AFS

My first day in the United States was in August 19, 1973 and I with 2600 other AFS students spent that day in New York. Everyone of us was talking about our own American family and each of us was really excited to meet our families. So after spending three more days in New York we, (I with three other students) flew to Minnesota. In the plane we were so excited that we didn't want to eat! We were thinking of our year here in Minnesota and of our American family.

I spent my year here with the Kotek family and I sure enjoyed being with them and I'm really glad that I was the one who got to know such nice people, I thank them very much and I hope they have enjoyed having me with them too.

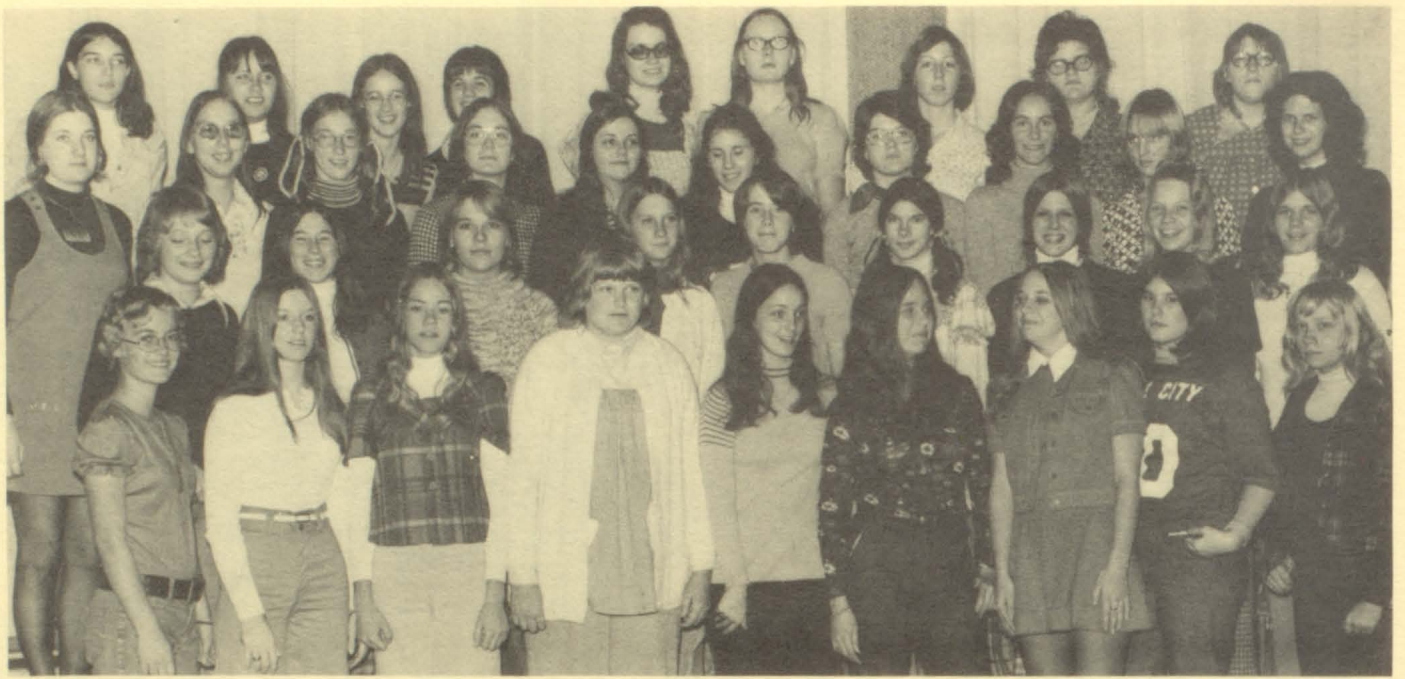

I think people here in Pine City are really kind and hospitable. I had the best friends and they always tried to help me in everything. I thank all my teachers too. During this year everybody was trying to help me and I haven't really ever seen people to be so willing to help others. I thank the Lions Club too, which helped me with clothing for winter. It was really cold to have weather like 42 degrees below zero! I have never had such cold days in my life before. But I remember when it was 10 degrees below we used to say-oh, it's nice outside! I'm sure when I go back to IRAN and say such thing there they sure will think that I'm crazy!

During this year I learned to ice skate and roller skate but of course with getting bruises all over my body! I enjoyed snowmobiling too especially, that we don't have snowmobiles in my country.

Again, I thank my family and everybody here in Pine City who were so helpful, nice, and kind to me. I hope that I have represented my country, IRAN, well too. I hope you have learned something about our culture, too, (financially!) I'll come back to Pine City and renew all those good memories from every single thing that I've had here.

Love,
Beneta Baitoo, from IRAN
