

GERMAN REBELS SEIZE HAMBURG

Twenty Five In Storming City, Revolt Grips Ruhr Sectionsists Take Duisberg.

Berlin—Twenty persons were killed and 40 wounded when the communists seized the great German port of Hamburg. The railway tracks between Hamburg and Lubeck have been torn up.

Communist have seized Duisberg and the town hall at Ansbarg, holding the Rhenish republican flag.

A dispatch from Ansbarg (Als-Lachapelle) said that federal troops had ejected the secessionists after a battle.

Ansbarg was the first city seized by the separatists. A Rhineland republic was proclaimed there Sunday.

The secessionist movement swept through the Ruhr.

The communists at Hamburg proclaimed a general strike.

With the Reichswehr army occupying Saxony for the first time since the last ill-fated offensive in the great war, German troops today were marching under the command of "forward" upon a full war footing.

There were still belated young stragglers from all parts of Germany—the old-time soldiery uniforms, offered largely by veterans of the old regime, and moving with all the paraphernalia.

The foot soldiers were led by detachments of cavalry while artillery rumbled along between the squadrons. There were nine throwers, howitzers, tanks and machine guns all moving forward for concentration in Saxony, the most densely populated state in Germany.

SENATE SUSPENDS WALTON

Governor Declares He Will Refuse to Give Up Ruins of Office.

Oklahoma City, Okla.—Governor C. Walton was suspended from office when the state Senate by a vote of 13 to 10 adopted a resolution temporarily relieving him of his official duties by the submission by the lower house of a bill of impeachment against him.

The House a short time before had impeached the governor by passing a resolution charging him with having made against him. The vote in the House on the first charge was 77 to 47 with some abstentions.

The suspension resolution was introduced by Senator W. M. Colglar of Muskogee. A committee was named to inform the governor and the lieutenant governor of the action.

Governor Walton said that he intended to be at his office as usual. Shows the text of the resolution as printed in a local newspaper, he treated it lightly, declaring "that just what the newspaper says."

He expressed his declined to make a statement, but said that he was "not his future for for with a blind, I haven't a thing to say."

WARK RUSHES STEAM PLANT

Work to Begin in 30 Days on \$1,000,000 Auxiliary Power Project.

Mississippi—Construction of a 11,000-horse power auxiliary steam plant of operating 15,000 horsepower to supplement the hydroelectric plant now under construction at the Ford Motor company project at the high dam will start within 30 days, Colonel L. H. Britton, announced.

The plant will be built on the south end of the new river terminal, about 2,000 feet down stream from the hydroelectric plant.

The new steam plant will be "compact and consistent with the design of the main plant and other buildings." Colonel Britton said, and when completed additions will bring the total cost of the first unit to \$7,700,000.

YANKEES TO REMAIN INTACT

McGraw, However, Plans Many Changes in His Pitching Staff.

New York—The Yankee owners "I stand out on the team which won the 1923 world's championship, but the team giants will be radically reworked, especially in the pitching department.

Slaves Haggren is entirely satisfied with the Yankee combination. He is sure that the team as at present composed (slaves) has championship possibilities for the next three or four years.

John McGraw, leader of the Giants, suffered a slight shock over the collapse of his pitching staff in the world's series. He has concluded that there are "one or three pitchers who would look better tomorrow, and he intends to make changes."

Lloyd George has Narrow Escape, Indianapolis, Ind.—Lloyd George came near death during his parade of welcome here when a fire truck attempting a detour alarm broke through the line directly in back of the former premier's car.

The presence of a mine of the character, who heard the fire alarm, called the fire of the shouting people, which he had preceded, prevented which might have been fatal. Bob and Governor McGraw and other dignitaries were near their lives.

District Court Has Large Calendar

Judge Searles was greeted by an array of legal talent when a score or more of attorneys were present when the fall term of court was convened last Tuesday morning and cases set for trial.

No grand jury was called for this term, Tuesday was taken up with the hearing of court cases.

Mr. and Mrs. Jasper Hill of Bruno petitioned the court for the adoption of Raymond Myra who has made his home with the Hills the past two years.

The case of the State of Minnesota vs. Perry Roach was dismissed by the court, and some of the other cases were continued.

The petition granted for duty yesterday afternoon at 1:30 and no jury cases were ready for trial yesterday the members were excused until 9:30 this morning when the court will get under way in the trial of jury cases.

The case of the Manning Furniture Co. of Minneapolis vs. Mrs. A. E. Johnson was given a hearing yesterday afternoon.

The case of the Manning Furniture Co. of Minneapolis vs. Mrs. A. E. Johnson was given a hearing yesterday afternoon.

Testified he had received an order for the furniture amounting to \$128.91. The furniture was shipped according to the order and was returned by the defendant who testified it was not as ordered.

Cases set for trial by the court are as follows:

Thursday—today, State of Minnesota vs. Albert Mann. Gust Johnson vs. Emil Johnson.

Friday—Frank Grubowski vs. George Taylor, Fred W. Reckmyer vs. Iver J. Riveness, Frank Smith vs. Northern Pacific.

Monday—Ernest Viebrook vs. Northern Pacific Ry. Fridolf P. Berson vs. Gustav Ristrom, Dorothy M. Fox, administratrix of Howard Fox Estate vs. C. B. Kelso.

Challen vs. Northern Pacific Ry. This is the largest calendar of court cases Pine City has ever had with a total of 232 civil cases.

More criminal cases listed. The big percentage of them are on the calendar. The court will proceed with the trial of R. V. A. on next Tuesday if the attorneys are ready. One or two fire cases may be tried but it is likely that most of them will be either continued or dismissed.

Last Rites for Former Resident

Funeral services were conducted by Rev. John Lowe for John Anderson from the home of his sister, Mrs. Kenna, Tuesday afternoon and the remains were laid to rest in the local cemetery.

The pall bearers were Gene Wiles, Jas. H. Wandel, Emil Hoeder, Mike Buckley, Andy Gonaker and Jack Gonaker.

John Anderson passed away at the home of his nephew, Hiram Wright, last Saturday at Cass Lake, Minn., where he had been for two weeks. Before that he had resided at Goodland, Minn.

His heart trouble, Mr. Wright completed the remains to Pine City for the last sad rites.

The deceased was born in Sweden 59 years ago and leaves two sisters here to mourn his loss, Mrs. Fred Wright and Mrs. Kenna. He was a resident of Pine City in the early days when he worked in the woods and was well liked by the early pioneers. He left here about 25 years ago but had visited here a number of times since and was here last summer for a visit with relatives and old friends. His many old friends here will extend their sympathy to the bereaved relatives.

Your Friend and Mine

Willard Mackie play "Your Friend and Mine" in which the celebrated author has been seen in many theatres throughout the country. Has been done as a motion picture, by S. L. (Swayze-Tubin) Pictures, released by Metro. The photograph scheduled for presentation here on Saturday at the Family theatre. Advertisements concerning it are extremely fine, special emphasis being placed on the elaborateness with which the picture has been produced.

Clerk of Court Tenny was also here for the hearing. Olson had asked for quick action after his arrest, it being the reason for the

Pleads Guilty Fined \$500.00

Kanabec county officials appeared in court here yesterday afternoon when they brought Harry Olson over to be arraigned on two liquor charges. He was charged with transporting and selling liquor and pleaded guilty to both charges.

County Attorney Olson of Kanabec county stated that Olson had been arrested Tuesday evening and his car contained between 15 and 20 gallons of moonshine. John S. stadt, sheriff of Kanabec county, had noticed that this particular car had been making regular trips to Mora for some time and suspected that liquor was being brought in. Different drivers drove the car on the various trips.

The car appeared in Mora Tuesday and the sheriff jumped on the running board and ordered them to stop. His command was ignored and the driver sped up and it was only after the sheriff drew his gun and threatened to shoot that it was brought to a stop. The car was occupied by Olson and a woman. The sheriff estimated the speed of the car had been increased to between 50 to 60 miles an hour in an effort to shake him off. The car is a 1920 Buick roadster, was confiscated by Kanabec county.

Judge Searles fined Olson \$300 and sentenced him to 60 days in jail on selling charge and fined him \$200 and a sentence of 60 days on the transporting charge. Both jail sentences were suspended until the next term of court in April providing the fines are paid and pending good behavior. We understand the two fines, amounting to \$500, were paid yesterday.

Jack Woodhead is Deputy

George L. Stevens Called by Death

George L. Stevens, pioneer resident of the town of Rock Creek, passed away at the Brahm hospital last Saturday where he had been under doctors care for two weeks.

Funeral services were conducted for the deceased by Rev. Lowe from the Methodist church yesterday afternoon and the remains were laid to rest in the Rock Creek cemetery.

The pall bearers were George Walton, H. Algure, H. Hills, A. Erickson, John Musberg and P. Christianson.

George L. Stevens was born in Rockwood County, New Hampshire, June 19, 1850. He moved to Blue-Earth, Minnesota in 1868 and was united in marriage March 30, 1871 to Jane Harvey. They moved to the Rock Creek community in 1878 where he resided until his death.

He leaves to mourn his loss his wife, three sons, Ervin, George and Charles, and three brothers, W. J. and Alve E. of Rock Creek and Frank Sticks, Idaho.

The deceased had made a host of friends during his long residence in Southern Pine county who join in extending sympathy to the bereaved relatives.

Hallow'e'en Dance Wednesday Eve

The biggest dance of the year will be the Hallow'e'en Ball, to be given by the school at the armory on Wednesday evening of next week, October 31st with dancing from 9 p.m. until 2 a.m.

A big shipment of decorations have arrived and will be in place when the doors are thrown open to the public for the big dance. A profusion of Hallow'e'en colors and designs will greet the dancing public for the gala occasion, with waltzes astride the brass stick and riding over the moon, black cats blacker than the blackest night with hair astride and tail astringing; and goblins that have gobbled up gloom.

There will be joyous music and fun and a lot of all, with big yellow pumpkin heads that beam benignly down upon the merry-makers. And ghosts. There will be fat goblins and lean ghosts short and tall ghosts, that will fit around in ghostly attire and see that all have a good time.

There will be there to appropriately observe this ancient festive occasion when folks gather to have a good time.

The tickets, which are \$2.50 per couple, also include the big banquet to be served at midnight. Free music will be provided by the dancers during the evening on the dance floor. The band has spared no effort or expense to make this dance the biggest and best that has been given in this part of the state for some time and all those attending are assured of a mighty good time.

The band orchestra was a little handicapped last Saturday evening when a number of the members will be present owing to severe colds. Their full eight piece orchestra will be on hand for the dance Saturday evening of this week when the music will be played in the school house. The price of the tickets will be charged with dancing from 9 o'clock until 2 a.m. In announcing the personal of the orchestra in last week's issue we omitted the name of George Stackole who plays clarinet.

U. S. TO EXPAND COAST DRY FORCE

Treasury Plans Campaign to Stop Manufacture of "Real" Beer.

Washington—Expansion of the federal government's prohibition enforcement machinery in an effort to stop liquor smuggling and to check what is described by officials as rapidly increasing supplies of high power beer is under consideration at the treasury.

The program contemplates practically doubling the strength of the coast guard and the placing of a prohibition agent in every brewery.

While the changes under consideration for the coast guard have not been placed before Secretary Mellon whose charge of the service have called for approximately \$20,000,000 would have to be appropriated by Congress to carry them out. Tentative plans call for the addition of more than a score of cutters and about 60 speedy boats to be used in tracking down rum runners off the coast. Additional personnel also is proposed.

AGENTS MAY SEIZE BREWERY

Injured Dry Agent Still Unable to Tell What Happened to Him.

New Munich, Minn.—Four men captured after federal dry agents battled 16-ber thieves at the New Munich brewery, in which one agent, Albert B. Whitely, was critically wounded, were charged with conspiracy to violate the national prohibition act.

H. L. Duncan, northwest prohibition director, said that he is investigating the fund of Matt Friel, owner of the brewery, to swear out warrants against four men accused of taking part in looting the brewery, and arrested at the same time.

C. Yellowley, chief of the general prohibition agents, steps to take on to search the brewery and authorize additional warrants.

CATTLE SHIPPERS WIN POINT

Judge Johnson Issues Statement Upholding Farmer Retaining Order.

St. Paul—The State Railroad and commission and shippers of livestock, at the State Board of Livestock, at St. Paul, Minn., have agreed to another point in their fight to establish state supervision of moving livestock.

The statement has been transmitted to Judge W. H. Booth of the United States District court in St. Paul, who is hearing the case.

Shrinkage at Teapot Dome

Geologists Estimate Supply Will Not Exceed 28,000,000 Barrels.

Washington—Teapot Dome, the famous naval oil reserve leased last year to Harry F. Sinclair, is being drained so heavily by adjacent private operators that it will produce far less than originally projected, in the opinion of two expert geologists who investigated the situation for the Senate public lands committee.

Although the Bureau of Mines estimated originally that the reserve contained from 135,000,000 to 200,000,000 barrels of oil, the committee geologists believe that the yield from the main bearing sands would not exceed 28,000,000 to 30,000,000 barrels. This estimate is even smaller than that previously made as a result of a separate survey by the Navy and Interior departments.

What Is "Good Service"?

GOOD telephone service means that the subscriber shall be able to get the number he calls with reasonable promptness and accuracy.

Good service also means that repairs shall be handled with reasonable speed, and accounts be as nearly accurate as human endeavor can make them.

We believe that our service is good, but we realize that it is good only when it satisfies our patrons. We strive to serve you to your complete satisfaction.

Should our service fall to satisfy you in any way, won't you please let us know? Your suggestions will help us in serving you.

The Essence of Real Brotherhood

Speaking editorially, under the caption, "A Hopeful Incident," the Beacon of Wichita, Kansas, in its issue of September 18, says:

"The banquet of the Industrial Relations Organization of the Standard Oil Company (Indiana), reported in yesterday's Beacon, is a fine incident of the growing friendship in industrial relations.

"The most encouraging thing that is happening today in the industrial life of this country is in the new programs of co-operation that are being established between themselves and their employes by great employers. The best industrial plants in the country today are finding their own points of contact with their own men.

"In these new points of contact they are finding the base of that essence of real brotherhood that should exist between the man who labors and the man who employs. This new tendency is the most hopeful thing in the industrial life of America today."

The banquet referred to concluded the Fifth Annual Industrial Conference of the Standard Oil Company (Indiana) inaugurated under the guidance of the Board of Directors.

The Industrial Relations Department of the Standard Oil Company (Indiana) is the crystallization of the plans of the Management for giving its employes a voice in the affairs of the Company, that they might sense the sheer joy that comes with independence, and thereby become better citizens, better husbands, better fathers, and better workmen.

The employe representatives of the Joint General Committee are elected by ballot of the employes. This Committee makes recommendations to the Management on matters pertaining to safety, housing, athletic and other subjects of immediate interest to the employe.

Out of the 1400 cases which have been submitted to the Management by the Joint General Committees, 93.3% have been approved and made effective.

This exemplifies the spirit of fairness inherent throughout the Standard Oil Company (Indiana) organization.

It is an eloquent manifestation of the harmony prevailing throughout this shirt-sleeved organization of 27,000 men and women.

Through harmony is gained the whole-hearted, earnest effort which results in high-speed efficiency. This efficiency has made the Company a leader in the petroleum industry and enables it to render such a superior service to the thirty-million people of the Middle West.

VEGETABLE COMBINATIONS ARE GOOD

Corn, Beans, Tomatoes and Other Combinations Are Excellent.

Prepared by the United States Department of Agriculture. After the abundance and variety of fresh summer vegetables has dwindled...

Peas seem to blend well with other vegetable flavors, especially those which are slightly sweet.

Instead of peas with carrots string beans may be used. String beans appear in many of the special meat and vegetable blends...

SUMMER STAINS AND HOW TO REMOVE THEM

Department of Agriculture Suggests That All Blemishes Be Treated Promptly.

Possibly because wash fabrics seem to stain more easily than wool, or because summer clothing is more protected by coats...

The best way to apply a bleaching agent is as follows: Place the article in a bowl of hot water and apply the bleaching agent...

Some of the common stains that occur in summer time and the methods of removing them are listed below:

- Fruit and fruit juices—Use boiling water; bleach if necessary. Grass—Use cold water; soap and cold water; alcohol; or a bleaching agent. Grease and oils—Use French chalk, blotting paper or other absorbent...

Fox the Favorite Trim. Fox in all its shades reaches its zenith for scarfs and collars...

Chokers Again. Chokers are in demand as the season advances. Many styles and faxes are the furs most in demand.

Influence of All Nations in Dress

The autumn days hold much of interest and charm for the woman of fashion, having in them all the fascination of the undisciplined and the excitement of discovering what is to be worn.

The American element of wealth and fashion abides in holiday mood, augmented by an army of courtiers, designers and artists...

It must be Chinese or Persian, or Egyptian, or Russian, and the adaptation of type in line and color to up-to-date requirements is sometimes startling...

In the psychology of modern dress, it is usual to speak of the "influence" of this or that innovation.

Half a century ago, lace, embroidery, fringe and gulfure were the trimmings of the command of the dressmaker.

The coat dress, the tunic, or Russian blouse dress, has great possibilities. Fur trimmings, it is often heavily ornamented with Czech needlework...

Two days later Julius Hershelsmer returned from Manchester. A note from Tommy lay on his table:

CHAPTER XIV—Continued.

"I want a report of that telegram that was sent to Duponce at the Ritz. Sir James Peel Edgerton said you would be able to manage that for me—the last thing—before we leave that house in Sobu watched day and night."

"Yes, sir," said Tommy. "I'll get it for you."

"Not at all. I thanked me for a certain letter which I had written to him—of a matter of fact, I had offered him a job. Then he reminded me of something I had said to him at Manchester respecting that bogus telegram which Miss Cowley away."

"I advised him to apply to you for a copy of the original wire. It had occurred to me on my way that when Miss Cowley flung it on the floor, certain wires might have been erased or altered with the express intention of setting matters on a false trail."

"What was that?"

"The page-boy's statement that Miss Cowley drew for Charing Cross. They were so sure of themselves that they took it for granted to be made in a mistake."

"Oh, I know who he was," said Sir James easily. "I can't prove it yet—but I know."

Carter shrugged his shoulders. "I can't prove it," said Tommy, frowning. "I don't know a fellow about thirty-five—poorly dressed—face very badly disfigured. He was never identified."

"And you fancy that the two matters are connected in some way?"

"Dear Hershelsmer!"

"I don't see your anger, goodby. I've been offered a job in the Argentine, and night as well."

"I'm a soldier," said Tommy. "I can see that I'm a soldier by my uniform."
