Station-to-Station Calls

A Station-to-Station call is one on which you are willing to talk with anyone available at the called telephone and do not request a specific individual, a department, or an extension telephone reached through a private switchboard. Charges begin when the called number answers. Station-to-Station calls cost less than Person-to-Person calls.

Person-to-Person Calls

A Person-to-Person call is one on which you

wish to talk with a certain person, department, or extension telephone of a private switchboard. Charges begin when the calling person receives a response from the called person, department or extension telephone.

Collect Calls

You may "reverse" charges, i. e., have them billed to the called telephone. Just tell the operator you want to place the call "collect." If the called person agrees to pay the cost, charges will be billed to his telephone.

International Telephone Service

Information on the availability of telephone service to overseas points and the rates applicable thereto may be obtained from the Long Distance Operator.

Some typical week-day rates for a three-minute call are: To Argentina, Australia,

Denmark, Italy, United Kingdom and the U.S.S.R., \$12.00; to Hawaii and Venezuela, \$9.00; to Bahamas, Puerto Rico and Bermuda, \$7.50. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

(Rates shown apply in Minnesota as of September 1, 1948)

(You may ask the operator for assistance in placing emergency calls)

CALLS TO THE TELEPHONE COMPANY

CALL

INFORMATION—For Numbers Not Listed in This Directory....."Information"
ASSISTANCE—Assistance in Calling....."Service Assistant"
LONG DISTANCE—To Make Out-of-Town Calls....."Long Distance"
REPAIR SERVICE—To Report Telephone Out of Order....."Repair Service"
BUSINESS OFFICE—For Business Transactions with Company...."Manager's Office"

LOCAL TELEPHONE SERVICE

Use of the Telephone—First, obtain the telephone number from the directory. If the number is not listed, call "Information."

Signalling the Operator—In order to signal the operator, move the receiver hook up and down slowly at the rate of about one flash a second. If this signalling is done too rapidly the operator will not receive the signal.

Party Line Service—If you have a party line, listen to make sure the line is not in use before you call a number. If you hear someone talking, please hang up and make the call a little later.

Calling Another Party on Your Line—To call another party on your line, give the operator the number you want and tell her you are calling the other party on your line. She will ask you to hang up while the other telephone is being rung. When you feel that the person you are calling has had sufficient time to reach the telephone, remove your receiver and inquire if the other party is at the telephone.

Telephone Recording Signal—A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his recording machine connected to the telephone line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he

disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

Service Difficulties—If you have difficulty in reaching a number, you may ask the operator for her service assistant and state your difficulty to her.

Regulations and Tariffs—Regulations and tariffs governing the furnishing of services by the telephone company are on file in the Business Office. A representative will gladly assist you in obtaining information from them.

LONG DISTANCE SERVICE

To Make a Long Distance Call—Ask for "Long Distance." Give the operator the name of the town you are calling, the telephone number, if known, or the name and address of the residence or firm being called, and your own telephone number. If you wish to talk to a specified person, also give the name of that person.

Reduced Night and Sunday Rates—Every night from 6 P. M. to 4:30 A. M. and all day every Sunday, there are reduced rates for both Station-to-Station and Person-to-Person calls. These rates are lower than corresponding weekday rates on calls for distances of about 50 miles or more.

For further long distance information see opposite page.

Equal Sharing is Best

Party-line service is most satisfactory when there is equal sharing of the line, and thoughtful cooperation of all users.

This includes being considerate of others in the length of conversations . . . allowing time between calls for others to use the line . . . answering calls promptly . . . and replacing the receiver carefully when the line is in use.
