

VOL. XXV

TWO MILLION JOIN IN RED STRIKES

Dequette Orders Railroad Workers to Resume Posts at Once. 20 Are Killed.

Berlin—Two million miners and tens of thousands of metal workers are now on strike in the Ruhr, according to a dispatch. It is believed that undoubtedly every mine center in the Ruhr is idle as a result of the tactics of the Communists who are visiting the pits and forcibly ejecting the workers.

General Dequette, French commander in the Ruhr, has issued a new order to the German railway men to resume work under the French within 48 hours. All railway men under 60 years of age who fail to return will be expelled from the occupied territory while those more than 60 may consider themselves dismissed from the service.

Twenty persons were killed and more than 100 wounded in battles between German reds and police in the northern part of the Ruhr.

Violent fighting raged until the red forces were defeated by the German police and volunteers.

RENTS ALBRECHT COTTAGE

A. W. Swanson of Worch Clear Co., Minneapolis, has rented the Albrecht cottage on Cross lake and will remain there with his family until Oct. 1st. They will come up this Saturday.

NOTICE FOR BIDS

Proposals for School Building at Jarvis Bay, Minnesota.

Scaled proposals will be received at the Clerk's Office by the school board of Common School District No. 117, County of Pine, State of Minnesota, until two p. m. (2 p. m.) June 8th 1923 for the erection and completion of school building on Sec. 26, T. of 39, R. 22, County of Pine, Minn.

Separate bids will be erected on the following:

1. General construction of building according to plans and data given on plans.

2. Furnace installation in building according to plans and data given on plans.

3. Bids must be accompanied by a certified check for four per cent (4 per cent) of the amount of the bid, payable to the school board of Common School District No. 117, Pine County, Minnesota, which check will be returned when building contract is executed, or when said school board does not accept the bid. The school board reserves the right to reject any or all bids.

Copies of plans and specifications of this building may be seen of the office of the clerk.

Otto Avers, Clerk, District No. 117, County of Pine, Minnesota, Granston, Minn. Rt. 1.

Two Schools Tie in 'Little Eight' Meet

At the thirteenth annual meet of the Little Eight, held here on May 26th, Mora and North Branch tied for first place, with Bush City third. There was a good attendance for the event, composed largely of delegations of rooters from the neighboring schools.

In the baseball game, held at eleven o'clock, North Branch easily ran away from Sandstone, the score being 31-8. Sandstone staged a near-rip in the sixth inning but was unable to roll its score into the danger zone.

The track pennant went to Mora with forty-one points, squeezing out Bush City by a solitary point. Pine City placed third in the events of the afternoon. Waterbury was in good form, hurling the discus for 105 feet, 8 inches.

Eleven contended for honors in the declamatory contest held at the Family Theatre at 7:30. Vivian Spangier of Mora won first prize for the girls, speaking "Judith's Ride." "Our Flag," given by Eugene Schytner of North Branch won the boys' pennant. Edna Lindberg of Bush City and Galen Weinberger of Pine City captured second place in this event.

Molton of Bush City and Gorham of Mora were first and second high point winners. W. R. Smith of the University High School officiated at the open air events, assisted by J. E. Curtis of the University of Minnesota. Solvella's Harmonic Orchestra furnished music for the evening program, while Miss Nora Wilcox rendered a vocal solo.

Last Rites for I. A. McAdam

Funeral services were conducted by Father Leo from the Church of Immaculate Conception for Irenus A. McAdam, last Friday morning, and the remains laid to rest in the Galvary cemetery at Pine City. The bearers were Mike, James and Frank Buckley and Tom, Mike and John Conraker.

The deceased is the son of Angus McAdam living southwest of Pine City. He was born on the farm, 42 years ago, where the family has lived the past 45 years. His mother predeceased him about 35 years ago. He was united in marriage about 15 years ago to Miss Anna Burgen of North Dakota. He leaves in Minnesota a wife and 3 children—Angus age 13, James age 11, and Joe age 7.

He died at the home of his uncle Leo McAdam at Thief River May 21st, where he had been ill a short time. He has suffered from lung trouble the past 6 years which started from pneumonia. His last visit to Pine City was about three years ago when he spent 3 months at the home of his uncle, P. J. McAdam in Meadow Lark.

Relatives from out of town here for the funeral being his immediate family were Mrs. R. P. Hanson of Litchfield, N. D., Mrs. W. R. Whitney of Montevideo, Mrs. Burgen of Minneapolis and Mr. and Mrs. Max of Minneapolis.

Pay Tribute to Dead Memorial Day

Memorial Day was fittingly observed in Pine City yesterday, when the community paid its respects to the memory of fallen soldiers of all wars.

The parade which started at 12 o'clock when the Civil War veterans and their wives were the guests of the Emily J. Stone Circle, ladies of the G. A. R. at the Hotel Agency. The old veterans are: Robt. Grogg, E. H. Long, M. O. Gustaf, A. B. Barstow, Nate "Dad" Utter, H. S. Austin, James Gardner, and John Norstrum.

The parade formed at the hotel at 1:30. Lead by the color squad of the Leon Heath post, the procession consisting of the Legion Band and a Stone circle in automobiles, and little school children on foot carrying flowers, the procession proceeded to the bridge, where a prayer was given by Rev. Bude.

The procession then went to the cemetery where the graves of departed soldiers were decorated. Prayers were given by Father Leo and taps sounded by Jos. Duffec.

The parade then returned to the monument on the court house lawn where the exercises were held. A prayer was given by Rev. Lower followed by "Lorans' Orders" establishing Memorial Day, by Gladys Barnum, Lincoln's Gettysburg address was given by Clarence Bude. "At Ho, chairman, then introduced the Hon. J. Adam Bede who gave the address of the day.

The exercises were brought to a close with the National Hymn by the band, the crowd singing the first two verses. Selections were given by the band at the bridge and court house.

Graves of all World war veterans were decorated by Wm. Challen and Dewey Wilcox, who visited all the cemeteries in the morning, starting in about 5 o'clock.

Big Picture Sunday-Monday

Hollywood, the movie colony, seemed and shook and groaned the other day. The earth heaved for its secrets and for miles beyond, mighty carried the reverberations of a mighty shock?

It sounded as though the city were in the grip of an earthquake. After several hours of investigation it was discovered that the cause was caused by the construction gang at Warner Brothers studio, explosives had been used to excavate the coal mine shaft being constructed for the big scenes in "The Little Church Around the Corner."

Thirty tons of black powder and ninety sticks of dynamite were exploded, which rocked the immediate vicinity for a quarter of an hour. "The Little Church Around the Corner" is an adaptation from Charles Blaney's play, directed by William Selter. It will be shown at the Family Theatre Sunday & Monday June 3rd and 4th.

Les Wilcox Elected Mac Track Captain

At a meeting of the Macalester track squad Tuesday, Lester Wilcox was elected captain of the track team for 1923. He is a sophomore at the Midway institution and a star track man. Besides winning two letters in his two years at Mac he also was high point man both years in intersals track meet.

Last week at Grand Forks he broke the college record in the broad jump, leaping 21 feet 5 1/2 inches. He is a star hurdler and a good man on the relay team—Pioneer Press.

Mrs. Pekarek Laid to Rest

Mrs. Jose Pekarek passed away at St. Marys hospital in Minneapolis last Friday after an illness of the past six months. She became seriously ill on May 8th, when she was taken to the hospital. On Monday last week she underwent an operation but was unable to survive.

The remains were taken to the old home at Olivia, Minn. Funeral services were held last Sunday afternoon and the remains laid to rest beside those of her mother, who preceded her about six years ago.

Mrs. Rose R. Pekarek was born at Humbolt, Neb., Sept. 16, 1881, the daughter of Mr. and Mrs. Charles Kohn. The family came to Minneapolis about 28 years ago and settled at Olivia. On June 7, 1905, she was united in marriage to Jos. Pekarek. They made their home in Olivia until 3 years ago, when they came to Pine county and settled on a farm in East Rock Creek. Her husband and four children are left to mourn her loss—George P. age 14, Marion J. age 16, Irma I. age 10 and a baby boy 2 1/2 years old.

She also leaves her father, who still resides at Olivia, and two sisters—Mrs. Chas. Kuncel of Omaha, Neb., and Mrs. John Lespeka of Olivia. Mrs. Pekarek had made many friends during her three years residence in this community who express their sincere sympathy to the bereaved husband and children at the loss of a loving wife and mother.

Card of Thanks

We wish to thank our many kind friends and neighbors for their sympathy and assistance during the illness, and at the death of our beloved wife and mother, and for the many beautiful flowers at the funeral, also the willing workers for the beautiful floral offering. We really do wish to thank Mrs. Geo. N. Stevens, Wm. J. Stevens, Mrs. E. A. Stevens, Mrs. Carl Johnson, Mrs. Lee Skelle, Mrs. John Gilbert, Mrs. John Galbra, Mrs. Gust Olson and Miss Alving Kvach, who were so kind in helping in the care of the home and farm and the care of the children during the illness—Joseph Pekarek and children.

Meet at Sommer Home

The Pine City Farm Bureau will meet at the home of A. W. Sommers next Sunday afternoon. A banquet lunch will be served and all farmers interested are invited to attend.

Fourteen File for Primary Election

Fourteen aspirants to the senatorial seat of the late Senator Nelson have filed, and their names will be submitted to the voters of the state at the primaries to be held on June 18th. There are 4 candidates seeking the nomination on the Republican ticket, three Farmer-Labor candidates, and two Democratic candidates as follows:

REPUBLICAN
Congressman Sydney Anderson, Lanesboro.
Former Governor J. A. A. Burnquist, St. Paul.

Former Associate Justice Oscar Hallam, St. Paul.
John J. Martin, Minneapolis attorney.

Victor L. Powers, mayor of Hibbing.
Governor J. A. O. Preus, Minneapolis.

Congressman Thomas D. Schall, Excelsior.
Former Congressman Halvor Steenerson, Crookston.

FARMER-LABOR
Charles A. Lindberg, LITTLE Falls.
Magnus Johnson, Kimball.
Dr. L. A. Fritsche, New Utm.

DEMOCRAT
State Senator James A. Carley, Plainville.
Francis C. Cary, Minneapolis.

A great many rumors are rampant among Preus supporters that United States Senators William E. Borah of Idaho, and Hiram Johnson of California would come to Minnesota and urge republicans to support Congressman Schall. Reports from Washington say that the pair will come to Minnesota shortly before the primaries and tour the state in behalf of Schall. Other reports to the same effect emanated from Duluth, where Governor Preus was in conference with republican party leaders of St. Louis county Tuesday. He had dinner with 25 senators and from them learned of the conditions in the eight congressional districts.

LIBRARY NOTES

We wish to call attention to the following things concerning the library: The hours of opening have been changed during the summer months on account of the banks closing on Saturday afternoons. The librarian will be on duty, until further notice, during the following periods, beginning June 2nd: Wednesdays 2 to 4 p. m. and 7:30 to 9:30 p. m. Saturdays 7:30 to 9:30 p. m. We also wish to announce that two new cases of books have arrived from the state library with lots of fine reading matter.

Mrs. J. P. Miller, Pres.

BANKS CLOSE SATURDAYS
Beginning June 2nd the Banks of Pine City will close at noon on Saturday during the summer months.

Twenty-one Will Receive Diplomas

Commencement exercises of the graduation class of the high school will be held in the Family theatre tomorrow evening. J. D. Boyle, member of the school board, will present diplomas to 21 graduates. There will be music by the high school chorus, vocal solo by Frank Gottry, exercises by graduates and an address by Hon. J. Adam Bede.

No admission is charged for the commencement exercises. Folks are asked to leave children in arms at home, if possible, as a large crowd is expected. The graduation number of the Pinnacle—high school paper—will be on sale at 10c per copy. This year's number is a dandy and will make a nice souvenir. It contains the pictures of the valedictorian, the salutatorian, the local speakers in the declamatory contest, the president of the Senior class and a group picture of the class.

There are many interesting articles about the different classes and activities of the high school. By purchasing a copy, you will not only be getting your money's worth, but you will be helping the class financially.

Following is a list of those who will receive diplomas:
Carol Anderson, Edmon Becvar, Maxine Bendis, Ethel Biedermann, Lauretta Cassidy, Verne Erickson, Chester Gregory, Pauline Herrmann, Hazel Johnson, Clara Kaim, Helen Lundin, Albin Mach, Lillian Peterson, George Roberts, Mildred Sobolka, Margaret Tesch, Juliana Tachewski, Clara Wilcox, Ernest Wixom and Louis Woehle.

Miss Marie Thiry Married

Miss Marie Thiry, daughter of Vick Thiry of Pine City and George M. Dick of St. Paul were married at the Sacred Heart church in St. Paul Tuesday May 22 at 9 o'clock with a large company of guests.

Miss Helen Wurm niece of the bride acted as bridesmaid and Howard Dieck, brother of the groom as best man.

The bride wore a dress of white tulle and long train veil made up in a beautiful crown of pearls. She carried a large bouquet of white roses, lilies of the valley and sweet peas.

The bridesmaid wore a dress of the crepe de chine and carried a pretty bouquet of pink roses and sweet peas.

After the ceremony a reception was given at the home of Mrs. Paul Freppert, sister of the bride, to whom she has made her home the past 3 years.

The bridal couple left early Wednesday morning for Spokane, Washington, and will be at home in St. Paul after June 15th.

LUMBER YARDS WILL CLOSE
Starting Saturday, June 9th, we will close our places of business at one o'clock (noon) on Saturdays during the months of June, July and August.

CHINESE TROOPS CLOSE ON BANDITS

Lives of Foreigners Periled as Brigands Threaten Death if Soldiers Attack.

Peking—The government has decided to storm the strong hold of the Chinese bandits in an attempt to rescue the captives. Airplanes reconnoitered the camp.

The prisoners, Americans and other foreigners, were ordered to prepare for a severe ordeal. The troops have the bandits surrounded. "We have determined to storm the stronghold and rescue you by force, prepare for a severe ordeal."

This was the message conveyed to the American and other white captives of the Shantung bandits as government troops closed in on the fortress during the night.

The exact hour at which the attack will be launched has not been determined. Chinese airplanes scouted low over the outlaws mountain top with observers, close to the rude shelters where the hostages await rescue.

GREEK-TURK WAR AVERED

Athens Government Acknowledges Responsibility for Devastations

Lausanne—St. Venetian and United Pasha reached a complete accord on reparations avoiding a war which set the Balkans ablaze.

The £1,000,000 claimed by the Turks for devastations committed by the Greeks during their retreat in Asia Minor has been surrendered. The Turks accepting the following compromise:

In the treaty Greece acknowledges moral responsibility for the devastations and Turkey renounces the right to indemnity on account of the economic status of Greece.

The district of the Karagatchi railway to Karagatchi to the Bulgarian frontier is turned to Turkey.

Ships captured since the formal armistice in 1918 are mutually returned.

Turkey gains greatly by the last article, as Greece captured many Turkish ships while Turkey captured few vessels.

WHEAT CROP 75 PER CENT

Northern, Southern Counties of State Suffer Equal Loss.

Minneapolis—1923 wheat crop is 75 per cent of last year's, due to the late spring in some states, drought in others, and abandonment of acreage in several sections in the opinion of men from 10 states, assembled in Minneapolis to organize the American Wheat Growers association. A review of conditions in Minnesota, North and South Dakota, Montana, Washington, Idaho, Nebraska, Kansas and Oklahoma by men in close touch with the situation shown an almost certain loss of acreage.

"The late spring resulted in abandonment of 25 per cent of last year's acreage," W. H. Frederich, secretary of the Minnesota Wheat Growers association, said today. "The loss is about evenly divided between northern and southern counties." At present the prospect is good, with the exception of abandonment, although the late season has retarded growth.

Theatre Notes

Saturday—
Alice Lake in "Kisses." He Loved Her and Her Fortune, but when he discovers that her father has lost everything in business, his love for her cools. Bitterly disappointed, she determines to make good everything her father owes. How she gains real riches, lasting love and a fresh start in a new life is told in a beautiful story of a girl's success in a world which, for a time, seemed only sorrow and selfish in the Metro picture, "Kisses," starring Alice Lake. Also a Bull Montana Comedy "The Two Twins" and Moose Chats.

Sunday & Monday—
Warner Bros. Big Special, "The Little Church Around the Corner." Trapped—like rats in a trap. The sinners knew that somewhere underneath, in the labyrinth of mines, a handful of men were slowly dying of torture, because they could not get near the rescue party. And then, walking unconcernedly down the road, they beheld Morton, the millionaire mine owner whose indifference to working conditions had caused the tragedy. They turned on him—a whole mobful. See this tense situation in "The Little Church Around the Corner." Also a Felix Comedy "Felix Mind the Baby." No advance in prices.

Tuesday—
Gladys Brockwell in "Paid Back." Also a comedy "Fool for Luck" and "In the Days of Buffalo Bill." Evening Night, 4c admits the whole family.

Thursday & Friday—
Harry Garvy in "Crashing Thru." Review taken from Harrison's reports of Mar. 31, 1923. A remarkable good Western. It is in fact the best picture that has come out of the F. B. O. work shop in many a day. The supporting cast is a strange one. The picture never for an instant fails to hold the spectators' attention. "Crashing Thru" should go well anywhere. Also a Dan Mason comedy, "Pop Tuttle Detective."

CATHOLIC CHURCH NEWS
Father Leo, pastor
Services at Pine City next Sunday at 9 o'clock. Sunday school after services.

METHODIST CHURCH NOTES
John Love, Pastor.
Services for next Sunday as follows: Sunday school at 9. Morning worship 10. Epworth League at 7:15 p.m. Illustrated lecture: "Panama" 8 p.m.
Kindly note the time of Sunday school has been changed from 10 to 9 o'clock. And the morning service is now at 10:00 instead of 11 o'clock as previously.
The Illustrated Lecture on Panama will be one of great interest showing as it does one of the great triumphs of American perseverance and genius.

Think of Oil in Terms of 1923

IN considering the oil business as it is today, we must think in terms of 1923 and not in terms of 1913 — which was before such unheard of impetus had been given to the automotive industry.

In 1913 there were but 1,287,000 motor vehicles registered in the United States, while the year ending December 31, 1922, saw a total registration of 12,239,114 — an increase of 900%.

The magnitude of the oil business is so vast that no man can visualize it clearly. It is difficult to picture the needs of 12 1/4 million automobiles, to say nothing of the vast gallonage needed to supply tractors, stationary gas engines, and the demand for gasoline coming from the arts and industries generally.

The problem of supplying 12 1/4 million cars is quite different from the problem confronting the industry a decade ago when but 1 1/4 million cars were in commission.

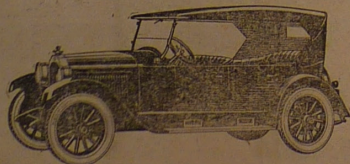

The adaptation to a changing situation meant the making over of the petroleum industry.

The Standard Oil Company (Indiana) has retained its leadership by expanding its facilities both in the manufacture and distribution rapidly enough to meet the insistent demand for greater service.

During the past ten years the Standard Oil Company (Indiana) has grown as the need for its products and service has grown. This ever-increasing demand for petroleum products has made it necessary for the Standard Oil Company (Indiana) to expand its facilities to an extraordinary degree. Yet, with its multiplied facilities, the Company finds that all its energies are absorbed in meeting the demand for its products from 30 million people in the ten Middle Western States it serves.

While proud of the service it has rendered in the past, the Standard Oil Company today is thinking in terms of 1923 and the years to come.

Local News

Mrs. Jonas Gray visited friends
 and relatives in Taylors Falls last
 week.

The Methodist ladies aid is meet-
 ing at the home of Mrs. Buchan this
 afternoon.

Mrs. Miller of Grantsburg is visit-
 ing at the home of Mrs. Mary
 Borchers.

Fritz Ludwig was down from
 Rutledge to spend Decoration Day
 here.

Mike Dean came down from Vir-
 ginia Tuesday for a visit with o'd
 friends here.

John O'Reilly returned home
 last Sunday from a week's visit in
 the Western part of the state.

Miss Helen Holm came up from
 St. Paul yesterday for a week's visit
 with Miss Alma Alvechis.

Chas. Franklin came up from
 Minneapolis Tuesday for a short visit
 here.

Relatives of Mrs. F. R. Kogel of
 Iowa are here visiting at the Kogel
 home.

The Royal Neighbor lodge will
 hold their regular meeting on Fri-
 day evening, June 8.

Mrs. C. L. Wallace and son Bobby
 of Duluth, arrived Wednesday for
 a visit at the home of her parents,
 Mr. and Mrs. Robert Wilcox.

The Presbyterian Sunday school
 is working on a special program,
 which will be given in the church
 on Children's Day.

Mrs. Douglas Greeley of Virginia
 arrived last Monday and is visiting
 at the home of Mr. and Mrs. S. G.
 L. Roberts.

Mrs. Aug. Borg visited with her
 husband in Duluth last Sunday. Mr.
 Borg has been working there the
 past couple of weeks.

Mr. and Mrs. R. E. Carlson re-
 turned home from Minneapolis last
 Friday. They drove down the Sun-
 day before.

Miss Ruth Lundin is home from
 her teaching at Shafer and will be
 employed in the tourist rest room
 during her vacation.

Ben Boo spent the week end in
 the Twin cities visiting his wife
 and daughter, who are in St. Luke's
 hospital.

Henry Esra and family, and Mrs.
 Para's mother, Mrs. Mary Froben,
 drove down from Hinckley to spend
 Memorial Day here.

Mr. and Mrs. Paul Perkins drove
 up from St. Paul yesterday for a
 short visit with friends and relatives
 here.

The parents of Dr. Olson visited
 here the forepart of the week. Dr.
 and Mrs. Olson accompanied them
 to Minneapolis for a visit over Mem-
 orial Day.

Otto Sobotka and daughter Ione
 and Baby and Peggy Carlson
 drove to the Twin cities Tuesday.
 His parents returned with him yester-
 day and will visit here.

Mr. and Mrs. Jens P. Miller and
 family visited in Askov last Sun-
 day. Mr. Miller had just returned
 home from the national Presbyter-
 ian meeting at Indianapolis.

Mr. and Mrs. Edridge, Mr. Rich-
 ardson and Mrs. Ernest
 Harding and daughter Ivy, were
 visitors over the week end at the
 Gus Luckow home. Mrs. Harding
 remained for a longer visit.

The Emily J. Stone Circle, ladies
 of the G. A. R. will meet at the
 home of Mrs. Chas. Stephan next
 Tuesday afternoon. The second di-
 vision, of which Mrs. Stephan is
 chairman, will entertain.

The Presbyterian ladies aid will
 meet at the home of Mrs. Henry
 Stevens on Thursday afternoon of
 next week. Anyone wanting some
 good vanilla extract may get it
 from the aid at 35c per bottle.

Mr. and Mrs. Phil Slesky enter-
 tained friends from St. Paul yester-
 day. Those here were C. Gold-
 stein and family, M. Fredlund and
 family, Mr. and Mrs. Bunnich
 and Jack Rothchild.

Mrs. Frank Bulashok and son
 (Hubert) returned from Hopkins last
 Thursday, where they attended a
 wedding of her cousin. It was one
 of the largest weddings held at a
 home there. There were 258 guests
 present.

Dr. Lorenzo Gray and Miss Nea
 of the state university are spending
 the week visiting at the home of
 his mother, Mrs. Jonas Gray. R.
 J. Gray and family drove down
 from Virginia Tuesday for a visit
 at the home of his mother also.

Mrs. Royal Holm, sister of Mrs.
 J. Gray, visited last Tuesday.
 Royal underwent an operation for
 appendicitis last week and suffered
 considerably for a few days but is
 feeling better now and on the road
 to recovery.

The Dewey Wilcox family have
 rented the front apartment of the
 A. M. Challeen duplex, east of the
 depot, and moved in the latter part
 of last week. The Cliff Perkins
 family have rented the Rebecca
 Hay house vacated by the Wilcoxs
 and took possession the first of this
 week.

Mr. and Mrs. Frank Stuck re-
 turned home Monday afternoon
 from an automobile trip in Wiscon-
 sin. They were the guests of
 honor at a farewell party at the
 Pythian Sister lodge Monday evening.

The Stucks expect to leave
 for Oregon next week and will
 make the trip by automobile.

Hamline University—Robert
 Woehrl, son of Mr. and Mrs. J. H.
 Woehrl, was elected president of the
 Spanish Club for next year. At
 the present time Woehrl is playing
 center field on the Hamline Univer-
 sity Base Ball Team. The team
 defeated Macalester College last
 Friday by a score of fourteen to
 five. Fred Brandes, formerly of
 your city, has been defeating all
 collegiate opponents in track that
 he has met this year. He recently
 broke the state mile record in the
 Carlton-Hamline Duel Track Meet.

Miss Carrie Boyle, daughter of Mr.
 and Mrs. J. D. Boyle, has been el-
 ected Junior representative to the
 Manor House Dormitory Council.

They say revenge is sweet. If it
 is, the Rush City what players
 took full measure and enjoyed its
 pleasures to the utmost last Friday
 night. The Rush City players were
 the guests of the Pine City players
 at a return game in the annual
 tournament. A supper was served
 at the Hotel Agnes at 6:30. Four
 hours of playing then took place in
 the hotel parlor and the evening's
 entertainment was brought to a
 close with a midnight supper. Dr.
 Gray informed the local enthusiasts
 that the visitors were here to win
 and when the smoke of battle had
 cleared away, he had captured his
 players to a score of 442 points,
 while the local boys had only suc-
 ceeded in chalking theirs up to 423.

This is only the second time in
 the last three years that Rush City has
 won and they were a mighty tickled
 bunch. The visiting teams were
 Dr. Gray and Carl Sommers, Henry
 Sommers and W. J. Moses, Alec
 Sjoдин and Matsson, Archie and
 Jake Hallock. Local teams were
 Otto Sobotka and Carl Holmberg,
 Lodge Wilcox and A. W. Gandy, A.
 P. Edin and Jas. Stuec, George
 Staacke and W. S. McEachern. Pine
 City defeated Rush City at that
 place last March and last week's
 results make this year's tourna-
 ment a standoff.

A LIFE PRESERVER

for Foods!

Those who supply you with food, exercise every ef-
 fort to keep it constantly clean and absolutely
 fresh. ICED CARS are used for shipping. Store-
 rooms are kept spotless and cold. At your dealers
 you see big refrigerators keeping food clean and
 cold—and unspoiled.

SO IN YOUR HOME! Food awaiting your table
 must be properly preserved. It must be kept
 clean and cold and fresh. It is as important for you to provide perfect refrigeration for
 food after you buy it, as for it to be delivered to you in correct condition.

PERFECT, SCIENTIFIC REFRIGERATION IN THE HOME is far from being an ex-
 pense. IT IS A DECIDED ECONOMY. Food costs are lowered and ice bills are cut.
 Your food is always in better condition. It tastes better. NO SPOILAGE has set in—
 your food is healthier, purer, more nutritious. For these reasons an ALASKA RE-
 FRIGERATOR is an essential to every kitchen the whole year 'round.

New Brief from The State

Condensed Stories of Happenings of the Week in Minnesota

Park Rapids—Twenty-seven thousand seedling trees are being set out in Itasca state park.

Duluth—Five boats carrying 150,000 bushels of grain left the Duluth-Superior harbor in 24 hours.

Hibbing—What is claimed to be a test case to determine the right of the forest fire burning permit law will be decided by Judge Thomas Brady in municipal court.

Hibbing—Judge Martin Hughes of the Minnesota State Americanization council at the conference conducted here June 14 and 15.

Winona—Robert Maxwell, son of G. E. Maxwell, president of the Winona state teachers' college, has been awarded a fellowship at Dartmouth college where he will be graduated in June.

Cloquet—The 15th annual convocation of the eighth district educational clubs will meet on June 14 and 15 at Cloquet as guests of the Friday club and the Mothers club.

Aitkin—A \$100,000 school bond issue was voted at the special election here \$12 for and \$18 opposed it. The bonds will be issued in finance a new consolidated school building in district No. 1.

Albert Lea—F. L. Maytag, president and general manager of the Maytag factory, of Newton, Iowa, was injured when their automobile turned over on a highway near here.

Blue Earth—Southern Minnesota teachers will have their second annual meeting here June 1. The five men of southwestern Minnesota are also organized to cooperate at attendance at the district meeting.

Park Rapids—William A. Doran of Park Rapids, was elected president of the new organized Co-operative Creamery association. The association will take over the old established business of the Park Rapids Creamery.

Eau Claire—More than \$80,000 needed for the construction of a concrete Evereth-Gilbert road will be raised by subscription in Evelyn, Eau Claire county, Mesaba Mountain and by an appropriation by the St. Louis county board of commissioners. It was announced at St. Cloud.

St. Cloud—The Grand Jurors concluded its conclude here with the award to Minneapolis of its 1924 conviction.

Windom—More than 1,000 crows were killed and many hundreds of crows were destroyed in the small county Game league crows hunt.

Little Falls—Contracts for the erection of the new Ellis hotel here were awarded at a cost of \$55,133.50. The general contract was awarded to the Central Construction company.

Staples at \$40,000, of a field of 12 bidders.

Owatonna—The Owatonna city council will not appeal from the decision of District Judge P. W. Senn of Waseca on the pump controversy. The decision, made recently, made necessary.

Acting Mayor Adair had power to veto contracts made by the council.

Owatonna—Members of the County Board have increased the cooperative egg and poultry marketing plan proposed by the state federation.

Park Rapids—Break fires have been numerous in this part of the country, but none have developed into a menace. Fire crews have been alerted to service patrol men have kept them under check.

Waseca—Plans are complete for the annual meeting of the Waseca County Fair June 9 at St. Olaf lake, four miles east of New Sweden.

Montevideo—The board of education has voted to drop physical education from the course and to concentrate for the purpose of curbing the cost of running the institution. Athletic activities will be continued at the school, it is stated.

Grand Rapids—A representative of the Minnesota League of Municipalities has been here for the purpose of negotiating with city authorities on the proposition of Grand Rapids taking on the operation of the city.

New Ulm—Resolutions opposing the institution of branch banks in national banks and favoring a 4 per cent interest rate on certificates of deposit to make them more attractive.

Owatonna—A representative of the University of Minnesota has completed a permanent organization.

Wadena—The first district convention of the Minnesota Forestry association closed here with the election of the following officers: W. H. Erickson, National Forester, Wadena, president; J. G. Robertson, Hubbard, secretary; C. E. Johnson, Wadena, secretary-treasurer; C. E. Howard, of the First State Bank of Wadena, and W. H. Erickson, of the Albert Lea State Bank of Albert Lea, were elected directors.

Hartford—The first of a series of classes are scheduled for this year's commencement at St. Olaf. The five year classes will be held in the city to attend this year are those of '22, '23, '24, '25, '26, '27, '28.

Bellevue—Continuing an action begun more than a year ago to let the construction of the 10 mile school road on the Highway No. 10.

St. Cloud—Five new organized schools have been set up in the city. The city's new school program is being carried on.

GRAIN PRICE UNCERTAIN

Chicago Hog Prices Range 15c to 20c Lower for the Week

U. S. Bureau of Markets, Washington, D. C., for week ending May 31, 1923.

FEED—Fairly good demand for wheat and transit feeds in most markets. Wheat prices both for detoured and detour shipment caused gradual decline of grain prices. Outstanding pork prices quoted at Kansas City market around 113 per ton. Quoted May 19th bran \$25.50, middlings \$35.50, flour middlings \$38.00. Dairy products quoted \$37.15 Chicago. White hominy feed \$34 Chicago, 32 per cent linseed meal \$39.50 Minneapolis, 410 Chicago.

GRAIN—Price fluctuations uncertain but market showed better undertone due to unfavorable weather and crop news and closed higher for the week. For the week, Chicago July wheat advanced 3c. Other wheat markets maintained. Corn higher with wheat early but lost out later due to profit taking and local selling on spec. Yield for 1923 estimated at 37,710,000 bushels this year compared with 26,330,000 bushels last year. Visible supply of corn 15,720,000 bushels, yield for 1923 estimated at 20,660,000 bushels last year. Closing prices in Chicago cash market: No. 2 red winter wheat 120c; No. 2 mixed corn 82c; No. 2 yellow corn 83c; No. 3 white oats 44c. Average farm price: No. 2 mixed corn 82c; No. 2 mixed corn 82c; No. 2 hard winter wheat in central Kansas 110c. Closing future prices Chicago July wheat \$1.15 1/2; No. 2 mixed corn 82c; No. 2 yellow corn 83c; No. 2 hard winter wheat in central Kansas 110c. Closing future prices Chicago July wheat \$1.15 1/2; No. 2 mixed corn 82c; No. 2 yellow corn 83c; No. 2 hard winter wheat in central Kansas 110c.

CARELESS PLANTING OF DISEASED SEED COSTLY

Ounce of Prevention Worth Tons of Cure in Fighting Plant Diseases

That an ounce of prevention is worth more than a pound of cure when dealing with plant diseases—that is in fact worth several tons of cure is the statement of J. G. Leach, a plant disease investigator of the University of Minnesota.

"The simplest method of controlling a disease is to keep it out," says Leach. "Do not let it get established on your farm. Many plant diseases have been introduced on an otherwise clean farm by the careless planting of diseased seed. Only the best seed and that of known origin should be planted and all seed should be treated before it is planted. By these simple precautions a farmer may keep many serious diseases out of his crops."

"The two most common methods of protecting plants from diseases are by treating the seed and by spraying. Of the most destructive diseases carried over from year to year on the seed are the smut, the rusts and the wheat in central Kansas 110c. Closing future prices Chicago July wheat \$1.15 1/2; No. 2 mixed corn 82c; No. 2 yellow corn 83c; No. 2 hard winter wheat in central Kansas 110c.

Pertinent Pointers for Practical Farmers

Prepared by the Agricultural Department, University of Minnesota

HOG MARKET WILL HOLD UP, SAYS UNIVERSITY MAN

Professor Ferrin Refuses to be Pessimist Over Price Outlook

E. F. Ferrin, who is in charge of the hog section of the animal husbandry division, University of Minnesota, refuses to become pessimistic over the price outlook for hogs. Prices have been declining, but Mr. Ferrin, who has collected figures from county agents and leading breeders in most sections of the state, estimates that hogs which will be placed on the market prior to July 1 will be about the same as in 1922.

Furthermore, Mr. Ferrin finds that abnormally big throws have been made by disease and exposure on the pig crop for this year.

"The market of pigs raised this year is not apt to exceed the total for 1922," says Mr. Ferrin. "Reports from other states show heavy losses of pigs in 1922. The total for 1922 was 1,200,000 pigs. There may be a slight decrease in the number of pigs produced in the United States in 1923, as compared with 1922, but it is certain that the market will be badly flooded will not be realized until the fall of 1923."

After all there is a strong probability that consumers will want more pork than in 1922. Business conditions are encouraging and many farmers are not unemployed. Wages increased are being given to many workers and the purchasing power of the public is greater than it was a year ago. We are just beginning to realize that there is a decided shortage of beef in the range area. Pork will be substituted for the decreasing supply of beef.

"The market of the 1923 crop of pigs is not apt to exceed the total for 1922," says Mr. Ferrin. "Reports from other states show heavy losses of pigs in 1922. The total for 1922 was 1,200,000 pigs. There may be a slight decrease in the number of pigs produced in the United States in 1923, as compared with 1922, but it is certain that the market will be badly flooded will not be realized until the fall of 1923."

LEAF HOPPER, PEST OF POTATO, CAN BE SUBDUED

Good Spraying With Bordeaux Mixture Will Do the Business

The leaf hopper, a tiny green colored insect which feeds on potato leaves causing the leaves to curl and die, is becoming fully as destructive in Minnesota as it is in other parts of the country. According to plant disease men and entomologists of University Farm Experiment Station, the Colorado potato beetle is the largest producing sections of the state have suffered severely from this pest.

Experiments conducted in 1922 by A. G. Ruggles, state entomologist, and J. K. Eyer of the University of Minnesota, showed that Bordeaux mixture gave good control against the leaf hopper. While the treatment did not kill the eggs, it did prevent the larvae from doing any damage.

The Bordeaux mixture known as 5-5-5 is generally used. It indicates the number of pounds of copper sulfate, the number of pounds of lime and the number of gallons of water. Crystals of copper sulfate (blue stone) or blue vitriol should be used. Better results will follow if clean water is used rather than dirty water from a pond.

To decrease the cost of milk production in any herd, the dairyman should use a pure bred bull. It is recommended that the cow be kept records to call out the poor cows, and to select a good milk mixture. The dairyman who does this thing consistently and not a day of failure will have a herd of milk cows that will give him a good return on his investment.

The best way to economize in herd and man labor is to keep them busy. The making of good butter doesn't begin in the churn, but before the churning.

Put the cows on pasture (or the early spring) and give them the early spring milk. It gives the milk a rich nourishment.

Autumn's Axioms: Children are great imitators. It is for their good that they will imitate. If we estimate dignity by immediate usefulness, agriculture is undoubtedly the noblest and noblest science—Dr. Johnson.

Aspirin

Say "Bayer" and Insist!

Unless you see the name "Bayer" on packages or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for its uses.

Headache, Toothache, Rheumatism, Neuralgia, Earsache, Stomachache, Each unbroken package contains proper directions. Handy boxes of twenty tablets cost 24 and 100. Aspirin is the trade mark of Bayer Manufacturing—Advertisement.

Noise Wins. "What does the professor of Greek get?" "Oh, about \$3,000 a year." "And the football coach?" "About \$12,000 a year." "Quite a discrepancy?" "Well, did you ever hear 40,000 people cheering a Greek lecturer?—Birmingham Age-Herald.

Delicious desserts can be made in a few minutes with Plymouth Rock Gelatin. One of this Gelatin makes several different kinds of puddings, jellies, etc., flavored exactly as you like it.—Advertisement.

Pleasant for the "Old Man." Elderly Husband—Yes, yes, it's a beautiful thing. But why black? Young Wife—Well, dear, you remember the doctor saying that if you had a skin like yours you would be bald? Elderly Husband—Well? Young Wife—Nothing, dear—only this gown cost eight guineas.—London Tit-Bits.
