine City. 8-1p.

R. J. Stees was down from Cloquet to his work there the first of this week while Mrs. Stees and the children will remain at their home at the south end of Cross Lake, this winter at least.

Serg. and Mrs. Bissonette of Minneapolis spent the week end at the home of the latter's sister, Mrs. John Richards. Mrs. M. Richie of Sandstone was at the home of her daughter, Mrs. Richards, from Monday to Wednesday.

The auction at the J. P. Lynch place south of town, last Thursday, was quite largely attended and everything sold well. The Lynches are suffering from the "flu" but expect to move into the Korbel house, next to the restaurant, in a week or so, to remain until spring.

Otto Sobotka is to auction his household goods and has rented his home to W. A. Sauser who will occupy it Nov. 1st. Mr. Sobotka left, last Thursday, for Camb Pike, Ark., where he has secured a commission to train men who are to go to Europe to fight. Mrs. Sobotka and the children will go to her folks at Silver Lake.

Mrs. D. W. Schofield returned, last Saturday, from Waverly, Ia., where she had been for several days at the bedside of her daughter, Mrs. Roy Eggleston who was suffering from pneumonia. Mr. Seeligh, who returned from Dakota on Oct. 12, left for Waverly on Sunday. Mrs. Eggleston passed away on Monday, and the remains were interred there yesterday.

Notice is hereby given to parents that there must be no called children's depositions by merry makers on the evening of Oct. 31, nor at any other time. Destruction, injury or marring of property in any way so as to require material or labor in replacing it will not be tolerated but will be prosecuted to the full extent of the law.—By order of the Village Council of Pine City.

Editor Carl Colby of the Sandstone paper has been in town part of the week in the interest of his candidacy for County Supt. of Schools, this being his third attempt to be elected to the position. Two years ago he was known as the motor cycle candidate and left a trail of burned gasoline that made everybody turn up their noses, but this year he is said to be traveling on hot air and is leaving a worse trail than ever.

Mrs. James Wandel jr. and children went to Litchfield, last Thursday, for a visit with her parents. After arriving there she learned of the illness of a sister at Minneapolis, whom she had seen enroute, and who passed away in a hospital at that city on Monday from pneumonia following "flu". A brother was sick at the same time in the Fort Snelling hospital from the same cause but is improving. Mr. Wandel went to Litchfield, Tuesday, to attend the funeral, returning today.

Work on the bridge is progressing satisfactorily and the concrete work will probably be complete within another week, after which the composition floor is to be added and the south end approach put in. Work of graveling the north approach and road to the crossing north of town is going on now and as soon as the whole thing is completed—probably within a couple of weeks—travel will rush over it for the old route, north of the old bridge, is in worse shape than ever.

Preparations for the big bazaar to be given in the armory on Nov. 16 for the benefit of the Czech-Slovak National Alliance and the Red Cross are being rapidly completed and the event is going to be "the one" from start to finish. At the meeting of the local branch of the Czech alliance, held in the village hall, last week, final arrangements were made and a committee to have charge was appointed, consisting of Messrs. Frank Kozisek, Frank Kunesch and Frank Rados and Messdames F. Hrbicek, F. Cernak and J. Jelinek. The event will open at 10 a. m. and there will be speaking in the English and Bohemian languages and excellent music all day with a big dance in the evening. People of this region have given liberally of money and articles to be sold on Nov. 16 and some of the latter are on display in a window at John Jelinek's clothing store.

PHYSICIANS ARE UNPLEASANTLY SURPRISED IN MID CASES OF SPANISH INFLUENZA.

REST IN BED IS IMPORTANT. Acute Shortage of Medical and Nursing Service Makes It Imperative That People Learn Something of Care of Bed.

Washington—In an effort to reduce the present calls on the overworked physicians throughout the country because of the present epidemic of influenza, Surgeon General Hays of the United States Public Health Service calls upon the people of the country to learn something about the home care of patients ill with influenza...

Present Generation Spelled. "The present generation," said the surgeon general, "has been spoiled by having had expert medical and nursing service at all times available. It is not in the days of our grandmothers, when every good housewife was expected to know a good deal about the care of the sick..."

Comfort of Patient. "The comfort of the patient depends on a number of little things, and these should not be overlooked. Among these may be mentioned a well-ventilated room; a thoroughly clean bed with fresh, smooth sheets and pillows; a light, so that the refreshing sleep may be had; good drinking water conveniently placed; a cool compress to the forehead if the patient is feverish; keeping the patient's hands and face clean, and the hair combed; keeping the patient cool, preferably with some light covering of blankets; extra attention to the patient's diet, which should be pleasant food that is within call, but not annoying him with too much thought; and finally, plenty of opportunity to rest and sleep..."
