VACANT CHAIR AT G. A. R. DINNER

Six chairs were occupied by G. A. R. veterans at the dinner tendered the veterans, their wives, and Rev. and Mrs. Reinhardt and Rev. and Mrs. Lowe, at the Hotel Agass last Friday noon, by the Ladies of the G. A. R. at the Ladies of the G. A. R. The ranks of the Civil War veterans are slowly diminishing. Since the last dinner, a year ago, one more of these grand old soldiers has answered the last call, when taps were sounded last summer for the late John Norstrom.

Following the dinner a year ago Mr. Norstrom called his comrades to attention as they were leaving the room and made a few remarks, in the course of which he stated it might possibly be the last time he would be with them on Memorial Day. The happy occasion last Friday was regarded somewhat by the memory of that last dinner when their old comrade was with them for the last time.

The old veterans out last Friday were Messrs. Guppli of Beroun, Dad Barstow of Rock Creek and Daer Uter, Gardner and Long of Pine City.

The dinner was the first event of the day in the Memorial exercises under the auspices of the G. A. R. and Legion posts. A parade formed at 1:30 and moved to the bridge where services were held for departed sailors. Flowers were scattered on the water, read by a prayer by Rev. Reinhardt and singing of "Columbia the Gem of the Ocean."

The parade then proceeded to the cemetery where graves were decorated, the singing of America and the sounding of taps was the program.

The program scheduled for cemetery was held on the Court House grounds at the monument. It consisted of Invocation by Rev. Lawrence Beery, "Marian's Orders" by Lambert Beery, "Gettysburg Address" by William Ville, Address by Dr. Wernitz, Singing of National Anthem, Benediction by Father Leo, Dr. Wernitz is an able orator and his address made a lasting impression on those who heard him.

The day was a beautiful one with the sun shining brightly and there was a large crowd in town to participate in the memorial exercises in honor of America's dead of all wars.

WILL TRY FIRE CASES IN JULY

Judge Scaries opened court last Monday and the jurors were here ready to proceed with the trial of the many fire cases on the calendar, but the usual delay was again the cause due to the fact that attorneys for some of the plaintiffs had turned down the cases and new attorneys had taken them.

The court which had waited until the last minute before notifying their clients they would not handle the case. The cases were continued until July 14th when a special term of court will be held for their consideration.

Wm. Cavanaugh of Kingsdale pleaded charge and was fined \$150 and given 60 days in the county jail at Stillwater. If the fine is not paid he must serve an extra 30 days.

Young People to Meet at Bruno

Bill Poch was a Go-Getter. He sold skunk spruce by the car load and when he missed his train at 8:00, he took an aeroplane and caught the train at 2:00 o'clock.

How about you? Are you going to sell your ideas and inspiration at the Young Peoples Conference at Bruno, June 13, 14 and 15? Are you going to sell them in the first meeting Friday and stay over till Sunday evening?

The Bruno people will entertain all with their Board and room for the three days is free. Register with the Booster Committee of Bruno.

Jay Traver, Chairman Publicity Com.

Former Resident Married

The following article taken from a paper from Everett Washington, tells of the marriage of Miss Doris Elizabeth Richardson to Arnold Guy Knox of Seattle. The Richardsons are former residents of Pine City.

Miss Elizabeth Richardson daughter of R. A. Richardson of Everett, and Arnold Guy Knox of Seattle, were united in marriage Thursday afternoon at 4 o'clock in the parsonage of the First United Presbyterian church, the Rev. Howard Jamison officiating. Attendants were the father and the bride, her brother, William Richardson, and Mrs. Nellie Edson of Everett, Mrs. Jessie Walker and Mrs. Flora Sears of Seattle. A wedding dinner was served at the Jewel restaurant. Mr. and Mrs. Knox will live in Fremont.

Long Live the King

All Lavinia was met with joy. Karl of Karnia had arrived. Soon he and Hedwig, their beloved Princess, would be married. Karl, once their worst enemy would now be their greatest friend. But in a secret corner of the great city a band of conspirators led by the notorious Black Humbert met and hatched a great plot. Little Otto, the Crown Prince, was to be kidnapped and, once spirited away, the kingdom would fall in their hands. How this band worked and how Little Otto escaped is told in the terrifically absorbing film epic, "Long Live the King," starring Jackie Coogan—his first dramatic picture, on Saturday evening.

Prize Night

Annual Insurance Meeting

The annual fire insurance meeting of the National Mutual Fire Insurance Co. for the election of officers and the reporting of such other business as may regularly come before it, will be held at the Town Hall in Brainerd on Tuesday June 10th, 1924 at 10 o'clock a.m.

Hank Reitz, Secretary.

Good-By, Old Scout.

Hinting—Don't pass lead into an author's eyes.

Nation—Yes, there's twelve wet west in here in year, you never know in more in any of 'em, save 'em in more.

Old-Fashioned Modesty.

"Am I the first man to beg a kiss from a woman?"

Yes, the others were bolder, they just took it.

Twelve Year Old Girl Leaves Home

Considerable excitement was caused in Finlayson and community last Friday by the disappearance of Esther Oksekan, 12 year old daughter of Mr. and Mrs. Arne Oksekan living 13 miles west of Stillwater.

The young lady started out shortly after noon to attend some Memorial exercises that were being held at the town hall. She did not return home for supper and it was then discovered that she had not gone to the hall and no one knew her whereabouts. It was feared that she had gotten lost and a posse was formed to search for her.

Her disappearance was reported to Sheriff Hawley and he located her at Rock Creek Saturday noon. On leaving home the day before she had decided to go to St. Paul and had gotten a ride as far as Hinckley. She spent the night at the Gage home there, telling them she had become separated from friends. After having breakfast in the morning she continued her journey. She got a ride as far as Pine City, and was picked up by a couple of young men in a car south of the village. They questioned her and her story didn't sound plausible, as she gave them two different names as her own. They drove her into Rock Creek and turned over to Constable John Nelson, and the Sheriff was notified.

When questioned by the sheriff, she gave a different name and said her home was at Barnum and that she was on her way to join her cousin in St. Paul, but finally confessed that her name was Esther Oksekan and that her home was at Finlayson. She said she had come because her mother was always scolding her. She was brought to Pine City and her parents notified.

She is a bright girl and will be in the seventh grade next year. She was neatly dressed, but was without hat or coat, and she had little the worse for her journey.

Mrs. Water Here Next Tuesday

Mrs. Glenn Water, representing the League of Women voters will meet with local women and deliver an address next Tuesday noon.

The meeting will be held on the lawn at the J. Adam Bede home. A picnic lunch will be served. All women of the community are urged to attend the meeting. Take your lunch and get acquainted with Mrs. Water.

High School Honor Roll

The last honor roll of P. C. H. S. for 23 contains twenty-five names and is one of the largest ever. The Freshmen list in spite of all obstacles with Helen Beery at the top, having an average of 93.75. The "Big Five" show a marked change from the preceding honor rolls: Helen Beery 93.75, Albert Beery, 93.50; Helen Carlson, 93.50; Royal Hoff 93.25; Gaben E. Wainwright, 93.25.

The Senior honor roll consists five members: Galen Weinberger, Stazie Poltrka, Saxe Roberts, Virginia Holt, and Hazel Heath.

Five names also grace the Junior list: Lambert Beery, Dorothy Carlson, Lorenzo Dore, Mary Mach and Gertrude Sommer.

The half dozen on the Sophomore list are: Wm. Ville, Joseph Engel, Gladys Barnum, Beth Apple, Margaret Lowe and Harold Truedsell.

The nine students responsible for the Freshman honor roll are: Helen Beery, Helen Carlson, Royal Hoff, Libbie Poltrka, Iva Frankin, Melba Wiley, Geraldine Wiley, Sigurd Bryant and Edwin Dorchers.

Runa Toman Married

John Runa, son of Mr. and Mrs. Frank Runa, and Miss Anna Toman, daughter of Mr. and Mrs. Frank Toman, were united in marriage by Father Leo at St. Josephs church at Beroun last Monday morning at 9 o'clock.

Miss Mary Toman, sister of the bride, was bridesmaid, and Chas. Runa, brother of the groom was the best man.

A wedding dinner was served at the home of the bride's mother following the ceremony and a big wedding dance was held at Prohaska's hall that evening when their many friends gathered to celebrate the happy occasion.

The newlyweds will make their home on his farm north-west of Beroun. They have a host of friends in the Beroun community who will join with them in wishing them the best of success and happiness.

C. M. Pennington, Village Clerk.

Tom Davis Here Next Monday

Tom Davis, Farmer-Labor candidate for governor, will speak in the park at Pine City next Monday afternoon at two o'clock. Mr. Davis is well known in this part of the state as he has appeared in court here as an attorney many times.

He is an orator of considerable ability and is sure to deliver an interesting address. Everyone is invited to attend the meeting and get acquainted with Mr. Davis and become familiar with his platform.

Seven Candidates in Second District

Through an error in last week's issue of The Pine Poker three names of candidates for commissioner of the second district were omitted. These were J. C. Hancock, present commissioner of this district, E. L. Wilcox, assessor of Pine town and G. A. Robinson, chairman of the Pine town board.

The Poker had no more than been delivered to subscribers before we began to receive excited calls from the many friends of these candidates wanting to know if they had withdrawn or if they were still in the race.

While regretting the omission of the names, it is extremely gratifying to the publishers of The Pine Poker to know that the paper is so widely read and that our readers are so interested in the news we publish. We appreciate the fact that so many drew our attention to the error and we are always glad to have our subscribers draw our attention to matters of this kind. The Poker is your paper and we want our subscribers to feel perfectly free to call our attention to news that we have omitted.

There are seven candidates for commissioner in the second district. Their names follow in alphabetical order:

Commissioner Second District

A. H. Anderson...Pokegama
Clinton R. Boo...Pine City
Robt. Deery...Pine City
Frank Drimel...Chengwatana
J. C. Hancock...Pine City
Royal Hoff...Gaben
E. L. Wilcox...Pine Town

Royster Spoke Here

A small gathering was out to hear W. W. Royster, Farmer-Labor candidate for governor, last Monday evening. He delivered a talk in the park.

He was introduced by a Neil Hillman who made a short talk. Mr. Royster spoke on the issues of the campaign. Mr. Royster is a resident of Glenwood. He spoke here with Senator Magnus Johnson last summer during the senator's campaign.

Pine Grove Lutheran Church

The ladies of the Pine Grove Lutheran church will meet at the home of Mr. and Mrs. Peter Ostman Saturday June 7.

Services at the Pine Grove Lutheran church Sunday at 10:30 a.m.

Services at the West Rock Lutheran church Sunday at 1:45 p.m.

Milburn Free Mission Church

The ladies aid will meet at the home of Mrs. John Luquist, on Wednesday June 11, at 2 p.m. Everybody is invited.

NOTICE

The Village has come to the expense of cleaning up the local Dump Grounds; so in the future people having rubbish to dump will please see that it is dumped down in the pit instead of up on the bank near the Fair Buildings. No brush will be dumped in the pit.

The Public should be interested enough in this Village to help keep this place clean and orderly.

C. M. Pennington, Village Clerk.

BEROUN WILL CELEBRATE

Plans are now being made for a big Fourth of July celebration at Beroun. The celebration will be held under the auspices of the Beroun Community Fair Association.

Present plans call for a real open house Fourth with a big sports program, baseball game, speaking, radio concert, and an effort will be made to get a merry-go-round if possible. Everybody is invited to Beroun for the national holiday. There will be all kinds of amusements and an effort will be made to make it the biggest celebration that has ever been held at Beroun.

A complete program will be published in The Poker as soon as the details are completed.

SIXTY-TWO ARE MUSTERED IN

Sixty-two recruits answered the roll, last Thursday evening, when B Battery of the 125th Field Artillery, Minnesota National Guard, was mustered in at the armory.

Col. E. A. Walsh of the national guard and Col. Lucas Bennett, instructor in the regular army, were here to muster in the new organization. Lieut. J. J. Hinkins was also here from the state adjutant's office.

Col. Walsh made a short, but extremely interesting talk to the new members in which he went into details as to the national guard and the many opportunities there are for its members.

Col. Bennett also made a short talk in which he gave the new members some good advice and complimented them on organizing here.

The battery will arrive at Camp Custer, near Battle Creek, Mich., on July 7th and will leave for home on July 21st after a couple of weeks training here.

Drill night has been set for every Friday evening at 8 o'clock. Uniforms will be here in a week or two but the horses and guns will probably not arrive until after the battery arrives from camp.

It has been suggested that the local band give a concert for the visitors on Sunday afternoon and this matter will be taken up with the band association.

Mayor Sausser has extended a cordial invitation to the company on behalf of Pine City to make themselves at home here for the two days and the village authorities will assist in any way possible to make their stay here a pleasant one.

Bread Company To Picnic Here

The Zinsmeyer Bread Company will hold a picnic for all their employees at Pine City on June 28th and 29th. The picnic will be held on the grounds and they will probably have a picnic lunch in the park. It has been suggested that the local band give a concert for the visitors on Sunday afternoon and this matter will be taken up with the band association.

Mayor Sausser has extended a cordial invitation to the company on behalf of Pine City to make themselves at home here for the two days and the village authorities will assist in any way possible to make their stay here a pleasant one.

Village Council Proceedings

Pine City, June 2, 1924.

The Village Council of the village of Pine City met this day in the village hall at its regular meeting.

The meeting was called to order by Pres. W. A. Sausser with the following members present: Pres. W. A. Sausser, Trustees H. W. Daley, J. H. Woodley, W. S. McEachern and Clerk, C. M. Pennington. Absent: None.

Thousands Cheer Fliers

Rain and Wind Make 425-Mile Flight From Kushimoto, Japan—Thousands of people lined the waterfront of Kagoshima and stood on the hills surrounding Kagoshima bay to cheer the American aviators who would fly upon their arrival here from Kushimoto. The flight was a daring and difficult one, a 425-mile run to cover the 425 miles. Fiftal winds and rain retarded the aviators, who had been flying in the way to the coast of Kyushu in which Kagoshima is situated.

They were first sighted among the clouds above Sakurajima, an island in the bay of Kagoshima, on which there is an active volcano. On landing the aviators were met by Henry B. Hitchcock, American consul at Nagasaki.

MARX CABINET IS RENAMED

Belin—The Marx-Stressman cabinet which resigned May 26, but continued to carry on current affairs, is the President Borchgrevink appointed Dr. Wilhelm Marx as chancellor and continued the members of his cabinet. His cabinet is now composed of:

In the period intervening since the resignation of the cabinet it had been found impossible to bring about an agreement with the parties so that a new cabinet could come into power, and the final outcome is a reunion of the Marx-Stressman combination to return to office.

Honolulu—Arrangements are complete for unusual steps to expedite the arrival of Pres. T. A. Agass, volcanologist and authority on Hawaiian craters, at Kilauea, now in a state of unusual activity, when he arrives from the mainland.

AUSTRIAN MINISTER IS SHOT

Ignaz Seipel is Seriously Wounded on Leaving Train in Vienna.

Vienna—The Austrian Minister, Ignaz Seipel, was shot and seriously wounded while alighting from a train here. The attack on him was made by a fellow passenger.

His assailant was shot and badly wounded while being placed under arrest.

Chancellor Seipel's condition is of the gravest nature, according to the hospital attendants. A bullet fired by his assailant is buried in the lung and cannot be extracted.

Dr. Ignaz Seipel, who has been chancellor of Austria since May, 1922, is one of the outstanding figures in the European political and economic situation.

Just before the collapse of the empire he took the post of minister of public welfare in the Lammarschuetz. This placed him in the forefront of political leaders.

JAP PROTEST MADE PUBLIC

Note Formally Presented to Secretary Hughes by Hanbury.

Washington—Japan's "solemn protest" against the reduction section of the new Insular Relations bill was formally presented to Secretary Hughes by Ambassador Hanbury, and was made public at the State Department without comment.

Coupled with the protest is the request of the Japanese government, through the American government, "take all possible and suitable measures" for removal of "discrimination."

Key Candidate to Get 1000 Votes, Washington—William H. Clegg, campaign manager for President Coolidge, in a statement declared national convention votes were being placed in the hands of the nomination of the President had reached a total of 1,000, with 650 necessary for a win.

Senator Hiram W. Johnson of California was given 57 votes, consisting of 13 in South Dakota and two in Illinois. Senator La Follette was awarded 23 of the 29 in Wisconsin.

All other candidates were placed in the Coolidge column.

Statement by J. C. Hancock
 To the voters of the second commissioner district, Pine County.

It was only after urgent request that I decided to file for re-election as your county commissioner, and the fact that I have rented my farm at Beroun to my son and have moved to Pine City which makes it possible to give all my time to my duties as county commissioner. In asking your support for re-election, I stand on my record in office the past four years when I became your commissioner four years ago, I was one of the minority on the board and it was almost impossible to get any appropriations for my district.
 The first two years I was in office the bulk of our roads and bridge fund was spent in the north end of the county. It was my consistent and determined opposition to one of the commission of the south end district that caused for me the enmity of one of the commissioners and the apathy of another one.
 The past two years I have been in the support of two of the commissioners and the result has been that the Henriette road work was done last year and I am now working toward having it gravelled this summer. The Sanitorium road has been put in pretty good shape that we can get state appropriations for it.
 Being a heavy taxpayer myself, I have fought for economy in expenditures of county money whenever possible, and a fair distribution of the money is spent. It has been this policy on my part that has brought down the wrath of one member of the board, but the fight was well worth the abuse I had to take because the second district is now beginning to get its fair proportion of the county road money.
 Thanking you for your past support, I respectfully solicit your support in the coming primaries.

 Prepared and circulated by Voluntary Committee for re-election of J. N. Searles as Judge of District Court, A. E. Doe, Secretary, Stillwater, Minnesota, for which \$5.00 is to be paid by said committee.

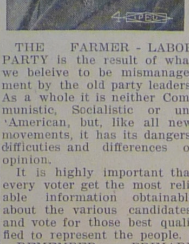

Judge Searles for Re-election
 To the Voters of the Nineteenth Judicial District, Minnesota.
 Honorable J. N. Searles is a candidate for re-election as Judge of the Nineteenth Judicial District. Judge Searles was appointed to the position in July, 1917, to complete the unexpired term of the late J. C. Selway, who thereafter in 1918 was re-elected without opposition and has ever since served as Judge of the District Court of this District.
 Judge Searles is of the judicial type and has an unusually good legal mind. No one has ever been heard to question his impartiality and fairness and every litigant before him is assured justice and equal consideration. His long practice as a lawyer and his extended experience as a jurist peculiarly qualify him for the position and make him of inestimable value to the district.
 In holding court he brushes aside technicalities and seeks to get at the equity and merit of any lawsuit before him. Another thing that is much appreciated by laymen and lawyers alike is the promptness with which he renders his decisions. In spite of the fact that the Nineteenth Judicial District is a very large district comprised of the counties of Washington, Kanabec, Pine and Chisago no other District Judge has matters as well a hand and in this district there is no such thing as the long delay of the law.
 At a meeting of the Bar Association of Washington County held on Saturday May 31st, every practicing lawyer in the county, without a single exception, unqualifiedly endorsed Judge Searles and recommended his re-election. During the seven years that Judge Searles has been on the bench these lawyers have won and lost cases before him but every one of them is satisfied with the treatment accorded him and they might well be, since Judge Searles has been affirmed on appeals to the Supreme Court of Minnesota more times in cases tried before him than any other District Judge in the state. At this meeting these lawyers not only passed a unanimous resolution unqualifiedly endorsing Judge Searles but also formed a voluntary campaign committee for the purpose of promoting his candidacy.
 Judge Searles is not only a keen, able lawyer and jurist but also a citizen and patriot of the highest type, during the Civil War he served with a great deal of ability as a captain and public servant and by giving Judge Searles an overwhelming and complimentary majority at the primary election on June 16th.

THE FARMER - LABOR PARTY is the result of what we believe to be mismanagement by the old party leaders. As a whole it is neither Communist, Socialist or un-American, but, like all new movements, it has its dangers, difficulties and differences of opinion.
 It is highly important that every voter get the definite information obtainable about the various candidates, and vote for those best qualified to represent the people.
REMEMBER - PRIMARY ELECTION June 16th, 1924.
 It has been commonly reported that one candidate for Congress has been endorsed by the COMMUNISTS and that another has been a Socialist organizer, and I regret that they have not made definite statement of these important matters, so that the people could vote intelligently.
 Personally I am not a Communist or a Socialist, and have never been one, and I do not believe in public ownership of farms or farm lands, but I do believe in public ownership of our water powers, terminal elevators and public utilities, and accept the Platform of the Farmer-Labor party, and sincerely hope and expect that its whole strength will be thrown against such scandals as the TEAPOT DOME and all grab and graft, and for honest economy and efficiency in all public affairs.
 I believe that the international policies of George Washington and Thomas Jefferson are as applicable and appropriate now as they ever were and I hope to see Robert M. La Follette lead the great third party movement to bring our Country and Government Back to the people.

Every Home Should Have This Wonder Cook Stove

Every woman can now enjoy the convenience, cleanliness and comfort of cooking with gas. This new Albert Lea Kitchen-kook makes its own gas from common gasoline, burns a clear blue flame, free from smoke, soot and odor, with 50 to 100 per cent more heat than common oil or gasoline stoves.

It not only produces a hotter fire, but the flame comes in direct contact with cooking utensils. There are no heat-wasting "chimneys," no wicks, burners cannot clog and never require cleaning.

Let us demonstrate this better stove and explain the Safety Test for you.

AUSMUS-CERNY MARRIED

A pretty wedding took place at the home of Mr. and Mrs. Frank Cerny on Wednesday, May 21st when their youngest daughter, Miss Alvina, was united in marriage to Fred W. Ausmus jr., eldest son of Mr. and Mrs. Fred Ausmus. The ceremony was performed by the Rev. Paul Heinke.

The bride was attired in a wedding dress of white satin, trimmed with shadow lace. The bridesmaids were Miss Mabel Ausmus, who wore a dress of yellow silk, and Miss Emma Cerny, sister of the bride who wore an orchid voile dress. All the young ladies carried pink carnations. The best men were Fred Rohlf, cousin of the bride and Clarence Ausmus brother of the groom. The house was prettily decorated with pink and white roses and carnations.

A big wedding dance was held in the Beroun pavilion in the evening when their many friends gathered to celebrate the occasion and wish the newlyweds the best of success and happiness.

The bride and groom are well known and have a host of friends in the Beroun community. They will make their home on the Leonard Machart farm which they have leased. It gives the Poker pleasure to extend congratulations to Mr. and Mrs. Ausmus.

Do Gasoline Prices Fluctuate?

THE average man, paying for staple commodities by the month, fails to consider the wide fluctuation in prices, while noting quickly the smallest change in the price of gasoline, which he buys at frequent intervals and for which he pays cash.

Bureau of Labor, and Department of Commerce, statistics indicate that gasoline prices fluctuate less than the price of most staple commodities.

In 1922, the price of eggs fluctuated 125 points; potatoes 210 points; sugar 51 points, as against only 25 points in the price of gasoline.

In 1923, the price of eggs fluctuated 110 points; potatoes 114 points; sugar 59 points, milk 49 points, as against 47 points for gasoline.

The reason for the wide fluctuation in the price of gasoline during 1923 was the opening of new fields, which flooded the market with crude oil rich in gasoline.

The Standard Oil Company (Indiana) bases its price for gasoline fundamentally on the varying price of crude, which in turn is regulated by supply and demand.

To equalize supply with demand, the Standard Oil Company (Indiana) has erected and maintains storage depots of tremendous capacity. It has located these depots at strategic points throughout its territory. These huge tanks are filled to capacity, in the off-season, to supply the insistent demand during the season of heavy motoring and agricultural activities.

This Company has systematically passed on to consumers, in the way of price reductions, the benefits derived from improved methods of refining petroleum. It has blazed the trail in originating improved technique, improved equipment and more efficient processes of refining and distribution, thereby aiding the industry to keep abreast of continually expanding needs for petroleum products.

The service of the Standard Oil Company (Indiana) tends to hold gasoline prices down—and to modify fluctuation by increasing the supply in proportion to demand—and by equalizing distribution so as to bring gasoline prices into seasonal and sectional harmony.

Various Ideas of Fun
Work is play when it is the work you love. The English novelist, H. A. Powell, in his book on "The Yellow Notebook," makes the point in this little story:
I remember a rare old boy in California, a glazier who had crossed the Atlantic in a private schooner. I found him digging postholes under a blazing sun. And he was a rich man.
Why do you work so hard, I asked.
He looked at me with twinkling eyes. "Why do you drive tandem?" he replied.
"Because it's such fun," I declared.
"And that," he observed, solemnly, "is why I dig postholes."—Youth's Companion.

Age 31 Has Tragical Meaning for Average Man or Woman
U. S. Life Tables show health span extends only from 18 to 31—Earnings fall off rapidly after 40

Physical freedom and full vigor—what are they worth to you? This is a question the average American can answer from his own bitter experience—for at age 31 the average American begins to slip. After 40 his earning power drops off rapidly. The following facts are culled from the United States Life Tables, 1920.

At age 31 the age at which men and women should be entering their period of greatest usefulness and happiness. The beginning of the supposed "prime of life."

Not the prime of life. The age of decay! What causes contribute to this fearful condition?

Unwise eating. Sleeplessness. The loading of the body with drug stimulants, which appear to give added energy, but actually "borrow" this energy from the body's own reserve.

Every school child is taught to force the so-called "pills" for children. Then comes matrimony—and the squandering of the nervous strength which the body has stored up. Figures show that the average American is able to stand the pace just 12 years. Then, with half his life yet before him, he hits the down grade.

Medical literature describes caffeine as a poison. Like strychnin, it is sometimes by doctors given in cases of heart failure. The caffeine in coffee does contain the usual dose of caffeine administered in these cases.

Coffee contributes no nourishment to the body. Its only virtue is to give age, are its wrinkles and favor. A hot, appetizing, fragrant drink is a benefit with every meal.

In the Days of Poor Richard

by IRVING BACHELLER

"I'll hit him were smart enough to be a trooper!" The two men came back in the saddle and round Albany late in October.

CHAPTER III

The Journey to Philadelphia.

The New York Mercury of November 4, 1770, contains this item: "John Irons, Jr., and Solomon Binkus, the famous scout, arrived Wednesday morning on the schooner Ariel from Albany. Mr. Binkus is on his way to Alexandria, Va., where he is to meet Major Washington and accompany him to the Great Kanawha river in the Far West."

Solomon was soon to meet an officer with whom he used to find the amplest scope for his talents. Jack was on his way to Philadelphia. They had found the ship crowded and Jack and the other boys "clung together" in the expressive phrase of that time—in the cabin floor, through the two nights of the journey. Jack nibbled at the hardness of the floor, but there was much drinking and arguing and expounding of the economy of the furniture of the cabin, which often interrupted his slumbers.

He took the boat to Ambury as Benjamin Franklin had done, but without mishap, and thence traveled by stage to Burlington. There he met Mr. John Adams of Boston, who was on his way

to Philadelphia. He was a full-faced, really strong-built man of about thirty-five years, with well-trimmed dark hair that fell in thick, wavy curls on either cheek and almost concealed his eyes. It was beginning to show gray. He had a prominent forehead, large blue and expressive eyes and a voice clear and resonant. He was handsomely dressed.

Mr. Adams greeted the boy warmly and began to talk in a friendly way. He and Solomon Binkus gave had saved the life of Captain Preston. The great lawyer took much interest in the boy and accompanied him to the top of the stage, the weather being clear and warm.

When Jack was taking leave of Mr. Adams at the Black Horse tavern in Philadelphia the latter invited the boy to visit him in Boston if he should have time to spare.

Jack went to the house of the printer, where he did not receive the warm welcome he had expected. Deborah Franklin was a fat, hardworking, industrious, economical housewife. She had a great pride in her husband, but had longed hopelessly for a son, and she greeted him with awe and slight understanding the accomplishments of his virile, relentless, unsparring intellect. She did not know how to enjoy the prosperity that had come to them. It was a neat and cleanly home, but, as usual, Deborah was distant most of the time.

"Ben thinks we ought to be doing nothing but setting in silk-dressed an readin' books an' gabblin' with company," she said. "Men don't know how hard it is to get hold of that clean good 'n' cools' deodant. Every body fers it."

One Type of Snake
Perhaps the only snake of any importance that has been recorded in Porto Rico is of the boa-constrictor type. This can be partially explained by the fact that owing to the density of population in many forms of animal life that once occurred are now extinct. It is known that this fact is true of some of the forms of bird life.

The miniature or sea cow is found rarely and turtles are rare except in the West Indies. There are ten common species of lizards, ranging from the small tree lizard to the larger ground lizards.

Lineman's Ingenious Idea
Albert Corbais, a lineman at Bath, Me., chased a runaway horse to a trestle where the horse's leg went through. Corbais tried to extricate the animal and was in danger of having a train come along and perhaps hit him. He was rescued by a horse and rider. So when he had freed the sleigh from the horse he placed it across the track so that the steel runners were resting on the two steel rails. This made an electrical connection and set the signal which would have stopped a train entering the block.

It is estimated to contain something like 82 per cent of water. In the manufacture of flour therefrom. Indeed, it is reported that this kind of flour is turned out in considerable quantities at Syracuse, in France, where an experienced person has built a large drier for the purpose. The first part of the process consists in churning up the heats and drying the water from them. They contain to start with, about 72 per cent of water. If all of which is removed by evaporation. By this means 60 pounds of dry material are obtained from 307 pounds of beats. The water in the flour contains more than 70 per cent of sugar—that is to say, there will be 200 pounds of sugar in every 100 pounds of the evaporated product. Accordingly, the latter, on being ground to a fine meal, is exceedingly sweet. It is added for the making of cakes and puddings. It is es-
