Senator Frank B. Kellogg

One hundred and thirty five newspapermen, representing practically every county in the state, have signed the following letter endorsing the candidacy of Senator Kellogg for the nomination for reelection.

"Six years ago Minnesota editors urged that you become a candidate for the Republican nomination for United States Senator. Answering that call you became a candidate and were elected. You are now completing six years of the service that your election gave you the opportunity to render. We have followed the record of your constructive service and because we are proud of that record with its splendid achievements, particularly in the solution of problems affecting the welfare of agriculture, we are gratified to know that you are a candidate for reelection and inasmuch as fidelity to your high conception of your duties as Senator keeps you in Washington we deem it our duty to pledge you our aid and our support in obtaining your re-nomination and election for a second term."

Theatre Notes

Friday and Saturday—
"Host Gideon in 'Red Courage,'" a picture of thrill and fun, with the most likable hero that ever appeared in a screen play. Those of you who say you don't like Westerns are especially invited—you'll change your mind. Also a two reel comedy "Pigmaleon."

Sunday—
Edith Roberts in the "The Five Cents" The story of a wild flower of the Andes who folk the kiss of passion and the fame of Hake. So the most terrific earthquake scene ever screened. Also a comedy "A Chest Romance" and Fox News "Face to Face with Japan."

Tuesday—
Caroline Griffith in "The Whisper Market" Joe Ryan in "The Purple Riders."

Running the Factory

To help turn the great wheels of industry, there is perhaps no single instrument that compares with the telephone.

The telephone keeps the factory in constant touch with the jobbing house, with the homes of its employees and officials, and with distant cities, towns and villages.

Of all modern conveniences for saving time and effort, none perhaps is worth as much for the money spent as is your telephone.

Methodist Church Notes

James A. Orrock, pastor

Services for Sunday Mar. 12th. Is the christian religion fact or fiction? Is Jesus the son of God as the christians profess to believe and as He claimed for himself? Why did He come to earth, if not as He said in the Saviour of the world? Is there a penalty for sin? And is there a future life? If the only penalty that sin has is suffered in this world, and all are finally saved what was the good of a Saviour? And why not close the churches? Would you really want to live in a town where there was no church? If you would why not move to a place where there are no churches and where they know nothing about the gospel of Christ? These are practical questions. Will you try to answer them for yourself?

Subject Sunday morning "Will the preacher be held responsible?" Union service in the evening at the Presbyterian church.

If you want some one to put you on the back and tell you how good you are even tho you are not, better stay away from these services.

Memorial

The following poem is but one of many, written by Chas. Franklin, who has considerable ability along that line.

In sorrow this day,
We bow our heads,
We gather to honor
Our heroic dead,
The soldiers and sailor
Who gave their all,
For their beloved flag,
And answered the last call,
We humbly pray thee
Oh God up on high,
Let the angel love
Guide the grave where they lie.

The boys in blue,
And lost of all,
The boys in kakis,
Together we will stand,
Together we will fall,
Like our departed heroes,
We will answer the call,
The call to arms,
To protect our race,
And the glorious flag
That honors not disgrace.

We will cherish their memory,
And keep their graves green,
And they have deeds written
Where they will ever be seen,
We will follow this spot,
And let the flag fly,
And scatter flowers of love
Over the tombs where they lie,
No more will we see them,
No more will they hear,
The voice of their comrades,
Or their loved ones so dear.

—Chas. Franklin

Hupmobile Dealer Wanted in This Town

Here is a splendid opportunity for some live-wire in this community.

You may be a motor car dealer, a garage proprietor, or you may be in some business having nothing to do with automobiles.

Whatever your line,—if you are a hustler and a sound business man, we want to hear from you. Our proposition practically assures exceptional profits to such a dealer.

We have a definite, specific plan of co-operation which helps you locate, and sell, prospects.

Why We Make This Offer

Until this year, the entire Hupmobile production has been absorbed by the metropolitan centers. Greatly increased factory production now enables us to supply the great potential demand for this outstanding car in every town in Michigan.

There are many prospects in your territory. They want such a car as the Hupmobile—a really fine car that sells for \$1250 f. o. b. factory—but they have never been approached.

This is your opportunity. Your sales territory is beautifully fallow.

Our discount rate is much more liberal than that ordinarily offered. No back-breaking requirements—nothing but what will enhance your bank standing.

In addition you will have the advantage of dealing with one of the largest motor car distributors in Michigan.

Send in a letter or post card now, at once, and find out all about our proposition without the slightest obligation.

Reasonable bank credit and moderate initial investment required.

VOT FOR A COUNTY NURSE

The attention of the voters of Pine county is urgently called to the fact that town meeting day, March 14th, is the day for the unofficial vote on the question of employing a county nurse for this county. This vote is a referendum to indicate to the county commissioners just what the sentiment is throughout the county relative to the employment of a county nurse, and everybody should improve the opportunity to express themselves on the question, either for or against.

No one can doubt the highly beneficial results among the school children of the county during the past two years under the inspection and care of Miss Nicoll, not to mention the direct benefits of her personal instruction, where needed, in the care of infants and home hygiene, care of the sick, etc. Surely the people do not want this work, now so well being, and so urgently needed, to be entirely abandoned. The public health is a matter of the highest concern to all and during recent years it has been proven that the most efficient and practical method of conserving the public health in rural communities is to employ a county nurse. Money spent for that purpose could not be used for any more beneficial public end.

I trust that the voters will give this matter the careful consideration it deserves and then vote their high and best convictions.

Mrs. E. B. Lansley, Pres. County Health Association, Willow River

CAUSE OF MANY AUTO ILLS

Average Owner Prone to Seek Other Sources of Evils Due to Lubrication.

"PUMPING" AND ITS EFFECTS

Kind, Quantity and Ring-Fitting Are Sensitive Points That Must Be Given the Utmost Consideration by Owner.

No car owner of the present day needs to be told how important lubrication in all its many aspects is in contributing to the life and efficiency of his motor car.

For instance, it is a very common characteristic of automobile engines to develop a tendency to allow the lubrication oil to leak past the piston rings into the combustion chamber.

"Oil Pumping" Evil

The common name for this leakage of oil is "oil pumping" and its fruits are a carbonized motor, or sooty, oily plugs, which induce ignition trouble.

The lubrication of the engine cylinder involves a good many operations on the part of the owner.

Every car manufacturer recommends a certain grade of oil to be used in his engine, and his advice should be rigidly adhered to by the car owner.

When the car has been wintered on a heavy grain ration with very little exercise are usually carrying fat at this season and should be started working gradually.

It may not be monotonous to buy an article at less than its market price, there's usually a reason for its being marked down.
