County Fair Was Fine

Attendance Was Good, Especially Friday—All Had a Good Time

The county fair, held at Pine City last Thursday, Friday and Saturday, was very good and very well attended—particularly on Friday when the attendance ran to nearly 3,000, being about as large as was ever had. The exhibition was a financial success, netting the society at least three hundred dollars to help it out of the hole in which it has been struggling for some time.

Doubtless the exhibits, and attendance too, were interfered with by the fact that the fall work this year has been all dumped in a pile and many farmers who would have otherwise brought in their live stock and produce were too intent on cutting corn, filling silos, digging potatoes and the millinery and other duties of farm work to take time to any more than attend it.

The concessions were varied and numerous, there being everything from the merry-go-round, from the mild excitement of taking a chance on winning a "baby-doll" to the real gambler's thrill of betting on the turn of the dice or the spin of the wheel—a la roulette. The midway was well patronized by the fair visitors, the concessions ranging from the money dancing, to the sale of a grand organ who would make faces at the onlookers but would doff his cap and look almost human when presented with a penny. It is needless to say that the midway ground was crowded with young and old all the time, as no fair is complete without the merry-go-round. If you were lucky enough, stayed long enough and spent enough money, you returned from the grounds, your girl the proud possessor of a "kewpie-doll" or the wearer of a shiny new hat.

Cattle Exhibit Was Small
The exhibit of cattle was no where near up to the standard of the fine herds of John Swanson of the Pine County fair, in a county where dairy is the principal industry and where there are all kinds of good cattle.

There were only two herds of Guernsey, and one of Holsteins besides two Holstein bulls—a yearling and a calf—and three Jerseys on the grounds. They all won prizes. "Dart" Donov's Guernsey, capturing the herd championship with Herbert Hinze's Holsteins second, while Henry Behrend's Guernsey sire was champion bull and S. J. Stevens's Jersey was champion cow of the exhibit.

We should like to have seen on the grounds, cattle from others of the fine herds of John Swanson of the Pine County fair, in a county where dairy is the principal industry and where there are all kinds of good cattle.

Good Exhibit of Percherons
Percherons had the whole run of the horse exhibit to themselves. The Dutton horse from Pine City and the Fonger horse from Sandstone took 1st and 2nd prizes, and John Behrend of Rock Creek and John 20-year old pure bred Percheron mare with her four colts, ranging from a suckling to a 3-year old.

Grandstand Full for Sports Program
The sports and racing program opened, Friday afternoon, before a packed grandstand from all parts of the county and spectators. The big crowd, full of enthusiasm, were ready to enjoy the program to the fullest extent. The Aukov hand kept the air full of music and "hip-hop" music to a good tune.

Sherriff Hawley started the ball rolling by introducing J. H. Hay, county commissioner of agriculture of this state, who gave a very able address full of good sound logic and advice to the farmers. Mr. Hay reviewed the very bright situation in this county, showing the evolution of farming conditions during the past few years and reviewed the way by which farmers should be carried to be carried away by the price being paid for farm lands but to stick by the soil and continue to farm, for themselves and for the community which they live. Mr. Hay is well known and well liked in Pine county, having been superintendent of the school in Pine City for 10 years and at Sandstone for 3 years, also county superintendent for a number of years.

The boys in the bicycle race came near to equalling the time made in the horse race by covering the half mile in 2 minutes. Harold Moley was first, James Hawley second and

Stillwater had several fine exhibits in the show.

Mrs. C. O. Daniels of Pine City exhibited a White Rock front, with four legs. The excellence of this exhibit doubtless reflects the results of the poultry shows held in the county the past few years.

Hog and Sheep Exhibits Small
The exhibits of hogs and sheep were small, scarcely half the pens in either of these departments being occupied. Hogs are fast coming to be one of the staple money makers on the farms of the southern half of the county and a few good ones are being found of value everywhere in the county—good sized hounds of them from a few cases.

Four out of five of the sheep exhibits were Shropshires.

Poor Potato Exhibit
For a county where potatoes are one of the staple farm products, the exhibit of tubers was almost a failure. The size of the exhibit did not begin to represent the importance of the industry in the county and the quality seemed to indicate a lack of knowledge of what the right type of the different kinds of potatoes is, of course they were poorly displayed, but this was because of lack of room for the purpose. There were lots of display cases in the lot. We have seen truer-to-type exhibits this year at the local fairs at Sandstone and Beroun and have heard that the same was true at Cloverton and Kerick and doubtless will be at Aukov when they hold their fair day this week Saturday, and at Hinckley when the county potato exhibit is held there next month or the first part of November. Potatoes are, relatively, as important in Pine county as corn is in Iowa and they are entitled to a vastly better representation at our county fair than they had this year, at least.

Good Exhibit of Fruit
There was a good exhibit of fruit and a good display of apples, grapes and grapes—and we do not believe anything better could be found anywhere in the county.

Beroun and Chongewana Club Ex.
Beroun and Chongewana Club Ex. exhibitors had a very good exhibit of produce, fruits, grains and corn, potatoes and vegetables, canned goods, "neal" work, etc.—in fact everything that is produced on the farm. Everything they showed was of good quality and the display was fine. The Beroun club won first prize—last year Chongewana won.

Individual Farm Exhibits
Adolph Sommers of Pine City had a fine "farm" exhibit—wide spread in variety, of excellent quality and well displayed—which attracted much attention and captured first prize in that class, second prize going to Ben Anderson of Pokagona town.

Boys and Girls Exhibits
There were some fine exhibits of pigs by boys from Hinckley and Chongewana and of canned fruits and vegetables from the Chongewana boys and girls club which were excellent and showed knowledge of how to do it.

Miscellaneous Exhibits
The canned goods and culinary exhibits were very good indeed and the produce exhibit was fairly—pretty good for the year. The fancy work department attracted a great deal of attention among the ladies and a patch dress, exhibited by Miss Sylvia Bern of Bogalusa was as "patch work" kept the judges hunting for a long time to discover the patch, so neatly it done.

Good Exhibit of Percherons
Percherons had the whole run of the horse exhibit to themselves. The Dutton horse from Pine City and the Fonger horse from Sandstone took 1st and 2nd prizes, and John Behrend of Rock Creek and John 20-year old pure bred Percheron mare with her four colts, ranging from a suckling to a 3-year old.

Grandstand Full for Sports Program
The sports and racing program opened, Friday afternoon, before a packed grandstand from all parts of the county and spectators. The big crowd, full of enthusiasm, were ready to enjoy the program to the fullest extent. The Aukov hand kept the air full of music and "hip-hop" music to a good tune.

The boys in the bicycle race came near to equalling the time made in the horse race by covering the half mile in 2 minutes. Harold Moley was first, James Hawley second and

Monument for Soldiers

Commissioners Let Contract for \$4,800 Monument to be Completed by June

After an "intermittent" session of three days, the board of county commissioners adjourned, last Saturday afternoon, to Oct. 27. They awarded a contract to the Twin City Granite Company, on a design presented for a monument to commemorate the work of Pine county soldiers, sailors and marines in the late war. It will cost \$4,800 and the schools of the county are to be asked to raise funds to contribute toward this, the balance to be paid by the county. The Pine Pocker hopes to be able to give its readers, next week, a picture of the proposed monument so that all may see what it will look like.

After an informal discussion, Saturday, on the question of bonding the county further for road work the commissioners allowed the matter to drop.

Enoch Ford of the state highway commission was present and informed the commissioners that there will be no chance for some time of securing any federal aid to assist the county in its road building plans.

In view of the money situation and the necessity for economy in the county road building program, the board voted to examine into all proposed road expenditures—especially new propositions—most carefully.

Bids were received by the board for a rock crusher and these were found to run from \$2,805 to \$3,500. The board, however, has some doubt as to the value of the plan of having a rock crusher at the county road building program.

A big road budget—the largest in the county—was bought at a cost of \$1160 and it will be used with the big county tractor.

The board approved the following citizens from over the county to handle the matter of raising funds among the schools for the soldiers monument and to work with the board on other matters in connection with the monument: W. H. Hart and father Leo Pine City, Geo. Empey Hinckley, A. S. Pann Sandstone, L. R. Becklund Rock Creek, G. M. Erickson Willow River, H. Peterson Aukov, P. S. Sandberg Cloverton, F. L. Olson Dutton.

Introduced, by the announcer, and gave the crowd a fair exhibition of aerial skill. The first in both heats was at a cost of \$250 to the association. Later in the day they reappeared with a tumbling act—that has been rated by many a lad at a bid-circus in the back yard.

The first of the racing events were the 125's trot or pace, running 2 1/2 heats, the purses being divided \$20, \$12 and \$8. The entries were John R. driven by R. E. Behrend, Beavis driven by Calvin in 10 seconds, Walter Glasgow in 11 sec., and Julius Olson in 12 sec. The boys were Jim Larson and John R. Pat, Hattie 2nd and 3rd. The best time for one mile was 6:42. The clerk of the course was "Pat" for a minute, when he asked the name of Kelly's horse, by Kelly giving the name of "Pat". He told Kelly that they already had a second's mistake—all called Jim Beavis. So the question arose: Pat short for Patricia, or for Patricia?

The boys in the bicycle race came near to equalling the time made in the horse race by covering the half mile in 2 minutes. Harold Moley was first, James Hawley second and

Fred Lubrecht third the purse being \$5, \$3 and \$2.
The free-of-all running race was competed for by Geo. Hainry riding "Queen," Paul Kaelbach on "Daisey" and Jim Bennett on "Bird," for a total of \$20, \$12 and \$8 running 2 1/2 mile heats, the fastest being 2 minutes the horses finishing in the above order.
The pole climbing contest created considerable interest, the entrants being A. Matson climbing the pole in 10 seconds, Walter Glasgow in 11 sec., and Julius Olson in 12 sec. The boys were Jim Larson and John R. Pat, Hattie 2nd and 3rd. The best time for one mile was 6:42. The clerk of the course was "Pat" for a minute, when he asked the name of Kelly's horse, by Kelly giving the name of "Pat". He told Kelly that they already had a second's mistake—all called Jim Beavis. So the question arose: Pat short for Patricia, or for Patricia?

G. H. Cunningham Sturgeon Laky, and J. D. Johnson Nickerson.

The consolidated school matter from Iron River was laid over to the next meeting when it will come up for hearing. It seems to be a badly mixed up matter.

Teachers Inst at Hinckley

All Teachers in Rural and Graded Co. Schools are in Hinckley

The county teachers institute for teachers of semi-graded and rural schools is in session at Hinckley this week with practically every county school in the county closed and their teachers in attendance. If they attend all sessions, teachers draw pay as though attending to their regular duties—paid by their districts.

Rush City Lady Cole, 101st Birthday
A birthday party given in honor of Mrs. Behrend, commonly known as "Grandma" Behrend, was greatly enjoyed at her home at Rush City, last Sunday afternoon. She is one of the few who now days reach the age 101.

There were thirty-five present, all being her children, grandchildren and great-grandchildren. A delightful little dinner was served to all and the remainder of the afternoon was spent in singing, which grandma is very handy at, and card playing, this being about the second car ride which she has had. Supper was served at six o'clock, after which the party adjourned.

Grandma received many beautiful bouquets from her neighbors. We all send our most happy birthday greetings and hope that she may live to have many more happy birthday parties.

Premiums on Greely Couple Married
The marriage of Miss Eureka Lindgren to George Henry Studt took place at the German Lutheran church at Rush Lake, Thursday, Sept. 4 at 6 o'clock p. m., Rev. J. Moebs officiating. Miss Emma Stidt, sister of the groom and Mr. Milton Lindgren, brother of the bride were the attendants, as bridesmaid and groomsmen. Miss Tillie Olson of Greely played the wedding march. Only near relatives were present. The young couple were greeted with the usual rice shower as they left the church by Mrs. Paul Scheele. They left for Brahan, where they boarded the train for a bridal trip to the Twin cities where they visited relatives and attended the state fair.

The groom is the eldest son of Mr. and Mrs. Henry Studt. The bride is the second youngest daughter of Mr. and Mrs. John Lindgren, the well known merchant of Greely. The young couple were schoolmates at the Greely school their parents being among the old time settlers of that part of Pine county.

The young couple will co-operate in conducting the Studt farm, Herman, moving to another place. The bride was quite owing to the severe illness of the groom's brother, Otto. The usual charities were present for the present and a wedding reception was given at the groom's home. All will join in extending congratulations.

Federal and State to Protect Game
The laws of the State of Minnesota relating to migratory birds have been made to conform as closely as possible with the federal laws and the regulations as is consistent with our well defined policies of protection and conservation.

The open season for wild duck (except wood-duck), geese, coot, Wilson snipe, gallinules, rails and yellow-legs will begin Sept. 16th, and close Dec. 31st following. All other varieties of game birds protected by state laws, following is the daily limit for shooting migratory game birds is from one-half hour before sunrise until sunset. This is a Federal regulation, and also a state law, following is the sunset and sunrise schedule for the open season from Sept. 16 to Dec. 31st.

Notice to Hunters and Others
Hunters and others are shooting arms within the village limits, contrary to the village ordinances and the laws of the state. The practice must be stopped at once on pain of prosecution. By order of Pine City village authorities

Pine City Development Association

All Together, All the Time, for a Greater Pine City

Building Your Home Now

The biggest building boom Pine City has ever had will start next spring. Get in on the ground floor and build this year. Consult the Development Association Home Building Finance Committee for a plan to finance your home building. \$80.00 per month will pay for an \$1,800.00 home in five years. (\$15.00 per month in ten years.) The increase in value of the property in that time will more than cover the interest, insurance and taxes. WHY WAIT? REMEMBER—Pine City will have a 2,000 population in 1921, and will be double its present size in 1924.

Pine County Fair

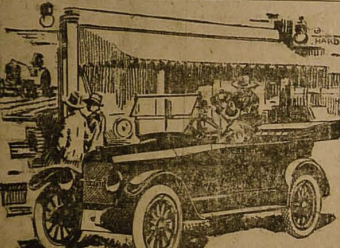

September 11, 12 and 13

Get in line and boost for it. It helps develop Pine County and it is the duty of every one of us to be interested in it.

Ask yourself this question. "How can I cut down all the weed on premises I have under my control so they won't go to seed?" Find a way. Then DO IT NOW! Tomorrow may be too late.

BAND COMMITTEE

J. Y. Breckenridge, F. A. Jordan, D. W. Rochon, Pine City is to have a first-class band and all young men desiring to join should consult either of the above committee men at once. This organization is to be a high grade one and all young men should join.

DORR

"The Quality Goes Clear Through"

Buy a Dorr and Use It

The Dorr is the sort of a car that is used—one that more than pays for itself. Light, easily handled, costing little for upkeep, there is no hesitancy about using it "early and often."

You can do more with a Dorr to get you about quickly, you can do better by being "on the ground" instead of behind. In any way you look at it, the Dorr will increase your efficiency. Buy a Dorr and use it.

For sale by O. A. PETERSON, Henriette J. E. STUOR, Pine City

"Get this straight" says the Good Judge

The tobacco that gives you the most lasting chew is the kind that saves you money. You don't have to take so many fresh chews. The rich tobacco taste stays right with it. That's why you take a smaller chew.

THE REAL TOBACCO CHEW

PINE COUNTY FARM NEWS

Including Matter Furnished by Pine County Farm Bureau. This Department of The Pine Piker is designed to help the Farmers of Pine County. Give us the Farm News for it.

"Around the County," By Co. Agent
The County Agent is a wandering animal. The community activity in Pine county has called him to nearly every town in the last few weeks. Local fairs seem to be the popular event of the season. Their number and quality show a decided agricultural improvement over last year. There has been as high as three community fairs in a single day.

At Cloverton the exhibits were of decidedly better quality and practically every settler was there with his family. A. J. McGuire and the County Agent did the judging. Good talks on community team work, good music, and sports made up the program.

Kerrick held its first fair and this community simply surprised itself. It was unfortunate that the Judge and speaker were arranged for missed train connections at Superior. Beroun and Chengwatana combined their fair and then each community put up an exceptionally fine booth at the county fair.

Sandstone community made a record for itself. They showed more and better potatoes than were seen at the Carlton county fair. We know this because the Pine County Agent judged the potatoes at both places.

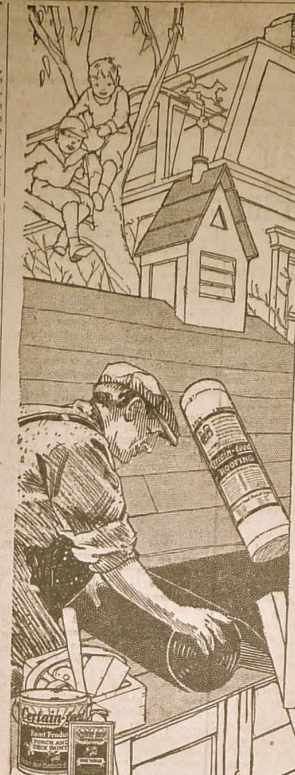

This week Monday, Duxbury community, 20 miles east of Sandstone, had their third annual fair and the quality of exhibits and community spirit showed a decided improvement over last year and we predict that the serious attitude these people are taking is going to mean more community team work on the live stock and potato problems. Pine county farmers are beginning to ask themselves what are the main sources of their farm income, what factors are actually limiting their net returns, what ought to be done to improve the net return, and are deciding which items they should as a community tackle first.

Askov will have their annual fair this Saturday. Grasson and south western Pine county will have their ninth Harvest Fair the 27th. Before the season is over there will have been over eight or ten of these exhibits in the county. It is quite safe to predict that all these in time should and will work together for a greater Pine county through greater cooperation (sometimes called the larger selfishness). It is easy to imagine how in the near future we will see many more of these community fairs held early in September, just preceding the county fair and then at the county fair. We will see not only two good booths, from Beroun and Chengwatana, but one for practically every community in the county. What tremendous rivalry there will be! How Pine county products will stand out! What a force and example that will be in the agricultural prosperity of this section of the state. This is no dream. It is a firm reality, and, like a strong chick within the shell, will break forth sooner than we expect.

Such agricultural history for Pine county will be made by men and communities with real cooperation in their hearts. Not by loud shouting but by real action and definite accomplishments of things worth while will these men and communities, like the silent iron policemen on the street corner, point the way.

They will see that the County Agent sees sprouting in some of the communities be bearing fruit all over the county. It is then that we will have greater cooperation and team work all over the county. The force to accomplish this is inherent within the people themselves.

Millions of Dollars for the Farmers
Millions of dollars, possibly as much as forty millions, have been placed directly into the pockets of the grain growers of Minnesota and the three northwestern states by the action of the United States grain corporation in promulgating definite rates for the purchase of the so-called "light" wheat of the 1919 crop. Such action was the outcome of a conference in New York City between the heads of the corporation and representatives of the four northwestern states. As a result, instead of obtaining from \$1.10 to \$1.15 per bushel for their shrunken wheat, our farmers are now to obtain from \$1.20 to \$1.25 a bushel, a clean gain of 80 cents a bushel. The price first offered by grain buyers, virtually would have deprived the farmers the profits for 1919, while the new figure will at least compensate them in part for their year's struggle with nature and the elements, to provide food for the world. The story of how this gratifying result was reached is worth repeating. When the light wheat crop of this year's crop reached the markets, the millers and the elevator men pretended to be afraid of it, and to be on the safe side, they put the prices away down, offering as low as \$1.10 and \$1.15 a bushel. Local protests arose from all sides, and many farmers

Service!

Certain-teed means service in the broadest sense.

Here is a roofing that is ideally adaptable to every type of building in the city, town and country.

Here is a roofing that gives not only the most complete weather protection year after year, but that is a protection against sparks and embers.

Here is a roofing that costs less to buy, to lay and to maintain than any other type of roof.

Here is a roofing that can be quickly laid by anyone who will follow the simple directions that come with the roll.

Here is a roofing that is absolutely guaranteed 5, 10 or 15 years.

Certain-teed is made in rolls, both smooth and rough surfaced (red or green)—also in handsome red or green asphalt shingles for residences.

Certain-teed is extra quality—the name means certainty of quality and satisfaction guaranteed. It will pay you to get Certain-teed—most dealers sell it. Ask for Certain-teed and be sure to get it.

Certain-teed Paints and Putties are the highest quality. They will give the best paint satisfaction.

See that the pictures of the service men in your family are sent in at once; send photograph, kodak or postal card picture (in uniform preferred) but send a picture. Give his service record; when he enlisted; when discharged; resimient; camps; overseas service; wounds, etc.

No charge for inserting picture—they will be returned as soon as cuts are made
Send Pictures and Service Records to
County History
Care of Pine Piker Office, Pine City, Minn.

Mail Boxes on Right Hand Side

A farmer subscriber asks The Pine Piker if it is necessary that all mail boxes should be on the right hand side of the road, saying that the carrier on his route informs him that is required.

So far as we can learn, a bill carrying that requirement has been before congress but we do not know that it has been passed. At least no advices on the matter have yet been received at the Pine City office though it is possible they may be coming.

So far as we can see, the purpose of such a regulation would be to make matters as convenient as possible for the carrier and to prevent possible damage to traffic on the roads by having machines or wagons stop on the right hand side, where they belong. These purposes look reasonable to us and we should always work toward the reasonable thing as fast as possible without being required by law to do so.

"Rosen" Rye in Pine County

"Rosen" rye was raised some in Pine county last year, and may be before, but it will be quite generally raised this year if what we hear is all true. Local seed dealers and the County Agricultural Agent have shipped in considerable quantities of the seed and it is being more or less sought all through the county. It is a larger kernel, is a better yielder—upwards of 10 bushels per acre they claim—and is more uniform size than the old rye. It is very like the "white" rye of years past, we are told. Sam Meriman, now dead, raised this "white" rye on his farm east of Pine City ten years ago.

Wm. Martin, living south of Hineley, says that his Rosen rye stood water on the crop and freezing better than the ordinary variety. The Piker has heard the suggestion in this connection that the ordinary seed must have been deficient.

What are the experiences of others?

Begs Will Be Real Money

The Piker's information is that good potatoes will probably be worth from 50 to 75 cents per bushel before the season is very far advanced in Pine county. With the potato crop in southern Minnesota and Iowa practically a complete failure and with nothing surprising in the crop line in the most of the potato producing areas to the country, it surely looks as though the potato crop at least, though good rutabagas with good crops, will not bring many farmers

Pokagama Town News

Louis Gjorvad has begun work on a small barn.

J. H. Holland is making preparations to erect his silo, soon.

Miss Jennie Prytz of Minneapolis moved from last Wednesday until Friday at Andrew Jackson's.

Mrs. H. Hedlin of Meadow Lawn visited her brother John Smithson at the Hurland home, last Wednesday.

John Wicklund spent last Wednesday and Thursday in St. Paul visiting his sister, Mrs. Amanda Thun.

Mr. and Mrs. Jordan Johnson of Minneapolis, who were married recently, are spending a few days with the J. S. Fritzens on Pokagama lake.

Mr. and Mrs. Shever Hanson and little son, accompanied by Miss Cecilia Revenas, all of Mound, are here visiting with Mr. and Mrs. Iver Revenas from Sept. 6 until last Sunday when they returned home.

The John Koch place of 85 acres on Cross lake has been sold to P. Hartman from Chagovana town at \$85 per acre and Mr. Hartman will take possession next spring. Mr. Koch has been on the place about three years and had improved it from wild land. He rather hopes to buy a place in this region.

Chagovana Town News

Work is being pushed on the Pine City road in Pine town, along Cross lake, and we're all glad.

The ensilage cutter at Henry Sande's blew up, Monday, caused by a broken casting, and three things to pieces but injured nobody.

The dance in the town hall, last Saturday evening, was not very largely attended owing to so many attending the county fair dance at Pine City that evening. All had a good time here, however.

Large crowds from the town enjoyed the county fair at Pine City last week, and lots of our people were individual exhibitors. We are all glad that the Beroun farmers club was first premium for their exhibits, since we could not win it ourselves.

Adolph Blacker

Adolph Blacker has sold his 160 acre farm and advertises an auction for Sept. 25—next Thursday—on this page. Adolph is figuring on going into the also construction game with Norman Lindahl after leaving the firm. These young men are both bright and well liked and there is no doubt of their success.

Pine Town News

The ladies aid of the Lutheran church will meet at the home of Lars Grethe the coming Sunday afternoon.

The S. O. Brokies and Anton Jacobson expect to journey to Oransburg, Wis., today, in the Jacobson car, to take in their county fair.

A fire filler blew up at the Hubert Hime farm, south of town, Tuesday of last week, tearing things up considerable but fortunately injuring no one.

Miss Bernice Dodge returned to Independence, Ia., last week, to resume her nursing duties in the state hospital there after visiting at her home, east of town, for a month.

J. M. Odegaard

J. M. Odegaard has his new barn completed and painted, outside, and will get the interior work done gradually. Jennie Lindgren has his new barn completely, inside and out even to the steel machinery. Both barns are about 32x50-14 with gable roofs.

The ladies aid of the Mission church

The ladies aid of the Mission church met, yesterday afternoon, at the Jennie Lindgren home, there being a good attendance. Services were to have been held next Sunday but have been postponed one week and will be held in the Mission church at 2 p. m., Sunday, Sept. 28.

Chas. Ernest Hime

Chas. Ernest Hime of the town board is in charge of the work being done with some of the money from the \$100,000 bonds recently issued by the county on the road along the east side of Cross lake to the Chagovana bridge, and they are nearly done good work is grading and shelling. From the 500 worth of the Roberts residence in the Berlin farm the road is being cut along the lake shore, taking out the rocks and grading to a level from the heavy sand of that locality.

THAT DULL ACHING

Don't worry and complain about a bad back Get rid of it. For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Read the statement.

"Mr. J. Collins, Pine City, says: 'I used Doan's Kidney Pills for backache and after kidney trouble, and found them just as recommended. I had a dull ache over my kidneys and felt run down in general. My kidneys acted irregularly and that was very annoying, so I bought and tried Doan's Kidney Pills, and they soon rid me of every bit of kidney trouble. I felt like a different person. Several times since then I have used bottles of Doan's Kidney Pills, and they have always had some good results.'"

Doan's Kidney Pills, Foster-McClellan Co., Buffalo, N. Y.

ANNOUNCING OUR FALL POLICY

We take this means of announcing to you what we propose to do on fall goods, also at the same time we beg to inform you of the present critical condition in merchandising. Never before in our history have complicated conditions arisen that are to be compared with those of the present day. We foresaw and anticipated these complicated conditions many months ago, therefore we are well prepared to meet these conditions to your utmost satisfaction, which of course will have a tendency for you to make a great saving on your purchases at our up-to-date store.

Do You Want to Sell Your FARM

We have spent lots of money advertising Pine and Chicago County Lands the past few years. Results from such advertising are now coming. We are having big demands for our list of farms for sale and have made numerous sales.

If you wish to sell your farm, list same with us. Our terms are reasonable. You can make your own proposition. We bring bona-fide buyers only and persons who will be a credit to your community.

Call at our office or drop us a line and we will drive out and see you. It costs you nothing to list.

J. W. BASSETT, Manager

REPUBLIC TIRES
With 4-6 Ply Studs

PRODIUM PROCESS and Staggard Studs are the two things that make Republic Tires last longer.

Rubber toughened and strengthened by the Prodium Process resists wear in a really remarkable way.

The Staggard Studs present no sharp edges to be ground down rapidly.

The net result is slow, even wear—like the slow even wear of good steel—and decidedly longer life.

Republic Tires and Tubes, 2011
Dodgeville Road and 12000, are made by

LEAVING "THE OLD FARM"

This year, much more than ever before, farmers in Pine county actually are or are contemplating leaving "the old farm" where they met the difficulties of "getting started" where they raised their family and where they have attained success in the world.

Gradually the burdens of farm work have borne upon them with increasing severity and, with increasing years, they have felt the want of less responsibility, of closer companionships and, possibly, of more handy medical attendance, so that they readily grasped an offer of the comparatively high price for which lands in this county have gone and now stand face to face with departure from "the old farm."

Leaving the old place means little to the younger folk other than relaxation from the kind of life and work to which they have been accustomed from childhood—possibly a freer life in some of the towns of the county or in the cities. But on sober second thought, in the face of the parting, the event has a deeper, less roscate hue to the elder ones of the family for whom the old place holds so many dear memories.

How many proud days they have seen there; how many friends they have entertained there; how much success and happiness they have attained there! Every post and every path holds a memory of hopes and effort and accomplishment; every room of the old house and every tree in the yard carries memories of family life and growth or breathes of the old association of friends.

Leaving "the old place" where one has lived and loved and hoped and worked; where one has felt ambition's spur and accomplishment's pride, is no matter to be lightly met and passed over.

But having left the farm, these folk will receive a warm welcome in any town in the county—in any city in the country. They will bring with them good red blood and future generations of "live ones" they will bring conservative ideas and wealth, since those who leave the farm are almost without exception independently "well fixed" and while they may not be as rich as two or three exceptions to be found in the villages, their average of financial responsibility is far above the average in the village, for they have "made" more as a rule, have had less temptation to spend and have lived more within their means.

The folks—The Pine POKER included—never made any mistakes, we would never make any progress. The only thing is to try to recognize those mistakes and then try not to make them again. There never was but one man who never made any mistakes—and He was crucified.

When a subscriber read the account of the railway accident at Brook Park in last week's Pine POKER, he remarked "now these will be a bunch of suits against the railway for injuries received." Which recalls to our mind that, with government ownership of railways, there will be no opportunity to sue for personal injuries or damage to freight shipped as the government can't be sued. The way those things would be handled would be to have congress make an appropriation covering the injury or the damage and the man with the strongest political pull would get the biggest appropriation.

If folks—The Pine POKER included—never made any mistakes, we would never make any progress. The only thing is to try to recognize those mistakes and then try not to make them again. There never was but one man who never made any mistakes—and He was crucified.

Brother Colby is back at the helm of the Sandstone Courier after a few weeks' vacation, during which he had his appendix taken out at Rochester.

an excellent locality paper and we can readily see that, under the direction of Mrs. Alvey, it promises to make the famed treasures of the cave of All Haha look like a lot of bunk. So, here's to The Banner and its fair editor under her new name—and to Mr. Alvey, too.

STOP THE GAMBLING

The Pine POKER hopes before another year shall have rolled around that the people of Pine county will make it plain to the management of their county fair that gambling for money must not be tolerated on the fair grounds during exhibitions there. It is bad enough that the public taste seems to require the presence in the amusement row at the fair of every known game of chance to extract money from us rubes in return for trinkets and toys without openly getting down to the plane of the fair table and the dice box in the play for cash. Gambling is against the law and corrupting to the public morals.

This is no personal matter but it is a great fact that has long been more or less carried on here and should be stopped.

So far as The Pine POKER is concerned, we have a hundred times more confidence in a drunkard than we have in a confirmed gambler; for the former is all right when he is sober but the latter, because of his insane confidence in his "luck," is never absolutely safe when he can get his hands on your money to "stake" him.

If men insist on gambling in their resorts we know of but one way to reach them but there are a dozen ways of reaching such cases as we refer to, where your boys are openly taught the intricacies of the hardened games of chance and started on the possible road to defalcation and stealing and robbery and every item in the category of crime.

It is against the law and should be stopped.

When a subscriber read the account of the railway accident at Brook Park in last week's Pine POKER, he remarked "now these will be a bunch of suits against the railway for injuries received." Which recalls to our mind that, with government ownership of railways, there will be no opportunity to sue for personal injuries or damage to freight shipped as the government can't be sued. The way those things would be handled would be to have congress make an appropriation covering the injury or the damage and the man with the strongest political pull would get the biggest appropriation.

If folks—The Pine POKER included—never made any mistakes, we would never make any progress. The only thing is to try to recognize those mistakes and then try not to make them again. There never was but one man who never made any mistakes—and He was crucified.

REAL WINTER COMFORT

Enjoy the warmth, convenience and comfort of a thoroughly heated house at little more than the cost of heating one or two rooms with a base burner. A heating system that costs less installed than the war-time price advance of steam or hot water heating system—one which saves 30 per cent to 40 per cent on operating costs, is this

SHAKOPEE SANICO PIPELESS FURNACE

It burns soft coal or wood as efficiently as hard coal or coke. Generates the heat which passes thru a single register and is here distributed by natural air circulation to every part of the house. No heat is wasted. Cellar is kept cool for storage. No dust, ashes or smoke in living room. It is a great comfort and a great economy in every home.

A FURNACE OF THRIFT

The Shakopee Sanico Furnace is truly a furnace of economy and thrift.

It is the safe heating system to buy because it burns any fuel. Because of its low cost and because it burns the cheapest fuel, it is a furnace of great economy. We have this furnace on display on our floors. Stop in and let us show it to you. Best made—costs least in the long run.

W. A. SAUSER

Best Place in Pine county to buy Hardware-Jewelry

To the Patrons of The Family Theatre

Several months ago we ran in this theatre one of the most daring photoplays ever shown on the screen. "Daring" not in the sense that it was cheap and sensational, but that it told the truth about a good many marriages.

The name of that picture was "Old Wives for New," founded on the famous novel by David Graham Phillips. It was an Artcraft picture, produced by that great director—and when we say great, you know what we are only giving credit where it is due— Cecil B. DeMille.

It was the talk of this town for some time after it was shown. People argued at home about it; the consensus of opinion was that it was true in the main.

One good argument of criticism was made against it; so far as we know the only one. It was that the picture was one-sided. It showed how a woman often breaks up an otherwise happy home. "But," the women folk contended, "Isn't the man often to blame?"

Of course he is. And now Mr. DeMille, to show that he doesn't put the blame entirely on the friend of the species, has produced an answer in "Old Wives for New," wherein Female Husband gets his.

It is called "Don't Change Your Husband." Jessie Macpherson, who has written so many scenarios which you have enjoyed, wrote it. We think you will find the woman's angle, written by a woman, as interesting as the man's viewpoint, written by a man.

You'll thank us for calling this picture to your attention. Will be at The Family Theatre Saturday, Sept. 20.

Yours sincerely,
H. N. TURNER, Manager.

Matinee—5c and 15c : Night—10c and 25c

WANTED, FOR SALE, LOST, ETC

- Life, Health, Accident Insurance**
Are you carrying sufficient life, health and accident insurance? If not, see or phone Ernest T. Borchers, Pine City, 2-17

Do You Remember Gasless Sundays?

NO better way could be found to illustrate and emphasize the usefulness of the Standard Oil Company (Indiana), and the broad and varied service it renders, than to take five minutes and imagine a gasless year.

Think how our lives instead of being full and complete through association with our fellow men would be circumscribed by the barriers set up by shank's mare.

Think how manufacturing would be hampered. How industry generally would be crippled. How crops would go to waste through inability to harvest, and the leaps and bounds that the cost of living would take.

Instead of the natural expansion of business that comes from service and usefulness, the whole structure of business would be hampered through sheer inability to render to society that service which society has been accustomed to demand.

The Standard Oil Company (Indiana) is a public servant owned by 4649 stockholders, no one of whom holds as much as 10 percent of the stock.

The Standard Oil Company (Indiana) is doing a big job in a big way and has grown great simply by reaping the rewards that come from rendering the service demanded by business and society in a manner satisfactory and beneficial to the world at large.

The H. W. Hartes drove to Thuraid, last Friday, where they visited at the home of their son, R. G., until Monday.

R. J. Breckenridge was up from Brooklyn, Ia., to spend the week-end with the members of his late brother's family.

Another treat for patrons of the Family theatre, Thursday and Friday, Sept. 25 and 26, in "The Romance of Tarzan."

Word from Mrs. Susan Shearer, who is visiting relatives at Warren, Pa., says that she is enjoying her visit, not mentioning her time for returning.

If you saw Tarzan of the Apes you surely won't miss "The Romance of Tarzan" Thursday and Friday at the Family theatre, Sept. 25 and 26, prices 15c and 35c.

Clifford Perkins moved, a week ago, into the Ves house which was vacated by the Bownmans who have moved to Minneapolis.

The north bound noon train is developing such a tremendous express business in milk and produce to the head of the lakes that it is being dubbed "the peddler's pack."

Eric Olson and Mr. Lindquist began the erection, this morning, of a silo bought from the Parish-company by Albert Lloy, which is now just east of the village.

Miss Blanch Kittelson recently arrived from Bruce, Wis., to spend the school year at the home of her sister, Mrs. Wm. Bantleon, while again attending school here.

Lamont Stuck was run into by a swiftly moving automobile while wheeling home on the Federal road, last week, his wheel being badly smashed while he barely escaped serious injury.

Glenn Coleman returned home, last week, from a month's work in the harvest fields at Lanken, N. D., where he reports wheat of good quality and going from 10 to 15 bushels per acre.

Mr. and Mrs. Meyn of Chicago are spending the week visiting her sister, Mrs. Luebker of this place. The Meyns are taking a trip west and stopped here to see their relatives.

Mr. and Mrs. Bergstrom of Stanchfield spent the week-end at the Chas. Erickson home. They recently came from the same locality in Sweden as that from which the Ericksons came years ago.

J. Rickstrom, who has been visiting relatives here for a few months and varying life by doing a little work now and then has gone to Rush City where he has charge of the Anderson repair shop.

Mrs. M. R. Webster, who has been very ill for several weeks at the home of her daughter, Mrs. Hedge, continues in a very serious condition but with the best wishes of many friends for her recovery.

Dr. Scully has purchased the lot just south of the Jos. Lones residence on the east side and will excavate and put in a foundation this fall for a bungalow which he plans on building next year.

Mr. and Mrs. Frank Cermak returned home last Sunday from a 2-months trip in which they went as far west as Oregon where they visited relatives and friends and south to Monowi, Neb., where they visited the Matt Prochaskas.

John Hehl began work, the first of the week on the foundation for a small bungalow which Jos. Karsky will build for him on the corner southeast of his old home corner which he will soon have to vacate as he has sold to Chas. Anderson from Pine town.

Frank Prochaska arrived, Sunday, from his home at Monowi, Neb., and will attend high school here, this winter. He reports his folks, the Matt Prochaskas, well and says that Miss Emma will teach at Lynch, a town about six miles from their home, this year.

W. W. Clark has purchased the Fryberger home occupied by Ed. Gales and the two families will exchange residences the latter part of this week. Mr. Gales having rented the Stoehi house which the Clarks have occupied, though he

may decide to build this fall.

On one side, a whole gang of cattle thieves who live by their guns and love nothing better than a blood battle. On the other side, a city youth who's afraid of his shadow—and a girl. Who wins? See Chas. Ray in "The Sheriff's Son" at the Family theatre, Sunday.

Arnold Lee came home, last Thursday after 28 months of service in the navy, an 18 1/2 years of which was spent in European waters or on French soil. Jas. Babcock is also home after 18 months of service in the navy during which he made—trips across the pond.

Births in this region since Aug. 26 are: Alroy at the Arthur Hanson home on Aug. 20, a boy at the Ed Rozum home east of town on Aug. 28, a boy at the Frank A. Star home on the St. Croix road on Sept. 5 and a boy at the Jas. Cawson home east of Rock Creek on Sept. 5. No births reported the past week.

Miss Ruth Greenley went to Kerkick, last Saturday, to take a position in the village consolidated school. Her place in County Sept. Miller's office has been taken by Miss F. A. Wiley who is well acquainted with the work through former experience.

H. L. Joslin and wife of Fayetteville, Ark., arrived, Tuesday, for a visit at the home of his son, V. P. Joslin, on the east side of Cross lake. Their last visit here was three years ago, since which they have been living in the balmy atmosphere of the Ozark mountains and are now bound to California by way of Washington state.

Dances are advertised in this issue of The Piker for Millers hall at Henriette and at the Maple Grove pavilion on the Brunswick road. Also, one is to be held next Wednesday evening in the Pokegama lake town hall. Read the ads for details. All these places are known as giving the dances a good, square time and they always enjoy fine crowds.

The north bound limited was very late Monday, caused by running into an engine in the St. Paul yards while pulling out. The engine pulling the train was put out of commission and one pushing jammed into the rear platform of the observation car, making it necessary to change both engine and observation car.

The Rybak car went into the ditch on the Federal road about two miles south of town, last Saturday evening. Miss Clara Rybak was driving and, in passing another car she gave it to wide a berth, got into soft dirt and broke a wheel off which threw her car into the ditch. It is doing no further damage than to bend a fender.

Wm. Bantleon expects to have his new barber shop ready for occupancy before long. The brick work was finished Tuesday and the composition roof is being put on today and Mr. Bantleon figures that, as soon as the plate glass front is set in place, the building will be completed within two weeks. It is a dandy—built the best in every way.

The Development Assn. has in mind ever since its organization, a Pine City building and loan society which would give people wishing to build homes here some backing to allow them to carry out their desires and it looks now as though this would be accomplished, the home building committee informs us, and a Pine City building and loan society become a fact before long. There is certainly a demand for it.

Some excellent work is being done this week in regrading and improving the road along the east side of Cross lake, from a south end of the lake to the Chenuvian bridge, under the direction of Ernest Hinz, chairman of the supervisors of Pine town, the recent \$100,000 county bond issue being responsible for \$300 of the money for the work. The road from the fill north of the Roberts residence to the Joslin farm is being put along the lake shore, straightening it and getting it out of the sand which is very bad there.

R. G. Jones will auction his purebred and other live stock and farm machinery, Saturday of this week, Sept. 20, at his place south of town, which he recently sold. The sale will begin at 10:30 a. m. and will doubtless be one of the best sales ever held in this region—read a complete list of the sale in the ad in this paper. Mr. Jones is still at the Taylor sanitarium at Pokegama lake where he went for recuperation some weeks ago. The best wishes of hosts of friends are for his speedy recovery.

Mr. and Mrs. Wm. Peters announce the marriage of their daughter, Emma-Marjorie, to Mr. Edward Charles Anderson at Seattle, Wn., Monday, Sept. 15, the attendants being Miss Olga Anderson and Prof. C. L. Anderson, both cousins of the groom. After a short trip to Victoria, B. C., they will leave Mr. Hunter and be at home after October 1 at 509 East Thomas St., Seattle, Wn. Miss Anderson went west about a year ago and has been employed there as bookkeeper for a wholesale firm. The best wishes of many old friends in this region go to her and her husband for a long and happy married life.

WHAT WOULD GRAND- ma Have Said Fifty Years

Farmers' Co-operative Creamery

in your vicinity, where milk and cream are handled for over 300 farmers, and where as many as 45000 gallons of milk are taken in daily to be shipped 100 miles distant to be consumed or there condensed and shipped to far corners of the earth. Have also hundreds of pounds of butter, or churned daily which is sold to farms 200 miles distant, eaten by people in the eastern cities, or exported across the ocean to feed people of foreign nations.

Modern Methods of Handling

milk and cream makes an every day happening of what a half century ago would seem a miracle. It is the privilege and to the advantage of dairy farmer to patronize a modern creamery. We are here to serve you.

Pine City Co-operative Creamery Assn.

Yes!
they ALL look alike, but it's what's inside the Shell that really determines the Value

You must "crack" the shell to find out if it is really good—whether it is eggs or heating systems. You know, a heating system you see installed in someone's home really tells you nothing of the "works" inside, and it's the works that determine economy, durability, cleanliness, service, and satisfaction.

The Round Oak Moistair Heating System

is not what you see when the casing is on, but the powerful system, stripped of its "shell." Examine the illustration at the bottom. Read the five star points and then let us mail you—free—the large, illustrated book that explains clearly and in a simple, powerful manner the fundamental principles of the economical and healthful heating of homes. May we also tell you of our free heating plans and engineering service?

Long Distant Telephone
Rates Are Standarized

Long distance service is often conducted over the
wires of more than one company and frequently
across state lines.
Heretofore there have been several differences in
the methods of quoting long distance rates by
various companies.

This resulted in much confusion because of the
many different conditions involved. This was
not only expensive but caused many difficulties
in operating the long distance lines.

Under the rates now established long distance
service is on the same basis throughout the
country whether it is inter-community, inter-
company or inter-state. It is available every-
where on the same standard terms.

ROCK CREEK NEWS DEPARTMENT

Wherein is Published the News of the Rock Creek Region
It is intended to help Rock Creek in every way antioctoloyous aid

Silo Owners Are Mighty Thankful
All farmers of this region are first of the week, on excavating for the foundation of his new garage. He is going down to the sand—about four feet on the east front and half as far on the west end. He expects to raise the foundation about three feet above the ground, making it a foot above the bridge level, and will complete it and fill it in this fall so that he can put the concrete floor on and put up the fire proof superstructure next year.

He is making the main building 60x80 feet with the front to the east and will have entrances for cars on the east and north sides, the front entrance to the Federal road bridging the creek. He is including putting up another building at the rear of this one, to be used as a blacksmith shop facing north.

W. A. Chadwick is in charge of the work.

Potato Market Opens Well.
The Benge potato warehouse opened Monday, with O. W. Barringer in charge. This is the second warehouse to open here, the Rush City Merc. Co. having started operation a week earlier. Others will doubtless open next week, or soon.

The market opened Monday with a price of \$1.70 per cwt. on Kings and \$1.75 on everything else. Last week there was a fine run of potatoes practically all week, which fell off the first of this week.

General opinion seems to be that the crop of spuds in this region is about two-thirds last year's crop. They are of fair size and pretty clean.

Digging the potatoes reveals the peculiar fact that one field will in some instances produce little or nothing while another alongside will show a fine yield.

Silo Owners are Mighty Thankful
All farmers of the region are busy filling silos and most have more than enough material to put into them. Lots of new silos have gone up in the Rock Creek region this summer—E. J. Anderson sold 14 besides those bought by J. C. Bohrendt in the latest convert. He ordered last summer but later thought he needed a new barn more than the silo, so countermanded the order, but lately he reconsidered and is now expecting a 12x28 silo from E. J. Anderson which he figures will help pay for a new barn.

Rock Creek Young Folks Wed
Miss Mary E. Orvis, daughter of Mr. and Mrs. Frank Orvis living east of Rock Creek, and Ernest L. Martin, son of Mr. and Mrs. Henry Martin living south of the Creek, were united in marriage at the home of her sister, Mrs. Stanley Hanson, northwest of Rush City, Aug. 14, by Rev. W. E. Young of Pine City. They expect to make their home with the groom's parents.

The wedding ceremony was performed on a small platform, decorated with the national colors, under the large trees in the yard, an arch of roses being held over the wedding party by little Myrtle Scott and Gladys Orvis. Miss Rosa Fowler of Brook Park was bridesmaid and Leonard Peterson of Pine City groomsmen, while little Mary Tate bore the ring in a large, white lily and little Gene Orvis was flower girl. Miss Lesta Burton played the wedding march.

Rev. Jos. L. Malm, the new pastor of Elm Baptist church, southeast of town, is getting installed in his home there. His household goods—a car load—arrived Monday and he and family drove up from Meriden, Ia., arriving yesterday. It is two years or so since Elm church had a regular pastor and he is gladly welcomed by the congregation. He will also have charge of the new Baptist church in Royalton town, north of Croely, giving it a quarter of his time.

Mrs. E. J. Anderson returned home, last week, from a visit to Watertown, S. D. From Thursday to Monday the Anderson home entertained her uncle and cousin. Mr. and Mrs. Fred Hoefler and Sven Sivert. The latter recently returned from 18 months service in France, having enlisted although he had been in America only a little over a year and was not naturalized.

Considerable interest in the county fair, last week, was felt by Rock Creek folks and, among the exhibitors from here that we know of, were Mrs. Hugh Algire, Miss Esth-
er Johnson, C. E. Anderson, John Behrens and Otto Schmidt. There was quite a large attendance at the fair from here and all the young folks went up to the dance, Saturday evening.

E. J. Carlson and Miss Clara Schuber were united in wedded by Judge Therrien in the court house at Pine City, yesterday afternoon and will make their home with the groom's parents—Mr. and Mrs. C. F. Carlson on their farm east of town. Everybody wishes them a long and happy married life.

Some of the youths have been having lots of fun, evening the past

week, exposing an auto tire in the Federal road near the bridge, which they would jerk out of the way when approaching autos had slowed down sufficiently. They say that the commotion of some of the auto drivers is simply amusing.

Henry Martin and wife are Duluth visitors for a few days, having gone up Tuesday. They have sold their farm, 2 miles south of town, to a Iowa man through the Big Croix Valley Land and Loan Co. of Rush City and will give possession next March.

Andrew Olson from Dell Grove town has purchased the Halmer Johnson farm, five mount line of here, for a \$10,000 consideration for the 60 acres and will take possession next spring. He is one of the good farmers of the Dell Grove country.

Otto Torke, who recently purchased the old Jos. Hudak 80, five miles northeast of the Creek, arrived with a carload of goods from his Iowa home, Monday, and the following day moved out onto the place. He is a brother-in-law of Mr. Holst who lives east of town.

Louis Pehn returned to his home at St. Paul last week after a couple of weeks visit at the home of his brother of J. D. Miss Blanch Pehn also returned to her work at Fort Scott, Kan., recently, after a 10-day visit at home.

Leonard McNeal will hold his auction on the Strandberg farm, just east of the village, on Friday, Sept. 26, and the Jones auction, north of town, will be held this week Saturday, Sept. 20. Read the ads on this page.

The creamery is doing excellently and promises now to make a good showing on the right side when the annual meeting is held. We believe it is several months since such a happy condition prevailed before.

The John Ericksons, accompanied by his father, returned home yesterday from a 3-weeks auto trip to Iowa points, going as far south as nearly to the Missouri line.

Mrs. Sarah Morgan of Oakesla, Ia., is spending a couple of weeks at the home of her sister, Mrs. Mor-

LEONARD McNEAL, Owner

Wm. H. Barnick, Auct.

L. R. Becklund, Clerk

row, and expects to return home next week.

Godfrey Anderson has been unable to get the electric motor he intended for his feed mill and will continue with the gasoline engine for the present.

Have the bills for your auction sales printed at The Pine Piker office. The Piker boasts the Creek region—give it your printing.

The Hjerner Johnson threshing outfit is operating, this week, in the region east and south of the Pine Grove church.

All schools in Rock Creek town are closed this week while the teachers are in attendance at the insti-

tute at Hinckley.

The ladies aid will be entertained at the Leo Skellie home, east of town, tomorrow—Friday—afternoon.

Read the "ads" in The Pine Piker. They will save you money on something that you want to buy.

Chas. Merriott is preparing to build a 16x50 hog house on his new farm—the old Julius Anderson place.

Miss Jennie Strandberg was home from Ferris Falls from Friday to Sunday last.

Axel Johnson of West Rock lost a heavy mare by colic, Monday.

(From Publication West.)
Citation for Hearing on Petition for Administration
Estate of G. M. Hudson.

Farmers Warehouse To Be Built At last it looks as though the long-looked-for farmers' warehouse would be built here.

A few days ago a railway representative from St. Paul called J. W. Chalupsky to the depot and informed him that the railway was ready to grant the farmers a site between the Stroberich's and Interstate warehouses, north of the depot, but was told this would not be sufficient for the farmers and would only cramp the other shippers who would soon need more room. Then he offered 100 feet, south of the crossing, then 150 and finally the 200 feet asked and needed by the farmers.

He told Mr. Chalupsky to go ahead and advertise for bids for construction and that notice is printed elsewhere in this issue.

Traveling the Federal Road

The Federal road, on which re-grading work has just been finished from the Mission Creek bridge to the four corners south of town, is now being treated to a 4-inch coat of gravel hauled from the Beroun farm, three miles east of town. Work on this was begun last week and with the work done to a little north of the warehouse, it is figured that it will probably take all the fall to finish. Our understanding is that, after this coat of coarse gravel works in this fall, another coat 4 inches of more finely screened gravel will be spread on top of it and it is figured that this will give a good road next spring instead of the mess that we had this year.

Bids Wanted

Bids will be received by the board of directors of the Beroun Cooperative Warehouse Company at the Beroun State Bank up to Saturday, Sept. 27, 1919, up to 2 o'clock p. m. for excavating a 2x50 basement wall 6 feet high. Further specifications may be had on application to J. W. Chalupsky, Beroun. Each bid must be accompanied by a certified check for five per cent of the amount thereof. The board reserves the right to reject any or all bids.

Faction of Sheep, Saturday

Abe Slegle, the well known cattle buyer, has received a car load of breeding ewes and Shropshire lambs, to which he will add a little more live stock and hold an auction at Beroun on Saturday afternoon of this week. Read the ad elsewhere on this page and tell your neighbors about it.

Miss Anna Kopacek was on the sick list the first of the week. Read the ads in "The Pine Packer" they surely save you money on what you want to buy.

Frank Horeys sold the old Mikyska 80, a couple of miles north of town, yesterday, to John Likka from Mendota who expects to move on about Nov. 1.

Miss Mabel Neval was down from Duluth where she is employed in the Herald office, to visit with her folks northwest of town, from Monday to Thursday.

Several in this region are figuring on new barns or houses, mostly barns. Some of these will be put up this year and some probably will go over to spring.

William Fisher, who has been out of his place in the creamery since Sept. 6 on account of sickness, is better and is expected back on the job the latter part of this week.

John Tenka's horses were let out of the Mikyska barn by some joker during the night, any damage of any kind should result, the "joker" would be liable and the "joke" be on the other foot.

Visitors at the A. B. Reese home, north of town, drove back to their town home today after a week's stay. In the party were their two daughters, a son-in-law and a nephew.

The auction at the J. F. Holt farm, seven miles east of here, yesterday, drew a good crowd and everything sold well. We understand that Mr. Holt figures on going to a warmer climate though we are not informed when he will leave.

Mrs. Alex. Anderson, accompanied by her two daughters, Mrs. Hoff of Benson who has been visiting here a couple of weeks and expects to leave soon and another, were at Beroun City from Tuesday to Thursday to visit at the home of Mrs. Anderson's mother.

Rudolph Hoff came home from the Great Lakes naval training station, near Chicago, last Saturday, on a 10-day leave. Monday, he and his mother left for a week's visit in the southern part of the state. Rudolph has been in the service one year and has three more to serve.

The Jess Hanson place, south of town, which was reported sold, turns out not to have gone, so Henry Frost will remain on the farm.

Mr. Frost received an offer of \$2 per bushel for potatoes in town, E. G. B. there is a hurried 500 bushels of his own potatoes

into a car, Tuesday, bought another car load from Stroberich Bros. and started with them yesterday.

This, Kopacek sold his farm, just south of the village, to Mr. Carlson from Iowa who will take possession next spring. To guard against "moving day" Mr. Kopacek has had Earl Dyer putting in the concrete foundation for a six-foot bungalow which he will erect on lots just west of the Catholic church. The foundation was finished the first of the week and Wm. Hoode will begin work on the superstructure probably the first of next week.

A game croquet which more than filled the Matt Neuman home north of town, Monday evening, greatly enjoyed themselves at a party in honor of Miss Elizabeth Lyppi of Duluth who is spending a couple of weeks at the Neuman's. Miss Jennie Neuman who is home from Duluth for a vacation and her cousin, Sammie Hill, who returned to Duluth, yesterday, after a few weeks visit at the Neuman's. Games and dancing and lunch were enjoyed.

A Little Dope on Base Ball The Hincley ball club autoed over last Friday afternoon, and were cleaned up in one of the first games that has ever been played here for years, by a score of 2 to 4. Hincley came and were sure of victory over the local team because they defeated the local team some weeks ago by the score of 3 to 0 and had also cleaned the Mora ex-leaguers a few days previous by a score of 2 to 1. Manager of the local team did the twirling with Lambert back of the bat and the old pair sure had Hincley's goat right from the start.

Johnson was sent to the mound by Manager Brennan with Kalle back of the plate. Manager Brennan selected Abe Carlson of Rock Creek and Kaiment of Brook Park to do the umpiring, this was O. K'd by Mr. Yost, and at 3 o'clock Carlson called the game and the great battle was on.

Hincley went to bat but was quickly retired by the strike-out route, the first two men of Pine City going the same way, but the third man up was "Red" Hoefler, who stopped into the batter's box with a smile, as if daring Johnson to put one over, Jonson was a little dubious about letting Red hit the ball, however, and tried to make him bite at three wide ones but nothing doing on Red's part, the fourth ball pitched hit the heart of the pan and by the time the excitement had subsided, Hoefler had landed safely second and before the fans could catch their breath he had stole third. Lambert was on the bat, caught one of Johnson's shants in the neck, driving it over three bases and Hoefler scored a run. Nothing doing further in the score line until the fifth inning.

Schmidt went to the plate and drove out a single to center and Yost followed with a single to left. Kowalke then struck out, Kalle cracked one to deep-center, which was gathered in by Jure Johnson, Schmidt scored on the throw-in. Hoefler then drove one through the second baseman and Yost scored, making the score 3 to 0. In the sixth inning, a scratch hit over second base and put two on, Lambert on short, and two of Hincley's men on bases, Yost then struck-out the next two men, but made a wild pitch, which stationed a man on second and third, catcher Kalle was then at bat—caught one of Yost's plants right in the nose for the first clean hit of the day for Hincley and scored the only two runs of the day for the victors. In the last half of the eighth, Lambert was the first man to the plate with his old wagon-swing, the second ball Johnson cut across, Lambert cracked it for the second 3-base hit of the day, and a minute later which was gathered in by Jure Johnson and Lambert scored on the throw-in. This settled all the scoring for both sides. Johnson pitched fine ball for Hincley, allowed but 3 hits, 2 of them were on 15 scratch order, and was easily assisted by me.

Yost was only assisted by catcher Lambert and his deadly throwing arm, Lambert did not allow a man to top a bag and besides, he landed on the pill for two 3-base hits.

The line up of the two teams was as follows: Hincley, J. Johnson of Bremen 2b, Vupex If, E. Johnson of Pine City, 1b, Westman of Pine City, ss, Dumphy 3b, Kalle c; Beroun, Kowalke If, Kalle 2b, Hoefler 3b, Lambert c, Wilcox rf, Benda cf, Schmidt 1b, Babcock ss, Yost p. Pine City—0 0 0 0 0 0 1 x—4

Batteries—Hincley Johnson and Rolle; Pine City Yost and Lambert; Struck-out—Johnson 12 Yost 15; Hits off Johnson 6, Yost 3; Three-base hits Lambert 1; Two-base hits Hoefler 2, Lambert 1; Ump: Carlson and Dalstrom; Time 1:40; Attendance 500.

Moore Lako was badly trimmed by the fast Hincley team at the Hincley last Sunday, by a score of 5 to 14. "Red" Hoefler of this city assisted the Hincley club

BIG AUCTION

SALE at BEROUN

on SATURDAY, SEPTEMBER 20

beginning at 1 o'clock

One Car Load

of good, young, black-faced breeding ewes and Shropshire lambs. These sheep will be sold in large lots as buyers want. Also, two well bred yearling colts.

ADOLPH BLAZEK, Owner

N. Perkins, Clerk

A. J. Hall and I. A. Holler, Auctioneer

Red cracked the pill for two 3-base hits, but tried to stretch one of them for a homer and was caught at the plate by a hair. Hoefler in association called on the pitcher without a doubt, would make good if anything else in the game.

Pokegama autoed over to Rock Creek, last Sunday, and were cleaned up by a score of 4 to 15. Schultz, Kowalke and Youngbauer composed the battery for Pokegama. Manager Yost and Wilcox worked for doubt, would make good if anything else in the game.

Saturday evening when everything was quiet and all the chickens had gone to roost, Herman Hansch of Mora, slipped out of town and was next seen dancing with easy-ness on our armory floor. Herman was one of the best twirlers that ever hit this neck-of-the-woods. He has a way of doing the first station about an arm's length, j.m.

going to hand over a package of Camels the day he leaves the batchelor's row. Thank!

Hincley's second baseman played in the balance of his life. He may have been a second runner carry his life but he sure couldn't carry his ability as a ball player now—Hincley Enter price.

When the local manager read the above article he, Friday noon, and was much excited to find who the second baseman was—and to the local manager's surprise found it was manager J. A. Jensen. The local manager will admit that James has not the classiest, but under in the business but you put a first base hit, on this man's Bremen bid are several good game left in him. The Pine City manager will yet have a you know, the first station about an arm's length, j.m.

Read the ads in The Pine Packer, they will surely save you money on what you want to buy.

Says Efforts Failed

Was Unable to Get Relief from Trouble Until He Took Tanlac

"My efforts to find a medicine of treatment that would overcome my troubles, failed completely until I commenced taking Tanlac," said Earl O. Freedy, a well known gardener who lives at 705 Kenwood Parkway, Minneapolis, while talking to a Tanlac representative the other day.

"I had a bad attack of pneumonia about eighteen months ago," continued Mr. Freedy, "and up to this time I commenced taking Tanlac. I had been having a pretty tough time of it ever since. For about three months after getting up from this attack I was not able to do any work at all. I finally improved to the extent that I was able to do a little work and then the 'flu hit me, and this just about put the finishing touch to me. Well, I managed to pull through this trouble and after being in bed for several weeks I was able to be up again. Yet my entire system was left in a terrible weak, run-down condition. I didn't have any appetite to speak of and what little I did eat didn't seem to give me any strength or energy to get about very much, and the different medicines I took didn't seem to do me any good at all."

"I had been reading so much about Tanlac, and what it had done for so many other people, so I decided to give it a trial myself. I didn't think it was possible for anybody to improve as fast as I did after taking Tanlac. Why my troubles have been completely overcome, and I am so well and strong now that I not only put in full time at my work every day, but I work in my garden at home until dark every night. I have such a big appetite that three meals a day doesn't satisfy me, and I like to eat a little between meals. In fact, I just feel fine all the time and never enjoyed better general health in my life. I have helped so good many people to take Tanlac, and every one of them have been certainly benefited by it, and I certainly like Tanlac in recommending it to anybody who is in a run-down condition from any cause."

Tanlac is sold in Pine City by Dr. J. Proelaska.

County Fair Was Fine

(Continued from first page) of the two teams beat everyone in a good manner. The Hinkeloytes

were very much surprised at the outcome of the game, and the failure of the long end of the purse. This was one of the fastest games seen this year, good ball being played—with the exception of lengthy debates, over some of the decisions of Abe Carlson, umpire, which started considerable argument indulged in by both players and spectators and finally culminated in Frank Hanson of Rush City being sent in to finish the umpiring. The game was a hard fought battle, both teams playing good ball. The result was 4 to 2 in favor of Pine City. Space will not permit here of a detailed account of the game by innings, but this will be found in the base ball column of this issue.

The Boxers Were Careful

The fair association staged a smoker at the arena, in the evening, when two boxing bouts were witnessed. After considerable waiting, Paul Perkins climbed into the ring about 9:30, and introduced Mr. Hamline of St. Paul, who acted as referee. The preliminary bout consisted of 6 rounds of 2 minutes each between two St. Paul boys, Cahill and Stroud, who gave the fight fans lots of whirled action and jumping about, but very little fighting. One of the fans remarked during this fight that you could bet on either of the boys and lose your money. The spectators, however, the main event participants—Charles McCarthy who fought here on the Fourth and Johnny Salvatore—a warm reception, but a real disappointment after being expected to see a real hard fought battle, or at least a good sparring match. The fighters were handicapped, however, by a loose canvas and poorly constructed ring and were afraid to step on the ropes after Salvatore had landed into the rope which broke one of the corner posts—this being repaired while they were fighting and landed on his back in the audience. They a fair sparring exhibition but very few blows were landed although Salvatore made many quick swings which McCarthy was quick enough to dodge. The boys fought eight rounds of 2 minutes each and both were in the pink of condition after the fight. The referee for the Pine Poles, was told by Salvatore after the fight, that he had a warm spot in his heart for Pine City as he was married here December 27, 1916, by Judge William S. then probate judge, to Miss Bertha C. S. Wagner whose parents resided near Finlayson, and wished to inform the judge that he was a happy married man and would always remember him for the part always rendered him for that time.

The smoker set the association back about \$100, as the event cost them a little over \$300 and there were only about 200 present at \$1 each.

Rain Saturday Cut Attendance

On account of the rain, Saturday, the crowd at the grounds was not nearly as large as the day before, but nevertheless the afternoon events opened before a good attendance. At 2:30 Win S. McEhlers introduced Albert L. Hirschman, secretary of the day, who as secretary of the Minnesota 1/2 mile to enforce the peace, gave a very interesting talk on the "League of Nations" and

PERFUMED BO-RAXO

For Everybody During 20 Mule Team Week

FOR ONE WEEK ONLY beginning MONDAY, SEPTEMBER 22nd, the dealers named below will present FREE a full sized 15 cent sifter top of BO-RAXO to every person who purchases of them a one pound package of "20 MULE TEAM" BORAX and a half-pound package of "20 MULE TEAM" BORAX SOAP Chips. Three Wonderful Products for the Price of Two.

BO-RAXO "The Supreme Skin Cleanser"

is a delicately perfumed toilet and bath powder containing the correct percentage of Pure Borax to cleanse and preserve the skin. BO-RAXO makes a rich, creamy lather that dissolves out the dirt without scrubbing. BO-RAXO keeps the skin soft, smooth and healthy. BO-RAXO removes auto grease and grime quickly and easily. BO-RAXO cleans and purifies the hair and scalp. BO-RAXO cleanses the pores letting them "breathe" which is the first step toward a healthy and beautiful skin. BO-RAXO makes bathing a delight because it leaves a sensation of perfect cleanliness. Children enjoy being washed with BO-RAXO because it makes them smell and feel good. The sifter top can make BO-RAXO an individual sanitary cleanser for every member of the family. BO-RAXO is better and more economical than any soap. Get a can of BO-RAXO and a booklet FREE.

"20 MULE TEAM" BORAX The Magic Crystal

is a harmless water softener, disinfectant, deodorizer and cleanser. Have more than 100 uses in the home. Destroys germs. Drives roaches away. Cleans and brightens silverware, porcelain, glassware, metals, woodwork, floors, bath tubs, wash basins, brushes, tea and coffee pots, gas and coal ranges, etc. Secure a "Magic Crystal" booklet and learn more about this wonderful natural crystal of magic properties.

"20 MULE TEAM" BORAX SOAP CHIPS The Perfect Cleanser

are one part pure "20 Mule Team" Borax and three parts pure white soap—perfectly blended—making an ideal combination for perfect cleaning. They cleanse and disinfect anything that can be washed. They will not injure the finest fabric.

They wash Woolens, Flannels, Blankets, etc., without shrinking and leave them soft, clean, sweet smelling and sanitary. They clean and brighten rugs and carpets. They make white goods whiter and colors brighter. It's the Borax With The Soap That Does The Work.

Secure FREE "BO-RAXO," "Magic Crystal" Booklets and Soap-Chips, "Direction Cards" at the following Bo-raxo Distribution Stations.

BRECKENRIDGE'S PHARMACY

PINE CITY, MINN.

reviewed some of the "salient" features of the war. His speech was keenly enjoyed by those present and was warmly applauded at the finish.

Following the aerial exhibition by the Delanos the first race of the day was run, this being a motorcycle race with two machines competing, these being driven by Eddie Eng and Carl Freeman who rode 4 miles for a purse of \$9 and \$7, the event being won by Eng in 8 minutes.

The novelty race was competed for by Fred Kaehle and Calvin Kelley the competitors harnessing, hitching and racing a half mile for a purse of \$9 and \$7. Kaehle being five entrants, John Woodhead, Geo. Haynes, Jas. Engel, Gerard Anderson and Geo. Johnson. The five cars were lined up abreast and

made a standing start, running 3 miles, the winner being the car driven by John Woodhead in 35 seconds and 35 sec this being a little better than 30 miles an hour which was fast time considering the condition of the track.

The others finished in the order named above. Geo. Johnson ran into the fence on the east curve in the second lap, tearing a hub off a front wheel which made necessary for him to discontinue the race. This was a dandy race for skill and speed displayed in rounding the curves and negotiating the straightaway. The last event staged during the day was one that should have been seen by every visitor attending the fair, as its big feature was entirely new to the spectators who were doubled up with mirth. This was the draft-horse pulling contest. A bobbed was dragged onto the track Kaehle, who was hitched to the sled. Three loose planks had been laid lengthwise on the sleigh and after considerable coaxing by P. W. McAllen, 25 respectable and well-dressed citizens of Pine county were induced to stand on the sled, bunched together and holding each other by the shoulders. The horses were slow in getting into the harness, finding considerable sea-sawing. Finally they started with a jerk and 25 sprawling human beings went flying through the air and landed in a mass of squirming, twisting and humanly with entangled legs and arms in the dirt behind the sled. Those who were standing near the front end landed on their backs on the rear end of the plank and slid off onto those already sprawling on the ground. McAllen, the heavyweight of the crowd, did not mount the sled and the crowd always will believe that he had a sneaking idea of what would happen when the team started. Henry Fara claims that this mix-up had any well west show he ever saw backed off the boards. That ended all endeavors of the officials to get anyone to stand on the sled and finally planks were taken from the platform and laid crossways.

This gave seating capacity for 34 men. Hubert Hines was the first to try his team on this load and they moved the sled about a foot, winning first money of \$8, Herbert Smith came next getting second place and \$4, and Fred had no record but also receiving \$3.

The army was crowded Saturday evening for the "Grand Ball" conducted by the fair association, during the final event of the dance being the final event of the 1917 Pine county fair, and netted the association about \$250.

A Few Accidents. None Serious

There were a number of accidents during the fair although none of them have proven serious, so far the worst of these happened late Saturday afternoon when the machines were leaving the grounds. A machine driven by the young son of C. O. Daniels while turning around knocking her to the ground and would have passed over her body if it had not have been stopped instantly. Mrs. Madison was badly bruised, as yet, serious trouble has developed, as yet. During the ball game a foul ball went into the crowd on the 3rd base line, landing on the cheek of

one of the boys who was smiling to learn—and caused considerable swelling and much pain. He received the full force of the ball and it had hit him on the side of the head without making the accident the crowd kept pressing forward and a few minutes later a little girl about 5 years old was hit by another foul ball. This, however, was not so severe as the ball had hit the ground and bounced hitting the little one in the head.

The little 2-year-old daughter of Richard Lindstrom got lost from her parents about noon, but was found late in the afternoon in front of the Richards' house.

Fair Notes

Jack Bassett and Frank Hanson of Rush City were in the judges' stand during the racing Friday. Frank also assisted in umpiring the ball game. Considerable of the fruit in that exhibit was packed in a barrel and shipped to the northern part of the county by the Red Cross

they destroyed by the hail storm on there whose fruit crop was entirely destroyed by the hail storm during August which even stripped the tops of their leaves.

The Pine Poles will publish the complete list of prize winners at the county fair in installments as soon as it can be secured from the secretary.

Mrs. B. G. Hans was taken Tuesday to the Swedish hospital at Minneapolis where she expects to remain about six weeks, taking treatment. Mr. Hans took the children to Princeton, Vermont, where they will remain with their grandparents until their mother's return.

Amo C. Lawrence and wife arrived this noon for a couple of days' visit at the home of his parents. They were married at Grand Forks, N. D., where he is employed, and where they will make their home.

Mrs. R. A. Lawrence went to Detroit, Minn., last Friday, to look for a house into which to move. She was accompanied by her son Jack who is employed on a newspaper there but had been home a couple of days.
