## Class History 1928

**A**FTER sailing over the Sea of Life for five years, our good ship "Know-All" with its trusty crew of seven, Edward Benda, Everett Johnson, Alvie Hermann, Pearl Hagen, Olga Holetz, Ione Sobotka, and Caroline Kick, reached the land of Education.

We founded the First Grade Colony, of which Miss Bede soon became governor. Seated on our little red chairs at the Council Meetings, we learned the simple laws of spelling.

Wishing to progress further we left our first habitation to the new settlers, and set up the Second Grade Colony. One more venturesome member joined us and took her part in the trials and tribulations of addition and subtraction, shown us by Miss Arneson.

Desiring to explore further the broad land we had entered, we again ventured out into the wilderness and finally made our headquarters in the third grade settlements. The leading spirit of this little colony was Miss Freda Schultz. Dorothy Christopher and Marion Percey, wishing for more freedom of speech, settled there with us.

But still the spirit of adventure led us on to a little habitation in the wilderness called the Fourth Grade where Miss Hilda Schultz presided. Bernard Olson found us there.

Then another enterprise in the form of Geography attracted us and we entered the Fifth Grade where we learned that the British Isles are not in Cross Lake.

After seeing that the Fifth Grade Colony was firmly established we founded, once more, a new dwelling, the Sixth Grade. Here Fred Torrey and Everl Larson added their efforts to ours and helped to make life easier.

By this time we were feeling superior to the smaller colonies around us so we climbed the mountain of stairs to make a new settlement at the Seventh Grade. Here the merry chatter of Florence Wilcox helped us pass many long hours until at last we came to our first hazardous enterprise, a state examination in Geography. However, we all passed this barrier and once more resumed our journey in the land of Education.

Finally we reached the place for which we had been striving during all our adventures, the Eighth Grade. When we arrived there, Ruth Dipprey and George Ballata were waiting to enter our little group. At last we were truly the leaders of the little group of colonies we had formed, the stepping stones in our progress across the continent of Education. We had passed the lowlands and the mountainous district, and we were now preparing to enter and conquer the broad plain of High School.

Once again a feeling of strangeness enveloped us. There were so many strangers around who laughed at our mistakes and called us green. However, the addition of Mary Bazil, Helen Engler, and Charlie Wilcox increased our numbers, and it made us feel better to know that there were many who made the same foolish mistakes as we did.

Nevertheless when we became Sophomores we, too, laughed at the mistakes of the verdant Freshmen who followed us. Lela Chase, Mildred Pepin, Violet Clyne, and Oscar Haavisto joined the ranks and took their part in the hardships of Geometry.

Then came the biggest enterprises of our High School Career, the Junior Play and the Junior-Senior Banquet. Byrd Roberts, Grace Wood, Florence Olson, Evelyn Planert, and Delmer Chase became a part of our class at this time and did their part in decorating the "Gym" with butterflies and blue and apricot streamers. The following year Sylvia Shermer and Delphine Peterson entered our midst.

At last we have reached the place of our highest aims—Seniors! We feel repaid for all our hard labors for they have made us better suited for our future work. We will soon be leaving the red brick school house, and perhaps each of us will be setting up his own colony in his separate sphere of life.

## Last Will and Testament

WE, the Senior Class of 1928, sensing that our days here are numbered, wish to bestow upon the School a few tokens to remind them of us in years to come and to show a deep appreciation for all the education we have obtained.

To all the school, we leave our best wishes for a bright and happy future.

To our dear teachers, we leave a beautiful memory of our ability, greatness, unwavering ambition and unflinching courage.

To the Juniors we leave the privilege of "high-hatting" any of the under-classmen.

We also wish to make some personal gifts. They are:

1. Everett Johnson leaves his permanent wave with directions for its use to Ingrid Miller.
2. Byrd Roberts and Olga Holetz leave together.

## EDITORIAL

There being felt a crying need for news of the Class of '28, we have felt it necessary to devote this issue of the Chengie Jr. to news of them. We stand with no political faction and tell the truth, the whole truth, and nothing but the truth.

## SOCIETY NOTES

Miss Byrd Roberts, the famous debutante who recently inherited \$9.99 from her uncle of Sears-Roberts Company, gave an elaborate party last evening. Miss Roberts was dressed in a gorgeous red dotted calico dress, trimmed in apple green crepe de chine. In her hair she wore the famous diamond and cockle-shell tiara that used to belong to the collection of royal jewels of the Sultan of Siam. She had rich brown colored shoe-packs on her feet and wore delicately tinted chiffon stockings that are reputed to have cost \$100.00. Miss Roberts is well known for her startling innovations of dress and is the established leader of the younger set of our fair city.

Bernard Olonski, the famous Russian violinist, was recently entertained at a green tea on blue Monday at the Purple Cottage on Brown Hill in the suburb of Mission Creek. Miss Ruth Dipprey, the town's social leader, was hostess and poured the tea with a

grace and ease that showed long and insistent practice. All the young debutantes tried to grab the seat near the guest of honor and all turned yellow with envy when Miss Dipprey gave the coveted position to her sister. When the tea was over all went home seeing red.

ADVICE TO THE  
LOVE-LORN

Conducted by

MR. DELMAR CHASUS

Dear Mr. Chasus:

I am a young man of attractive appearance. For many years I have been working in the Poker Office and taking the girls' basket-ball team to games. I am very good to them. I don't swear in front of them and keep them supplied with Old Golds. Yet they don't seem to like me or call me nice names. I am very lonesome and I want a girl. How can I attract women? Am I too aggressive?

Yours truly,

EDWARD BENDA.

Answer: Change your method of attack. Take them riding in your new car, send them a dozen orchids every morning, and take them to theatres and night clubs. If this simple process does not bring them around, I regret to say that you lack "IT" and nothing can be done about attracting the girls.

D. C.

Dear Mr. Chasus:

I am a young business woman and I fear I am very innocent for all my girl friends use several terms I don't understand. I don't like to ask them what they are talking about because I'm afraid they'll laugh at me. Will you please help me out? What do

these mean: "necking," "walking home," "sparking?" Thank you very much.

OLGA HOLETZ

Answer: Here are the definitions you desire: "Necking" is the process of elongating one's neck in order to reach a desired destination.

Dear Mr. Chasus:

I lecture on street corners in small towns. I travel from town to town delivering my address on, "How to train fleas." In cold weather while talking, my teeth get cold. What can I do about it?

DELPHINE PETERSON.

Answer: Keep your mouth closed!

"Petting"—ask Bud Therrien.

For the definition "Sparking" please send a stamped, self-addressed envelope.

"Walking home"—If you are wise you won't walk home, you will rollerskate.

Mr. Pedro Johnson is to be married next week to Miss Toly Wilcox of this city. Mr. Johnson is well known for his good work among the Hottentots of Africa. He has already started several Glee Clubs there and reports that the work is progressing rapidly. We quote him: "All the Africans are extremely musical. It is surprising how easily they pick up notes. The Northern Africans, however, are much quicker to learn than the Bushmen and keep me continually busy looking for new music."

Miss Wilcox will be very helpful in his work for she has great musical ability. Fuller details of the wedding will appear in next week's issue of this paper.

## NEWS ITEMS

Miss Grace Therrien and Miss Ione Sobotka have just completed a non-stop flight around the world. They are the first women fliers to do this difficult feat and have completed it in record time, thirty-three hours and thirty-seven and one-third minutes.

They are being lionized in all the cities they pass through, and have each received a medal from the Prince of Wales who presented it in person. The young ladies, however, are very modest and refuse to be spoiled by worldly adulation. Their modesty reminds us of the attitude of Lindbergh back in '27.

Miss Sylvia Shermer has recently painted a picture of the Woolworth Building, by request of Kresge. It is done in Cubistic art and is called "A Playful Mood".

Dorothy Christopher won the Brown Derby and a handsomely tin-plated collapsible drinking cup when she rode "Spare-ribs" to a glorious victory at Tia Juana. Although Miss Christopher did not get started with the others because she was five minutes late, she had no difficulty in gaining the goal by a nose ahead of the rest.

Everl Larson, the champion lightweight pugilist, is now signing a contract to go into the movies. His first picture will be "The Pugilist Lover." He has undergone several plastic operations, had his hair dyed a raven hue and has a wonderful new set of teeth with which to delight the feminine audience and make him look like a tooth-paste ad. Mr. Larson graduated from our Pine City High School in 1928.

Mr. Charles Wilcox is leaving for Hawaii for his marriage to Queen Lliquogazkianna of that Island. He met her recently on a trip there.

Mr. and Mrs. Fred Torrey (nee Evelyn Planert) have gone to New York to give lectures in that city about their scientific farm. This farm is a few miles from our town and is an interesting example of ultra-modern methods.

Miss Pearl Hagen is at present trying for the world's championship in an endurance test for sitting on a flag pole. When we go to press, Miss Hagen had been on her lofty perch for twenty-five hours, fifty-eight minutes, fifty-eight seconds. The record is fifty-nine hours.

Miss Florence Olson is now employed in the Exclusive Ladies' Shop above the creamery. She is a very much desired mannequin because of her undeniable chic in wearing clothes.

Miss Marion Percey, a noted Paris dancer, has returned for a short visit here. Miss Percey is world-famous for her wonderful grace in dancing and is the originator of many intricate steps. She has danced before all the crowned heads of Europe.

Miss Lela Chase is taking a vacation in Florida. She is allowed only a short time from her strenuous vaudeville duties because her act is very much in demand. Her agility and quickness of movement as an acrobat have delighted all audiences.

A new radio station is now being built for the sole purpose of broadcasting Grace Wood's lovely baritone voice. She will be on the air at all hours except the time taken out for sleeping and eating.

**SAGE BRUSH**

BY ROBERT CLARK

A dewy gray at the dawn of day  
Just with the rising light,  
A dark, deep blue at the end of day  
Just with the fall of night.

A soothing sight to tired eyes  
As it stretches away on the plain,  
A beautiful sight as 'it bends beneath  
The driving Western rain.

It isn't a great imposing plant  
About which poets rave,  
Though I hope I may carry the smell of it  
All through my life to my grave.

And they prate about beautiful roses  
Deep in a sheltered lane,  
But how many have enjoyed the sight  
Of sage on the open plain?

GRACE WISEMAN

**I**N the past year two people have brought honor to our school outside of the regular school activities.

Grace Wiseman won a large silver cup for the school this spring by writing an essay on the educational facilities of Minneapolis. The contest was sponsored by the Civic and Commerce Association of Minneapolis. By winning the contest Grace was given a trip to Minneapolis and a program of entertainment which included hearing the symphony orchestra and inspecting the city's educational institutions. In this contest she competed with students from the whole state of Minnesota and we have reason to be proud of her achievement.

#### UNIVERSITY SCHOLARSHIP CONTEST

In the spring of 1927 Royal Hoefler won a \$100.00 scholarship at the State University. An examination was taken by three hundred students from high schools in all parts of the state and scholarships were awarded to the first fifty. Royal gained twentieth place. He was valedictorian of his class and made an enviable record during his high school years. We are all proud of him and his wonderful success.

#### LINCOLN ESSAY CONTEST

Each year the Illinois Watch Company gives a Lincoln Medal to the high school student who writes the best essay on Lincoln. Grace Wiseman wrote the winning composition this year, her essay portraying the character of Lincoln. It has long been the custom to give these medals, and it is a great honor to be the recipient of the award.

THROUGHOUT the year the Literary Society Club has met every other Wednesday evening for the study of modern day authors. Many interesting and lively discussions have been held concerning the work of Sinclair Lewis, Edna Ferber, Edith Wharton, Martha Ostento, H. G. Wells, Joseph Conrad, and Booth Tarkington.

In February the club sponsored a High School and Alumni Roller Skating party, the first of its kind, which was a great success both financially and socially.

Although the society was started last year it was not fully organized until this year when a constitution was drawn up and adopted.

With this accomplishment and a general survey taken of current literature the club has had a most successful year.

**T**HIS year the subject for debate in both the state and county leagues was "Resolved that the United States should construct an All-American Great Lakes-Atlantic Waterway rather than co-operate with Canada in the Great Lakes-St. Lawrence Project."

Pine City High School entered the state and county debating leagues for the first time this year. Although the teams gained more experience than decisions, the debaters feel that they have been successful.

The team is losing one member by graduation but the others feel that the experience they have gained will help make up for their loss and thus make the 1928 season a more successful one.

**CA** GAIN our feminine followers of Modern Woodcraft come to the front in the form of the Noweta Campfire Girls. This group is composed of the older girls of the high school under the watchful eye of Miss Anderson.

Outside of furnishing clothing and sewing for flood relief and selling forget-me-nots, they have at different times donated to our ravenous appetites certain delicacies of their own concoction.

Many emblems have been won by the group and Marion Percey is ready to become a Woodgatherer, the <sup>high</sup> ~~high~~ honor in Campfire.

In the mystic wreath of fire they intend to take the out-trail on a camping trip. We wish them plenty of adventure and a safe return, with many trophies as evidence of their woodcraft.

**I**N THIS, their second year of organization, the Boy Scouts have accomplished many things. On Washington's Birthday they sponsored a Father and Son's Banquet held in the Methodist Church. Many of the Scouts have purchased uniforms with money they themselves earned. They have selected a camping site near Chengwatana, where they are going to erect their summer headquarters. They are expecting to spend many happy summer days out there acquiring the lore of woodcraft and partaking in aquatics.

The Boy Scouts are rapidly increasing their numbers and in a few years many new patrols will be formed.

ONE of the best Glee Clubs in the state, or so the judges decided at the State Music Contest, when they awarded our Girls' Glee Club second place in Division "C" at the contest in Minneapolis last May.

This year the Club has appeared at various High School functions. The "Pine City School Varieties" marked their debut for the year, when they sang the cantata, "Rip Van Winkle". Through the year they entertained at general assembly and at the Junior Play.

The Dutch operetta, "Tulip Time," was staged in May.

THE High School Orchestra has been very successful this year, although it is practically a new one, as all but two of the members graduated last year. The orchestra has a much larger membership than previous years. It has played at our school parties, our plays, our assemblies, and for other entertainments. Under Miss Charlotte Stull's excellent directorship this orchestra has played a very important part in our school life.

### SYNOPSIS

AUNT EMMY and Florence Ainslee visit Mary and Harvey unexpectedly. Mary has bragged about her butlers, limousines, and grand pianos, so in order to make her aunt believe that they are wealthy, Mary induces Harvey to act as butler. A mix-up takes place in which Limpy, an ex-convict, Sylvia Allen and Jerry Miles become involved. Mary's baby is presumably kidnapped, and a very exciting time is spent until he is found in a clothes basket at Sylvia's house. Jerry Miles has been called in to act as Mary's husband pro tempore. He discovers his sweetheart, Florence Ainslee, is visiting Mary and has a hard time convincing her he is not married to Mary. It is necessary finally to explain to Aunt Emmy. But it turns out that Aunt Emmy knew all the time and was merely "leading on" Mary and Harvey. All ends happily, Aunt Emmy forgives Mary for eloping with Harvey, and Florence and Jerry are united.

Scene: Market place in the village of Osendorf.

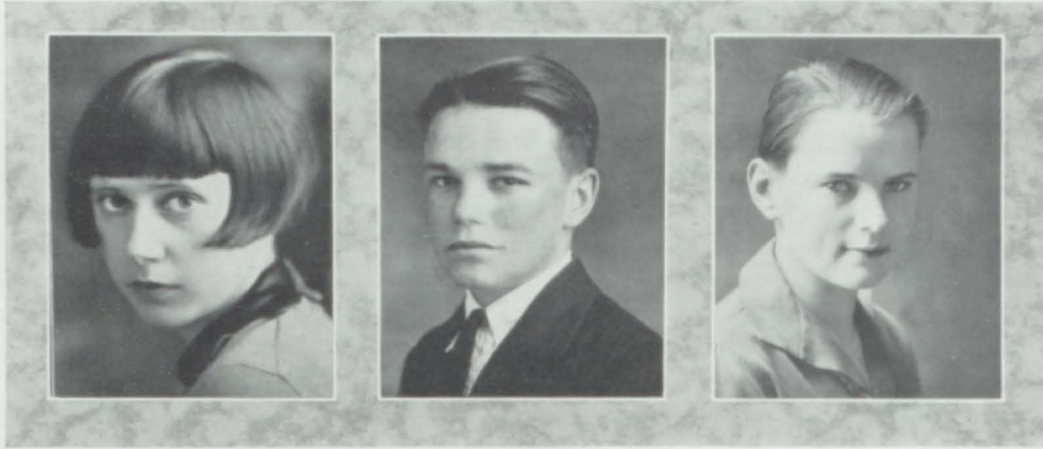

Time: The present, Midsummer.

Act I. A bright morning in Summer.

Act II. Afternoon of the same day.

#### SYNOPSIS

The village, enjoying a holiday, is startled by the arrival of a party of American tourists, college students, under the leadership of Professor McSpindle, a tutor in Botany, to study tulip culture. Two of the party, Ned and Dick, are much more interested in Christina and her friend, Katinka. News reaches the village that a thief has been stealing choice tulip bulbs, and a handbill is posted describing the thief and offering a reward for his capture. Ned and Dick induce McSpindle to wear certain clothing answering to the description of the tulip thief. When the Burgomaster beholds McSpindle so attired he causes his arrest. With McSpindle out of the way, Dick and Ned promote their friendship with the girls, and learn that Christina's stock is, unknown to her, of immense value. They reveal the truth to her and thwart the Burgomaster's attempt to grow rich at her expense. With the assistance of Christina's Aunt Anna, the innocence of McSpindle is established, and the latter declares his affection for her; and so, with the prospect of a triple wedding the final curtain falls.

### DECLAMATION AND ORATORY

On December 22 and 23, the preliminary contest for declamation was held in the Gym. Fourteen girls, after many hours of strenuous work on the part of both contestants and their artful coach, Miss Geister, participated in this contest. Seven representatives (four from the dramatic group and three from the humorous) were chosen to take part in the local contest.

On January 30 five boys took part in the Oratorical elimination contest, and two representatives were chosen.

The local declamation and oratorical contest took place on the evening of February 13, in the assembly hall, and Ione Sobotka, Myrtie Hunt, and George Roberts received first places respectively in the Dramatic, Humorous, and Oratorical selections.

The sub-district contest was held in Rush City February 27, and the towns represented were: North Branch, Pine City, Lindstrom, Rush City, and Cambridge. North Branch gained first place in the Dramatic and Humorous section and Rush City in the Oratory. Our contestants, Ione Sobotka, Myrtie Hunt, and George Roberts, winners of the local contest, received third, fourth, and second places, respectively.

### FOOTBALL 1927

**N**OTHING ventured, nothing gained, so Pine entered into the sport of manly bodies and broken ribs—football.

We lost our first game to Frederick 38-0. Let not the tears of discouragement go trickling down your face, for this but made our youthful gladiators thirst for revenge, and said thirst was quenched by defeating Forest Lake 31-2.

Pine showed a great improvement in pursuit of the elusive pigskin during the game. On the line were Therrien, Torrey, Appleby, Ballata, Wood, Kadous, and Buirge. Holding down the backfield were Blanchard, D. McKusick, Kubat and Reinhardt. William McKusick, Nelson, Jordan, and Chase received a chance to stretch their tendons a bit during this game.

Our second victory was over Mora, 12 to 6. Pine's playing during that game was unparalleled, never in the history of our school have they had such a fighting team, but they couldn't hold the pace, for in the next game they lost to Cambridge. The team, however, deserves full credit for the good playing they exhibited during their first year of football.

GIRLS' BASKET-BALL 1927-28

WELL, well, well, "Sprig is Cubbing," and once again the reign of Old King Basket-Ball has meandered around to a smashing climax.

Take ye notice of the above line-up and then if you haven't seen them play, hope to do so. Wouldn't that list warm the blood of anyone's heart? Wouldn't it now? I'm asking you? Wouldn't it make any hard-hearted, cold-blooded coach go into ecstasies of delight?

They're the cause of that glorious record we can boast of. Maybe they did meet with defeat a few times, but even so they were glorious in defeat, and that's what makes a team, just mark that down in your manual, you who crave the inside facts on basket-ball. At the end of the year statistics show that the girls won two, tied two, and lost two out of the six schedule games they played.

After a short practice under the excellent training of Miss Johnson they met Chi-Hi on the rivals' floor. They were vanquished, but as I stated before they had only a short practice. Just stop a moment and let your imagination run wild on things that would have happened if they had practiced. One defeat served as a stimulant, they gritted their teeth with an overwhelming determination to win the next game.

Their determination was plainly to be seen when they clashed with Forest Lake, but all to no avail. Again they went down in defeat, but not by so large a margin as before. This time they were absolutely determined not to be beaten again, and if possible to make their adversary kneel in the dust of defeat.

What Ho! Ye fans of basket-ball. Did I not predict it? Cast your eyes upon yon lines and take note there of the absence of defeat.

Two tie games, one with Chi-Hi, and the other with Braham both on our own home floor. The future looks rosier, doesn't it? But wait for the big surprise. Victory! The girls returned from Braham literally smeared with the glories of conquest. Once again Dame Fortune is smiling on them. Can they win that last game? We just know they can.

They romped through the game to end the season with a grand and glorious victory over Forest Lake, one of the peppiest teams in the territory.

And now that I, the Chronicler of the foregoing narrative, and you, the general public, have been led through the highways and by-ways of our girls' basket-ball team, have seen their ups and downs, smiled with them in victory and kept right on smiling with them in defeat, let us take time out and give three long loud ones for a good coach and a good team.

### BOYS' BASKETBALL 1927-28

PINE CITY lost the first game of the season when they met defeat at Lindstrom 20-26. It was the first game played and the boys made a good showing and were by no means outclassed. They were handicapped, however, by the small floor, and had it been a big floor they should have won easily. The high scores were made by Therrien and Johnson, the only two men back from the team last year.

Pine City lost in another heart-breaking game when they were defeated at Forest Lake. The game was an interesting one to watch, and the score changed many times throughout the game, until Johnson went out on fouls the third quarter. No doubt if he had stayed in, we would have won, since the final score was 13-18.

The gray and green stepped out in the next game and showed their stuff, when they defeated Sandstone 24-21. It was the first time in the history of the school that a Pine City team had won from Sandstone on their floor. Although a nip and tuck battle until the end, the boys showed plenty of fight. It was the spirit that the boys kept up that won, when with only three minutes left and six points behind, Pine took the lead and won the game.

Pine was handed the worst defeat of the season when they lost the first game on their home floor by a 38-21 score. It was a fast game, but the boys couldn't "hit the loop." Lindstrom took advantage of their shots under the basket.

The game with Hinckley was an easy matter. Pine walked away with a 38-18 score, and gave most of the second team a chance to play. This was the first game that the second team took part in this year.

The following Friday Sandstone came to Pine for a return game. It was an off night for the boys, and the game was very slow and not as interesting as it might have been. Sandstone, determined to wipe out the defeat handed them previously, took the game with a 20-10 score.

The next game with Braham was a fast one and the boys put up a good fight. With the return of Buirge, the team worked very smoothly, and after fighting the first half, the Pine City boys lay down the second half, and Braham walked off with a 25-10 victory.

The best game of the year was with Rush City. Pine City took the game by a score of 14-13, and should have won by a better score than that. It was an exceptionally fast game, but Pine missed lots of easy shots which accounted for the close game.

Pine journeyed to Hinckley for a return game and took their adversaries into camp without any effort whatsoever. Pine won by a score of 23-19. The game was a good clean one with both teams putting up a good fight.

Pine City went to Braham for a return game and put up a real battle. But our opponents were better "football" players so we lost by a couple of "touchdowns". The score was 22-34 in favor of Braham. The game was very fast and if basket-ball had been the game played, Pine might have had a chance to win.

The Alumni game during Christmas vacation was a good fast one and the H. S. boys kept the old grads young. At the end of the first half the score was 10-15. But the Alumni's years of experience proved too much, and the High School was on the tail end of the final score 22-45.

The jinx followed the team this year, but with practically the same team returning, our prospects seem to be brighter for next season.

## TRACK 1927

**I**N 1927 Pine City developed one of its best track teams for a number of years. Wesley Flaten, captained the boys' team and Florence Wilcox, the girls'. The boys' team met its first competition on May 7th at the Hamline Relays. The two mile relay team, composed of Oscar Haavisto, Omar Holland, John Plessel, and Richard Kadous, won their event and brought home another trophy for the trophy case.

The third annual Track Meet was held in Pine City on May 14th, with the boys' and girls' teams entered from both the High School and the Grades. Pine City won easily, placing in nearly every event.

While we were winning the county meet at Pine City three of the best tracksters were competing in the Carleton Track Meet at Northfield. Those going down were Richard Kadous, Wesley Flaten, and Bernard Trollen. A total of 12 points were gained by these three, winning fifth place for Pine City. Kadous placed first in the half mile and Trollen first in discus and third in the shotput, while Wesley Flaten received third in the 220 yard dash.

Nine boys competed in the State Track meet at the University of Minnesota on May 21. Here they met the best athletes in the state, but in spite of this competition Pine placed in two events. Wesley Flaten tied for fourth and fifth in the high jump and Bernard Trollen won the discus throw. This gained them a total of 5½ points.

The main event of the Spring sports is the "Little Eight" track meet composed of eight surrounding high schools. This year it was held at Mora on May 28. Four trophies were offered, one for the champion baseball team, one for boys' track, one for girls' track, and a "sweepstakes" trophy given for the largest number of points in all events combined. Pine took all trophies except baseball when the team lost the championship to Cambridge by a 14-2 score. However, the 35 points received for second in the baseball game enabled Pine to win the sweepstakes trophy.

The events in which Pine City girls placed were:

Event	Name	Place	Time
50 yard dash	Helen M. Johnson	First	7.1 N. R.
75 yard dash	Helen M. Johnson	Second	
200 yard relay	Pine City	First	30
High jump	Adele Carlson	Third	
Basket-ball throw	Florence Wilcox	First	64' 6"

Total Points, 19.

The boys were hard pressed to come out ahead but won by a larger score than the girls did. This was the first time in a number of years that Pine failed to win the half mile relay, when we were defeated by North Branch. Four new records were made at this meet. Pine City got three of these and North Branch one.

Pine City placed in the following events:

Event	Name	Place	Time
100 yard dash	Wesley Flaten	First	10.4 N. R.
220 yard dash	Wesley Flaten	First	23.5 N. R.
440 yard dash	Oscar Haavisto	Third	
Half mile	Richard Kadous	First	2.9½ N. R.
110 yard high hurdles	Dale Therrien	Second	
Half mile relay	Therrien, Kadous	Second	
	Silesky, Hoefler		
High jump	Lloyd Greenly	First	5 ft. 6 in.
	Wesley Flaten	Third	
Pole vault	Walter Blanchard	Second	
Shotput	Bernard Trollen	First	
Discus	Bernard Trollen	First	

Total Points 41.

### BASEBALL 1927

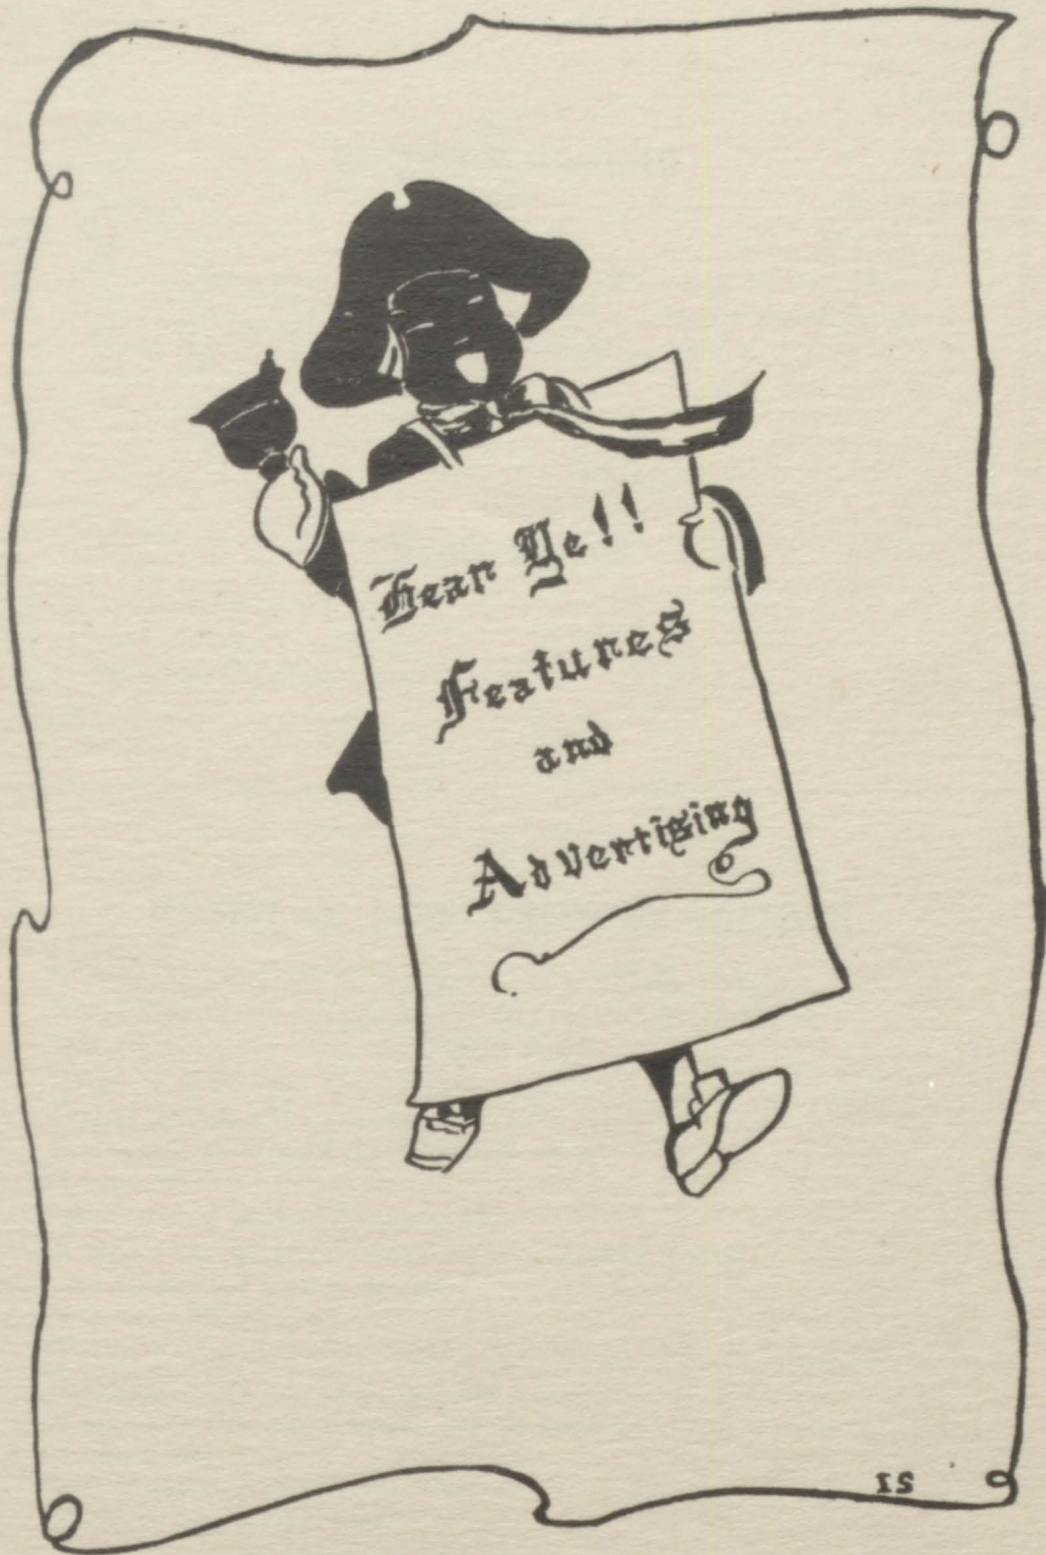

THE baseball team had a bad start at the beginning of the year and as a result lost the first two games, one to Grantsburg by a score of 7 to 3 and the other to Braham with a score of 6 to 0.

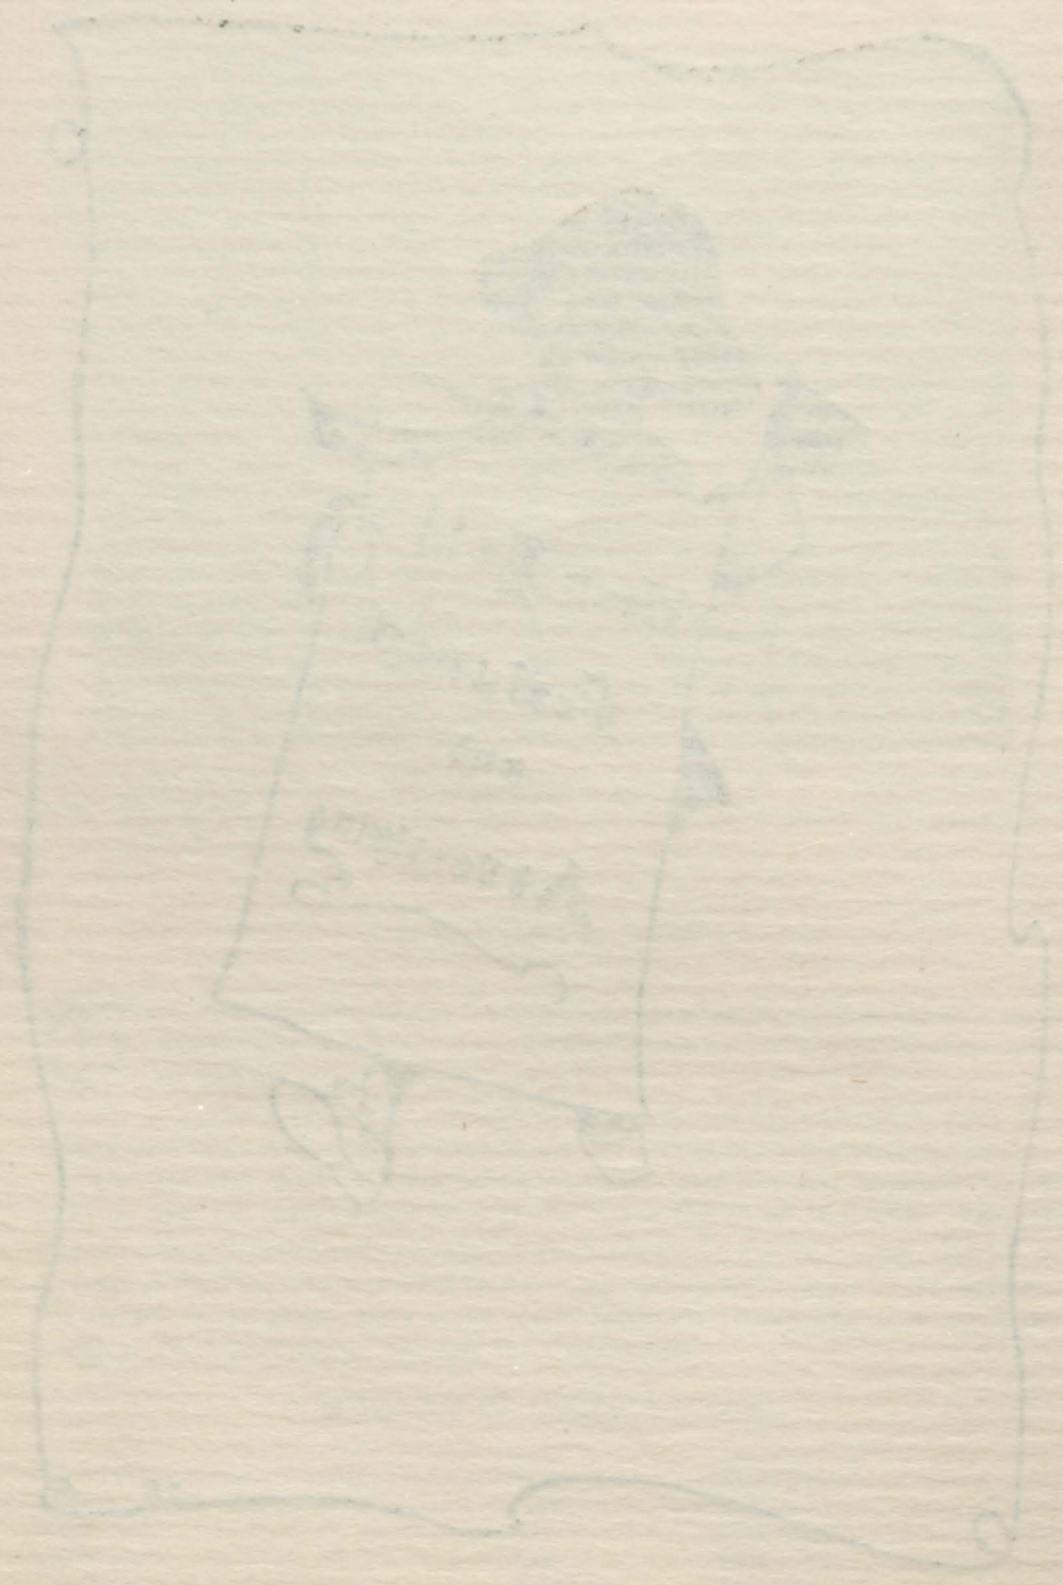

But with plenty of fight still in them the boys turned in their first victory by a 10 to 0 score against Mora in the first Conference Game of the season.

On May 18th the boys journeyed to Hinckley where they met Sandstone for the right to enter the championship game at the "Little Eight" on May 14th. The boys played heads-up baseball and as a result were victorious by a 3 to 1 score. Hoefler on the mound for Pine City was a big factor in the victory and a triple by Therrien was the feature of the game. As a result of the Sandstone victory Pine City met Cambridge at the "Little Eight" but lost the championship.

### BABYLAND

Now he is a Sophomore, the ball, too, has grown  
 And he's easily shown us that he'll hold his own  
 In basket-ball games, whether fast ones or slow,  
 He's the first on the list as through babyland we  
 go.

Next is another who tried for the team  
 By appearances now, though, it may not quite  
 seem

That Everl could ever have been quite so fat.  
 Here are two of the many from near Henriette,  
 Hector Fish and his sister, a basket-ball girl.  
 Who is next? Need I tell you? Just look at that  
 curl!

He has lost neither curls nor perpetual grin,  
 Many's the game that he's helped to win.  
 Here is a Senior, at studying, a brick,  
 She is quiet and modest, not a thrill, but a Kick.  
 Mildred and Evelyn, the next that we see,  
 So happy and bashful appearing to be.

Now Virginia's the catch that he's fishing for  
 And teasing, it seems, is the bait used for her;  
 While his friends dropped her line in the wide  
 sea of Art,

We agree that our editor has made quite a start.  
 Could that be a teacher? Well, that's what they  
 say,

And he teaches Chemistry day after day.  
 The next may appear bashful, little and shy  
 When he smiles as he looks over that immense tie,  
 But he acted quite brave in this year's Junior play,  
 At least that's what some of the actresses say.  
 The next that we see is a sweet smiling blond,  
 Of student activities and studying she's fond.  
 The next, when out selling ads, she will make her-  
 self heard.

The meeting on February 29th was called to order by President Jordan after 13 minutes of chaos. The meeting was for the express purpose of discussing ways and means of preventing snow on sidewalks between buildings. Brother Torrey arose in his energetic way and made a motion that a dinner be held in the band stand the following week. The motion was not carried because too many were trying to curb their ravenous appetites and retain their girlish silhouettes.

At this moment Leo Early Wurm burst in half an hour late. He was reprimanded by Dorothy Prompt Christopher.

Otto Doesn't Cuss spoke to Brother Wurm in the most profane language, which shocked Myrtie Mousie Hunt, so that she was forced to leave.

D. Tightwad McKusick reported that the faculty were making students pay too much attention, which was against his principles.

As soon as McKusick regained his seat, Raymond Graceful Erickson got up to second the motion, and caught his heel on the carpet, which caused him to fall, thereby making him so embarrassed that he sat down again.

Refreshments were served, consisting of limburger cheese, brown sugar and water.

A collection was taken to cover the underhead and the overfeet expenses.

The rest of the time was spent in playing games, "wink'em" and "post office" being the favorites.

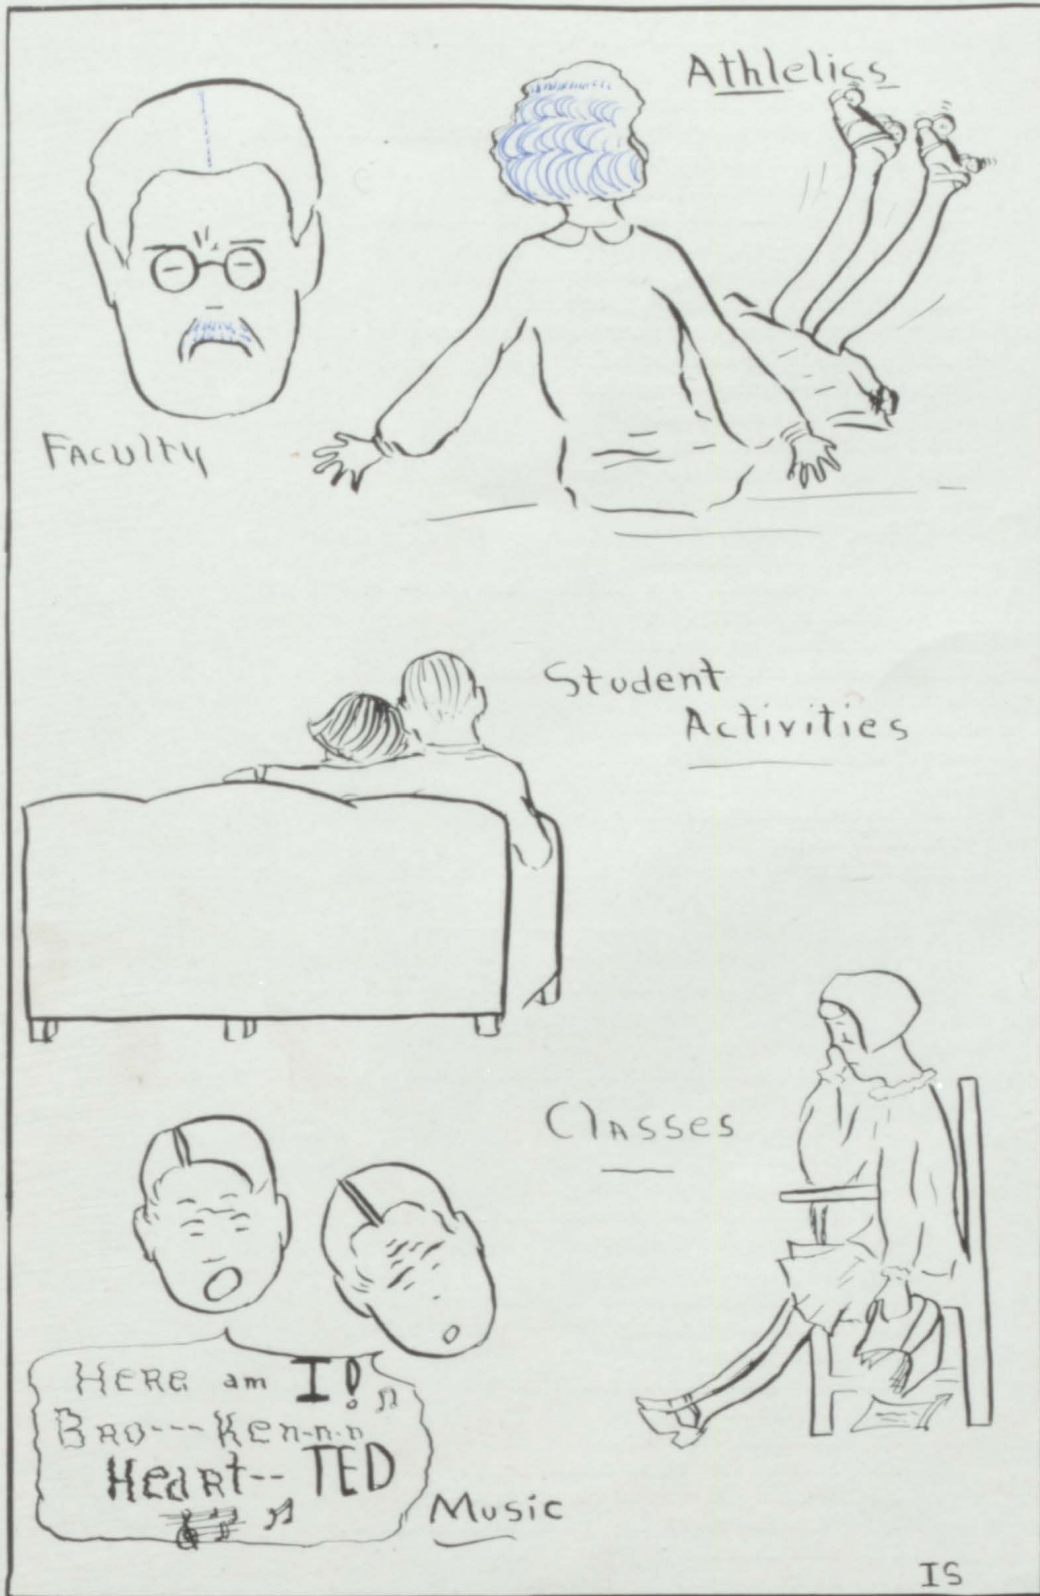

Signed:

## THOUGHTS ON A TYPEWRITER

Tick, tick, tickety! Tick, tick, tick,  
Whatever may happen you have to stick  
Till your contract is finished, Click, click, click,  
Keep on, over there, you're going slick!  
Pound, pound, pound, keep on, pound, pound, pound!  
Whoever has heard such confusing sound?  
Tap, tap, tap, hear the tap, tap, tap,  
We agree that this isn't a place for a nap.  
"What, got a perfect? Oh, please tell me how!"  
Elcie cried with a sigh, slowly wiping her brow.  
Whish, goes a paper, torn out in a fury.  
"Another mistake? Slow up, why the hurry?  
Take your time and have patience, you're not in a race,  
You'll never make 'D' if you keep at that pace."  
"Is it 5 o'clock yet?" asked Louise with a moan.  
"5:30," said Barb, and she uttered a groan.  
"Horses!" cried Hunt, "I was most to the end!"  
"Say, who has some paper that they want to lend?  
I've wasted a ream here already, tonight,  
The way that this paper goes surely's a fright!"  
"Keep still, how can anyone work in this roar?"  
Mildred cries, hands on ears, "I need two copies more,  
And, if I don't finish, I pity the one  
That's causing this rumpus, I'm not here for fun."  
Then for awhile, as few words were spoken,  
The tapping and rapping went on, quite unbroken,  
Except for some groaning, some moaning, and cries  
Of disgust and dismay. They were sorrowful sighs.  
"Hey, I made a perfect, my second tonight!"  
Orville yelled, and his voice plainly showed his delight.  
"The luck of some men," Bob exclaimed with a sigh,  
While a dark look of jealousy shone in his eye.  
"Well, I'm getting tired, and I'm quitting right now!  
Are you coming, too, Vivian?" "Say, am I, and How!"  
The scraping of chairs and the slam of the door  
Were heard only faintly through click, tap and roar.  
"This typewriter really makes more dumb mistakes.  
If I just had a Royal—for pity's own sake,  
I didn't hit that key, so what made that dot?  
This Underwood's crazy, like I always thought!"  
A whish, whir, and rip closely followed a cry!  
Filled with anger, and hinting at more than a sigh.  
The poundings grew louder as sheet followed sheet  
Into the basket; the continuous beat grew,  
Grew louder, still louder, the cries grew more shrill  
For typewriters seldom comply with our wills.  
And then without warning there opened a door  
A few words were spoken, and silence once more.  
They continued their writing with shame in each eye,  
Oh, you, who take typing, do I need to tell why?

—GRACE WISEMAN.

CAN YOU IMAGINE

Mr. Jones with his hair combed?

## TRA-LA-LA!

Hark! Hear thou not those strains of heavenly music that floated forth from the school-house door? So faint those notes, and yet so poignant their appeal that one is lost in a rhapsody of thought, and then they break forth into a wild, rhythmic, syncopated, barbaric air that makes one's blood flow faster and arouses hidden passions in its hearer. Ah! What can it be? Our Edison! Yea, our faithful old Edison with that favorite "On Wisconsin" to inspire our souls to greater speed and endeavor.

#### EARL JORDAN CALLING LORENA WILCOX

"Hello, sweetness, how're you? Do you still love me as much as last night? Don't forget the bet we made and I'm going to collect, too! What? What are you laughing at? WHO IS THIS? Toly? O YE GODS!!" Bang!!

#### WINELLEN AND DALE THERRIEN

"Hello! Is this you, Buddy boy? You know who this is? Yes. Say, Buddy, you aren't mad at me, are you? Really it wasn't my fault, I did mean to go home from roller skating with you, but, I just forgot! What? You aren't mad? That's a dear boy. Oh yes, I'd LOVE to go with YOU. What time? All rightie. G'bye!"

#### MRS. SILESKY TO MISS BATES

"Hello! Is this Miss Bates? This is Mrs. Silesky speaking. I just wanted to ask you to excuse Ralph this week from English. His eyes are bothering him and he has awful headaches. The doctor said he mustn't study much. Oh, thank you very much, I'm sure that will help a lot. Good-bye."

#### ADELE CARLSON AND MYRTIE HUNT

"Myrtie? Say are you going roller skating tonite? That's good. I'll stop for you. No, I don't like to skate with him. He's just terrible. Yes; and he ALWAYS asks me. Oh, I just love to skate with George. Yes, he asked me three times last Saturday. What? I don't care if you are mad. I'll skate with him any time I want to. So there. Is that so? Well, just for that I won't stop for you—!!"

#### LYNN BUIRGE AND GRACE THERRIEN

"Hello? Who is this? Lynn? Oh, yes. Go out riding! Oh I'd just be crazy about it—wait 'til I ask father. What! You don't want father to go along? Well, just for that, smarty, I won't go at all—!"

"Blanche? Let's go to the show or something. What's on? Oh, Gee, doesn't that sound hot? Oh, say, I just love Ramon Navarro! He's so beau-tie-ful. Well, start out and I'll meet you on the corner. No, tell Edmund he can't come along!"

#### ELSIE JOHNSON AND MARY AGNES HAWLEY

"Say, Mary, c'm on over tonite. No, I'm not going out with him! Mother won't let me. Why? Well, it was like this. She told me I stayed out on the porch too long last nite and I told her I was just out for a second and she said she was sure she heard a third or fourth! Can you beat it? So I have to stay in tonite. You come over and I'll tell you all about it. 'Bye!"

### JOKES

#### THESE SENIORS!

Ole: I like a man with a past 'cause he is interesting.

Byrd: I like one with a future. He is more interesting.

Pearl: I like a man with a present, and the more expensive the present is, the more interest I take in him.

Miss Bruce (In Social Science): Everett, how would you answer that question?

Pedro (who had not been paying any attention to the recitation): The same way.

Beecher B.: I asked her if I could see her home.

George P.: And what did she say?

Beecher B.: She said she would send me a snapshot of it.

#### FAIRY STORY

Once upon a time there was a family consisting of a father, mother, three daughters and two sons. One Sabbath afternoon it was suggested that all go for a ride in the large family car. Each and every member of the family wanted to go to the same place.

Now you tell one.

Miss McCoy: Fools ask questions that wise men can't answer.

Stub O.: That's why I flunked that last English test.

Social Science Students study not, neither do they pass.

Wallace Tillman: Say, Miss Johnson, how long would I live without brains?

Miss Johnson: That remains to be seen.

Earl has been going with Lorena for a long time. Last nite I said: "Well, Earl, do Stean's folks treat you like one of the family yet?"

Earl answered: "They've quit putting a napkin at my plate."

Rudolph Skalicky: I told Ione Percey just what I thought of her after the dance.

William Houdek: What did she say?

Rudolph: I love you, TOO.

Supt. Brown: Late again? Can you explain yourself?

E. Planert: Well, I was running and would have got here on time, but I saw the sign "School—Slow Down", so I stopped running.

Boy: Father, what makes the world go round?

Dad: Son, haven't I told you time and time again to keep out of the basement?

Father (over the phone): Everett isn't home. Can I take a message?

Young feminine voice, nervously: Er—yes. Just say—er—Toodle—oo—sweetie—etums—from Pearl.

A little fellow left in charge of his tiny brother called out to his mother: "Won't you please speak to baby. He's sitting on the fly-paper and a lot of flies are waiting to get on it."

Reuben: Do you think the radio will take the place of the country newspaper?

Village Storekeeper: I doubt it. You can't swat a fly with a radio set.

"My musical career certainly saved my life," said Adele after the big flood. "Water was everywhere . . . My dad grabbed the bed and went floating down the stream."

Blanche: "What did your musical career have to do with it?"

Adele: "Oh! I accompanied my dad on the piano."

Miss Bruce (in American History): Joseph, if you don't hand in your map by the end of the week, I'll have to flunk you. I'd also appreciate it if you would hand in your work without being told to do so every time.

Joe O.: Well, I'd appreciate it if you wouldn't flunk me.

TESTIMONIALS FROM HERE AND THERE

Uncle Dudley  
Farmers' Gazette  
Minneapolis, Minnesota

Dear Uncle Dudley:

We just received the wonderful prizes awarded for selling the fifteen bottles of Lilac Shiek Lure. Thank you! We have just landed back on earth from the thrill of it all.

We divided the prizes as follows: My sister Helen, the imitation platinum wrist watch, the emerald ring and fountain pen. I kept the heart locket set with rhinestones, the signet ring and the imitation diamond bracelet. Our friends at school exclaim in envy. Again, thank you!

—WANDA WICKSTROM.

Dear Mr. Dolittle:

We just received your seven and one-half foot book-shelf. The red and yellow bindings are exquisite! We have decided to go in for higher things since reading the first four and one-half feet.

Love and success to you,

—VIRGINIA ERICKSON.  
JESSIE RATH.

Dear Mr. Cheatem:

My sister and I feel that your correspondence course is the best ever. After four lessons of your "Shortcut to Music" my sister can play the violin with great feeling, as for myself, the piano has no terrors for me any more. We have already been asked to appear on a General Assembly program which is indeed an honor.

Duetically yours,

—ALICE AND FRIEDA GRANDT.

Etiquette Corporation  
St. Louis, Missouri

Dear Mrs. Stick:

I never realized until the other night that I really didn't know anything to order except "Chocolate Malted Milk". I am gladly enclosing the \$5.00 for your book, as the translations of the French menus are worth the price alone. Last night I ordered pate de fois gras, caviar, oysters on the three-fourths shell, biscuit glace, petit fours, demi-tasse and coffee. My boy friend noticed the improvement and I told him about your book. He wants one, too! I've never been so confident in all my life and all because of your book.

Yours in ecstacies,

—DORIS JOHNSON.

OVERHEARD IN GLEE CLUB PRACTICE

"Oh, gee, am I late? Gosh, she gave me a dirty look when I came in. How could I help it? What are you singing? Oh, that crazy old song again. I just hate it! Want a stick of gum? Yeah, I always chew it in Glee Club practice. It helps my voice. Say, what's she looking at us for—we aren't doing anything! Oh, have you heard the news? Lean over and I'll whisper it to you. There— isn't that awful? And you'd never believe it if it wasn't straight goods. Going out tonight? No? I'm not going out either; thought I'd stay in for a change! Is it all over? Well, practice didn't last long. Gee, I am so glad I made the Glee Club; it does me so much good. Mother was remarking the other day that my voice has improved so much!"

## ELECTRICITY IN THE PUBLIC SCHOOLS

Electricity, today, plays an important part in education, it teaches cleanliness, safety and economy, and brings to the minds of our future men and women that the housekeeping tasks need no longer be unpleasant ones.

Throughout the country electrical equipment is being installed in the Home Economics and Manual Training Departments to teach modern methods of overcoming labor. These departments in the Pine City School are electrically equipped and each year show increased popularity, as scientific methods are sought by students more than ever before.

Bud. T. (to newcomer): Hi, there!  
What are you, a Junior, a Senior, or  
what?

Glen Johnson: Neither. I'm a Swede.

Ruth D.: Your engine is coughing  
badly again.

Marion Percey: Shouldn't wonder. I  
had its muffler off last night.

## WAITING FOR THE DISMISSAL GONG

I sit—and sit—and gaze—and gaze,  
My mind is somewhat like a haze.  
I think a little now and then,  
And count the seconds—ten and ten.  
I dream a little—then some more.  
Count them—two and two makes four.  
It seems to me it takes so long  
To hear that little final gong.  
I whistle a little—soft and low  
Gee! I wish 'twas time to go.  
My thots are awfully far away  
It's funny how I dream in day.  
Time goes so slow, I just can't wait  
(But yet it doesn't when you skate.)  
There Brucie sits as calm's can be—  
'S funny—she ain't at all like me.  
Aha! It's ringing now at last,  
Guess my watch was kinda fast.

Miss Bates (severely): You shouldn't have yelled so when you sat on the tack. You should have felt it beneath you.

Donnie Mc.: I did.

WinEllen's pet dog had just died. "Now I'll have to have him stuffed," she sobbed to the veterinarian.

"That's unnecessary," the veterinarian replied. "He's been stuffed enough, that's why he died."

Toly: I say, what's good for biting fingernails?

Edmund N.: Sharp teeth, silly.

Mr. Johnson: Where is the sponge I told you to buy?

Teddy: I couldn't see a good one. All the ones I looked at in the store had holes in, so I didn't buy any.

Miss Bates: Leslie, name a collective noun.

Leslie: A vacuum cleaner.

Miss Warren (attempting to be witty in Geometry class): Can any of you tell where has my polygon?

Joe O. (also "attempting"): Up a geome-tree.

Pedro: I want a wife who can make good bread.

Victoria: I want a husband who can raise the dough in time of knead.

Clerk: We are having a special sale of shaving sticks, Miss.

Olga H.: I'll take one for my big brother. Rubbing his whiskers off with a stick will be so much safer than using a razor.

Mr. Johnson: If you wanted to make a salt solution in a hurry, would you use hot or cold water?

Delphine Peterson: I'd use cold because if I was in a hurry I wouldn't want to take the time to heat the water.

Mrs. Jones: Oh, Frank, there's a big bumblebee in the house and I don't know what to do.

Mr. Jones: Nonsense, Helen. Switch on the "B" eliminator.
