THE DAM WATER QUESTION

A movement has been started to put up to the Board of County Commissioners the question of raising the head of water at the Chegwatana dam sufficient to cause a raise in Pokegama lake of three feet above the present level. We do not believe that the movement will get any farther than to raise a little hell here at home.

We heard of this movement last week but made no reference to it because we hoped that it might be thought better of and be allowed to die a-borning. Had we made any editorial reference to it at that time, we should have said:

The movement now on to bring about a raise in the head of water at the Chegwatana dam sufficient to cause a raise of three feet in the water level of Pokegama lake, through the medium of the county commissioners, seems to us immature and ill advised, to say the least. It will get nowhere and will cause nothing but trouble.

This matter has been fought out and decided in the courts, the state supreme court holding that the height of the water should be reduced to its natural level and Judge Dancer, sitting on the district bench here, holding that the railway of the new dam is at such natural level. The only way that this question could be reopened would be through the law making power (the legislature) or the law interpreting power (the courts) of the state.

The matter would be a serious one if the proposals contained were possible, but they are not and it is really a lamentable, ill-conceived damphool joke. A raise of three feet on Pokegama would mean at least four feet on Cross lake and a recognized flood stage in the river is 5 1/2 feet, making a possible stage of 9 1/2 feet above the present level at the dam. Such a condition would flood every meadow, many fields and some homes in the river district, all the way from here to Mora on the west and Mission Creek on the north; it would wipe out every semblance, in great stretches, of the new road from Pine City to the mouth of Pokegama lake, would flow over the new concrete bridge on the Federal road and the steel bridges at Pokegama and Chegwatana, and would flood many basements in the village and lake sections besides possibly putting the village sewer system out of commission. Even on the proposed raise, without any flood, would accomplish much of that damage, and nobody would stand for those things.

We do not believe that a single man could be found in the village who would seriously, thoughtfully advocate any such thing. Many all along the river and lakes, would like to see better boating conditions between Cross and Pokegama lakes but this could doubtless be secured by dredging a channel in certain spots in the river and into Pokegama. In any event, the rights of men who would like to see this accomplished are not transcendent to the rights of those living or owning lands in the river district who would be adversely affected.

If the residents of the Pokegama lake district want to raise the level in that body of water, it is their business and everyone will be glad to see them succeed if it can be done without injuring others. A dam across the mouth of the lake would doubtless accomplish the desired raise and the only matter remaining would be the rights of land owners up Pokegama creek. The law would not allow putting in a dam to flood any lands without the consent of the owners unless some substantial public benefit were derived, and then only with exact reparation to the injured parties. No individual has rights that transcend those of others.

The basis of Pine City's prosperity is its farms and fields and we know that Pine City business interests realize this, with some minor exceptions, and will sturdily refuse to take steps which will injure the farming interests for such a mess of pottage as is proposed.

In the present period of unrest it is highly dangerous and reprehensible to do anything to open an old sore like this, effecting the well being and happiness of thousands of people and is deserving of the severest criticism.

MORE FARMERS' CLUBS NEEDED

Plans are under way for a convention of the Farmers' Clubs of this vicinity to be held at Pine City soon. There are four of these clubs in the end of the county--one at Rock Creek, one of Pokegama lake, one at Beroun and one in Chegwatana town. There should be twice as many at least and every club should enroll most of the farmers of its locality. A convention of these clubs will help to increase their number and enlarge their membership.

The value of these clubs seems to us beyond question is properly handled. They may be made the responsibility centers for the dissemination of information and organization as well as personal pleasure and general development, though it is true that

they may be made gathering places for gossip and fault finding only. The clubs of this region have shown their disposition and purpose for the former and have accomplished much. Whether more remains nobody knows better than they. Neither does anybody know better than the man who is already a member of a successful Farmers' Club how much these organizations may accomplish where they do not already exist.

The Piker believes that it knows positively something of the value that may be accomplished by the proposed getting together of club members at Pine City and we hope that every club in the vicinity will attend en masse. The meeting, too, will furnish opportunity for an individual Farmers' club and the development of Association recently organized here, and bring about a closer understanding and better working conditions, if these are possible.

Presbyterian Church Notes

The jolly, social evening given by the ladies' aid at the Bible house, Monday evening, was largely attended, the 25-cent admission netting \$27.00 for the society treasury, and everyone having a delightful time. A short program with songs by Miss Hattie Wandel and R. E. Carlson, readings by Mesdames Duxbury and Mitchell and a symposium production by the hair-curling quartet was much enjoyed but the piece de resistance was the discussion as to whether the dish rag or the broom is of more importance in the home, between Miss Goodwin and J. Y. Breckenridge. Miss Goodwin piled up a tremendous mass of circumstantial evidence in favor of the dish rag but Mr. Breckenridge cited the decisions contained in the bible and the dictionary, in both of which the broom is recognized as a valuable and essential article of household use while the dish rag is not referred to. This squarely divided the judges, the two male members of the bench voting in favor of Miss Goodwin upon her showing while the ladies were inclined to recognize the superior weight of the Breckenridge positions, consequently it was impossible to render a majority opinion. Lunch was served. Most folks went over in the Wiley and Kelly sleigh but some walked and made use of the long path shovelled through the drifts from the bridge by Z. M. Edwards. The ladies are thinking of a musical evening at some home, sometime in the future.

The new song books for the Sunday school have been ordered but are not fully paid for. If you have not had any part in this enterprise acquire of the Superintendent or the pastor what you can do to help. The price of a book or two would not be much but means that we can have a more adequate supply. "Come to Sunday school" is our new slogan, 9:45 a. m. is the hour.

The pastor will exchange pulpits next Sunday with Rev. C. S. Newson, of Hockley, who will preach two mornings and an evening. Don't forget that a large offering for benevolences, Home and Foreign Missions, etc., is expected on next Sunday. Come prepared.

Rev. Clark was at Rush City Tuesday evening, to attend the "Fathers and Sons" banquet in the church here, given by the men's order of their church. There were about 75 present. He says it was a fine evening and a great success.

The ladies aid is being entertained by the Dixie division at the home of Mrs. Paul Perkins this afternoon. The C. E. meets at 6:45 p. m. Sunday. Come and invite your friends.

Catholic Church Notes

Work on the patriotic comedy drama, "Mrs. Tabbs does her bit," which is to be given in the parish hall on Thursday, March 20, is progressing satisfactorily. Do your "bit" by helping to advertise it among your friends. The cast is as follows:

- Mrs. Mollie Tabbs, a patriotic mother, Miss Mary Korbel.
- Aunt Serepy McDougal, a wealthy old lady, Mrs. D. W. Hochen.
- Miss Clingie Vine, a romantic old maid, Mrs. Theo. Buselmeyer.
- Mrs. Ellen Hickey, a kind neighbor, Miss Rose Tacheny.
- Elsie West, a red cross nurse, Miss James Fitzgerald.
- Dorothy Fitzgerald, one of Uncle Sam's boys, George Daley.
- Simon Rubbels, the grocery man, D. W. Rochon.
- Major John Pepper, commander of the camp, Dr. J. J. Skelley.
- Gabon Redd, private of the first class, Theodore Fitzgerald.
- Private Tim Graham, one of the boys, Ralph Weinberger.
- Queenie Sheta Tabbs, aged eleven, Catherine Pifer.
- Catharine Pifer, aged ten, James Pifer.
- Billy Blossom Tabbs, "a little feller," Dan Rochon.
- Punky, the Tabbs toddler, Anna Rochon.

The time depicted in the play is 1917 in Shantytown, the slum district of a large city near a military camp and will take about 2 1/2 hours to play.

During Lent, "Way of the Cross" services will be held at Pine City at 7:30 every Friday evening and at Beroun immediately following and on Monday mornings when this is held at 10 o'clock. It is held at 10 o'clock on Monday before mass when mass is at 11 a. m. Father Myers of Beroun Lake spent last Thursday with Father Leo

W. A. SAUSER

PINE CITY, MINN.

My reputation for fair dealing and reliable goods, coupled with the De Laval record of service and durability, has made the De Laval Cream Separator the leader in this community.

- COST--That's what you put into a cream separator.
- VALUE--That's what you take out of your cream separator.
- Value in a cream separator depends upon the amount and the quality of service you get out of it.

Because it lasts fifteen to twenty years the De Laval is the most economical cream separator to buy. If you consider its cleaner skimming, easier running, greater capacity and less cost for repairs, the price of the "cheapest" machine on the market is exorbitant in comparison.

With present high butter-fat prices and the scarcity of labor this is truer than ever.

We'll sell you a De Laval on such easy terms that it will pay for itself out of its own savings. We want to see you the next time you're in town.

SOONER OR LATER YOU WILL BUY A

DE LAVAL

and the latter's brother, Frank Laskowski of Duluth, was here for Friday on his way home from a business trip to St. Paul.

Services at Pine City next Sunday at 10 a. m. but no services at Beroun on that day.

Lutheran Church Notes

Pastor Leubker went to St. Paul, Monday morning, to attend the Lutheran laymen's convention, returning home yesterday.

On Sunday next services will be held in German at 10 a. m. and in English at 7:30 p. m.

Methodist Church Notes

Morning service at 11 o'clock, evening service at 7:30, Sunday school at 9:45 a. m.

Next Sunday morning Rev. Young will preach the first of a series of sermons on "The Fundamentals of Faith." In this series of sermons the pastor will discuss what we believe and why we believe it. In this time of world turmoil and unrest christian people ought to exemplify a strong adherence to the great doctrines of the church, which are founded upon the Holy Word of God. Students today find no conflict between science and theology, but the advance of science testifies to the truth of the Bible. Let us be sure of what we believe and know why we believe. There will be a question box in the church which if you are invited to make use of.

Sunday evening we will have the second of the series of illustrated sermons on the Bible. The title of this sermon is "The Pathfinders." The discourse will be illuminated with finely colored stereopticon views, the slides are arranged into three divisions, entitled, "The Man of Faith," "The Man of Growth," "The Man of Loyalty," covering a period of Bible history from the call of Abraham to Jacobs going into Egypt.

Please remember the special music which forms an important part of our service and is highly appreciated. Our mid-week service is held at the parsonage, Thursday evenings at 7:30. We are now studying the Bible prophecies, and considering their relation to the present age. We are glad to note an increase in attendance and invite you to enjoy all the services of the church. A warm church and a warm welcome meet with Mrs. Charles Jeschel, Wednesday afternoon.

Rev. Young will preach at Rock Creek, Sunday afternoon at 2:30. The ladies' aid will be entertained at the home of Mrs. James Garbner, next Wednesday afternoon, when a cover lunch was served.

Who Benefits By High Prices?

You feel that retail meat prices are too high.

Your retailer says he has to pay higher prices to the packers.

Swift & Company prove that out of every dollar the retailer pays to the packers for meat, 2 cents is for packers' profit, 13 cents is for operating expenses, and 85 cents goes to the stock raiser; and that the prices of live stock and meat move up and down together.

The live-stock raiser points to rising costs of raising live stock.

Labor reminds us that higher wages must go hand in hand with the new cost of living.

No one, apparently, is responsible. No one, apparently, is benefited by higher prices and higher income.

We are all living on a high-priced scale. One trouble is, that the number of dollars has multiplied faster than the quantity of goods, so that each dollar buys less than formerly.

Swift & Company, U. S. A.

Private Blaine Rowe who has been visiting at home since his return from service overseas left for Minneapolis last Thursday to resume his pre-war position with Holman & Gerdes--Rush City Post.

Some 8 or 10 men from this region are in Fred Spang's track laying crew at North Branch, Minn. Fred is starting the work of laying rails to White Bear and will be engaged all summer.

To Whom It May Concern
W. F. Richards drilled a 8-inch water well on my farm. I consider same to be a complete well--one I am proud of. I have worked at the well drilling business myself, and after watching Mr. Richards drill at same I consider it underestimates the hours from start to finish. I am sure those in need of this kind of work will do well to figure with him--Martin Balmann (3 miles southwest). 20-2

Combat the Spanish Influenza with Breckenridge's cold tablets and antiseptic mouth washes.

Mrs. N. E. Hillman returned, Monday, from a couple of weeks' visit with her parents at St. Paul.

Otto Becher returned, last Saturday, from a month's visit at the home of his daughter at Virginia.

Eyes tested, glasses fitted, Prochaska's optical parlor. E. E. Prochaska, graduate registered optometrist.

A caucus is to be held in the village hall, Saturday, to nominate candidates for the village election next Tuesday.

Chas. Stevens moved into the Otto Hanson house near Cross lake, recently vacated by the Jas. Stacks, yesterday.

A dance is to be given in the I. O. G. T. hall at West Rock on Saturday evening of this week to which all are invited.

Mrs. Eddy came over from Brookpark yesterday to attend her mother who has been confined to her bed since last Saturday.

E. C. Dudley has purchased the interest of his brother Ostar in the firm business here and will continue it in his own name.

Success incubator, 120 eggs, for sale. Has been used for only three batches of chick and is good as new.—Mrs. J. M. Collins.

Chas. Shoberg arrived home, Sunday, from training and expects to leave, next week, for Duluth where he will be employed.

Wanted—Girls over 18 years of age to do general housework, good wages. Address Superintendent, Folskanga Sanitarium, St. Paul.

Toilet specialties at Prochaska's: Boquet Ramese, Violet Dulce, Jontel, Djerkis, Melba and Love Me. Ask us about your favorite.

Miss Hazel White arrived from her home at Houghton, Mich., yesterday, to visit with her cousin, Mrs. Bryant Tilden for some time.

Prochaska's pharmacy, headquarters for box candy, Brazil nuts, Radisson chocolates, black stone chocolates, chocolate covered cherries.

Mr. and Mrs. Ayers entertained more than a score of friends at their home, last Friday evening, when games were played and lunch served.

"Dick" Dickinson went to Cromwell, near Carlton, Monday, to take a position in the depot after spending a couple of weeks with his mother at Minneapolis.

I wish to notify all having or contemplating any dealings with A. G. Yost that I will take no action for him prior to his return from the war zone in Europe.—Mrs. Lena Yost.

Mrs. Geo. Sherwood was at Minneapolis, last Saturday, returning with her daughter, Mrs. Anna Grothe, who recently underwent an operation in the University hospital.

Wm. Saumer left, Tuesday, to return to his home near Siskatoneo, Can. after a couple of years' visit here, part of which was spent in service in the marines during the war.

Fred Jordan has rented the Cole house and went to Stillwater, Tuesday, to make arrangements to have some of his furniture shipped up at once, intending to bring the balance by truck later.

Jack Webber left today, after spending the winter at home, for Edgeley, N. D., where he will resume his duties on one of the big farms of that region. He does not expect to be home before the late fall.

Mesdames Adolph Olander of Aberdeen, S. D., and C. Lindahl of Minneapolis were visitors at the Carl Holmberg home, Tuesday and Wednesday, the former being a sister and the latter a cousin of Mr. Holmberg.

Wanted—Agent for Pine City and vicinity. Good proposition. Previous experience unnecessary. Free School of Instruction. Address Massachusetts Bonding and Insurance Company, Accident and Health Department, Saginaw, Michigan. Capital \$1,500,000.

Joe Hurley, who has been quite sick at his home on the Range since having the flu, last fall, is reported much better, his many friends here are glad to know. Mrs. Hurley and some of the children are expected here Saturday of this week for a visit with relatives and friends.

Miss Clara Korbel, who went to the University hospital at Minneapolis two weeks ago last Sunday, has had an operation for appendicitis, has suffered from jaundice ever since and has not been operated on as yet though her mother went to the city last night and the operation is expected this morning.

Mrs. Rathgeber returned to her home at Grand, Ill., yesterday, after a week's visit at the home of her parents, here. Mr. and Mrs. Cole returned with her, shipping their furniture and expecting to make their home at that place, the

house here being rented. Their many friends are sure to see Mr. and Mrs. Cole leave but all are pleased to know that Mrs. Cole has recovered sufficiently from her recent illness to make the rest and wash them both the best of happiness in their new home.

Mr. and Mrs. Geo. Graham and daughter of Edmore, N. D., came Sunday night for a few days' visit at the J. M. Collins home. Mrs. Graham, nee Miss Morris Collins, lived with her adopted parents, Mr. and Mrs. Collins, here, some seventeen years ago and old friends are glad to see her.

In his new Paramount photoplay, "The Glass of the Hunt," Charles Huttel tells Hun spies who plot to steal the secret of a high explosive which has been placed in his father's custody by the United States Government. The scenes of the photoplay which will be shown at the Family theatre Sunday are extremely dramatic.

Geo. W. Staacke expects to move his jewelry store about March 15, from Prochaska's pharmacy, where he has been located the past two years, to the Borchers building between the shoe store and the Sauser hardware store, which has long been occupied as a restaurant. The building will be entirely renovated and rearranged inside and will give Mr. Staacke a first class store.

Mesdames Rybak and Murray went to St. Paul, last Friday, when they met Ensign Murray who had just arrived from New York. Mrs. Rybak returned home Monday, the Murrays coming yesterday for a week's visit with her parents, after which they expect to visit his folks at Staples for a short time before they leave for New York where he is stationed.

Mrs. Amelia Jones, living 8 miles east of town, received word, Tuesday, of the death of her son Elmer from pneumonia at Baltimore, Md., where he was in the army service. The body has been shipped to this place for interment but it is not known when it will reach here. The young man, who was 29 years of age, entered the service last August and was placed in the limited service class, being engaged in automobile crating work at the time of his death. Besides his mother, deceased leaves four sisters and three brothers, and to these the sympathy of the entire community is extended.

The Pine City Hardware Co. is re-room and the stove room and re-locate the partition between the main room and the stove room and replacing it with iron posts, giving them a floor space in the sales room nearly 50x90 feet—the most commodious and best arranged hardware store room in this part of the state. They expect to have another store completed in about another week, though the task is a big one and might take longer. This is another proof of the progressiveness of the Hardware Company and is a credit to our town, giving it three of the largest and best store rooms between the Twin Cities and Duluth—the Challen Co., the Mercantile Co. and the Hardware Co.—and we do not know of a town in this entire region that can boast an equal combination.

The annual meeting of the firemen, held in the fire hall Tuesday evening, was fairly well attended and resulted in the election of J. M. Collins as chief, Henry Buirge secretary, R. J. Hawley treasurer, Peter Holm captain and Thos. Ling lieutenant for the coming year. The firemen's relief association also elected J. M. Collins president, Henry Buirge secretary, R. J. Hawley treasurer and John Biederman member of the board of control for 3 years. The association has \$2,267 in its treasury, mostly invested in about equal portions in Liberty bonds and village warrants, and a resolution was passed, Tuesday evening, to put the balance into war saving stamps.

The fire equipment list, we are assured, in first class shape with about 1800 feet of hose on hand. The average fire requires the use of only about 300 feet of hose and the balance is preserved for emergencies. Without the water works in the village, this extra hose would be in use and the loss from wear and tear would run into the several hundreds of dollars yearly, to say nothing of the additional loss from fires.

Eddie, the 12-year-old son of Mr. and Mrs. Henry Mohr, living west of town, just missed a bad accident, last Friday forenoon while attempting to cross the railway south of the depot as the passenger was pulling in from the south. Owing to the storm raging at the time he did not notice the approaching train and the train trotted right up to the track just as the engine reached them. They were so close, in fact, that had the horses not thrown their heads up and wheeled slightly they would have been hit by parts of the engine—another second and they would have been squarely across the track. Eddie behaved like a veteran in handling his team, however, and no accident of any kind resulted. Every year there is at least one "close call" on one of the depot crossings, and every year they become more dangerous with increased traffic. Some sort of protection should be provided by the railway—gates, watchmen, automatic bells or some of the other safety devices. With the railways the whole attention seems to be whether it is cheaper to kill a man occasionally than to provide the safeguards, but the public wants "safety first."
