O Say, Can You?

O say, can you sing, from the start to the end,

What so proudly you stand for when orchestra play it?

When the whole congregation, in voices that blend,

Strike up the grand tune and then torture and slay it?

How valiant they shout when they're first starting out,

But "the dawn's early light" finds them foundering about.

'Tis "the Star-Spangled Banner" they're trying to sing,

But they don't know the words of the precious, brave thing.

Hark, "the twilight's last gleaming" has come of them stopped.

But the gallant survivors press forward serenely

To "the ramparts we watched," where some others are dropped,

And the loss of the leaders is manifest keenly.

Then "the rocket's red glare" gives the bravest a scare

And there's few left to face "the bomb's burst and the crash."

'Tis a thin line of heroes who manage to save

The last of the verse and "the home of the brave."

WARNING: With our next advertisement BOSTON-KENTUCKY will advance to TWENTY CENTS per share FORTUNES IN OIL ARE BEING MADE IN KENTUCKY

THESE ARE THOUSANDS of people who have won their way to fortune and life-long independence through a good investment in oil. Right now, the Government is urging the development of every acre of Oil Land in this country. Prices for oil were never higher, oil is here, billions and billions of gallons, and the BOSTON-KENTUCKY OIL COMPANY is going to do its share in supplying this great demand. Your opportunity to "Get Ahead" and share in the profits of this country is here. For quick fortunes, staggering profits and overwhelming wealth-creating possibilities, nothing like the Oil business has ever been known. Fortunes are frequently realized in the twinkling of an eye—millions made over night, and everyone from the wage-earner to the millionaire has an equal opportunity to participate according to the amount he can afford to invest.

THE BOSTON-KENTUCKY OIL COMPANY tells you how to invest to get the most from oil. It does not matter how small your means, how little surplus you may have available for investment purposes—the opportunity for you to secure an interest in the oil business is just as great in proportion as though you had a million dollars to invest. The judgment and advice of the directors of this company is to buy as many shares as you can afford to pay for in the BOSTON-KENTUCKY OIL COMPANY. For instance, the City Trust recently produced more than 1,000,000 barrels of oil and made over \$1,000,000 in 60 days; and the McMan Oil Company, since 1907 has made \$50,000,000 in profit; sixty-five dollars invested in the Kern Oil Company has paid over \$16,000 in dividends, and the Quaker City Oil Company paid a cash dividend of \$2.80 on each \$50 share of stock and the Houston Oil Company paid a stock dividend of 800 per cent. The investors in these companies, some of whom have never seen the oil wells, started as you will start, perhaps with a modest investment, increasing it as your earnings double and treble.

THE PROPERTY. THE BOSTON-KENTUCKY OIL COMPANY is incorporated under the laws of the State of Delaware, Capital Stock \$250,000, full-paid and non-assessable. No preferred stock and no bonds. All shares will participate equally in cash and every dividend. The properties of the BOSTON-KENTUCKY OIL COMPANY comprise 1,350 acres adjacent to the well-known Naglan Oil Field in Rowers County, Kentucky, and 980 acres in Clay County. The BOSTON-KENTUCKY OIL COMPANY owns all its land, in fee and has no leases, no Royalties and no Rentals to pay. Every indication points to the success of the BOSTON-KENTUCKY OIL COMPANY as in close proximity are the great oil wells of many dividend-paying companies.

THE PROSPECT. Every day the press of this country mentions the importance of producing more oil. 168,656,838 gallons of oil were shipped out of Kentucky in 1917, a remarkable increase over the previous year, and 1918 will be the biggest year in the history of Kentucky Oil, the constantly growing production. People everywhere are wildly enthusiastic over these new fields and in the course of a few months the good news will be spread to the investors who have chosen wisely and well.

AN UNUSUAL opportunity. Without cost or obligation, the BOSTON-KENTUCKY OIL COMPANY will give each and every purchaser of BOSTON-KENTUCKY shares, an option on an equal number of shares at the price paid at the time of original purchase. This option may be taken up at any time within six months from December 14, 1918, regardless of the ruling price at which the shares may then be selling for, may bring you higher results than you ever dreamed of.
