Dear Marian:

The time has come to enter a new phase in your life. You have served admirably for forty-four years as a teacher; indeed, much more than a teacher. You have been a friend, an encourager, a listener, a colleague, an example, a doer, and a genuine person.

I want to thank you for your involvement in language arts activities at the state level. You participated in the Minnesota Right to Read Program. You demonstrated your understanding by implementing an outstanding Reading Study-Skills Program as well as giving guidance to the K-12 Pine City Reading Program. You participated in state-wide Reading Assessment activities, in state-wide establishment of Language Arts Learner Outcomes, and in the establishment of ways to assess the learner outcomes. You have been a resource for others who wanted to know how to set up quality reading programs.

Marian, you are an excellent Reading-Language Arts teacher! May your skills, knowledges, values, and attitudes that make you a truly warm, genuine person go with you in your new ventures.

CONGRATULATIONS ON YOUR RETIREMENT AND BEST WISHES IN THOSE NEW VENTURES!

Sincerely,

Alton L. Greenfield, Ph.D.
