American Field Service

I was very excited to know that I was coming to Pine City as a foreign exchange student, and I haven't been let-down yet. This year has been full of things to remember. I left my family in Argentina to come to the United States and live with my new family and experience new things.

One of my new experiences was seeing snow for the first time. That's Wonderful!! The snow is cold, believe me. I could hardly believe the 40 below zero weather, because the coldest temperature in Argentina is 10 degrees.

I can't express the happiness my American family gives me. I think mom, dad, Carol, Lezlie, Julie, and Jimmy are the best family in the whole U. S. A.

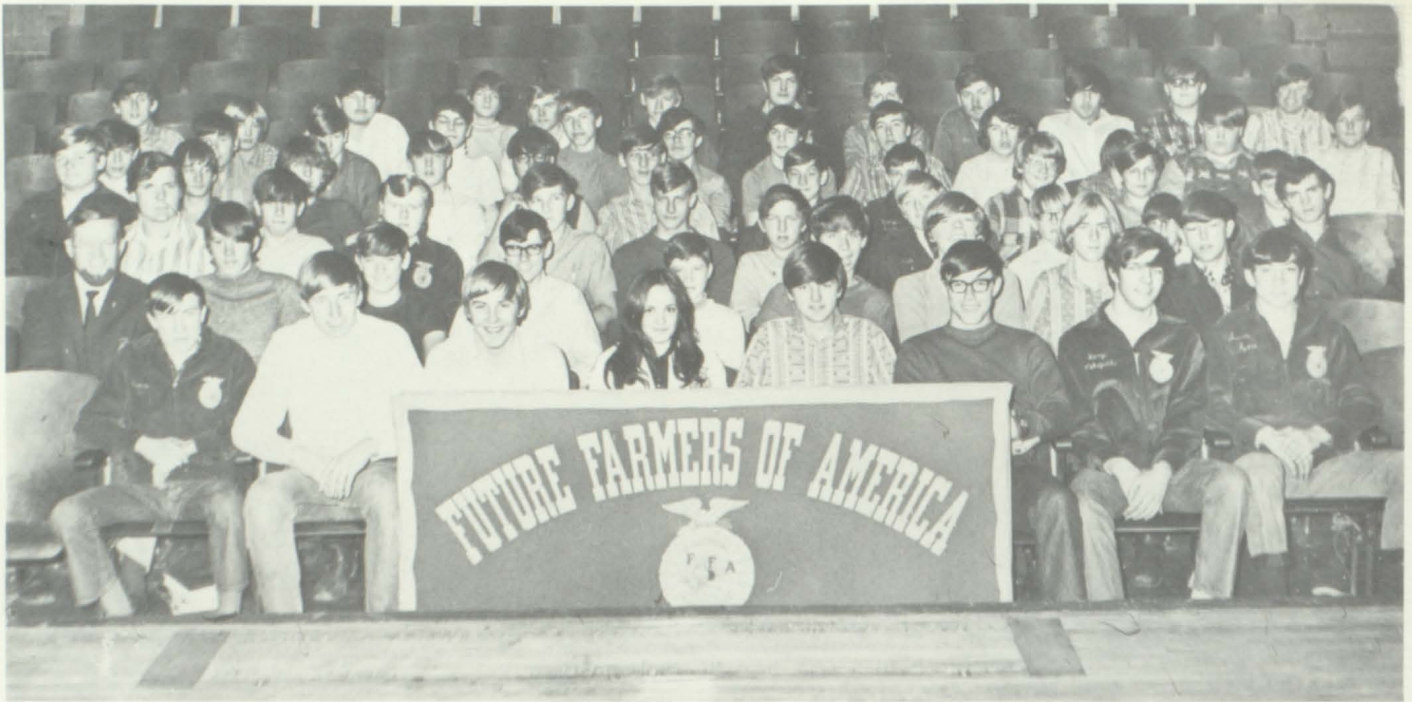

And my friends. I could write a book about them. They helped me in school, and we are always having fun.

The teachers are really nice. I have to thank them a lot for being patient with me, especially Mrs. Sills.

I owe each of you for the chance I had to come to Pine City. I had so much fun. It will be hard to separate from my family, teachers, and friends, but you have all influenced my life a lot, and I can never forget you. I know I'll cry when I have to go back, but the thing I will remember is that we all live under the same sky, and under the sight of the same God.

Gracias de todo corazón.

Thank you with all my heart.

Class
of
'72

A black and white photograph of a winter forest. The ground is covered in a thick layer of snow. Several tall, bare trees with intricate branch structures stand in the foreground and middle ground. In the background, a single evergreen tree is visible among the deciduous trees. The sky is a uniform, light color, suggesting an overcast day. The overall mood is quiet and serene.

For yesterday is but a dream, and tomorrow is only a vision, but
today, well lived, makes every yesterday a dream of happiness, and
every tomorrow a vision of hope.
