

School Dist #3 Royalton T.
Residents of school Dist #7. decided
to build a new school house. 18x24
with an entry 6x8. Aug 27-1888

1892

appropriate when the stores play here.

A School Site.

A new school site has been settled upon, and almost everyone is just a little surprised. The site selected is August Larson's block 14 in Princes addition being situated on the block on which Larson's new house stands. The consideration is \$800.

The opinion was evident that either a \$6,000 wooden building or \$7,000 brick building will be erected.

A meeting in the near future will be held to settle the price of building and other necessary business. The site meets with general approval.

R.H. Blankenship became a
superintendent of Pine Co in 1896
Educated at Flag Pond University
of Tennessee, taken a business
at Sank Center Business College.
Entered schoolwork 1889.

September.

I.

The goldenrod is yellow;
The corn is turning brown;
The trees in apple orchards
With fruit are bending down.

II.

The gentian's bluest fringes
Are curling in the sun;
In dusty pods the milkweed
Its hidden silk has spun.

III.

The sedges flaunt their harvest
In every meadow nook;
And asters by the brookside
Make asters in the brook.

IV.

From dewy lanes at morning
The grape's sweet odors rise;
At noon the roads all flutter
With yellow butterflies.

V.

By all these lovely tokens
September days are here,
With summer's best of weather
And autumn's best of cheer.

Autumn Fires.

1. In the other gardens
And all up the vale,
From the autumn bonfires
In the smoke trail!
2. Pleasant summer over
And all the summer flowers,
The red fire blazes,
The grey smoke towers.
3. Sing a song of seasons!
Something bright in all!
Flowers in the summer,
Fires in the fall!

that our youngsters of today
Chosen "that all men are
created equal" as reality
not as empty words.

75 YEARS AGO 12-25-1919

The county school boards' association held its annual meeting in the new theatre at Hinckley, last Friday afternoon, giving folks opportunity to arrive on the noon trains and leave before supper in all directions.

State Rural School Inspector Swain was present and gave a dandy address.

"A \$90 teacher is too expensive

a piece of furniture to have her spending her time cleaning the school house. Contract that job to somebody else and tell the teacher that you expect her time and thought and efforts to be centered on the teaching work in the school."

"Keep the outhouse door closed so as to keep the snow and rain out, using a spring or a pulley rope and piece of iron."

"The best kind of teacher is the cheapest kind. When you get a good one, hang onto her, make her feel at home and keep her in the community over Saturday and Sunday. Give your teacher a bonus if her wages are too low. Don't fall back too hard on your contract, pay her what is right and fair. The board has the legal right to do this, and if there is any question you can fire her and hire her over at a satisfactory price."

Y, PINE COUNTY, MIN

**APPLICATION
MAY 22
1903 GRANTED.**

THE APPLICATION FOR THE \$9,000
LOAN FROM THE STATE HAS BEEN
ACCEPTED AND THE MONEY IS
FORTH COMING.

In accordance with the vote on the bonding of the school district, which was carried, and to which space was given in this column last week, the application for the loan was made to and granted by the state, and now all that is to be done is to get the plans and specifications, let the contract, and begin the work as soon as possible so as to give ample time to have the building completed before the beginning of school in September.

The present board of education is a good one and it may be depended upon that they will get all they can for the money they have to expend on the construction of the new building. If the board carries out its present plans, the building will be a good one and as handy as any building can be. Although there may be better looking buildings, there will be none better.
