## National News—1965

**1 A Wave for Friends**—Cuban refugees waved to Cuban exiles on shore as their coast guard cutter approached Key West last fall. Such emotional scenes occurred frequently after Castro announced his "open door" policy, allowing certain groups of Cubans to leave his dictatorship.

**2 Pioneer in Space**—Astronaut Edward White stepped from his Gemini IV space capsule and into the void of space last June. Maj. James McDivitt, his companion on a 3½-day orbital flight, had to coax White back into the capsule after he had traveled 20 minutes suspended from Gemini IV. Gordon Cooper and Charles Conrad were the next space twins to orbit the earth. They completed their 8-day flight in Gemini V during August.

**3 Medicare Bill Signed**—President Johnson signed the Medicare Bill into law July 30 with former President Truman at his side. Witnessing the event that had far-reaching effects on Social Security benefits for the elderly were (left to right) Lady Bird Johnson, Vice President Humphrey and Bess Truman. The ceremony was held in Truman Library in Independence, Mo.

**4 Temporary Mood**—Dodgers Manager Walter Alston's mood of dejection after the Minnesota Twins won the sixth World Series game did not last long. The Dodgers emerged victorious in the 7th game and captured the pennant.

**5 Double Space Spectacular**—Astronauts Wally Schirra and Tom Stafford got this view of the Gemini 7 spaceship December 15 while traveling in their Gemini 6 craft for their historic rendezvous adventure. Schirra and Stafford rode their red-hot craft back to earth the following day, but Gemini 7 completed a 14-day mission before its re-entry. Making the longest and most significant voyage in space in Gemini 7 were Frank Borman and James Lovell, Jr.

**6 Plea for Peace**—Pope Paul VI stood before the United Nations General Assembly in New York on October 4 to deliver his plea for

meeting on October 6 during his first public appearance after the coup, which seriously shook his one-man rule.

**8 Soviet Winner**—Russian author Mikhail Sholokhov was vacationing in the Ural region on October 18 when he heard he had been awarded the 1965 Nobel Prize for Literature. The December award ceremony was held in Stockholm.

**9 Return to Desolation**—Hundreds of families returned to the wreckage of their homes, destroyed by eruption of Taal volcano, south of Manila, on September 28. Volcanic ash covered a six-mile-square area. The death toll was estimated at 500.

**10 Price of War**—The number of casualties increased as the U.S. stepped up its military action in Vietnam. American advisors took part in many helicopter missions, carrying wounded soldiers, both Vietnamese and American, to copters on makeshift litters for evacuation to Saigon.

**11 Reason to Celebrate**—Chancellor Ludwig Erhard of West Germany waved to a cheering crowd in Bonn after his Christian Democrats surged to victory in the September 19 parliamentary elections. Mayor Willy Brandt's Social Democrats suffered defeat in the voting.

**12 Colonial Rule Shaken**—Rhodesian Premier Ian Smith broadcast a proclamation of sovereign independence for Rhodesia on November 11. The split from Britain was made in an attempt to insure a white minority rule of the African colony. It was the first such move against Britain since the American colonies broke away in 1776. Britain retaliated swiftly and took the problem to the U.N. Security Council, which asked all nations to enforce an oil embargo against the African colony.

# DEDICATION

We, the Annual Staff of 1966, proudly dedicate this yearbook to the progress of future years. This progress has been displayed in the attitudes of our students and in this very school building. We feel this progress is embodied in the person of Mr. Espeseth, Our Superintendent.

# PINE CITY PUBLIC SCHOOLS

INDEPENDENT SCHOOL DISTRICT NO. 578

605 SIXTH STREET

PINE CITY, MINNESOTA

**Dear Graduates:**

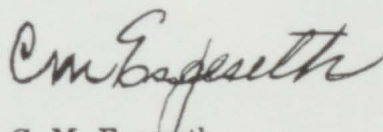

I would repeat my quotation of September, 1965 when I stated that I perceived you as the potential leaders who will show us the way toward our society's greatest day.

Then I further characterized you in these words, "You are younger than most of the earth's quarrels, and older than most of the earth's governments. You are younger than most of the world's ignorance, and older than much of man's knowledge."

The public school is a democracy. In that democracy there is the demonstration of skills and attitudes in the practice of working and living together. The primary goal in education is to make this democracy work. The student's plan should be to make some useful contribution to society during his lifetime. Goals you might choose would be to rear a family, to have a home, to be "somebody" in our technological age. A student should set some definite goals. The school is but an instrument for achieving those goals. The school, the home, the church, and the community have done much for the student, but little compared to what he can do for himself.

From my knowledge of your plans, your goals and achievements, I am confident that we are passing the torch to a fine group of graduates this year. I know that our heritage will be preserved.

Sincerely,

C. M. Espeseth  
Superintendent

## FASHIONS

AND

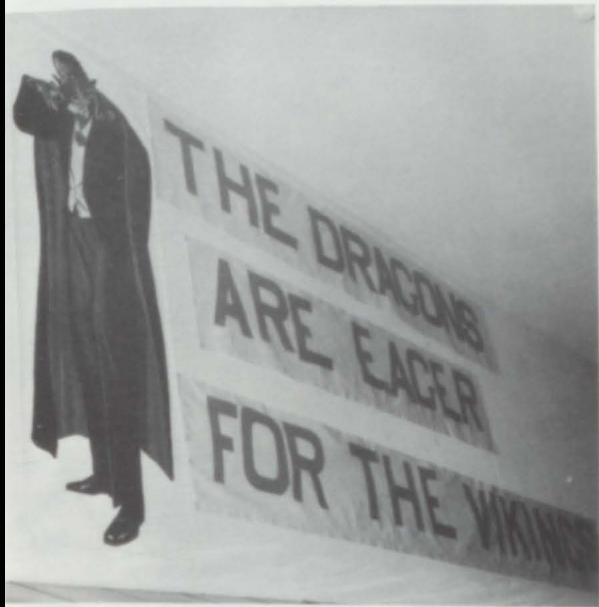

Dianne is wearing an A-line skirt and shell with textured stockings, which are quite in style. Dick is wearing a light blue shirt with a navy sleeveless sweater and corduroy slacks. Cindy is wearing the popular empire-waist dress with stacked heels. It seems like the straight hairdos really came in strong. Jim, wearing white jeans, wing tip shoes, and a light yellow shirt, shows the basic dress of most of the boys.

With the addition of stoles to their robes, the chorus made a very neat appearance at the Christmas concert, the District Music Contest at Sandstone, and at the annual Spring Concert. The chorus is operating under a new system this year in which the members challenge the position of the head person in their section. This is to build the desire of the students to achieve higher goals in chorus. The chorus also this year comes under state regulation much like the athletic programs.

## A.F.S.

The American Field Service is established to promote world understanding by having foreign students live in the community and study at the school. In cooperation with the adult chapter in Pine City the A. F. S. has held fund raising drives for next year's student. The most important of these were the movie, Penny Wednesday, and the selling of pop, candy, and popcorn at basketball games. The weekend of January 28 a foreign student convention was held at the school. Foreign students from other countries such as Denmark, Costa Rica, and Brazil were represented.

The day I knew I got the Scholarship, I cried. I was so happy; One of my biggest dreams in a few days would come true.

It was just when the plane landed in the hot Florida on the 26th of August that I realized I was in the U.S. and that was the beginning of a year with a new life in this big country.

It took me four days in a bus trip with other A.F.S. students to meet my family who were waiting for me at Minneapolis. All of us were so nervous that when we saw our respective families, nobody wanted to leave the bus. We pushed each other and said, "You go first."

I was so tired that I could hardly stay awake on the way to Pine City. But the next day I awoke so happy that I didn't even remember that the night before I was tired.

And now, here I am in Pine City High School having a wonderful experience and learning more about USA each day. I had the fortune to be the guest of a lovely family. Also I have the opportunity to meet a lot of friendly people. Besides, I have met wonderful and excellent teachers and, of course really nice classmates.

I have seen that everyone tries to help me and make my stay here in this big country even nicer than it is already.

That is why I say to each one of you, "Thanks a lot!" and you can be sure that I never am going to forget Pine City, the school, and its people. Through the years each one of you will live in my mind like nice symbols of "my dream which became true."

Sincerely,

# DRAGON

This year the Dragon Staff is very large containing 15 members. Juniors are again included in the working team to prepare them for the following year's work. Three of the members attended a Yearbook Clinic to gain more knowledge of the method of planning the yearbook. The staff works from October to April putting the annual together. During the year fund drives were made to support the cost. These drives were the selling of sweatshirts and annual covers in addition to the regular subscription drive. The goal of the staff has been to make a truly different annual and give an accurate record of the school year 1965-66.

## World News—1965

**1 Humanitarian Dies**—Dr. Albert Schweitzer died in September at Lambarene, his primitive hospital at the African jungle outpost of Gabon. The famed physician, who reached his 90th birthday in January, worked most of his life to relieve the suffering of jungle natives.

**2 Queen Speaks**—Queen Elizabeth II dedicated the John F. Kennedy memorial at Runnymede, England on May 14. Mrs. Kennedy is seated to the left and Prince Philip to the right of the queen. Carolyn Kennedy is seated between the queen and her mother, and Sen. Robert Kennedy stands behind Mrs. Kennedy.

**3 Miss Universe**—The reigning queen of beauty in the universe during the year was a representative from Thailand.

**4 Bosch Returns**—Former Dominican Republic President Juan Bosch was vehement in his address at a rally September 25, shortly after his return to Santo Domingo.

**5 Wins in Run-Off**—Charles deGaulle polled 55.2 per cent of the vote in a run-off election against Francois Mitterrand on December 19. The vote gave DeGaulle the French presidency for another 7 years, but the strength of the Socialist-Communist candidate corroded the popularity of the 71-year-old president.

**6 Agrees to Cease-Fire**—Pakistani Foreign Minister Zulfikar Bhutto (right) agreed in the U.N. Security Council on September 22 to accept the Council's cease-fire order in the undeclared war between Pakistan and India. Pakistan's announcement came after India had agreed to the order.

**7 Abortive Coup Fails**—Indonesian President Sukarno was toppled from power for a brief 20 hours last fall. He gestured at a cabinet

meeting on October 6 during his first public appearance after the coup, which seriously shook his one-man rule.

**8 Soviet Winner**—Russian author Mikhail Sholokhov was vacationing in the Ural region on October 18 when he heard he had been awarded the 1965 Nobel Prize for Literature. The December award ceremony was held in Stockholm.

**9 Return to Desolation**—Hundreds of families returned to the wreckage of their homes, destroyed by eruption of Taal volcano, south of Manila, on September 28. Volcanic ash covered a six-mile-square area. The death toll was estimated at 500.

**10 Price of War**—The number of casualties increased as the U.S. stepped up its military action in Vietnam. American advisors took part in many helicopter missions, carrying wounded soldiers, both Vietnamese and American, to copters on makeshift litters for evacuation to Saigon.

**11 Reason to Celebrate**—Chancellor Ludwig Erhard of West Germany waved to a cheering crowd in Bonn after his Christian Democrats surged to victory in the September 19 parliamentary elections. Mayor Willy Brandt's Social Democrats suffered defeat in the voting.

**12 Colonial Rule Shaken**—Rhodesian Premier Ian Smith broadcast a proclamation of sovereign independence for Rhodesia on November 11. The split from Britain was made in an attempt to insure a white minority rule of the African colony. It was the first such move against Britain since the American colonies broke away in 1776. Britain retaliated swiftly and took the problem to the U.N. Security Council, which asked all nations to enforce an oil embargo against the African colony.
