Dear Mr. Kessler,

Do you remember the class of 1965? During the ten years since graduation I've often wanted to visit them. A few weeks ago I finally got my chance.

I was eating alone at a nightclub when I thought I heard a familiar voice. Looking up I saw GREG FROELKE who informed me that he was the owner. Then the floor show started, and I was thrilled to see that so many of the old Pine City gang was working there. MICKEY PIERCE was the star drummer in the band, and PENNY FOHRMAN was billed as "The Girl with the Voice of an Angel." The show ended with KAREN BJORKLUND doing her famous exotic snake act. Then Greg took me back stage to see LINDA FULKS who did the make-up work for all his acts.

After leaving the club, I called a cab and who do you suppose my cab driver was? TERRY DREVECKY. I asked him if he knew the whereabouts of any of our old classmates and to my surprise he brought me to the Police station. I talked to RONALD HENRY, the Police Chief, and he told me that DEAN BEEMAN was now a judge.

I tripped coming out of the station and broke my big toe. I was immediately rushed to the hospital where Dr. BYRON MACH, the famous surgeon, operated on me. My nurses, SUSAN EMERSON and MARY KLUK, made me feel much better. Unfortunately, Butch removed the wrong toe.

I was surprised to find that LINDA BOMBARD and PAMELA CHRISTIANSON were in the next room, recovering from the measles. They told me they both worked in a false eyelash factory owned by MARILYN BROWN. They also told me that STEVE KARAS was the foreman and that ELMER DOENZ drove the delivery truck. We tried to watch television, but all we could get was "Ding Dong School", starring DIANA TUMA and a cooking class given by CAROL PETERSEN.

I limped out of the Hospital and into a Coffee Shop owned by CAMILLE HAEDT. A girl came around and wanted to read my coffee grounds. I immediately recognized JOY BECKSTROM.

On my way out of the Coffee Shop, I bumped into DOROTHY PETERSON. I asked her what she was doing now and she told me that she owned a theatrical agency. Two of the famous stars in her agency are FRAND RUNA and PAT NELL. She also told me that she was the manager for KAY ODEGARD, who sings opera, and PAMELA FINDELL, who has done so well on the serious stage.

I boarded a plane and half an hour later I landed in New York, where I was greeted by the Mayor, PAUL SAUSER. He took me to the Empire State Building where we finally talked TIMOTHY ENGEL out of jumping. Tim informed us that his stocks had taken a plunge downwards. Now he only has three million dollars.

Afterwards the three of us went to dinner at the "Three S. Club" owned by JANE SAUTER, MARY SKILICKY, and KAY SMETANA. LEONARD STOFFEL, the head waiter, told us we'd better only order coffee because the chef was DICK MOEDING who had learned how to cook out of necessity.

After dinner I decided to get made over. My first stop was "Bonnie's Beauty Parlor" where BONNIE TIECH gave me a new hairdo. Then I went to a fashion show at Dior's, (recently purchased by wealthy JAMES WANDELL). The models were JEANETTE JANSSEN and NANCY SINDELAR. After blowing my last pay check on "Larson Originals" designed by BONNIE LARSON I headed for Yankee Stadium to see the big game between the Yanks and the Twins. Manager for the Twins was ALLEN ERHART and their star player was TOM BRICKSON. I heard a ray ray ray and turned to see SUE SOMMERS on the side lines--she just can't get cheerleading out of her blood. After buying a coke from GARY WINNER and a hotdog from OTTO PATZOLDT I rushed off to continue my trip.

I rented a car from "Yost Rent A Car" owned by BONNIE YOST. I only got two blocks, however, before I ran out of gas. I pulled into the closest gas station and was waited on by JAMES MUNKBERG.

After several hours of driving I stopped for the night at a beautiful motel owned by KAREN OLSON. BOB BLAZEK, the desk clerk, greeted me and DALE BARTHIDAL showed me to my room. In the morning I was awakened by CAROL TOLEFSON. I asked her if any of the old gang was in Ohio and she told me that RONALD PETERSON and GARETH CUMMINGS both owned steel mills and were in fierce competition. She also told me that TOM MALM owned a cash register company.

Later, while driving through Indiana, I heard over the radio that PAT WORKMAN had just won the "Miss Lolypop Contest". Next step for her is Miss America. CURT ODEGARD has already won the Mr. America Contest. The radio announcer was LINDA TIMMER.

Later in the afternoon I stopped in to see ROBERT CHRISTIANSON. Bob took me over to see the brand new department store he had just bought. TED MILLER, JANET MITCHEL, and DOREEN HOUDEK all worked in his store. Across the street from Bob's store was a pet store owned by DUANE ZEMEK. I visited with Duane for awhile and he told me that CAROL KRAFT was a nurse at the local hospital.

I was driving over to visit Carol when I was stopped by a motor patrol who turned out to be LARRY PRIOR. He told me I was speeding and gave me a ticket. Because I'd spent all my money on clothes I was thrown in jail for not being able to pay my fine. Fortunately LORRAINE VONDRASEK bailed me out. She told me she worked in RONALD KUBAT'S insurance company. It was coffee break time so we had coffee with the secretaries MARGARET NORDSTROM, DELORES MISKA, and DONNA LOUDEN, and the file clerk JUDY ZAUN.

After coffee I sped on my way. My car conked out in Wisconsin and I stopped at a used car lot owned by JOHN CAVALLIN. He tried to sell me a car with plastic tires, an invention of that great scientist LARRY LUETH, but I decided to take a plane instead.

When I boarded the plane I was greeted by NANCY McDERMIT the airline stewardess. She told me that my pilot was MIKE ODENDAHL.

We landed in California and I went to see those two famous artists BETTY and DONNA GLASOW. They showed me the portrait they were doing of Senator DOUGLAS TEICH.

Doug was too busy to see me but I talked with his secretary KAREN SODERBECK. While I was in Karen's office VIOLET BAKER and RUDY KALB came in. They were doing a story on the senator for Time magazine. Violet did the interviewing and Rudy was the photographer.

When Karen got off work she took me to see the Marine base. At the base we talked to KENNETH GRAY, KENNETH GRUHLKE and GERALD KRAFT. They told us that their commanding officer was DOUG HALL.

After saying goodbye to Karen I flew to Minnesota to visit those two wealthy farm owners GERALD AUSMUS and GARY MORTENSON. They told me that DIANA HALL owned a flour mill and that JEAN BROZ was now a diskjockey on W.D.G.Y. They also told me that LINDA LINNELL was teaching school in Alaska.

I decided to fly north to Alaska to see her. When I finally found her she told me that GLEN KURZHALS and BRUCE NELSON worked in a lumber camp. She said that JOAN BESSER was in Alaska --- but nobody knows why!!

I was walking to the airport when a dog sled came mushing up next to me. I saw it was driven by THOMAS MOHR. He gave me a ride and told me that BRUCE HENNING was also in Alaska--- He was now a very successful barber.

In Iowa I stopped in at DIANE PETERSON'S dairy farm--sure enough there she was still milking cows!! We talked for a while and I found out that DUANE KICK now owned a big creamery and that MIKE WIRTH owned a photography studio.

There were still a few of the '65 gang unaccounted for so I went to a detective agency to hire a private eye. I was shocked when I found out I'd hired GEORGE ARIMOND. Together we tracked down DWAYNE DORAN in a dance studio where he was an instructor, from Butch we found out that ALTON HANSON owned a tuna fish factory.

George got a hot tip on MIKE BOBALIK. He was a fire chief at old 99. On the way to the fire station we passed a huge billboard advertising "Johnson and Johnson baby products" owned by DICK JOHNSON and WAYNE JOHNSON naturally!!

George was charging me ten dollars an hour so I fired him and continued my search alone. I heard over the radio that JAQUALYN KAZDA had just been elected ambassador to Italy. I also heard that SUSSAN KESSLER was a portuguese interpreter for the U.N. I went to the U.N. building and visited with Susan for awhile and she told me in the strictest confidence that KARLEN MEIR was a secret agent for U.N.C.L.E.

My next stop after leaving the U.N. building was West Berlin where CINDY JOHNSON was tearing down the wall. She told me that GARY CHALLEEN was a guide for safari hunts.

I went to Turkey to visit CEVAT DEMIRCAN and found that MICHELE NELSON was teaching school there. In Turkey I was robbed and because I was unable to wire my Swiss bank I ended my tour in a cattle boat owned by MILDRED CAROON. All the cattle were being shipped to Texas to that wealthy ranch-woman HELEN BOUSKA.

On my arrival in the states I met THEREAS BLAZEK who worked for the customs department. I started hitch--hiking to Philadelphia to visit CAROLYN CLEMENTSON who teaches English there, when I was picked up by DIANNE HANSON in her trailer house.

Well, Mr. Kessler, I finally did make it home and it certainly was a memorable trip. It was wonderful seeing everyone again and I have decided that I still think the 1965 Pine City Graduating Class is the GREATEST!!!!!!!!!!!!

As always,

Ruthie
Ruthie Harwig

P.S. Say hello to the Mayor of Pine City, DENNIS OLSON.

As our senior year draws to a close, we can look back on many memorable events. We hope that the 1965 Dragon will serve as a guide and constant source by which we may relive these times.

This supplement has been prepared "just for fun". We hope that you will enjoy reading it as much as we enjoyed preparing it.

Our appolozies go to anyone who may have been left out of something and to all the people whose names we butchered. We are good at making mistakes.

Although we ve had a lot of fun at the faculty's expense, we really are grateful for their unending efforts in shaping us into responsible citizens.

We close this supplement with the hope that each of the 1965 graduating seniors will "climb every mountain and follow every rainbow" -- until they find their dream."
