Commissioners Buy Crusher

Will Crush Rocks in Roads Instead of Leaving Them to Work Damage

The county commissioners, in session last week, transacted considerable business part of which was given in the last issue of The Echo. C. L. Goodell representing the Austin-Western Road Machinery Co. of Chicago, was present at the meeting last Tuesday and received an order for a rock crusher for Pine county. The crusher will cost \$3,510 and has an eight foot screen with a 1-4 and a 3-4 inch perforation.

Harvey Reed, of Hinckley made the county an offer of \$45 per acre for approximately 200 acres of the county poor farm, presenting a certified check for \$1,000 to bind the deal providing it was accepted by the board. The commissioners took the proposition under advisement and will act on the matter on Dec. 1st. If they sell this land, the county will reserve all mineral rights.

The board instructed the County Auditor to notify the bondholders of the Morris Construction Co., that each village for the soldiers' monument has not been progressing satisfactorily unless they speed up on the matter. The board will take action against the security company. The construction company has a contract for building a bridge at Willow River on the Federal highway and have been very slow in completing the work.

The following money was appropriated for building roads in the towns of: Sturgeon Lake \$1600, Birch Creek \$2500, Danforth \$1,000, Boralton \$450 and Cook Creek \$425.

County Chairman Derr and Engineer Stacey were instructed to secure a suitable shelter for the big county tractor and grader. Mr. Stacey was also requested to furnish the board with an inventory of all county machinery and tools. A petition, signed by Gust E. Johnson and 14 others, was received requesting the board to start work on county ditch No. 8. The commissioners instructed the engineer to oversee the work for the construction of this ditch. Ditch No. 8 is in the Bear creek valley east of Sandstone and Partridge.

James H. Wandel, register of deeds, filed his report for 1918 on November 4th. The report stated that the fees and emoluments received for 1918 for his work amounted to \$3,223.

American Legion grows in Pine County. Nearly every community in Pine County has organized a local post in the American Legion. Sandstone and Pine City having organized some time ago, and Hinckley and Askov have now completed their organizations.

Hinckley held their second Legion meeting, on Wednesday of last week and unanimously adopted the name of N. A. Stenmark for their post. This is in recognition of "Chief" Stenmark of that place and well known over the county, who volunteered and gave up his life while fighting with the marines in France. Big preparations are being made by the N. A. Stenmark post for a dance to be held Nov. 11, when they will endeavor to get the returned service men and their friends out in force.

At a meeting at Askov in the town hall, Monday evening of last week, the Askov Post of the American Legion was organized. The following officers were elected: Rev. S. D. Bodholm, chairman, Holge B. Klitvold, vice chairman, John Krantz, secretary, Chris Christensen, assistant secretary, Anker Simonson, treasurer. The dues are \$1 a year. The Leon Health Post, of Pine City, met in the Family theatre Monday evening and completed arrangements for their Grand Ball on Nov. 15, at the armory. A dance committee consisting of Clark Hennington, Charles Stenmark, Mrs. Prouhaaka, Jonas Strandberg and Wm. Chalmers was organized. The floor manager will be A. G. Yost, Jack Kluge, Ray Nelson, Charlie Strid, Glenn Turner, D. Orendsen, Joe Ling and H. Ellson. The boys were entertained during the evening with a picture showing the parade of the 151st division at St. Paul. The picture was given with the compliments of Mr. Turner. All service men should make an effort to attend these Legion meetings as they will have a good time, by doing so. Judging by their Grand Ball, the boys are a "live-wire" bunch and those who attend the dance on the 15th will be assured of a good time. Members of the post will appear in uniform, and the armory will be prettily decorated in the national colors.

Autos. Dance of Sandstone Takes Life. Mrs. Stacey placed himself before the crowd and was the center of attraction last Friday evening about 6 o'clock when he secured a woman and committed suicide by shooting himself in the head. Just why he did the rash deed is hard to state, but it is known that he was a man easily excited into a rage and had threatened to end his life on several occasions. He evidently became angered over some trivial matter and after securing a revolver he stated that he was going to end it all and at once fired the fatal shot in the presence of his wife and daughter. Mr. Dupes was born in Wisconsin 46 years ago. He moved to Sandstone several years ago, clearing and improving a small farm southwest of town. He moved his family away about two years ago, but had planned on returning to their farm in the spring. He was a pleasant man to meet and his rash action was a surprise to most of his friends here. He is survived by his wife and three children. The funeral was conducted from the residence Monday afternoon and the remains were laid to rest in the local cemetery.—Sandstone Courier

Sandstoneites Don't Want Monument. A special meeting of the Booster Club was held Tuesday evening to consider the county memorial monument for the soldiers. It was explained that the men from Pine City must have been misinformed when they announced at the meeting here last week that the monument had already been purchased, as the matter was to be voted on at the commissioners' meeting yesterday morning. The members present seemed in favor of joining with the adjoining counties in erecting a tuberculosis hospital, if such a thing is possible, or the erection of smaller monuments or tablets in each village for the soldiers of each community. A resolution was finally passed asking the county board to defer final action on the matter until it could be more fully discussed and the opinion of the people in all parts of the county could be ascertained.—Sandstone Courier

The Lindahl Construction Co., composed of Norman Lindahl and Adolph Black, completed construction of the foundation for the new soldiers monument for Pine county, last Saturday. Eugene J. Palmer, president of the Twin City Granite Works of St. Paul, who received the contract for erecting the monument, it could be more fully discussed and the opinion of the people in all parts of the county could be ascertained.—Sandstone Courier

The funeral of John Hurley held Monday. The funeral of John Hurley, of the Catholic church, at 11 o'clock Monday forenoon, was one of the most generously attended funerals ever held in Pine City and was striking tribute to the high place the young man held in the affections of his own folks at home. The music by the chorists was excellent. Father Leo delivered a telling sermon, full of reasonable thought and fair conclusion—such a "heart to heart" talk as has great effect with folks. The ceremonies in the church were deeply solemn and effective.

The pall bearers were: James Brennan, Hinckley and James Buckley, Webster Hodge, John Breckenridge, Bernard Lambert and John Conaker of this place.

The great honor to uniform, four of the navy and four of the army were: William Chalmers, Charles Sherman, Dee Greenley and Fred Brandens of the navy and John Woodhead, Clifford Perkins, George Haynes and Glenn Turner of the army.

Among those from outside present at the ceremony were: Mr. and Mrs. J. J. Cleary, Mr. and Mrs. D. Vaughn, Bernard Vaughn, Martin E. Vaughn, Mr. and Mrs. Martin Murray, Mr. and Mrs. Wm. H. Egan, Mr. and Mrs. M. C. Egan, John P. Egan, Martin Egan, Mrs. S. N. Koom, Mrs. Hart O'Halloran, Egan, John Egan, Clyde Egan, Mr. and Mrs. P. M. McMahon, Mr. and Mrs. Wm. Hickey, Miss Catherine Cook, Mrs. Walter Barron, Miss Ruth Barron, Mr. and Mrs. Thomas Conner, Patrick Connor, Mrs. Finley Whaley and Miss Eva Vandergrast of St. Paul; Dr. W. A. Berry of Chicago; Mr. and Mrs. Charles Kilgore and Fred Heywood of Minneapolis; Mrs. Wm. Lambert of Duluth; John Lambert of Two Harbors; Bernard Lambert of Ely; Michael Connor and Mrs. M. Klappwyer of Mora; Joseph Hurley of Keweenaw; Miss Catherine Egan, Mrs. John Hart, Mrs. Ed Mitchell, Mr. and Mrs. James Brennan, Patrick Gleason and Mr. and Mrs. Leo Webster of Hinckley; Allen Urndahl of Red Lake; Mrs. P. O. Phelan and Mrs. Emmet De Foe of Kandiyohi; Mrs. John Mehan and George Wheeler of Waverly; John Heywood of Chipewa Falls; and Miss Marie Vaughn of Sandstone.

All members of the immediate family were also present. Card of Thanks. We are deeply grateful to our friends for their many acts of expressions of love and sympathy during the illness of our great friend Mr. and Mrs. James Hurley and family. Children born in this region since Oct. 19 are as follows: to Mr. and Mrs. Richard J. Smith Oct. 26 a girl, Stanley C. Smith Oct. 26 a girl, Beckwith Oct. 25 a boy, Clarence Buckley Oct. 25 a girl, John Felix Oct. 24 a girl, Frank Hunt Oct. 23 a girl, Joseph Hunt Oct. 20 a girl, Louis Oursdahl Oct. 10 a boy.

Judge Searl's is Stricken

Aged Jurist's Condition is Serious at His Home at Stillwater

Judge J. N. Searl of the district court was stricken with a sort of paralysis which affected the left side of his body while holding court at Mora on Tuesday last week and was taken on a stretcher on Friday, to his home at Stillwater where he is resting satisfactorily, with the earnest hopes of everyone in the district for his recovery.

He was taken with a dizzy spell while holding court about the middle of Tuesday afternoon but was able to declare a recess and walk to an ante room where his left arm and leg gradually became numb although he retained ability to move them. He was quite sick that night but recovered sufficiently to be taken home as stated above. He was not affected except as stated but it is feared that his condition is very serious at his age of 73 years though he is perfectly confident of his complete recovery soon. And if will power will bring him through everyone is confident that he will soon be about in usual health.

Everyone of the Judge's large circle of friends in this region is deeply regret his condition—the condition is common and everyone takes a lively interest in his recovery. Since he took the jurisdiction of this district he has seemed to reach out and grasp the confidence and affection of all with whom he came in contact.

Shorted Court Term in History. Judge A. E. Giddings of Anoka, presided over the session of the Pine county grand jury in the court house yesterday, owing to the absence of Judge Seaples who is reported very sick at his home at Stillwater.

Only one indictment was brought in by the grand jury, this being the state vs. Richard Cockerham of Blackville, who was charged with unlawfully having liquor in his possession with intent to sell the same. The case was set for the June term of court and the defendant was released under a \$300 bond. All other jury cases were set over to the next term of court.

On account of there being no cases for the consideration of the petit jury, the sheriff was instructed to notify the members of that jury not to put in an appearance and they were dismissed.

Several cases were disposed of as follows: verdicts were rendered against the defendants in the personal tax cases of William J. Holt, John J. Pukrop and W. H. Kemper. In the matter of the application of the village of Hinckley for condemnation of an alley, the case was taken under advisement, only two witnesses being heard; the case of W. H. Lamson attorney for the village, and Village Clerk Robert M. Pearson of Hinckley.

Ed Yetter of Dell Grove town, who was found guilty of forgery at the last term of court, but was released under a suspended sentence pending good behavior, appeared before the court yesterday and the suspended sentence was continued pending his continued good behavior.

Out of town attorneys attending the court proceedings were: William Lamson of Hinckley, Albert Johnson of Sandstone and D. B. Lynch and former county attorney W. S. Ervin of Minneapolis.

All court cases on the calendar were set for hearing on Dec. 18.

St. Paul Bus Line Blew Up? A passenger bus line to St. Paul from here was started with a loud bang, a week ago, but that was all there was to it. The roads between Rush City and Harris were practically impassable on Friday and since that the snow has made "going" had and it will be worse before it is better.

Next summer, however, it is reasonable to expect that a regular line to and from St. Paul will be established south of Pine City—terminating here in the morning and returning in the evening with a few hours lay over there to give time for business.

Such a line would be tremendously popular at Pine City and south and would double but a big patronage if the roads kept in condition to avoid delays. The line might be made to reach North to Hinckley, but there is hardly the demand for it there as, with two exceptions, they have a "train" "choo-choo" through town about every 15 minutes anyway.

tion of food stuffs. There were a number of speakers, amongst them being one boy who gave his experiences in growing potatoes, last summer. He stated, that from one acre of ground he had received \$362.75 in cash for next year and still had the culls left.

The object of these achievement day exercises is to get the children interested in the production of food stuffs and to get them started with gardens and raising of stock for themselves.

Man Hurt When Automobile Upsets. A party of three men from Hibbing, traveling in a Jordan sedan car, had a serious accident between Pine City and Rush City, on the Federal highway, last Saturday evening. The car struck a rut in the road and upset. One of the men suffered severe injury to one of his legs from the glass, and the other was nearly cut in two, we understand. He was rushed to Pine City and was taken to his home at Hibbing on the night train.

Sandstone Quarry Tax Question. The standard dispute as to the tax assessment of the Kettle River Company has now finally been settled and is set at approximately \$19,000 by the State Tax Commission. The local assessor set the valuation at \$11,000. This was raised by the village board of equalization, it was contested by the quarry company and was finally settled to the State Tax Commission by the matter was finally settled.—Sandstone Courier.

Revelation College Wed. Mr. Nels Holger of Danewood and Miss Selva Ho Beers of Rice Lake were united in marriage at the Sw. Lutheran church in Brainerd on Wednesday evening, Oct. 29th, at high noon. Rev. C. O. Thunberg officiating. About 100 people witnessed the domestic service.

To the strains of the Mendelssohn wedding march, played on the organ over by Miss Edith Palmer, the bridal party entered the church and took their places. The bride was attended by her sister, Miss Helen Beers, and the groom by Mr. Arthur Christensen of St. Paul. Master Theodore Christensen was ring bearer.

Immediately following congratulations the wedding party was taken by automobiles to the home of the bride's parents, Mr. and Mrs. J. Y. Beers, where a beautiful repast was served.

Those present at the reception were: Miss Flora Christensen and Arthur Christensen of St. Paul; Mr. and Mrs. Blom of Brainerd; Mrs. A. Frustroser, Mrs. Edholm, Mr. Nils Christensen, Mrs. J. P. Peterson and daughter, Miss Rev. C. O. Thunberg, Mr. and Mrs. Nick Anderson, Mr. and Mrs. S. A. Nebel, Mr. and Mrs. Mattson, Mr. and Mrs. John A. Monson, Mr. and Mrs. N. E. Anderson, Mr. and Mrs. W. P. Way, Walter Ruppert, Tanciel, Arthur and John Kruger and Theodore Christensen.

The groom was considered a hopeless lander but the pleasing words and the many charms of the bride convinced him of the error of his way. He is industrious and capable and has often been advanced to office by his fellow townmen.

Mr. and Mrs. Holger left Wednesday on a wedding trip that will include Aldrich, Lakeville, Minneapolis and St. Croix Falls, Minn., their return to Pine City being on Nov. 15th at Valley View Stock Farm in Danewood.—Brainerd Journal.

Lutheran Church Notes. Services in German at 10 a. m. and in English at 7 p. m. at Pine City and at Henriette at 2 p. m. in English, next Sunday. The Lutheran church will meet at the school house next Friday and the hostesses will be Mesdames Brandes and Brusig.

Louis Volner, manager of the Pine City Fuel and Ice Co., says that he could hurry up shipments of coal for the company. While the village has had plenty of fuel to supply the needs, so far, we are all anxious to know what the supply will be during the winter.

John Richards arrived home from Alexandria, last Thursday, and returned thither on Sunday. He got into the snow but has put an end to his land work in the Mahoning county where he has had an excellent year's business. Richard has handled the Minneapolis office. They have had remarkable success, their many friends are glad to hear.

The ladies of the Prohibitionist church gave a reception for the school teachers last Friday evening. The building, which was crowded to capacity on that night, was spent in playing games that took the older folks back to their school days. A short musical program was given by the school teachers which was warmly applauded by all present. After the dignified pillars of the town had arrived, the ladies, in a knife, bit apples dangling in the air on a string, drew within while bringing out a ribbon. The ladies agreed highly re- sults and the assembly broke up. The ladies of the town had a very many more of these entertainments for we are only as old as we feel. A large crowd of children gathered and listened to talks in the produc-

FIRST STATE BANK PINE COUNTY Opposite Court House

Make this Your Headquarters when You come to town. In re-arranging our banking rooms, we have provided a suitable public room for the use of Farmers and Merchants in transacting their business and meeting their associates. All the facilities of a modern office are available, and you are invited to make use of them without obligation of any kind. This bank is conducted with a view of rendering a service not only to its customers, but to the entire community to Pine City. Service of this kind is offered by this Institution, which has adopted the belief that Banking is the servant of the Public and Industry and seeks to meet their needs.

Give us an opportunity to serve you. John C. Carlson, President R. P. Allen, Vice-President J. D. Boyle, Cashier

STRIKE EFFECTS ARE BEING FELT

Several Communities Suffer by Reason of Cessation of Fuel Production.

CONSUMERS AFFECTED

Thousands of Cans of Coal Confronted by Railroad Administration.

Chicago, Nov. 5.—At the end of the fourth day of the soft coal strike that has closed nearly all union mines in the country and largely stopped production of about 425,000 miners, there had been no break or weakening on the part of either the miners or the operators.

Chicago, Nov. 4.—The first real test yet in the nation-wide strike in the bituminous coal mines appeared with one break of only consequence in the general cessation of production, despite the inactivity of the leaders of the United Mine Workers of America because of the government's restraining order.

There was a further movement of troops into affected areas although only one minor disturbance was reported.

Although there was a report that a break among union miners had occurred in the northern West Virginia fields, miners and operators alike asserted that generally the production of soft coal was paralyzed. It also was reported that some mines were resumed work in one Colorado mine when operators and union officials agreed upon settlement.

Non-Union Mines at Work. Non-union mines in Pennsylvania and West Virginia were in operation with almost the usual working force. In Ohio five of six striking companies were operating.

With approximately 425,000 miners idle according to union leaders, and conceded by most of the operators, consumers were beginning to feel the effects of the strike. Thousands of cars of coal were being consigned by the railroad administration to various schools were closed in remote places and in a number of instances water and electric companies were affected.

While operators generally were making no attempt to limit coal exports from the various fields in 25 states that which were hewn in many mines with a feeling that enough workers might be induced to return to open the mines.

At Billings, Mont. it was announced that the school would not open because of the coal famine. More than 4,000 pupils and 150 teachers are affected. Some towns in Nebraska also are closing their schools. In Colorado school principals held in Colorado schools.

The situation as it may soon develop affect the consumer was indicated in a report from Chattanooga, Tenn. There coal dealers are unable to limit the supply of coal to domestic consumers to two tons. Industrial buyers were completely cut off. The dealers said that only a 15-day supply was on hand.

THEATERS TO REMAIN OPEN

Closing Issue Falls in Thief River Falls Election. Thief River Falls, Nov. 5.—In the election here the issue of which to close theaters, the suits men out, electing the theater, opposed to closing, over N. B. Stevenson, in favor, mayor, by a vote of 406 to 256.

SWISS TO CONSIDER LEAGUE

Special Session of Parliament Called for Purpose. Bern, Nov. 5.—An extraordinary session of parliament has been called for November 10 to take up the question of Switzerland's proposed entry into the league of nations. It was decided to submit it to the present parliament rather than to the next legislative body elected in October.

Actuaries Drop Red Embellishment. Bern, Nov. 5.—Actuaries have generally refused to adopt a blue flag in place of the red emblem associated with their profession. The change is already being made.

JUDENICH IS CLOSING TRAP

Steadily Advancing on Front Before Petragrad. Belgrade, Nov. 5.—The latest reports from the army of General Judenich declare that he is steadily advancing on the front before Petragrad and to the south, his right flank being fully protected as the Russian progress made by the Serbians.

TRUMPET FOR LYONS

London, Nov. 5.—The London press in London is conducting a triumphal procession in the streets. The financial markets in the home of commerce were in a state of jubilation. The London Daily News, which has been criticizing the government, is now a warm supporter of the government.

DEAR PINE PLANTATION

Washington, Nov. 5.—A bill of the House of Representatives to amend the act relating to the pine plantation in the State of Minnesota was passed by the House today.

MRS. THOMAS G. WINTER

THE PEACE TREATY PROBABLE SOON

Senate Leaders on Both Sides Say Final Act May Come Within 10 Days.

SITUATION IS DOUBTFUL

Seventh Hour Rally by Opponents May Stop Off Decision Until End of Session—Shunting Amendment Defeated.

Washington, Nov. 5.—Hope for speedy action on the peace treaty rightened up again when the senate voted down an amendment, agreed to by 170 yeas and 100 nays, and opened informal discussion of resolutions to hasten consideration of the treaty.

Some of the more optimistic predicted a vote on ratification by the end of the week, while the leaders of the opposition thought it likely to occur within 10 days at the latest.

In the background of all treaty ratification is the possibility of an eleventh hour rally by the treaty's reconcilable enemies, who have insisted more than once that they were afraid of the opportunity which might be presented to talk on a final roll call until the session of congress ends early in December.

Altogether, the situation still was a doubtful one, but republican and democratic managers seemed confident that it soon would clear. While debate continued, they held many conferences and found agreement everywhere except among the treaty's opponents.

The amendment provided that Germany shall surrender all her submarines and destroyers, and also all her submarines and destroyers, and also all her submarines and destroyers.

MUST REPLACE SHIPS

Berlin Ordered to Make Good Vessels Sunk at Scapa Flow. Naval Equipment Equal in Value To That Destroyed Demanded by Allies.

Paris, Nov. 2.—Demand will be made of Germany that all violations of the armistice shall be made good. This has been decided upon by the Supreme Council, which has completed the protocol to the German treaty.

The protocol provides that Germany shall replace all submarines and destroyers, and also all her submarines and destroyers, and also all her submarines and destroyers.

Germany has been asked to send a commission to Paris to sign the protocol and attend the formal ratification of the treaty.

The council held a long discussion on the date for the formal ratification of the German peace treaty. No definite decision was reached, but it is said to be within 10 days.

JAP PEACE ENVOYS SCORED

Criticized for Alleged Failure at Peace Conference. Tokio, Nov. 4.—Japan made a mistake in raising the racial issue at the peace conference, it is charged at a meeting of the privy council at Viscount Kijuro, head of the special committee of the privy council, who examined the German peace treaty.

REDFIELD LEAVES CABINET

Successor as Secretary of Commerce Not Yet Named. Washington, Nov. 5.—Secretary of Commerce Redfield has retired from the cabinet.

ROUMANIA MUST ANSWER

Sharp Note Is Sent to Bucharest by Supreme Council. Washington, Nov. 4.—A sharp note that Romania reply without delay to the note of Oct. 12 of the Supreme Council is made in a communication addressed by French Minister of Foreign Affairs Pichon to the Rumanian government through the French minister at Bucharest.

NEW SUGAR SUBSTITUTE

Washington, Nov. 5.—A new sugar substitute is being developed by the United States Department of Agriculture, which is expected to be ready for use in a few months.

REAR GUARD CAPTURED

London, Nov. 5.—The capture of Petrovavlovsk from the forces of Admiral Kolchak by the Bolsheviks is claimed in a wireless cable received from Moscow. The dispatch says the town fell Thursday.

DENKIN TAKES OREL

His Forces Continue Advance Toward Moscow. Finland Asked to Aid With Withdrawal Assistance Pending Guarantees.

London, Oct. 31.—A wireless dispatch received from Moscow reports that General Virenski has been compelled to evacuate Gatchina, owing to the fact that the Bolsheviks have reached his line of communication.

Helsingfors, Oct. 31.—A report from Russian sources received here says that General Denkin has captured Orel from the Bolsheviks and is advancing toward Moscow.

It is reported that Denkin is being urged to bear to induce Finland to join in the attack of the anti-Bolshevik forces on Petrograd.

C. G. Llanoway, head of the government of Northwest Russia, has arranged to enter into direct negotiations for Finnish intervention.

Stockholm, Nov. 3.—A dispatch to the effect that Finland is to receive the famine relief from the Red Cross, which also may be carried out by the Finnish Red Cross.

Petrograd has been without bread for two weeks, thousands of persons dying, it is reported. The price of foodstuffs were so high that the famine is becoming a serious one.

The Finnish army now aggregates 25,000 men, of whom 15,000 are stationed in the Russian frontier.

Karelia, the population of which comes mainly from Finnish stock, is the most fertile corner of Finland and part of the modern government of Petrograd, Olonetz and Archangel.

FOOD SHIPMENTS CUT DOWN

Complete Suspension in E. & O. Yards at Cumberland, Md. Cumberland, Md., Nov. 3.—The coal strike has resulted in a complete suspension in the yards of the Baltimore and Ohio railroad here. All yard crews were laid off.

The movement through here dropped to an average of 1,000 to 1,200 cars of live stock, foodstuffs and perishables. Freight cars were stopped for one-fourth time if the suspension continues, and even less if prolonged.

Five have been drawn from 100 motives already.

CONTEST SEATING OF ENVOYS

Several Delegations Under Fire in Official Conference. Washington, Nov. 5.—Seating of labor delegates to the International labor conference from Japan, France, South Africa and Argentina are being contested in the conference committee on credentials.

Protest against the seating of the labor delegate from each of the four countries has been laid before the credential committee, claiming that the delegates in question do not represent the labor majority of his country.

Petrovavlovsk Captured. London, Nov. 5.—The capture of Petrovavlovsk from the forces of Admiral Kolchak by the Bolsheviks is claimed in a wireless cable received from Moscow. The dispatch says the town fell Thursday.

Germany Violates Armistice. Paris, Oct. 29.—Germany has been definitely charged with violation of various provisions of the armistice, it is charged in a report of the supreme council of the League of Nations.

Germany is charged with violation of the armistice by the League of Nations. The report says that Germany has violated the armistice in several instances.

It is reported that Denkin is being urged to bear to induce Finland to join in the attack of the anti-Bolshevik forces on Petrograd.

C. G. Llanoway, head of the government of Northwest Russia, has arranged to enter into direct negotiations for Finnish intervention.

Stockholm, Nov. 3.—A dispatch to the effect that Finland is to receive the famine relief from the Red Cross, which also may be carried out by the Finnish Red Cross.

Petrograd has been without bread for two weeks, thousands of persons dying, it is reported. The price of foodstuffs were so high that the famine is becoming a serious one.

The Finnish army now aggregates 25,000 men, of whom 15,000 are stationed in the Russian frontier.

Karelia, the population of which comes mainly from Finnish stock, is the most fertile corner of Finland and part of the modern government of Petrograd, Olonetz and Archangel.

FOOD SHIPMENTS CUT DOWN

Complete Suspension in E. & O. Yards at Cumberland, Md. Cumberland, Md., Nov. 3.—The coal strike has resulted in a complete suspension in the yards of the Baltimore and Ohio railroad here. All yard crews were laid off.

The movement through here dropped to an average of 1,000 to 1,200 cars of live stock, foodstuffs and perishables. Freight cars were stopped for one-fourth time if the suspension continues, and even less if prolonged.

Five have been drawn from 100 motives already.

CONTEST SEATING OF ENVOYS

Several Delegations Under Fire in Official Conference. Washington, Nov. 5.—Seating of labor delegates to the International labor conference from Japan, France, South Africa and Argentina are being contested in the conference committee on credentials.

Protest against the seating of the labor delegate from each of the four countries has been laid before the credential committee, claiming that the delegates in question do not represent the labor majority of his country.

Petrovavlovsk Captured. London, Nov. 5.—The capture of Petrovavlovsk from the forces of Admiral Kolchak by the Bolsheviks is claimed in a wireless cable received from Moscow. The dispatch says the town fell Thursday.

Germany Violates Armistice. Paris, Oct. 29.—Germany has been definitely charged with violation of various provisions of the armistice, it is charged in a report of the supreme council of the League of Nations.

Germany is charged with violation of the armistice by the League of Nations. The report says that Germany has violated the armistice in several instances.

THE PINE POKER, PINE CITY, MINN.

THE PINE POKER, PINE CITY, MINN.

## Farm Department

**Fine County F. Bred Herd Disappointed**  
It is unfortunate that so good a herd of registered Red Polled cattle as had been gathered by Messrs Wheeler and Gardner in the former's farm at the head of Pelegama lake, northwest of Pine City, should be disappointed and sold with only one exception outside of the county. It is equally regrettable that every one of their band of pure bred Shropshire sheep should also go outside the county. Pine county needs this stock at home.

There is a lot of comfort to a believer in our county and in pure bred stock, however, to learn from Mr. Wheeler that since he and Mr. Gardner decided two years ago last spring, to sell their grade stock and purchased a small herd of six of the best Red Polled they could get and ten registered Shropshire sheep, also from one of the best breeders in the country, that both herds have more than doubled the original cost in value, not counting the milk and cream nor the wool received during that time.

We consider this a fair illustration of what may be accomplished by an individual farmer in pure bred stock. But more than that, the opportunity is wide open to make Pine county a center for pure bred stock to which farmers and breeders shall come in quest of registered animals. Half a dozen farmers in the county will set the pace and we feel assured that they will benefit greatly.

Of the Wheeler-Gardner herd, one bull went to Mr. Clark a mile east of Brook Park, a cow to Mr. Fessenden near Mora, Kanabec county, and the balance to other parts of the state. Their sheep all went out of the county—mostly to Wrenhall in Carlton county, north of here.

**Fine Alfalfa Field Near Pine City**  
There are a few fine fields of alfalfa near Pine City, among them the one on the Wheeler place at Pelegama lake and the one located on the J. F. Hansen place east of Pine City and others that we are not able to name. Both of these farms have been sold and the fields will be covered by new men next year.

Alfalfa has been, in years past, considered a more or less difficult crop to get started but our farmers are becoming more and more familiar with methods and its being as desirable as it is for feeding there is no doubt but that it will become more generally raised.

The Hansen field, just south of the "4 corners" on the St. Croix road three miles east of Pine City, is 5 acres in size. It was planted in 1914 using 7 1/2 pounds of seed to the acre, being put in with the wheat seed through a grain drill attachment, giving it the "once over" with a smoothing harrow.

Last year it came up very strong on account of the wheat stand with which it was sown being light, though what was sown that year was not so well manured. He has had best success with sowing this last spring was nearly smothered by the rank wheat but came out fine after the wheat was cut.

Mr. Hansen says that alfalfa should be sown on ground that has been well worked up and is well manured. He has had best success from putting it on old potato ground and adds that oats or barley are pretty sure to smother it if planted with it.

**P. Bred Sheep Pay Sandstone Farmer**  
John Jungers of Sandstone town, living about a mile east of Friedland station, says that pure bred Shropshires on his farm have paid well and to show that he has them, he offers through The Pine City, several rams and a few ewes for sale.

Mr. Jungers has been raising registered Shropshires for five years and selling off the rams only every fall. He reports that several of his neighbors are getting pure bred in a small way but says the great shepherd of that region, Chris Oenselott, from northwest Sandstone still sticks to the grade. Note his ad in the "For Sale" department of this paper.

Mr. Jungers is an enthusiastic Nonpartisan, too—was a candidate for the state legislature at the last election—and came up smiling after the votes had been counted. Maybe he will be a candidate again next year. Anyway, we like John Jungers whether we agree with him or not.

**Big Farmers' Meeting at Duluth**  
The Northern Minnesota Development Association and the Northern Minnesota Sheep Growers Association will hold their annual meeting and convention with a numerous potato exposition at Duluth, Nov. 12, 13, 14, and on the afternoon of Friday the 14, a big sale of high grade Gateway potato will take place. A very interesting program is planned. Speaking will be A. D. Wilson, Hale S. Tenen, U. S. Dept. of Markets, A. H. Arnold, assistant commissioner of agriculture, Duluth, Minn., I. A. Drake, cooperative marketing, will speak.

President Mendenhall of the potato farm bureau is trying to get his people there in this section of more potatoes. In Duluth, speaking and this might not be had advice for other parts of the county where good, low-price potatoes are grown.

**M. E. Bailey of Sandstone Goes East**  
M. E. Bailey, last of Sandstone, reports that his potato had been bought and he leaves next month for the state of the east to sell

# The New Motor Car

## The Greatest Improvement In Riding Comfort Since The Introduction of Pneumatic Tires

**HERE** is a brand new type of car. It solves the problem which has baffled automotive engineers—how to combine riding comfort with light weight and economy.

Our new Three-Point Cantilever Springs make this possible.

These are the first springs of their kind and they are made of chrome vanadium steel. They are exclusive with Overland.

Because of these springs, Overland 4 combines the riding qualities of large heavy, expensive, long wheelbase cars, together with the advantages of Overland 4.

Its light weight makes possible great economy of gasoline and tires.

High quality materials insure durability. All vital parts of the

exclusive, Three-Point Cantilever Springs cushion the car so that it rides well on all roads; they reduce choppy rebounds and side swaying, protect the car from road shocks and prolong its life, minimize twisting or racking of frame and body, enable the car to hold the road better.

The car and passengers ride smoothly as though floating, free from road shocks that the springs ward off.

But this new riding comfort, possible only with these Three-Point Cantilever Springs, is but one of the advantages of Overland 4.

Its light weight makes possible great economy of gasoline and tires.

High quality materials insure durability. All vital parts of the

front axle and steering gear and all highly stressed gears and shafts for driving the car are made of alloy steel.

The equipment list of Overland 4 is high grade, including Auto-Lite Starter and Lighting System—Electric Horn—Marshall Divan Upholstery Springs—Demountable Rims—Three Speed Transmission—Slanting Rain Vision Windshield—Tillotson Carburetor—U. S. L. Batteries and many other high quality conveniences.

In every respect Overland 4 is a quality car. The body is all steel, all enamel, the brightest, hardest, most lasting finish.

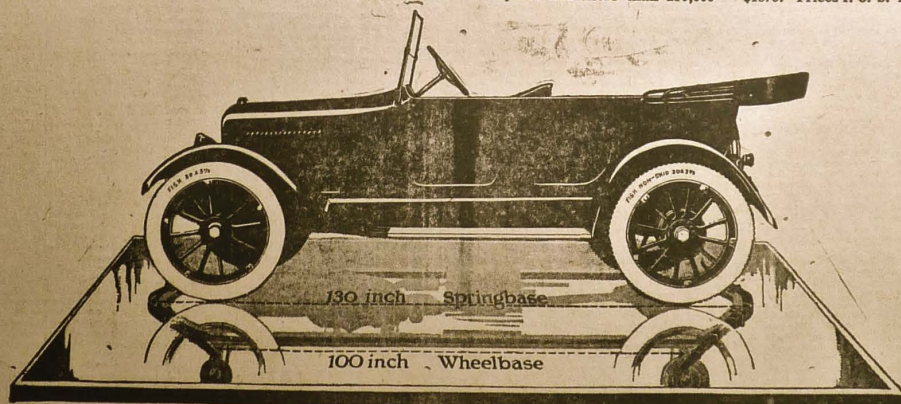

Overland 4 has been tested for two years and more than 250,000

miles over the Rocky Mountains, prairies, through deep mud and scorching deserts—through quick sharp climatic changes. As a result of these tests we were able to judge the car's performance under every condition and to perfect it before offering it to the public.

There is no previous car of any size or price to adequately compare with the character of service Overland 4 introduces.

The farther you ride in it the more you will appreciate it. Come in, see the car and ask for booklet. The demand will be greater than the supply for a long time.

Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.

## JOS. F. PETSCHER, Dealer

France and will also visit his old home in England where he has not been for many years. He expects to be gone about ten weeks and during his absence his son, Egerton, will take his place on the road. He was several months in securing his passport and his final success was due to the personal efforts of Congressman DeHull and Lester Scott—Sandstone Courier

**\$2,000 Per Acre at Sandstone**  
Some of the farmers of this section have the idea that good marketable onions can be raised in this vicinity. But W. H. Aldrich of this place has been experimenting with them for years and has proven to his own satisfaction that this vicinity is better adapted to onion raising than most places in the northern part of the state. Mr. Aldrich was in town Monday to market some of his crop at \$1.75 per bushel, and stated that he averaged about 1,200 bushels to the acre, so that anyone can easily secure net that onion raising is a very profitable undertaking for anyone with a small tract of land which he can use for this purpose. It

would seem that this should be of special interest to those who haven't enough cleared to raise large grain crops, and people with small tracts near town could develop them to produce larger returns than many make on much larger tracts.

Mr. Aldrich stated that the Red Globe onion, which most of the farmers here have tried to raise, will not ripen this far north. It has been very successful with the Mountain Drivers, a yellowish onion which ripened here even three years ago when the frost came in August. They are onions which have a ready sale and all who have eaten Mr. Aldrich's kind claim they are as fine as any they have ever had.

The writer has seen what onion raising has done for Plainville, Wabasha county, and believes that it could be made just as profitable here. At least, we would like to see a few of the farmers try it.—Sandstone Courier

cultural extension division. Farmers and dairymen have been stirred by reports and charges that certain interests are trying to control the entire food supply of the nation, and are supporting the plan which will enable the cooperative organizations of the state to work together.

The county will be the unit of organization. McLeod, Brecker, Houston, Stevens, and Martin counties already having taken steps to organize associations. Membership will be extended to owners and managers of private plants.

More than 500 cooperative creameries are operating in Minnesota. One of the results of the federation movement will be a standardization of their product with higher quality and better marketing conditions. The associations will give advice and assistance to the weaker creameries to enable them to conduct their operations.

We are unable to interview the official board of the local creamery regarding this but have seen but one opinion. Is that the movement will be carried out and that it will re-

duce no doubt but that the Pine City creamery will join it. This same view will doubtless be taken all over the county.

**NOT AN ISOLATED CASE**  
Many Similar Cases in Pine City and Vicinity.

This man's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

Fred A. Spearling says: "Last June I had an attack of kidney trouble. The way my kidneys acted annoyed me, and the secretions passed much too often. My back ached a great deal, especially after I had been bending over for any length of time. I didn't feel myself at all. A tired, shivery feeling would come over me and last for a long time. Doan's Kidney Pills soon brought me back to normal. I haven't had any kidney complaint since."

**"Here's a Friendly Tip"**  
says the Good Judge

Men who know tobacco, chew the best without its costing them any more. They take a little chew and it's amazing how the good taste stays in a rich, high grade chewing tobacco.

For lasting tobacco satisfaction, there's nothing like a small chew of that rich-tasting tobacco.

**THE REAL TOBACCO CHEW**

put up in two styles  
**RIGHT CUT** is a short-cut tobacco  
**W-E CUT** is a long fine-cut tobacco

Wagon Brand Company, 107 Broadway, New York  
Mrs. F. M. Stuck went to St. Paul today for a few days' visit.

# DAIRY BARN TO HOUSE 20 COWS

Will Make an Attractive Addition to Farm.

DESIGN HAS FINE FEATURES

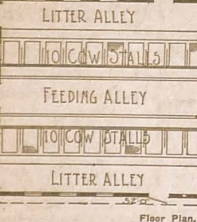

Good Building Keeps Animals Healthy and Productive and Provides Space to Store Their Winter Food.

By WM. A. RADFORD.

Mr. William A. Radford will never forget an all-summer project on the farm, for the winter of 1921-22. He had a plan for a dairy barn, and he had a plan for a winter food storage. He had a plan for a winter food storage. He had a plan for a winter food storage.

Designed for the dairy herd, there are no animals on the farm that are as grateful for a good home as cows. They produce more milk and better milk, and are more healthy when they have a well-ventilated, weather-proof place in which to live during the cold winter months. They are more contented and they are more productive.

plenty of fresh water greatly increases the flow of milk. If running water is available, a tank should be built in the barn, so that the cows can be watered often.

This is not a large barn, but it is an efficient one and a building that will soon pay for itself in the increased profits that the cows will earn.

**SENSIBLE VIEW OF HEALTH.**

If a sound mind and rational habits go much to keep the body sound, and if nature unaided can cure most of our curable ills, life is a fair deal for all of us. It is a fair deal for all of us. It is a fair deal for all of us.

is designed so that it drops down, leaving a generous opening through which half a ton of hay can be swung without soiling the silage. The carrier track extends well out from under the eaves, so that the hay may be unrolled to any part of the barn. The other feature is the implement and wagon shed, or lean-to at the rear of the barn. This latter furnishes a weather-proof house for the wagons and farm implements and at the same time they are handy.

The interior arrangement of the barn, the placing of the stalls and the other conveniences that will lighten the work of caring for the herd are shown by the floor plan. It will be noted that there are two rows of stalls, each accommodating ten cows, and that they are placed so the animals face each other, instead of the outside walls of the barn, and consequently the light from which to select seed corn.

floor, which can be flushed readily, helping to keep the barn sanitary, and the floor and bedding dry. The litter alleys that run directly in front of the windows and that the sun's rays hit the litter and help purify it. Sunlight is nature's greatest germ killer. Germ live only in dark, unventilated places.

On the roof of the barn is shown a ventilator. This is connected with four air flues that run up through the walls of the barn, carrying out the foul air, and drawing in the fresh air.

**Carnegie 'Hero Fund'.**

In April, 1904, Andrew Carnegie established a hero fund of \$5,000,000 for the benefit of the dependents of those losing their lives in heroic efforts to save others, or for the heroes themselves, surviving through injury. The fund is known as the Carnegie hero fund and is placed in the hands of a committee composed of 21 persons, residents of Pittsburgh.

**MAN OF CONTRADICTIONS.**

July 20 is the birthday of Samuel Rogers, who was born in 1780 and died in 1855. For fifty years the world of art and letters looked to the enterprising man given at his beautiful London house in St. James' place. It was said that an invitation to one of his breakfasts was as good as a fortune in London for his casual visit. At the same time he was extremely generous. "He certainly had the kindest heart and the unalloyed tongue of anyone I ever knew," said Virginia Kemble.

# THE PINE POKER, PINE CITY, MINN.

## WISE POLICY TO SELECT SEED FOR TWO YEARS FROM THIS SEASON'S CORN CROP

Save Two Years' Seed From This Kind of Field—There May Be Nothing Like It Next Year.

Prepared by the United States Department of Agriculture.

The 1919 corn crop is a wonderful corn from which to select seed corn. Over most of the country it is well developed, fully matured, hard and sound—but the sort of corn that a fellow can bank on for a good stand and big yield.

Save for Two Years.

This is the reason why the corn experts of the United States department of agriculture urge farmers to select out of this year's crop enough seed corn to meet their needs for two or three years. No farmer, particularly in the northern portion of the United States, has time not to do it.

## FIREWOOD PREPARED FOR WINTER SUPPLY

Labor Requirements Reduced by Use of Machinery.

Where Co-operative Plan Is Not Feasible Many Farmers Prefer to Hire Work Done Rather Than Buy Individual Rig.

Use of power machinery in preparing firewood will reduce labor requirements to a point where the farmer should be able to get his wood ready to burn without seriously neglecting other work, great quantities of wood ready have gasoline engines suitable for furnishing the power for wood-sawing machines. The sawing machines themselves are comparatively inexpensive and the labor one saves will be sufficient to pay for it long before it is worn out. One outfit can do the work for several families each year.

**GENERAL FARM NOTES.**

All seed corn should be tested.

A well-filled silo will save feed wastes next winter.

A concrete walk from the house to the barn saves many a kitchen floor scrubbing.

By using a hay press many farmers are able to store a great quantity of hay in a smaller space and have feeds without rotting new buildings.

A barn without plenty of light is not necessary a wholly bad barn, but it is a long way from being a good one.

A half hour spent each day planning the work will shorten the total time needed in which to get the work done.

Silage that is properly distributed in the silo at the time of filling will settle evenly and keep in good condition.

The fewer handlings the feed receives from the field to the trough back to the field again the better the management.

Hay caps help in curing alfalfa. Pieces of canvas about three feet square and with eyelet in each corner through which to insert a nail would the cap in place are just the thing.

## TOO SHORT TO DO UP AND STILL FALLING

A Little "Dandelin" stops your hair coming out and restores it to healthy.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Dandelin" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, lustrous and twice as beautiful and abundant.—Adv.

A Practical Man.

"Forty thousand dollars is cheap for that picture," said the disgruntled dealer. "Are you don't know the meaning of art?"

"Maybe I don't," replied the self-made millionaire. "But I know the value of money. There are cheaper ways to cover four square feet of wall space than by paying \$10,000 a foot for a piece of canvas painted by some old duffer who lived in a garret 200 years before I was born."—Huntington Age-Herald.

## Eases Colds

At once! Relief with "Pape's Cold Compound"

The first three doses ease your cold! Don't stay stuffed-up! Quit blowing and sniffing! A dose of "Pape's Cold Compound" relieves you in two hours and three doses are taken usually breaks up a severe cold and ends all coughing and sneezing.

Relief awaits you! Open your clogged-up nostrils and the air passages of your head; stop nose running; relieve the headache, dizziness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief agent and costs only a few cents at drug stores. It acts without assistance. Contains no opium or quinine. Insist on Pape's—Adv.

**Wishing Him Luck.**

At a wedding I attended in Cripple Creek, Colo., a telegram arrived for the bridegroom while the guests were eating the wedding supper. The bridegroom asked the best man to read it aloud, saying he supposed it was congratulations. The best man arose and read: "He is hoping that you have better luck than we had." It was signed by the bride's two divorced husbands.—Chicago Tribune.

**Business Demanded.**

"The clockmaker I went to struck me as rather queer when he said, 'Naturally. Doesn't he have to be a time-server?'"

**Middle Aged Women**

Are Here Told the Best Remedy for Their Troubles.

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms, such as nervousness, irritability, and was in a general run down condition, so I tried to get help from my doctor. He recommended a vegetable compound was recommended to me as the best remedy for my troubles, which I surely proved to be. It has better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. Gomez, 923 Napoleon St., Fremont, Ohio.

North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through child-bearing. There is nothing like it to overcome the trying symptoms."—Mrs. Florence Lemla, Box 177, North Haven, Conn.

## SPRIN FOR COLDS

### "KILL-JOYS"

Constipation, Headache, Colds, Biliousness ended with "Cascara"

Nothing takes the joy out of life quicker than a diarrhoeal dose or watery-drag lozenges. Don't give Cascara. Cascara is a powerful laxative, but it does not keep your bowels dry, you long for constipation, your head and stomach ache, your nerves are all in a box of Cascara and you cry every experience! Cascara never grips, sicken or inconstitute one like Sels Blue Oil, Calomel or harsh pills. They work while you sleep—Adv.

The bottle is liberal filled, also gives a pack when she takes a grain.

## Save the Babies

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-one per cent. die before they are five years of age. Twenty-one per cent. die before they are five, and one-half before they are one year of age.

We do not hesitate to say that a timely use of **Cascara** would save many of these precious lives. Neither do we hesitate to say that many of these infant deaths are occasioned by the use of narcotic preparations. Drops, liniments and soothing syrups sold for children's complaints contain opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they strictly retard circulation and lead to constipation, sickness, death. There can be no danger in the use of **Cascara** if it contains no opiates or narcotics of any kind.

Genuine **Cascara** always bears the signature of **Dr. J. C. Williams**

## Weighty Subject.

They had been discussing art, and the young man was getting slightly tired of the subject.

"I remember one picture that brought tears to my eyes, however," he continued.

"As a matter of fact I don't know what the subject was, but I happened to be sitting under a pretty picture that had the owl broke and it came down on my head."

## IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill affecting people today are troubled with the kidney trouble.

They are the most important organs of the body. They are the filters of your blood. If the poison of the blood is swept from the tissues by the kidneys, disease of one form or another will clear you as a victim.

Kidney disease is usually indicated by weakness, indigestion, nervousness, dizziness, headache, stomach trouble, pain in loins and lower abdomen, cold chills, gravel, rheumatism, sciatica, and lumbago.

All these arrangements are nature's signals that the kidneys need help. You should use **GOLD MEDAL** Hance's Kidney Pills immediately. The soothing, healing oil stimulates the organs, relieves inflammation, and stops the germs which have caused it. It is your urgent duty, and get a box of **GOLD MEDAL** Hance's Kidney Pills. In twenty-four hours you should feel health and vigor returning. After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-cause condition and ward off the danger of other attacks.

Ask for the original imported **GOLD MEDAL** brand. Three sizes. Money refunded if they do not help you.

In discussing the Standard Oil Company, a well-known lawyer said: "The underlying cause of whatever trouble this organization may have had are to be found in its efficiency and its advanced methods, which make competition difficult. As a producer and distributor of petroleum products the Standard Oil Company leads the world."

It is a matter of pride to those responsible to the 4649 stockholders that the Standard Oil Company (Indiana) has been able to so operate its business as to insure a maximum production of useful products at a minimum of cost, and it has always been the policy of the Company to sell its products to the consumer at a minimum price.

During the past five years when the industries of the world have been disorganized by war, and the cost of production has been increased tremendously, the Standard Oil Company (Indiana) by reason of its advanced methods has been able to keep the price of petroleum products at so low a point that the people of America can afford to use the output of the Company in ever increasing quantities, while elsewhere in the world only the wealthy can enjoy the comforts of these commodities.

This condition has been brought about by largely increased facilities, and by careful conservation of raw materials.

Thus, in spite of tremendous increases in cost of crude oil and labor, the Standard Oil Company (Indiana) has been able to fulfill its obligations in a manner satisfactory and beneficial to the stockholder, the employee and the public.

**Pine City News**

Tanlac at Prechaska's. Silver ware for wedding presents, at Stancke the jeweler. Presentation work promptly and carefully attended at Prechaska's pharmacy. Prices right, advice just received a new line of cut glass, at Stancke the jeweler. Eyes tested, glasses fitted, Prechaska's optical parlor. E. Prechaska, graduate registered optometrist at Stancke the jeweler. Phonographs and phonograph records at Stancke the jeweler. Mrs. Henry Buehrer returned home, last Thursday, from Zumbatoa where she was called by the death of an aunt. Heavy goods and cloths at Stancke the jeweler. Mr. and Mrs. Geo. Gofka came down from Superior, Saturday, for a couple of days visit at the Edin home.

Missed from appeared before Judge Atkinson, Tuesday, and was fined \$10 as the result of a traffic argument with W. M. Stuck, which happened last Friday.

Notice, all members of the Leon Heath Post No. 51 of the American Legion are requested to wear their uniforms to the Legion dance at the armory, Nov. 15.—Glenn Turner, post commander.

Mabel Norman fractures four ribs caused from falling off the horse in the big thrilling horse race scene in "Mickey." 14,000 people were engaged while this scene was staged. See it at the Family theatre, Thursday and Friday, Nov. 13 and 14.

Among those home to spend the weekend were Miss Nora Wilson from Macalaster college, Lorenzo Gray from the state university, and Bonnie Kilgore from her work at St. Paul. Miss Alma Albrecht was also up from St. Paul to visit at the Therrin home.

If you like a fight—the fight of a young man to make good—the physical fight of the prize ring—then you're going to like "Once to Every Man"—it's got more punch in it than half a dozen average features combined! See it at the Family theatre today and Saturday.

Mr. and Mrs. J. Y. Breckenridge were surprised by a number of friends, Tuesday evening of last week, the occasion being their 3rd wedding anniversary. Mrs. Breckenridge was presented with a beautiful cut glass service. The evening was spent in games and light refreshments were served.

A boy from overseas wrote home, "There are only two things we look forward to. Getting back home, and seeing a real prize fight. This was his made fighters of us all." If you want the most realistic and sensational prize fight ever screened, see "Once to Every Man." Family theatre today and Saturday.

J. F. Mider was in town the first of the week, attending to some business matters, before leaving for Wichita, Kansas, where he expects to remain a couple of months and then go on to Cuba for a short stay, returning home with the springtime and rearing his truck lines out of Proctor where he makes his home.

W. H. Bastien, instructor in violin, brass instruments and drums, urges anyone desiring lessons to start as early as possible as the best season for drilling is from September until the warm weather. Arrangements may be made personally or through the mail. Address Pine City. Pupils will have the advantage of intensive and professional experience.

Dr. P. Murphy, who visited for three weeks with his friend, Dr. B. Bohling, left last Friday to visit points in Illinois. He recently sold his practice in Iowa and is looking up new location. He still owns Pine City a good field and may later decide to locate there. Dr. Bohling accompanied him as far as the cities for a short business visit.—Sandstone Courier

Mr. and Mrs. R. G. Jones left, last Sunday morning, for Rochester where he expected to undergo an operation for the removal of a kidney. They were accompanied as far as St. Paul by Dr. Brey of the Taylor sanitarium and Dr. Hensley, by Dr. Wittich formerly of the sanitarium. Everyone hopes for a successful operation and for Mr. Jones speedy recovery thereafter.

Miss Charlotte Wilcox entertained fourteen of her classmates, at the home of her parents, on Halloween night. The evening was spent in playing games, the most fun being derived from watching the kiddies dive into a tub of water for apples. A dainty lunch was served at midnight and the guests departed for home in the wee small hours after voting the evening a very enjoyable one.

Of the members of the James Hurley family who were called home to attend the funeral of their brother, John, Matt and family returned to St. Paul on Tuesday, Miss Margaret and Marie Vaughan returned to Beaudette Wednesday. Mr. Cleary and Mrs. J. D. Vaughan returned to St. Paul on Wednesday, today Mrs. Cleary to St. Paul and next Sunday, Misses Julia and Catherine will return to Battle Lake.

The Wm. Collins family moved to St. Paul, yesterday, and will make their home there. Bill returned from International Falls, last Friday, formerly of this place, employed in the pulp mill there from the family moving thither from Cable, Wis. He also reports Hugh Heady, who is remembered by old Snake riverites, is a deputy sheriff at International.

**PIPELESS CALORIC FURNACE**  
**A Practical, Efficient Method of Heating Without Pipes Through Only One Register**

**What It Does**  
The CALORIC, the Original Patented Pipeless Furnace, heats your entire home, new or old, three rooms to six, through one register.

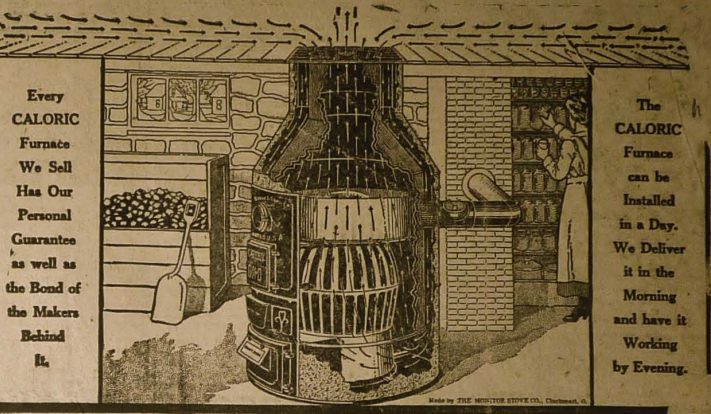

The CALORIC heats uniformly and thoroughly. Whether your home be of the bungalow type, with all rooms on one floor, or two or three stories high—all the rooms will be warm and comfortable.

The CALORIC saves from one-third to one-half of your fuel. The same amount of coal, coke or wood which will heat two or three rooms with stoves, will heat the entire house through the CALORIC. Or, if you are now heating your entire house, the CALORIC will do the same work better with one-half to two-thirds as much fuel.

The CALORIC is easily and quickly installed in any house, new or old, and without interfering with your present heating system. Where there is no cellar, a pit can be dug large enough to hold the furnace and the fuel supply.

The CALORIC reduces fire risk, as all the heat comes up through the center of the register, while the cool air is constantly passing down through the outer part of the register, where it comes in contact with the floor.

Over fifty thousand enthusiastic owners from Portland, Maine, to Portland, Oregon, testify that the CALORIC is and does all that and more than we claim. The CALORIC is also giving splendid results in stores, factories, churches and halls. Can you afford not to investigate?

**FOR SALE BY Pine City Hardware Co.**

The Flatons, who have been occupying the place, moved into their own fine new building in the southwest part of town.

Last Thursday morning eight crabs were received from the state fish hatchery and deposited in Cross lake by Emil Hoefler and Fred Engler. This is the first crabs received here this year. About 10 cans of bass and 15 cans of pike have been depollated in Cross and Pokegama lakes and 20 cans of trout spawn were deposited in Bear Creek east of town. Mr. Hoefler has been moving spirit locally in all this work although he has been assisted by other deputies of the Isaac Walton art with the fish and the reel. He wants to get some whitefish to try in the deep waters of Devil's lake but was unable to secure it this year though he expects to next.

Speaking of the work of Maurice Weinberger, whose parents live at Meadow Lawn and who was a member of the local high school for a couple of years, the Duluth News Tribune of last Thursday says of the football work of this young man who is now a student at the Cathedral high school at Duluth, "Weinberger is without question the greatest high school center seen on the local grid in many years and is perhaps the best of all time at the head of the lake." Maurice row weighs 215 pounds. He went into a game at Ashland with his team, last Friday, with a broken nose and suffered a broken finger in the scrimmage but stayed through the game.

H. W. Harts has sold his residence in town to Z. L. Wheeler who recently sold his Pokegama lake farm and intends moving into the village sometime between now and March 1st. The Hartses expect to leave about Dec. 3 for Excelsior Springs, Mo., where he goes each winter, and where they expect to go on, after a few weeks, to spend the balance of the winter in Florida, California. They are not yet decided whether to build here again or not though many friends hope they may. The Wheelers have a host of friends here and will be gladly welcomed in town.

The fixtures in the First State Bank underwent almost a complete reversal, the first of the week, which cut out the front office, throwing some five feet from its back end into the work room and a large part of the remainder into the lobby while only a corner of the space is retained for the cashier's desk, in front of which a rail will be placed. The customer's counter was also moved back nearly two feet, broadening the back lobby correspondingly and the infant is to be in the lower half of the front window. The changes greatly alter the general appearance of the room and will doubtless make it more convenient in handling business.

The band dance in the armory, last Saturday evening, was attended by a crowd that filled the big floor to the limit but still left room to get about. There were 346 tickets sold and the committee came out on the safe side by a rather close shave for their expenses for music, decorations etc. were considerable. The armory was beautifully decorated and the whole affair—music, floor decorations and the supper by Caterer Gandy—was really praiseworthy by folks from the country and surrounding towns, as well as villagers who were there. The band will give another dance on Saturday evening, Nov. 29, when the dance and the settings will be just as good and the roads better. In the meantime all the dancing public is looking forward to the American Legion dance on Saturday, Nov. 19, and were present at the monthly meeting in the city hall, last Saturday evening. Treasurer J. D. Boyle requested the council to re-maintain a warehouse and oil and gasoline tanks on the railway right of way between the Roaneder potato warehouse and the railway, on the east side of the tracks. This ordinance is published elsewhere in the Pine City weekly and may be read by interested persons. A petition has been circulated in town this week, and very liberally signed, asking the council to rescind the ordinance and to have it come up again at the next meeting of the council, where understanding of the council, were held for the extension of water mains on 7th street between 2nd and 3rd avenues was from Albert Oman for \$370 which was rejected and the matter dropped for the present. The following bills were allowed: subject to correction after being audited; Eastern Mine Power Co. \$175.14, John Bidderman salary for Oct. \$85, H. J. Buirge salary

**WHAT DO YOU WANT? SPOT CASH or MORE CASH**

Most Farmers will prefer MORE CASH. Reports of Prof. McGuire and State Dairy and Food Commissioner, Swenson, for 1918, show that Farmers Creameries paying once or twice a month and paid between 5 and 6 cents more per pound for butterfat on the average than creameries or stations that pay cash for each can. This 5 or 6 cents per pound butterfat amounts to \$10 to \$15 more per can for the average cow.

By patronizing the Farmers Creamery you get the benefit of this More Cash the year around. Try us and be convinced. A Farmers Institution, owned, operated and managed by the Farmers of Pine City territory.

RED TAPE AMONG ALLIES AT VLADIVOSTOK

Receiving allied supplies at Vladivostok, Siberia, is truly a matter of "red tape." This is a specific example. A Japanese soldier guards the horse, another examines the way bill, while the Chinese coolie stands by ready to do the work of unloading.

MIGHTY HUNTRESS SEEKS NEW TRAILS

Lady MacKenzie Plans Trip of Discovery on Tana River in African Jungles.

REGION OF DENSE FORESTS

Stream Broken by Rapids and Waterfalls and Abounding in Big Game and Snakes—Land of Big Animals.

New York.—Heading an expedition to East Africa, which has as its object the exploration of the Tana river and the hunting of big game, Lady MacKenzie, the woman hunter, is in New York completing details of the trip and arranging to dispose of trophies obtained in two expeditions she already has made to Africa.

Upon her arrival at Mombasa, Africa, she will remain several days, superintending the shipment of nine tons of trophies she has stored there. These include many rare specimens of heads and skins of animals, and will be presented to the Bronx Zoological museum, the American Museum of Natural History, the Smithsonian institution, and other institutions.

One rare trophy in the head and skin of a panther, an animal with a neck and head like a giraffe, which is seldom seen in the open, according to Lady MacKenzie, who shot the beast.

In her forthcoming expedition Lady MacKenzie said she would be accompanied by F. Postina, who was with Colonel Roosevelt's hunting expedition in Africa; E. Shueley, one of Paul Balney's hunters, and Pete Pearson.

The Tana river, Lady MacKenzie said, is one of the most treacherous streams in the world. It is full of whirlpools, waterfalls and dangerous rapids. At places along its winding course the forests are so dense that travel is possible only by literally climbing over the tops of the trees. The length of the river is estimated at from 2,000 to 3,000 miles.

Land of Big Animals.

"I am returning to continue work that was interrupted by the war," she said. "In 1910 I was about to start the exploration of the Tana, and had established my camp at the junction of the Tana and the Tsheli. When I was told I would have to stop.

"I appreciate the danger that lies before me, but I feel the discovery that is made will be worth risking my life for. What is along that river can only be guessed at. The Senzala and the Wandorobas have at times reported 'too much elephant,' meaning a great

MERCY FOR "HELL FIGHTERS"

Yanks Who Stole Army Uniforms From New York Base Get Off With Ten Days.

New York.—Seven Army Hellfighters of the "Hell Fighters" who were arrested last week for stealing uniforms from the New York base, were given a reprieve by the military court.

TO SILENCE SUPPLIES FROM THE ARMY

Albany, N.Y.—A shipment of the heavy railroad, No. 10 Prince Street, the first train to enter under the new regulations, was held up by the military court.

TO SILENCE SUPPLIES FROM THE ARMY

Pittsburg, Pa.—The Hunnated police arrested a man who was found with a "hooking ladder" in his possession. The man was found with a "hooking ladder" in his possession.

COAT SEASON IS BIG PARIS CARD

Sometimes it is the separate dress and coat and sometimes it is the suit that holds the sway of style during a season. In Paris, without a doubt, declares a fashion writer, it is the coat this season.

Such attention as has been shown to morning and afternoon dresses in Paris would lead one to expect that instead of their having declined in popularity, quite the contrary has happened. They are more in the limelight than ever.

In spite of the fact that there is so little seasonal change in the lines of the gowns, it is handled in unheard-of ways and the result is charming. Sometimes it is a narrow strip of belt colored in a happy contrast to a gown. Again it is used as satin for outside facing on cuffs and skirt pockets.

Leather Frocks and Trimmings. A trimming that has taken first rank is leather. It is handled in unheard-of ways and the result is charming. Sometimes it is a narrow strip of belt colored in a happy contrast to a gown.

German Shells Reveal First Reims Cathedral

Paris.—Students of history are greedily digging for every scrap and shred to piece together another chapter of bygone days as a result of the report of the archaeological mission planning the reconstruction of the Reims cathedral.

It states that German shells which ripped open the floor of that twelfth century church have disclosed another cathedral built by the Franks which has contained the tomb of King Clovis for 1,410 years.

It is expected that further excavation will reveal the blue—blue serge. Then there are all of the soft surfaced fabrics—duvety, russella, burella, and the allied fabrics.

Materials have for their leader one that has the sanction of ages behind it—blue serge. Then there are all of the soft surfaced fabrics—duvety, russella, burella, and the allied fabrics.

Not so much hand work is to be seen about these dresses as was the case in former seasons. The little girls who used to do this work have learned by their connection with the war-time fashion factories that a female is entitled to more of daily assistance than it was possible for her to attain by doing embroidery.

Such attention as has been shown to morning and afternoon dresses in Paris would lead one to expect that instead of their having declined in popularity, quite the contrary has happened. They are more in the limelight than ever.

In spite of the fact that there is so little seasonal change in the lines of the gowns, it is handled in unheard-of ways and the result is charming. Sometimes it is a narrow strip of belt colored in a happy contrast to a gown.

Christmas Presents You Can Make

Holiday Gift Suggestions for the Handy Needlewoman By JULIA BOTTOMLEY

Gifts for Grandparents

The square box is covered with silk and has a frill of finely plaited chiffon about it. Over this there is a tiny vine of very narrow ribbon formed into leaves with little roses set between them.

One is a reading glass, which will prove useful, when ordinary spectacles fail to reveal to the eyes that are growing old. Below is something pretty and useful for grandmothers. It is a bouquet made of paper flowers, and in the heart of each flower is something useful for sewing or darning. The center of one flower is a small spool of black thread; in others are loops of tape, pins, needles, hooks and eyes.

Trinkets for the Tree

A "navigator" coat and cap made of dimchilla, elastowool, or other thick, soft fabric will make a fine gift for a little boy. The round cap has earflaps attached and the coat is provided with a collar that may be turned up about the face.

One rare trophy in the head and skin of a panther, an animal with a neck and head like a giraffe, which is seldom seen in the open, according to Lady MacKenzie, who shot the beast.

In her forthcoming expedition Lady MacKenzie said she would be accompanied by F. Postina, who was with Colonel Roosevelt's hunting expedition in Africa; E. Shueley, one of Paul Balney's hunters, and Pete Pearson.

The Tana river, Lady MacKenzie said, is one of the most treacherous streams in the world. It is full of whirlpools, waterfalls and dangerous rapids.

Land of Big Animals. "I am returning to continue work that was interrupted by the war," she said.

"I appreciate the danger that lies before me, but I feel the discovery that is made will be worth risking my life for. What is along that river can only be guessed at.

One is a reading glass, which will prove useful, when ordinary spectacles fail to reveal to the eyes that are growing old. Below is something pretty and useful for grandmothers. It is a bouquet made of paper flowers, and in the heart of each flower is something useful for sewing or darning.

A "navigator" coat and cap made of dimchilla, elastowool, or other thick, soft fabric will make a fine gift for a little boy. The round cap has earflaps attached and the coat is provided with a collar that may be turned up about the face.

One rare trophy in the head and skin of a panther, an animal with a neck and head like a giraffe, which is seldom seen in the open, according to Lady MacKenzie, who shot the beast.

In her forthcoming expedition Lady MacKenzie said she would be accompanied by F. Postina, who was with Colonel Roosevelt's hunting expedition in Africa; E. Shueley, one of Paul Balney's hunters, and Pete Pearson.

The Tana river, Lady MacKenzie said, is one of the most treacherous streams in the world. It is full of whirlpools, waterfalls and dangerous rapids.

Land of Big Animals. "I am returning to continue work that was interrupted by the war," she said.

"I appreciate the danger that lies before me, but I feel the discovery that is made will be worth risking my life for. What is along that river can only be guessed at.

GRANDDAUGHTER OF PREMIER

Lilla Miss Margaret Oshes Evans, daughter of the late Premier, is the granddaughter of Premier Lloyd George of England.

MERCY FOR "HELL FIGHTERS"

Yanks Who Stole Army Uniforms From New York Base Get Off With Ten Days.

New York.—Seven Army Hellfighters of the "Hell Fighters" who were arrested last week for stealing uniforms from the New York base, were given a reprieve by the military court.

TO SILENCE SUPPLIES FROM THE ARMY

Pittsburg, Pa.—The Hunnated police arrested a man who was found with a "hooking ladder" in his possession.

Materials have for their leader one that has the sanction of ages behind it—blue serge. Then there are all of the soft surfaced fabrics—duvety, russella, burella, and the allied fabrics.

Household Finery

A dark-brown willow basket lined with silk and decked out with ribbons and ribbon roses in two colors cannot fail to please its recipient at Christmas time. He is young or old. It is a luxurious bit of finishing that can be used for many things.

A tray or server, like that shown in the picture, is made of silk tapestry and lace and glass, over any suitable foundation. Trays of this kind in sizes that correspond to a dinner party or smaller look very much at home on a dressing table among other pretty treasures.

Dainty Bonbon Boxes

A bonnet, scarf and muff of satin, trimmed with imitation ermine fur, is enough to make the eyes and heart of any little girl who has Christmas time. Here is a set that loving mothers or sisters who know how to sew can make without much trouble. Beds for dolls are sold at the department stores. The scarf features with a wrap fastener at the throat, and the muff is suspended on a silk cord.

Handy Bag and Case

There was something finer for a Christmas gift than the bag filled with little necessities. Here it is. It is made of dark silk, having a plain white top and lined with plain white. The bag is made of ribbon and has a small ornament on top.

## BEROUN NEWS DEPARTMENT

This Department Will Appear Regularly in The Pine City Readers will find the Beroun News in it.

Six years ago the present owner of The Pine City took charge of this paper. Soon thereafter he installed a "Beroun Department" in the paper which has been continued ever since except on some extreme occasions when, because of work in the office it was impossible for us to either get the news or set it. Other newspapers were published at Hinkley and Pine City but they paid no attention to Beroun until after The Pine City was established. The paper under present ownership has always boasted of the Beroun region.

Joe Pirke and wife and her mother from Blooming Prairie have been visiting for a few days at the home of Mrs. Janna's sister, Mrs. Jos. Skalicky. Mr. Pirke left today for Hibbing where he is employed but the ladies remained over another week.

Mrs. W. H. Fisher was at Pine City to interview the dentist today. The Fishers expect to occupy the old Kopceck residence when the family moves into its new residence, about Nov. 15.

There will be a dance in Prochaska's hall, Saturday evening, Nov. 8th. Music will be furnished by the Rock Lake orchestra. Don't fail to attend.

Chas. E. Meyer arrived, last Saturday, with a car of stock etc. from Gettysburg, S. D., where we understand he sold his old place and at once moved out to his old farm, about 5 miles west of town, which he has had rented since going to Dakota four years ago. We are all glad to see them back into this region.

A. J. Karban expects to ship his household goods to Chicago about Nov. 17, when the family also intend leaving. Anton jr. is employed in Frank Kadavy's store and expects to remain here.

The lease for the land on which the Farmers' warehouse is to be built was received recently, but too late to be of any good to the farmers this fall. They expect to build at once in the spring, however.

Work on spreading the first layer of gravel on the Federal road from town to the Mission Creek bridge was completed last Saturday and Chas. Lindstrom, who has had charge of the work, left for his home at

Bruno. About 40 loads were still necessary to complete the road to the corner south of town owing to the impossibility of getting a crew to do the work. Next spring another thin layer of gravel will be put on top of this one if it is found necessary.

Wm. Mista completed the new garage on his place in Munich town last on the eve of the big snow. He also recently erected a good sized chicken coop. Bill never does things by halves.

Mrs. J. J. Chagnaby went to Minneapolis, Wednesday, to seek medical relief for eye troubles, not knowing how long she would be absent.

Mrs. John E. Kusta and Miss Emma Banta arrived from Lidgerwood, N. D., last Saturday, for a month's visit at the home of the former's brother, Jos. Pika. Miss Anna Pika returned to her duties in the Pine City hotel today, after a two days visit at home.

It is confidently expected that our hotel will be reopened within a week from this time. Two parties are anxious to secure it.

Word from Mr. and Mrs. Frank Marchart who left a couple of weeks ago to visit at the home of their son Frank on their old home farm near Jennings, Neb., and also with Joe, there, is to the effect that they expect to go to Oregon in the spring to visit at the home of their daughter, Mrs. Peter G. Anderson, and not return here until next fall.

C. O. Brown moved from town, last week, to occupy the Frank Kadavy farm, east of town, recently vacated by O. E. Blood.

Miss Mary ShaNva who has been employed at Frank Kadavy's store for some time is now behind the counter at Mikyka's.

The infant child of Mrs. and Mrs. Louis Oursink was buried in the cemetery here, Wednesday morning, with church services by Father Leo.

The Cedar Lake orchestra will furnish music for a big dance to be held in the Munich town hall, Saturday Nov. 8th. Everybody come and get acquainted.

Miss Rosetta Yalovsky left, Monday, for Des Moines, Iowa, where she will visit relatives before going to St. Paul where she will be employed.

## ROCK CREEK NEWS DEPARTMENT

Wherein is Published the News of the Rock Creek Region It is intended to help Rock Creek in every way and in every aid

Rock Creek News There was a fair crowd at the dance, last Saturday evening, some of our folks going to Pine City. But everyone had a good time.

Mrs. C. W. Beverley is very ill at her mother's home, southeast of town.

N. O. Erickson and wife, of Sandstone, visited at the home of his sister, Mrs. M. Berglin, and his brother, A. B. Erickson, from Saturday to today.

The Berglin auction, yesterday, drew a big crowd and everything sold well. They will remain on this place until about March 1 when they expect to remove to Forest Lake where they have purchased a home.

There was a good attendance at the Aug. Johnson auction, west of town, Tuesday, when cows sold for from \$70 to \$140. They expect to move soon to Chicago City where they have purchased a home.

Julius Anderson moved, the first of the month, to the Gust Nelson place northeast of town, which he has purchased and Chas. Merritt moved at the same time to the old Anderson place which he has bought. Chas. Busay, who has bought the Bassett place and Miller stock, is driving up from his old home near Esterville, Iowa, and is expected today.

The ladies aid will meet, Nov. 14, with Mrs. Otis Schmidt on the old Strandberg place when final arrangements will be made for their annual sale and supper.

Miss Inger Bernhoft arrived home, Tuesday, from a 10 days visit with friends at Duluth and Two Harbors.

There was not a very large attendance at the Sunday school social at the Ray Vandyske home, last Thursday evening, owing to the unpleasant weather and other events, but everyone had a fine time.

Barney Greenan expects to ship a car of stock to St. Paul next Wednesday.

Leonard McNeil is enjoying a fine business in the leather store and giving the best of satisfaction. Let him do your work.

The annual Red Cross meeting was recently attended, being a commendable success by all. It was in The Pine City office. Mr. Weidman sent the notice of the meeting two weeks ago but in the rush in the office it was left out. It is therefore necessary for us to choose the date and run it last week, which we fully promised to do. We didn't run with the ill fate. All our fault and we're in more sorry than we ought to be. The meeting was held on Wednesday, November 10, at the residence of John L. B. Banta, secretary John L. Erickson, vice chairman and Mrs. J. A. Peterson, treasurer. Plans are being made for the membership drive which will be pronounced later.

About 80 young folks from here enjoyed the first dance of the

winter to Pine City, Tuesday evening, to see the show.

Emil Anderson was up from St. Paul to spend the week end at the home of his parents, the Andrew Andersons west of town, and to serve on the grand jury at Pine City yesterday.

B. F. Fitzwalter is visiting old friends here having arrived the first of the week from Texas. He expects to go to Peoria, Ill., to visit at the home of his daughter after leaving here.

Mrs. Chas. Nelson 2 miles east of town, is improving slowly after an illness as the result of a fall.

A party of about 80 young folks enjoyed a delightful Halloween party in Johnson's hall, last Thursday evening. The hall was prettily decorated with black and yellow and dancing was indulged in with one of the well known "Billie" orchestra and Mrs. Merritt at the piano. Delicious refreshments were served and everyone had a fine evening.

## SEEMINGLY NO AGE LIMIT

Applicants for Divorce Are by No Means Always in the Days of Their Gallop Youth.

There is no age limit to divorce. In Oregon a woman at the age of eighty-two years is suing for a divorce from her husband who is a callow stripling of seventeen summers. This seems to be another case of too much mother-in-law.

Her husband's love has been alienated and undermined through the work of his mother, who is now ninety-four years old and who never did like her, anyhow. They have been married some ten years now, and the wife said that when the husband took her money to buy an auto for his mother, and wouldn't let his wife ride in it, she knew that his love was dead. When she remonstrated the husband coldly informed her that she could leave the home. When the wife said that the home was her own and bought with her own money the husband replied that might be so, but he had thoughtfully had the deed recorded in his own name. Now she had to appeal to the courts. It is rather hard to compete with a mother-in-law and a mother-in-law for the affection of her husband.

Home L. Bergman, a member of copinence of the United States, has stayed on the patrole over the reorganization of a factory by being an official of the Billie. Making his speech cordial and seeking to impress his auditors with the fact that this country has outlived its lawless days, he delivered a twenty-dollar bill and declared:

"Why, even the shipyard on the hill is so big that we take over the factory, during the war it flew the American flag, all right, but it is a foreigner's ship." A demonstration proved he was absolutely correct. The ship has been taken over and there were no more foreign-owned ships in this country. The new factory is now being built.

# Don't You Dare Miss The GRAND BALL Saturday, Nov. 15

## Leon Heath Post No. 51

NOW'S THE TIME TO DROP anchor! Let the old Harry sub-chaser ride the wild waves while you crank your Lizzie, get under way, steer a true course and make the Armory your home port on the evening of November 15th. Pass the word mate, and make it gangway, for we're heddin' in for the biggest and best dance of the season.

# DANCE DANCE DANCE

SOME ORCHESTRA! DUDLEY'S Military Band! Five artists of unusual ability who will put over a barrage of jazz that will make Heinie's barrage sound like a tin lizzie, melody until you absolutely cannot keep your feet still. Oh Boy! Some Ball!

AND CHOW! CASSIDY THE caterer will serve. Don't miss this! Only the best, and lots of it. A supper that you will remember as the best ever for a long time to come. Come and bring your buddy or his girl! We always were strong for "his" girl anyway.

WILL WE BE THERE? I CLAIM! It's our first dance and I'll sure be a hummer--program 'n' everything. Beautiful girls! Our "shock troops" are recruited from the country's prettiest. They'll be there and looking for you! Don't disappoint them. COME!
