TYPICAL LONG DISTANCE RATES

The rates shown below are for three-minute conversations and do not include the Federal Excise Tax of 10%. Reduced rates are in effect every night starting at 6 P. M. and ending at 4:30 A. M. and at all hours of the day on Sundays and on the holidays of Christmas, New Year's Day and Thanksgiving.

Rates below were in effect at the time this directory was closed for printing and are subject to change from time to time.

... the cost is small wherever you call.

LONG DISTANCE TELEPHONE SERVICE

To Make a Long Distance Call Station-to-Station Calls

From a dial telephone, dial "Operator." From a manual telephone, ask the operator for "Long Distance." Give her the name of the town you are calling, the telephone number if known, or the name and address of the residence or firm being called. If you wish to talk to a specified person, also give the name of that person.

Call by Number

For faster long distance service, give the operator the telephone number of the person you are calling. To help you keep a record of frequently called out-of-town numbers, you may obtain a handy booklet by calling the business office.

If you do not know the numbers of out-of-town relatives, friends or business associates, we will be glad to provide them. Just send us a list of names and addresses and after adding the telephone numbers, the list will be returned to you.

A Station-to-Station call is one on which you ask to talk with anyone available at the telephone called and do not request a specific individual, a department or an extension telephone reached through a private switchboard.

Person-to-Person Calls

A Person-to-Person call is one on which you ask for a certain person, a department or extension telephone reached through a private switchboard.

Collect Calls

Collect Calls may be made either Person-to-Person or Station-to-Station. An additional charge of 15 cents is made for Station-to-Station Collect Calls within the state of Minnesota.

Long Distance Rates

For information about long distance rates, ask the operator.

Also, if you wish to know the cost of a call following a conversation, notify the operator at the time you place the call or at the time you accept a "collect" call.

International Telephone Service

Information on service and rates to overseas points may be obtained from the operator. Some typical week-day rates for a 3 minute call are: Argentina, Australia, Denmark, Italy, United Kingdom and USSR, \$12.00. To Costa Rica and Jamaica, \$9.00. To Bahamas, Puerto Rico and Bermuda, \$7.50. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

Conference Service

Long distance conference service permits connection to your telephone of persons in different cities or locations so that each can talk and hear the others. Tell the long distance operator you wish to place a conference call.

IMPORTANT NOTICE About Giving Up Party Lines In An Emergency

During 1955 the Minnesota Legislature passed a law requiring party line users to give up the line in the event they were requested to do so for an emergency call. The provisions of this law are as follows:

"Section 1. Subdivision 1. For purposes of this act the following terms have the meanings ascribed to them.

Subd. 2. "Party line" means a subscribers line telephone circuit, consisting of two or more main telephone stations connected therewith, each station with a distinctive ring or telephone number.

Subd. 3. "Emergency" means a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential.

Sec. 2. Any person who shall willfully refuse to immediately relinquish a party line when informed that such line is needed for an emergency call, actually existing as defined in subdivision 3 of section 1, to a fire department or police department or for medical aid or ambulance service, shall be guilty of a gross misdemeanor.

Sec. 3. Any person who shall secure the use of a party line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor."

HOW TO DIAL LOCAL CALLS

BE SURE YOU HAVE THE RIGHT NUMBER

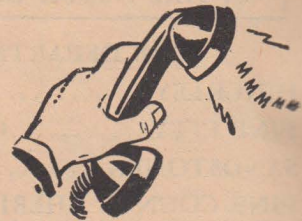

If you are not sure, consult the latest telephone directory. If the number is not listed, dial "Operator" for information.

LISTEN FOR THE DIAL TONE

The steady humming sound you hear when you remove the receiver is the signal that the dial equipment is ready to accept your call.

If you do not hear the tone within a few seconds hang up for a short time and try again.

3 OR 4 FIGURE TELEPHONE NUMBERS

All Hinckley and Sandstone telephone numbers have 3 or 4 figures.

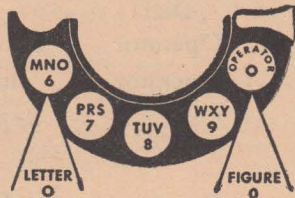

HOW TO DIAL

Pull the dial all the way around to the finger stop and let it return by itself. *Do not* force it back.

It will help to avoid wrong numbers if you have the number written down and in front of you so that dialing may be completed without interruption.

REMEMBER: THERE ARE TWO KINDS "O"'s

ERROR IN DIALING

If you make a mistake while dialing or if your finger slips from the dial before reaching the finger stop, hang up the receiver for a few seconds. Then remove it and, after hearing the dial tone, dial each figure of the number again.

HOW TO DIAL LOCAL CALLS (Cont.)

Service Signals

The "ringing" signal is an intermittent "burr-burr-burring" sound indicating that the telephone you have called is being rung.

The "busy" signal is a "buzz-buzz-buzz" sound at regular intervals indicating the line is busy.

When you dial a number and do not hear the "ringing" signal or the "busy" signal after a reasonable length of time, hang up, wait a few seconds and then try dialing the number again. If, after a second attempt, you do not hear a signal, dial "Operator" and report the condition to her.

Telephone Recording Signal

If you hear a high "beep" tone over your telephone about every 15 seconds, it means the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without a tone-warning device is contrary to the company's tariffs and not permitted. If you do not want your conversation recorded, ask the person with whom you are talking to disconnect the recorder.

Party Line Service

1. Listen to make sure the line is not in use before dialing your number.

2. If you hear successive clicks, it means someone else is dialing and you have interrupted a call. Please tell the other party so he will know he must dial again. Courtesy in using the party line means better service for everyone.

To Call Another Party on Your Line

Dial the special number (not the number listed in the directory) for that party. If you do not have the special number, dial "Operator" and she will assist you in completing the call.

After dialing the number in the usual manner, hang up your receiver, and the bell of your telephone and the bell of the called telephone will ring. When the person called has answered, your bell will stop ringing and you may remove the receiver and start your conversation. If your bell does not stop ringing after a reasonable period, it indicates that there is no one to answer at the called telephone. You then should remove your receiver for a few seconds and replace it. This will stop your bell from ringing and disconnect you from the called telephone.

PINE CITY LOCAL TELEPHONE SERVICE

Obtain Correct Number from Directory

Before making a call please look in the directory to be certain you have the correct telephone number. If the number you want is not listed, you may obtain it from "Information."

Please answer calls promptly. Failure to do so may result in the loss of a message. Giving your name or the name of the firm when answering identifies you and saves time.

Signalling the Operator

In order to signal the operator, move the receiver hook up and down slowly at the rate of about one flash a second. If this signalling is done too rapidly the operator will not receive the signal.

Calls from Rural Telephones

To call the operator, turn the handle briskly with the receiver on the hook. Then remove the

receiver and when the operator answers, give her your order. When through talking, hang up the receiver and give the crank a turn. This gives the operator the disconnect signal.

Calling Another Party on Your Line

To call another party on your line, give the operator the number you want and tell her you are calling the other party on your line. She will ask you to hang up while the other telephone is being rung. When you feel that the person you are calling has had sufficient time to reach the telephone, remove your receiver and inquire if the other party is at the telephone.

Party Line Service

If you have a party line, listen to make sure the line is not in use before you call a number. If you hear someone talking, please hang up and make the call a little later.

OUR POLICY

The policy of this organization, as a part of the Bell System, is to provide the best possible telephone service at the least cost to the public consistent with fair treatment of employees and the financial safety of the business.

NORTHWESTERN BELL TELEPHONE COMPANY

GENERAL TELEPHONE INFORMATION

Business Transactions with the Company

The Pine City business office serving customers in Hinckley and Pine City is open from 8:00 A.M. to noon and 1:00 P.M. to 5:00 P.M. Monday through Friday except holidays. The Sandstone business office serving customers in Sandstone is open from 8:00 A.M. to noon and 1:00 P.M. to 5:00 P.M. To request new or additional service, changes of address, termination or suspension of service, directory listings, extension telephones, telephones in color, private branch exchange service, adjustments or to discuss any other business transaction with the company just call the business office.

Bills for Service

Bills that cover local service charges for one month in advance from the date of the bill are due when received—long distance charges are for the month preceding date of bill. Payment of bills may be made by mail or in person at the business office serving your exchange or at the authorized payment agency listed on page 1.

Regulations and Rates

Regulations and tariffs governing the furnishing of services by the telephone company are on file in our business office. If you wish, a representative will be glad to assist you in obtaining information from them.

Telephone Attachments

All equipment needed to provide telephone service is owned and furnished by the telephone company. In the interest of safety and good service, no attachment to the telephone company's line or apparatus is permitted which may

- (1) . . . damage, require change in or alteration of, or involve direct electrical connection to the equipment or other facilities of the telephone company.
- (2) . . . interfere with the proper functioning of such equipment or facilities, or impair the operation of the telephone system.
- (3) . . . injure the public in its use of the telephone company's services or endanger the public or the company's employees.

Telegrams by Telephone

You may telephone telegrams, cablegrams and radiograms to the Western Union Telegraph Company and have the charges placed on your telephone bill.

Automatic Answering Set

Certain telephones are equipped with an automatic device, known as an Automatic Answering Set which answers the telephone mechanically when no person is available to answer and then makes a recorded announcement.

If your call is answered by an Automatic Answering Set, listen carefully for the announcement which will be self-explanatory.

Some of these sets will also receive and record a message from the caller.

Suspension of Service

When you are to be away from your residence

for a period exceeding one month, you may arrange to have your telephone service temporarily suspended at a reduced rate. If you wish, the operator will inform those calling where you can be reached. You may retain your telephone number and there is no charge for resumption of service upon your return.

Telephone Directory

Every reasonable precaution is taken to avoid errors in and omissions from the telephone directory, but the telephone company does not guarantee listings therein and shall not be liable for damages arising out of errors in or omissions from the directory except as provided in its filed regulations and tariffs.

Directories are the property of the telephone company and are to be returned to the telephone company on request. No binder, holder or auxiliary cover shall be attached to, or used in connection with, the directories owned by the telephone company, except such as may be provided by the telephone company, and such other binders, holders or auxiliary covers which contain no advertising, and do not impede reference to essential service information or otherwise interfere with service.

If your directory is no longer serviceable, please call the business office and we shall be glad to replace it. Directories for other cities can also be ordered through the business office at a nominal cost.

How to Make Emergency Calls

The quickest way for customers with dial telephones to report a fire or other emergency is to dial the number as shown under Emergency Calls for your exchange. However, you may dial the operator, and she will assist you. If the dial cannot be seen, place your finger in the first dial opening below the finger stop and pull dial around until your finger strikes the stop. Then release the dial and let it return to rest. An operator will answer. Explain the situation to her and she will help you.

Please Give Up Line in Emergency

When using a party-line and someone on the line asks to use it to make an emergency call, please release it immediately, just as you would wish others to do if you had urgent need to telephone. By cooperating in this manner, you will help to make it possible to summon aid promptly and you could be instrumental in saving life and property.

Telephone Motion Pictures and Programs

Entertaining and informative motion pictures and talks are available at no cost for audiences such as: School, Fraternal, Church, Business, PTA, Trade, Professional, Rural, Women's Clubs and Civic and Service groups. A descriptive catalog may be obtained by calling the business office.

Visitors Welcome

You are cordially invited to come in at any time during business hours to see how your telephone service is provided.

When you do not give "Long Dis-
tance" the out-of-town number of
the person you're calling, it takes
extra time to put your call through
because she must call "Informa-
tion" in the distant city to get the
number.

Phones you need

where you need them

For the teen-ager's room, a colorful telephone and a telephone line of her own... welcome peacemakers for the entire family.

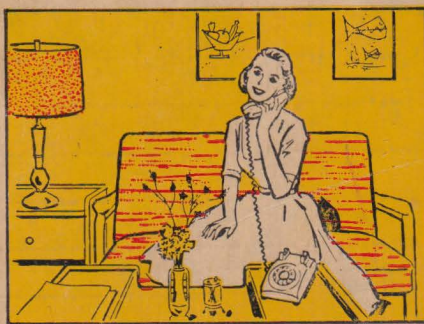

For your kitchen, an extension as colorful as it is convenient... as welcome as a coffee-break when friends come visiting by phone.

For your workshop, laundry or utility room, an extension phone that brings your calls to you... saves stair climbing.

For your bedroom, an extension phone in a new pastel shade... combining decorative charm with convenience and protection.

For your living room, a telephone in fashionable color... as handy as it is handsome and satisfying evidence of your good taste.

Gracious living through modern telephone service is within the reach of everyone. There are special telephones for special needs: Phones for the hard-of-hearing, Night Light telephones which "light up" so you can dial in the dark and push-button telephones for signaling and talking between rooms in your home. Separate telephone directory listings for anyone in your household also are available. Like to know more? Just call our Business Office. We'll be happy to help you with your ideas.
