bill payments

Bills may be paid by mail or in person
at your local public office

to call another party on your line

Dial the special number for the party
you are calling. (It may be found on the
card which lists the other parties on
your line.) If you do not have the special
number, call the Repair Service to obtain it.

After dialing the number in the usual
manner, hang up your receiver, and the
bell of your telephone and the bell of
the called telephone will ring. When the
person called has answered, your bell
will stop ringing and you may remove
the receiver and start your conversation.
If your bell does not stop ringing after
a reasonable period, it indicates that
there is no one to answer at the called
telephone. You then should remove your
receiver for a few seconds and replace
it. This will stop your bell from ringing
and disconnect you from the called tele-
phone.
