

PINE CITY, MINN., APRIL 21, 1921.

Vol. XXIII

### County Receives \$48,476.27

County Treasurer, Frank Oberly, received \$48,476.27 from the state Tuesday, which is the balance due Pine county of the Federal aid for construction of the Federal highway. This makes a total of \$131,104.41 received by this county of Federal aid money for this construction.

### Farm Bureau News

AN grain that is to be planted should be planted before plowing, be run through a good fanning mill and thoroughly cleaned. It is an evident fact that the obnoxious weeds are increasing each year and in order to prevent this increase in weeds it is essential that every precaution be taken that very few weeds are planted with the grains.

Fanning the grain has also another advantage, namely that it blows the dirt balls and dust from the grain and when considering the tall that this disease often takes from the grain crops the thorough cleaning and fanning of grain becomes doubly important.

The oats and wheat are both subject to covered smut and it is always good insurance to treat this with a good disease.

In treating use one pint of formaldehyde to forty gallons of water. Grain can be placed in clean loosely woven sacks and covered with a canvas or blanket for three or four hours so that the fumes can thoroughly permeate through the grain mass. Then either plant or use care in digging the seed.

### Notice

The Farm Bureau Unit will meet at the Downing school house on

Wednesday, April 27th, at 8 p. m. sharp. Everyone is invited. A good time is assured to all.

### Contradicts Superior Article

F. D. Kelsey, division superintendent of the Great Northern, was here in his special car last Saturday He called in a number of the local business men and denied that the G. N. officials were in any way responsible for the article which recently appeared in the Superior Telegram and which was "tried up" by the people. He stated that he would be willing to give a sworn statement to that effect if Sandstone wished to take any action against the paper. He also stated that the laying off of men here had absolutely nothing to do with the depot controversy, and gave figures to show that the freight business through this point—and the same is true of the whole system—is only about one-third to one-fourth of what it was during the months of January and February of last year. He said that the Railroad Co. had no ill feeling against the town for wanting a new depot, as he would like to put new depots all along the line, but that such things are next to impossible under present business conditions. The company, he said, was anxious to help build up all towns along the line—instead of working against their interests—as good towns mean good business for the road.—Courier.

### Pete Dehler Makes Record

Efforts are being made to induce Pete Dehler to return to school for the balance of the year in order to secure his services in the athletic contests. This enthusiasm developed Monday when Pete dropped in on the grounds and "put the shot" forty feet and nine inches, while the best of the high school athletes are only able to make a little over thirty feet.—Hinckley News.

### Get Cit. Papers

Judge Searles and H. K. Doe of Duluth conducted a hearing and examination for the granting of naturalization papers, last Tuesday. Fifty applications were presented asking for citizenship.

Thirty-five applications were granted, 15 were continued and five were dismissed. Of those granted 9 were from Ashok, 6 from Pine City, 5 from Sandstone, 3 from Hinckley and 2 from Rush City.

### Show to Crowded House

Every seat was taken and standing room was at a premium at the Family theatre, last Thursday evening, when "Hawthorne the U. S. A." was given by the Leon Heath post. Quite a number were turned away who were unable to see the show. The star of the play, Mrs. Theo. Buselmeier, is an actress of marked ability and no one seeing her would believe she has done as little of this work as she has. City Roo as "Hawthorne" handled his part in fine shape, and quelled the mob in the fourth act in true Shakespearean style. To pick the star out of the balance of the cast would require a better "critic" than we are for each one had their part perfect, no prompting being necessary.

Wm. Challen made the fight with the prince very realistic by cutting his face on a chair, and found it necessary to have it dressed by a doctor.

It is unfortunate that they were unable to give the performance more than one night as they could easily have shown to a crowded house a second time.

### To Org. Library Association

A meeting of local folk, interested in starting a public library for Pine City, was held in the club rooms, last Tuesday evening. Mrs. Pennington was elected temporary chairman and Miss Porcia Huber temporary secretary.

Miss Baldwin, state librarian, was present, and spoke, giving many helpful suggestions as to organizing and operating a library. A meeting will be held, Tuesday evening, May 3, when a permanent organization will be formed. All those interested are urged to attend.

### Poultry Show at Sandstone

The Sandstone H. S. Boys' club pulled off their first poultry show Saturday in the building occupied by Joe Klis, City Co. There were 55 exhibits of various breeds of chickens but the white leghorn largely predominated. Wire coops largely from Rush City added to the attractiveness of the exhibit. The quality of the exhibits was a surprise to most of the visitors who as

a rule did not realize the class of poultry being raised in this community now. The exhibit room was crowded all day. Mr. Appley of Pine City judged the birds in the afternoon and in the evening at the Sandstone Club rooms. The boys—a very instructive talk on poultry raising. The money to carry on this affair was solicited by the boys from the business men of Pine City and they all felt that it was very much worth while. Mr. Ames of the Agricultural Department of the local schools was in charge and Boyd Fleming assisted.—Courier.

### Owns Prize Bird

The White Gamecock Cockerel shown above took first prize in that class at the St. Paul and Minneapolis show, last year.

It is owned by L. E. Appley, secretary of the Pine county poultry association. Mr. Appley is a poultry fancier and is getting quite a reputation over the state for the fine poultry he is raising. He came here from Plainview, about a year ago, when he purchased the Jones farm, south of town.

For many years he has shown his birds at Minnesota shows having been in the business 12 years. His entries won first in practically every class entered in the Chicago and Pine county shows this winter. He judged the shows at Aitkin and Sandstone this year. Barred Plymouth Rocks, White Orpingtons and Pertridge Wyandottes are his specialty.

### Perkle's Home Burns

The Perkle farm home, 2 1/2 miles from town on the Pogreman road, was completely destroyed by fire, last Saturday. The Pine City fire department answered a call with the chemical but received it too late as the house was gone when they arrived. The fire was caused by sparks from the chimney which set the roof on fire.

Some people seem to think they can get peace time prices and war time wages.

### Farmer Slain at Center City

Peter Carlson, a farmer living near Center City, was murdered shortly after 8 o'clock last Sunday evening. It is thought the crime was committed by robbers.

Carlson, it is believed, was forced to the hayloft by thieves who had heard current rumors that the farmer had "lots of money" and who shot him when he refused to tell where his wealth was hidden. Later he was either thrown from the hayloft to the floor or fell, breaking his neck.

He was found about 9 o'clock by his housekeeper on the barn floor; his neck was broken and a bullet wound in the left arm.

### Pine County State Fair Exhib.

There has been some talk in the interests of economy, of dropping for this year the small appropriation which usually has been made to aid in putting on the county exhibit at the state fair. We think especially at this time, such an action would be a very serious mistake, and would not be in the long run good economy. In a large county like ours, the \$500 appropriation ordinarily made is ridiculously small and would only increase the taxes 5 cents on every \$2,000 of assessed valuation. Our constant aim should be to advertise Pine county 365 days of the year and to pass up no opportunity of placing before the public its wonderful advantages both in the way of productive soil and accessible markets. We need settlers and must advertise.—Hinckley News.

### As Seen by Vance Chapman

Governor Preus has been confined to his home for the past week with a severe attack of tonsillitis and his absence is held to be largely responsible for the defeat by the legislature Saturday of the Wicker-Nolan policy. This measure was the result of a special crime wave message sent by his excellency to the legislature two weeks ago. It prevailed in the senate, but failed miserably in the house as a result of a combination of leagues and labor members and trading on the part of others. It is generally admitted that with the governor on the job such would have never happened. Jake is generally regarded as due to go, why he goes after and a special session of the legislature covering this particular crime subject is not among the possibilities. Some of the governor's enemies have been trying to make the street car controlling administration measure also bill an administration bill but they have another guess coming. The latter is as dead as a door nail.

### Vital Statistics

The following is a report of the births and deaths reported in Pine county for last year. There are also a few delinquent reports which are included in the list.

Births

All dues for 1921 were payable on or before February 28, 1921. Those not paid up at that time have not their membership, and The American Legion Weekly will fail to reach them. Are you one of those? Do you want to miss the Weekly? Now is the time to square yourself. See your post adjutant or treasurer without delay. They will set you right.

Ex-service men who have never been members of The American Legion should avail themselves of the opportunity to get in touch with a big life organization that is looking out for their interests here at home and throughout the state and nation. In unity there is strength. Let's stick together.

To the women who stood by us during the dark days of 1918 we say, "Untie in The American Legion Women's Auxiliary," in honor of the boys who died for their country, to help those who God spared to you and to work for the common good of our community. Any mother, wife, sister or daughter of any honorably discharged former service man who is a member of The American Legion, is eligible for membership in the auxiliary. You suffer for us in war—help us now in peace. We want your boy in The American Legion and you in our American Legion Women's Auxiliary. Join us now.

"Every Minnesota hamlet of 500 inhabitants has a Legion post, which has for its object the teaching of Americanism. Every member of it is working for loyalty and the uplift of his community. This fabric of

patriotism in our national life will bind this nation together and make it safe for all time," said H. Vernon, Commander of The American Legion of Minnesota in address before the Minnesota Civic and Commerce Association on April 18th.

"The American Legion—A Community Asset" is the title of a booklet being mailed to Minnesota Legion posts from state headquarters. It contains suggestions as to how Legions may add to the interest and enjoyment of community life. "Just what we needed," wrote the Barnevill post on its receipt.

To honor the memory of buddies who died in service before the American Legion was founded, each Minnesota Legion post will place their names on its charter membership roll and erect Legion markers above their graves on Memorial Day—with the permission of the relatives of these dead comrades.

"The Red Viper," a motion-picture being shown under the auspices of Minnesota Legion posts, teaches red-blooded Americanism, shows the pure gold and the worthiness down that makes up our melting pot, and tells how the lessons of patriotism and loyalty to country and comrades.

There will be no dancing in Virginia Minnesota on May 30th if Virginia Legionnaires can prevent it. They have gone on record as opposed to dancing on Memorial Day, declaring that one full day is all too little to give in memory of the bravery and sacrifice of those who died for America.

"Now let us go and get our fighting clothes on."

"TO BE CONTINUED."

"SABBATH DAY" NOT SUNDAY

Modern Writers Display an Amazing Carelessness in Their Misuse of the Words.

In English there is not a more definite word than sabbath, yet it is used with an amazing carelessness...

Sabbath and Sunday are observed on separate days, but this is not necessary, as history shows that the identity of days from year to year is impossible...

It is evident that this last big analysis of the Hebrew word sabbath will tend to no small extent to dispel some of the unrest that is so prevalent today among the young men of this country...

Much Appreciated. "They say an hour early in the morning is worth two in the afternoon."

A Feeling of Security. "You naturally feel secure when you know that you are safe."

Great of War's Haves. "In spite of the fact that the seagoing tonnage of the United States is today nearly 10,000,000 tons greater than it was in 1914..."

Good Time to Be Born. "Persons born between January 20 and February 10, when the sun is in Aquarius, are broad jugs of human nature..."

Sure Relief. "Why did they arrest the blind man? The cop says him blind when the moon passed by."

**Local News**

Loyal Hunt left Duluth yesterday, after a visit at his home here. Mr. and Mrs. Frank Stuck drove to Minneapolis, last Friday afternoon, returning home Monday. John Woodhead went to Rush City, last Friday, and will be employed in the Post parage there.

Miss Hattie Wright, who is teaching at Mora, spent the week end at the home of her parents here. Leo Fred Franzer and Miss Anna H. Nelson, of Hinckley were married by Judge Wilcox at the court house last Saturday.

Logan L. Moe and Miss Lora T. Gervad of Sandstone were married at the Presbyterian parsonage, last Thursday, by Rev. Bickel.

Mrs. Hattie Lohrer returned to Sulfwater, last Sunday afternoon, after a week's visit at the home of Mr. and Mrs. F. A. Jordan. J. A. Oldenberg of Finlayson was a business caller in town, Monday.

Mr. and Mrs. Wm. Buehler and daughter, Elaine, left for St. Paul last Monday, and from there they will go to S. Dakota where they visit for two or three weeks.

The Leon Heatsky will give a dance in the armory Saturday evening, April 23rd. Music will be furnished by Malmberg's orchestra and F. J. Cassidy will serve supper.

The Lutheran ladies aid will meet in the parochial school house, next Wednesday afternoon, April 27th. A fifteen cent lunch will be served. Everyone is cordially invited to attend.

Miss Julia Glasow, chief operator in the local telephone office, went to the Twin cities, Monday, where she will take a two or three weeks' course in the company's telephone school there.

A baby boy was born to Mr. and Mrs. James Bennett last Friday evening. The little one lived only three hours. Burial was held Saturday, and interment made in the local cemetery.

Sam Miller, barber in Bantleon's shop, drove to Amery, Wisc., last Sunday, for a visit at the home of his parents. From there, he was going to the Twin cities and expected to return today.

Mrs. Tone lost a pocket book containing about \$25, yesterday morning. This is quite a loss to Mrs. Tone who needs the money. The finder will please return it to The Porer office or direct to Mrs. Tone.

Henry Fara has purchased a butcher shop at Hinckley and will take possession May 1st. His family will remain here for the present, until Mr. Fara succeeds in renting a house there, which are as about as scarce as they are in Pine City.

Joe Petehel and J. D. Boyle's drive to the Twin Cities in the latter car yesterday. Mr. Petehel will drive a new Nash car back. He has taken the agency and has a number of prospects who are anxious to see one of the new models.

Asthur Stanchfield of Hinckley, was brought to Pine City, last Friday, by Dr. Stephen and Deputy Sheriff Koop, for a hearing before Judge Wilcox as to his sanity. He was committed to St. Peter and taken there by Mr. Koop.

The Catholic order of lady Foresters will meet in the K. P. hall, tomorrow—Friday—evening, when the officers for the ensuing year will be installed. Refreshments will be served following the installation. All members are urged to be present.

The Senior class-play "Arron Bongs, Freshman" will be presented at the Family theatre, next Friday evening, April 29th. The members have been working hard under the direction of Miss Kohl and it will be well worth seeing. Get your tickets early and plan on attending.

Nels Anderson, former a county commissioner, living near Duquette, was a visitor in town yesterday. Mr. Anderson returned a short time ago from a trip to the Pacific coast. He went by way of Spokane, Seattle and Portland and visited in Rosburg, Oregon. About 5 weeks was spent in the trip.

The Presbyterian ladies aid will meet at the home of Mrs. John Hagren, next Thursday afternoon, April 25th. Refreshments will be served. Earl Gray came up from Fairmont, last Saturday afternoon, for a visit with his brother John. Darby Gray was home from Duluth, for the week end.

The Meadow Lawn Sunday school will give an entertainment in the Chongwatana town hall, Saturday evening, April 23rd. They will serve cake, sandwiches, ice cream and will sell home-made candy. The proceeds from the entertainment are for the Sunday school. A good time is assured and they should have a good crowd.

The Fellows Quartet of Hamline University gave a concert in the Family theatre, last evening. Larville Boyle, son of Mr. and Mrs. J. D. Boyle is a member of the quartet. Other members are: Fred Frankson, John Hestman and Lloyd Sandin. A good crowd attended

the concert which was greatly enjoyed. The warm weather, this week, brought everyone out with the hose and rake. Most Pine City folks take considerable pride in their premises and the yards and lawns are fast being cleaned up and put in shape for summer. Some of the best advertising a town can have is a town of good clean yards and well kept lawns, shrubbery and trees.

The fire department was called to the old movie building, last Sunday afternoon. Smoke was seen coming on from the basement window, and the alarm sent in. When the firemen arrived they couldn't discover any fire, but on investigation found a fire in the stove in Otto Sabotola's office. The wind was blowing the smoke down the chimney, and it was coming out an uncovered chimney hole in the basement.

Mrs. Robert Wilcox, cousin of Dave McLaughlin, died at Rochester early Sunday morning, death following an operation for gallstones. The body arrived on the limited yesterday, and the remains laid to rest in the local cemetery beside those of Mr. and Mrs. Joe McLaughlin, former residents of Rush City. Father Leo conducted the services. Besides her husband, who is a conductor on this line of the N. P., the deceased leaves two small children.

Herman Kowalek arrived from Milwaukee, Tuesday, for a visit, with his mother and brothers here. This is the first visit home in five years. He is in the garage business at Milwaukee, where Arnold spent last summer with him. He stated they had a big snow storm there, last Friday, Saturday and Sunday which completely tied up all traffic, so our weather hasn't been so bad after all.

He went to Duluth, yesterday, for a visit with his relatives there and will return here before leaving.

Mr. and Mrs. Nicholas Willerscheid of St. Paul drove up last week and spent a couple of days at the Wm. Albrecht summer home on Cross lake. They have rented the Albrecht cottage until November 1st and expect to move in next week. Miss Alma Albrecht accompanied them to the city Wednesday of last week and will return with them. Mrs. Albrecht spent last Thursday at their home in St. Paul.

E. C. Dudley arrived from Sheffield, Iowa, Sunday, where he and his brother own an electrical and automobile shop. Mr. Dudley came to pack his household goods and take his family to their new home. He operated the tire shop now owned by Jack Webber, for a number of years, was on the village council, resigning a short time ago, and was one of the live wires of the village.

Mr. and Mrs. Dudley have many friends here who will regret their departure. They leave for Sheffield this week.

The automobile club met in Madden's store, last Tuesday evening, and after considerable discussion, decided it would be impossible for the club to lease Ingden's Inn, this year, but went on record favoring the leasing of the Inn to some one who would run a summer hotel. If that is done the club will give any support possible to make it a paying proposition. The members will form a "chuckhole" club this Wednesday and travel the nearby roads to fill up any bad holes in the roads. The 1921 dues are now due and the members should send their money to Secretary McEachern.

**Koenitz-Cassidy**  
Wm. J. Koenitz and Miss Lillian Cassidy were married at high mass, at the Catholic church, last Monday morning, by Father Leo. The bride was attired in a beautiful dress of white organdie over satin, with a hat to match, and carried a bride's bouquet of roses. Miss Margaret Cassidy, sister of the bride, acting as bridesmaid, was dressed in lavender organdie and carried a bouquet of sweet pea. The best man was Mrs. Mountain, of Mankato.

A wedding breakfast was served at the home of the bride's parents following the ceremony, about 14 guests being present. The members of the choir were entertained at dinner. Following the breakfast, the bridal couple were driven to Hinckley, by Wm. Schumacher, where they took the train to Duluth, returning home Wednesday morning. They will make their home on the old Pine farm on Cross lake, which Mr. Koenitz and Mr. Stratton own.

The bride is the daughter of Mr. and Mrs. F. J. Cassidy, proprietors of the Cassidy hotel at Pine City. She is a graduate of the local high school. The lucky man is the son of Mrs. Koenitz of Goodthunder, near Mankato, and came to Pine City about 2 years ago. Both these young people have a host of friends in this community who join with The Porer in congratulations and best wishes.

**Card of Thanks**  
We take this opportunity of expressing our sincere appreciation of the kindness and helpfulness of our friends and neighbors in our recent bereavement. We also give our thanks to all those who sent floral offerings. Mrs. John Olson, Mrs. and Mrs. J. T. Hagan and Mrs. Erick Olson

# Water Camp Keeping Fit

DR. JOHN Q. TILTON

ARE all wild animals in a state of captivity. When you stop to think of it, you are in a cage. You are being kept by civilization. You do not work for it. A great deal too much of it is brought, and what is the result? The result is that you are being injured by civilization.

So said Walter Camp to members of congress in a lecture by invitation at the conference room of the house building. Possibly he did not mean exactly that his hearers did not do enough work to earn their food. But, in general, he did mean exactly what he said. The lecture came about in this way.

Representative John Q. Tilton of Connecticut is distinctly athletic. He is a Spanish-American war veteran and went to the Mexican border as colonel of the Second Connecticut Infantry. So he believes in keeping fit. Water Camp of New Haven, Conn., is a clock manufacturer, in private life. He has, however, a national reputation as a sports writer, football expert and athletic adviser. During the war he was chairman of the athletic department of the navy commission training camp activities. Well, he has written a series of exercises called the "Daily Dozen." The beauty of them is that they are not strenuous and anyone can do them. And Walter Camp thinks they will keep any man, who has no organic trouble, fit as a fiddle.

So Representative Tilton got Walter Camp and members of congress together and Camp lectured on "The Daily Dozen." And what's more, he put several members through the exercises and they all got the lecture into the Congressional Record.

This article will not describe the "Daily Dozen." But here are some of the valuable hints in the lecture. Ladies and gentlemen, do not be nervous, and do not think I am going to suggest that you change the even tenor of your life, or that I am old-fashioned. We do not have to do that. A man or a woman can keep himself or herself fit with six or seven minutes a day.

An outdoor man, do not anything that does not put him in touch with nature. If you were all on perpetual vacations, I should not need to talk to you. If you are leading a sedentary life, and are traveling through the woods, you do not need any more about that. The great lesson nature gives, is to do things, and you do not need any calculations. You get enough work. But unfortunately a good many of us have our living to make, and it requires some of our time to do it, and consequently we get less time to devote to nature. It is between four walls and before a typewriter that I, as an outdoor man, advise nature studies. The way through which we have just passed through is a condition of our situation. If my boy and your

bold value is relation to me. This lady had experienced a very violent attack during this period, and her dreams were connected with the future symbol. A psychical analysis in writing led to the discovery that the root of the trouble and was able to effect a complete cure.

Looking Back. I have many times thought of the days when I was a boy. I have many memories of the days when I was a boy. I have many memories of the days when I was a boy.

## Mackenzie Basin Large.

Mr. William Ogilvie, the well-known Canadian explorer, claimed that there is a grand total of 2,300 miles of water in the Mackenzie basin. It is a public domain of 100,000 square miles. It is a public domain of 100,000 square miles. It is a public domain of 100,000 square miles.

# Real Religion

By REV. JOHN C. PAGE  
Teacher of English Bible, Moody Bible Institute, Chicago  
TEXT—Verse 11 to 21, Chapter 1, Epistle of James.  
The late Professor Foster of the University of Chicago once gave this definition of religion: "Religion is the conviction of the achievement of universality through the service of commanding ideals, and that 'it expresses itself in political, economic and social relations.'" Believers in the "old-time religion" may have some difficulty in accepting this definition to their "valid satisfaction," especially if they have had experience in leading him to Christ.

A more recent definition is one given by Dr. E. S. Ames, associate professor of philosophy in the University of Chicago. He declares that religion is "a complex of activities and emotions, an organization of attitudes and ideals, the service of commanding ideals, and that 'it expresses itself in political, economic and social relations.'" Believers in the "old-time religion" may have some difficulty in accepting this definition to their "valid satisfaction," especially if they have had experience in leading him to Christ.

From these definitions, elaborate but elusive, we turn to our text and find the simple, direct and clear definition of the Father of Lights. Real religion, which is the leading back to God, is from within. Of His own will began He us with the word of truth. This marks the beginning of real religion. All other religions are man-made; all other religions are man-made; all other religions are man-made.

Every good gift and every perfect gift is from above, and cometh down from the Father of Lights. Real religion, which is the leading back to God, is from within. Of His own will began He us with the word of truth. This marks the beginning of real religion. All other religions are man-made; all other religions are man-made; all other religions are man-made.

The greatest loss that has come to the churches of America in the last thirty years is the loss of power over the people. The greatest loss that has come to the churches of America in the last thirty years is the loss of power over the people. The greatest loss that has come to the churches of America in the last thirty years is the loss of power over the people.

Let me say this to women: Every woman has the right to be beautiful. Health is the greatest asset in the world, and it can be kept. It can be kept by the use of the exercises that I have just described. Every woman has the right to be beautiful. Health is the greatest asset in the world, and it can be kept. It can be kept by the use of the exercises that I have just described.

Now, this is a doctor who takes no medicine, so I am going to show you what these exercises are, and show you that they are not a great muscular "stunt." Anybody can do them, and if they do them they will certainly reap the benefits of health, efficiency and endurance. Do not wait until nature punishes you on the shoulder, because then it is too late. Before that time comes, take care of yourself. You can have all the good things you want. Nature will give you all that you need. You can have all the good things you want. Nature will give you all that you need.

First Worsted Text. The first worsted of the texture now called worsted was spun at Worsted, in Norfolk, England, in 1340. It was first used for making stockings and worn by the poorer classes.

Real religion is his exercise toward others. It is his exercise toward others. It is his exercise toward others. It is his exercise toward others. It is his exercise toward others. It is his exercise toward others.

There is no religion to be gained by the study of the Bible. There is no religion to be gained by the study of the Bible. There is no religion to be gained by the study of the Bible. There is no religion to be gained by the study of the Bible.

# POULTRY FLOCKS

FEEDS FOR GROWING CHICKS  
In addition to furnishing Right Amount of Feed, Fresh Water and Shade Are Necessary.  
(Prepared by the United States Department of Agriculture.)

Sprouted Oats Help Materially in Furnishing Fowls With Needed Green Feed.

That the house will always be dry. Green feed is very essential for the growing chickens, the ideal condition being to allow them free range on good grass land. Alfalfa makes an ideal range. Where the chickens have to be confined to small yards it is very essential to supply green feed daily. Freshly cut lawn, clover and alfalfa are good. Sprayed oats help materially in furnishing fowls with needed green feed.

The result of the new birth and the new life from God is that its recipient becomes a new creature. The new relationship brings with it new responsibilities. These responsibilities are outlined in the Scriptures. The new relationship brings with it new responsibilities. These responsibilities are outlined in the Scriptures.

Being thus "swift to hear" the Christian must also be "swift to speak." Not desiring to parade his knowledge and make for himself a name, nor seeking popularity before God. Anyone who has a name to make for himself in this world can be used of God. There is only one name to be called, and that is the name of Jesus. If the Christian has little or no response to this message, his hearers may turn away and criticize.

Only by continuous selection for the best stock can a breeder build up a flock which will produce fertile eggs, strong chicks capable of making quick growth, and which are able to withstand the strain of heavy egg production. The appearance of a bird is always a result of action taken together as a fairly reliable guide for picking out vigorous birds.

Green Ducks in Big Demand. Van Market Waiting to Be Developed for Fowls Throughout Most of the Country. There is a vast market for "green ducks" waiting to be developed throughout most of the country. Van Market Waiting to Be Developed for Fowls Throughout Most of the Country.

TABLE PICKINGS FOR FOWLS. Run Through Bone Cutter All Vegetable Parings, Beans, Potatoes and All Other Scraps. Run all the vegetable parings, bone cuttings, and other scraps through the bone cutter each day. However, do not allow more than a quarter of the mixture to be fed at any one time, or it may result in loose bowels.

Ideal Dusting Place. Here will take care of the house and the birds. Ideal Dusting Place. Here will take care of the house and the birds. Ideal Dusting Place. Here will take care of the house and the birds.

High Egg Production. High egg production is half breeding and half feeding. High Egg Production. High egg production is half breeding and half feeding. High Egg Production. High egg production is half breeding and half feeding.

# PROFITABLE NEW YORK MAN PRAISES TILAC

John F. Hyatt, of Albany, N. Y., Is Relieved of Severe Attack of Rheumatism of Many Years' Standing.

"I am now seventy-two years old and am just getting a rid of a fifteen-year case of rheumatism that had me so crippled up I could not walk," said John F. Hyatt, 227 Pearl St., Albany, N. Y., in relating his remarkable experience with Tilac, recently. Mr. Hyatt was chairman of the committee in charge of locating the Albany County Courthouse and was four times elected a member of the County Board of Supervisors. At present Mr. Hyatt is Assistant Superintendent of the Albany County Courthouse, with offices in the building.

"I don't believe," he continued, "anybody could have rheumatism any worse than I did, and my case was such long standing I didn't expect to ever get over it. I was unable to walk except for a short distance, supported by a cane, and even then I was in pain every time I took a step. My legs, hips and ankles were stiff and sore, and my joints were stiff and sore. I couldn't cross my leg without having to lift it up with my hands, and to turn over in bed, the pains nearly killed me."

"My appetite was gone and the slight of food nauseated me. My stomach was out of order and I was a sluggish, heavy feeling all the time. I was weak, off in weight and discouraged so that it looked like I might as well quit trying to ever get well."

"I had no idea Tilac would relieve my rheumatism when I began taking it last Spring. I took it because I saw where it would give a fellow an appetite. Well, sir, I was the most surprised I ever was in my life when the rheumatic pains began to ease up. I took seven bottles in all and, it is a fact, I didn't have an ache about me, was eating fine and simply felt like I had been made over again."

"I have been in the best of health ever since, with only a slight twinge of rheumatism at intervals. I do not need any more now, but as I had been unable to walk without it for several years, I got into the habit of carrying it and so still take it along. I am enjoying life and health more than ever, and conscientiously recommend Tilac as the greatest medicine I have ever run across in all my experience."

Tilac is sold by leading druggists everywhere.—ADV.

Are You Pale? Thin? Weak? Enrich Your Blood! Read this carefully! If your blood were rich and wholesome, you would not be pale, if your blood were rich and nourishing, you would not be thin, if your blood were rich and pure, you would not be weak.

Poor, diseased blood is responsible for a host of ills and weaknesses. ### WIFE TAKES HUSBANDS ADVICE

And It Made Well Again by Lydia E. Pinkham's Vegetable Compound

Springfield, Mass.—"The doctor told my husband that I had to have an operation. He said I would be a healthy woman and could not have any more children on account of my condition. I refused to have the operation. My husband asked me to try Lydia E. Pinkham's Vegetable Compound to see if it would not help. For the first four months I could do but little work, but my husband was always remaining with me. I did not take the Vegetable Compound, but I did not take it for long. I had one of my eight children, but I am thankful for your Vegetable Compound. I recommend it to my dear friends when I hear them complaining about their ill health. Mrs. M. C. Adams, 12 Fremont St., Springfield, Mass. My husband's health after reading your letter one can imagine how this home was transformed by her restoration to health. Every woman who suffers from such ailments should give Lydia E. Pinkham's Vegetable Compound a fair trial. It is lived worth while.

### Watching the Work of the State Lawmakers

#### SENATE VOTING DOWN BILL

Effort to Impose Tax of 5 Per Cent on Ore Defeated—Municipal Expenditures Measure Passed.

St. Paul—An effort made in the Minnesota legislature to impose a tax on the proceeds from ore lands failed when the senate voted down the royalty tax bill by 18 to 23. The bill, which was introduced by Rep. J. M. McKinnon, provided for a tax of 5 per cent on the net proceeds from the sale of ore lands. The measure was defeated by a vote of 18 to 23. The senate also passed a measure providing for the payment of municipal expenditures from the state treasury. The measure was passed by a vote of 21 to 18.

### Many Bills Go Through

Legislation in the Minnesota legislature has been moving rapidly during the past few days. The senate has passed a number of bills, including one providing for the payment of municipal expenditures from the state treasury. The measure was passed by a vote of 21 to 18. The senate also passed a measure providing for the payment of municipal expenditures from the state treasury. The measure was passed by a vote of 21 to 18.

### Short Skirt is to Stay a While

American designer, writes a New York fashion correspondent, has taken their fashions one step further and will have the skirts of their dresses shorter than ever before.

The day dresses for the spring season produced by American designers are lovely in the simplicity of their lines. The materials have been handled. The cut dress is something which has received the stamp of approval from American women, and there are some new styles in this street track which are really beautiful. These dresses are partial to the use of cotton crepe, a heavy and perhaps more durable version of crepe de chine. There are lovely colors in this fabric, and they are used with great success. The trimming being very much restrained, so that the lines of the dress are very clear to their beauty to the world.

Gray is agreeable to the color for American women. The gray is done in gray from hats to shoes. And if the creation is not in gray then shades of blue and green are used. The gray is done in gray from hats to shoes. And if the creation is not in gray then shades of blue and green are used. The gray is done in gray from hats to shoes. And if the creation is not in gray then shades of blue and green are used.

Skirts here are short. Yes, they are very short, and there seems no sign for the time to pass for my train. If we adopt the longer skirts we will do it in another season, that is certain. It is for now we are delighting in the freedom of being able to walk about without having any restrictions about our ankles. There are advantages in this length of skirt, just as there are in the shorter styles. The shorter styles are more convenient in their leading fashion.

Each of the countries in Paris, it is said, has its own fashion. The collections have been unusually good, and the amount of the more vivid than was expected. And the various types of gowns, it may be encouragingly reported, are thoroughly adaptable to the uses of the American woman.

Skirts are longer in Paris—that is, as established the fact. It is to prove that there is never one rule to govern the French couturier. Jenny has made all of her frocks and suits with skirts as short as ever they have been. To be sure, here are the youthful types, and at any rate, those among the American women who are rejoicing in very short skirts have Jenny to uphold their choice; they refer to her decision if their judgment should hang in the balance.

Skirts are longer in Paris—that is, as established the fact. It is to prove that there is never one rule to govern the French couturier. Jenny has made all of her frocks and suits with skirts as short as ever they have been. To be sure, here are the youthful types, and at any rate, those among the American women who are rejoicing in very short skirts have Jenny to uphold their choice; they refer to her decision if their judgment should hang in the balance.

Full Length Skirt Coming. Paris Decrees Simple Lines and Less Drapery—Only One Shoulder Bare. Short skirts, says a Paris correspondent, are on their last legs. Little girls are whispering that the new skirts are to be not half or three quarters, but full length in extreme cases covering the ankles. Already at the opera, the Russeville and the exclusive picture galleries, the long skirt has appeared; and before the coming of the new season it is probable that every girl will reach the boulevard in a full length skirt.

Director's Influence. With the influence of the director's influence drapery effects are found nearly everywhere. The salient features of the director's costume which really pay come in strongly as wide revers and high-standing collars on waist coats, which are worn with vesting. The coats in the back extend into long collars.

Knotted Thread. When sewing your thread becomes knotted, pull it toward the needle and it will unravel without further trouble.

Mrs. Oscar Hartz left for the Twin cities last Wednesday for a week's visit. She is expected back the latter part of this week.

Mrs. Baunquist returned home from the Twin cities last Friday after about a two weeks visit there. Work was commenced last week on repairing the crumery so as to have it in shape when business will open up. A change in layout has been made, the roof fixed and other improvements made.

Miss Irene Willhous visited at the home of her parents at Hinkley over the weekend.

Howard Bucy left for the Twin cities Tuesday noon to spend a few days in the city.

Leonard Johnson and Clyde Vandyske left for St. Paul, Tuesday, from there they expect to go west, where they will be employed for the summer.

A large number from this community attended the "Hawthorne of the U. S. A." given by the American Legion at Pine City, last Thursday evening.

Rev. Gustafson of Bush City conducted services in the local church last Tuesday evening in connection with the Lions Missionary Society. A large crowd attended.

The local unit of the Farm Bureau met in the hall, Wednesday evening last, for a business meeting. A good report was given by Mrs. Wm. Ziegler, Manager of the Minnesota Potato Exchange. The president also addressed the meeting on the importance of the selling of potatoes on the cooperative plan.

Miss Ellen Blot and Mr. Stanley were united in marriage, Friday at the home of the bride's parents, Mr. and Mrs. P. O. Blot, living at West Rock. Rev. Melnie performed the ceremony.

**BEROUN NEWS DEPARTMENT**

The bank force is busy this week painting and redecorating the exterior of the bank building. When completed, it will look like a new building inside.

Frank Chalupnik and Tom Shims made a quick trip to the Twin cities, Tuesday, going and returning the same day by auto. They report the roads are in pretty good shape, as they made the trip each way in less than 8 hours.

F. W. Hemmer arrived from Aurora, S. D., Saturday, with a car load of household goods and machinery. He is moving onto the old M. T. Lahart farm in Meadow Lawn.

A good crowd attended the dance in Perchaska's hall last Saturday evening. Music was furnished by the Rock Lake orchestra.

John Chalupnik, manager of the local lumber yards, reports very bright prospects in the building line this spring. A number of farmers of this community are figuring on building new barns, some of whom have already purchased their materials.

The smoke house on the Henry Stephan place, burned up the first of the week, destroying quite a number of hams. John Chalupnik responded and extinguished the blaze with a couple of pails of water, after spending the building.

R. E. Oden Dahl of Pine City, was a business caller in town, Tuesday. Mr. Oden Dahl is secretary of the Farm Loan Association of this district.

Frank Chalupnik will commence work on his butcher shop building as soon as the dimensions, lumber is sawed. The building, to be erected on the lot between the hotel and Mikyaka's store, will be 40x30 with a full basement and one story high. It will be a frame building, a refrigerator room will be installed. This will give Beroun a good shop which is a much needed want here.

The Shims are starting nicely started in the hotel which they purchased last winter, and are now operating. This is not a new business for these folks, as they have had considerable experience in the hotel and restaurant business.

**With the State Legislature Market Report**

Dairy interests of Minnesota are laying down hard on house and senate members for the retention in the appropriations bill of an item of \$100,000 for the completion of the new cattle barns at the state fair grounds. This building, the finest of its kind in the United States or Canada, will undoubtedly house the National Dairy show next fall and it is desired to no further equip the structure this, the success of the exhibition and convention which will be held in connection with it. Ample insurance floor and additions to the heating plant is desired. That the item will prevail is not doubted, but in order that there will be no slip up those behind the movement are suggesting that dairymen generally be kept in constant touch and insist on its passage. Another item much desired is \$250,000 for a new swine barn. There is no getting away from the fact that such is needed and similar activity is urged in its behalf.

Theodore Christianson of Dawson head of the house appropriation bill is generally picked to go against Congressman Volstead in the seventh district two years from now. Representative Christianson is a house heavyweight.

**Chengwatana News**  
J. W. Holiday is in St. Paul this week on business.

Miss Sabina Kain is now teaching the school in DIDM, No. 1, account of Mrs. Stephenson, having resigned. Everyone interested in church work should attend the Sunday school and preaching service at the school on Sunday at 1:30 P. M.

Mr. and Mrs. Frank Bell of Fairmont, Minn., drove up Sunday to attend Mrs. Collette's funeral. They were accompanied by Mr. and Mrs. Guy Collette.

Mr. and Mrs. Philips of Great Falls, Mont., arrived here last week to see the latter's mother, Mrs. J. S. Collette.

Mrs. Wm. Weinberger returned home Monday, after a week's visit at Farmington.

The Meadow Lawn Sunday school will give a supper and social at the town hall Saturday evening for the purpose of raising funds to secure song books. The Meadow Lawn band will play. Everyone should attend.
