OUR CONSTANT AIM IS TO MERIT THE CONFIDENCE OF THE PUBLIC AND
TO FURNISH SATISFACTORY SERVICE

PHONE 54

Northwestern Bell Telephone Company

GENERAL OFFICES: 122 South 6th St., Minneapolis, Minnesota
L. L. SUTTON District Commercial Manager, Minneapolis, Minnesota

Call "REPAIR DEPARTMENT" if your telephone is out of order.

Call "CHIEF OPERATOR" to inquire about a call in the process of completion.

Call "MANAGER'S OFFICE" for all business transactions such as applications for service, changes in service, directory listings, directory advertising, inquiries regarding bills or charges or to report unsatisfactory service of any kind.

HOW TO USE THE TELEPHONE

Always obtain the correct telephone number from the directory before you make a call.

If the person you wish to speak to is not listed in the directory, call "Information."

Speak slowly, clearly and directly in the telephone, with your lips about one inch from the mouth piece, so that you will not be misunderstood.

After you have given the number, listen carefully while the operator repeats it. If she repeats it correctly, say "Right;" if she repeats it incorrectly, say "No" and give the number again.

When you are through with a connection hang up the receiver and give one short turn with the crank.

When your telephone is not in use, always keep the receiver on the hook; otherwise your line will be out of order.

Answer your calls promptly. Failure to do so keeps the calling party waiting and may result in the loss of a message.

In answering a call, say for example, "Mr Jones speaking" or "Smith & Co., Jones speaking." This method of answering identifies you and saves time. It is desirable to answer calls in this manner both from business and residence telephones.

Because telephone numbers are subject to change, it is desirable merely to indicate on printed matter, signs, etc., that you have Bell telephone connection instead of using the number.

LONG DISTANCE SERVICE

To make a long distance call, ask the operator for "Long Distance." When "Long distance" answers give her your telephone number and details of the call, stating which of the following classes you wish to make:—

Station-to-Station Call (When you will talk to anyone at the telephone called.)

Person-to-Person Call (When you want to talk to a particular person.)

Appointment Call (When you want to talk to a certain person at a specified time.)

Messenger Call (When it is necessary to send a messenger to summon the particular person called.)

When "Long Distance" acknowledges the details of your call, hang up the receiver and await the completion of the call.

Long Distance rates are based on the distance, the class of the call and the length of the conversation. Where conversation extends beyond the specified period, extra charge will be made.

A Station-to-Station call requires much less of the operator's time and of the use of the toll wires than does a Person-to-Person call and for this reason, a considerable lower rate is charged. The Appointment Call rate is higher than the Person-to-Person rate because of the extra amount of work involved. The Messenger Call

rate is the same as the Appointment Call rate plus any charge for messenger service.

There are reduced Evening and Night rates on Station-to-Station calls, but not on Person-to-Person calls. The Evening rate applies from 8:30 p. m. to midnight and the Night rate from midnight to 4:30 a. m. The minimum Evening or Night rate is 25c.

A report charge is made on a Person-to-Person Call, an Appointment Call or a Messenger Call when it is impossible to reach the party called and the failure is due to no fault of the telephone company. This charge is made to cover a part of the expense of the operator's time and the use of the toll wires in our efforts to complete the call.

If desired, a messenger will be sent at your expense to summon to the telephone any person who cannot be reached by telephone.

Charges will be billed to the telephone called on "Person-to-Person," "Appointment" or "Messenger" calls (but not on Station-to-Station calls) if you request this when placing your call and the person called agrees to pay the charges.

To obtain the rate to any place, call "Long Distance."

If you wish to be advised of the charges on a message at the close of a conversation, notify "Long Distance" when you place your call.

RULES AND REGULATIONS GOVERNING SERVICE FURNISHED BY THE NORTHWESTERN BELL TELEPHONE COMPANY

The following are the Rules and Regulations governing Subscribers' telephone service furnished by The Northwestern Bell Telephone Company.

Use of Equipment by Subscriber

All telephone equipment furnished to subscribers shall be used only by the subscriber or members of his family, his guests or persons residing with him as members of his household, or by his agent or employees when engaged in his business; and shall not be used in any manner in competition with the business conducted by the Company. The equipment shall not be removed from the subscriber's premises except by an authorized employee of the Company, and shall be surrendered to the Company upon the termination of the subscriber's contract.

Connecting with Other Equipment and Appliances

The equipment furnished by the Telephone Company shall not be connected with any other equipment and no instrument or appliance shall be connected to it. Telephone instruments have been designed to produce the best results and are necessarily sensitive and intricate. The various devices which are offered for sale, and which are supposed to improve transmission, eliminate noise, destroy germs, or afford other improvements are not only unnecessary, but generally cause trouble. In order to protect its service the Telephone Company will remove all such appliances.

Right of Access to Premises

At all reasonable times the Company through its authorized employees, shall have the right of access to the premises of the subscriber to install, inspect or repair the lines or equipment, or to remove them upon termination of the subscriber's right of use.

Allowance for Failure of Service

The Company does not guarantee uninterrupted working of its lines or equipment. For any complete failure of service, however, of more than twenty-four (24) hours duration, of which the Company is promptly notified in writing, a pro rata abatement of the contract charge will be made.

Errors in Directories

The Telephone Company issues directories to assist it in furnishing prompt and convenient ser-

vice, and it does not guarantee to its subscribers correct listings therein. Every precaution is taken to prevent errors and omissions, but they will occur, and the Company assumes no liability for damages caused to a subscriber by such errors or omissions in its directories. Claims for damages on account of interruption to service due to errors or omissions in directory listings will be limited to a pro rata abatement of the charge for service in accordance with the portion of the subscriber's service affected; and in no event shall such damage exceed in amount one-half the regular rental of the subscriber for the period of time from the issuance of the directory in which such mistake occurred to the date when there is published a new directory containing the proper listing of the subscriber's name.

Change of Number

The Company reserves the right to change the subscriber's telephone number or designation at any time.

Charges for Moves

The subscriber will be required to pay the Company's customary charges for any change in the location of his telephone equipment made at his request.

Advance Payments

The Company may at any time demand payment for service in advance of the establishment thereof.

Outgoing and Incoming Service Privileges

The tariffs and rate schedules of the Company govern and fix the outgoing service of a subscriber and in no manner guarantee to him the same incoming service. All incoming service of a subscriber depends upon and is limited by the right of the calling subscriber to such service.

Default of Payment or Other Breach of Contract

All bills are due when rendered, and are payable at the Company's business office. Failure to receive a bill, however, will not exempt the subscriber from prompt payment as required by his contract. In the event of any default of payment or other breach of the terms of its service contract, the Company reserves the right to at once discontinue the subscriber's service or disconnect and remove its telephone equipment.

IDENTIFICATION OF EMPLOYEES

Employees who are authorized to install, examine, change or remove any of the Company's equipment at subscribers' premises are furnished with metal badges showing the Company's name and the employee's number. Subscribers are earnestly requested to refuse access to their premises to persons unable to furnish proper identification.

DATES OF DIRECTORIES

Directories are issued June 1st each year. The printer's forms close May 15th and all new names, listings, or corrections, or changes in order to appear in any new directory must be furnished the Company at least ten days previous to the dates when the printer's forms close.

OUR POLICY

The success of this Company depends upon our operating along lines that meet with the approval of the public.

We endeavor to furnish dependable telephone service at the lowest rates at which such service can be furnished and yet pay good wages to our employees and a reasonable return to our investors.

We want the public to know what we are doing at all times and why we are doing it, because only in that way can we expect to win and hold public confidence and good will.

You Are Always Welcome

Do you know what goes on in the "Central" office between the time you lift the telephone receiver and the person you call answers?

Our latch string is always out. We welcome the opportunity to show our patrons how their telephone calls are handled.

The knowledge you gain from a visit to the operating room should make the telephone more valuable to you. We know it will aid us in our efforts to furnish you dependable telephone service.

DELCO-LIGHT

Valve-in-the-Head Engine

The Delco-Light engine is the valve-in-the-head type—used in the best and most powerful airplane engines and in hundreds of thousands of automobiles.

It is air-cooled—runs on kerosene—has only one place to oil and has a simple mixing valve in place of a carburetor.

Why move to town when you can enjoy all city conveniences in your farm or country home? Delco-Light will furnish every comfort and convenience of the most modern and up-to-date city residence.

Write, call or phone and let us show you how we can save you money by installing Delco-Light on your farm.

We Carry a complete line of Farm Implements and Repairs, Deering and McCormick Harvesting Machines, I-H-C Tillage Tools, Famous 10-20 TITAN TRACTORS, James Way Barn Equipment, PERFECTION MILKER. Let us show you satisfied users.
