

# THE PINE POKER

Vol. XXV

PINE CITY, MINN., FEBRUARY 8, 1923

No. 21

## FRENCH ADVANCE ON MANNHEIM

### Troops Cut Railroads Because of Germans Interference With Paris-Warsaw Trains.

Washington—Through its embassy here the German government denied formally that its policy of resistance to the French occupation of the Ruhr had been modified, and declared that on the contrary "unanimous resistance on the part of Germany is steadily growing."

London—A report that the French have advanced 25 miles beyond the frontier, occupying Goddau, in Hesse, has reached London in an Essex despatch to the Times.

The correspondent of the Times at the German frontier expects the occupation of Mannheim.

Great Britain consented to the new advance of French troops in Baden and Hesse, as the French claimed they were necessary reprisals to prevent the Germans from interrupting railway services, it was announced at the foreign office.

## RAIL WAGES HOLD IN 1923

### Labor Board Postpones Action on Requests for Reduction.

Chicago—Preservation of existing wage rates and working rules for train, yard and engine service employees on all the railways of the country for another year was assured by two decisions of the United States Railroad Labor Board, in the first decision the board postponed further action in the case of 17 railways and nine subsidiary lines which sought reductions of wages and revision of working rules until some date subsequent to October 1, 1923. The action of the board disposed for the present of all cases before it involving the wages or rules of the employees represented by the big four brotherhoods and Switchmen's union of North America.

## CAR WRECKS STORE 2 KILLED

### Two Sleepers Injured When Impact Throws Them from Bed.

St. Paul—Two St. Paul patrolmen almost instant death and four other persons were injured when a police car returning from the scene of an automobile accident crashed into the front of a Halpin Millinery shop on St. Paul and W. W. Throckmorton streets, which were struck by the front of the building, when the accident happened, were thrown from their bed and into a huge pile of falling brick and frame work. They were able to release themselves with the aid of Patrolmen Hawest and Kostelny, who escaped serious injury and were able to free themselves from the wreckage of the car.

S. Swanson, 41.15 lbs.

## ITALIAN REBELS IN RETREAT

### Fighting Intensifies for Over a Week—11 Engagements.

Rome—The fighting in Tripoli between the Italian troops and rebels has been almost incessant for the last week, according to advices to the semi-official Stefani agency.

The colonial troops fought 11 engagements against strong rebel detachments, which were forced to retreat to the south with heavy losses.

Owing to the success of the Italians, land communication has been restored between Tripoli and Homs, and the Italian population of the city has been liberated.

## NEW YORK TIED UP BY STORM

### 5,000 Extra Men Gated to Clear Streets—Two Killed in Crash.

New York—Traffic in New York city was practically paralyzed as the result of a heavy snowstorm. Trains into the city were running far behind schedule, while shipping was almost completely tied up.

Handcapped by the blizzard from 15 thousands of more than 500 street cleaning employees, Commissioner Alfred Taylor issued a call for 5,000 extra men, and put all to work to keep the streets clear.

## BARBECUE FOR RHINE YANKS

### Savannah to Welcome Service Men—1,600 to be Discharged.

Savannah, Ga.—Savannah is now ready to receive the American troops from Germany who will arrive aboard the transport St. Michel. All plans have been completed for a big demonstration and monster welcome to the last of the American troops from the Rhine, from the time the vessel is sighted until she departs from the port here.

## FRENCH AND GERMANS BID FOR ROUTES

Lisbon—The Portuguese government will submit to parliament proposals for the establishment of air services which have been submitted to it by two French syndicates and one German concern.

One of the French companies proposes to put into effect an air service with 30 airplanes between Lisbon and Santarem, Coimbra, Oporto and Braga, and another service from Lisbon to Madrid, Bordeaux and Paris. The other French company would establish an air line by way of Lisbon.

## Road and Bridge Fund is Divided

### The board of county commissioners met in their regular monthly meeting the first of this week, convening Monday noon and adjourning Tuesday afternoon.

The session was a short one, very little important business coming up for consideration. The next meeting of the board will be March 19th.

After considerable discussion, which at times had the makings of a hot argument, a motion was passed dividing the road and bridge fund, which will be available for work this year, among the five districts according to assessed valuation of each district.

A motion was made by Commissioner Cap Hancock, that \$25,000 be set aside to apply on old indebtedness, the balance of the fund to be divided between the districts. Hancock and Oakland voted for the motion, Stepan and Thomas against. That left the decision up to Chairman Anderson and he voted for the motion with Hancock and Oakland.

The Road and Bridge Fund this year will run in the neighborhood of \$70,000. After deducting the \$25,000 for old indebtedness will leave about \$45,000 for work this year.

The board passed a motion, dispensing with the services of the assistant engineer in the highway department for the time being, until the roads open up in the spring.

Santa Claus appeared at the meeting in the person of Engineer Colwell of Chicago, who made an offer of \$300 for the Holt tractor—the white elephant of the county highway department. The board asked \$500 and after some discussion the price of \$400 was agreed on. The tractor has been a bill of expense to the county and between \$1100 and \$1200 has been spent in repairs for it.

No more Poor Fund bills will be allowed by the board unless they be authorized by a member of the board and made out on the regular form for such purpose.

Art Klennert and Wm. Anderson of the Brook Park town appeared before the commissioners requesting aid for roads. No action was taken on their request.

Quite a number of requests for pay statements were received by the board, and considerable routing matters were disposed of.

## Banks Closed Next Monday

### Next Monday is the birthday of Abraham Lincoln—America's great emancipator. This day is a legal holiday, and the banks in Pine City will be closed all day.

## Will Enforce Minor Law

### The authorities announce that all minors and high school students must stay out of the pool rooms. This law will be enforced hereafter.

## Judge Writes Printing Decision

### Judge Scriber wrote "Pine" on the county printing case when he handed down a decision in favor of the county commissioners who awarded the contract.

The court found that the U.S. of The Pine Poker was lower by substantially \$410.00.

Under the law, the board has considered the law and can spend this extra money if they see fit. The Poker still maintains however, that this \$400 could have been spent to considerable better advantage for the county. Of course it is but a small drop in the bucket, but the bucket is about filled up with outstanding warrants in the road and bridge fund to the amount of \$84,100.

The road and bridge fund being overdrawn the first of the year to that amount. The levy for that fund this year is \$70,000. The county is paying a percent interest on these outstanding warrants. The \$400 would have paid some of this interest.

"Even banks go broke, when they are managed in a slipshod way, and the county might do the same today."

## Home Talent Play at Beroun

### "The Deacon's Homecoming" a comedy in three acts will be staged at Prochaska's hall Monday evening, Feb. 12th, commencing at 8:30 by the young people of the Beroun vicinity. The young people have been sending considerable time preparing for the occasion and will expect a good turnout. Come early and enjoy a good laugh. They will be a dance after the play, the first one before the tent season. Tickets 25c and 50c. The characters are as follows:

- Frank Chalupnik... Deacon Ditzes
- Mrs. Frank Chalupnik... Mrs. Ditzes
- Gertrude Maloch... Minnie Ditzes
- Janich Kitzleson... Her school mate
- Fra Henderson... School Mistress
- Joseph Mackert... Tom Briggs
- sonah Pavelka... Tom's Chum
- Alie Bergfalk... Miss Perkins
- Almer Swanson... The hired man
- John Carsten... The Nigger
- Warren Derr... Jim

## Corrine Griffin Picture

"I like playing a child," said Corrine Griffin as she finished the scenes for "Moral Fibers" which will be shown at the Family Theatre on Sunday. "Gee, it was just like my kid days, and I certainly lived them over again. I used to enjoy climbing a fence and sucking a lollipop when I was a youngster, and this picture afforded me opportunity to do just that. I also liked to dance while drying the dishes and I had an opportunity to do this again. I certainly had a vacation while I was making the early scenes of the production."

In the latter part of the story, Miss Griffin appears as a grown woman and wears many elaborate costumes.

## Will Meet at Chapin Home

The Farmers Club will meet at Grant Chapin's home on the afternoon of Feb. 10. Subjects to be discussed will be marl which the State Agricultural Department has discovered underlies many of the best marshes in Minnesota. The club some time ago asked the state agricultural department for a soil survey for this part of the county. The state department answered by stating that they hoped Pine county would line up in the near future and place itself in a position for progressive cooperation. There was not the exact word of the letter but it was hinted that counties without County Agents were not in a position to fully cooperate with the state agricultural department and receive the full benefit of state money expended on investigational projects. Some of the club members began to wonder if Pine county would losing ground by not having a county agent and a lively discussion was had regarding the county agent problem. The consensus of opinion being that the farmers wished through a county agent depended largely on the agent himself. The club at present consists of over twenty families. Regular meetings every two weeks. All are invited to attend our regular meetings.

## County Legion Meeting Saturday

### A big Legion meeting is scheduled for Pine City, on Saturday afternoon and evening of this week when Legionnaires from over the county will gather to form a county organization.

The business meeting will convene in the club rooms at 6 p.m. Stafford King, state adjutant, Walter Quist of Minneapolis, commander of the fifth district, the chairman and adjutant of the tenth district and M. B. Hurley, former tenth district commander, and other prominent speakers will be present and take part in the organization.

Following the meeting in the club rooms, there will be a banquet at the Hotel Agnes at 7 o'clock, when short addresses and a program will be given. The banquet is open to the public and it is hoped that a large number of local folks will attend. Anyone wishing to attend the banquet is asked to make reservations at the Hotel early Saturday.

There will be a big Legion dance in the armory in the evening, when the visitors will be guests of the Leon Heath post. Turn out Saturday and support the posts. You will have a good time.

## COUNCIL PROCEEDINGS

### Village Council meeting of Feb. 1st, 1923.

The Village Council of the Village of Pine City met this day in the village hall at its regular meeting. The meeting was called to order by Euseb Wehrle, with the following members present: Pres. Wehrle, Trustees Daley and Boo and Clerk, Pennington.

The minutes of the meeting of Jan. 2nd were read and properly approved.

The following bills were presented for payment:

- East Minn. Power Co., \$196.27
- Director Sobotta legal advice at hearing before County Board on Dec. 4, 65 and Jan. 3rd, 1923.
- W. Bell Tel. Co., 2.50
- Chas. Gehl gas for truck 6.08
- J. J. Madden, 100 lbs salt 1.40
- Pine City Library, 12.49
- John Biederman—salary, 200.00
- C. M. Pennington & son, 20.00

A motion was made by Trustee Daley 2nd by Trustee Boo that the above bills be allowed. Carried.

The petition for the opening of 6th Ave between 5th St. and 3rd St. was again taken up and the following resolution was offered:

"Whereas, public convenience and safety requires another crossing in the village of Pine City, across the track and right of way of the Northern Pacific Railway Co.

"Resolved by the Village Council of the said Village of Pine City, that the Northern Pacific Railway Co. be and hereby is requested to construct a crossing across its said track on 6th Ave in said village, and if practical that the same be an un-

## Mora High Wins Game

### The Mora high school defeated the local high school basketball team last Friday evening at the armory by a score of 29 to 24.

Pine City was the first score and piled a total of 7 points in the first quarter to their opponents 2, but trailed Mora at the halfway mark by a 12 to 15 score. The third quarter ended 28 to 15 in favor of the visitors. At the start of the last quarter the players on the Coach Walters put on an offensive that completely outclassed the Mora team in all departments, giving them one point by free throw while they assessed a total of nine. Wilcox and Weinberger led in the scoring for team and Gorman for the visitors.

But for the refereeing, which the poorest seen here in many games Pine City would have had a mighty good chance of winning.

The high school team goes to Forest Lake, Friday of this week for a return game with that team.

## RECORD CROWD AT BIG SHOW

### Chicago Attractions Brought to Northwest Display.

Minneapolis—Industrial day at the Twin City Automotive exposition, held at the Hennepin Hotel, was an influx of visitors to the Overland building which assured attendance totals well above those of any previous auto show.

Completion of the displays was made possible by the addition of 10 excess carloads of machines and accessories from the Chicago show which were rushed here by special train.

## 58 MILLION IS LAST GIFT

### Report of Expenditures Discloses Dangers Upon Wholesale Giving.

New York—The first report of the Carnegie corporation of New York, the last trust created by Andrew Carnegie to support and develop institutions previously established by him and prove of an endowment, the annual income of which would be available generation after generation for the most important work of the trust, was made public by the trustees on Dr. Henry S. Pritchett, acting president. It showed an expenditure since its organization in 1911 of \$27,832,846.

## ASKED TO PASS DEBT PACT

### President Busy Preparing Message Urging Action on British Agreement.

Washington—Assured by administration leaders of both the House and Senate that the Anglo-American debt funding agreement would be ratified promptly once it is formally presented, President Harding isolated himself at the White House to make the final draft of the special message transmitting the terms of the settlement to Congress.

A third measure relating to rural credits which is likely to be enacted into law at this session is the Strong bill amending the Federal farm loan act, which was recently reported from the house committee on banking and currency.

Other agricultural relief bills which are pending before congress have little chance of favorable action at this session.

Pine City won the basketball game from Hinckley at the armory in a one-sided game last Saturday evening, by a score of 39 to 15. Owing to the bad weather there was only a small crowd on hand. No games are announced for Pine City for this week.

J. H. Wehrle, Pres. C. M. Pennington, Clerk.

## U. S. WILL SEAL PACT WITH TURK

### Government to Insist on "Open Door" Protection of Minorities. Never at War With Turk.

Washington—The United States will proceed with the negotiation of a treaty of "family and commerce" with Turkey despite the breakdown of the Lausanne conference. It was learned here in official quarters.

Never having been at war with Turkey, and not being a direct party to the disputes that have again brought the near east situation to the verge of renewed warfare, the American position was officially described as being largely unaffected by the collapse at Lausanne.

The United States has existing treaty rights with Turkey that have never been abridged or abrogated, and these will be insisted upon by this government in the light of recent developments which make a new treaty desirable.

## JAPANESE WAR HERO DIES

### Famous Nippon Warrior Led His Troops to Victory at Mukden.

Tokio—General Fumemoto Kuroki, one of the famous warriors of Japan, died at Mukden in the battle of a d ad of pneumonia. He was 78 years old.

Japan's admiration for its eminent soldier was lavished on General Kuroki, for Kuroki will go down in Japanese history as the hero of Mukden. It was at Mukden in the Russo-Japanese war that the legions of Kuroki rolled back the forces of Russia.

General Kuroki inaugurated a series of successes in the Russo-Japanese war by a signal victory in the battle of the Yalu. This was followed by successes in the battles of Hailuoyen, Liao-yang, Shaho and Mukden.

## WILL APPROVE CREDIT BILL

### Capper, Lenroot and Strong Bills Only Relief Measures to Pass.

Washington—With the passage of both the Capper and Lenroot bills by the senate, the form of the agricultural credit legislation which will be enacted at this session now is fairly certain. While some changes in the senate bills will be made in the house, there is little reason to doubt that the essential features of both the Capper and Lenroot bills will be approved.

A third measure relating to rural credits which is likely to be enacted into law at this session is the Strong bill amending the Federal farm loan act, which was recently reported from the house committee on banking and currency.

Other agricultural relief bills which are pending before congress have little chance of favorable action at this session.

WEEKLY RESUME OF THE MINNESOTA LEGISLATURE

ASK DEPARTMENTS CUT

Committee Procedure Announced in Effort to Consolidate Groups. St. Paul—A committee to investigate the practicability of cutting down the number of state boards and committees as an economy measure has been appointed. The committee will consider a report submitted to the Legislature in 1918 by a volunteer committee of 30 citizens who made an investigation at that time.

RULING DENIES GAS A TAX

Attorney General's Office Says Levy Would Go to General Fund. St. Paul—The Legislature may tax gasoline, but it has been ruled that the proceeds be turned into the state highway improvement fund, according to an informal opinion given by the attorney general's office.

LEGISLATIVE SIDELIGHTS.

The house committee on education killed the Thorburn bill allowing teachers of 25 years' experience in the state to retire at the age of 60 on a pension after paying their share of assessments.

OPPOSE 20 MILLION ISSUE

Madison Commercial Club's Resolution. St. Paul—in the wake of an address by J. F. Jacobson of Madison, Minn., before the House, came a resolution from Representative Theodore Christensen, who was supported by the Madison Commercial club opposing the \$20,000,000 road bond issue which is being considered by the state highway commissioner, to carry on the trunk highway plans during the next two years.

PROPOSED LEGISLATION

The senate committee on agriculture reported for passage the bill by Senator John M. McMillan giving farmers the right to vacate their own homestead property without the consent of the mortgagee.

DELAY CRIME MEASURE

Madison Made to Quell Excitement Over Crime Wave. St. Paul—The battle in the legislature over the proposed restoration of capital punishment in Minnesota was brought to an issue in the house by a prevention committee when Representative S. A. Stockwell of Hennepin county made a motion that all of the bills providing capital punishment be recommitted by the committee for indefinite postponement.

NEWS BRIEFS FROM ALL THE STATE

Condensed Stories of Happenings of the Week in Minnesota. Virginia—Virginia members of the American legion are about to launch a city-wide campaign for the legionnaires beginning Feb. 12, continuing until Feb. 22.

HOG PRICES ARE LOWER

Foreign News Is Big Influence on Grain Markets as Whole. U. S. Bureau of Markets, Washington, D. C., news released January 29, 1922. GRAIN—Grain prices kept within narrow limits during the week and only fractional net changes occurred.

UNIVERSITY MEN SAVE MANY ORCHARDS

Two University Farm professors are given credit for saving many orchards in Washington county, for saving their orchard from complete ruin. Much of the story at a meeting of horticulturists during the farmers' and homemakers' week at University Farm, Jan. 29.

HELPFUL HINTS FOR BUSY AGRICULTURIST

Good Substitutes for Bran. Alfalfa and clover are equal to bran in livestock feeding, according to the cumulative experience of many feeders over the country and to experiments repeatedly made by university experiment stations.

### VILLAGE BOND ISSUE

A bond issue has been suggested for the village of Pine City, which looks to us to have considerable merit, and worthy of serious consideration.

On March 1st, 1922, the village had about \$17,500 in outstanding warrants. This was reduced about \$3,000 during the past year. The village is paying 6 per cent interest on these outstanding warrants. It is suggested that the village issue bonds and take up these outstanding warrants. The village can borrow the money from the state at 4 3/4 per cent. Allowing the other quarter per cent for expenses, it would save the village one per cent a year on these outstanding warrants and put the village on a cash basis.

It has been suggested that the question of issuing bonds be put up to the taxpayer at the village election next month. We should all be thoroughly informed on the matter, and if it will save the village any money, it would be a businesslike proposition to issue the bonds.

Daily and Sunday newspapers, Pioneer Press, Dispatch, Mpls. Tribune, Daily Star, all popular magazines and periodicals on sale at Prochaska's. We can also take your subscription for any of the above. Prochaska's Pharmacy.

A little boy asked this question the other day. "Why did they select the stork to couple with the doctor? Why not the eagle, or the owl?" The answer he got was, "The stork is the bird with the biggest bill." Some of our folks must have certainly paid the preacher's bill by the size of the offering last Sunday morning. We'd be safe to wager that no church in Minnesota had twenty-four in the congregation and over a \$100 in the offering plate! The minister is nicely recovering from the shock, and expects to preach next Sunday morning and evening.

### NOTICE FOR BIDS

Proposals for School Building at Brown town Minnesota.

Sealed proposals will be received at Three Dait by the school board of Common School District No. 26, County of Pine State of Minnesota, until two p.m. (2 p.m.) March 3rd for the erection and completion of a school building on Sec. 2, T. 10 of Bremen, County of Pine Minnesota, without heating plant or metal for ducts. Bids must be accompanied by a certified check for four per cent (4 per cent) of the amount of the bid, payable to the School Board of Common School District No. 26, Pine County, Minnesota, which check will be returned when building contract is executed, or when said school board does not accept the bid. The school board reserves the right to reject any or all bids. Copies of plans and specifications of this building may be seen at Bank of Denham or office of the Clerk.

Three Dait, Clerk, District No. 26, County of Pine, Minnesota, Denham, Minnesota.

All members of the Odd-Fellow lodge living in this community who wish to organize a lodge here are invited to attend a meeting at the biggest bill! Some of our folks must have certainly paid the preacher's bill by the size of the offering last Sunday morning. We'd be safe to wager that no church in Minnesota had twenty-four in the congregation and over a \$100 in the offering plate! The minister is nicely recovering from the shock, and expects to preach next Sunday morning and evening.

**SAVE 8% ON PRICE**

**NO MONEY DOWN—**Order your Independent Silo now or any time during the month of February and Save 8% of the price—pay the first installment next October—final payment in 1925. This means that your cows—not you—are paying for this Magnificent Silo that will cut your own requirements in half—your hay requirements in half—and your feed grain requirements in half. This is your golden opportunity—Never before have such liberal terms been offered. Probably they will never be offered again. No farmer can afford to go through another year without an Independent Silo on his farm.

**It Pays To Deal With A Reliable Company**

We do exactly as we advertise—there are no "ifs" nor "ands" about our proposition. Farmers have found that the Independent Silo Co. gives them more than half pay—that they can be depended upon to do the square thing in every deal. We offer you the best Silo that money and genius have been able to produce, and a discount of eight per cent from our regular price if you place your order during the month of February. By the first installment next October—final payment in 1925.

### After the Storm!

During a winter snow or sleet storm or after a summer thunder storm, your telephone service may be cut off.

Often a windstorm breaks off many telephone poles. And sleet not only breaks off poles but interrupts telephone service by tearing down the wires. Lightning, too, plays havoc with the wires.

While your telephone is out of order, remember that linemen are working in the midst of the trouble, striving manfully, without regard for their personal comfort, to restore your service.

At the time of a storm, every available repairman is on the job. And not for a minute do they relax their efforts until telephone service is fully restored.

Discipline, B'Heck! "No, sir," said the harshly, "You can't be too firm with 'em. Now take that dapper daughter of mine. Nothing do 'er but she must have her hair bobbed. She and her mother both spoke right up in unison together and said 'No' in a loud, firm tone. We decided 'twould stand right by each other on that and notin' could shake us. She kep' astin' day after day, 'havin' an' 'havin' an' havin' 'n' sound, but no, sir! When me an' Mandy makes up our minds notin' can change us. That girl never bobbed, us a-refusin' to relax an' steady. An' even when she got it bobbed she w'dn't so almighty pleased with it at that!"—Farm Life.

The Proud Rat Catcher. The witty Oliver Herford was talking about snobishness. "I know a city missionary," he said, "who invited a famous bishop to dine at his sumptuous residence to meet two local characters, a garbage collector and a rat catcher. The bishop accepted the invitation gladly, and the garbage collector said that he, too, would be delighted, but the rat catcher spoiled the party. He must refuse, he said, to sit down with a garbage collector."

Term "El Dorado" Lures Today as It Did When Spaniards Sought Fabulous Wealth.

The mine El Dorado is Spanish for "the gilded." The term applied first to the South American king said to cover his body around the neck, and had in a sacred lake, there a fabled golden city, and finally to a fabled country abounding in almost inconceivable wealth in gold and precious stones.

REGINALD MCKENNA, head of the largest bank in the world, says that "Splendid isolation is a dream," a truth which every industrial leader accepts as axiomatic. Had he substituted monopoly for isolation, he would have expressed another self-evident truth which would have been acclaimed by every man who has given serious thought to the development of business on a large scale.

The Standard Oil Company (Indiana) is a big business striving to do a big job in a big way, yet no thought is given to achieving a monopoly; for those who direct the Company's activities know that in any basic industry such an ambition is impossible of fulfillment. Competition is welcome, for no single organization can hope to serve the people of the Middle West with petroleum products as they should be served. The Standard Oil Company (Indiana) enjoys a large volume of business and is satisfied to let this volume take care of its profits.

There is a reciprocal bond between every great industrial organization and the social environment in which it operates. An organization is truly great only when the service it renders is great.

The Standard Oil Company (Indiana) is in daily contact with a community of about 30 million people.

It serves them through a host of useful products refined from petroleum. Through these products it touches the home and industrial life of the people. It enters the sick chamber with mineral oil and petroleum jelly. It enters the factory, the ranchhouse, and the farmyard, with lubricating oils for machines, engines, and tractors. It seeks the farm home with gasoline, kerosene, candles and paraffin. It touches the railroad right of way with kerosene and kerosene oil for signal lamps. It supplies thousands of public and private garages with gasoline and lubricants. It feeds the furnaces of homes and factories with Standard Fuel Oil. It goes to the hospital with Standard Surgical Wax. It covers the streets with Standard Paving Asphalt.

These are but a few of the avenues of service which the Standard Oil Company (Indiana) maintains. To keep these avenues open the Company operates 1700 service stations, 3900 bulk stations, 7000 tank wagons serving thousands of garages, and 6 great refineries to supply their needs.

Notice of Amendments to Motor Vehicle Registration Law

"Section 1. The tax imposed by Chapter 461, Laws 1921, upon motor vehicles subject to taxation thereunder, for the year 1923, may be paid and such vehicles may be registered at any time during the months of January and February of that year without penalty, provided that any owner not operating his motor vehicle prior to April 1, 1923 may pay said motor vehicle tax for the current year and apply for "number plates" thereto at any time prior to April 1, 1923 without penalty. If such vehicles shall not be registered and the tax paid thereon during the period hereby established, the prescribed penalties shall be applied upon the expiration of two days thereafter, in accordance with and subject to the limitations of that act."

This means that a motor vehicle which was registered in 1922 and which is not at any time actually operated on the streets and highways of Minnesota in the year of 1923 before April 1, may be registered after that time during January, February or March without payment of the penalty for delayed registration. Motor vehicles that are actually operated in 1923 before the first of March must, however, be registered and the tax paid before the first of March to avoid penalty for delayed registration.

After March 31 no motor vehicle will be permitted to be operated on the streets and highways in 1923 plates. Applications made in the month of March must include affidavits as to whether car has been used in 1923. If it has been used penalty for delayed registration after the first of March must be charged.

NOTE: THEREFORE, NOTICE IS HEREBY GIVEN THAT any person owning a motor vehicle in the State of Minnesota who has not previously registered and paid the tax thereon, and who is not at any time actually operated on the streets and highways of Minnesota in the year of 1923 before April 1, may be registered after that time during January, February or March without payment of the penalty for delayed registration. Motor vehicles that are actually operated in 1923 before the first of March must, however, be registered and the tax paid before the first of March to avoid penalty for delayed registration.
