PINE COUNTY FAIR AUGUST 17-18-19-20 WITH NIGHT SHOW

Three Big Days Entertainment at Fair This Year

The Pine County Fair will open at Pine City, August 17th and run four days, Wednesday, Thursday, Friday and Saturday. Wednesday will be entry day and there will be three days with a night show.

The management was fortunate this year in securing a contract from the Harrison Carnival company. The company comes here highly recommended as a good carnival outfit. They have 8 side shows consisting of wild animal shows, athletic, and vaudeville show fun house for the little folks and a merry-go-round.

Ten free acts have been contracted for to be put on in front of the grandstand every afternoon and evening. These consist of an aerial and contorty act, diving dog, knife throwing act, trained horse and trained bear act, reversing ladder act, educated horse comedy, wild act, and old style comedy mule act for the kids to ride.

In addition to the above acts every afternoon, there will be a ball game each day, automobile races and special features. While the exhibits will be lighter than last year, owing to the conditions of the crops, there is a great deal of interest already being taken in the different departments and everything indicates a fair bunch of exhibits.

The Boy and Girl club exhibits under the supervision of the county leader, Mr. Prince, promises to be one of the best departments of the fair this year. The children throughout the county have taken a great deal of interest in that work

and will be on hand to exhibit their produce and stock. Make your plans now to attend all three big days. Make it your vacation. There will be lots of good clean entertainment.

Special Co. Board Meeting

The county board held a special meeting at the court house last week and considerable business left over from the regular meeting was disposed of.

A. G. Robinson, chairman of the Pine Town board was present and asked that no more work be done at this time on Co. ditch no. 2. No action was taken by the commissioners however.

County Auditor Edin was instructed to go to St. Paul and inquire the state highway commission in regard to getting a refund to the county for the \$110,000 bond issued floated the money from which was used on the Federal Highway, state road No. 1.

A request was received from the state highway department, asking the assistance of the county engineering department in the survey of minor state roads through the county. The board voted to allow such assistance providing it did not interfere with the county work.

A letter from the state board of health regarding the smallpox epidemic amongst the Indians in Lima town was received. The auditor was instructed to inform the department that the matter had been taken up with the department of Indian affairs at Washington.

A few bills were passed, after which the board adjourned to meet August 17, the opening day of the fair.

The End of a Perfect Day

Loot Bank

Four armed bandits entered the Amelund State Bank last Saturday morning at about nine o'clock and took \$7500 in currency and silver and \$3400 worth of liberty bonds. There was an extra amount of cash on hand to take care of the emergency pay checks.

The four men and a driver drove up to the bank, the four got into of the car while the other drove on about a half mile, turned around and drove back to the bank. Two of the men entered the bank and stood around a couple of minutes when the other two went in. The cashier and two customers were in the bank at the time.

Mora Wins Close Game

Notwithstanding the fact that 4 of Pine City's regular players were out of the game, Pine City succeeded in beating Mora to a 6 to 4 score, at that place last Sunday. Mora started times rolling in the first inning by chanking up 4 runs for their favor. Pine scored 2 in the first inning, 1 in the second and 1 in the fifth. The score was then tied until the seventh when Mora got 2 more runs, Pine failing to score after the fifth.

Dewey Wilcox, Biedmayer, Karsky and Schultz were unable to play Sunday. Arnie and Dick Kowalko, Les Wilcox and Jim Hawley substituted. Kalb played first and showed up fine in that position and we understand Manager Harley is considering keeping on the first base. Les Wilcox got a nice 2-base hit making a home run out of it from two overthrows. Other runs were made by Kaly, H. Dudley and Arnie Kowalko. Dahlen on the mound for Pine City struck out 13, hit 1 and walked 2 Handschu for Mora struck out 10, walked 2 and hit.

Good Chautauqua

The program on the Chautauqua this year has been exceptionally good, the management selecting real artists for the musical numbers. The big number "The Babber" was easily worth the price of the season ticket alone. The play, dealing with a get-rich-quick stock scheme was a laugh producer from beginning to end.

Of the musical numbers none stood out above the others in expectations as to whether they liked vocal or instrumental music the best or preferred one instrument to another. They were all finished and accomplished artists in their line.

Dr. John Marvin Dean, pastor of Calvary Baptist church of New York was the first lecturer to speak appearing on the program Saturday evening. He is reported to be one of the highest salaried ministers in America and easily proved his ability as a public speaker in his lecture on "America's Tomorrow".

Dr. Raven of the South Sea Islands spoke Sunday evening on a "Gentle Breeze from Tropic Seas" and brought to his hearers something new to think about. Dressed in his native costume, he gave a brief history of his native people and told of their accomplishments toward civilization.

Oney Fred Sweet, a writer on the Chicago Tribune, told of his many experiences in the "Other fellow's shoes". He spent 2 years, trying out 100 different jobs to get the other fellow's viewpoint.

J. F. Connor, a farmer himself, spoke Tuesday afternoon on the "needs of the farmers" dealing with the Farm Bureau and legislation needed to better conditions. H. Richmond Mills, sociologist gave a few plain facts yesterday afternoon that were startling in the extreme. His talk dealt with the condition of American homes, with the alarming growth of divorce and with the fast race of the American people. While some folks might think that he was somewhat of an alarmist he gave some statistics which if correct, would prove that he was right in believing a christian revival is badly needed.

FARMERS AND MERCHANTS PICNIC NEXT THURSDAY

Sports Program, Base Ball, Dance and Speaking

Arrangements are about completed for the annual Farmers and Merchants picnic, which will be held at Fritzen's grove on Pokegama lake, next Thursday August 4th. Business men from the surrounding towns are cooperating and plan on making it bigger and better than ever.

Ben Bos, chairman of the sports program, has arranged a good program which will include a ball game between Pine City and Brook Park, for a purse. There will also be a dance in the town hall in the evening. Judge Hallam will make the principle address and their will be talks by others. Refreshments will be served on the grounds. Plan now to attend. You will have a good time.

Fire Destroys Grasston Depot

Last Saturday night between the hours of 11 and 12 the Grasston depot was struck by lightning and burned to the ground. As the depot is closed at night there was no one to give the alarm, and not until the flames broke through the building was the department called out. It was then too late to be of any use in saving the building as the apparatus consists of two chemical and a hook and ladder, but the boys succeeded in containing the fire to the one building, owing to a favorable wind which was blowing from the west. John Sjodin, the drayman reports that about all that was struck by lightning, had been delivered in the day, so the loss was not so great. A quantity of groceries for the Skoglund store at Brunswick and also about 200 butter tubs for the Brunsmick creamery were a total loss. Besides his several trucks waiting to be called for were consumed.

The railroad has shipped in a small building for temporary use and there will be a new depot as soon as material and workmen are available. F. W. Jacques, the station agent, reports a small personal loss—Grasston Advance

American Ships Now Sail Seven Seas

Twin Bed Staterooms, Private Baths and Nurseries for the Children Give Hints of Luxuries on Ships of the New American Merchant Marine

ANYWHERE in the world an American ship is no longer used to sea or ship their goods in foreign bottoms. That, to-day, is the proud message from the National Capital to the American people.

From every port in the country now sail stately and luxurious vessels, under the American flag, carrying passengers and cargo to every country in the globe.

The nation, through the United States Shipping Board, is fitting a new Declaration of Independence to the world, independence of foreign vessels for American travelers and commerce.

With a proud merchant fleet numbering 3,700 vessels of 15,513,870 deadweight tons (not including small ships), according to official figures compiled to May 1, it is now up to the people of the United States to keep that fleet on the seven seas. Of this fleet, the United States Shipping Board owns and controls 1,720 vessels of 11,157,000 tons.

"We must take the huge corporate tonnage of the world and give it to our own people," declares Albert D. Lasker, chairman of the United States Shipping Board. "The American Merchant Marine must be sustained if it is to be permanent," declares Rear Admiral W. B. Bannan, the commissioner of the United States Shipping Board.

Not only in quantity does the American fleet excel, but in quality. Here are some of the features of many American passenger vessels to which the traveling public has been accustomed only on big foreign liners—public rooms with painted ceilings and music rooms, palm gardens, verandas and writing rooms, rail rooms, plans enclosed promenade, swimming tanks, twin beds, shower and tub baths.

After forty-six years service in the United States Navy, during which time he saw five American ships, except on ships of war, almost never disappear from the ocean, and now the chief officer of the greatest ship in the world, Admiral Benson is asking the United States Shipping Board to support their and control 1,720 vessels of 11,157,000 tons.

"The United States Shipping Board has the largest fleet in the world to build upon, and make it an institution which every American citizen should be proud to support," declares Albert D. Lasker, chairman of every American.

ROCK CREEK NEWS DEP.

Mr. and Mrs. John Lindgren and family spent Sunday at the home of his parents in Mora. Ted and Roy Carlson left Monday for North Dakota where they expect to work in the harvest fields. Mr. and Mrs. L. R. Becklund and Mr. and Mrs. A. P. Erickson spent Sunday with relatives in Braun.

Miss Laura Becklund of Minneapolis spent the week end at the home of her brother, L. R. Becklund.

Roy Van Dyke came from Minneapolis last Saturday for a few days visit at the home of his parents here.

Geo. Hornhoft left Tuesday morning for North Dakota where he expects to be employed in the harvest fields.

The ice cream social given by the local Royal Neighbor lodge last evening was well attended and a good time had by all present.

Miss Jodie Nyrs came up from Minneapolis last Saturday to spend the week end at the home of her parents, Mr. and Mrs. August Nyrs.

Mr. and Mrs. J. D. Pepin went to St. Paul last Saturday where Mrs. Pepin received medical treatment. They returned home Monday.

The Farmers Coop. Creamery received a car load of feed last Saturday which has been sold to farmers in this vicinity.

Another car is expected in this week.

Fred and Oscar Hartz, Mrs. Dahl and the Hartz children, went to the Twin cities last Saturday. They returned Monday morning accompanied by Mrs. Fred and Mrs. Oscar Hartz who had been visiting friends and relatives there.

Mr. and Mrs. Elmer Morrow and Riley and Mildred Morrow of Delta, Ia. arrived last Friday for a visit of a week or more at the J. M. Morrow home. They went to Moose Lake, Tuesday, for a visit at the C. W. Carlson home.

Miss Myra Barstow arrived from Duluth, Tuesday noon and will remain at the home of her parents until the first week of September. She has been attending summer school at Duluth the past four weeks.

The Rock Creek Juniors again showed their supremacy last Sunday when they defeated the Westwood team by a score of 15 to 2.

Arcine Doran and Merrill Van Dyke did the pitching for the juniors. Next Sunday they play the Rush City Juniors at this place and from that don't let them for the game there should attend this game.

North Branch was again the victor in the ball game played on the local diamond last Sunday. Rock Creek was the first to score, challenging up two runs in the first inning, which ended their scoring for the remainder of the game. Host was on the mound for Rock Creek and succeeded in striking out the first three men that faced him. He pitched good ball through, having an exceptionally fast ball, but loose playing paved the way to defeat.

Next Sunday the locals go to Mora for a return game with that team.

A business deal was transacted last week whereby Godfrey Anderson disposed of half his interest in his garage to Herb Baker of Braun. It is their intention to build a new modern garage on the corner near the John Erickson residence and facing the federal highway. The new building will be 40x60 and modern in all respects. Mr. Anderson has been in the garage business at this place the past several years and owing to the increasing business found it necessary to make this change. Mr. Baker is an experienced automobile man and had new firm is here to give the best automobile service possible. Mr. Baker moved his family over from Braun last week and are living in the G1 cottage.

Mr. and Mrs. Wm. Pulkrabek drove to St. Paul Monday, returning home the same day.

Mr. and Mrs. Frank Kaspar of Hopkins arrived, last Sunday for a visit at the J. B. Kuzel home.

Miss Anna Tomam came up from St. Paul last Monday for a visit with her parents here. She expects to remain two or three weeks.

Fryk Chalupnik opened the new butcher shop, last Saturday with a good stock of meat. Business has started in very good we understand.

A baby girl was born to Mr. and Mrs. Joe Novy Jr. at their home southeast of town, last Sunday morning. We are glad to welcome the new arrival.

The electrical storm, last Tuesday evening, put the Beroun telephone lines out of commission and the wires were unable to use their phone Wednesday.

Ernest Rohlf shipped a car of rock from Hinckley, to the South St. Paul market, last Monday. He is shipping a car from Pine City and one from Beroun in a few days.

Pete Soukup accompanied by Joe Novy Sr and his daughter, Miss Rose drove up from Hopkins, last Sunday for a visit at the home of Mr. Novy's daughter, Mrs. Jim Hejny.

One night last week, thieves broke into the Pulkrabek garage, and took

some new big cord tires and 4 tubes some patches and a new hat. No trace of the stolen stuff has been found we understand.

The state will start work next Monday grading the Federal highway from the town line to Hinckley. They will have a bunch of trucks, work, and expect to put on about 3,000 yards in the Beroun district.

Mr. Johnson of Hinckley who has been drilling for a well at the piece point, has been delayed in the work twice by someone plugging the hole at night. The second time the perpetrators of the mean trick even had to remove the drill before they could do the dirty work.

The concrete for the basement of the new Pulkrabek home is in and carpenter started work on the framework yesterday. Work is also progressing nicely on the Sladyk home—the old Stephan place. A basement has been put in and the house is being remodelled.

The Gehlvey Puckle Co. started buying last Monday and took in eleven hundred pounds of cucumbers that day, about 4000 pound loose drove up from Hopkins, last Tuesday and up to noon yesterday that had received 3500 pounds. A force of 7 people is busy grading and sorting the cucumbers and they are here planned in the big tanks into the Pulkrabek garage, and took ready for the salting.

TWO MINUTE TALKS TO AMERICANS.

America First Association.

WHAT AMERICAN CITIZENSHIP MEANS

By HARRISON FULLER, Past Commander American Legion, Department of Minnesota.

The lack of faith in the American people which some persons display is pathetic. For my part, I know that all other influences and traditions aside, there is not room enough on this vast continent of ours for the Russian Legion and the communist party. But let us not fall into the national crisis of overconfidence. I say crime advisedly, because our future depends upon our understanding of the problems which confront us and our willingness to throw ourselves into the conflict. I say that I do not view the future with apprehension. We are not slackers during the war and I know we are not going to be slackers now. A bigger and a greater task even than the winning of the war now confronts us. It is the task of conquering ourselves.

Good American citizenship means making the most of ourselves and our opportunities as Americans, and means helping our neighbors to do likewise. Americanism, as conceived by the American Legion, has its first task the education of all elements of our population in the principles of our government and in the opportunities offered by our system to the honest resident of our land.

The maintenance of Americanism lies in the doing by each citizen of just a little more than is required of him by the law. He must have what Governor Goodie so aptly described the other day as "a great and overmastering desire to observe the law."

The United States stands today on the threshold of the greatest opportunity ever offered to a nation. By fidelity to the principles of the Declaration of Independence and the Constitution, by spirited and every action and every relationship of our everyday life the principles of one hundred per cent Americanism, we will use that opportunity as God intended it should be used and shall maintain throughout the century the position of leadership which comes only to those who have the faith, the courage and the wisdom to practice as individuals and as a nation the teachings of the Declaration.

You'll get somewhere with a pipe and P. A.!

Start fresh all over again at the beginning! Get a pipe!—and forget every smoke experience you ever had that spilled the beans! For a jummy pipe, packed brimful with Prince Albert, will trim any degree of smokejoy you ever registered! It's a revelation!

Put a pin in here! Prince Albert can't bite your tongue or parch your throat. Both are cut out by our exclusive patented process. So just pass up any old idea you may have stored away that you can't smoke a pipe! We tell you that you can—and just have the time of your life on every fire-up—if you play Prince Albert for packing!

What P. A. hands you in a pipe it will duplicate in a home-made cigarette. Go—but you'll have a lot of fun rolling 'em with Prince Albert; and, it's a cinch because P. A. is crimp cut and stays put!

Keeping the House in Order

IT is in caring for the needs of its patrons, be they big or little, which stamps the Standard Oil Company (Indiana) as a service organization of the first order.

Whether the product be a major one, as for instance, gasoline, or one of the highly refined motor oils, or a secondary one, such as Standard Road Oil, facilities have been provided by which the patron, wherever he may live, may get what he wants with as little delay as possible, and at a minimum of expense.

For many years Standard Road Oil has been used by communities and individuals in providing a semi-hard surface to highways. Roads so treated are dustless, are not so easily affected by rains, and carry a heavier load with less power than is possible where plain dirt roads, however well cared for, are used.

Recently it has been apparent that many want to use this dirt preventive on the roads about their homes. Some need but a single barrel; others two or three, but these small amounts they want badly.

As soon as it became apparent that there was a demand for Standard Road Oil in small quantities, the Company assigned to this product a sufficient number of iron barrels to care for the trade. These barrels are not sold but are used merely to transport the oil, to be returned as soon as they can be emptied.

By thus cooperating with its patrons, the Company can furnish small quantities of Standard Road Oil at a minimum price, and the user can get it in quantities of one barrel, or a thousand barrels, without having to pay for the container.

This is but one of the many ways in which the highly specialized organization of the Standard Oil Company (Indiana) serves the public, individually and collectively, to the profit of all.

Monday's Closing—Cattle 3,400. Market closing mostly steady, calves 1,400. Market steady, packer top \$8.50. Hogs 3,400. Market 15 to 25c lower closing week. Bull \$8.25 to \$9.75, top \$10.50. Sheep 1,100. Lambs steady to 25c lower. Sheep steady.

South St. Paul, July 25, 1921.—The cattle market is being featured by a seasonal widening of the price spread, best dry feeds which are growing scarce making fresh gains the past week with yearlings the best sellers, while grass steers with receipts of such kinds increasing, are slow sale and weak with price tendency lower. Yearling steers and heifers mixed of good to choice beef quality sold in the past week's trade from \$8.50 to \$9.25, with heavy fed steers the same quality in good demand at \$8.00 to \$8.50. Grass steers suitable for beef purposes sell largely from \$7.25 down to around \$5.50. Practically all of the butcher she stock is of the grass variety, a few of the best heavyweight kinds selling at mostly \$1.75 to \$3.25, bologna bulls, \$3.75 to \$4.75. Packer top on veal calves \$8.50, second largely \$5.50, with a few select vealers as high as \$9.00 to city butchers. A few of the most desirable feeders are selling up a round \$7.00 a few of the same kinds of stockers around \$6.00 and bulk of trade in stockers and feeders is from \$4.00 to \$6.00. Hogs opened 15 to 25c or more lower, heavies losing most. Range \$7.75 to \$10.50, hogs \$8.25 to \$9.75. Bulk good native and Dakota lambs \$8.75 to \$9.25, good ewes \$8.50 to \$4.00, yearling wethers \$5.50 to \$6.50, feeding yearling wether \$8.75 to \$4.75.

The mistake is made by many Pine City citizens. Look for the cause of back ache. To be cured you must know the cause. If it's weak kidneys you must get the kidneys working right. A Pine City resident tells you how. Mrs. Jos. Volence, Pine City, says: "My kidneys were disordered and my back hurt me. My head ached, and I was often dizzy. The least work made me feel weak and tired for a long time and I was unable to do anything. I got Doan's Kidney Pills at Prochaska's Pharmacy and they soon brought me relief. When I had used a few boxes, I was perfectly well again."

GRAIN PRICE WEAKENS

Some Primary Points Report Record Wheat Movement.

U. S. Bureau of Markets, Washington, D. C. for week ended July 25, 1921.
GRAIN. Prices fluctuated within narrow limits during the week but generally lower, the low point being reached the 23rd, when a general selling movement took place. Good export sales were reported at Gulf ports, Germany entering the market for corn and wheat. But market slacked outside support. Loadings very heavy at its interior points, some western railroads reporting a record movement. Corn offered good resistance but declined slightly in sympathy with wheat. In Chicago cash market No. 2 red winter wheat closed at \$1.23; No. 2 hard at \$1.24; No. 2 mixed corn at 82c; No. 3 yellow corn at 82c; No. 3 new white oats at 35c. For the week Chicago July wheat dropped 3c closing at \$1.23; July corn gained a quarter 2 1/2c closing at \$1.19; Soyabean corn held steady at 61 1/2c. Minneapolis September wheat dropped 1 1/2c closing at \$1.19. Kansas City September wheat dropped 1 1/2c closing at \$1.12 1/2.

HAY. Receipts new hay increasing in western markets and prices are lower. Eastern markets firm because of drought and short pasturage. Quoted July 25th: No. 1 timothy, Minneapolis \$15; No. 1 alfalfa St. Louis \$25; No. 1 prairie Minneapolis \$15.

FEEDS. Market unsettled due to disposition of eastern and western resellers to unload stocks of wheat feed recently accumulated. Quoted July 25th: Bran \$13.75; middlings \$15.75; linseed meal \$40. Minneapolis, 35c; cottonseed meal \$35. Atlanta, white hominy feed \$22.50; St. Louis, gluten feed \$29.50; Chicago, No. 1 alfalfa meal \$19.50; Kansas City, 45c; peanut oil meal \$41 delivered northeastern markets.

FRUITS AND VEGETABLES. Virginia, eastern short, Irish Cobler potatoes advanced 75c per bush in New York, reaching \$44.25. Kansas accelerated Early Ohio slow and dull in Kansas City, closing around \$1.25. Acreage commercial onions late

I have had very little such trouble since for when I have felt the trouble coming on, I have used Doan's Kidney Pills and they have rid me of it right away. Price 60c a full dollar. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Volence had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

For regions in which the season is too short for corn growing, the start of the Northern agricultural station near Duluth is seeking to find substitutes for corn for use in making of silage. M. J. Thompson, superintendent of the station, in his report for 1920, just issued, announces progress in the statement that sunflowers are now the major silage crop for the Duluth station. Other silage crops which have been tried out with more or less success are clover, timothy, millet, rutabaga tops and potatoes. Mr. Thompson says that clover-timothy silage has always been eaten ravenously by the stock but it has proved rather inferior on account of over-ripeness and dryness, and rutabaga tops were eaten freely and were not only palatable but probably stimulated milk production above all other feeds. Potato silage, to which 2 per cent of corn meal was added to stimulate fermentation, proved an exceptionally good feed for milking cattle. The 1920 report of the Duluth station is full of interesting material, showing how progress is being made in working out the farm problems of regions like that around Duluth.

Country poultry demonstration committees are to be established in Minnesota. The decision on the part of the poultry specialists at University Farm, to extend such work grows out of the success of the venture at Baraboo. The requirements for the establishment of a poultry demonstration community are that at least ten farmers in one community will agree to keep accurate records of production and cost of feeds for one year. Aid will be extended to such communities by sending them poultry experts who will be of service in conferring as to breeding, feeding care, housing and management. Committees will be chosen on recommendation of the county agents and county poultry associations.

shipping states 37,667 acres compared with 43,333 last season. Greatest reduction in Ohio, New York and California.

California Salmon Tint cantaloupes in midwestern markets at \$2.75-3.25; white prices advanced moderately in eastern cities, closing mostly \$3.25-4.

Georgia and South Carolina, Tom Watson's corn steady, steers, slightly weaker. Good demand advanced prices moderately, 25-28 lb. stock closing \$175-\$225 per car, f. o. b. cash track.

DAIRY PRODUCTS. Butter markets not so firm as a week ago. Demand has been fair, but uncertain, shows less settled and there is some feeling that present prices are too high to operate with safety. Cooler weather has made heavy shrinkage in production less of a probability. Finest grades declining but under grades increasing. 32 scores. New York 42c; Chicago 40 1/2c; Philadelphia 42c; Boston 42c.

Cheese markets firm at opening of week but only steady at close. Following extreme advances at country markets early in the week, trading became quiet and export buyers practically off market quality running poor and many complaints. Under good best steers \$7.25-8.25; butcher cows and heifers \$4.75; feeder steers \$5.25; light and medium weight veal calves \$3.75; fat lambs \$8.25-10.50; yearlings \$4.50; fat ewes \$3.25-5.50.

LIVESTOCK AND MEATS. Livestock prices at Chicago advanced generally 10-25c during the week, hogs up a quarter with new top at \$11.10. Beef steers gained 15c; cowboys, hogs and veal calves declined a quarter, the latter on lower grades. Poultry and feeding sheep up 10-25c. July 25th, Chicago prices: Hogs, top, \$11.10; bulk of steers \$9.10-11; medium and good best steers \$7.25-8.25; butcher cows and heifers \$4.75; feeder steers \$5.25; light and medium weight veal calves \$3.75; fat lambs \$8.25-10.50; yearlings \$4.50; fat ewes \$3.25-5.50.

Western dressed beef, pork and mutton showed advances with veal and lamb declined. Beef up 50c-\$1.50; mutton up \$1 on better grades; pork Johns up \$2.3; veal down \$1; lamb down \$2.4. July prices for good grade mutton: Beef \$12.50-16.50; veal \$15-18; lamb \$21-25; mutton \$14-18; light pork Johns \$24-27; heavy Johns \$18-22.

DEMAND FOR TANIAC BREAKS A RECORD

Amazing Success Achieved by Celebrated Medicine Not Only Phenomenal, But Unprecedented—Over 20,000,000 Bottles Sold in Six Years—Foreign Countries Clamor for It.

Never before, perhaps, in the history of the drug trade has the demand for a proprietary medicine ever approached the wonderful record that is now being made by Taniac, the celebrated medicine which has been accomplishing such remarkable results throughout this country and Canada. As a matter of fact, the marvelous success achieved by this medicine is not only phenomenal, but unprecedented.

The first bottle of Taniac to reach the public was sold that little over six years ago. Its success was immediate and people everywhere were quick to recognize it as a medicine of extraordinary merit. Since that time there have been sold throughout this country and Canada something over Twenty Million (20,000,000) bottles, establishing a record which has probably never been equaled in the history of the drug trade in America.

Fame Is International. The instant and phenomenal success which Taniac won when it was first introduced has been extended to practically every large city, small town, village and hamlet in North America. Its fame has become international, its scope and England, Japan, Mexico, Cuba, Hawaii, Alaska, Porto Rico and many European countries are clamoring for it.

From coast to coast and from Great Lakes to the Gulf, Taniac is known and honored. Millions have taken it with the most gratifying and astonishing results and have pronounced it the greatest medicine of all time. Tens of thousands of men and women of all ages in all walks of life, afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women, afflicted with the disease of indigestion, have testified that they have been fully restored to their normal weight, health and strength by its use.

Restored to Health. Still others, who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizziness, spots, runny nose, gassy stomach, coated tongue, foulness of breath, constipation, had complete relief, and were completely restored to health and happiness by the use of Taniac.

One of the surest proofs of loyal friendship is shown by the disposition to bear and forbear.

A Feeling of Security. You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

It is not a stimulant and is taken in medicinal doses. It is not recommended for everything. It is nature's great helper in relieving and overcoming indigestion, liver and kidney troubles.

Moat Intelligent Animal. Scientists say that chimpanzees is superior to any other animal except man. Next in order comes the gorilla, then the orang-outang, the gibbon, still another variety of ape, comes fourth.

Financial Conservation. "Everything I touch turns to gold," remarked Milford, plaintively. "That may be all right occasionally, but there's no use of your trying to put across any statement as strong as that even in a prospectus."

With Variations. "She-I wish you would change your style of dancing a little." "He-In what way?" "She-You might occasionally step on my left foot—The First (London).

Through. "Does your little girl like the bright lights of the great city?" "No," replied Farmer Corntossed. "Her heart is set on the bright outside and look at the lights. He always insists on going inside and seeing the picture show."

Summer Diversions. "Will you go to the seashore with your family?" "No," replied Mr. Growler. "Somebody ought to stay home for the rest of the folks to send postcards to."

HEADQUARTERS for Northwest Travelers West Hotel MINNEAPOLIS, MINNESOTA

Western Canada Offers Health and Wealth and has brought to thousands of home-seekers and their families who have found at attractive prices. They have established themselves in business, and are enjoying the fruits of independence. In the great grain-producing sections of the West, it is still to be had on easy terms.

Fertile Land at \$15 to \$30 an Acre and smaller tracts to suit. Although many farms have yielded from 20 to 40 bushels of wheat to the acre, the best yields are in great abundance and are made possible by the use of the best seed, the best fertilizer, and the best cultivation. Hundreds of people in a single season have made their money in the West, and are now enjoying the fruits of independence. The climate and soil are ideal for the raising of stock and agriculture. The advantages for

Dairying, Milk Raising and Stock Raising make a tremendous appeal to individuals who are desiring to start outside of the city. For certificate and illustrated prospectus, write to the nearest representative in your State, or to the Western Canadian Land Co., 1100 Broadway, New York City.

HAPPENINGS IN THE SOUTHERN STATE

News From All Parts of Minnesota Given in Condensed Form.

EVENTS BRIEFLY TOLD

Where Busy Readers Will Find News From All Parts of the State Thoroughly Chronical for Their Benefit.

Montevideo—The board of county commissioners have refused the customary aid of \$1,000 to the Chipewee County Farm Institute.

Laverne—While crossing a bridge in Kanarok township with a three-wheel motor car, George Jones was seriously injured when the bridge collapsed.

Lake Leno—One man was killed and three others injured as a result of the collapse of a balcony of the new Catholic church being built here.

Owatonna—The United American Veterans of the World War, with headquarters in St. Paul, filed articles of incorporation with Mike Holm, secretary of state.

Minneapolis—Deputy sheriffs recovered the body of Arthur Leonard, aged 39, of Minneapolis, who drowned Sunday while swimming in Lake Minnetonka at Fordale.

Owatonna—The Steele County Holstein Breeders' association at a meeting here, voted to finance the sending of a county show team and to give a prize to the best cow in the Minnesota state fair this year.

Laverne—Loren Forrest, a harvest, received a probable verdict when the binder which he was operating passed over his back. The horses were completely destroyed by fire in April. The new church will cost \$35,000.

Duluth—Four hundred delegates, representing Minnesota, Wisconsin and the Dakotas, were present today for the annual convention of the Knights of Macabees was called to order.

Wadena—For the first time in history women are to serve on the jury of the Waseca county district court, a number of Waseca county women having been selected by the county commissioners.

Bertha—The Bertha baseball team won its twelfth victory of the season when it defeated the Verdala. Brainerd Little Falls division by a 4 to 2 score. The local team has lost two games.

Canby—Harvey Davis, an electrician was severely burned when he came in contact with a wire carrying 2,300 volts of electricity. Davis was rendered unconscious and his clothes were burned from him.

Minneapolis—Arthur Price, city fire chief, was arrested here for having secured for a drug job which tried to burn two loop hotels. In both cases the buildings were saved by quick action by employees.

Gonvick—Progress is being made in obtaining final surveys of the section of Clear Lake, according to George W. Walker, Third Lake Falls engineer of the Red Lake drainage and reclamation district.

Waseca—A complete survey of the rat problem in Waseca is under way as the first step in a city-wide campaign to rid the town of these pests. Police is given free to warriors in the rat problem.

Moorehead—Arund Erickson, aged 15, died here when he was overcome by flames while firing a boiler at the state teachers' college here. His father, Gust Erickson, is in a hospital at Fargo, recovering from the effects of the gas.

Laverne—O. H. has been found on a farm in Springwater township, owned by John Erickson. Nothing an old thing in the water from a well in use for 600 feet, either engaged a prospect to drill the well to a depth of 600 feet, or to a depth of 600 feet, or to a depth of 600 feet.

St. Paul—Prices for hay, corn and bedding at the St. Paul Union Stockyard company, South St. Paul were ordered reduced by the railroad and warehouse commission. The company has been selling hay at \$10 a ton, corn at \$12 a bushel and bedding at 90 cents a bale.

Almeland—Four bandits entered the Farmers State bank here and stole \$7,000 in cash and about \$6,000 worth of Liberty bonds and other securities in a touring car left in readiness by a fifth bandit. Almeland is a little inland village in Chisholm county, 20 miles north of Center city, the county seat, and about 45 miles north of the twin cities.

Minneapolis—Trench road box cars instead of Pullman, army cots instead of the downy beds, a train that creeps along instead of a train that flies, are the plans of American Legion delegates for their trip to Winona next week to inaugurate the new road from August 1 to 3, inclusive.

St. Paul—Governor J. A. O. Pines directed a car to be sent to the state department of agriculture. The prospective supply of corn, prices and practices of the trade are being investigated, under the instructions given by the governor to Commissioner N. J. Holmberg.

Winona—Judge H. P. Peter in district court directed a verdict of acquittal in the case of H. L. Roberts, state clerk, charged with the murder of a man with a manilauger in the second degree. Roberts was alleged to have operated the foot of a manilauger, before it fell, killing Mrs. Clementine Merritt, a passenger.

Winona—John Owens' 17-year old son, Donald, principal witness of the state, testified that Dominick Tappan, who was alleged to have killed his wife by Owens, had threatened his father and that Owens told his son he was forced to shoot to protect himself.

Duluth—The annual state conference of social workers will take place here from September 10 to 13.

Laverne—Lawrence, 14-year old son of Mr. and Mrs. Henry Parrot, had his back broken by being run over by the full wheel of a motor car.

Duluth—The government collected \$10,000 in fines from the 307 cases closed at the term of the federal court ending here. Ninety-five per cent of the cases were for violation of federal liquor laws.

Laverne—At the annual meeting of the stockholders of the Tri State Mutual Grain Dealers Fire Insurance company a dividend of 50 per cent was voted and \$10,000 was ordered added to the surplus.

Duluth—Explosion of dynamite caps, with which they were working on a road near here, sent one Peterson high into the air, and he landed on his back part of his right eye and possibly the right of one eye, and severely injured. He was taken to the Red Wing Filter Sand company and recovered.

Albert Robbers looted the safety deposit vault of the Alberta State bank here, taking Liberty bonds and other securities in an undetermined amount, and also robbed the strongbox at the Great Northern railroad station.

Pipestone—Fire caused by lightning wrecked the interior of the general store owned by C. E. Harwood, at Hatfield, seven miles from here. Villagers formed a bucket brigade and prevented the flames from spreading to adjoining buildings.

Fergus Falls—Henry Knutrud and Alfred J. Nelson were both seriously injured here by a gasoline explosion in the Nelson Bros. garage. Knutrud ran across the street with his clothing alight, and Nelson was killed by the burning oil from his body.

Minneapolis—A spectacular fire which started from a lighted match while the tank of an American motor bus was being filled burned 100 gallons of gasoline at the Pure Oil company's filling station, and threatened to spread to 3,000 gallons stored underground.

St. Paul—Charles F. Staples, former member of the Minnesota railroad and warehouse commission, has been appointed acting director of the bureau of valuation of the Interstate commerce commission, according to Washington reports, effective the 15th of July.

St. Paul—State-owned mines in Minnesota are to be sold for \$250,000 for the quarter ended July 1. J. P. Fink, mineral land clerk in the office of the state geologist, has just announced. Payments of this royalty of 25 cents a ton on ore have been completed.

Shakopee—Paul H. Behm of Minneapolis, is held in the Carver county jail at Shakopee pending further investigation into the death of Mrs. M. J. Erickson, masseuse at the sanatorium here, who was injured fatally, when it is alleged, she was struck by an automobile driven by Behm.

Albert Lea—You should be more careful of your car. "She is well qualified."—Louisville Courier-Journal.

To Have a Clear Sweet Skin. Touch pimples, redness, roughness or itching. If any with Cuticura Soap, then bathe with Cuticura Soap and hot water. Rinse, dry gently and use a little Cuticura Ointment to give a fascinating fragrance on skin. Everywhere 25c each.

St. Cloud—Gasman men of St. Cloud have subscribed \$500 for their portion of an army site of \$25,000 for a building of an armory.

Edward is something less than five years old. For six days a week he is a 100 per cent mischievous and thoroughly rough-and-ready boy. But on Sunday—well, he's a different creature. The boys of the neighborhood, the boys of the neighborhood, the boys of the neighborhood.

Edward stood up. "Ask" he began bravely, "and you shall repeat to repeat when his name was called. They were: "Ask and ye shall receive; seek and ye shall find; knock and the door shall be opened to you."

Edward stood up. "Ask" he began bravely, "and you shall repeat to repeat when his name was called. They were: "Ask and ye shall receive; seek and ye shall find; knock and the door shall be opened to you."

Shame on Them.

PERHAPS there are a few mothers who do not know the virtues of Fletcher's Castoria. Perhaps there are a few who know that there are imitations on the market, and knowing this demand Fletcher's. It is to ALL motherhood, then, that we call attention to the numerous imitations and counterfeits that may be set before them.

It is to all motherhood everywhere that we ring out the warning to beware of the "Just-as-good". For over thirty years Fletcher's Castoria has been an aid in the upbuilding of our population; an aid in the saving of babies.

And yet there are those who would ask you to try something new. Try this. Try that. Even try the same remedy for the tiny, scowling breathing, babe that you in all your robust womanhood would use for yourself. Shame on them.

Children Cry For Fletcher's CASTORIA

Thereby Promoting Cleanliness and Good Health. It is the only medicine that is safe for infants and children. It is the only medicine that is safe for infants and children.

Your Friend, the Physician. The history of all medicines carries with it the story of battles against popular beliefs; fights against prejudice; a research work of opinion among scientists and men devoting their lives to discovery; laboring always for the betterment of mankind. This information is at the hand of all physicians. He is with you at a moment's call.

Believe him when he tells you—as he will—that Fletcher's Castoria has never harmed the lightest babe, and that it is a good thing to keep in the house. He knows.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA. GENUINE CASTORIA ALWAYS Bears the Signature of Dr. J. C. Fletcher.

THE CENTAUR COMPANY, NEW YORK CITY.

Exact Copy of Wrapper.

Catty. "She has been asked to act as patroness at a cat show." "She is well qualified."—Louisville Courier-Journal.

Small Darkey Had a Perfect Defense Against Teacher's Intimation of Disobedience.

At a social gathering of some darkness in a Georgia town two members fell to disputing which had the smarter children. "You Lee was positive of the victor when he came to the front with the following: "The other day my little boy Joe went to school with his little dawg and tells him to go back home like a dog, he can and take his dawg and never bring him back no mo'.

Little Joe do just like de teacher tell him. Himself little Joe goes back to schoolhouse and just as soon as he sets himself down a little dawg comes in an' goes right on his where Little Joe sets. Den de teacher asks him again and says: "Joe, why do you bring back that dawg when I tell you not to?"

"Den little Joe he stan' up and say, "Teacher, dis ain't de same dawg; he's my mudder one. I got two of 'im."

Little Joe was not in the street who endeavored to question the child as to his father's first name.

"Who does your mother call your father?" Was the question first put.

"He calls him my daddy." "See, yes, I know, but when she wants to speak to him, what does she say?"

"Oh, she says, 'SST, please,' was the child's reply.

"Yes, yes, I know; but when she tells him to get up in the morning, what does she call him?"

"Oh, she says to be ready in about five minutes."

There is plenty of room at the top of the graded pool of success.

Feed the body well. Right food for the body is more important than right fuel for the engine.

Grape-Nuts is a scientific food, containing all the nutriment of wheat and malted barley. Grape-Nuts digests easily and quickly, builds toward health and strength—and is delightful in flavor and crispness.

"There's a Reason" for Grape-Nuts

From Factory to Consumer! Buy Grape-Nuts direct from the manufacturer. Write to the National Cereal Food Company, 1100 Broadway, New York City.

REDUCTION in Fisk prices does not mean a lowered quality.

Every Fisk Tire, large or small, is a standard Fisk Tire.

Present low prices are on tires which have made the name Fisk famous for quality and mileage.

There is no better tire value in the world than a Fisk Tire at the present price.

Sold only by Dealers

"Ouija! What's the good word?"

MY YOUNG sister,
HAS A Ouija board,
AND SHE believes in it,
AND TALKS to Noah,
AND I think she talks,
TO HER best fellow,
WHO'S DEAD but doesn't know it,
AND I used to give her,
THE LOUD, mirth laugh,
BUT I'M sorry now,
BECAUSE LAST night,
I WAS home alone,
SO I got the board,
AND PUT in a call,
FOR JOHN Baginorum,
AND OTHER departed spirits,
BUT THE line was busy,
FOR NOTHING happened,
THEN I cheated a little,
AND IT spelled this,
"GRAMMASHOTTA-SEVEN."

SO I shut off quick,
TO HEAD off any,
FURTHER FAMILY scandal,
THEN I stopped to smoke,
A CIGARETTE,
AND AFTER a while,
I CRANKED up vesper,
AND ALL of a sudden,
IT STARTED off,
AND QUICK as a flash,
IT SAID something,
"THEY, SATISFY."
"SATISFY"—that's the good
word. Just light up a
Chesterfield and see what ex-
perts can do with fine Turkish
and Domestic tobaccos when
they blend them in that can-be-
called Chesterfield way. You'll
say they satisfy.
Did you know about the
Chesterfield package of 10?

They Satisfy **Chesterfield**

Local News

The Bureau here has a team will play Pokenama on the Bureau diamond next Sunday afternoon. Mr. and Mrs. Lee Radel of Owatonna arrived last Sunday noon for a visit at the home of sister, Mrs. Heyn living west of town. They returned home today. Miss Clara Heyn accompanying them back for a visit with relatives at Owatonna and other points.

Lightning struck the barn on the Frank Cori Jr. farm, west of town on the "Beunawak road, during the severe electrical storm, last Tuesday night, and it was completely destroyed by fire. This year's hay crop which was in the barn was a total loss. We understand the barn and contents was partly covered by insurance.

The Misses Ross and Elizabeth Greener came up from Mankato a week ago Saturday for a visit at the home of John Tacheny and family. They left last Friday for their home. Miss Rose Tacheny accompanied them as far as Minneapolis a visit with relatives there. Mr. and Mrs. Nick Smith and daughter Evelyn accompanied by Mr. and Mrs. Henry Resch motored up from Minneapolis Sunday morning for a day's visit at the John Tacheny home. They report better crops around here than down their way.

The Misses Ruth and Stella Powell of Praer, Ia visited at the home of their cousin, Mrs. J. S. Curtis of Huskisson. Mrs. Curtis made her home with the Powells about 23 years ago, and the cousins had not met since that time. A family reunion was held Sunday, with Mr. and Mrs. John Krueger and children of Rush City, Mr. and Mrs. Frank Winkler of Lawrence and Grandpa Krueger of Rock Creek, and the Fred Anusmus family of Berounall present. A very enjoyable day was spent.

PEOPLE OF OUR TOWN

The Bully beat up his Wife last week and he is now En Route to beat up the Editor for Putting it in the Paper. The Editor will remind the Bully that he is merely Printing the News, not Making it, and then he will Beat the Bully over the Bean with the Mallet and set him out in the Alley to Rest Up.

HARDING ASKS AID FOR ROADS

President Urges Congress to O. K. Plan for Adjustment of Rail Claims.

SETTLEMENT HELD NEAR

Flating of Securities Already in Hands of National Administration Only Object—Farmers Relief Also Proposed.

Washington—President Harding, in a special message to Congress asked it to extend the authority of the War Finance corporation to purchase securities probably up to \$500,000,000 now in the hands of the Railroad administration so that the proceeds may be used for settlement of the railroads' claims. This, the President told Congress, would open the way to "early adjustment and relief" of the railroad problem.

Mr. Harding gave only the bare outline of the plan he wants Congress to approve. Details are to be given out later by the railroad administration.

Wants Relief for Farmers. The President, however, made clear these salient points of his plan. That the War Finance corporation be empowered to buy railway securities now held by the director general so that officials may have funds to settle with the railroads without dipping into the treasury. That the powers of the corporation be broadened so that it can extend further relief to the livestock raisers and farmers.

Mr. Harding also revealed that to hasten a settlement with the government the railroads have consented to waive their claims based on the assertion that labor depreciated in value during government control and that the government should pay for this. The waiver, however, will not prejudice their rights if they should take their claim to the courts.

Sees Way for Early Adjustment. Mr. Harding then explained that the government owed the railroads and the roads owed the government and that settlements have already been made for claims totaling \$225,585,754.

The way would seem clear to very early adjustment and relief except for the fact that the railway administration, though possessing the securities, does not command the funds necessary to meet what will be its admitted obligations, the message said. The proposal that the war finance corporation be empowered to negotiate these assets was then made. While the government is thus making payments to the roads, the roads debt to the government will be funded—that is, payment spread over a period of years.

CLouDBURST HITS MANDAN
Every House in City Damaged by Storm; Loss \$200,000.

Mandan, N. D.—Under cloudless skies, citizens of Mandan began taking stock of damage wrought by a cloudburst Monday night, which sent water rushing from the hills surrounding the city through streets with the speed of a millrace, to a depth of three feet. Water in basements of hotels, department stores and business houses is believed to have caused a loss which will total \$100,000, while as much more loss was assessed to homes, city property, street paving and sewers. Every house in the city was damaged.

The storm covered a territory from Glen Ullen to Mandan, a distance of 50 miles, and according to information available, was 15 to 20 miles wide.

NAVY LOST TO DRY AGENTS
Plans for Co-operation in Hunt for Smugglers Abandoned.

Washington—Plans for naval co-operation in the hunt for liquor smugglers along the North Atlantic coast apparently have been abandoned, prohibition officials declared.

The plans had been discussed tentatively with the Navy department, officials said, but it was found the prohibition unit would have to defray expenses of the craft used, and lacks sufficient funds. They are going ahead with the assistance of the coast guard. It was added, in an effort to sweep the seas of the rum runners.

Negotiations on Immigration. London—Negotiations are in progress between the government of Great Britain and the United States for a settlement of the difficulties incident to the first application of the American immigration law, it was announced in the house of commons.

Fire Truck Kills Two. Chicago—Two children were killed and six others, all less than 10 years old, were injured when a sixty-foot hook and ladder truck skidded and plunged into a gravel pile in which the children were playing.

Fire Destroys Texas Town. Wichita Falls, Tex.—Kemp City, an oil field community, twenty miles southwest of here, was practically destroyed by fire. The buildings were all frame structures. The loss is estimated at \$15,000.

Mail Truck Bandit Identified. Sioux Falls, S. D.—John Blair, alias James Weston, taken into custody here, was identified by postal authorities as the man who held up a mail truck in Jefferson City, Mo., March 1 and escaped with \$35,500. He will be taken to Jefferson City for trial.

Moffatt Made Navy Air Chief. Washington—Captain William A. Moffatt was nominated by Frank B. Rowan, secretary of the navy department, as chief of the navy department's bureau of aeronautics with the rank of rear admiral.

"Here's Real Tobacco"

says the Good Judge

That gives a man more genuine chewing satisfaction than he ever got out of the ordinary kind. Smaller chew, lasts longer—so it costs less to chew this class of tobacco. And the good, rich tobacco taste gives a world of satisfaction. Any man who chews the Real Tobacco Chew will tell you that.
