NORTHWESTERN BELL TELEPHONE COMPANY

GENERAL OFFICES, 420 3rd Ave. So., Minneapolis, Minn.

Glenn Allen, District Manager, Duluth, Minn.

Call "Repair Service" if your telephone is out of order.

Call "Chief Operator" to inquire about a call in the process of completion.

Call "Manager's Office" for all business transactions such as applications for service, changes in service, directory listings, directory advertising, inquiries regarding bills or charges, or to report unsatisfactory service of any kind.

HOW TO USE THE TELEPHONE

Obtain the correct telephone number from the directory.

If the person you wish to speak to is not listed in the directory, call "Information."

Speak slowly, clearly and directly into the telephone, with your lips about one inch from the mouthpiece, so that you will not be misunderstood.

When you are through with a connection

hang up the receiver and give one short turn with the crank.

When your telephone is not in use, always keep the receiver on the hook, otherwise your line will be out of order.

Answer your calls promptly. Failure to do so keeps the calling party waiting and may result in the loss of a message.

LONG DISTANCE SERVICE

To make a long distance call, ask the operator for "Long Distance." When "Long Distance" answers, give her your name and telephone number and the details of the call, including the number of the desired telephone, if you know it. "Long Distance" will acknowledge your call and if the distant town can be reached promptly you will be asked to hold the line. If not, you will be informed that you will be called by the operator. Then hang up the receiver.

Different rates apply for the different classes of long distance calls. Information regarding the various classes and how each class can be used to the best advantage follows:

A Station-to-Station Call should be made when you will talk to anyone answering the telephone called, or when you feel that the person with whom you wish to talk, can be promptly summoned to the telephone by the person answering. An example of the proper way to place a station-to-station call is, to say to the operator, "I want to talk to anyone at John Smith's telephone at Redmond, Iowa." (Give the telephone number, if known, or the street address.)

Rates are lowest on this class of calls.

Evening Rates apply on station-to-station calls from 7:00 to 8:00 P. M. during which time the charges are materially reduced from the day station-to-station rate. The minimum reduced rate is 35c.

Night Rates are in effect on station-to-station calls from 8:30 P. M. to 4:30 A. M. during which time the charges are materially reduced from the day station-to-station rate. The minimum reduced rate is 35c.

A Person-to-Person Call should be made when you wish to talk with a specified per-

son. An example of the proper way to place a person-to-person call is, to say to the operator, "I want to talk with John Smith at Redmond, Iowa." (Give telephone number if known, or the street address.) The rate for this class of service is somewhat higher than for station-to-station calls. It requires more operator's time and a greater use of the long distance lines and equipment to locate a specified person and summon him to the telephone.

Messenger Calls—When it is necessary to send a messenger to summon the person called to a telephone, it is a messenger call. The rate for this class of call is the same as for a person-to-person call plus the messenger charges.

Reversal of Charges—Charges may be reversed on all classes of long distance calls at any time without extra cost except station-to-station calls on which the rate is 20c or less.

Report Charge—A report charge is made on uncompleted person-to-person and messenger calls when failure to establish the connection is due to no fault of the telephone company. A report charge is also made on reversed station-to-station calls when the party answering at the called telephone refuses to accept the charge and as a result the call is not completed.

To Obtain Rates to any place, call "Long Distance." If you want to know the charges on a call at the close of your conversation, notify the long distance operator when you place the call.

Our Manager is anxious to give further information regarding our long distance service. Please feel free to call upon him.

Directories

No change in listings will be made or new listings inserted in the next issue of the directory, unless the necessary work of making the change or installation involved is completed before the directory form closes for the printers. Closing dates for each issue can be obtained from the manager's office.

Identification of Employees

Employees who are authorized to install, examine, change, or remove any of the Company's equipment at subscriber's premises are furnished with identification cards, which show the Company's name, the personal signature and description of the employee, and are countersigned by an official of the Company.

RULES AND REGULATIONS GOVERNING SERVICE FURNISHED BY THE NORTHWESTERN BELL TELEPHONE COMPANY

The following are the Rules and Regulations governing Subscribers' telephone service furnished by the Northwestern Bell Telephone Company.

Use of Equipment by Subscriber

All telephone equipment furnished to subscribers shall be used only by the subscriber or members of his family, his guests or persons residing with him as members of his household, or by his agent or employees when engaged in his business; and shall not be used in any manner in competition with the business conducted by the Company. The equipment shall not be removed from the subscriber's premises except by an authorized employee of the Company, and shall be surrendered to the Company upon the termination of the subscriber's contract.

Connecting With Other Equipment and Appliances

The equipment furnished by the Telephone Company shall not be connected with any other equipment and no instrument or appliance shall be connected to it. Telephone instruments have been designed to produce the best results and are necessarily sensitive and intricate. The various devices which are offered for sale and which are supposed to improve transmission, eliminate noise, destroy germs or afford other improvements, are not only unnecessary, but generally cause trouble. In order to protect its service the Telephone Company will remove all such appliances.

Right of Access to Premises

At all reasonable times the Company, through its authorized employees, shall have the right of access to the premises of the subscriber to install, inspect or repair the lines or equipment, or to remove them upon termination of the subscriber's right of use.

Allowance for Failure of Service

The Company does not guarantee uninterrupted working of its lines or equipment. For any complete failure of service, however, of more than twenty-four (24) hours' duration, of which the Company is promptly notified in writing, a pro rata abatement of the contract charge will be made.

Errors in Directories

The Telephone Company issues directories to assist it in furnishing prompt and convenient service, and it does not guarantee to its subscribers correct listings therein. Every precaution is taken to prevent errors and omissions but they will occur, and the Company assumes no liability for damages

caused to a subscriber by such errors or omissions in its directories. Claims for damages on account of interruption to service due to errors or omissions in directory listings, will be limited to a pro rata abatement of the charge for service in accordance with the portion of the subscriber's service affected, and in no event shall such damages exceed in amount one-half the regular rental of the subscriber for the period of time from the issuance of the directory in which such mistake occurred to the date when there is published a new directory containing the proper listing of the subscriber's name.

Ownership of Directories

Telephone directories furnished subscribers are and remain the property of the Telephone Company and shall be surrendered upon deliverance of each later issue. No binder, holder, or auxiliary cover, except such as may be supplied by the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company.

Change of Numbers

The Company reserves the right to change the subscriber's telephone number or designation at any time.

Charges for Moves

The subscriber will be required to pay the Company's customary charges for any change in the location of his telephone equipment made at his request.

Advance Payments

The Company may at any time demand payment for service in advance of the establishment thereof.

Outgoing and Incoming Service Privileges

The tariffs and rate schedules of the Company govern and fix the outgoing service of a subscriber and in no manner guarantee to him the same incoming service. All incoming service of a subscriber depends upon and is limited by the right of the calling subscriber to such service.

Default of Payment or Other Breach of Contract

All bills are due when rendered, and are payable at the Company's business office. Failure to receive a bill, will not exempt the subscriber from prompt payment as required by his contract. In the event of any default of payment, or other breach of the terms of its service contract, the Company reserves the right to at once discontinue the subscriber's service or disconnect and remove its telephone equipment.

OUR POLICY

The Most Telephone Service and the Best, at the least cost to the public, consistent with financial safety

PINE CITY EXCHANGE

JAS. H. WANDEL, Manager
