PHILIP SCHEIDEMANN ASSERTS THAT PEACE TERMS ARE NOT ACCEPTABLE

COUNTRY AN ENORMOUS JAIL

National Assembly Is Told That Sixty Million People Will Be Consigned to Labor for the Victors in European War.

Berlin, May 14.—Philip Scheidemann the German chancellor has followed the lead taken by President Ebert in a statement to the National Assembly, couched in language which makes it plain that the peace terms are not acceptable to Germany.

Cheering from all the factions in the chamber, excepting from the benches of the Independent Socialists, approved the statement. The speaker declared that the peace terms are not acceptable to Germany.

It is reported that Scheidemann has been informed by the leaders of the two democratic parties and of the various factions of the center that these parties will withdraw their representatives from the government if the peace treaty is signed.

Meaning the German plenipotentiaries at Versailles are continuing their work of amending the terms of the treaty and formulating such proposals as they desire to make.

Hungarians Are Encouraged. Vienna, May 14.—Reports from Budapest say that the confidence in the Hungarian government appears to have grown stronger in the last few days.

The halt of the Romanian advance has encouraged the Communists who believe the Roumanians understood more than they were able to accomplish if their intention was to reach Budapest. Official announcements have been made that the Allied troops moving west have halted their advance by the Peace Conference.

"BUY U. S." GAIN IS COUNTRY'S SLOGAN Secretary Glass Points Desirability as Investment—May Be Permanent Interest.

Washington, May 14.—With the Victory Loan the last great public subscription issue of government securities closed, the importance of the War Savings Stamp as a continued feature of government finance was emphasized by Secretary Glass in a statement urging cooperation of bankers and merchants in placing the stamps of investment before the American people.

ANTE TRUMBITCH

Ante Trumbitch, Serbian delegate in the peace conference, is foreign minister of the new Serbo-Croat-Slovene Kingdom. He is a native of Dalmatia but escaped from Austria at the beginning of the war and formed the Southern Slav Committee.

Paris, May 14.—A wireless message received here by Dr. Fritz Graf Nansen head of the commission for the Russian relief, announces that the Bolsheviks refuse to accept peace terms as a condition of prevailing Russian by neutrals.

Trumbitch thanks Nansen for his interest in the conditions in his country and announces that continuation of hostilities is necessary for political reasons and says it would be most painful to stop them.

The Soviet government, he declared, is willing to support a movement to feed Russia as long as it has no political character, but will not support one if it is impossible to give up the idea of attacking on all sides.

Feeding No Balkan States. Paris, May 14.—The feeding of the Balkan population is an object of the Russian question, it is declared in a memorandum sent to the Peace Conference committee on the Balkans.

Alabama Congressman Dies at His Home in Gadsden. Was One of Leading Members of the House and Chairman of Immigration Committee.

Gadsden, Ala., May 14.—Rep. John L. Burnett of the Seventh Alabama district, for several years one of the leading members of the house and Chairman of the committee on immigration in the last house, died suddenly at his home here.

Mr. Burnett was one of the older members of the house, having been elected to the fifty-sixth congress and re-elected to each succeeding congress.

Mr. Burnett introduced bills for deportation of dangerous aliens and for the stopping of immigration four years after the declaration of peace.

PROMPT MILITARY OPERATIONS NECESSARY IF GERMAN REJECTS PEACE TERMS.

INDULGING IN LOUD TALK

President Ebert and Chancellor Philip Scheidemann Make Statements Denouncing Conditions—Italian Proclamation Demands Peace.

Berlin, May 14.—The Berlin correspondence of the National Zeitung reports that Chancellor Philip Scheidemann had informed Jugo-Slavian representatives that the peace terms are not acceptable to Germany.

Paris, May 14.—Advices indicate bright prospects for a solution of the Italian problem, which is a pressing one since the peace conference is on the eve of receiving the Austrian delegates.

The Austrian delegation is in the way. Some members being due to reach Paris within a few hours, with the chief plenipotentiaries arriving but little later.

Although it is not believed probable the Germans will refuse to sign the treaty, the Entente forces are prepared to advance into Germany if the enemy should reject the terms. It is said that the Entente forces are prepared to advance into Germany if the enemy should reject the terms.

Teuton Opposition Continues. The news of the German refusal to sign the treaty is causing a great deal of talk in the United States.

Experts of the Council of Four are examining the notes sent by Count von Brockdorff-Rantzau to the German plenipotentiaries at the peace conference.

Belief that Germany will sign the treaty after she has exhausted every resource is being maintained by the Allies, the implication being that she will be victorious.

The Manufacturing Facilities of The Standard Oil Company (Indiana)

UNDERLYING the manufacturing activities of the Standard Oil Company (Indiana), are the same high ideals of service; the same thoughtful consideration of detail; the same earnest desire to do a big job thoroughly and well, which animates the Company in every other branch of its business.

Every facility which wide experience, ample resources, and the utmost skill of scientifically trained technicians can devise, or suggest, is provided to insure absolute uniformity and the highest standard of quality in each of the many products manufactured by the Standard Oil Company (Indiana).

The manufacturing facilities of the Company are concentrated in three great refineries, one located at Whiting, Ind., covering 700 acres; one at Wood River, Ill., covering 600 acres; and one at Sugar Creek, Mo., covering 200 acres of ground.

The Whiting works is conceded to be the most complete, the most perfectly organized oil refinery in the world. Here practically every product of petroleum is manufactured, and here are located the great research laboratories where the problems of manufacture are worked out and solved.

The plants at Wood River and Sugar Creek are modern in every particular and so organized as to use every part of the crude oil. This enables the Company to keep manufacturing costs at a minimum and to supply its patrons with products of the highest standard at prices which otherwise would be impossible.

The 7,000 earnest, industrious, well-paid men and women who make up the personnel of these three refineries, constitute, we believe, the most loyal, the most enthusiastic, most efficient, industrial army to be found anywhere.

The facilities alone for manufacture maintained by the Standard Oil Company (Indiana) represent an investment of approximately \$60,000,000. This investment is growing constantly to enable the Company to maintain the high standard of service it has set for itself and which it believes the public is entitled to receive.

"You'll Hardly Know Me When We Meet—I'm Getting Well," He Writes

One of the latest additions to the list of leaders of thought and action who have come forward with their unqualified endorsement of Tanlac is the name of Hon. Frank V. Evans, former Mayor of Birmingham, Ala., ex-State Examiner of Public Accounts of Alabama, and at one time editor of one of the South's greatest newspapers, The Birmingham Age Herald.

Writing to a personal friend in Atlanta, Mr. Evans says:

"Birmingham, Ala., Feb. 2nd. '...By the way, you will hardly know me when we meet again, because I am getting so well and strong again. As I told you while in Atlanta last month, I have been suffering a long time with gastritis, as the doctors call it—really a disordered stomach with consequent constipation, pain in the shoulders, headache, belching, heartburn, loss of appetite, loss of sleep, and fainting spells. For weeks I could not sleep on my back.

Happy Marriage of Young Couple
George Tate and Miss Helen Johnson were happily wedded by Rev. Melin at the Lutheran parsonage at West Rock at 2 o'clock Wednesday—yesterday—afternoon.

Following the ceremony a wedding dinner was served to the wedding party and relatives at the home of the bride's parents, Mr. and Mrs. Adam Johnson.

The newly weds will reside on the old Tate farm while the Tates sr. will move to the Leaf place which they recently purchased.

There were 17 Woodmen down from Hinckley to attend lodge, last Saturday evening. Only three candidates were able to come, however. Arriving on the limited they were given supper at the E. J. Anderson home and in the evening our woodmen team took the three Hinckley novitiates and Willie Anderson of this place on "a trip through townland." After the initiation, half a dozen of the Royal Neighbors came up with cakes and refreshments were served and a delightful social hour enjoyed before the visitors took the night train home.

A letter has been received from Ashby hospital by the ladies' aid extending thanks for the case of eggs recently sent from here. The letter was in error in its mention of this matter last week, through a misunderstanding. Instead of there being a surplus of eggs received, there was a slight deficiency and the balance of the case was supplied by E. J. Anderson. No eggs were sold.

On Sunday next, in the West Rock Luth. church, Sunday school

"One week ago, upon recommendation of friends who had tried the medicine I purchased one bottle of Tanlac and began taking it. Since my second dose I have suffered none of those troubles to which I refer, and really believe I am going to get perfectly well and strong again. Won't that be wonderful at my age? Well, certain it is that Tanlac is a wonderful medicine, and you know I am not given to "pulling" mere experiments and am rather orthodox as to materia medica."

"I shall continue the treatment with perfect confidence in the final results."

Signed, "Frank V. Evans." Commenting on this splendid endorsement of Tanlac, G. F. Willis, International distributor of Tanlac, said:

"Although the list of endorsers is a long one I recall a few leading names that lend both dignity and credit to the entire array. Some of them are: "Hon. C. W. Magnus, of Atlanta, Ga. for three terms sheriff of Fulton County; Hon. Moses R. Glenn, Superintendent of Printing for the State of Kentucky; Mr. C. C. Cooper, President of the Georgia Cotton Oil Company; Mr. H. W. Hill, bank president of South Pittsburg, Tenn. Mr. F. F. Correll, Cotton Mill Superintendent of Chattahoochee, Ga.; Hon. A. E. Anderson, of Houston, Texas, for seven terms Sheriff of Harris County; Hon. S. S. Shepard, ex-city Comptroller; Mr. H. W. Hill, bank president whose names have heretofore been given to the public."

Tanlac is sold in Pine City by E. J. Prochaska. —adv.

BEROUN NEWS DEPARTMENT

This Department Will Appear Regularly in The Pine Poker Readers will find the Beroun News in it

The town line road east from the state road, south of town, is in monstrously poor condition and should be taken care of or the towns may have to pay damages for injuries to someone because of an accident there. Repairing the road would be cheaper—and more pleasant and satisfactory, all around. The Pine Poker, because of its desire to assist in these matters, has taken up the question with the county authorities and finds that the county is unable at this time to give any relief. The matter seems to be up to the town boards and, cut of fairness to themselves and the traveling public, something ought to be done at once. The same condition is true of the road branching off at the cemetery, westerly in Mission Creek town, toward Beroun. We all know that town officers have troubles of their own on their farms at this season but they ought to clean up such a mess as this or tell the public why they do not.

The state road is apparently entirely clear of gravel north from the Mission Creek-Pokegama town line road, except for a few big rocks, every bit of that put on last winter, on top of the snow, having gone straight on through. We understand that the county commissioners expect to have this portion of the road graveled as soon as possible.

Miss White of district 44 gave a play and basket social at the school house Saturday night. The play was certainly a good one and everyone enjoyed it immensely. There was a fairly large crowd and the total sum of \$29 was netted from the sale of the baskets. Miss White closed a very successful term of teaching, Tuesday.

Strohkirch Bros. expect to quit week after having handled nearly

60,000 bushel during the season. This is about double the amount ever handled here before and speaks well for the development of our farms as well as the extension of Beroun's trading territory.

Roy Townsend, east of here, is recovering from a string of trouble in the shape of a kick from a horse under the left eye, the flu and quinsy, and his son John is also recovering after a severe case of Liberty measles.

Word from Jack Elmer said that he arrived in New York on Friday last and he is expected home the last of this week or first of next. Had they would have come with him but was detained in France by mumps and will doubtless come home soon.

George Prochaska left, Monday morning, for St. Paul, to take a course in an automobile school there, running about three months, we understand.

Mrs. Chezik arrived, last Sunday, from Chadron, Neb., for a visit of some time at the home of her daughter, Mrs. Vince Stephan.

Henry Stephan is recovering from an attack of rheumatism. Henry Jr. has been acting agent the past couple of weeks.

Wm. Mistia will put up a 16x50 foot chicken coop on his place in Munch town, soon, and go more extensively into poultry.

Miss Anna Kopasak arrived home, Monday, from St. Paul, where she has been employed, to spend the summer.

Jos. Kryzer, east of town, lost a 7 year old mare weighing about 1550 by sickness, last week.

A baby boy was born at the Carl A. Chaffee home, in Munch town on May 6.

David Anderson was up from Minneapolis the first of the week.

The Minnesota Polkrok gives Pine City the second place in the state in contribution to the National Alliance fund which is a matter of honorable record for the Czechs of this locality and mighty good advertisement over the state for our community. Here is the way they stand: St. Paul \$2,423.04; Pine City \$1,956.36; Hopkins \$1,300.00; Owatonna \$1,027.20; New Prague \$750; Monticello \$548.25; Lonsdale \$522.50; Silver Lake \$500.00; Denham \$317.70; and other smaller ones, making the total run \$14,490.52. With justice to Denham, however, it looks to The Pine Poker as though that community were way ahead of any in the state, population and resources considered, when it gave \$317.70 to the work of the Alliance. The Denham community only has a comparatively small number of Czechs living in it but it has a fine lodge building and evidently has a deep interest in behalf of the work of the National Alliance for the orphans in Czecho-Slovakia.

The contestants in the race for raising money for the Alliance fund are working hard. There are Mrs. Frank Karsky and Miss Mary Korbel and Messrs. John Vojta and Frank Korficka in the contest and at the Sunday meeting, Frank Wosela and Frank Rados were named a committee to check the accounts of the contestants. The prizes for the winners, which are now on exhibition in the window of Prochaska's pharmacy, will be awarded at the social meeting on June 15. The candidates in the contest were found to stand as follows to date: John Vojta, 820 votes; F. Korficka, 300 votes; Miss M. Korbel 720 votes Mrs. F. Karsky 200 votes.

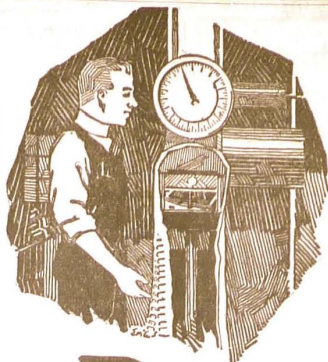

WALLACE REID IN GREAT ROLE
Paramount Star Seen as Delicet Who is Redeemed through Love for Noble Girl

Wallace Reid has one of the best parts of his career in Van Twiller Yard, the young man who comes back in "The Source," the latest Paramount picture in which he is starred and which will be shown at the Family Theatre Saturday night. The role affords an interesting study in psychology, but the development of the man, far from being morbid, always shows the upward trend, and the optimistic and cheerful note is sounded throughout the picture.

Hard on the Editor

When last heard from an Indiana editor was hiding in a box car in the railroad yards, preparing to beat it out of town, after he had gotten two new tens badly mired in his traps. Article reads: "The Red Cross concert given last night by sixteen of our beautiful young ladies was highly appreciated. They sang in a charming manner, winning the admiration of the audience who cheerfully pronounced them the finest group of Sothernites in the country. A few of them are rich brown in color, but the majority are spotted red and white. Several of the beauties are finished, tight-limbed animals and promise to be good property."

The regular monthly meeting of the local branch of the National Alliance was held in the village hall last Sunday afternoon. It was decided hereafter meet on the same Sunday—the second Sunday of the month—but at 8 p. m. instead of in the afternoon. It was also decided to hold a social meeting of the so-

THE FRIENDLY TOBACCO

Horse Sense About Tobacco

Good tobacco ought to be like a well-bred hoss—all th' kick taken out but all th' sperit left in.

You see, half the secret of makin' a good hoss is in the breedin' an' half in the breakin'. Selectin' tobacco that's grown right is only half of makin' Velvet. The agein' is the other half.

That's only one kind of agein' that gets th' right results—Nature's own. Nature's no clock watcher. She does a job right whether it takes two years or two thousand.

So when she gets through with the fine Kentucky Burley that we put away in wooden hogsheads for two years, it's just right.

It ain't been hurried none, or short-cutted. It's a Nature-done job.

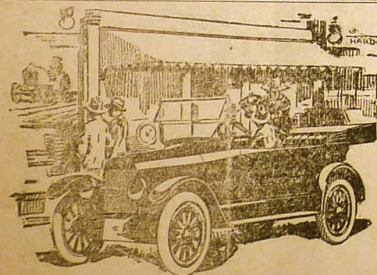

All kinds of things are packed in tobacco tins, but your good neighbor will tell you "Velvet is the real pipe tobacco." Prove it for yourself.

Pokegama Town News

Miss Bertha Koch was home from St. Paul, where she is employed, to spend the week-end with her folks west of Cross lake.

An Old Settlers' picnic is to be given at Norway point on Saturday, June 1 to which everyone of that community and all others who would enjoy the day with them are invited. There will be speaking and music and refreshments will be served.

One of our young and more romantic friends writes in to claim for old Norway Point on Cross lake first place in the realms of romance in this region. Maybe so—the evergreens there are do whisper of many things, but we of Pokegama town can't entirely forget that old "Pokeg" has also had its days of "humming birds and honey bees" and it still seems enchantment when the green comes out and the sun shines warm.

Miss Myrtle Cranton closed her school in district 1, last Friday.

Miss Lillian Habrman raffled a toilet set at her home in Meadow Lawn, last week, Mrs. Frank Heath being the lucky winner with number 13.

Mr. and Mrs. Henry Sande were pleasantly surprised by a large number of their friends, last Friday evening, and a very fine time was enjoyed by all.

The Farmers Club will meet at the home of Ira C. Holt on Saturday of this week, May 17th. A full attendance is desired as an important question is to be decided.

A dance was given in the town hall, last Saturday evening, for which the Carlson trio furnished excellent music. Mr. Carlson has a fine musical instinct and his children have all inherited it. Norman Lindahl is putting up a 10x85 foot monolithic concrete silo on the farm of his mother, Mrs. Nina Lindahl, in Meadow Lawn. He will also put up about the same sized silo for S. O. Sande. Norman has had considerable experience in silo construction and concrete work in general and is "in the game" in this region. If you are thinking of a silo, see him.

Czecho-Slovak Society Doing

The Ladies Sewing Society met at the home of Mrs. Frank Gernak last Thursday for the preparation of clothing to be sent to the Czechs in the old country, there being a fair attendance. Supper was served to the men and the total receipts were about \$17. Mrs. Gernak serving a meal that was really a banquet. The Ladies have collected and shipped two boxes of clothing for shipment to Europe, all of which has been prepared in good shape for use and, it is hoped, will do much good among young and old. Any having anything to give to the cause are urged to do so.

During April 317,687 pounds of milk were taken in at the Farmers Creamery and 38,462 pounds of cream.

A total of \$16,032.17 was paid out to patrons for milk and cream during April as compared to \$6,205.70 for April, 1918.

The highest amount received by any patron since the Creamery started was during April, when one patron received \$218.32 for two weeks' milk.

During April there were 20 checks issued for over \$100 and 6 for over \$200 for two weeks' delivery.

Minnesota Paint - Minnesota Linseed Oil Two Best Since 1870

FOR OUTSIDE OR INSIDE USE

We recommend Minnesota House Paint for either inside or outside work. It is strong and durable enough to stand the severest outside weather, and it also has the beautiful finish that is desired for ceilings, woodwork, furniture, etc. Anyone can apply Minnesota. Ready-mixed, full directions on the can. The covering capacity of Minnesota Paint is guaranteed to be 250-350 square feet per gallon for two coats. It is guaranteed to cover that much surface adequately, and to give you satisfaction. The covering capacity is one of the most important ways of telling a good paint. Remember this in comparing prices. A paint with a large covering capacity goes further and therefore costs you less.

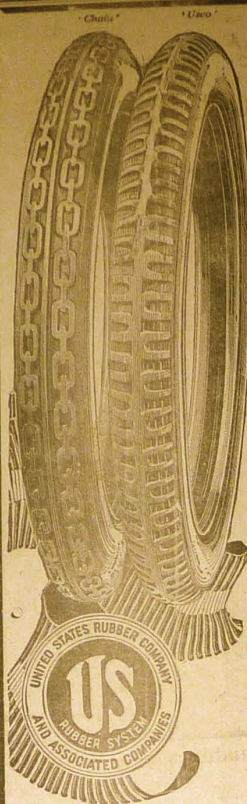

SATISFACTION GUARANTEED Minnesota Paint is guaranteed to give you the service you have a right to expect from a high quality paint. Should it fail to satisfy you in every way we will refund your money. Minnesota is guaranteed you to blister, crack, peel or scale, and will stand up to your entire satisfaction in any weather. If it's a surface to be painted, enameled, stained, varnished, or finished in any way, we have a kind for every purpose.

High War Prices Are with Us Yet

With fighting ended, the troubles war brought us did not stop.

During the war the telephone companies, like most other industries, were hit hard by high prices for equipment and by the loss of trained employees.

Now our former employees are gradually being released from military service and resuming their old positions.

Although the price of telephone equipment is still very high, we are able to obtain it more promptly than in a few months ago.

Our plant facilities, which during the war were extended only for urgent needs, are gradually being restored to a normal condition.

And telephone service, too, is steadily improving and getting back to our pre-war standard.

But the cost of furnishing telephone service is much more than it was when the war began.

And high prices for equipment and generally high operating expenses are problems we shall no doubt have to meet for several years.

Old Sattler Near Greely Dies

John M. Johnson passed away, Friday afternoon, at his farm home a mile north of Greely after a 10-day illness from pneumonia and a complication of organic troubles. Funeral services were conducted by Rev. Clark Johnson in the Chist church at 2 o'clock this afternoon, following short services at the home, and the remains were laid at rest in the church cemetery. Deceased was born in Lemland, Sweden, and was 53 years, 1 mo. and 10 days of age at the time of his death. He came to America 27 years ago next month, going direct to Sandstone where he remained for a couple of years before locating on the farm where he passed away. He was afterward married to Miss Ida Anderson and she with six children—Florence, Edward, William, Arthur, Richard and Curtis—and three brothers—N. P. who resides at his dead brother's home, a brother at Sandstone and one in Sweden—survive him. His death was a great surprise and the relatives have the sympathy of everyone.

Royalton Town News

The Greely school closed last Friday with a program in the school house that evening by the children under the direction of their teachers, Mrs. Rohlf and Miss Josephine Lynch, lunch being served afterward. The building was crowded and everyone had a fine time.

The "Royal Social Club" was organized at a meeting in the Greely school house on Monday evening, 68 members being enrolled, most of them present. Mrs. Louis Behlf was elected president, Arthur Anderson secy, and Oscar Nelson treas. The club will meet in the school house every other Thursday evening, the first being next Thursday, May 22, when a program will be given.

Word from Godfrey Nelson who is in the employ of the International Flour Milling Co. at New Prague, as chemist writes home that, after 2 months there, he likes it greatly and entirely forgot, until joked about it, that he was the only Scandinavian in that German-Bohemian city. He analyzes and tests the flour from the company's six mills.

Ervin Nelson is improving quite rapidly in Bethesda hospital at St. Paul from the injury to his limb which was broken at the Johnson mill in Rock Creek town some time ago. When he reached the hospital and an X-ray taken it was found that the bones of the broken leg had knit, but were out of place and had to be broken again and reset.

Jonas Lindquist returned home a week ago from a several days' absence on a trip to Edmonton, Can., whither he was called by the serious illness of Olaf Anderson, Mrs. Lindquist's brother, who passed away in a hospital at that place before Jonas' arrival after a long illness from tuberculosis. Mr. Anderson had visited here the last time about a couple of years ago when he was here for about a year. He owned a farm about 30 miles from Edmonton, where he had been located for some nine years, and was financially independent. He was 35 years of age and single.

Herbert Merriam returned, last week Monday, from about 20 months service in the Engineers' corps, mostly spent in France. All are glad to see him home again.

The road back to the row of cottages on Cross lake again sunk out of sight the last of last week getting so bad that a horse would rare anywhere on a spot about 60 feet long. President Petschel of the Pine City Auto club and a couple of others from town and two Chengwatana farmers with their teams filled the hole on Monday, however, with sand scraped up near by. The piece should be repaired permanently this summer so that this condition will not be repeated next spring.

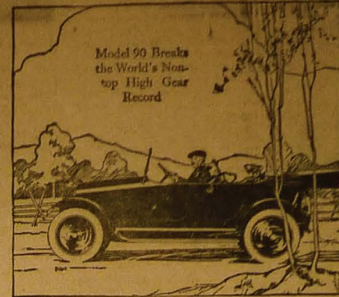

Mrs. P. J. Peterson and two sons expect to return to their home at Minneapolis, this week Saturday, after a 3-weeks visit at the home of her parents, the Mangins, San. Elizabeth Peterson, who closed school in district 53 last Friday, will go with them.

Services will be held in the Millers Lutheran church on Sunday at 10:30 a. m. Rev. Oplahl of Duluth preaching. The ladies aid of the church will meet at the Odegaard home in the afternoon.

FISK CORD TIRES

SILO TALK No. 4.

The very best way to insure your corn crop is to put in a MONOLITHIC CONCRETE SILO. Then the entire nutriment of your cornfield is safe from drought, fire, wind and vermin. Then you can make two steers grow fat where one grow fat before. Then you can feel perfectly safe about the feed for your cattle.

MONOLITHIC CONCRETE SILOS have been tested by fire, wind, lightning, and every other foe to safe and secure silage. They have won out on every test. That is why the "slowly" farmer insists that his cornfield shall be planted in a MONOLITHIC CONCRETE SILO.
