FROM OUR FILES: Owl Club

—A new organization will take part in the parade on Decoration Day called the Pine City "Owl Club." It is composed of a few of the young gentlemen of this place who have signs of recognition, grip and passwords; they also have an initiatory ceremony which is calculated to instill into the candidate the duty he owes to himself and his fellow man. The boys have bound themselves together for enjoyment and their mutual good, and will strive in every way to be a blessing to the community at large.

The Owl Club was a locally formed club of young men. We have a few clippings in our files.

—A meeting of the Owl Club is appointed for Monday evening Sept. 27 at Kowalke's hall at 8 o'clock p. m. All members of the club are requested to be present, as there is business of importance to transact.

Our clippings only cover a short period of time. We suspect the Owls were a short lived organization that disappeared as the men matured and took on other responsibilities.

ATTENTION OWLS!

All members of the Owl Club are requested to be present at Kowalke's hall Friday evening, June 17th, at 8:30 sharp, as business of importance is to be transacted.

W. J. GOTTRY, Secretary.
