Station-to-Station Calls

A Station-to-Station call is one on which you are willing to talk with anyone available at the called telephone and do not request a specific individual, a department, or an extension telephone reached through a private switchboard. Charges begin when the called number answers. Station-to-Station calls cost less than Person-to-Person calls.

Person-to-Person Calls

A Person-to-Person call is one on which you

wish to talk with a certain person, department, or extension telephone of a private switchboard. Charges begin when the calling person receives a response from the called person, department or extension telephone.

Collect Calls

You may "reverse" charges, i. e., have them billed to the called telephone. Just tell the operator you want to place the call "collect." If the called person agrees to pay the cost, charges will be billed to his telephone.

International Telephone Service

Information on the availability of telephone service to overseas points and the rates applicable thereto may be obtained from the Long Distance Operator.

Some typical week-day rates for a three-minute call are: To Argentina, Australia,

Denmark, Italy, United Kingdom and the U.S.S.R., \$12.00; to Hawaii and Jamaica, \$9.00; to Bahamas, Puerto Rico and Bermuda, \$7.50. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

IMPORTANT NOTICE

Giving Up Party Lines In An Emergency

During 1955 the Minnesota Legislature passed a law requiring party line users to give up the line in the event they were requested to do so for an emergency call. The provisions of this law are as follows:

"Section 1. Subdivision 1. For purposes of this act the following terms have the meanings ascribed to them.

Subd. 2. "Party line" means a subscribers line telephone circuit, consisting of two or more main telephone stations connected therewith, each station with a distinctive ring or telephone number.

Subd. 3. "Emergency" means a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential.

Sec. 2. Any person who shall wilfully refuse to immediately relinquish a party line when informed that such line is needed for an emergency call, actually existing as defined in subdivision 3 of section 1, to a fire department or police department or for medical aid or ambulance service, shall be guilty of a gross misdemeanor.

Sec. 3. Any person who shall secure the use of a party line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor."

GENERAL INFORMATION ABOUT TELEPHONE SERVICE

Business Transactions with the Company

—The telephone business office is open from 8:00 A.M. to 5:00 P.M., Monday through Friday. Closed all day Saturday. After business hours, and on Sundays and holidays, calls will be answered by a representative who will handle business requiring immediate attention and who will arrange for the handling of other business on the following business day. Requests for new telephone service, changes in or additions to existing service or equipment may be made by telephone, by mail or in person at the business office. Advance notice will help to have the work done by the date desired.

Bills for Service—Bills are issued monthly and are due upon presentation. They cover local service charges for one month in advance from the date of the bill and long distance charges for one month preceding the date of the bill. Payment for service may be made by mail or in person at the Business Office.

Suspension of Service—When you are to be away from your residence for an extended period, you may arrange to have your telephone service temporarily suspended at a reduced rate.

If you wish, the operator will inform those calling where you can be reached. You may retain your telephone number, and there will be no charge for resumption of service upon your return.

Telegrams by Telephone—You may telephone telegrams, cablegrams and radiograms to the Western Union Telegraph Company and have the charges placed on your telephone bill.

Telephone Directory—Every reasonable precaution is taken to avoid errors in and omissions from the telephone directory, but the telephone company does not guarantee listings therein and shall not be liable for damages arising out of errors in or omissions from the directory except as provided for in its filed regulations and tariffs.

Regulations and Rates—Regulations and tariffs governing the furnishing of services by the telephone company are on file in the Business Office. A representative will gladly assist you in obtaining information from them.

LOCAL TELEPHONE SERVICE

Obtain Correct Number from Directory

—Before making a call please look in the directory to be certain you have the correct telephone number. If the number you want is not listed, you may obtain it from "Information."

Please answer calls promptly. Failure to do so may result in the loss of a message. Giving your name or the name of the firm when answering identifies you and saves time.

Signalling the Operator—In order to signal the operator, move the receiver hook up and down slowly at the rate of about one flash a second. If this signalling is done too rapidly the operator will not receive the signal.

Calls from Rural Telephones—To call the operator, turn the crank briskly with the receiver on the hook. Then remove the receiver and when the operator answers, give

her your order. When through talking, hang up the receiver and give the crank a turn. This gives the operator the disconnect signal.

Party Line Service—If you have a party line, listen to make sure the line is not in use before you call a number. If you hear someone talking, please hang up and make the call a little later.

Calling Another Party on Your Line

To call another party on your line, give the operator the number you want and tell her you are calling the other party on your line. She will ask you to hang up while the other telephone is being rung. When you feel that the person you are calling has had sufficient time to reach the telephone, remove your receiver and inquire if the other party is at the telephone.

LOCAL TELEPHONE SERVICE—Cont'd.

Telephone Recording Signal—A short high "beep" tone heard over your telephone at 15-second intervals indicates your conversation is being recorded. The signal is provided by the Telephone Company for your protection. If you do not want your conversation recorded ask the person with whom you are talking to disconnect the recording machine.

Use of a recorder without a signal is unlawful.

Telephone Attachments—In the interest of good service, do not attach extra apparatus or advertising devices to telephone instruments. The Telephone Company reserves the right to remove apparatus or devices which it does not furnish.

LONG DISTANCE SERVICE

To Make a Long Distance Call—Ask for "Long Distance." Give the operator the name of the town you are calling, the telephone number if known, or the name and address of the residence or firm being called. If you wish to talk to a specified person, also give the name of that person.

Call by Number—Usually, giving "Long Distance" the number of the out-of-town person you want will result in completing the call twice as fast as when the operator must reach a distant operator to get the number. Giving the operator the number is important on both station-to-station and person-to-person calls. If you wish to talk to a certain person be sure to tell the operator.

Free Personal Directories—To assist you in keeping out-of-town numbers handy when you want to place long distance calls, we shall be glad to supply you with personal number books. Just call or write our business office if you would like a copy.

If you do not know the telephone numbers of out-of-town friends, your telephone business office will be glad to provide them. Just

send us a list of the names and addresses and it will be returned to you with the telephone numbers filled in.

Station-to-Station Calls—See explanation on inside front cover.

Person-to-Person Calls—See explanation on inside front cover.

Collect Calls—See explanation on inside front cover.

Reduced Night and Sunday Rates—Every night from 6 P. M. to 4:30 A. M. and all day on Sunday, there are reduced rates for both station-to-station and person-to-person calls. These rates are lower than corresponding week-day rates on calls from distances of about 50 miles or more.

Telephone Recording Signal—See explanation of this signal under "Local Telephone Service" above.

Let Operator Know Where You Can Be Reached—If your call is not completed on the first attempt and you expect to be at another telephone when the call is completed be sure to let "Long Distance" know where you can be reached.

International Telephone Service—See explanation on inside front cover.

OUR POLICY

The policy of this organization, as a part of the Bell System, is to provide the best possible telephone service at the least cost to the public consistent with fair treatment of employees and the financial safety of the business.

PINE CITY CIVIC INFORMATION

Pine City's current estimated population is 2,000.

HISTORY

Pine City's beginnings date back to about 1836, when the village of Chengwatana sprang up on the banks of the Snake River on the government road east of Cross Lake. The village started as a trading post to supply the Indians and to serve as a stagecoach stop between St. Paul and Superior.

Pine City became the first county seat of Pine County, and remained so until the St. Paul and Superior Railroad was built in 1870. Then the village was moved bodily to the west side of Cross Lake. It was incorporated in 1881 and its name was changed to Pine City, the English translation of Chengwatana.

ECONOMIC IMPORTANCE

Pine City is the center of a prosperous dairy-farming region. Industries of the community include a large co-operative creamery and a large Land O'Lakes drying plant. Deposits in the bank total almost \$4,000,000.

GOVERNMENT

Pine City has a municipal water system and sewage disposal plant. A municipal liquor store was built in 1953.

RELIGION

Seven churches meet the religious needs of various denominations.

EDUCATION

Pine City has an excellent public school system.

RECREATION

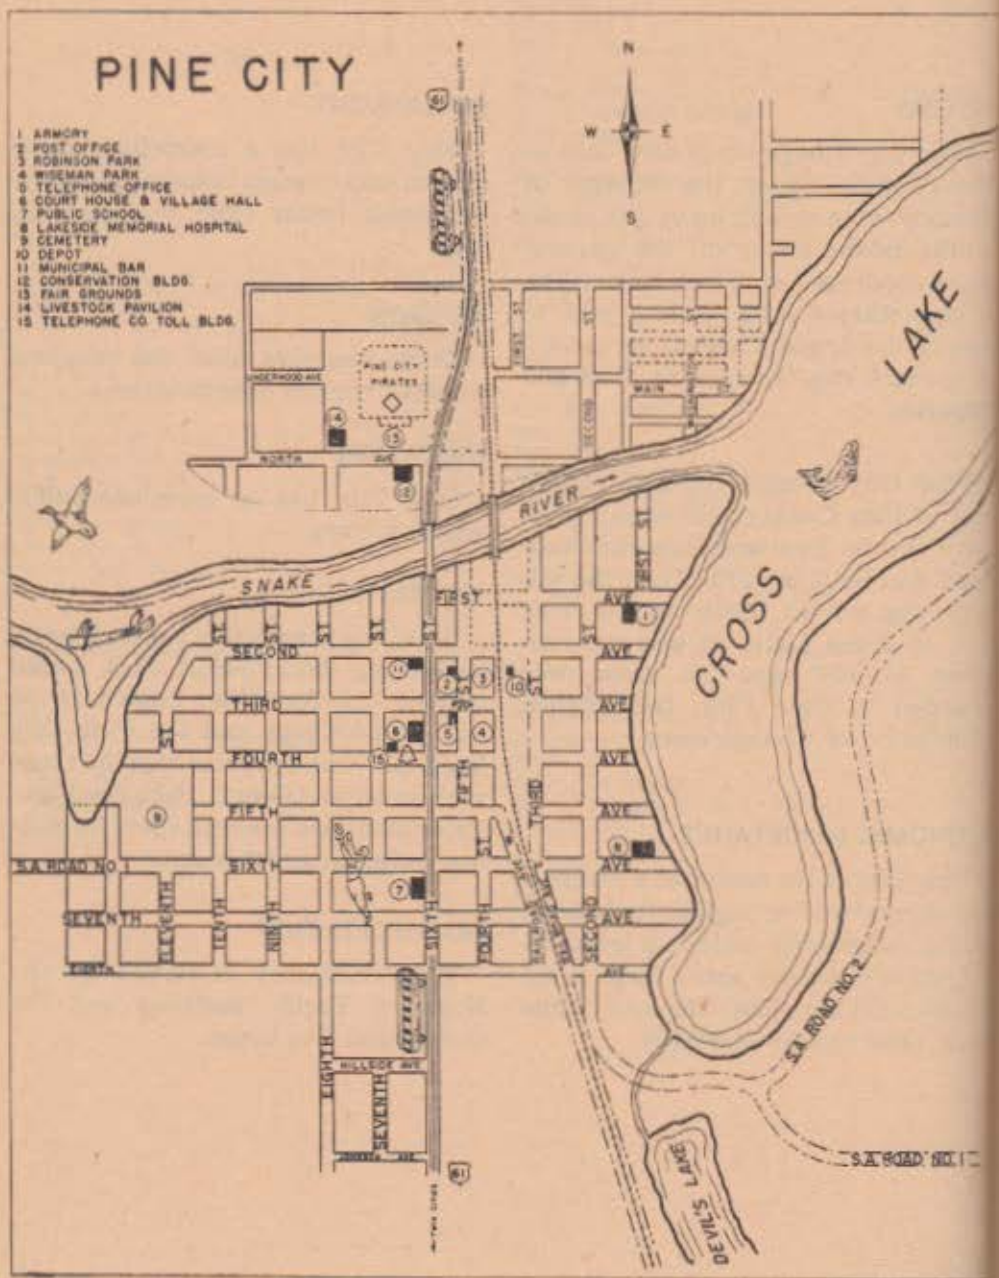

Pine City is an active baseball town, sponsoring both junior and senior teams. The American Legion Drum and Bugle Corps and the Pine City band provide opportunities to those with musical talents. Pokegama and Cross lakes are favorite spots for fishing, swimming and boating.

TRANSPORTATION

The community is served by the Northern Pacific Railroad and the Greyhound Bus Lines.

For faster, more accurate Long
Distance service, place your out-
of-town calls by number.

Emergency!

Sometimes an emergency
arises when you must
make a call — and the
other party is on the
line. Just explain the sit-
uation briefly and he'll
hang up . . . just as you
would in similar circum-
stances.

BIG IN VALUE

... LITTLE IN COST

There is no way to reckon
the full value of the tele-
phone.

It helps with the shop-
ping — runs downtown —
calls a doctor — provides
unlimited capacity for
friendship, success and
good times — enables
every business to do more
business, and do it better.

A fair price for tele-
phone service is one which
allows us a reasonable
profit — one which will
attract the millions of
investment dollars still
needed for improvement
and expansion.

It's the *Little Courtesies* that count

On party-line telephones, too, people remember the little courtesies you show them! It's courteous, for example, to hang up gently when you find the line in use, and give the other person a few minutes to finish the call before trying again.

And when you are talking on the telephone and realize that your party-line neighbor is waiting to make a call, it's courteous to hang up in a few minutes and free the line.

All this is so easy . . . and pays such big returns!

NORTHWESTERN BELL TELEPHONE COMPANY

You save time when you call by number

You'll save yourself time these busy days by keeping a list of the telephone numbers of out-of-town friends, relatives and business associates you may wish to call.

When you give the number to "Long Distance," she can put through your call without the lost time required to call "Information" at the distant place to get the number.

To make it easy for you to keep a list of out-of-town telephone numbers, we've prepared a handy personal directory. To get your copy — free — just call, write or stop in at your nearest telephone office. There's no charge, of course. We'll supply the numbers for you, too, if you give us the names of people you frequently call.

NORTHWESTERN BELL TELEPHONE COMPANY

OUR POLICY

The policy of this organization, as a part of the Bell System, is to provide the best possible telephone service at the least cost to the public consistent with fair treatment of employees and the financial safety of the business.

Operating under this policy, the Company has a three-fold obligation as follows:

Our obligation to the public is to provide pleasing and constantly improved and broadened service, which is as free as possible from errors, imperfections and delays and to furnish such service at the lowest practicable charges.

Our obligation to employees is to pay wages that are in all respects fair and just; to provide safe and agreeable working conditions, and to deal fairly and considerately with each individual and group.

Our obligation to investors is to provide every reasonable safeguard for the money thousands of men and women have invested in the business and to operate the property so that it will yield a fair return.
