Pine City, Minnesota, Friday, July 4th, 1919

THE FOURTH OF JULY

This is the Fourth of July, the day of the greatest sacrifice in history. It is a day when—it is the memory of the day, way back in 1776, when government "of the people, by the people and for the people" was born in Independence Hall at Philadelphia. It is the anniversary of the birthday of a government founded to protect human liberty, the beacon light of which has encompassed the world and which shines everywhere, inspiring and guiding all.

It is at all times a day for rejoicing, rejoicing as it does one of the happiest days in human history, but today at Pine City it has special joyful significance when we welcome back our Soldiers, Sailors and Marines from their service of patriotism and for humanity.

THE BOYS

Pine County today has伸出了手 to extend her hand to welcome home Her Boys from the camps and the front.

It is no half hearted welcome that she holds out to these men who have represented her in the late world-wide fight for human liberty; it is no expression from a part of her people; there is no sectionalism nor slumigation in her position today. She Stands, with bared head, to welcome home—Her Boys.

These Solar Soldiers and Marines answered their country's call to serve the rights of humanity for which America stands, unassisted by a self-seeking and ruthless government. They went in defense of ravished humanity, not seeking war to gratify personal ambitions nor national desires. They possibly carried with them some perturbation for what the future might hold but they gave no sign and marched away like true patriots to face privation and death for their own and their country's ideals.

By their acts they have testified their worth and by these standards the people of Pine County have judged and will judge "The Boys."

THE HOME COMING

Wars have been fought before and, at other times, parts of families have been recalled from far lands or the verge of the grave to gladden the hearts of their folks and friends. This day has no epoch in history to compare with it. There has been a remarkable one in the lives of Pine County people of day for, in our lives, the great event has been the World War which was won for Democracy.

For months The Boys of Pine County have been coming back from the front and the camps to rejoin their folks and friends at home. Most of them are already here. There have been glad reunions in almost every home, in the schools, in the national service and those who have come back have been greeted with community hearings in their homes in every part of the county.

Today, Pine County as a whole pays its tribute to "The Boys" whom it sent to war. These men went from here as a county unit, representing the county as a whole and not any particular part of it. They gave up their county seat by ones and twos and threes to register their allegiance to government and right, and later gathered in like manner to go, in their first organized form, to the training camps. Upon those occasions the county bid them "God Speed" with acclamations in their honor.

Today we gather with a gladness theme to welcome The Boys home again. The purpose is to make the day one that none who are present will ever forget. Everyone hopes it may be remembered with the most gladsome emotions.

THE ABSENT ONES

In the cemeteries at home, or resting somewhere on foreign land, lie the remains of 89 Pine County boys who laid down their lives in the cause of their Country and their God. They are not dead in spirit, with the memory of form that they are indeed, but are the chorus of victory. In the great cause of human progress their task has been accomplished, and it is a pleasure to know that they took it up willingly and, without a complaint, carried it to the end for the good that it would do. For this Their Country honors them.

Even today, amidst the rejoicing of Our Home Coming Celebration, the public mind is not unmindful of these absent ones, nor will it be as years roll round and others go to join them in that "Land of the Leal."

THE "OLD" SOLDIERS

Nearly sixty years ago there was fought in the United States a terrific civil war to decide the question of a united or a divided country. Family ties were torn asunder in this awful struggle and brother fought with brother on the field of battle.

Finally, the forces for a United Country won the victory, and out of that has grown a more generous understanding and more genuine unity than has ever come to our land before. From Portland to Honolulu and from San Diego to Seattle the watchword over all our hearts is "One Country, one flag; liberty and justice for all."

There remains with us today the record of the men who wrought that victory and we could not, in contemplating the joys of this glad Home Coming Day, forget the obligation that we owe these men—"The Boys of '65"—nor the pleasure that we feel in their presence.

But a few years and the remaining representatives of this rapidly diminishing force will have passed from our sight, but they, too, shall live on in the hearts of other generations for the good that they have done.

All Together

The following excellent editorial appeared in the Pine City Home Coming issue of the Pine City Daily Journal:

"The Brook Banner, last week, is regarded by people over Pine County as hitting the nail right on the head and we reproduce it to show our readers what other people think. It is plain argument that ought to reach home" with any fair minded reader. Here is what the Banner said:

"We have always been a strong and consistent advocate of community spirit. Without harmonious co-operation much that is for the good and welfare of the community is lost, while dissension and conditions can cloud the peace and prosperity of the home, community and state. While we realize that conditions can oftentimes be greatly bettered by a stiff fight we feel that when the fight is honorably lost, it is not lost but rather is a constant bickering. This is often caused by a wish for personal betterment rather than for truly generous desire to benefit all."

"Our Soldiers, Sailors and Marines left their personal affairs, often to their personal loss, to go forth to protect all. They have learned the great lesson of One for which we must all learn if we are to succeed in that which is really best in life."

"Now that these boys are coming home through the entire nation it is being made a point to honor them on the Fourth of July in the

NOTES ABOUT THE DAY

There's no need for anyone to go hungry today. If you brought your lunch, eat it in the park or on the lake shore or on private lawns. Town belongs to you today, westerners.

If you didn't bring your lunch, remember that besides the church, restaurant and bakery, the church societies have all been pressed into service to aid in caring for you. The Catholic ladies are serving in the village hall beside the courthouse; the Presbyterian ladies are serving in their church, half the block south of the village; the Methodist ladies are serving in the Inter-State lumber shed, just east of the railway tracks, and the Lutheran ladies will serve in the Neuhauser building across the street from the court house. Everyone wants to see you taken care of and if the day is lacking in any way, it is only because we miscalculated or, for that reason, were unable to do as we had planned.

In the park, however, erected in the park, will begin at 2:30 p.m. and continue all the afternoon and evening. There will also be a grand military ball in the army in the evening. Pine County soldiers, sailors and Marines have been given free tickets to the latter. The net proceeds from both dances go toward paying the expenses of the park's celebration.

The well known and enjoyable Askov and Brook Park bands are here today. Although two of the smaller villages of the county, Brook Park and Askov are the only ones which can maintain band organizations uninterrupted. Seems to take the smaller communities to develop the best of the community spirit. The large cities are the other extreme, with 99 out of 100 pulling and plugging for their own private pleasure and interest.

The Sandstone quartet, which is on the program today, has an excellent reputation wherever heard and its members are from two well known families of that town—the soprano and tenor are daughter and son of Mark E. Robey, the well known traveling salesman of that place, and the alto and bass are daughter and son-in-law of Matt Bullis, one of Sandstone's well known business men. All have been there in the fight "over there."

Four refreshment stands are being operated by the arrangements committee, the net income from which will go toward paying the expenses of the day. They are located as follows: one at the northwest and one at the southwest corner of the park, one on the fair grounds, and one in front of the armory. When you buy your ice cream, fruits, candy etc. at these stands you are helping to pay the expenses incurred at about \$35.00 but may be as low as \$10.00 on a 10 cent chance—2 chances for a quarter.

The "Community" singing, noted in the program for today exercises in the park, is not meant for Pine City community singing. It is meant to be a "county" community singing. Everybody joins in and help make the welkin ring.

Information was received yesterday that Fred W. Wilson, who had been advised to be here today was sick in a hospital at Des Moines, Ia., and would be unable to be present. This information arrived so late that it was absolutely impossible to engage new talent to take his place, which is a matter of much regret to those having the afternoon's entertainment in charge. The afternoon will be full of features, however, and everyone will find plenty to do.

The long roller contest in the river in the afternoon promises to be one of the most interesting features of the sports. Some of the old timers have been engaged for the affair and it will be enlightening as well as enjoyable to many of the present-day people of the county who never saw a "river pig" "cut a log." It's an art, anyone who remembers the old days will tell you.

The boxing match at the fair grounds in the evening will draw big crowds here. Chas. McCarthy is a fine class boxer and Terrian, who comes highly recommended, will have put up a good exhibition if he makes any showing against his antagonist. McCarthy was with the first Canadian forces that went across.

The Pine Poker has made arrangements with the Minneapolis Tribune to report the (1) Willard-Dempsey fight by rounds. This will be done from the Pine Poker booth in the park and the messages will then be posted on our bulletin board. If you want to know more information through the Minneapolis Tribune-Pine Poker bulletins direct from the ring side.

See the ball game in the afternoon between the Rock Creek and Piney teams. It will be a fast game.

These Are Back in Pine County
We believe the following is a complete list of Pine county men who are back from service up to a week ago. It is a very difficult task to get a list like this for the entire county and it is very likely that there are "leave outs" much as has been endeavored not to have them. SENDS
GREETINGS

We send our greetings to "The Boys" of Pine County who are home from the war and will enjoy the pleasures of Our County Home-Coming Welcome.

We send our greetings to "The Boys" of Pine County who are still away, in Europe or in Camp, and hope the day may soon arrive when you will join us in Old Pine County.

We bow our heads in memory of those Pine County Heroes who will never come back—those who sleep beneath the sod, honored by their country's grateful remembrance.

Men Who Have Served We Welcome You Home

Through your bravery and sacrifices, peace has come again to the nations of the world. We are proud of the men of Pine County who have aided in the defeat of the enemies of our country.

When discharged from the service you returned to your former occupations in civil life. Pine County is a county of untold natural resources and opportunities. As yet thousands of acres are undeveloped. To you who are anxious to obtain a start in life, do not overlook the many opportunities which are offered in various trades and occupations in Pine County.

During the past fifteen years of my business career spent in Pine County, I have found better business and bigger opportunities in Pine County than at any other place. It will pay you to find out just how well you can do at home before going elsewhere.

We take this opportunity of thanking our many friends for their kind patronage and indulgence during the trying times when regulations were strict and goods were hard to obtain.

A. M. CHALLEEN

America's Entry in the World War Decided the Issue

American Soldiers, Capital and Labor Sounded the Death Knell of Autocracy.

Pine County "Boys" did Their Share

and it gives us extreme pleasure to welcome them home and extend to them our thanks for their participation, and hardships they suffered for the Benefit of Mankind.

The Lumber Industry Played an IMPORTANT Part During the War

It will play an even more important part in building up the Future.

Consult Us About Plans for That New House, Barn, Granary, etc.

It is our business to help you get the BEST at the LOWEST COST.

Our Stock of Building Material is always complete
