## GERMANY MAKES VIGOROUS PROTEST

### Brutality in Exclusion of Ruhr Officials Charged in Note to the Allies.

Brussels—The Belgians have arrested the burgomaster of Dusseldorf. The strike of the Thyssen workmen to the number of 65,000 is the most effective blow yet struck by the Germans against Franco-Belgian occupation.

Washington—A note protesting against the French and Belgian attempt to force with terrorizing measures German officials to render assistance in the execution of illegal measures aimed against their own country through the expulsion of officials who refuse to cooperate with the forces of occupation in the Ruhr, was made public by the German embassy here. It had been handed to the French, British and Belgian governments by the German representatives at Paris, London and Brussels.

The embassy also made public another note delivered to those governments and to Italy, defining the German position as to the ordinances issued by the international Rheinland commission charging the occupation which, it contends, are in contradiction with the Rhineland treaties and "have no legal value and are not to be complied with" by the local German officials.

## PROTEST OF MASKED TERROR

### Legislation Asked to Suppress Activities of Hooded Organizations

Washington—A revolt against domination by secret, hooded organizations is in progress throughout the United States.

Legislators from coast to coast are considering laws to crush the masked terrorists. Various activities of the night riders are defined in the proposed laws as treason, murder and other felonies, and severe punishments are provided.

Disclosures in the state of Louisiana's investigation of the murders of Thomas Richards and Watt Daniel furnished one of the principal lines for this form of activity.

## AMERICANS LEAVE COBLENZ

### Stars and Stripes Hauled Down After Four Years On Fort

Coblenz—The American flag which has floated over the great German mountain fortress of Coblenz for four years will be hauled down. Immediately afterward the United States army of occupation on the Rhine will depart for Antwerp and headquarters on the transport St. Michael. French troops will be a guard of honor as the American flag is lowered.

Upon arrival of the troops in the United States, all married men under the rank of staff sergeant will be honorably discharged unless the circumstances are exceptional.

## JANUARY SHOWS INCREASE

### Mild, Open Winter Course Spurred in Building and Business Generally

Chicago—From many angles, January 1923, will be the most favorable month in the history of the weather, easy railroad operation and record seasonal outdoor life, leading shippers to the merchandise centers, have created amazing bank clearings. The rise of steel output to a reported 85 per cent capacity, the ascribed progress to the dry, open winter. Business progressed to a point where the 1922 wage agreements have become a dead letter.

Domestic trade in the west has advanced to a new high point, and the worst effects of this warm, dry winter are felt in about half of the country.

## Beroun Farmer Club Social

The Beroun Farmer's Club will give a social February last. Come one, come all to Brochhausen hall. Next Thursday eve at eight. A pie-oven must bring. It will be just the thing. You will be had for mother and dad. As well as lauds and bid. If you'd enjoy life. Bring your friends, or your wife. And you'll have the time of your life.

## Personal Property Tax List

The week's issue of The Pine Packer contains a statement with the personal property tax list of practically all the towns and villages of the county. Read this list over; you will compare your taxes with those of others. It will make interesting reading.

## See 'Saturday Night' Sunday

### Cecil B. De Mille's big production 'Saturday Night' was finished one Wednesday night.

Sounds a bit confusing doesn't it? But from the time Mr. De Mille pronounced the title of his latest Paramount picture, confusion was the order of the day around the Lasky studio at Hollywood, Cal.

"You're working 'Saturday Night'?" one actor would ask another. "I'm working on 'Saturday Night'." "I don't care what you do Saturday night. I'm talking about Friday night."

"I've told you in plain English that I am working Friday night on 'Saturday Night' and I can't accept your invitation."

"You're working Friday night on 'Saturday Night'?" "Say, are you crazy or am I? Now listen here; quit this nonsense and tell me what you're working Friday night?" "I'm not crazy, I told you and I'll tell you again: I'm working Friday night on 'Saturday Night'."

No matter on what night the public see "Saturday Night" at the Family theatre Sunday or Monday they will be assured of an enjoyable evening. If you can't see "Saturday Night" on Saturday night, try to be on hand any night during the run.

## Will Discuss Naval Militia Plans

### Judge Wilcox, commanding officer of the Pine City naval militia, has called a meeting to be held in the club rooms on Tuesday evening of next week for the purpose of considering plans for reorganizing the local militia.

All those who are interested or who will join the militia, are urged to attend the meeting. Mr. Wilcox will discuss the complete details of the organization Tuesday evening. We understand the members of the militia receive a dollar or more for each drill they attend during the year. They get a two-week cruise in the summer on the Great Lakes with full pay, and are given \$50 uniforms.

If Pine City is to keep the honor, we will probably have to have a militia. With an active organization here, we can get an appropriation from the state to complete the armory. This would be a fine thing for the Legion as the law gives them the right to use the acreage of charge for a meeting place.

## High School Game Friday

The Pine City high school basketball team will play the Forest Lake team at the arena on Friday evening of this week. The boys have won the last three games and are out to beat Lake quit if it is at all possible.

A good crowd attended the game last Friday evening, when our team won from Moor Lake by a score of 10 to 7. The preliminary game between the local and Moor Lake girl teams was greatly enjoyed by the spectators. The score was 13 to 16 score, and Miss Joyce's bunch of athletes are to be congratulated on their fine play. The game is taken into consideration that the visitors have been playing together for some time.

The local team of the club has returned home with a 42 to 15 score score tucked away. The local team has played six games this season and have won four of them.

## Many Plans For 1923

The first meeting of the Pine City Boy Scouts Assn. with the new officers in charge, was held in the club rooms last Tuesday evening. There were quite a number of members present, and a very enjoyable meeting was held. The evening was given over to a thorough discussion of plans for 1923. The next meeting of the club is scheduled two weeks from last Tuesday, when it is expected to have a large attendance committee was appointed, composed of Ben Boo, W. A. Sauer, Mrs. Morsman, Phil Slesky and Ed Lehman.

## In Memoriam

In loving memory of our dear son and brother Albert who died peacefully all the towns and villages of the county. Read this list over; you will compare your taxes with those of others. It will make interesting reading.

Are you going to "Saturday Night" Sunday on Monday, January 28-29? "Saturday Night" on Sunday and Monday at the Family Theatre.

## Mass Meeting Draws Crowd

### Over one hundred men answered the call for the mass meeting, in last week's issue of The Pine Packer, and met in the village hall last Monday afternoon. There were a number of businessmen present, but the gathering was composed largely of representative farmers of the community.

Commissioner J. C. Hancock called the meeting to order, the first thing of J. J. Madson, chairman and W. S. McEachern as secretary of the meeting.

Mr. Madson stated the purpose of the meeting which had been called by a few articles in public matters, to get the views of taxpayers regarding certain proposed legislation and also for consideration of the county poor farm.

After considerable discussion on the various matters under consideration, the following motions were passed and the secretary was instructed to forward copies of the motions to our state representatives—Messrs. J. E. Therrien and Adolph Larson.

It is the sense of the taxpayers here assembled, that this meeting be held on Saturday, January 27, at 8 o'clock, at the Pine City town hall, for the purpose of considering the proposed bond issue of \$200,000 for the construction of highways.

It is the sense of the taxpayers here assembled, that this meeting be held on Saturday, January 27, at 8 o'clock, at the Pine City town hall, for the purpose of considering the proposed bond issue of \$200,000 for the construction of highways.

This gathering of taxpayers of Pine County return to the system they have had in the past. This cannot be done without the bond issue. An executive committee was elected of which N. E. Schwarz of Sandstone is chairman and George Empey of Hincley is secretary. The committee will meet at Hincley on Saturday evening of this week when further plans for carrying on the work will be made.

There are two sides to every question. Commissioner Baldeck called that the proposed bond issue not increase taxes, and will be taken care of out of a sinking fund for which purpose the automobile taxes will be used. But the great fear is that these bonds will have to be paid eventually by additional taxes, and additional taxes are something that the farmers cannot stand.

In next week's issue we will print an outline of the bill with a statement from the highway department which is one of the big issues. We will be glad to hear from anyone who is opposed to the bond issue and will gladly print their views also. This is one of the big issues before the legislature, and both sides of the question should be gone into thoroughly.

## CATHOLIC CHURCH NEWS

Father Leo, pastor of the old members of the St. Mary's Dramatic Club are getting ready to start working with their old coach Rev. Father Leo, to give the good people of Pine City and vicinity their annual treat, that is a "good home talent play" on the week of St. Patrick's.

Next Sunday no services at 9:00. Services at Pine City for next Sunday, Sunday school at 9:30; services at 10:30. The first month's collection in 1923 will also be taken up.

Saturday night is my delight and so is Sunday morning. But Sunday noon comes too soon and so does Monday morning. But "Saturday Night" comes Sunday at the Family Theatre.

## Heavy Program For Coming Year

### The Eastern Minnesota Power Company after completing one of the most active years of their existence, announces an extremely heavy program for 1923.

During the past year they have made substantial improvements at the most active years of their existence, announces an extremely heavy program for 1923.

A transmission line leading from Pine City to Brahan has been completed for the hour mill there, which has been greatly enlarged and this one plant uses more than 500 H. P.

During the present year, a 22,000 volt transmission line will be constructed from Kanabec county through Pine City, Kanabec and Foreston. Material is now being purchased and assembled for this extension. The line will be of the most modern type and will be over fifty miles long coming into Pine City from the west, south of Snake River.

A committee was appointed at the development association meeting held Tuesday evening, whose duty it is to assist in providing floor space in Pine City, providing the young folks and those interested want a rink, toboggan slide, etc.

Mr. C. T. Olsen, chairman of the committee, has called a public meeting to consider the matter. If there is enough interest manifested in outdoor sports, and enough young folks want them, ways and means will be considered to provide them. It is a matter of the young people, and you want these things in Pine City, attend the meeting tomorrow night.

Other members of the committee are J. A. Peterson, F. P. Gately, Phil Slesky and W. S. McEachern. H. P. The engineering of this project is now in progress and it will take about one year to complete after the actual construction is started.

This company now supplies twenty municipalities and a large number of rural customers in Pine, Chisago, Kanabec, Mill Lake, Isanti, and Anoka Counties. The general offices are located at Pine City. The ownership of this company is quite distinctive, inasmuch as it is owned by stock and bondholders who live in the villages surrounding the company and country adjacent thereto, and it is not connected in any way with any Eastern interests.

The plans the present year also contemplate the installation of an additional boiler capacity at the Pine City Steam Plant and the remodeling of the Chisago River Water Power plant at lower Snake River. This will consist of a modern hydro electric development producing 2,000 H. P. and will bring the total capacity of the Company's generating equipment up to exceeding 5,000 H. P.

The old members of the St. Mary's Dramatic Club are getting ready to start working with their old coach Rev. Father Leo, to give the good people of Pine City and vicinity their annual treat, that is a "good home talent play" on the week of St. Patrick's.

## U. S. MAY CALL A BIG NAVAL PARLEY

### Washington—President Harding has asked the naval appropriation bill, incorporated in which was a request from Congress that he take steps toward the calling of a new world armaments conference to resuscitate submarine and aircraft which were not touched by the Washington conference.

The President signed the bill in his study in the mansion without comment. He is expected to call a conference in the near future.

Officials at the State department are so confident as to whether the President is likely to take steps for the calling of a conference in the near future.

Club Women Ask Amendment to United States Constitution. Minneapolis—A twelfth amendment to the United States Constitution asking a uniform marriage and divorce law will be asked by the 2,500,000 club women of America.

Mrs. Thomas G. Winter, president of the General Federation of Women's Clubs, made this announcement, following her return from Washington, D. C., where she conducted a conference of women from 41 states.

"Since marriage and divorce so vitally affect the home and as such are fundamentals of government, the women from all parts of the nation expressed the belief that if the government can deal with interstate relations it would not be an invasion of state rights to ask an amendment covering marriage and divorce," Mrs. Winter said.

Frank Fremi Funeral Today. Frank Fremi, son of Mrs. and Mrs. Joseph Fremi of Hincley, passed away in St. Paul the first of the week, death resulting from pneumonia and operation we understand. Funeral services will be held in Hincley tonight. The pall bearers will be members of the General Federation of Women's Clubs, the deceased was a member. The obituary and complete particulars will be given in next week's issue of The Packer.

Play St. Croix Falls Saturday. The Pine City Alumni baseball team will play the St. Croix Falls team at the arena on Saturday evening of this week. This is a return game, Pine having played St. Croix Falls team about three weeks ago at that place, when our boys led the long end of the score. They have a fast team however, and the game Saturday evening should be a good one to watch.

Dance at Ausmus School. A dance will be given at the Ausmus school, Sat. 25, starting evening, 8 o'clock. Good music.

## W. C. T. U. Celebrates

### The W. C. T. U. prohibition anniversary celebration on the evening of January 16th, at the Methodist church was pronounced an interesting and interesting meeting.

The church was effectively decorated with W. C. T. U. posters and white ribbon bows and other emblems of the organization.

Rev. Buckton gave a very good talk on prohibition, illustrating his speech by drawing a cartoon which in itself was a temperance lecture.

Rev. Low used some very convincing figures and facts to prove that prohibition in the short time it has been in operation, has by no means been a failure and people who say otherwise are those who either will not admit the truth or else they are ignorant on the question.

Supt. Miller gave a short talk on the early history of Pennsylvania, leading up to the W. C. T. U. World convention recently held in Philadelphia.

The songs and drills by a group of children and the songs by the audience were all to the teacher's aid at the meeting.

After the program refreshments were served.—Contributed

## Will Meet to Plan Winter Sport

### All those who are interested in skating rink, toboggan slide, or any other kind of outdoor winter sports, are urged to attend a public meeting to be held in the club rooms on Friday evening of this week at 8 o'clock.

DINNER AND DANCE HATS; DESIGNERS PLAN THE BLOUSE

SINCE every dinner and dance at the same time, dinner and dance hats have arrived at a place of much importance and great accessories by which the fashionable draped velvet or satin gown may be varied, keep them company. Detachable, girdles and gaiters of ribbons and millinery flowers in floral designs, enrich the popular black or dark-colored frocks and are elaborated with jewels,

of color and decorations, as frocks and millinery do. Embroideries are prominent in fashions. Bulgarian, Paisley and Egyptian motifs, novelty ribbons in narrow widths and strong color contrasts brighten up navy blue and other dark-color models; chinchilla and other simple stitchery supplement embroideries and little ruffles of valence lace interspersed with embroidery in a single color,

Dinner and Dance Hats Are Important

Little sea shells and other fantasies. Metallic ribbons, shading to rose, blue, and other colors make the rousettes or coquelets, from which long ribbon streamers fall, often below the hem line of the dress. One of these sparkling ornaments is shown in the illustration made of narrow ribbon. The turban in its varied forms is the most popular shape and an example in a draped model of Parisian period, silk, appears in the illustration. It supplies a vivid note, with a black or dark-colored dress—the drapery furnishing shades of orange, red, blue, green, white and other colors in strong shades, posed against the black satin.

make a new and very attractive garment on blouses in plain colors like terra or tan, and on white. In styles the overblouse dominates and the jacket-blouse is assumed a great vogue—to be worn as a blouse or as a jacket with light summer frocks. A very smart example of this type appears in the illustration made of semi silk jersey and embroidered with silk in two colors. Some attractive models for spring are high necked, buttoning up to the top of the collar and side fasteners. The turban in its varied forms is the most popular shape and an example in a draped model of Parisian period, silk, appears in the illustration. covered shape. Vivid, flat flowers, foliage and jeweled ornaments are applied to the silver and gold hats. Satin and silk just now dominate the mode in dinner hats. Grapes in many colors, flowers and ostrich feathers make exquisite trimmings for them—the last appearing on the satin dinner hat shown in the picture. A whimsical dance hat is shown of gold lace with jeweled trimmings. Designers of blouses have launched their first efforts for spring and summer, in blouses that reflect the same influences in the matters

among the cotton, crepe de chine and georgette retain their places of importance, and in the latter the new beige shades—"fallow" and "pale"—are often passed over a vivid color. Much plain white is used with Bulgarian or oriental embroideries, and no one must overlook tailored types in which an embroidered monogram and simple stitchery are the sole decorations. Its popularity in France is enormous and its Anglified version, Eugenia, has great vogue in England and America.

Its history dates back from Eugenia, a very old Greek writer, but Eugenia was the name most popular in classical times. It was carried on as Eugenia by the Romans. St. Eugenia was a confessor and another Eugenia was Bishop of Toledo in history, the former Empress Eugenia. Indeed, it has always been a favorite as a masculine name and has been borne by men of power and prominence. Eugenia is the name of that high-spirited Savoy called "le petit Abbe du Hol," who was later the Prince Eugene, duc de England and Austria, and terrible to France and Turkey, yet, curious to relate, for that he was, his name enjoys greater popularity in France than in his native country.

Attractive negligees are made of layers of rainbow tinted chiffons. Sometimes four or five shades are combined to get the proper effect. Flowers of satin and velvet are liked as trimmings for such garments.

## Theatre Notes

Friday—Williams & Valentino in "A Rogues' Romance."

Saturday—Dorothy Gish in "Flying Pat" in the air she could soar like a kite, and her loving was just "out of sight."

But she sure could spurt fire. When a man raised her ire, and smacked in a kitchen—good night!

Mark Sennett Comedy "It's a Boy" Movie Chats.

Sunday & Monday—Ocell B. DeMille's production, "Saturday Night," if an actress' stupor with her chauffeur and a millionaire married his rocky lawyer—what would their wedded lives be like?

The snappers is here—in a gorgeous tale of the top and bottom of New York. Showing each half how the other half lives and running Fifth Avenue into Conny Island.

A story of love, revelry, love and the best, greatest five national romance since filmed. Also Fox News.

Tuesday—Corwin Griffith in "Island Wives" A spectacular story including a south sea typhoon, "Throbs and Thrills" a Big V Comedy. 2nd Episode of "The Timber Queen" Family night 44c for the whole family. Tuesday is the big night of the week also the biggest show. Everybody goes.

Wednesday—Legion show, Douglas MacLean in "Chicken." Hatched in a net that was feathered with millions, he imagined chicken grew on copper plants. Will be started to play with a poultry farm and saw his money expire with a squawk.

But he met her—and set the whole town crackling—and was feeding his last pair of pants to a mortgagor when—

"Kuk-kuk-kuk-kuk-kuk" and "Holy Minerva! Old Biddy Freshman had laid him a strictly fresh start.

Also a humdrum of a comedy with Harold Lloyds in "High and Dizzy."

Thursday & Friday—Eight from the big theatres of the city. "What's Wrong with the Women?"

Although King Solomon, Brigham Young, Nat Goodwin and other nut-cracked figures of the past are not with us to give their views, Daniel Caron Goodman offers his own amusing and prophetic answer to the age-old problem. "What's Wrong with the Women?" in a sparkling and powerful photoplay of that title scheduled for exhibition at the Family Theatre.

Also a comedy "Three Jokers."

L. F. Appleby returned from St. Paul last Saturday night. He was one of the judges at the big poultry show held there last week. There were over 1500 birds exhibited.

Webb Hodge drove to the Twin cities last Friday, and from there went on to Rochester to join his mother. They plan on driving to Chicago and may go to Florida for the balance of the winter.

Mrs. E. L. Wiseman and daughter Grace returned from St. Paul last Friday noon, where Grace was taken to a hospital week ago. The little lady is getting along nicely from the serious accident, resulting from being bitten by a dog.

Miss Rose Granton and Miss Read came up from St. Paul last Saturday evening for a visit at the home of the farmer's parents, Mrs. Granton spent Sunday here. Miss Read will stay for a week or two at the Granton home.

Chas. Fawcett, proprietor of the harness and shoe shop adjoining the Poker office, has been confined to his home the past week with an attack of pneumonia. He is able to be back at his work in the store this week.

Mrs. A. G. Cleaver arrived from Reading, Penn., last Saturday and will spend a few weeks visiting at the home of her son, E. A. Cleaver.

This is her first introduction to her little grandchild, who has already made a big hit with her grandmother.

Jos. Petschel, accompanied by Roy Carlson and Frank Shuck, drove to St. Paul last Monday. They went down for medical treatment for his eyes. Mr. Stack went on for a visit in Wisconsin and plans on visiting in Chicago before returning home.

Mr. Petschel and Mr. Carlson returned home Tuesday.

The women auxiliary of the Legion will hold a dancing party for the members of the Leon Heath post and their ladies on Friday evening of this week. The entertainment will be held in the Hotel Agnes, and the members of the auxiliary have made elaborate arrangements for an excellent entertainment.

The local post of the American Legion will put on a show at the Family Theatre on Wednesday evening January 31st. They have secured a feature picture by the name of "Chickens" and a comedy "High & Dizzy" featuring Harold Lloyd. A big attraction at the show will be the flappers' band. Now don't park boys and old men and girls don't pull your hair with envy when you see these "flappers" as they will be present at both shows.

Close to eighty people attended a card party given by the Knights of Columbus in the K. P. hall, last Thursday evening. Progressive 500 was played. The winners of the high scores were Al Oman and Mrs. Art Oborg. Mrs. John Jelinek and Joe Holzet were awarded the consolation prizes.

Following the playing, a very delicious luncheon was served. This is the first public party the lodge has held, which was proclaimed a decided success by the large number present.

A St. Patrick's Day program will be given in the Family Theatre on March 17th.

The Presbyterian ladies aid will meet at the home of Mrs. Harry Saxton on Thursday afternoon of next week, February 1st.

Prayer meeting Thursday evening at 8 o'clock.  
Everybody not attending church elsewhere is most cordially invited to come to any or all of our services.

The Epworth League is a meeting of great interest to young people who are cordially invited to come.

PRESBYTERIAN CHURCH NEWS  
T. J. Buckton, pastor.  
Divine worship at eleven next Sunday morning. The subject of the pastor's sermon will be "Treacherous Ground," being a review of the book by that name, by John D. Jay. The text is taken from Psalm 15-4. "The Soul that Sins, it shall Die."

It is a blunt statement. It has no flowers or falls in it. It is unmistakable. It means what it says. It is clear as sunlight. You will profit much to hear the story of Erik Eyle. The pastor specially invites the children to the evening service, when he will tell the story of The Soul of Nicholas Snyder, the Miser of Zandem.

Harold Truesdell who is attending the Pine City high school spent the week-end at the home of his parents Mr. and Mrs. I. A. Truesdell.

A number of people from here have been hauling grain to Grantsburg, Wisconsin.

The party held at the M. M. Shuey home Saturday night was largely attended. The evening was spent in dancing after which refreshments were served. Everyone reports a fine time.

Miss Ruth Wiseman and Alta Haynes of Pine City visited at the M. M. Shuey home last Thursday. A baby boy was born to Mr. and Mrs. Frank Klach on Tuesday of last week. The Poken joins with other friends in a welcome to the little man.

### QUEEN INCUBATORS

Produce Big Hatches of Hardy Chicks  
The value of the eggs used is too great to depend upon any but a reliable incubator. We recommend the "QUEEN" because we know that it will produce satisfactorily. It is to your advantage to let us explain its construction.

**MORE EGGS**  
You know that the easiest money you make is your egg money. Why not go after it in the right way?  
After the chicks are hatched you can make them live and grow with a QUEEN colony brooder.

PINE CITY - MINNESOTA

BEST PLACE IN PINE COUNTY TO BUY HARDWARE AND MACHINERY

CAREFUL MAN IS INCUBATOR NEED

Success Depends Greatly on Paying Attention to So-Called Small Details.

CARE FOR EGGS FOR HATCHING

Incubator can be expected to take the place of a mother hen without some intelligent help from outside.

Eggs for Hatching. Only those eggs should be considered for hatching that come from the strongest and most vigorous stock possible.

An disease may be communicated from one hatch to the next by lack of proper sanitation, the incubator should be carefully cleaned and disinfected previous to the placing of every hatch.

Another important detail to be observed is that of turning the eggs. After the third day the eggs should be turned each morning and night.

Darkening the incubator by having a cloth over the front will keep the chicks from crowding toward the light when the hatch begins.

Chicks Need Rest and Sleep After Coming Out of Shell.

be taken from the incubator under 24 hours after hatching, as they need to sleep and rest and become thoroughly dried and fluffed out before being removed.

At the end of 24 hours all chicks worth trying to breed will be strong and vigorous and able to stand squarely on both feet.

BIG DANGER OF LEAF-ROLLER

Best Method of Control Is Spraying Early in Spring Before Buds Are Opened.

The fruit-tree leaf-roller has become a very serious pest in many orchards during the past few years.

Whenever the worms were at all abundant last year, they may be expected again the coming summer.

SAFETY FOR CATTLE

Diseased Hens Do Not Lay, but Spread Infection to Cattle by Rooting in Manure.

The danger from tubercular chicken lies not in the eggs, for tubercular hens do not lay, but in the spread of the disease to cattle through chickens rooting in manure.

Formula for Best Feeding. The importance of sound food cannot be overestimated.

FARMER WARNED NOT TO TRUST HIS BULL

More Vicious and Treacherous Than Many Wild Animals.

Safe Way Is to Lead Them on Staff Fastened to Ring in His Nose—Pan Can Be Arranged to Avoid All Handing.

Farmers who keep bulls might learn from their troubles the lesson that, if put into practice, would make them better insurance risks.

Safe Way to Handle a Bull.—The Staff Prevents the Bull From Charging—A Rope or Chain Does Not.

different method, can do just as much damage as any animal in the zoo or in the jungle.

The apparatus, which was designed in the bureau of animal industry, consists of a specially constructed, closed chamber in which the animal is confined.

Safe Way to Handle a Bull.—The Staff Prevents the Bull From Charging—A Rope or Chain Does Not.

There are few rural neighborhoods without a list of tragedies and near tragedies resulting from putting trust in "perfectly gentle" animals.

Had this bull been led on a staff attached to the ring in his nose the tragedy could not have happened.

DOUBTFUL EGGS HURT TRADE

More Attention for Careful Culling Will Help Farmers, Merchants and Shippers.

Farmers, merchants and shippers in every district are losing money because of the reputation of the market egg.

Whenever the worms were at all abundant last year, they may be expected again the coming summer.

CROP HAS FOUND REST PLACE ON THOUSANDS OF FARMS WHERE IT WAS FORMERLY TABOOED.

It looks as if sweet clover has come to stay. It started with the handpicking of being called a weed, but it has now become a favorite forage crop.

DECREASE IN FLOW OF MILK

Absence of Succulent Feed and Chilly Winds of Winter Are Chiefly Responsible.

The tendency on the part of the dairy cow to give a decreased flow of milk when cold weather approaches is due to natural causes.

Some Want "Hardy" Cows

Some want "hardy" cows, meaning one that will stand neglect, exposure, abuse, poor feeding, and still produce well.

Give Bull Better Exercise.

See that your bulls are getting plenty of exercise. It will improve both his physical condition and his temper.

Starting in Dairying.

If you are in the dairy business, milk milk cows, not beef cows.

TUBERCULOSIS TEST TABLETS

Perfection of an Apparatus Is Considered Big Aid in Campaign for Eradication.

The United States Department of Agriculture announces the perfection of an apparatus through the use of which tablets to be used in the optical test for tuberculosis in cattle may be manufactured in sufficient quantities to supply the demand.

Daddy's Evening Fairy Tale. MARY GRAHAM BONNER. SUFFERING SPIDER.

His name was Suffering Spider and he had just arrived at the zoo.

All the other creatures spoke to him, but Suffering Spider would himself slip into a ball-like shape and would not be talking at all.

The zoo creatures wanted to hear Suffering Spider's story. They wanted to know from where he had come and what were his ways, and whether he liked zoo life better than freedom, or both about the same.

Suffering Spider began in the zoo for several days. He had eaten, but he had not told his story. At last the creature said to him: "You might just as well tell us now, for we'll not be happy until you know it."

"You won't be happy after you know it," said Suffering Spider at last. "Is it such an unhappy story?" asked the others.

"I don't know that it is an unhappy story, but it doesn't seem to be a story that people like much. I heard the keeper telling my story to some one the other day, and I could see the person didn't think it was a very happy or a very pleasant story of a very jolly story."

"Well," the others said, "we would like to judge for ourselves. We would like to hear it in any case."

"I'll tell you," said Suffering Spider. "I suppose, as you say, I may as well tell it now and be through with it. I am sure it will not be the kind of a story that you will want to hear again and again."

"I've heard that some stories can be told over and over again, and that they were loved all the better, stories about birds, dogs, and horses, stories about fables, and brownies, and elves."

"But not my story! However, no one asked me to tell it again and again. I was only asked to tell it once, and so I'll do so."

Suffering Spider gazed at himself for a moment. "Take a look at me, Creatures," he said. "I am a spider, and my name is Suffering Spider."

"We looked at Suffering Spider and saw that he had eight legs. His spider body was covered with bristles, and when he opened his mouth for the creatures to see they noticed that he had hollow teeth."

"Now I shall tell you what I do with all these things," said Suffering Spider. "I am the first place, my real name is Avicularia. I am a spider, Suffering Spider is a name I've been given."

"Perhaps you would call it a pet name. Perhaps you would not. 'My home was in Eastern Bolivia, which is in South America. 'Not that you know most spiders eat harmful insects and do a good deal of valuable work."

"I live, or rather I lived, in a hollow tree and rested during the day-time. 'All night I would prowlf forth and take young birds from their nests. 'Such is my story. I cannot do that any more. People are fond of him, and those who have heard my story do not think I am nice."
